Conclusions

Shelwell has met NRC's unrestricted release criteria, and there is no significant impact on the environment from the proposed action; therefore, Building No. 2, the office trailer, and outdoor areas of the Shelwell site can be released for unrestricted use.

Finding of No Significant Impact

On the basis of this environmental assessment, the Commission has concluded that this proposed action would not significantly affect the quality of the human environment, and does not warrant the preparation of an environmental impact statement for the proposed action. Accordingly, it has been determined that a Finding of No Significant Impact is appropriate.

The NRC inspection reports and other documents related to this proposed action are available for public inspection and copying for a fee at the NRC Region III Office, 801 Warrenville Road, Lisle, IL 60532–4351.
