Information Collection Request

Title: Ballast Water Management for Vessels with Ballast Tanks Entering U.S. Waters.

OMB Control Number: 1625–0069.

Summary: This collection requires the master of a vessel to provide information that details the vessel operator's ballast water management efforts.

Need: The information is needed to ensure compliance with 33 U.S.C. 1251 and the requirements in 33 CFR part 151, subparts C and D regarding the management of ballast water, to prevent the introduction and spread of aquatic nuisance species into U.S. waters. The information is also used for research and periodic reporting to Congress.

Forms:

- Ballast Water Management Report.
- Ballast Water Management (BWM) Equivalent Reporting Program Application.

Affected Public: Owners and operators of certain vessels.

Number of Respondents: 11,739.

Voyage Reports: 11,268.

Equivalent Reporting Program (New/Updates): 2.

BWDS Compliance Extension Request: 469.

Frequency: On occasion.

Number of Responses per Respondent:

Voyage Reports: 12.

Equivalent Reporting Program (New/Updates): 1.

BWDS Compliance Extension Request: 1.

Estimated Time per Response:

Voyage Reports: 40 minutes.

Equivalent Reporting Program (New/Updates): 2 hours.

BWDS Compliance Extension Request: 6 hours.

Total Burden Hours: The estimated burden has increased from 87,509 hours to 92,962 hours a year, due to an increase in the estimated annual number of responses.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended.

Dated: November 17, 2026.

Bradley E. White,

Chief, Office of Privacy Management, U.S. Coast Guard.

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Accreditation and Approval of Intertek USA, Inc. (Texas City, TX), as a Commercial Gauger and Laboratory

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of accreditation and approval of Intertek USA, Inc. (Texas City, TX), as a commercial gauger and laboratory.

SUMMARY: Notice is hereby given, pursuant to CBP regulations, that Intertek USA, Inc. (Texas City, TX), has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes for the next three years as of October 28, 2025.

DATES: Intertek USA, Inc. (Texas City, TX), was approved and accredited as a commercial gauger and laboratory as of October 28, 2025. The next triennial inspection date will be scheduled for October 2028.

FOR FURTHER INFORMATION CONTACT: Dr. Laura Granell, Laboratories and Scientific Services, U.S. Customs and Border Protection, 1331 Pennsylvania Avenue NW, Suite 1501A North, Washington, DC 20004, tel. 202–344–1060.

SUPPLEMENTARY INFORMATION: Notice is hereby given pursuant to 19 CFR 151.12 and 19 CFR 151.13, that Intertek USA, Inc., 728 4th Avenue South, Texas City, TX 77590, has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes, in accordance with the provisions of 19 CFR 151.12 and 19 CFR 151.13.

Intertek USA, Inc. (Texas City, TX), is approved for the following gauging procedures for petroleum and certain petroleum products from the American Petroleum Institute (API):

API chapters	Title
3	Tank Gauging.
7	Temperature Determination.
8	Sampling.
12	Calculations of Petroleum Quantities.
17	Marine Measurement.

Intertek USA, Inc. (Texas City, TX), is accredited for the following laboratory analysis procedures and methods for petroleum and certain petroleum products set forth by the U.S. Customs and Border Protection Laboratory Methods (CBPL) and American Society for Testing and Materials (ASTM):

CBPL No.	ASTM	Title
27–01	D287	Standard Test Method for API Gravity of Crude Petroleum and Petroleum Products (Hydrometer Method).
27–02	D1298	Standard Test Method for Density, Relative Density, or API Gravity of Crude Petroleum and Liquid Petroleum Products by Hydrometer Method.
27–03	D4006	Standard Test Method for Water in Crude Oil by Distillation.
27–04	D95	Standard Test Method for Water in Petroleum Products and Bituminous Materials by Distillation.
27–05	D4928	Standard Test Method for Water in Crude Oils by Coulometric Karl Fischer Titration.
27–06	D473	Standard Test Method for Sediment in Crude Oils and Fuel Oils by the Extraction Method.
27–07	D4807	Standard Test Method for Sediment in Crude Oil by Membrane Filtration.
27–08	D86	Standard Test Method for Distillation of Petroleum Products at Atmospheric Pressure.
27–11	D445	Standard Test Method for Kinematic Viscosity of Transparent and Opaque Liquids (and Calculation of Dynamic Viscosity).
27–13	D4294	Standard Test Method for Sulfur in Petroleum and Petroleum Products by Energy-Dispersive X-ray Fluorescence Spectrometry.
27–46	D5002	Standard Test Method for Density, Relative Density, and API Gravity of Crude Oils by Digital Density Analyzer.
27–48	D4052	Standard Test Method for Density, Relative Density, and API Gravity of Liquids by Digital Density Meter.
27–50	D93	Standard Test Methods for Flash Point by Pensky-Martens Closed Cup Tester.
27–53	D2709	Standard Test Method for Water and Sediment in Middle Distillate Fuels by Centrifuge.
27–54	D1796	Standard Test Method for Water and Sediment in Fuel Oils by the Centrifuge Method (Laboratory Procedure).
N/A	D4007	Standard Test Method for Water and Sediment in Crude Oil by the Centrifuge Method (Laboratory Procedure).
N/A	D70	Standard Test Method for Specific Gravity and Density of Semi-Solid Asphalt Binder (Pycnometer method).

