Medicare Program; Changes to the Hospital Inpatient Prospective Payment Systems and Fiscal Year 2000 Rates; Corrections

AGENCY: Health Care Financing Administration (HCFA), HHS.

ACTION: Proposed rule; correction notice.

SUMMARY: In the May 7, 1999 issue of the **Federal Register** (64 FR 24716), we published a proposed rule to revise the Medicare hospital inpatient prospective payment systems for operating costs and capital-related costs to implement necessary changes arising from our continuing experience with the system. This document corrects errors made in that document.

FOR FURTHER INFORMATION CONTACT: Stephen Phillips (410) 786–4531.

SUPPLEMENTARY INFORMATION: In publishing Table 3C of the Addendum to the May 7, 1999 proposed rule (64 FR 24765 through 24793), which lists each hospital's case mix index and adjusted average hourly wage, we inadvertently omitted some hospitals and we listed other hospitals more than once with different data.

However, the table as published in the May 7,1999 **Federal Register** showed correct figures for the vast majority of hospitals. The corrected Table 3C is as follows. The average hourly wages shown in the corrected Table 3C reflect corrections only for a limited number of hospitals and are based on data on file at HCFA as of February 22, 1999. They do not reflect any changes processed after that date. Hospitals should review their final wage data (available on
