Certain Carbon and Alloy Steel Cut-to-Length Plate From France: Final Results of Antidumping Duty Administrative Review; 2024–2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that certain carbon and alloy steel cut-to-length plate (CTL plate) from France was not sold in the United States at less than normal value during the period of review (POR) May 1, 2024, through April 30, 2025.

DATES: Applicable November 20, 2026.

FOR FURTHER INFORMATION CONTACT: Christopher Doyle, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5882.

SUPPLEMENTARY INFORMATION:

Background

On July 21, 2026, Commerce published the *Preliminary Results* and invited interested parties to comment.[1] We received no comments from interested parties on the *Preliminary Results.* Therefore, we made no changes from the *Preliminary Results* and, accordingly, there is no decision memorandum accompanying this **Federal Register** notice. Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order [2]

The merchandise covered by the *Order* is CTL plate from France. For a complete description of the scope of the *Order, see* the *Preliminary Results* PDM.

Final Results of Review

We determine that the following weighted-average dumping margin exists for the period May 1, 2024, through April 30, 2025:

Producer/exporter	Weighted-average dumping margin (percent)
Dillinger France S.A	0.00

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results of review within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce made no changes from the *Preliminary Results,* there are no new calculations to disclose. This satisfies our regulatory obligation.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Because the weighted-average dumping margin calculated for Dillinger France S.A. (Dillinger) is zero, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Commerce's ''automatic assessment'' practice will apply to entries of subject merchandise during the POR produced by Dillinger for which the reviewed company did not know that the merchandise it sold to the intermediary (*e.g.,* a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate established in the less-than-fair-value (LTFV) investigation (*i.e.* 6.15 percent) [3] if there is no rate for the intermediate company(ies) involved in the transaction.[4]

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the company listed above is the weighted-average dumping margin established in the final results of this administrative review; (2) for previously investigated or reviewed companies not covered by this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment of this proceeding in which the company participated; (3)) if the exporter is not a firm covered in this review, or the LTFV investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 6.15 percent, the all-others rate established in the LTFV investigation.[5] These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the
