Certain Oil Country Tubular Goods From the United Arab Emirates: Postponement of Final Determination of Sales at Less Than Fair Value Investigation and Extension of Provisional Measures; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the **Federal Register** on November 16, 2026, in which Commerce postponed the deadline for issuing the final determination in the less-than-fair-value (LTFV) investigation of certain oil country tubular goods (OCTG) from the United Arab Emirates (UAE) and extended the application of provisional measures in that investigation. This notice corrects the postponed deadline for the final determination from March 15, 2027, to March 19, 2027.

FOR FURTHER INFORMATION CONTACT: Alexander Rodriguez, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0190.

SUPPLEMENTARY INFORMATION:

Background

On November 16, 2026, Commerce published in the **Federal Register** its postponement of the final determination of sales at less than fair value in the LTFV investigation of OCTG from the UAE and extension of provisional measures.[1] In that notice, Commerce postponed the deadline for the final determination until 135 days after the date of publication of the *Preliminary Determination*,[2] in accordance with section 735(a)(2) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(2). Because Commerce published its *Preliminary Determination* in the **Federal Register** on November 4, 2026, the correct postponed deadline is March 19, 2027. The notice, however, inadvertently stated the postponed deadline as March 15, 2027. In addition, footnote 4 is no longer relevant because the correct deadline falls on a weekday.

Correction

In the **Federal Register** of November 16, 2026, in FR Doc. 2026–23276, on page 73528, in the first column, correct the **SUMMARY** caption to read: ''The U.S. Department of Commerce (Commerce) is postponing the deadline for issuing the final determination in the less-than-fair-value (LTFV) investigation of Oil Country Tubular Goods (OCTG) from the United Arab Emirates (UAE) until March 19, 2027.''

In the **Federal Register** of November 16, 2026, in FR Doc. 2026–23276, on page 73528, in the second column, in the ''Postponement of Final Determination'' caption, correct the last sentence to read: ''Accordingly, Commerce will issue its final determination no later than March 19, 2027.''

In the **Federal Register** of November 16, 2026, in FR Doc. 2026–23276, on page 73528, in the second column, remove footnote 4.

Notification to Interested Parties

This notice is issued and published in accordance with 19 CFR 351.210(g).

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines on a country-wide basis that imports of certain corrosion-resistant steel products (CORE) completed in Indonesia using hot-rolled steel (HRS) or cold-rolled steel (CRS) manufactured in the People's Republic of China (China) are not circumventing the antidumping duty (AD) and countervailing duty (CVD) orders on CORE from China. The period of inquiry is January 1, 2021, through December 31, 2025. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable November 24, 2026.

FOR FURTHER INFORMATION CONTACT: Cassie Graham or Garrison Goetsch, Office of Policy, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2159 or (202) 482–1606, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 25, 2016, Commerce published in the **Federal Register** the AD and CVD orders on CORE from China.[1] On March 25, 2026, Commerce initiated a country-wide circumvention inquiry pursuant to section 781(b) of the Tariff Act of 1930, as amended (the Act), to determine whether imports of CORE completed in Indonesia using HRS or CRS manufactured in China are circumventing the *Orders,* and, accordingly, should be covered by the scope of the *Orders*.[2]

On April 9, 2026, Commerce issued quantity and value (Q&V) questionnaires to PT. AMNS (AMNS), NS BlueScope Indonesia (NS BlueScope), PT. Sunrise Steel (Sunrise), and PT. Tata Metal Lestari (TML).[3] Between April 21 and 23, 2026, Commerce received timely responses to the Q&V questionnaire from all four companies, in addition to one voluntary response from PT Aluminium Extrusion Indonesia (PT Alex Indo).[4] On July 28,

The products covered by these *Orders* are certain flat-rolled steel products, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-, aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished, laminated, or coated with plastics or other non-metallic substances in addition to the metallic coating. For a full description of the scope of the *Orders, see* the Preliminary Decision Memorandum.[8]

Merchandise Subject to the Circumvention Inquiry

This circumvention inquiry covers CORE completed in Indonesia using Chinese-origin HRS or CRS that is subsequently exported from Indonesia and imported into the United States (inquiry merchandise).

Methodology

Certain Passenger Vehicle and Light Truck Tires From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2024–2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that producers/exporters subject to this review made sales of subject merchandise at less than normal value during the period of review (POR) August 1, 2024, through July 31, 2025.

DATES: Applicable November 24, 2026.

FOR FURTHER INFORMATION CONTACT: Eric Chen, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2860.

SUPPLEMENTARY INFORMATION:

Background

On July 16, 2026, Commerce referred potential evasion of antidumping duties to U.S. Customs and Border Protection (CBP).[1] On July 17, 2026, we published the *Preliminary Results* of the 2024–2025 administrative review of the antidumping duty order on certain passenger vehicle and light truck tires (passenger tires) from the People's Republic of China (China) in the **Federal Register** and invited interested parties to comment.[2] We received no comments. Accordingly, we made no changes from the *Preliminary Results,* we adopt the *Preliminary* Results as the final results; thus, there is no decision memorandum accompanying this notice. Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order [3]

The products covered by the *Order* are passenger tires from China. For a complete description of the scope of the *Order, see* the *Preliminary Results.*

Final Results of Review

For the final results, we continue to find that, because Triangle Tyre Co., Ltd (Triangle); Shandong Yongsheng Rubber Group Co., Ltd. (Yongsheng); and Shandong Zhongyi Rubber Co., Ltd. (Zhongyi) failed to establish their eligibility for a separate rate,[4] they are part of the China-wide entity. Because no party requested a review of the China-wide entity in this review, China-wide entity is not under review and the China-wide entity rate (*i.e.,* 76.46 percent) [5] is not subject to change.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce has not performed any calculations in this review, there are no calculations to disclose for these final results.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce has determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Specifically, we will instruct CBP to liquidate all entries of subject merchandise exported by Triangle, Yongsheng, and Zhongyi during the POR at the rate for the China-wide entity (*i.e.,* 76.46 percent).

Commerce intends to issue these assessment instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication). Pursuant to commerce Practice, we will instruct CBP to liquidate entries from the China-wide entity at 76.46 percent.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Chinese and non-Chinese exporters for which a review was not requested and that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.,* 76.46 percent); and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or
