Request for Panel Review (the deadline for filing a Complaint was November 2, 2026);

(b) A Party, an investigating authority or other interested person who does not file a Complaint but who intends to participate in the panel review shall file a Notice of Appearance in accordance with Rule 45 no later than 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance was November 16, 2026);

(c) The panel review will be limited to the allegations of error of fact or law, including challenges to the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and to the procedural and substantive defenses raised in the panel review.

Dated: November 23, 2026.

Vidya Desai,

United States Secretary, USMCA Secretariat.

DEPARTMENT OF COMMERCE

International Trade Administration

United States-Mexico-Canada Agreement (USMCA), Article 10.12: Binational Panel Review: Notice of Request for Panel Review

AGENCY: United States Section, USMCA Secretariat, International Trade Administration, Department of Commerce.

ACTION: Notice of USMCA Request for Panel Review.

SUMMARY: A Request for Panel Review was filed in the matter of Liquid Caustic Soda from the United States: Final Resolution regarding the Antidumping Duty Administrative Review with the Mexican Section of the USMCA Secretariat on June 27, 2025. The subject merchandise is classified under Mexico's Tarriff code: 2815.12.01. The Request for Panel Review was filed on behalf of Innophos Fosfatados de México, S. de R.L. de C.V. The USMCA Secretariat has assigned case number MEX–USA–2025–10.12–01 to this request.

FOR FURTHER INFORMATION CONTACT: Vidya Desai, United States Secretary, USMCA Secretariat, Room 2061, 1401 Constitution Avenue NW, Washington, DC 20230, 202–482–5438.

SUPPLEMENTARY INFORMATION: The final result of the investigation under review was determined by Mexico's Secretaría de Economía and was published in the *Diario Oficial de la Federacion* on May 29, 2025.

Article 10.12 of Chapter 10 of USMCA provides a dispute settlement mechanism involving trade remedy determinations issued by the Government of the United States, the Government of Canada, and the Government of Mexico. Following a Request for Panel Review, a Binational Panel is composed to review the trade remedy determination being challenged and issue a binding Panel Decision. There are established USMCA *Rules of Procedure for Article 10.12 (Binational Panel Reviews),* which were adopted by the three governments for panels requested pursuant to Article 10.12(2) of USMCA which requires Requests for Panel Review to be published in accordance with Rule 40. For the complete Rules, please see *https://can-mex-usa-sec.org/secretariat/agreement-accord-acuerdo/usmca-aceum-tmec/rules-regles-reglas/article-article-articulo_10_12.aspx?lang=eng.*

The Rules provide that:

(a) A Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 44 no later than 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint was July 28, 2025);

(b) A Party, an investigating authority or other interested person who does not file a Complaint but who intends to participate in the panel review shall file a Notice of Appearance in accordance with Rule 45 no later than 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance was August 11, 2025);

(c) The panel review will be limited to the allegations of error of fact or law, including challenges to the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and to the procedural and substantive defenses raised in the panel review.

Dated: November 23, 2026.

Vidya Desai,

United States Secretary, USMCA Secretariat.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XG200]

Endangered Species; File No. 29913

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the New Jersey Department of Environmental Protection, 360 North New York Road, Port Republic, NJ 08205 (Responsible Party: Jeffrey Brust), has applied in due form for a permit to take Atlantic sturgeon (*Acipenser oxyrinchus*) for purposes of scientific research.

DATES: Written comments must be received on or before December 28, 2026.

ADDRESSES: The application and related documents are available for review by selecting ''Records Open for Public Comment'' on the Authorizations and Permits for Protected Species home page, *https://www.webapps.nwfsc.noaa.gov/apex/ifq/r/ifqws/apps/home,* and then selecting File No. 29913 from the list of available applications. These documents are also available upon written request via email to *NMFS.Pr1Comments@noaa.gov.*

Written comments on this application should be submitted via email to *NMFS.Pr1Comments@noaa.gov.* Please include File No. 29913 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to *NMFS.Pr1Comments@noaa.gov.* The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Erin Markin, Ph.D., or Jennifer Skidmore, (301) 427–8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226).

The applicant proposes to conduct research on Atlantic sturgeon incidentally captured in the New Jersey Ocean Trawl Survey to understand seasonal distribution, habitat use, and movement patterns in New Jersey marine waters, including state waters and adjacent Federal waters of the Mid-Atlantic Bight. Up to 21 adult/subadult and 4 juvenile Atlantic sturgeon would be anesthetized, tagged (internal acoustic, dart), and weighed, annually, prior to release. The permit would be valid for up to 5 years from the date of issuance.

