Title 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 315——CAREER AND CAREER-CONDITIONAL EMPLOYMENT

PART 752—ADVERSE ACTIONS BY AGENCIES

PART 754—ADVERSE ACTIONS BY THE COMMISSION

PART 771—EMPLOYEE GRIEVANCES AND ADMINISTRATIVE APPEALS

Miscellaneous Amendments

Chapter I is amended in several respects: (1) To implement Public Law 90–105 which provides for the conversion to career appointments of employees serving under certain temporary and indefinite appointments and (2) to afford job protection rights to these employees. Specifically, § 315.703a is added to provide the conversion regulations; and §§ 752.103(a), 752.201(a)(1), 752.301(a)(1), 754.101, 771.204(a)(1), are amended and § 771.204(b)(7) is added to prescribe which temporary, indefinite, and other employees are covered by or excluded from job-protection benefits and appeal rights. These amendments and additions, which are effective February 8, 1968, are set forth below:

1. Section 315.703a is added as set out below.

§ 315.703a Conversion to career employment from indefinite or temporary employment.

(a) *General.* An employee serving after February 7, 1968, in a competitive position under an indefinite appointment or a temporary appointment pending establishment of a register or as a status quo employee acquires competitive status and is entitled to have his employment converted to career employment when:

(1) He completes a total of at least 3 years of service in such a position under one or more such appointments without a break in service of more than 30 calendar days or without an interruption by nonqualifying service of more than 30 calendar days;

(2) The appointing authority (i) recommends to the Commission that his employment be converted to career employment and (ii) certifies to the Commission that his work performance for the past 12 months has been satisfactory;

(3) He passes a suitable noncompetitive examination; and

(4) He meets Commission qualification requirements for the position and is otherwise eligible for career employment.

This paragraph does not apply to an employee serving under an overseas limited appointment, in the postal field service, or above GS–15.

(b) *Postal field service.* An employee serving after February 7, 1968, in a competitive position in the postal field service under a temporary appointment without a definite time limitation acquires competitive status and is entitled to have his employment converted to career employment when:

(1) In each year of the 3-year period immediately preceding the date of the recommendation for conversion, he was paid for not less than 700 hours of work in a position in the postal field service under an appointment without a definite time limitation;

(2) The appointing authority (i) recommends to the Commission that his appointment be converted to career employment and (ii) certifies to the Commission that his work performance for the past 12 months has been satisfactory; however, the conversion of the appointment of a substitute postal field service employee may be effected only as a career substitute vacancy is available under section 3302 of title 39, United States Code;

(3) He passes a suitable noncompetitive examination; and

(4) He meets Commission qualification requirements for the position and is otherwise eligible for career appointment.

This paragraph does not apply to an employee serving in a position of postmaster or rural carrier.

(c) *Creditable service.* (1) In computing creditable service under paragraph (a) or (b) of this section for an employee who left a competitive position in which he was serving under a qualifying appointment covered in paragraph (a) or (b) of this section to enter the armed forces and who is reemployed in such a position within 120 calendar days after separation under honorable conditions, the period from the date he left his position to the date he is reemployed is creditable.

(2) The Commission shall publish in the Federal Personnel Manual the conditions under which full-time, part-time, and intermittent employment is creditable in meeting the service requirement under paragraph (a) of this section.

(d) *Termination after failure to meet conversion requirements.* An employing agency shall terminate an employee covered by paragraph (a) of this section not later than 90 days after he completes the 3-year service requirement referred to in paragraph (a)(1) of this section, if he has not met the requirements and conditions of paragraph (a)(2) through (4) of this section before the end of the 90-day period. For an employee who has completed the 3-year service requirement before February 8, 1968, the 90-day period begins on February 8, 1968. For an employee who is reemployed after intervening service in the armed forces, the 90-day period begins on the date of reemployment if his combined civilian and military service satisfies the 3-year service requirement on that date.

(e) *Administrative error.* When an employee has met the service requirement under paragraph (a)(1) or (b)(1) of this section but a timely recommendation has not been made for conversion of his appointment under this section, the Commission may, within its discretion, on a showing that the employing agency failed to recommend him because of administrative error or oversight, authorize the employing agency to recommend him for conversion as of the date on which he met the service requirement.

