125% of the Guaranty Fund contribution that would be required of a Full Participant holding the same cleared positions and a minimum Required Contribution to the Guaranty Fund of $25 million. In ICC's view, the proposed amendments facilitate participation in the ACP category of CP, while maintaining robust risk and default management. The proposed rule change is thus consistent with the requirements of Rule 17ad–22(e)(18).[25]

(B) Clearing Agency's Statement on Burden on Competition

ICC does not believe the proposed rule changes would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The changes amend the ACP category to revise certain terms applicable to ACPs, including price submission obligations and default auction bidding requirements, while preserving ICC's ability to manage the risk presented by ACPs, as described above. The changes are designed to encourage participation in the ACP category and are intended to broaden access to ICC's CDS Clearing Service for institutions that may not otherwise satisfy all requirements applicable to Full Participants, thereby promoting increased clearing activity and applying ICC's risk management framework to a broader range of market activity. ACPs will otherwise be subject to the same rights, obligations and responsibilities as Full Participants. As a result, ICC does not believe the amendments will adversely impact competition among clearing members or other market participants, adversely affect the ability of market participants to access clearing generally, or adversely affect the cost of clearing. ICC thus does not believe the proposed amendments would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission, and Advance Notice and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve or disapprove such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (*https://www.sec.gov/rules-regulations/self-regulatory-organization-rulemaking*); or
- Send an email to *rule-comments@sec.gov.* Please include file number SR–ICC–2026–012 on the subject line.

Paper Comments

Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549.

All submissions should refer to file number SR–ICC–2026–012. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method of submission. The Commission will post all comments on the Commission's internet website (*https://www.sec.gov/rules-regulations/self-regulatory-organization-rulemaking*). Copies of such filings will be available for inspection and copying at the principal office of ICE Clear Credit and on ICE Clear Credit's website at *https://www.ice.com/clear-credit/regulation.*

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–106920; File No. SR–IEX–2026–47]

Self-Regulatory Organizations; Investors Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 11.270 Clearly Erroneous Executions

November 17, 2026.

Pursuant to Section 19(b)(1) [1] of the Securities Exchange Act of 1934 (the ''Act'') [2] and Rule 19b–4 thereunder,[3] notice is hereby given that, on November 4, 2026, the Investors Exchange LLC (''IEX'' or the ''Exchange'') filed with the Securities and Exchange Commission (the ''Commission'') the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Pursuant to the provisions of Section 19(b)(1) of the Act,[4] and Rule 19b–4 thereunder,[5] the Exchange proposes to amend Rule 11.270 (''Clearly Erroneous Executions'') in light of the Commission's approval of Overnight Price Bands that will apply when trading by other national securities exchanges expands to 23 hours per day, 5 days per week (''23/5 Trading'').

The text of the proposed rule change is available at the Exchange's website at *https://www.iex.io/resources/regulation/rule-filings* and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

In light of the Commission's approval of Overnight Price Bands under the LULD Plan for 23/5 Trading, the Exchange proposes to amend Rule 11.270 (''Clearly Erroneous Executions'').

Background

In conjunction with the industry's plans for the introduction of 23/5 Trading, the Operating Committee of the Plan to Address Extraordinary Market Volatility (''LULD Plan'') filed proposed Amendment 27 to the LULD Plan, which proposed to establish price band protections during overnight trading hours (''Overnight Price Bands'').[6] The Operating Committee proposed that the Overnight Price Bands would initially be temporary static bands 20% above and below two reference points, and that after implementation, the Operating Committee would evaluate the performance of such Overnight Price Bands and propose appropriate changes in a new plan amendment.[7] On August 5, 2026, the Commission approved the proposal.[8] In light of the Commission's approval of these changes to the LULD Plan, the Exchange now proposes several amendments to Rule 11.270 regarding Clearly Erroneous Executions.

In general, Rule 11.270 describes the process a market participant may use to request cancellation of a transaction that was ''clearly erroneous.'' The current rule's central premise is that if LULD Price Bands under the LULD Plan were available and correct at the time the transaction was executed, the transaction is not eligible for clearly erroneous review. Specifically, Rule 11.270(c)(1) currently provides that ''[i]f the execution time of the transaction(s) under review is during Regular Market Hours, the transaction will not be reviewable as clearly erroneous'' except in certain limited circumstances, including when (A) the transaction is in an NMS Stock that is not subject to the LULD Plan (*i.e.,* rights and warrants); (B) the transaction was executed at a time when LULD Price Bands were not available or trading should have been prevented due to a regulatory halt or other halt; or (C) several other limited circumstances.[9] In approving the existing version of the rule, the Commission noted that restricting clearly erroneous review in this way during times when LULD Price Bands were in effect was ''consistent with the Act and will further the goal of providing greater certainty to market participants that trades executed within the Price Bands will stand and not be broken . . . . Thus, the proposal is designed to limit the potential discordance between the LULD mechanism and CEE review process.'' [10]

Currently, LULD Price Bands are available only during Regular Market Hours, meaning that the restrictions on clearly erroneous review described above apply only during Regular Market Hours. With the introduction of Overnight Price Bands, the Exchange now proposes to extend the existing restrictions on clearly erroneous review to the period when Overnight Price Bands are in place. This proposed change would be consistent with the Commission's rationale in approving the current version of the rule because it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session, providing greater certainty to market participants that trades executed within the Overnight Price Bands will stand and not be broken.