CBPL No.	ASTM	Title
N/A	D97	Standard Test Method for Pour Point of Petroleum Products.

Anyone wishing to employ this entity to conduct laboratory analyses and gauger services should request and receive written assurances from the entity that it is accredited or approved by the U.S. Customs and Border Protection to conduct the specific test or gauger service requested. Alternatively, inquiries regarding the specific test or gauger service this entity is accredited or approved to perform may be directed to the U.S. Customs and Border Protection by calling (202) 344–1060. The inquiry may also be sent to *CBPGaugersLabs@cbp.dhs.gov.* Please reference the website listed below for a complete listing of CBP approved gaugers and accredited laboratories. *http://www.cbp.gov/about/labs-scientific/commercial-gaugers-and-laboratories.*

Patricia A. Coleman,

Acting Assistant Commissioner, Laboratories and Scientific Services.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA 2026–0793.; OMB No. 1660–0160]

Agency Information Collection Activities: Proposed Collection; Comment Request; State, Tribe, and Territory Disaster Case Management (DCM) Federal Award

AGENCY: Federal Emergency Management Agency, Department of Homeland Security

ACTION: 60-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the public to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning information collected during the request by a State, Tribal, or territorial government for a Disaster Case Management (DCM) Federal award following a major disaster declaration.

DATES: Comments must be submitted on or before January 19, 2027.

ADDRESSES: To avoid duplicate submissions to the docket, please submit comments at *www.regulations.gov* under Docket ID FEMA–2026–0793. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at *http://www.regulations.gov,* and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of *www.regulations.gov*.

FOR FURTHER INFORMATION CONTACT: Heather Spadaro, Community Services Section Chief, FEMA Office of Response and Recovery, Response Directorate, Individual Assistance Division, 202–646–3642, and *FEMA-HQ-IA-PMB-CSS@fema.dhs.gov*. You may contact the Information Management Division for copies of the proposed collection of information at email address: *FEMA-Information-Collections-Management@fema.dhs.gov*.

SUPPLEMENTARY INFORMATION: Pursuant to Executive Order 12148, as amended by Executive Order 12673 and Executive Order 13286, the President of the United States has delegated to the Department of Homeland Security (DHS), including FEMA, the authority to provide case management services as stated in the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), Public Law 93–288, as amended (42 U.S.C. 5189d). Under the Stafford Act, FEMA may provide DCM services to survivors through financial assistance to State, Tribal, or Territorial government agencies, or qualified private organizations. DCM services include identifying and addressing disaster-caused unmet needs of survivors through identification of, and referrals to, available resources. A disaster-caused unmet need is an un-resourced item, support, or assistance that has been assessed and verified as necessary for a survivor to recover from a disaster. This may include food, clothing, shelter, first aid, emotional and spiritual care, household items, home repair, or rebuilding. When a State, Tribe, or Territory (STT) applies for, requests a modification of, or appeals a FEMA determination for a DCM Federal award, the STT will utilize the designated forms to identify the need, explain why it is beyond the STT capacity to provide case management services itself, and describe how the STT will provide services to all populations in need. Additionally, the STT will be required to use the OMB-approved Standard Form 424 form family when applying for Federal funding. To supplement their request, the STT will submit a funding request using the budget form. The information gathered within these forms in the collection tool is used to determine the STT's need for DCM Federal funding and how they anticipate providing services to survivors. Once awarded, the STT will use the quarterly reporting collection tool to provide aggregate data on the services provided to survivors. The information gathered within this form helps FEMA assess the success of the program and ensure that survivors in need of services can receive them and that the case managers are assisting survivors in finding resources that meet their disaster-caused unmet needs.

Collection of Information

Title: State, Tribe, and Territory Disaster Case Management Federal Award.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660–0160.

FEMA Forms: DCM Federal Award Application, FF–104–FY–22–204; DCM Federal Award Modification Request, FF–104–FY–22–206; DCM Federal Award Request for Appeal, FF–104–FY–22–207; DCM Federal Award Quarterly Reporting, FF–104–FY–22–208; and DCM Federal Award Budget Workbook, FF–104–FY–22–209.

Abstract: This collection tool is used to support State, Tribal, and Territorial governments (STTs) when applying for, requesting a modification to supplement and expand their existing capacity with or without additional funding, or appealing a FEMA determination about a Disaster Case Management Federal award. In extraordinary circumstances, the STT may request that FEMA provide an opportunity for a local government agency or qualified private organization to apply for the DCM Federal Award directly. Once FEMA makes an award to