(5 U.S.C. 3304a, 39 U.S.C. 3303)

2. Section 752.103(a) is amended by changing subparagraph (3) and adding a new subparagraph (8), § 752.201 is amended by changing paragraph (a), and § 752.301 is amended by changing subparagraph (1) of paragraph (a) as set out below.

§ 752.103 General exclusions.

(a) *Employees.* * * *

(3) An employee occupying a competitive position under a temporary appointment with a definite time limitation;

* * * * *

(8) An employee who has not completed 1 year of current continuous employment and is serving under a special tenure appointment, a TAPER appointment, a temporary appointment of indefinite duration in the postal field service, or as a status quo employee.

* * * * *

§ 752.201 Coverage.

(a) *Employees covered.* This subpart applies to:

(1) (i) Any career, career-conditional, overseas limited, indefinite, or term employee, or any employee serving under a career or limited executive assignment, in a competitive position who is not serving a probationary or trial period, and (ii) any employee serving in a competitive position who has completed 1 year of current continuous employment except one serving under a temporary appointment with a definite time limitation.

* * * * *

§ 752.301 Coverage.

(a) *Employees covered.* This subpart applies to:

(1) (i) Any career, career-conditional, overseas limited, indefinite, or term employee, or any employee serving under a career or limited executive assignment, in

a competitive position who is not serving a probationary or trial period, and (ii) any employee serving in a competitive position who has completed 1 year of current continuous employment except one serving under a temporary appointment with a definite time limitation.

3. Section 754.101 is amended as set out below.

§ 754.101 Scope.

This part sets forth the procedures to be followed when the Director of the Commission's Bureau of Personnel Investigations or his designee (referred to in this part as the Director), acting under authority of § 5.4 or § 731.302(b) of this chapter, instructs an agency to remove or take other disciplinary action against an employee in the competitive service who was appointed subject to investigation under § 731.301 of this chapter and who has served more than 1 year under other than a temporary appointment with a definite time limitation.

4. Section 771.204 is amended by changing subparagraph (1) of paragraph (a) and adding a new subparagraph (7) to paragraph (b) as set out below.

§ 771.204 Employee coverage.

(a) *Employees covered.* Except as provided in paragraphs (b) and (c) of this section, this subpart applies to:

(1) (i) Any career, career-conditional, overseas limited, indefinite, or term employee, or any employee serving under a career or limited executive assignment, in a competitive position who is not serving a probationary or trial period, and (ii) any employee serving in a competitive position who has completed 1 year of current continuous employment except one serving under a temporary appointment with a definite time limitation; and

* * * * *

(b) *Employees not covered.* This subpart does not apply to:

SUBCHAPTER D—DETERMINATION OF FARMS

PART 827—PUERTO RICO

Change in Bases and Considerations

In the Bases and Considerations accompanying the revision of § 827.2, Determination of a Farm in Puerto Rico, published on January 10, 1963, in the FEDERAL REGISTER (28 F.R. 262), the third paragraph from the end is changed to read as follows:

The lending of funds which are fully repayable will not prevent the constitution of separate farms. However, cosigning or endorsement of a note of the producer by the management contractor would constitute a guarantee or assumption of obligation for loss and require that the farms be combined.

The clause "and either repaid or adequately secured before additional advances are made on subsequent crops," which is being deleted has had an effect of discouraging flexibility in the terms for the liquidation of financing of sugarcane crops. The financial results of sugarcane operations in Puerto Rico vary widely from season to season for reasons primarily related to abnormal weather conditions. For instance, since 1963 there have been several years of drought, the most serious occurred during the growing period of the 1967 crop. Although it is desirable that loans be liquidated when the producer has obtained funds for that purpose from his sugarcane operations for which the loan was obtained, it could not always be accomplished due to the very low yields experienced from recent crops. The outturn from the 1967–68 crop, which is about to be harvested is expected to be even lower than for prior crops. The change in the language of the Bases and Considerations has been made to point out the possibility for flexibility in the terms of crop financing available to producers.

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Navel Orange Reg. 143]

PART 907—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 907.443 Navel Orange Regulation 143.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 907, as amended (7 CFR Part 907), regulating the handling of Navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Navel Orange Administrative Committee,

established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Navel oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Navel oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on January 9, 1968.

