FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Submission for OMB Review; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency has submitted the following proposed information collection to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3507).

Title: Post Construction Elevation Certificate/Floodproofing Certification.

Type of Information Collection: Revision of a currently approved collection.

OMB Number: 3067–0077.

Abstract: The Elevation Certificate and Floodproofing Certificate are adjuncts to the application for flood insurance. The certificates are required for proper rating of post-Flood Insurance Rate Map (FIRM) structures, which are buildings constructed after publication of the FIRM, for flood insurance in Special Flood Hazard Areas. In addition, the Elevation Certificate is needed for pre-FIRM structures being rated under post-FIRM flood insurance rules. The certificates provide community officials and others, with standardized documents that are readily needed.

The certificates are supplied to insurance agents, community officials, surveyors, engineers, architects, and NFIP policyholders/applicants. The community officials or other professionals provide the elevation data required to document conformance with floodplain management regulations and for the applicants, so that actuarial insurance rates can be charged. The elevation data is transmitted to the NFIP by the insurance applicant or agent with the appropriate NFIP policy forms.

The data is also used to assist FEMA in measuring the effectiveness of the NFIP regulations in eliminating or decreasing damage caused by flooding and the appropriateness of the NFIP premium charge for insuring property against the flood hazard.

Affected Public: Individuals and households, businesses or other For-profit, not-for-profit institutions, Farms, and state, Local or Tribal Governments.

Number of Respondents: 73,650.

Estimated Time per Respondent: FEMA Form 81,31, Elevation Certificate-2.25 hours; FEMA Form 81–65, Floodproofing Certificate for Non-Residential Structures-3.25 hours.

Estimated Total Annual Burden Hours: 166,362.

Frequency of Response: One per Building.

COMMENTS: Interested persons are invited to submit written comments on the proposed information collection to the Desk Officer for the Federal Emergency Management Agency, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503 within 30 days of the date of this notice.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Muriel B. Anderson, FEMA Information Collections Officer, Federal Emergency Management Agency, 500 C Street, SW, Room 316, Washington, DC 20472. Telephone number (202) 646–2625.
