DEPARTMENT OF AGRICULTURE

Forest Service

Information Collection; Wilderness and Wild and Scenic Rivers Program Administration

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the renewal of a currently approved information collection, Wilderness and Wild and Scenic Rivers Program Administration.

DATES: Comments must be received in writing on or before January 19, 2027 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to Josh Nadas, Deputy Chief of Staff (a), Public Benefits, USDA Forest Service, 201 14th Street SW, Washington, DC 20250. Comments also may be submitted via email at *joshua.nadas@usda.gov.*

FOR FURTHER INFORMATION CONTACT: Josh Nadas, Deputy Chief of Staff (a), Public Benefits, *joshua.nadas@usda.gov,* 202–948–3053. Individuals who are deaf, hard of hearing, or have a speech disability may call 711 to reach the Telecommunications Relay Service and provide the phone number of the person named as a point of contact for further information.

SUPPLEMENTARY INFORMATION:

Title: Wilderness and Wild and Scenic Rivers Program Administration.

OMB Number: 0596–0106.

Expiration Date of Approval: April 30, 2027.

Type of Request: Extension with no revision of a currently approved information collection.

Abstract: Visitor Permits and Visitor Registration Cards may be required as a means to disperse use, protect natural and cultural resources, provide for the health and safety of visitors, allocate capacity, provide special restrictions or important information the visitor should know, and address overuse and site deterioration in environmentally sensitive areas.

The Forest Service has decided to offer an electronic submission option for these forms. Respondents may complete and submit the forms in paper format or electronically through a digital portal that the Forest Service is developing and plans to make available on a public website. The electronic forms and associated content may also be made available through other government websites or portals configured to transmit information to the Forest Service. This electronic content may be mirrored or otherwise displayed on other government portals configured to transmit information to the Forest Service or other agencies that use these forms.

Form FS–2300–30, Visitor's Permit. Information collected includes the visitor's name and address, area(s) to be visited, dates of visit, length of stay, location of entry and exit points, method of travel, number of people in the group, and where applicable, the number of pack and saddle stock (that is, the number of animals either carrying people or their gear), the number of dogs, and the number of watercraft and/or vehicles (where allowed).

The Forest Service employee who completes the Visitor's Permit will note on the permit any special restrictions or important information the visitor should know. The visitor receives a copy of the permit and instructions to keep the permit with them for the duration of the visit.

Form FS–2300–32, *Visitor Registration Card.* Information collected includes the visitor's name and address, area(s) to be visited, dates of visit, length of stay, location of entry and exit points, method of travel, number of people in the group, and where applicable, the number of pack and saddle stock (that is, the number of animals either carrying people or their gear) in the group, the number of dogs, and the number of watercraft and/or vehicles (where allowed).

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for renewal of an approved information collection by the National Marine Fisheries Service (NMFS), Alaska Regional Office.

The International Pacific Halibut Commission (IPHC) promulgates regulations governing the North Pacific halibut fishery under the Convention between the United States and Canada for the Preservation of the Halibut Fishery of the Northern Pacific Ocean and Bering Sea (Convention). The IPHC's regulations are subject to approval by the Secretary of State with the concurrence of the Secretary of Commerce (Secretary). The Northern Pacific Halibut Act of 1982 (Halibut Act; 16 U.S.C. 773c(a)–(c)), provides the Secretary of Commerce with general responsibility for carrying out the Convention and the Halibut Act, including the authority to adopt regulations necessary to carry out the purposes and objectives of the Convention. The Halibut Act (16 U.S.C. 773(c)) also provides the North Pacific Fishery Management Council (Council) with authority to develop regulations, including limited access regulations, that are in addition to, and not in conflict with, IPHC regulations.

Regulations the Council recommends may be implemented by NMFS only after approval by the Secretary. The Council has exercised this authority in the development of subsistence halibut fishery management measures. NMFS has responsibility for managing the subsistence halibut fishery according to regulations approved by the Secretary. Regulations governing the subsistence halibut fishery are at 50 CFR 300.2, § 300.4, and subpart E, and in the annual management measures published in the **Federal Register** pursuant to § 300.62.

This information collection is necessary for NMFS to manage the Alaska Subsistence Halibut Program. Subsistence halibut means halibut caught by a rural resident or a member of an Alaska Native tribe for direct personal or family consumption as food, sharing for personal or family consumption as food, or customary trade. The Alaska Subsistence Halibut Program is intended to allow eligible persons to practice the long-term customary and traditional harvest of Pacific halibut for food in a non-commercial manner. This program provides NMFS with the opportunity to enhance estimates of subsistence removals for stock assessment purposes.

Before fishing under subsistence halibut regulations, a Subsistence Halibut Registration Certificate (SHARC)