Proposed Changes to Rule 11.270(c)(1)

To implement this change, the Exchange proposes to add several definitions to Rule 11.270(c)(1). First, the Exchange would add that the term ''LULD Protected Hours'' includes Regular Market Hours and ''Overnight Protected Hours'' defined in Section VIII of the LULD Plan. Second, the Exchange would define ''LULD Price Bands'' or ''Price Bands'' to mean the Price Bands defined in Section V of the LULD Plan (*i.e.,* the Price Bands that apply during Regular Market Hours) and ''Overnight Price Bands'' as defined in Section VIII of the LULD Plan (*i.e.,* the Price Bands that apply to the Overnight Protected Hours from 9:00 p.m. ET through 4:00 a.m. ET).

The Exchange proposes to amend the current first sentence of Rule 11.270(c)(1) to replace the phrase ''Regular Market Hours'' with ''LULD Protected Hours,'' to provide that ''[i]f the execution time of the transaction(s) under review is during LULD Protected Hours, the transaction will not be reviewable as clearly erroneous . . . .'' This change would extend the LULD-based restrictions on clearly erroneous review currently in place during the Regular Market Hours to the Overnight Protected Hours.

The Exchange also proposes to amend Rule 11.270(c)(1)(B)'s reference to ''Percentage Parameter'' to incorporate the Percentage Parameter that applies to Overnight Protected Hours. The amended provision would provide for the applicability of clearly erroneous review if the price of the transaction to buy (sell) that is the subject of the clearly erroneous complaint is greater than (less than) the Reference Price by an amount that equals or exceeds the applicable Percentage Parameter defined in Appendix A to the LULD Plan (with respect to the Price Bands that apply during Regular Market Hours) or the ''Overnight Percentage Parameter'' defined in Section VIII of the LULD Plan (with respect to Overnight Protected Hours).

In addition to these changes, the Exchange also proposes to make a non-substantive change to Rule 11.270(c)(1)(A), substituting the term ''LULD Plan'' for the current text ''the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the 'Limit Up-Limit Down Plan' or 'LULD Plan')'' as the ''LULD Plan'' would be defined in the proposed revision to Rule 11.270(c)(1).

Proposed Changes to Rule 11.270(c)(2), (d)(3), and (f)

As noted above, current Rule 11.270(c)(1)(A) permits clearly erroneous review even during Regular Market Hours when the transaction in question is in an NMS Stock that is not subject to the LULD Plan, *i.e.,* rights and

warrants. Such transactions are reviewed for clearly erroneous status using the procedures set out in Rule 11.270(c)(2), including the Numerical Guidelines set out in the table accompanying Rule 11.270(c)(2)(A). The Exchange now proposes to introduce a similar provision regarding transactions in NMS Stocks not subject to the LULD Plan that are executed during the Overnight Protected Hours; such transactions would be subject to the same Numerical Guidelines as transactions occurring in the Pre-Market or Post-Market Session.

The heading of Rule 11.270(c)(2) addresses ''[r]eview of transactions occurring during the Pre-Market or Post-Market Sessions, or eligible for review pursuant to paragraph (c)(1)(A).'' The Exchange proposes to replace the phrase ''eligible for review pursuant to paragraph (c)(1)(A)'' (which, in the current rule, means transactions executed during Regular Market Hours in NMS Stocks not subject to the LULD Plan) with ''during LULD Protected Hours in NMS Stocks not subject to the LULD Plan.'' This proposed language would cover transactions in NMS Stocks not subject to the LULD Plan in the Regular Market Hours and expand the same treatment to transactions executed in NMS Stocks not subject to the LULD Plan during Overnight Protected Hours. As such, the proposed change is not novel.

The Exchange proposes to make the same change everywhere else such language appears in the rule—namely, in the text of paragraphs (c)(2)(A), (c)(2)(B), (c)(2)(C), (c)(2)(D), (d)(3), and (f).[11] In each case, the Exchange proposes to replace the phrase ''transactions occurring during the Pre-Market or Post-Market Sessions or eligible for review pursuant to paragraph (c)(1)(A)'' with ''transactions occurring during the Pre-Market or Post-Market Sessions or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan.''

