Notice of Availability of Proposed National Pollutant Discharge Elimination System (NPDES) General Permit for Bulk Fuel Facilities in Guam

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability of proposed NPDES general permit.

SUMMARY: The Environmental Protection Agency (EPA), Region 9 is proposing to reissue an NPDES general permit for water discharges from bulk fuel facilities located in Guam (Permit No. GUG000001). The permit will be reissued upon completion of the notice and comment period and after due consideration has been given to all comments received. Upon issuance, the permit will be valid for five years. Use of an NPDES general permit allows EPA and dischargers to allocate resources in a more efficient manner while ensuring consistent permit conditions for comparable facilities. This notice announces the availability of the proposed NPDES general permit and the corresponding fact sheet for public comment, both of which can be found on EPA Region 9's website: *https://www.epa.gov/npdes-permits/npdes-permits-epas-pacific-southwest-region-9.* The EPA is also taking comment on the frequency, duration, and volume of water discharges from these bulk fuel facilities for the years including 2019 to 2024. A prior version of this permit was published for public review in the **Federal Register** on April 17, 2025. The current version available for public review incorporates changes based on additional discharge data submitted by permittees and revised habitat monitoring as an outcome of Endangered Species Act and Essential Fish Habitat consultations with the National Marine Fisheries Service.

DATES: Comments on the proposed NPDES general permit must be received by December 28, 2026.

ADDRESSES: Documents and instructions for submitting comments related to this proposed NPDES general permit are available for public inspection online at: *https://www.epa.gov/npdes-permits/npdes-permits-epas-pacific-southwest-region-9.* If there are issues accessing the website, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Bryn Copson, EPA Region 9, Water Division, NPDES Permits Office; telephone (415) 972–3663; email address: *Copson.Bryn@epa.gov.* The proposed NPDES general permit and other related documents in the administrative record are on file and may be inspected any time between 9 a.m. and 5 p.m., Monday through Friday, excluding legal holidays, at the following address: U.S. EPA Region 9, NPDES Permits Section, Water Division, 75 Hawthorne Street, San Francisco, CA 94105–3901.

SUPPLEMENTARY INFORMATION:

A. Does this action apply to me?

The proposed NPDES General Permit for Bulk Fuel Facilities in Guam is intended to provide NPDES permit coverage to certain discharges from the following bulk fuel storage facilities operating in Guam:

a. Mobil Oil Guam Inc. Cabras Terminal,
b. Tristar Guam F–1 Pier Terminal,
c. South Pacific Petroleum Corporation Cabras Island Terminal,
d. Tristar Guam Agat Terminal, and
e. Guam Power Authority Piti Terminal.

The proposed permit does not provide coverage for any other discharges or facilities.

B. How can I submit comments?

- Submit comments by the deadline identified in this **Federal Register** notice.
- No public hearing is planned. If you would like to request a hearing, please see instructions at: *https://www.epa.gov/npdes-permits/npdes-permits-epas-pacific-southwest-region-9.*
