B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

HUD encourages interested parties to submit comments in response to these questions.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Proposal: Generic Solution for Solicitation for HUD's Competitive Discretionary Funding Opportunity Announcements.

Type of Request: Extension and Revision.

OMB Control Number: 2501–0044.

Additional OMB control numbers applicable to government-wide standardized forms are also noted in this collection. As the burden is accounted for in those separate collections, it is not included in this calculation.

Description of the need for the information and proposed use: This is a renewal of the currently approved information collection. Minor updates were made to reference current administrative priorities and burden rates. HUD is required by 2 CFR 200.204 to publicly announce the availability of discretionary awards that are competed. To ensure grants and cooperative agreements are awarded to applicants best suited to perform the functions of the awards, applicants are generally required to perform two pre-award steps, the submission of the application and the negotiation of the individual award terms. The first part of HUD's funding applications consists of submitting the Standard Form 424 (SF–424), ''Application for Federal Assistance'' along with mandatory and optional standard government-wide and HUD forms. The burden associated with these government-wide forms are reflected in separate OMB-sponsored government-wide information collections and are not reflected in this collection.

After the applicants have been selected as part of an objective competition process, HUD usually requires negotiation between HUD and the selected applicant to determine the terms of the award. A technical proposal (or technical submission) is required during the negotiation process. During the negotiation process, HUD and the prospective recipient finalize the project scope, budget details, timeline, and compliance conditions based on the merit review/phase one application process. Once both parties reach mutual agreement, the final terms are formalized into a binding grant/cooperative agreement (sometimes called the notice of award or form HUD–1044). The provisions of 2 CFR 200.207 instruct Federal agencies to comply with the requirements of 5 CFR part 1320, ''Controlling Paperwork Burdens on the Public,'' with regard to all forms or collection of additional information used by HUD in place of or as a supplement to the SF–424 series.

Respondents: Applicants for HUD's competitively funded financial assistance awards.

Information Collection/Form Number: SF 424 (4040–0004); SF–424B (4040–0007); SF–424D (4040–0009); SF 424A (4040–0006); SF–424C (4040–0008); SF LLL (4040–0013); Lobbying Form (4040–0013); Project Abstract Summary (4040–0019); HUD–424B; HUD–424CB; HUD–424CBW; HUD–424M; HUD–426; HUD–1044; HUD–2880; HUD–50070; HUD–2996; HUD 2991; HUD 2993; Program specific requirements and rating factors (narrative and other attachments).

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: HUD estimates 30,000 respondents annually. HUD bases the following estimates on historical experience. HUD's average of 45 funding announcements per fiscal year will fall under this generic request, plus an expected average of 10 Notice of Funding Opportunities (NOFOs) derived from supplemental funding enacted outside of the regular appropriations process.

Frequency of Response: Refer to Table 1.

Responses per Annum: Refer to Table 1.

Average Burden Hours per Response: HUD estimates it takes an average of 60 working hours to prepare and submit an application in *grants.gov,* and negotiate and award grants in response to a funding announcement. For applications submitted through *esnaps.gov,* HUD estimates it takes an average of 100 working hours, including completing the registration in *esnaps.hud.gov,* preparing and submitting an application, technical submission, grant agreement execution, and proper storage of records.

Total Estimated Burdens: For purposes of this information collection request, HUD has used the average hourly earnings of a Project Management Specialist ($53.24 per hour) to monetize the value of respondent time. Therefore, the burden for these reporting activities is as follows using average response times:

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Agency Information Collection Activities; Submission to the Office of Management and Budget; Alaska Native Handicrafts

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act, the U.S. Fish and Wildlife Service (Service, we), are proposing to renew an information collection without change.

DATES: Interested persons are invited to submit comments on or before December 24, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *https://www.reginfo.gov/public/do/PRAMain.* Find this particular information collection by selecting ''Currently under Review—Open for Public Comments'' or by using the search function. Please provide a copy of your comments to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: PRB (JAO/3W), 5275 Leesburg Pike, Falls Church, VA 22041–3803 (mail); or by email to *Info_Coll@fws.gov.* Please reference ''1018–0168'' in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: Madonna Baucum, Service Information Collection Clearance Officer, by email at *Info_Coll@fws.gov,* or by telephone at (703) 358–2503. Individuals who are hearing or speech impaired may call the Federal Relay Service at 1–800–877–8339 for TTY assistance. You may also view the information collection request (ICR) at *http://www.reginfo.gov/public/do/PRAMain.*

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

On May 18, 2026, we published in the **Federal Register** (91 FR 28617) a notice of our intent to request that OMB approve this information collection. In that notice, we solicited comments for 60 days, ending on July 17, 2026. We also published the **Federal Register** notice on *Regulations.gov* (Docket No. FWS–R7–MB–2026–1884). We received one anonymous comment in response to that notice requesting the Service protect all migratory birds and animals. The commenter did not address the information collection requirements; therefore, no response is required.

As part of our continuing effort to reduce paperwork and respondent burdens, we are soliciting comments from the public and other Federal agencies on the proposed ICR described below. We are especially interested in public comments addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personally identifiable information in your comment, you