(b) *Order.* (1) The respective quantities of Navel oranges grown in Arizona and designated part of California which may be handled during the period January 12, 1968, through January 18, 1968, are hereby fixed as follows:

(i) District 1: 300,000 cartons;
(ii) District 2: 175,000 cartons;
(iii) District 3: 30,000 cartons;
(iv) District 4: 25,000 cartons.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," "District 4," and "carton" have the same meaning as when used in said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: January 10, 1968.

PAUL A. NICHOLSON,
Deputy Director, Fruit and Vegetable Division, Consumer and Marketing Service.

Chapter V—Federal Home Loan Bank Board

SUBCHAPTER D—FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION

[No. 21,316]

PART 564—SETTLEMENT OF INSURANCE

Notification of Account Holders

JANUARY 5, 1968.

Resolved that the Federal Home Loan Bank Board, upon the basis of consideration by it of the advisability of amending § 564.12 of the rules and regulations for Insurance of Accounts (12 CFR 564.12) for the purpose of extending the time for notification of certain account holders of revised insurance of accounts coverage, hereby amends said § 564.12 by revising it to read as follows, effective January 11, 1968:

§ 564.12 Notification of account holders.

Each insured institution is required to provide notice of these amendments to the rules and regulations for Insurance of Accounts, not later than April 1, 1968, to the holders of each account which had a balance in excess of $5,000 at the close of the last dividend period prior to notification. Such notice shall consist of mailing to such holders, at their last known address as shown on the records of the institution, a question and answer brochure on insurance of accounts prepared by the Federal Savings and Loan Insurance Corporation. Such brochure shall also be made available to the public at each office of an insured institution. Additional explanatory materials may also be sent to account holders at the option of the insured institution.

(Secs. 402, 403, 405, 48 Stat. 1256, 1257, 1259, as amended; 12 U.S.C. 1725, 1726, 1728. Reorg. Plan No. 3 of 1947, 12 F.R. 4981, 3 CFR, 1943–48 Comp., p. 1071)

Resolved further that, since the foregoing amendment extends the time for notification, which in the present regulation is prior to February 1, 1968, the Board finds that notice and public procedure on said amendment are impracticable under the provisions of § 508.12 of the general regulations of the Federal Home Loan Bank Board (12 CFR 508.12) and 5 U.S.C. 553(b) and provides that the said amendment shall be effective as hereinbefore set forth.

By the Federal Home Loan Bank Board.

Secretary.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. 67–SO–125, Amdt. 39–539]

PART 39—AIRWORTHINESS DIRECTIVES

Piper Model PA–32 Seaplanes

On December 12, 1967, the Federal Aviation Administration, by order of suspension, suspended the airworthiness certificates of Piper Model PA–32 Seaplanes, pending a determination that they meet the certification airworthiness requirements pertaining to wing stiffness in the drag direction when the aircraft has floats installed. In order to provide notice to all interested persons of the need for compliance with the wing stiffness requirements in the drag direction when the aircraft has floats installed, an airworthiness directive is being issued requiring modification of the float structure to include additional drag bracing in accordance with the instructions contained in Piper Kit No. 760–172V.

As a situation exists which demands immediate adoption of this regulation, it is found that notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

PIPER. Applies to Model PA–32 Seaplanes, Serial Nos. 32S–40229, 32S–40230, 32S–40263, 32S–40265, 32S–40268, 32S–40270, 32S–40272.

Compliance required before further flight, unless already accomplished.

NOTE: Serial Nos. 32S–40230 and 32S–40268, which are presently operating in the landplane configuration, shall comply with this airworthiness directive when floats are installed.

To prevent damage to the forward and rear wing to fuselage attachment fittings, modify the float structure in accordance with the instructions contained in Piper Kit No. 760–172V, or in an equivalent manner approved by the Chief, Engineering and Manufacturing Branch, FAA Southern Region.

This amendment becomes effective January 11, 1968.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958; 49 U.S.C. 1354(a), 1421, 1423)

Issued in East Point, Ga., on January 2, 1968.

