individual that is maintained in a system of records without the individual's prior written consent, when the disclosure is pursuant to a routine use published in a System of Records Notice (SORN) as required by 5 U.S.C. 552a(e)(4)(D). DoW published routine use Y in the applicable SORN, Uniformed Services Human Resources Information System (91 FR 10373) (March 3, 2026), to authorize the disclosures made under this matching program.

**Purpose(s)**

This matching program will assist DoW and ED in sharing information on individuals who, at any time beginning on or after October 1, 2007, were members of the Armed Forces serving on active duty for a period of more than 30 consecutive days or civilian employees of DoW (collectively referred to as ''covered employees''), for the purposes of: (1) identifying whether they made one or more student loan payments eligible to be counted for purposes of the PSLF program under subsection 455(m) of the HEA (20 U.S.C. 1087e(m)) and TEPSLF program; and (2) without requiring further information from them, certifying the total period of such service or employment for purposes of such program and counting the total number of qualifying payments made by them for purposes of such program during such period.

ED will evaluate the information that it receives from DoW to create a count of qualifying payments under PSLF made by covered employees of their respective Title IV Loans (as defined herein). In addition, ED will create customized notifications for covered employees based on the status of their respective Title IV Loans and whether they have already submitted a PSLF form. If ED determines that a covered employee, with approved certified employment on record as a result of a previously submitted PSLF form, has the requisite number of qualifying Title IV Loan payments under PSLF, then ED will automatically discharge the covered employee's Title IV Loans without requiring the covered employee to submit a PSLF form and will so notify the covered employee. Separately, if a covered employee has never submitted a PSLF form before but has met the requirements to receive loan discharge, ED will contact the covered employee and provide the ability to opt-out of forgiveness within 30 days from the date that ED sends the notification to the borrower before administering the discharge.

**Categories of Individuals**

This matching program covers individuals who, at any time beginning on or after October 1, 2007, were members of the Armed Forces serving on active duty for a period of more than 30 consecutive days or civilian employees of DoW.

**Categories of Records**

This matching program covers the following records on the aforementioned individuals: the name (first, middle, and last), date of birth (DOB), and Social Security number (SSN), and an indicator if the individual is military or civilian, beginning and end dates of employment or active duty service, and average number of hours in work schedule.

**System(s) of Records**

### Federal Energy Regulatory Commission

**[Docket No. EL27–11–000]**

### Exelon Corporation v. PJM Interconnection, L.L.C.; Notice Establishing Comment Period

On November 4, 2026, PJM Interconnection, L.L.C. (PJM) filed a preliminary answer opposing fast-track processing and a motion requesting a four-week extension of time, until December 21, 2026, to answer the complaint filed by Exelon Corporation (Exelon) in the above-captioned proceeding. PJM argues that there is good cause to grant the extension because the additional time will permit PJM to incorporate into its response the outcome of the deliberations by the PJM Board, which will meet on November 17, 2026. PJM also argues that Exelon has failed to demonstrate any compelling reason for Commission action by the requested January 31, 2027, date and therefore a four-week extension of the answer deadline will not impair the Commission's ability to act.

On November 9, 2026, Exelon filed a motion for leave to answer and answer. Exelon supports an extension of the comment period to December 7, 2026, but argues that the scale of PJM's proposed extension is excessive for the narrow scope of the allegations it must answer. Exelon also urges the Commission to act sufficiently in advance of the May 2027 Base Residual Auction.

Upon consideration, notice is hereby given that PJM's motion for extension of time is granted and the deadline to file the answer to Exelon's complaint, comments, and interventions is December 21, 2026.
