Description: In the Third Report and Order issued in CC Docket No. 96-115, the Commission clarifies and particularizes the statutory obligations of section 222 of the Communications Act of 1996. Section 222(e) states that a telecommunications carrier that provides "telephone exchange service" shall provide subscriber list information "gathered in its capacity as a provider of such service on a timely and unbundled basis, under nondiscriminatory and reasonable rates, terms, and conditions, to any person upon request for the purpose of publishing directories in any format." a. Provision of Subscriber List Information: Telecommunications carriers that provide telephone exchange service must provide subscriber list information gathered in its capacity as a provider of such service on a timely and unbundled basis, under nondiscriminatory and reasonable rates, terms, and conditions, to any person upon request for the purpose of publishing directories in any format. See 47 CFR Section 64.2309. Carriers are obligated to provide updated subscriber list information to requesting directory publishers. Carriers are required to provide requesting directory publishers with notice of changes in subscriber list information to the extent those changes reflect customers' decisions to cease having particular telephone numbers listed. Upon request, a carrier that has received at least thirty days advance notice also must provide subscriber list information on any periodic basis that the carrier's internal systems can

accommodate. (No. of respondents: 2000; hours per response: 10 hours; total annual burden: 20,000 hours). b. If a carrier's internal systems do not permit the carrier to provide subscriber list information within the requested timeframe, the carrier must inform the directory publisher that the requested schedule cannot be accommodated and tell the directory publisher which schedules can be accommodated. See 47 CFR 64.2313. A directory publisher may request that a carrier unbundle subscriber list information on any basis for the purpose of publishing one or more directories. If the carrier's internal systems do not permit it to unbundle subscriber list information on the basis a directory publisher requests, the carrier must inform the directory publisher that it cannot unbundle subscriber list information on the requested basis and tell the directory publisher the basis on which the carrier can unbundle subscriber list information; and provide subscriber list information to the directory publisher on the basis the directory publisher chooses from among the available bases. See 47 CFR Section 64.2317. A carrier shall provide subscriber list information obtained in its capacity as a provider of telephone exchange service to a requesting directory publisher in the format the publisher specifies, if the carrier's internal systems can accommodate that format. If a carrier's internal system do not permit the carrier to provide subscriber list information in the format the directory publisher specifies, the carrier shall within thirty days of receiving the publisher's request, inform the directory publisher that the requested format cannot be accommodated and tell the directory publisher which formats can be accommodated; and provide the requested subscriber list information in the format the directory publisher chooses from among the available formats. See 47 CFR Section 64.2329. If a carrier finds that it cannot accommodate all of a group of multiple or conflicting requests for subscriber list information within the specified time frames, the carrier shall respond to those requests on a nondiscriminatory basis.
