to assure that the changes in faculty or course content continue to meet course requirements. Course sponsors also voluntarily submit an annual report to inform NIOSH of their course activity level and any faculty changes. Sponsors who elect to have their approval renewed for an additional five-year period submit a renewal application and supporting documentation for review by NIOSH staff to ensure the course curriculum meets all current standard requirements. Approved courses that elect to offer NIOSH-Approved Spirometry Refresher Courses must submit a separate application and supporting documents for review by NIOSH staff. Institutions and organizations throughout the country voluntarily submit applications and materials to become approved course sponsors and administer training. Submissions are required for NIOSH to evaluate a course and determine whether it meets the criteria in the Standard and whether technicians will be adequately trained as mandated under the Standard.

CDC requests OMB approval for a total of 144 estimated annual burden hours. There is no cost to respondents other than their time.

Proposed Information Collection Activity; Voluntary Agencies Matching Grant Program Data Reporting

AGENCY: Office of Refugee Resettlement, Administration for Children and Families, U.S. Department of Health and Human Services.

SUMMARY: The Office of Refugee Resettlement (ORR) and the Administration for Children and Families (ACF) are requesting a 3-year extension of the Voluntary Agencies Matching Grant Data Reporting (Office of Management and Budget #: 0970–0624, expiration February 28, 2027). There are no changes requested.

DATES: Comments due January 25, 2027.

ADDRESSES: In compliance with the requirements of the Paperwork Reduction Act, ACF is soliciting public comment on the specific aspects of the information collection described above. You can obtain copies of the proposed collection of information and submit comments by emailing *infocollection@acf.hhs.gov.* Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: This Matching Grant Program data collection is designed to satisfy the statutory requirements of the Immigration and Nationality Act (INA). Section 412(a)(3) of INA (8 U.S.C. 1522(a)(3)) requires that the Director of ORR make a periodic assessment of the needs of refugees for assistance and services and the resources available to meet those needs. In addition, section 412(a)(7) of INA (8 U.S.C. 1522(a)(7)) requires ORR to develop a system to monitor the assistance provided under the Refugee Act that includes evaluation of the effectiveness of the program and data collection on the services provided and the results achieved. ORR proposes collecting both case-level and client-level data elements at multiple points in time, which will allow the ORR Director to better understand client demographics, services utilized, and the outcomes achieved by clients enrolled in the Matching Grant Program. Data elements include biographical information, progress made toward achieving self-sufficiency, and employment status. The data collected will inform evidence-based policy making and program design.

Respondents: National resettlement agencies participating in the Matching Grant Program.

ANNUAL BURDEN ESTIMATES

Information collection	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
Voluntary Agencies Matching Grant Program Data Reporting—Data System	7	1	60	420	140
Voluntary Agencies Matching Grant Program Data Reporting—Monthly Uploads	7	36	16	4,032	1,344
Estimated Total Annual Burden Hours					1,484

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: 8 U.S.C. 412(a)(3) and 412(a)(7).
