the STT, the STT will utilize the quarterly reporting form to report aggregate data about the performance of their program. All information collected within these forms will be submitted to FEMA by the STT. When applying for the STT DCM Federal award, the STT responds to the questions within the application form, developing an overall assessment that details activities that have occurred since the start of the disaster; what resources and capabilities are currently available or anticipated to be available; and what the estimated population to serve is. The STT also outlines the implementation of their program by detailing their service delivery and work plans. If the STT is awarded an initial DCM Federal award, the STT may need to modify their award. In doing so, the STT utilizes the Request for Modification collection instrument to answer questions that assist them in justifying the need to request additional time and/or funding to further support the implementation of their program. If the STT chooses to appeal a determination made by FEMA, the STT outlines the purpose for their submission and provide new, justifying information that was not included in their initial or modification request by using the Request to Appeal collection instrument. For each of the three forms mentioned above, the STT uses the Budget Workbook to request initial or supplemental funding. This collection instrument enables the STT to outline line items that are necessary, reasonable, and allocable to implement the program, including personnel, travel, supplies, and contractual items among others. The STT can use this workbook to detail the request at all levels in program implementation so that it can calculate the total amount of funding needed. Once awarded, the STT reports aggregate data on all aspects of program implementation, including staffing, caseloads, survivor/client needs, and the types of referrals being made, as well as challenges faced during the quarter, and best practices/lessons learned. This information assists FEMA in confirming the effectiveness of the program, providing technical assistance to ensure all survivors are able to receive DCM services, and to continuously evolve programmatic implementation through the collection of best practices/lessons learned.

Affected Public: State, Tribal, and Territorial Governments.

Estimated Number of Respondents: 55.

Estimated Number of Responses: 107.

Estimated Average Time per Response: 4.514 hours.

Estimated Total Annual Burden Hours: 483.

Estimated Total Annual Respondent Cost: $41,659.

Estimated Respondents' Operation and Maintenance Costs: $0.

Estimated Respondents' Capital and Start-Up Costs: $0.

Estimated Total Annual Cost to the Federal Government: $142,581.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

Russell R. Bard,

Acting Senior Director for Information Management, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA–2025–0344; OMB No. 1660–0115]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; Environmental and Historic Preservation Screening Form

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day Notice of Extension and Request for Comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on an extension of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the information collection activities required to administer the Environmental and Historic Preservation Environmental Screening Form.

DATES: Comments must be submitted on or before December 21, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *www.reginfo.gov/public/do/PRAMain.* Find this particular information collection by selecting ''Currently under 30-day Review—Open for Public Comments'' or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address *FEMA-Information-Collections-Management@fema.dhs.gov* or Beth McWaters-Bjorkman, Environmental Protection Specialist, Grant Programs Directorate, FEMA, 202–431–8594, *elizabeth.mcwaters-bjorkman@fema.dhs.gov.*

SUPPLEMENTARY INFORMATION: FEMA's Grant Programs Directorate (GPD) awards thousands of grants each year through various grant programs. These programs award funds for projects used to improve homeland security and emergency preparedness. The National Environmental Policy Act of 1969 (NEPA), Public Law 91–190, 42 U.S.C. 4321 *et seq.,* the National Historic Preservation Act of 1966 (NHPA), Public Law 89–665, 54 U.S.C. 300101 *et seq.,* the Endangered Species Act of 1973, Public Law 93–205, 16 U.S.C. 1531 *et seq.,* and a variety of other environmental and historic preservation laws, regulations, and Executive Orders (E.O.) require the Federal government to examine the potential environmental impacts of its proposed actions on communities, public health and safety, and cultural, historic, and natural resources, including endangered and threatened species, prior to implementing those actions. The GPD process of considering these potential impacts is called an environmental and historic preservation (EHP) review

which is employed to achieve compliance with multiple EHP authorities through one consolidated process.

This proposed information collection previously published in the **Federal Register** on February 11, 2026, at 91 FR 6242 with a 60-day public comment period. FEMA received seven comments. The comments were generally supportive, although there was a negative comment. Also, one comment was concerned about cuts to FEMA funding reducing the efficacy of FEMA's grant programs, which is beyond the scope of this information collection. FEMA thanks the commentors for their time and thoughtful consideration. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Environmental and Historic Preservation Screening Form.

Type of Information Collection: Extension, without change, of a currently approved information collection.

OMB Number: 1660–0115.

FEMA Forms: FEMA Form FF–119–FY–21–105 (formerly 024–0–1), Environmental and Historic Preservation Screening Form.

Abstract: NEPA requires that each Federal agency examine the impact of a major Federal action (including the actions of recipients using grant funds) significantly affecting the quality of the human environment. This involves considering the environmental impact of the proposed action, alternatives to the proposed action, informing both decision-makers and the public of the impacts through a transparent process, and identifying mitigation measures for any potential adverse impacts. Among other environmental laws, the review also involves considering the effects of the undertaking on historic properties under Section 106 of the National Historic Preservation Act and the effects of the action on any threatened or endangered species and their habitat under Section 7 of the Endangered Species Act of 1973. This Screening Form will facilitate FEMA's review of recipient actions that are Federally-funded in FEMA's effort to comply with the environmental requirements.

Affected Public: State, local or Tribal government; Not-for-Profit Institutions.

Estimated Number of Respondents: 2,300.

Estimated Number of Responses: 2,300.

Estimated Average Time per Response: 7.2835 hours.

Estimated Total Annual Burden Hours: 16,752.

Estimated Total Annual Respondent Cost: $1,179,895.

Estimated Respondents' Operation and Maintenance Costs: $0.

Estimated Respondents' Capital and Start-Up Costs: $0.

Estimated Total Annual Cost to the Federal Government: $1,977,304.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

[Docket No. TSA–2004–19147]

Extension of Agency Information Collection Activity Under OMB Review: Flight Training Security Program

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0021, abstracted below, that we will submit to OMB for an extension, in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection supports security threat assessments for aliens (''candidates'') seeking flight training from Federal Aviation Administration (FAA)-certified providers, ensuring they do not pose a threat to aviation or national security. Flight training providers must also conduct and maintain records of security awareness training.

DATES: Send your comments by December 21, 2026. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *www.reginfo.gov/public/do/PRAMain.* Find this information collection by selecting ''Currently under Review—Open for Public Comments'' or by using the find function.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh, TSA PRA Officer, Information Technology, TSA–11, Transportation Security Administration, 6595 Springfield Center Drive, Springfield, VA 20598–6011; telephone (571) 227–2062; email *TSAPRA@tsa.dhs.gov.*

SUPPLEMENTARY INFORMATION: TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on September 4, 2026, 91 FR 56895. TSA received no comments on the notice.

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at *https://www.reginfo.gov* upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who
