SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C., chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) the practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. These comments will help OIRA determine whether to approve the ICR referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, USCG–2025–0147, and must be received by December 9, 2026.

Submitting Comments

We encourage you to submit comments through the Federal eRulemaking Portal at *https://www.regulations.gov.* If your material cannot be submitted using *https://www.regulations.gov,* contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions. Documents mentioned in this notice, and all public comments, are in our online docket at *https://www.regulations.gov* and can be viewed by following that website's instructions. If you go to the online docket and sign up for email alerts, you will be notified when comments are posted.

We accept anonymous comments. Comments we post to *https://www.regulations.gov* will include any personal information you have provided. For more about privacy and submissions to the Coast Guard in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020). For more about privacy and submissions to OIRA in response to this document, see the *https://www.reginfo.gov,* comment-submission web page. OIRA posts its decisions on ICRs online at *https://www.reginfo.gov/public/do/PRAMain* after the comment period for each ICR. An OMB Notice of Action on each ICR will become available via a hyperlink in the OMB Control Number: 1625–0100.

Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (90 FR 25061, June 13, 2025) required by 44 U.S.C. 3506(c)(2). That notice elicited two submissions. One submission was unrelated to the notice, and one submission had four ICR-related comments. First, the commenter stated that they appreciate the ongoing efforts to reduce administrative burdens and streamline reporting requirements to U.S. Authorities. Second, the commenter supports the implementation of Maritime Single Windows (MSW) and emphasizes their critical role in enhancing customs and port cooperation. Third, the commenter supports the development of international standards to allow for the systematic collection of Advance Passenger Information (API) and Booking Reservation Information (BRI) from cruise passenger vessel operators and the alignment of any passenger and crew data standards with the International Maritime Organization Facilitation Convention. Fourth, the commenter recommends that the Coast Guard add to its website a point of contact to resolve data transmission challenges. To assist vessel operators in the submission of advance notice of arrival data and resolve any data transmission challenges, the Coast Guard currently has on our National Vessel Movement Center (NVMC) web page (*www.nvmc.uscg.gov*) links to User Guides, Frequently Asked Questions, an email address and contact phone numbers that are staffed 24/7. Accordingly, no changes have been made to the Collection.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Youth Homeless Systems Improvement (YHSI).

OMB Approval Number: 2506–0219.

Type of Request: Renewal.

Form Number: SF–424 Application for Federal Assistance.

Description of the need for the information and proposed use:

Congress appropriated funds to the Department of Housing and Urban Development in FY2022–FY2026 to competitively award funds to selected communities to support them in establishing and implementing a response system for youth homelessness or for improving their existing response system. The YHSI projects focus on systems change to improve the capacity and increase collaboration with youth in the community; establish partnership with other youth-serving systems; connect housing and homelessness service providers to education, job training, and employment skills organizations; improve the centralized or coordinated assessment system also known as the Coordinated Entry Systems (CES); and improve data collection and use between systems that work with at-risk and homeless youth. This information collection revision is to monitor the progress of funded YHSI projects.

Estimated Number of Respondents: 86 YHSI grant recipients.

Estimated Number of Responses: 172.

Frequency of Response: Biannual.

Average Hours per Response: 2.

Total Estimated Burdens: $22,482.12.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Endangered and Threatened Wildlife and Plants; Initiation of 5-Year Status Reviews for 81 Southeastern Species

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of initiation of status reviews.

SUMMARY: We, the U.S. Fish and Wildlife Service, are initiating 5-year status reviews under the Endangered Species Act of 1973, as amended, for 81 species (ESA; 16 U.S.C. 1531 *et seq.*). A 5-year status review is based on an assessment of the best scientific and commercial data available at the time of the review. We ask the public to submit any new information relevant to the status of any of the species listed in this notice or their habitats.

DATES: These status reviews were announced on November 9, 2026.

ADDRESSES: We will accept new information about these or any listed species at any time. For instructions on how and where to submit information for a species named in these status reviews, see table 1 in the **SUPPLEMENTARY INFORMATION** section. Additional information on status reviews is available at *https://www.fws.gov/project/five-year-status-reviews.*
