SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

Title: Contests, Challenges, and Awards.

OMB Number: 3041–0151.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Contestants, award nominees, award nominators.

General Description of Collection: The Commission establishes contests, challenges, and awards to increase the public's knowledge and awareness of safety hazards. The Commission also recognizes through awards certain individuals, firms, and organizations that work to address issues related to consumer product safety. The information to be collected from contestants and award nominees or nominators includes contact and background information necessary to conduct a contest or award program. Limited background or biographical information similar to data found on a resume, such as a nominee's education and work experience, may be requested for some contests or awards. Additionally, substantive entries such as essays, posters, drawings, or videos may be requested for contestants and award nominees.

Estimated Number of Respondents: CPSC estimates that there will be 500 contest or award participants each year.

Estimated Time per Response: The estimated time to complete a contest or award submission is five hours per participant.

Total Estimated Annual Burden: Based on CPSC's estimates that there will be 500 participants who require five hours each to complete their submissions, CPSC estimates that the total annual burden of this collection is 2,500 hours. The annualized cost to respondents for the information collection is approximately $123,650 (2,500 hours × $49.46/hr.), as estimated from total compensation data available from the U.S. Bureau of Labor Statistics, ''Employer Costs for Employee Compensation,'' June 2026, Table 1, Total compensation for all civilian workers: *https://www.bls.gov/news.release/archives/ecec_09092026.htm.*

Request for Comments: The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- whether the estimated burden of the proposed collection of information is accurate;
- whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.