GORDON A. WILLIAMS, Jr.,
Acting Director, Southern Region.

Title 20—EMPLOYEES' BENEFITS

Chapter III—Social Security Administration, Department of Health, Education, and Welfare

[Regs. No. 5]

PART 405—FEDERAL HEALTH INSURANCE FOR THE AGED (1965—)

Subpart B—Supplementary Medical Insurance Benefits

PSYCHIATRIC SERVICES LIMITATION; EXPENSES INCURRED FOR PHYSICIAN SERVICES

The purpose of this revision is to make it clear that the limitation in section 1833 of title XVIII of the Social Security Act, as amended (42 U.S.C. 2033) with respect to payment for expenses incurred in connection with the treatment of an individual, who is not an inpatient of a hospital, for a mental, psychoneurotic, or personality disorder applies only to expenses incurred for physician services and any items or supplies furnished by the physician in connection with his treatment of such disorder. Thus, the limitation does not apply to payment for psychiatric services furnished by health personnel other than physicians or furnished by a physician to an individual who is an inpatient of a hospital at the time the services are furnished. In consideration of the foregoing, Subpart B of Part 405 of Chapter III of Title 20 of the Code of Federal Regulations is amended as set forth below.

1. Section 405.243 is revised to read as follows:

§ 405.243 Psychiatric services limitation; expenses incurred for physician services.

(a) *Limitation.* With respect to expenses incurred in any calendar year in connection with the treatment of a mental, psychoneurotic, or personality disorder of an individual who is not an inpatient of a hospital (as described in paragraph (b) of this section) at the time such expenses are incurred, only the lesser of (1) $312.50; or (2) 62½ percent of such expenses, is considered as incurred expenses for purposes of §§ 405.240 and 405.245.

(b) *Application of limitation.* Notwithstanding any other provision of this Subpart B, paragraph (a) of this section applies to specific expenses incurred for physicians' services (with no distinction being made between the services of psychiatrists and nonpsychiatrist physicians) rendered to an individual who is not an inpatient of a hospital, in connection with the treatment of a mental, psychoneurotic, or personality disorder of such individual, and any items or supplies furnished by the physician in connection with his treatment of such disorder. The term "mental, psychoneurotic, or personality disorder" means the specific psychiatric conditions described in the American Psychiatric Association's Diagnostic and Statistical Manual—Mental Disorders. Expenses incurred for services furnished by health personnel other than physicians, including home health services and outpatient services, as well as physicians' services furnished to an individual who is an inpatient of a hospital are not subject to such limitation even though the services are in connection with a condition which is included in the definition of mental, psychoneurotic, or personality disorder. For purposes of this paragraph (b), "hospital" means a hospital which is primarily engaged in providing to inpatients, by or under the supervision of physicians, diagnostic and therapeutic services for medical diagnosis, treatment, and care of injured, disabled, or sick persons, or rehabilitation services for the and care of injured, disabled, or sick persons; or psychiatric services for the diagnosis and treatment of mentally ill persons; or medical services for the diagnosis and treatment of tuberculosis.

Example: As a private patient, Mr. X's only medical expenses during the calendar year amounted to $750 for physicians' services in connection with the treatment of a mental disorder which did not require inpatient hospitalization. The statutory limit for any calendar year on the amount of these expenses that is covered under this Subpart B is $312.50 ($312.50 being lesser in amount than 62½ percent of $750). Mr. X is required to meet the first $50 as a deductible, and 20 percent of the balance. The remaining 80 percent is payable under this Subpart B.

Total covered expenses	Mr. X's payment	Payment under Subpart B
$312.50	[2] $[illegible]37.50	
[1] —50.00	[1] 50.00	
262.50	[3] 52.50	[4] $210.00

[1] Deductible.
[2] In excess of $312.50.
[3] 20 percent of total covered expenses less deductible.
[4] 80 percent of total covered expenses less deductible.

If Mr. X had incurred $350 of the above expenses while an inpatient of an institution (see paragraph (b) of this section), and the remaining $400 while not an inpatient of an institution, payment would be computed as follows:

Total covered expenses	Mr. X's payment	Payment under Subpart B
[1] $250	[2] $150	
[2] +350		
600		
[4] —50	[4] 50	
550	[5] 110	[6] $440

[1] 62½ percent of $400.
[2] In excess of 62½ percent of $400.
[3] 100 percent of expenses incurred while an inpatient.
[4] Deductible.
[5] 20 percent of total covered expenses less deductible.
[6] 80 percent of total covered expenses less deductible.

