reviewed companies not covered by this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the LTFV investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 13.35 percent, the all-others rate established in the LTFV investigation.[23] These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: November 20, 2026.

Rate for Non-Individually Examined Companies

The Act and Commerce's regulations do not address the rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the weighted-average dumping margin for respondents that were not individually examined in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average dumping margins established for exporters and producers individually investigated, excluding any rates that are zero, *de minimis,* or based entirely on facts available.

In this administrative review, we calculated weighted-average dumping margins for ATC and MTPL that are not zero, *de minimis,* or based entirely on facts available. Accordingly, we assigned to the companies under review that were not selected for individual examination a weighted-average dumping margin equal to the weighted average of the estimated weighted-average dumping margins calculated for ATC and MTPL, weighted by their publicly ranged U.S. sales values, consistent with the guidance in section 735(c)(5)(A) of the Act.[9] The companies not selected for individual examination are listed in Appendix II.

Final Results of Review

As a result of this review, we determine the following estimated weighted-average dumping margins exist for the period March 1, 2024, through February 28, 2025:

Producer/exporter	Weighted-average dumping margin (percent)
ATC Tires Private Ltd.; ATC Tires AP Private Limited	2.17
Mahansaria Tyres Private Limited	1.07
Review-Specific Rate for Non-Selected Companies[10]	2.00

Disclosure

Commerce intends to disclose the calculations and analysis performed in connection with the final results of this administrative review to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the publication date of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by the final results of this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication date of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

Commerce calculated importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those sales. Because ATC and MTPL did not report the actual entered value for their U.S. sales, we calculated importer-specific, per-unit assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total quantity of those sales.[11] Where an importer specific assessment rate is zero or *de minimis,* we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.[12]

In accordance with Commerce's ''automatic assessment'' practice, for entries of subject merchandise during the POR produced by ATC or MTPL for which they did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate calculated in the less-than-fair-value (LTFV) investigation if there is no rate for the intermediate company(ies) involved in the transaction.[13]

Finally, for the companies listed in Appendix II which were not selected for individual review, we will assign an assessment rate based on the review-specific rate, as described in the ''Rate for Non-Individually Examined Companies'' section, above.[14]

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be that established in the final results of this review; (2) for previously investigated or reviewed companies not covered by this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the LTFV investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be zero percent, the all-others rate established in the LTFV investigation.[15] These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with

[9] With two respondents under examination, Commerce normally calculates: (A) a weighted-average of the dumping margins calculated for the examined respondents; (B) a simple average of the dumping margins calculated for the examined respondents; (C) a weighted-average of the dumping margins calculated for the examined respondents using each company's publicly ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) the most appropriate rate for all other producers and exporters. *See, e.g., Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part,* 75 FR 53661, 53663 (September 1, 2010); *see also* Memorandum, ''Calculation of the Non-Selected Company Rate for the Final Results,'' dated concurrently with this notice.

this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification of Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).
