(v) Early Termination

The exemption is valid for 5 years from the date of issuance unless rescinded earlier by FMCSA. FMCSA will terminate the exemption if: (1) the Applicant fails to comply with the terms and conditions of the exemption; (2) the exemption results in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of Title 49, chapter 313 or section 31136.

(vi) Notification From the Public

Interested parties possessing information that would demonstrate that Liberty's CMVs equipped with Intellistop's pulsating rear-light module may not be achieving the requisite statutory level of safety should immediately notify FMCSA. The Agency will evaluate any such information and, if safety is being compromised or if the continuation of the exemption is not consistent with 49 U.S.C. 31136(e) and 31315(b), will take immediate steps to revoke the exemption.

(vii) Non-Endorsement

This limited and conditional exemption does not constitute an endorsement of the Intellistop product by FMCSA, NHTSA, the U.S. DOT, or any of their components, or by any of these agencies' employees or agents. As a condition of the continued effectiveness of this exemption, Intellistop is expressly prohibited from describing its product as approved by, endorsed by, or otherwise authorized by FMCSA, NHTSA, or U.S. DOT, or as compliant with Federal safety regulations.

VII. Preemption

In accordance with 49 U.S.C. 31315(d), as implemented by 49 CFR 381.600, during the period this exemption is in effect, no State shall enforce any law or regulation applicable to interstate commerce that conflicts with or is inconsistent with this exemption. States may, but are not required to, adopt the same exemption with respect to operations in intrastate commerce.