The Exchange also proposes to make corresponding changes to the headings of the table accompanying Rule 11.270(c)(2)(A). The Exchange proposes to change the heading of the second column from ''Regular Market Hours Numerical Guidelines for transactions eligible for review pursuant to paragraph (c)(1)(A)'' to ''Numerical Guidelines for Transactions Executed During Regular Market Hours in NMS Stocks Not Subject to the LULD Plan.'' This change would simply replace the shorthand ''eligible for review pursuant to paragraph (c)(1)(A)'' with the fuller description that such transactions are ''executed during Regular Market Hours in NMS Stocks not subject to the LULD Plan,'' and is not a substantive change.

Similarly, the Exchange proposes to change the heading of the third column from ''Pre-Market and Post-Market Session Numerical Guidelines'' to ''Numerical Guidelines for Transactions Executed During the Pre-Market and Post-Market Session or During Overnight Protected Hours in NMS Stocks Not Subject to the LULD Plan.'' The proposed change addresses the fact that transactions executed during Overnight Protected Hours in NMS Stocks not subject to the LULD Plan are eligible for clearly erroneous review—just as are transactions in NMS Stocks not subject to the LULD Plan executed during Regular Market Hours—but at the Numerical Guidelines that apply outside of Regular Market Hours.

Together, these proposed changes would extend the eligibility of clearly erroneous review for transactions in NMS Stocks not subject to the LULD Plan that is currently in place during Regular Market Hours to the Overnight Protected Hours and would apply the Commission's recent approval of Overnight Price Bands to the clearly erroneous executions rule.

Implementation

The Exchange understands that the other national securities exchanges and FINRA have already filed or will file similar proposals concerning the proposed amendment to the Clearly Erroneous Executions rule, the substance of which is identical to this proposal. The Exchange proposes that this rule change would become operative at the commencement of 23/5 Trading, which is scheduled to commence industry-wide on December 6, 2026.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.[12] Specifically, the proposal is consistent with Section 6(b)(5) of the Act[13] because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest.

The Exchange believes that the proposed change is consistent with just and equitable principles of trade because it extends the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct. Currently, LULD Price Bands are available only during Regular Market Hours, meaning that the restrictions on clearly erroneous review described above apply only during Regular Market Hours. With the introduction of Overnight Price Bands, the Exchange believes that extending such restrictions on clearly erroneous review to the period when Overnight Price Bands are in place would remove impediments to and perfect the mechanism of a free and open market and a national market system by enhancing the transparency and consistency of the rule.

The resulting rule would thus extend the LULD-related limits on clearly erroneous review that are applicable in Regular Market Hours to the overnight period. The proposed change would also be consistent with the Commission's rationale in approving the current version of the rule because it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session, providing greater certainty to market participants that trades executed within the Overnight Price Bands will stand and not be broken.[14]

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposal is consistent with Section 6(b)(8) of the Act[15] in that it will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Rather than impacting competition, the proposed change would simply extend the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct. The Exchange understands that the other

Rule 11.270(d)(3) specifies conditions where the Exchange may use a revised Reference Price for the purpose of clearly erroneous review in certain transactions where such review is not precluded by paragraph (c)(1). Rule 11.270(f) specifies that for transactions where clearly erroneous review is not precluded by paragraph (c)(1), an officer may initiate clearly erroneous review on his or her own motion.

national securities exchanges and FINRA have filed or will also file similar proposals, the substance of which is identical to this proposal. Thus, the proposed rule change will help to ensure consistency across SROs without implicating any competitive issues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) [16] of the Act and Rule 19b–4(f)(6) [17] thereunder. Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6) thereunder.[18]

A proposed rule change filed under Rule 19b–4(f)(6) [19] normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b–4(f)(6)(iii),[20] the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay to the extent necessary, so that the proposed rule change may become operative upon effectiveness to enable the proposed rule change to become operative on December 6, 2026, when other exchanges will commence 23/5 trading. Waiving the 30-day operative delay in this manner will help to ensure consistency across SROs and avoid confusion. For these reasons, and because the proposed rule change raises no new or novel legal or regulatory issues, the Commission finds that waiver of the operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission waives the 30-day operative delay and designates the proposed rule change to be operative upon filing.[21]

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) [22] of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (*https://www.sec.gov/rules/sro.shtml*); or
- Send an email to *rule-comments@sec.gov.* Please include file number SR–IEX–2026–47 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549–1090.

All submissions should refer to file number SR–IEX–2026–47. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (*https://www.sec.gov/rules/sro.shtml*). Copies of the filing will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR–IEX–2026–47 and should be submitted on or before December 11, 2026.