(Secs. 1102, 1833(c), 1871, 49 Stat. 647, as amended, 79 Stat. 303; 79 Stat. 331; 42 U.S.C. 1302, 1395 et seq.)

2. *Effective date.* The foregoing revision shall become effective on the date of publication in the FEDERAL REGISTER.

Dated: December 12, 1967.

[SEAL] ROBERT M. BALL,
Commissioner of Social Security.

Approved: January 2, 1968.

Acting Secretary of Health, Education, and Welfare.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER A—GENERAL

PART 1—REGULATIONS FOR THE ENFORCEMENT OF THE FEDERAL FOOD, DRUG, AND COSMETIC ACT AND THE FAIR PACKAGING AND LABELING ACT

Label Statement for Drugs, Devices, and Cosmetics

In the matter of amending the enforcement regulations (21 CFR Part 1) to prescribe the requirements under the Fair Packaging and Labeling Act (Public Law 89-755) regarding label statements for drugs, devices, and cosmetics in package form:

A notice of proposed rulemaking in the above-identified matter was published in the FEDERAL REGISTER of August 22, 1967 (32 F.R. 12060), and numerous comments were received in response thereto. On the basis of the comments received and other relevant information, the Commissioner of Food and Drugs' resolutions of the principal issues raised by the comments are as follows:

1. The request that the regulations identify the authority under which they are being promulgated—the Federal Food, Drug, and Cosmetic Act or the Fair Packaging and Labeling Act—is satisfied by the revision of § 1.1(c) set forth in this order.

2. Liquid over-the-counter veterinary injection preparations are exempted from fluid ounce and dual declaration requirements provided the quantity of contents is expressed in the metric system of measure. This is effected by the amendment to § 1.1c set forth in this order.

3. Proposed § 1.101a is changed herein to apply only to over-the-counter drugs and devices.

4. The phrase "principal display panel" in the proposed revision of § 1.102 is not applicable to prescription drugs, and §§ 1.102 (a) and (c) and 1.102c(d) are accordingly changed herein.

5. Objections were expressed to the identification by general pharmacological category of over-the-counter drugs.

Proposed § 1.102a(b) is changed herein to allow the identity of these drugs to be expressed by the general pharmacological category or, in lieu of this, by a statement of the principal intended action(s) of the drug.

6. Proposed § 1.102d(e) is changed herein to provide for placement of the quantity of contents statement on packages of drugs and devices with inner and outer containers.

7. Proposed §§ 1.102b(d) and 1.202a(d) are changed herein to require that the ZIP Code appear on consumer commodity labels developed or revised after the effective date of those sections.

8. One comment suggests that generally accepted abbreviations for such terms as "Corporation," "Incorporated," and "Company" and deletion of the article "The" be permitted when such terms are part of the corporate name. The Commissioner agrees and proposed §§ 1.102b and 1.202a are accordingly changed herein.

9. The corporate name requirement is retained as proposed, except for the change specified in 8 above.

10. Proposed § 1.102c(g) is changed herein to reflect standards set by the official compendia relative to the declaration of dry-filled sterile solids in ampules.

11. Several comments requested clarification of proposed § 1.102d(a) which requires that the declaration of the net quantity of contents be augmented when necessary with the quantity of each active ingredient. The Commissioner agrees and the section is changed herein for clarification.

12. Several comments recommended that proposed § 1.201a be changed to specifically exclude the area of the top and bottom surfaces when calculating the area of the principal display panel for cosmetics in package form, and the recommendation is adopted herein.

13. Proposed § 1.202(b) is changed herein to provide for a broader latitude in choosing terms for the statement of identity for cosmetics.

14. A suggested provision for the declaration of the quantity of contents of "cosmetic kits" such as permanent wave kits by the number of applications therein has been accepted, and proposed § 1.202b is accordingly changed herein.

