BILLING CODE 9112–FF–P

DEPARTMENT OF THE INTERIOR

Geological Survey

[Docket No. USGS–FACA–2026; GX27GK009970000]

Call for Nominations to the Advisory Committee on Landslides

AGENCY: U.S. Geological Survey, Department of the Interior.

ACTION: Call for Nominations.

SUMMARY: The U.S. Geological Survey seeks nominations for individuals to be considered for current and future membership to serve on the Advisory Committee on Landslides (ACL).

DATES: All nominations must be received no later than December 18, 2026.

ADDRESSES: Please email nominations to Dr. Jonathan Godt, Designated Federal Officer, Advisory Committee on Landslides, at *jgodt@usgs.gov.*

FOR FURTHER INFORMATION CONTACT: Dr. Jonathan Godt, Landslide Hazards Program Coordinator and Designated Federal Officer, via email at *jgodt@usgs.gov,* or by telephone at 303–905–9468. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The ACL is established under the National Landslide Preparedness Act (Pub. L. 116–323) and regulated by the Federal Advisory Committee Act, 5 U.S.C. Ch. 10. The ACL provides advice and recommendations to the Secretary of the Interior through the Interagency Coordinating Committee on Landslide Hazard on the implementation of the National Landslide Preparedness Act. The ACL will be composed of no fewer than 11 representative members and will meet 1–4 times per year.

Members of the ACL will be individuals not employed by the Federal Government who are qualified in landslide hazard and risk or related fields. The ACL membership will be representative of:

- States, including State geological organizations;
- territories, including territorial geological organizations;
- Indian Tribes, including Tribal geological organizations;
- research institutions and institutions of higher education qualified to provide advice regarding landslide hazard and risk reduction, and representing related scientific, architectural, engineering, and planning disciplines;
- industry standards development organizations; and
- State, territorial, local, and Tribal emergency management agencies.

Selection of members will ensure a reasonable cross-section of views and expertise is represented on the ACL, including a range of geographies and communities impacted by landslide hazards in the United States. Each member will serve a term of up to 3 years with terms staggered to ensure continuity. Nominations received through this call may be used to fill current and future vacancies on the ACL.

Members of the ACL serve without compensation. However, while away from their homes or regular places of business, ACL and subcommittee members engaged in ACL or subcommittee business that the Designated Federal Official approves may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by 5 U.S.C. 5703, in the same manner as persons employed intermittently in Federal Government service.

Nominations should include a resume that provides contact information and a description of the nominee's qualifications that would enable the Department of the Interior to make an informed decision regarding the candidate's suitability to serve on the ACL. Send nominations to the Designated Federal Officer at the email provided in **ADDRESSES**. Additional information about the ACL may be found online at: *https://www.usgs.gov/programs/landslide-hazards/advisory-committee-landslides-acl.*

Authority: 5 U.S.C. Ch. 10.

Matthew Arsenault,

Information Management Specialist, USGS Records Officer.

Indian Gaming; Extension of Tribal-State Class III Gaming Compact Between the Picayune Rancheria of Chukchansi Indians, California, and the State of California

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: This notice announces the extension of the Class III gaming compact between the Picayune Rancheria of Chukchansi Indians, California, and the State of California.

DATES: The extension takes effect on November 18, 2026.

FOR FURTHER INFORMATION CONTACT: Mr. Troy Woodward, Acting Director, Office of Indian Gaming, Office of the Assistant Secretary—Indian Affairs, Washington, DC 20240, *IndianGaming@bia.gov;* (202) 219–4066.

SUPPLEMENTARY INFORMATION: An extension to an existing Tribal-State Class III gaming compact does not require approval by the Secretary if the extension does not modify any other terms of the compact. 25 CFR 293.5. The Picayune Rancheria of Chukchansi Indians, California, and the State of California have reached an agreement to extend the expiration date of their existing Tribal-State Class III gaming compact to December 31, 2027. This publication provides notice of the new expiration date of the compact.

William Henry Kirkland III,

Assistant Secretary—Indian Affairs.

DEPARTMENT OF THE INTERIOR

Marine Minerals Administration

[Docket ID BSEE–2026–0034; EEAA021000 278E1700D2 ET1SF0000.EAQ000OMB Control Number 1014–0034]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Renewable Energy and Alternate Uses of Existing Facilities on the Outer Continental Shelf

AGENCY: Marine Minerals Administration, Interior.

ACTION: Notice of Information Collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Marine Minerals Administration (MMA) proposes to renew an information collection.

