Transmission Tariff as filed in Docket No. OA96–194–000. This Tariff, filed with FERC on July 9, 1996, will allow NMPC and Village of Philadelphia to enter into separately scheduled transactions under which NMPC will provide network integration transmission service for Village of Philadelphia as the parties may mutually agree.

NMPC requests an effective date of July 1, 1998. NMPC has requested waiver of the notice requirements for good cause shown.

NMPC has served copies of the filing upon the New York State Public Service Commission and Village of Philadelphia.

Comment date: August 10, 1998, in accordance with Standard Paragraph E at the end of this notice.

32. Niagara Mohawk Power Corporation

[Docket No. ER98–3832–000]

Take notice that on July 21, 1998, Niagara Mohawk Power Corporation (NMPC), tendered for filing with the Federal Energy Regulatory Commission an executed Network Integration Transmission Service Agreement and an executed Network Operating Agreement between NMPC and Village of Akron. The Network Integration Transmission Service Agreement and Network Operating Agreement specifies that Village of Akron has signed on to and has agreed to the terms and conditions of NMPC's Open Access Transmission Tariff as filed in Docket No. OA96–194–000. This Tariff, filed with FERC on July 9, 1996, will allow NMPC and Village of Akron to enter into separately scheduled transactions under which NMPC will provide network integration transmission service for Village of Akron as the parties may mutually agree.

NMPC requests an effective date of July 1, 1998. NMPC has requested waiver of the notice requirements for good cause shown.

NMPC has served copies of the filing upon the New York State Public Service Commission and Village of Akron.

Comment date: August 10, 1998, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraphs

E. Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of these filings are on file with the Commission and are available for public inspection.

David P. Boergers,

Acting Secretary.

[Project No. 2413–034]

Georgia Power Company; Notice of Availability of Environmental Assessment

July 27, 1998.

An environmental assessment (EA), is available for public review. The EA was prepared for an application filed by the Georgia Power Company, on September 25, 1997, requesting the Commission's authorization to permit a water withdrawal facility to be installed within the project boundary to withdraw up to 4 million gallons of water per day from the project reservoir. The water will be withdrawn by the City of Madison, Georgia to be treated and used for human consumption.

The EA finds that approval of the application would not constitute a major federal action significantly affecting the quality of the human environment. The Wallace Dam Project is located on the Oconee River, in Putnam, Morgan, Oconee, Oglethorpe, Greene, and Hancock Counties, Georgia.

The EA was written by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the EA can be viewed at the Commission's Reference and Information Center, 888 First Street, N.E., Washington, D.C. 20426. Copies can also be obtained by calling the project manager, Pete Yarrington, at (202) 219–2939.

[Project No. 2016–022]

City of Tacoma; Notice of Availability of Final Environmental Assessment

July 27, 1998.

A final environmental assessment (EA) is available for public review. The final EZ analyzes the environmental impacts of approving a settlement agreement among the City of Tacoma, U.S. Fish and Wildlife Service, and Washington Department of Fish and Wildlife (the parties) for the Cowlitz River Project No. 2016–022. The City of Tacoma is the project's licensee and the project is located on the Cowlitz River at river miles 52 and 65, near the town of Mossyrock, Washington.

The settlement agreement among the parties creates a 14,000 acre wildlife mitigation area to be managed by the Washington Department of Fish and Wildlife. All 14,000 acres will be included in the project boundary and managed according to a wildlife management plan once finalized. The final EA finds that creating the new wildlife mitigation area would not constitute a major federal action significantly affecting the quality of the human environment. The final EA was written by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the final EA can be obtained by calling the Commission's Public Reference room at (202) 208–1371.