Therefore, based on consideration of the comments received and other relevant information, the Commissioner concludes that the proposed amendments, with the aforementioned changes and additions, should be adopted as set forth below. Accordingly, pursuant to the provisions of the Fair Packaging and Labeling Act (secs. 4, 6, 80 Stat. 1297, 1299, 1300; 15 U.S.C. 1453, 1455) and the authority provided in the Federal Food, Drug, and Cosmetic Act (secs. 502 (b), (c), (e), 602 (b), (c), 701, 52 Stat. 1050, as amended, 1054, 1055, as amended; 21 U.S.C. 352 (b), (c), (e), 362 (b), (c), 371), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120): *It is ordered,* That Part 1 be amended:

1. By revising § 1.1(c) (32 F.R. 10729) to read as follows:

§ 1.1 General.

* * * * *

(c) The definition of "package" in § 1.1b and of "principal display panel" in §§ 1.7, 1.101a, and 1.201a; and the requirements pertaining to uniform location, lack of qualification, and separation of the net quantity declaration in §§ 1.8b (f), 1.102d(e), and 1.202b(f), to type size requirements for net quantity declaration in §§ 1.8b(i), 1.102d(h), and 1.202b (i), to initial statement of ounces in the dual declaration of net quantity in §§ 1.8b (j) and (m), 1.102d (i) and (k), and 1.202b (j) and (m), to initial statement of inches in declaration of net quantity in §§ 1.102d(m) and 1.202b(o), to initial statement of square inches in declaration of net quantity in §§ 1.102d(n) and 1.202b(p), to prohibition of certain supplemental net quantity statements in §§ 1.8b(o), 1.102d(o), and 1.202b(q), and to servings representations in § 1.8c are provided for solely by the Fair Packaging and Labeling Act. The other requirements of this part are issued under both the Fair Packaging and Labeling Act and the Federal Food, Drug, and Cosmetic Act, or by the latter act solely, and are not limited in their application by section 10 of the Fair Packaging and Labeling Act.

2. By adding to § 1.1c (32 F.R. 10729, 13276) a new paragraph (b), as follows:

§ 1.1c Exemptions from required label statements.

* * * * *

(b) *Drugs.* (1) Liquid over-the-counter veterinary preparations intended for injection shall be exempt from the declaration of net quantity of contents in terms of the U.S. gallon of 231 cubic inches and quart, pint, and fluid-ounce subdivisions thereof as required by § 1.102d(b), (i), and (j), and from the dual declaration requirements of § 1.102d (i), if such declaration of net quantity of contents is expressed in terms of the liter and milliliter, or cubic centimeter, with the volume expressed at 68° F. (20° C.).

3. By adding new § 1.101a as follows:

§ 1.101a Over-the-counter drugs and devices in package form; principal display panel.

The term "principal display panel," as it applies to over-the-counter drugs and devices in package form and as used in this part, means the part of a label that is most likely to be displayed, presented, shown, or examined under customary conditions of display for retail sale. The principal display panel shall be large enough to accommodate all the mandatory label information required to be placed thereon by this part with clarity and conspicuousness and without obscuring designs, vignettes, or crowding. Where packages bear alternate principal display panels, information required to be placed on the principal display panel shall be duplicated on each principal display panel. For the purpose of obtaining uniform type size in declaring the quantity of contents for all packages of substantially the same size, the term "area of the principal display panel" means the area of the side or surface that bears the principal display panel, which area shall be:

(a) In the case of a rectangular package where one entire side properly can be considered to be the principal display panel side, the product of the height times the width of that side;

(b) In the case of a cylindrical or nearly cylindrical container, 40 percent of the product of the height of the container times the circumference; and

(c) In the case of any other shape of container, 40 percent of the total surface of the container.

In determining the area of the principal display panel, exclude tops, bottoms, flanges at the tops and bottoms of cans, and shoulders and necks of bottles or jars. In the case of cylindrical or nearly cylindrical containers, information required by this part to appear on the principal display panel shall appear within that 40 percent of the circumference which is most likely to be displayed, presented, shown, or examined under customary conditions of display for retail sale.

4. By revising § 1.102 and adding new §§ 1.102a, 1.102b, 1.102c, and 1.102d, as follows:

§ 1.102 Prescription and insulin-containing drugs in package form; labeling re identity.