Dated: November 24, 2026.

Nature McGinn,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

Endangered Species; File No. 29910

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the Connecticut Department of Energy and Environmental Protection, 333 Ferry Road, Old Lyme, CT 06371 (Responsible Party: Jacqueline Benway Roberts), has applied in due form for a permit to take Atlantic sturgeon (*Acipenser oxyrinchus*) and shortnose sturgeon (*A. brevirostrum*) for purposes of scientific research.

DATES: Written comments must be received on or before December 28, 2026.

ADDRESSES: The application and related documents are available for review by selecting ''Records Open for Public Comment'' on the Authorizations and Permits for Protected Species home page, *https://www.webapps.nwfsc.noaa.gov/apex/ifq/r/ifqws/apps/home,* and then selecting File No. 29910 from the list of available applications. These documents are also available upon written request via email to *NMFS.Pr1Comments@noaa.gov.*

Written comments on this application should be submitted via email to *NMFS.Pr1Comments@noaa.gov.* Please include File No. 29910 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to *NMFS.Pr1Comments@noaa.gov.* The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Erin Markin, Ph.D., or Jennifer Skidmore, (301) 427–8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226).

The applicant proposes to conduct research on adult, sub-adult, and juvenile Atlantic and shortnose sturgeon captured via gill nets and trawls in Connecticut rivers and the Long Island Sound to understand recruitment, habitat utilization, seasonal movements, and population size and structure. Up to 1,010 Atlantic sturgeon and 1,325 shortnose sturgeon would be marked (passive integrated transponder), measured, biologically sampled (fin clip), photographed/videoed, and weighed, annually, prior to release. A subset of sturgeon would be anesthetized, tagged (internal transmitter), biologically sampled (fin ray), and lavaged, prior to release. Early life stages of both species will be collected using egg mats. The applicant requests up to one unintentional mortality of an adult/subadult and a juvenile Atlantic and shortnose sturgeon annually. See application for detailed requested take numbers. The permit would be valid for up to 10 years from the date of issuance.

Dated: November 24, 2026.

Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands Management Area; 2026 Cost Recovery Fee Notice for the Western Alaska Community Development Quota and Trawl Limited Access Privilege Programs

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of standard prices and fee percentage.

SUMMARY: NMFS publishes the 2026 standard prices and fee percentages for cost recovery for the Amendment 80 Program, the American Fisheries Act (AFA) Program, the Aleutian Islands Pollock (AIP) Program, and the Western Alaska Community Development Quota (CDQ) Program in the Bering Sea Aleutian Islands (BSAI) management area. The fee percentages for 2026 are 0.94 percent for the Amendment 80 Program, 0.46 percent for the AFA inshore cooperatives, 0 percent for the AIP program, and 0.93 percent for the CDQ Program. This notice is intended to provide the 2026 standard prices and fee percentages to calculate the required payment for cost recovery fees due by December 31, 2026.

DATES: The standard prices and fee percentages are valid on November 27, 2026.

FOR FURTHER INFORMATION CONTACT: Tristan Mandeville, Fee Coordinator, 907–586–7231.

SUPPLEMENTARY INFORMATION:

Background

Section 304(d) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) authorizes and requires that NMFS collect cost recovery fees for limited access privilege programs and the CDQ Program. Cost recovery fees include NMFS' actual costs directly related to its management, data collection, and enforcement of the programs. Section 304(d) of the Magnuson-Stevens Act mandates that cost recovery fees not exceed 3 percent of the annual ex-vessel value of fish harvested under any program subject to a cost recovery fee and that the fee be collected either at the time of landing, filing of a landing report, or sale of such fish during a fishing season or in the last quarter of the calendar year in which the fish is harvested.

NMFS manages the Amendment 80 Program, AFA Program, and AIP Program as limited access privilege programs. On January 5, 2016, NMFS published a final rule to implement cost recovery for these three limited access privilege programs and the CDQ program (81 FR 150, January 5, 2016). The designated representative (for the purposes of cost recovery) for each program is responsible for submitting the fee payment to NMFS on or before December 31 of the year in which the landings were made. The total dollar amount of the fee due is determined by multiplying the NMFS published fee percentage by the ex-vessel value of all landings under the program made during the fishing year. NMFS publishes this notice of the fee percentages for the Amendment 80, AFA, AIP, and CDQ programs in the **Federal Register** by December 1 each year.

Standard Prices

The fee liability is based on the ex-vessel value of fish harvested in each program. For purposes of calculating cost recovery fees, NMFS uses a
