anti-air weapons launcher. It is a diesel-powered vehicle with an operational range of over 400 kilometers. This system is designed to launch a variety of effectors, including Advance Precision Kill Weapon System, Air Intercept Missile (AIM)-9M, Infrared Imaging System-Tail, and AIM–132, providing a versatile ground-based air defense solution.

5. Other equipment includes: RPS 202 counter-Unmanned Aircraft System radars that are extremely important in the detection of One-Way Attack drones and provide tipping and cueing for FrankenSAM launching systems. Modernization kits for Ukraine's SA–11/Buk Soviet-era mid-range air defense systems made by Ukrainian and European companies for various components of the Buk to ensure it can continue to operate for the next decade and continue to become a key air defense asset. Various electronic components to integrate donated radio systems into Ukraine's existing mesh network that is distributed across Ukraine. This network allows target quality tracks to be passed and ingested by the launching systems. Finally, Command, Control, and Communications mobile vans that are a modified van equipped with three stations and allows for command and control of any of the delivered FrankenSAM shooting systems.

6. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

7. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.

8. A determination has been made that Ukraine can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This proposed sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

9. All defense articles, technical data, and services listed in this transmittal have been authorized for release and export to the Government of Ukraine.

Federal Energy Regulatory Commission

[Docket No. RM98–1–000]

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. Each filing may be viewed on the Commission's website at *http://www.ferc.gov* using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, please contact FERC Online Support at *FERCOnlineSupport@ferc.gov* or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659.

[Docket No. AC27–4–000]

Empire Pipeline, Inc.; Notice Of Filing

Take notice that on November 10, 2026, Empire Pipeline, Inc. submitted a request for waiver of the Federal Energy Regulatory Commission's (Commission) requirement to provide its certified public accountant (CPA) certification statement for the 2026 FERC Form No. 2 on the basis of the calendar year ending December 31.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of