(a) The label of prescription and insulin-containing drugs in package form shall bear as one of its principal features a statement of the identity of the drug.

(b) Such statement of identity shall be in terms of the established name of the drug. An insulin-containing drug shall be further identified by placement on the outside container or wrapper of the package, and on the label of the immediate container, of the distinguishing color(s) required by § 164.7 of this chapter. In the case of a prescription drug that is a mixture and that has no established name, the requirement for statement of identity shall be deemed to be satisfied by a listing of the quantitative ingredient information as prescribed by § 1.104.

(c) The statement of identity of a prescription drug shall also comply with the placement, size, and prominence requirements of § 1.104.

§ 1.102a Over-the-counter drugs and devices in package form; labeling re identity.

(a) The principal display panel of an over-the-counter drug or device in package form shall bear as one of its principal features a statement of the identity of the commodity.

(b) Such statement of identity shall be in terms of the established name of the drug or common name of the device, followed by an accurate statement of the general pharmacological category of the drug or the principal intended action(s) of the drug or device in terms that are meaningful to the layman. In the case

of an over-the-counter drug that is a mixture and that has no established name, this requirement shall be deemd to be satisfied by a prominent and conspicuous listing of each active ingredient that is contained in the drug with the name of such ingredient immediately followed by an accurate statement of the general pharmacological category of the ingredient or of its principal intended action(s) in terms that are meaningful to the layman. Such statement and listing shall be placed in direct conjunction with the most prominent display of the proprietary name or designation and such statement shall employ the terms descriptive of general pharmacological category or principal intended action(s) contained in § 1.____[1] to the extent applicable. The indications for use, except to the extent that they may be suggested by the identity statements required by this paragraph, are not to be included in the statement of identity of the drug but shall be included in the directions for use of the drug, as required by section 502(f)(1) of the act and by the regulations in this part.

(c) The statement of identity shall be presented in bold face type on the principal display panel, shall be in a size reasonably related to the most prominent printed matter on such panel, and shall be in lines generally parallel to the base on which the package rests as it is designed to be displayed.

§ 1.102b Drugs and devices in package form; labeling re name and place of business of manufacturer, packer, or distributor.

(a) The label of a drug or device in package form shall specify conspicuously the name and place of business of the manufacturer, packer, or distributor.

(b) The requirement for declaration of the name of the manufacturer, packer, or distributor shall be deemed to be satisfied, in the case of a corporation, only by the actual corporate name which may be preceded or followed by the name of the particular division of the corporation. Abbreviations for "Company," "Incorporated," etc., may be used and "The" may be omitted. In the case of an individual, partnership, or association, the name under which the business is conducted shall be used.

(c) Where a drug or device is not manufactured by the person whose name appears on the label, the name shall be qualified by a phrase that reveals the connection such person has with such drug or device; such as, "Manufactured for _____," "Distributed by _____," or any other wording that expresses the facts.

(d) The statement of the place of business shall include the street address, city, State, and ZIP Code; however, the street address may be omitted if it is shown in a current city directory or telephone directory. The requirement for inclusion of the ZIP Code shall apply only to consumer commodity labels developed or revised after the effective date of this section. In the case of nonconsumer packages, the ZIP Code shall appear either on the label or the labeling (including the invoice).

(e) If a person manufactures, packs, or distributes a drug or device at a place other than his principal place of business, the label may state the principal place of business in lieu of the actual place where such drug or device was manufactured or packed or is to be distributed, unless such statement would be misleading.

§ 1.102c Prescription and insulin-containing drugs in package form; labeling re declaration of net quantity of contents.

(a) The label of a prescription or insulin-containing drug in package form shall bear a declaration of the net quantity of contents. This shall be expressed in the terms of weight, measure, numerical count, or a combination of numerical count and weight or measure. The statement of quantity of drugs in tablet, capsule, ampule, or other unit dosage form shall be expressed in terms of numerical count; the statement of quantity for drugs in other dosage forms shall be in terms of weight if the drug is solid, semisolid, or viscous, or in terms of fluid measure if the drug is liquid. When the drug quantity statement is in terms of the numerical count of the drug units, it shall be augmented to give the weight or measure of the drug units or the quantity of each active ingredient in each drug unit or, when quantity does not accurately reflect drug potency, a statement of the drug potency.

