International Trade Administration

Extension of Time Limit for Final Results of Five-Year Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for final results of five-year (''sunset'') reviews.

SUMMARY: The Department of Commerce (''the Department'') is extending the time limit for the final results of 16 expedited sunset reviews initiated on June 1, 1999 (64 FR 29261) covering various antidumping and countervailing duty orders. Based on adequate responses from domestic interested parties and inadequate responses from respondent interested parties, the Department is conducting expedited sunset reviews to determine whether revocation of the antidumping and countervailing duty orders would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy. As a result of these extensions, the Department intends to issue its final results not later than December 28, 1999.

EFFECTIVE DATE: October 12, 1999.

FOR FURTHER INFORMATION CONTACT: Eun W. Cho, Kathryn B. McCormick or Melissa G. Skinner, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482–1698, or (202) 482–1560 respectively.

Extension of Final Results

In accordance with section 751(c)(5)(C)(v) of the Tariff Act of 1930, as amended (''the Act''), the Department may treat a sunset review as extraordinarily complicated if it is a review of a transition order (*i.e.*, an order in effect on January 1, 1995). The Department has determined that the sunset reviews of the following antidumping and countervailing duty orders are extraordinarily complicated:

A–428–802 Industrial Belts Except Synchronous & V Belts from Germany

A–475–802 Synchronous and V-Belts from Italy

A–588–807 Industrial Belts from Japan

A–559–802 V-Belts from Singapore

A–351–804 Industrial Nitrocellulose from Brazil

A–427–009 Industrial Nitrocellulose from France

A–428–803 Industrial Nitrocellulose from Germany

A–588–812 Industrial Nitrocellulose from Japan

A–580–805 Industrial Nitrocellulose from Korea

A–570–802 Industrial Nitrocellulose from the People's Republic of China

A–412–803 Industrial Nitrocellulose from the United Kingdom

A–479–801 Industrial Nitrocellulose from Yugoslavia

A–122–804 Steel Rail from Canada

C–122–805 Steel Rail from Canada

A–588–810 Mechanical Transfer Presses from Japan

Therefore, the Department is extending the time limit for completion of the final results of these reviews until not later than December 28, 1999, in accordance with section 751(c)(5)(B) of the Act.

Dated: September 29, 1999.

Assistant Secretary for Import Administration.
