Certain Softwood Lumber Products From Canada: Amended Final Results of Countervailing Duty Administrative Review; 2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is amending the final results of the administrative review of the countervailing duty (CVD) order on certain softwood lumber products (softwood lumber) from Canada to correct a ministerial error. The period of review (POR) is January 1, 2024, through December 31, 2024.

DATES: Applicable November 18, 2026.

FOR FURTHER INFORMATION CONTACT: Elizabeth Talbot Russ, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5516.

SUPPLEMENTARY INFORMATION:

Background

On October 19, 2026, Commerce published the *Final Results* of the 2024 administrative review of the CVD order [1] on softwood lumber from Canada in the **Federal Register**.[2] On October 15, 2026, Commerce notified interested parties of the deadline for the submission of ministerial error comments concerning the *Final Results*.[3] On October 20, 2026, Commerce received a timely filed allegation of a ministerial error from Resolute FP Canada Inc. (Resolute).[4] No other interested party filed an allegation or commented on Resolute's allegation.

Legal Framework

A ''ministerial error'' is defined as an error ''in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which {Commerce} considers ministerial.'' [5] Any issue raised by an interested party as a ministerial error which is, in fact, the result of a methodological decision by Commerce will not be considered a ministerial error because it would not meet the definition of the term in the controlling regulation and under the Act.[6]

Commerce's regulations stipulate that the agency will disclose its calculations to parties to the proceeding and that those parties may submit comments concerning any ministerial error in such calculations in the final results of a review.[7] Commerce will analyze any comments received and, if appropriate, correct any ministerial error by amending the final results of review.[8]

Ministerial Errors

Resolute alleges that Commerce made a ministerial error in the calculations underlying the *Final Results*. Commerce reviewed the record and agrees that the error alleged by Resolute constitutes a ministerial error within the meaning of section 751(h) of the Act and 19 CFR 351.224(f).[9] Specifically, for Resolute, Commerce made an inadvertent error by using an incorrect figure in the final calculations.[10]

Pursuant to 19 CFR 351.224(e), Commerce is amending the *Final Results* to reflect the correction of the ministerial error, as described in the Ministerial Error Memorandum.[11] Based on the correction, Resolute's final subsidy rate changed from 12.42 percent to 12.35 percent, and the non-selected companies' final subsidy rate changed from 14.11 percent to 14.08 percent. The amended net subsidy rates are listed in the ''Amended Final Results'' section below.

For a complete discussion of the ministerial error allegation, as well as Commerce's analysis, *see* the Ministerial Error Memorandum. The Ministerial Error Memorandum is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at *https://access.trade.gov*.

Amended Final Results of Review

As a result of correcting the ministerial error described above, Commerce determines that the following net countervailable subsidy rates exist for the following producers/exporters for which this administrative review was conducted for the period January 1, 2024, through December 31, 2024:

Company	Subsidy rate (percent *ad valorem*)
Resolute [12]	12.35
West Fraser Mills Ltd.* [13]	15.31
Non-Selected Companies [14]	14.08

* This rate is not affected by the amended final.

Disclosure

Commerce intends to disclose the calculations performed in connection with these amended final results of review to interested parties within five days after public announcement of the amended final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

In accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. Commerce intends to issue assessment instructions to CBP no earlier than 41 days after the date of publication of these amended final results of review in the **Federal Register**, in accordance with 19 CFR 356.8(a).

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act and 19 CFR 351.107(f)(3), the following amended cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after October 19, 2026, the publication date of the *Final Results,* as follows: (1) the cash deposit rate for Resolute and the companies listed in the appendix will be equal to the company-specific estimated individual countervailable subsidy rates determined in these amended final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) if both the producer and exporter of the subject merchandise have company-specific estimated subsidy rates assigned, and their rates differ, then the applicable cash deposit rate will be the higher of these two rates; (3) if either the producer or the exporter, but not both, of the subject merchandise has a company-specific estimated subsidy rate assigned, the applicable cash deposit rate will be that company's company-specific rate; and (4) the cash deposit rate for all other producers and exporters will be 14.19 percent, the all-others subsidy rate established in the investigation.[15] These cash deposit requirements, when imposed, shall remain in effect until further notice.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

These amended final results are issued and published in accordance with sections 777(i)(1), 777A(e), and 782 of the Act, and 19 CFR 351.221(b)(5) and 351.224(e).

[15] *See Order.* Effective October 29, 2026, the all-others rate is 12.80 percent. *See Certain Softwood Lumber Products from Canada: Notice of NAFTA Panel Decision,* 91 FR 69242 (November 3, 2026).

Citric Acid and Certain Citrate Salts From Thailand: Final Results of Antidumping Duty Administrative Review; 2024–2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that producers and exporters subject to this administrative review did not make sales of subject merchandise at less than normal value (NV) during the period of review (POR), July 1, 2024 through June 30, 2025.

DATES: Applicable November 19, 2026.

FOR FURTHER INFORMATION CONTACT: Joy Zhang or Anjali Mehindiratta, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1168 or (202) 482–9127, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 16, 2026, Commerce published the *Preliminary Results* of the 2024–2025 administrative review of the antidumping duty order on citric acid and certain citrate salts (citric acid) from Thailand [1] in the **Federal Register** and invited interested parties to comment.[2] The deadline for the final results of review is November 13, 2026. We received no comments from interested parties on the *Preliminary Results,* and we made no changes to the *Preliminary Results*. Accordingly, no decision memorandum accompanies this **Federal Register** notice. The *Preliminary Results* are hereby adopted as the final results. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by this *Order* include all grades and granulation sizes of citric acid, sodium citrate, and potassium citrate in their unblended forms, whether dry or in solution, and regardless of packaging type from Thailand. For a full description of the scope of the *Order, see* the *Preliminary Results* PDM.

Rate for Non-Selected Company

The Act does not directly address the establishment of a rate to be applied to individual companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. However, 19 CFR 351.109(g) states that Commerce will determine the rate for non-selected companies by applying the methodology set forth in 19 CFR 351.109(f)(1)–(2), which generally parallels the methodology for determining the all-others rate in an investigation under section 735(c)(5) of
