via email to *NMFS.Pr1Comments@noaa.gov.* The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Jennifer Skidmore or Sara Young, (301) 427–8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*) and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The applicant requests a 10-year permit to import and export gray seal parts to and from Canada for the purpose of studying the role of metabolic phenotype—and its plasticity—in early-life performance and survivorship. Sources of parts would include samples collected during authorized field research at Sable Island, Nova Scotia, Canada, opportunistic salvage of animals that died of natural causes in Canada, and from the archives at the Department of Fisheries and Oceans, Canada. In addition, the applicant requests authorization to export samples back to Canada. Requested parts include blood, milk, whiskers, claws, fur, blubber, muscle, scat, spew, saliva, swabs, teeth and organs. See application for requested numbers of animals based on sample origin.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: November 17, 2026.

Nature McGinn,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

Pacific Island Fisheries; Marine Conservation Plan for the Pacific Insular Area for the Commonwealth of the Northern Mariana Islands; Western Pacific Sustainable Fisheries Fund

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of agency decision.

SUMMARY: NMFS announces approval of a Marine Conservation Plan (MCP) for the Commonwealth of the Northern Mariana Islands (CNMI).

DATES: This agency decision is effective from August 4, 2026, through August 3, 2029.

ADDRESSES: You may obtain a copy of the MCP, identified by NOAA–NMFS–2026–2774, from the Federal e-Rulemaking Portal, *https://www.regulations.gov/docket/NOAA-NMFS-2026-2774,* or from the Western Pacific Fishery Management Council (Council), 1164 Bishop St., Suite 1400, Honolulu, HI 96813, tel 808–522–8220, *https://www.wpcouncil.org.*

FOR FURTHER INFORMATION CONTACT: Jarad Makaiau, Sustainable Fisheries, NMFS Pacific Islands Regional Office, 808–725–5170.

SUPPLEMENTARY INFORMATION: Section 204(e) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) authorizes the Secretary of State, with the concurrence of the Secretary of Commerce (Secretary), and in consultation with the Council, to negotiate and enter into a Pacific Insular Area fishery agreement (PIAFA). A PIAFA would allow foreign fishing within the U.S. Exclusive Economic Zone (EEZ) adjacent to American Samoa, Guam, or the CNMI. The Governor of the Pacific Insular Area to which the PIAFA applies must request the PIAFA. The Secretary of State may negotiate and enter the PIAFA after consultation with, and concurrence of, the applicable Governor.

Before entering into a PIAFA, the applicable Governor, with concurrence of the Council, must develop and submit to the Secretary a 3-year MCP providing details on uses for any funds collected by the Secretary under the PIAFA. NMFS is the designee of the Secretary for MCP review and approval. The Magnuson-Stevens Act requires payments received under a PIAFA to be deposited into the United States Treasury and then conveyed to the Treasury of the Pacific Insular Area for which funds were collected. Additionally, in the case of violations by foreign fishing vessels in the EEZ around any Pacific Insular Area, amounts received by the Secretary attributable to fines and penalties imposed under the Magnuson-Stevens Act, including sums collected from the forfeiture and disposition or sale of property seized subject to its authority, shall be deposited into the Treasury of the Pacific Insular Area adjacent to the EEZ in which the violation occurred, after direct costs of the enforcement action are subtracted. The Pacific Insular Area government may use funds deposited into the Treasury of the Pacific Insular Area for fisheries enforcement and for implementation of an MCP.

Federal regulations at 50 CFR 665.819 authorize NMFS to specify catch limits for longline-caught bigeye tuna for U.S. territories. NMFS may also authorize each territory to allocate a portion of that limit to U.S. longline fishing vessels that are permitted to fish under the Fishery Ecosystem Plan for Pelagic Fisheries of the Western Pacific (FEP). Payments collected under specified fishing agreements are deposited into the Western Pacific Sustainable Fisheries Fund, and any funds attributable to a particular territory may be used only for implementation of that territory's MCP.

An MCP must be consistent with the Council's FEPs, must identify conservation and management objectives (including criteria for determining when such objectives have been met), and must prioritize planned marine conservation projects.

At its 206th meeting held March 24–26, 2026, the Council reviewed and concurred with the MCP. On May 13, 2026, the Governor of the CNMI submitted the MCP to NMFS for review and approval. The MCP contains the following eight conservation and management objectives that are consistent with the Fishery Ecosystem Plan for the Mariana Archipelago:

1. Improve fisheries data collection and reporting.
2. Conduct Resource assessment, monitoring, and research to gain a better understanding of marine resources and fisheries.
3. Conduct enforcement training and monitoring activities to promote compliance and federal and local mandates.
4. Promote responsible domestic fisheries development to provide long-term economic growth and stability and local food production.

5. Conduct Education and outreach, enhance public participation, and build local capacity.

6. Promote Ecosystem Approach to Fisheries Management, Climate change Adaptation and Mitigation, and Regional Cooperation.

7. Recognize the importance of island cultures and traditional fishing practice in managing fishery resources and foster opportunities for participation.