DATES: Interested persons are invited to submit comments on or before December 18, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *www.reginfo.gov/public/do/PRAMain.* Find this particular information collection by selecting ''Currently under 30-day Review—Open for Public Comments'' or by using the search function. Please provide a copy of your comments to Kelly Odom, Deputy MMA ICCO, 45600 Woodland Road, Sterling, VA 20166; or by email to *Kelly.Odom@bsee.gov.* Please reference OMB Control Number 1014–0034 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Kelly Odom by email at *Kelly.Odom@bsee.gov,* or by telephone at (703) 787–1775. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at *http://www.reginfo.gov/public/do/PRAMain.*

SUPPLEMENTARY INFORMATION: Secretary's Order 3451 established the Marine Minerals Administration (MMA), which replaced BSEE, and provided for a transition period during which existing MMA officials retain operational authority necessary for the uninterrupted accomplishment of its mission. That transition period is ongoing. Accordingly, this notice references both BSEE and MMA but is issued under the authority of the MMA.

In accordance with the PRA and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on April 2, 2026 [91 FR 16742]. We received one comment, but it was not germane to this information collection.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The authority for 30 CFR part 285, *Renewable Energy and Alternate Uses of Existing Facilities on the Outer Continental Shelf,* derives from amendments to section 8 of the Outer Continental Shelf Lands Act (OCS Lands Act) (43 U.S.C. 1337), as set forth in section 388(a) of the Energy Policy Act of 2005 (EPAct) (Pub. L.109–58). The Secretary of the Interior delegated to the Marine Minerals Administration (MMA) the authority to regulate certain activities under section 388(a) of the EPAct. These regulations specifically apply to activities that: (a) Produce or support production, transportation, or transmission of energy from sources other than oil and gas; or (b) Use, for energy-related purposes or for other authorized marine-related purposes, facilities currently or previously used for activities authorized under the OCS Lands Act.

MMA uses the information collected under 30 CFR part 285 to oversee facility design, fabrication, installation, and safety management systems; ensure the safety of operations, including inspection programs and incident reporting and investigations; enforce compliance with all applicable safety, environmental, and other laws and regulations through enforcement actions (such as noncompliance notices, cessation orders, and certain lease suspensions); and oversee decommissioning activities. Specifically, MMA needs the information to:

- Enforce provisions under 30 CFR part 285, subpart D, various information submittal requirements under Subpart F, as well as provisions governing activities conducted under an approved plan, including the design, construction, operation, and decommissioning of facilities under Subparts G, H, and I.
- Evaluate FDR and FIR for consistency with the Construction and Operations Plan (COP) and applicable engineering standards.
- Maintain the decommissioning requirements related to rights-of-use and easement for alternate uses of existing OCS facilities (Alternate Use RUE).

Title of Collection: 30 CFR 285, Renewable Energy and Alternate Uses of Existing Facilities on the Outer Continental Shelf.

OMB Control Number: 1014–0034.

Form Number(s): Form MMA–1835 Notice(s) of Noncompliance (NONCs) Form and

Submit for approval, in format specified, copies of the SAP, COP, or GAP decommissioning application and site clearance plan at least 2 years before decommissioning activities begin, 90 days after completion of activities, 90 days after cancellation, relinquishment, other termination of lease or grant, or 90 days after MMA determines facility no longer useful for operations, Include documentation of coordination efforts regarding requests that certain facilities remain in place for other activities, be converted to an artificial reef, or be toppled in place. Submit additional information/evidence requested or modify and resubmit application.	19	1 application	19
902(d); 908(a)	Submit a decommissioning notice to MMA at least 60 days before commencing decommissioning activities including description of changes to approved removal methods and procedures in approved decommissioning application, including changes to types of vessels and equipment you will use; updated decommissioning schedule.	1	1 notice	1
910(b)	Within 60 days after removing a facility, verify to MMA that site is cleared.	1	1 verification	1
912	Within 60 days after removing a facility, cable, or pipeline, submit a written report including summaries of removal activities, including date they were completed; descriptions of mitigation measures taken.	8	1 report	8
MMA does not anticipate decommissioning activities for at least 5 years, so the requirements have been given a minimal burden.				
Total Burden			**119 Responses**	**9,802 Hours**
			$1,908,000 Non-Hour Costs Burdens	

MMA–0187, Performance Measures Data—Renewable Energy.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Primary respondents comprise Federal OCS companies that are lessees, designated operators, ROW or RUE grant holders subject to the reporting, and recordkeeping requirements under 30 CFR part 285. Other potential respondents are companies or State and local governments that submit information or comments relative to alternative energy-related uses of the OCS; certified verification agents; and surety or third-party guarantors.

Total Estimated Number of Annual Respondents: Currently, there are approximately 35 entities pursuing renewable energy projects on the OCS. Not all the potential respondents would submit information at any given time, and some may submit multiple times.

Total Estimated Number of Annual Responses: 119.

Estimated Completion Time per Response: Varies from .5 hour to 6,000 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 9,802.

Respondent's Obligation: Most responses are mandatory.

Frequency of Collection: Submissions are on occasion, monthly, annually, and biennially.

Total Estimated Annual Nonhour Burden Cost: 1,908,000.

An agency may not conduct, or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Kirk Malstrom,

Deputy Associate Director, Regulations and Standards Division.
