Needs and Uses: The information collection requirement supported by these DD Forms supports contractor requirements to have government approval of contract flight crewmembers and contract flights as specified in Defense Contract Management Command Instruction (DCMA INST) 8210.1, Contractor's Ground and Flight Operations. The contractor provides information on contractor personnel to the government. The government approves the contractor's request for aircrew training and, eventually, approval for contractor personnel to operate and fly government aircraft. The government also approves all flights under contract.

The DD Form 2627 is used by contractors to request qualification training for contractor crewmembers. The contractor provides a personal history, verifies the crewmember's records, and requests government approval for training in a particular type of government aircraft. The 2627 and supporting documentation can be provided in hard or soft copy.

The DD Form 1821 is used by contractors to provide a succinct summary of a crewmember's flight history. This form is submitted along with DD Form 2627 as part of the supporting documentation for the request for qualification training.

The DD Form 2628 is used by contractors to request aircrew qualification for contractor crewmembers. The contractor verifies the crewmember's training completion and requests government approval for specific aircrew qualification in a particular type of government aircraft. The 2628 and supporting documentation can be provided in hard or soft copy.

The DD Form 3062 is used by contractors to request approval of flights under contract. The 3062 can be provided in hard or soft copy. Without the approval from the government, the contractor cannot fly under the liability coverage provided by DFARS 252.228–7001, Ground and Flight Risk.

Affected Public: Individuals or households.

Frequency: DD Forms 1821, 2627, and 2628 are completed once to verify a contractor's aircrew qualification. DD Form 3062 is completed as needed to request approval of flights under contract.

Respondent's Obligation: Voluntary.

DoD Clearance Officer: Mr. Reginald Lucas.

Dated: November 20, 2026.
