proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP27–15–000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website (*www.ferc.gov*) under the link to Documents and Filings. New eFiling users must first create an account by clicking on ''eRegister.'' You will be asked to select the type of filing you are making; first select ''General'' and then select ''Protest'', ''Intervention'', or ''Comment on a Filing''; or [8]

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP27–15–000.

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other method: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or *FercOnlineSupport@ferc.gov.*

Protests and motions to intervene must be served on the applicant either by mail at: David A. Alonzo, Director of Certificates, Columbia Gas Transmission, LLC, 700 Louisiana Street, Suite 1300, Houston, Texas 77002–2700, or by email (with a link to the document) at *david_alonzo@tcenergy.com.* Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from OPP at (202) 502–6595 or on the FERC website at *www.ferc.gov* using the ''eLibrary'' link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to *www.ferc.gov/docs-filing/esubscription.asp.*

[8] Additionally, you may file your comments electronically by using the eComment feature, which is located on the Commission's website at *www.ferc.gov* under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2943–007]

The City of Columbus, Ohio; Notice of Intent To Prepare an Environmental Assessment

On July 6, 2026, the City of Columbus, Ohio (exemptee) filed an application for surrender of exemption from licensing for the O'Shaughnessy Dam Hydroelectric Facility Project No. 2943. The project is located on the Scioto River, in Delaware County, Ohio. The project does not occupy federal lands.

The exemptee proposes to surrender its exemption from licensing and decommission the project by sealing off the intakes and backfilling all major components with cementitious materials and securing the site by placing fill within the existing structure walls. The dam and reservoir would remain in place to provide the water supply for the City of Columbus, Ohio.

On September 28, 2026, the Commission issued a Notice of Application for Surrender of Exemption Accepted for Filing and Soliciting Comments, Motions to Intervene, and Protest. No stakeholders submitted comments.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) under the National Environmental Policy Act (42 U.S.C. 4321 *et seq)* for the project.[1] Commission staff plans to issue an EA by June 25, 2027.

Commission staff may revise the schedule as appropriate. Commission staff will issue the EA for a 30-day comment period and will review all comments filed on the EA and consider them in the Commission's final decision on the proceeding.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or *OPP@ferc.gov.*

Any questions regarding this notice may be directed to Kimberlee Harding at 202–502–6675 or *Kimberlee.Harding@ferc.gov.*

(Authority: 18 CFR 2.1)

Dated: November 19, 2026.

Debbie-Anne A. Reese,

Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 4900–090]

Forestport Hydro, LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for license for the Forestport Hydroelectric Project No. 4900 (project), located on the Black River in Oneida County, New York, and prepared an Environmental Assessment (EA) for the project.[1]

The EA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA may be viewed on the Commission's website at *http://*