8. Construct a dedicated facility that expands the Commonwealth's capacity to deliver fishery development programs, engage fishing communities, and maintain essential vessel operations.

Please refer to the MCP for projects and activities designed to meet each objective, the evaluative criteria, and priority rankings.

This notice announces that NMFS has reviewed the MCP and has determined that it satisfies the requirements of the Magnuson-Stevens Act. Accordingly, NMFS has approved the MCP for the 3-year period from August 4, 2026, through August 3, 2029. This MCP supersedes the one approved for the period from August 4, 2020, through August 3, 2023 (88 FR 39831, June 20, 2023).

Dated: November 18, 2026.

Shannon Bettridge,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Caribbean Fishery Management Council 191st Public Hybrid Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hybrid meeting (in-person/virtual).

SUMMARY: The Caribbean Fishery Management Council (CFMC) will hold the 191st public hybrid meeting to address the items contained in the tentative agenda included in the **SUPPLEMENTARY INFORMATION.**

DATES: The 191st CFMC public hybrid meeting will be held on December 9, 2026, from 9 a.m. to 4:55 p.m., and on December 10, 2026, from 9 a.m. to 5:50 p.m., AST. A closed meeting will be held on December 9, 2026, from 5 p.m. to 5:40 p.m., AST. The meeting will be held at the Westin St. Thomas Beach Resort & Spa, 5 Estate Bakkeroe, St. Thomas, U.U. Virgin Islands 00802.

ADDRESSES: You may join the 191st CFMC public hybrid meeting via Zoom, from a computer, tablet or smartphone by entering the following address:

Topic: 191st CFMC Hybrid Public Meeting.

Time: This is a recurring meeting Meet anytime.

Join Zoom Meeting: https://us02web.zoom.us/j/85442039207?pwd=pt61U9KvzFkknp0UspleAnWDNjoXEP.1.

Join and take notes: https://us02web.zoom.us/j/85442039207?pwd=pt61U9KvzFkknp0UspleAnWDNjoXEP.1&mynotes=on.

In case there are problems, and we cannot reconnect via Zoom, the meeting will continue using GoToMeeting.

Please join the meeting from your computer, tablet or smartphone. *https://meet.goto.com/377147805.*

You can also dial in using your phone.

Access Code: 377–147–805. United States: +1 (224) 501–3412.

FOR FURTHER INFORMATION CONTACT: Miguel A. Rolón, Executive Director, Caribbean Fishery Management Council, 270 Muñoz Rivera Avenue, Suite 401, San Juan, Puerto Rico 00918–1903, telephone: (787) 398–3717.

SUPPLEMENTARY INFORMATION: The following items included in the tentative agenda will be discussed:

December 9, 2026

9 a.m.–9:30 a.m.

—Call to Order
—Roll Call
—Adoption of Agenda
—Consideration of 190th Council Meeting Verbatim Transcription
—Executive Director's Report

9:30 a.m.–10 a.m.

—Fishery Management Plans (FMPs) Amendments, Actions and Priorities Update for 2026—María López-Mercer, NOAA Fisheries, Southeast Regional Office (SERO)

10 a.m.–10:30 a.m.

—Update on Executive Order (E.O.) 14276 NOAA Fisheries Priority Actions—NOAA Fisheries, SERO

10:30 a.m.–10:45 a.m.

—Coffee Break

10:45 a.m.–12 p.m.

—Scientific and Statistical Committee Report—Vance Vicente, Chair
—Southeast Fisheries Science Center Updates (SEFSC)—Kevin McCarthy, Caribbean Fisheries Branch, NOAA Fisheries SEFSC

12 p.m.–1:30 p.m.

—Lunch Break

1:30 p.m.–2:15 p.m.

—Draft Framework Action 4 Under the Puerto Rico FMP to Update Reference Points Based on SEDAR 91 and Accountability Measures—María López-Mercer, NOAA Fisheries, SERO

2:15 p.m.–4 p.m.

—Evaluation of Managed Stocks Amendment to the Island-Based FMPs—Sarah Stephenson, NOAA Fisheries, SERO

4 p.m.–4:15 p.m.

—Coffee Break

4:15 p.m.–4:45 p.m.

—Evaluation of the St. Thomas/St. John Grouper Unit 4 Seasonal Closure Discussion—Sarah Stephenson, NOAA Fisheries, SERO

4:45 p.m.–4:55 p.m.

—Public Comment Period (5-minute presentations)
—Adjourn for the Day

5 p.m.–5:40 p.m.

—Closed Session

December 10, 2026

9 a.m.–9:15 a.m.

—Call to Order
—Roll Call

9:15 a.m.–9:45 a.m.

—Update on Electronic Reporting System in Puerto Rico—Alfredo Sfeir, Shellcatch

9:45 a.m.–10:15 a.m.

—New CFMC Travel Guidelines—Vivian Ruiz, CFMC
—Caribbean IRA-funded Projects Update—Martha Prada, CFMC Inflation Reduction Act Coordinator

10:15 a.m.–10:30 a.m.

—Coffee Break