(b) Statements of weight of the contents shall in the case of prescription drugs be expressed in terms of avoirdupois pound, ounce, and grain or of kilogram, gram, and subdivisions thereof. A statement of liquid measure of the contents shall in the case of prescription drugs be expressed in terms of the U.S. gallon of 231 cubic inches and quart, pint, fluid-ounce, and fluid-dram subdivisions thereof, or of the liter and milliliter, or cubic centimeter, and shall express the volume at 68° F. (20° C.). A statement of the liquid measure of the contents in the case of insulin-containing drugs shall be expressed in terms of the liter and milliliter, or cubic centimeter, and shall express the volume at 68° F. (20° C.).

(c) The declaration shall contain only such fractions as are generally used in expressing the quantity of the drug. A common fraction shall be reduced to its lowest terms; a decimal fraction shall not be carried out to more than three places, except in the case of a statement of the quantity of an active ingredient in a unit of a drug.

(d) The declaration shall appear as a distinct item on the label and, in the case of large volume parenterals, may be embossed on the glass.

(e) The declaration shall accurately reveal the quantity of drug in the package exclusive of wrappers and other material packed therewith.

(f) A statement of the quantity of a prescription or insulin-containing drug in terms of weight or measure applicable to such drug, under the provisions of paragraph (a) of this section, shall express with prominence and conspicuousness the number of the largest whole unit, as specified in paragraph (b) of this section, that are contained in the package. Any remainder shall be expressed in terms of common or decimal fractions of such unit or in terms of the next smaller whole unit and common or decimal fractions thereof.

(g) The declaration of net quantity of contents shall express an accurate statement of the quantity of contents of the package. Reasonable variations caused by loss or gain of moisture during the course of good distribution practice or by unavoidable deviations in good manufacturing practice will be recognized. Variations from stated quantity of contents shall not be unreasonably large. In the case of a liquid drug in ampules or vials, intended for injection, the declaration shall be considered to express the minimum quantity and the variation above the stated measure shall comply with the excess volume prescribed by the National Formulary or the U.S. Pharmacopeia for filling of ampules. In the case of a solid drug in ampules or vials, the declaration shall be considered to express the accurate net weight. Variations shall comply with the limitations provided in the U.S. Pharmacopeia or the National Formulary.

(h) A drug shall be exempt from compliance with the net quantity declaration required by this section if it is an ointment labeled "sample," "physician's sample," or a substantially similar statement and the contents of the package do not exceed 8 grams.

§ 1.102d Over-the-counter drugs and devices in package form; labeling re declaration of net quantity of contents.

(a) The label of an over-the-counter drug or device in package form shall bear a declaration of the net quantity of contents. This shall be expressed in the terms of weight, measure, numerical count, or a combination of numerical count and weight, measure, or size. The statement of quantity of drugs in tablet, capsule, ampule, or other unit form and the quantity of devices shall be expressed in terms of numerical count; the statement of quantity for drugs in other dosage forms shall be in terms of weight if the drug is solid, semisolid, or viscous, or in terms of fluid measure if the drug is liquid. The drug quantity statement shall be augmented to give accurate information as to the strength of such drug in the package; for example, to differentiate between several strengths of the same drug "100 tablets, 5 grains each" or "100 tablets, 1¼ grains each" or "100 capsules, 125 milligrams each" or "100 capsules, 250 milligrams each": *Provided*, That:

(1) In the case of a firmly established, general consumer usage and trade custom of declaring the quantity of a drug or device in terms of linear measure or

[1] The Commissioner will shortly publish the substance of such regulation as a proposed new section for 21 CFR Part 1.

measure of area, such respective term may be used. Such term shall be augmented when necessary for accuracy of information by a statement of the weight, measure, or size of the individual units or of the entire drug or device; for example, the net quantity of adhesive tape in package form shall be expressed in terms of linear measure augmented by a statement of its width.

(2) If the declaration of contents for a device by numerical count does not give accurate information as to the quantity of the device in the package, it shall be augmented by such statement of weight, measure, or size of the individual units or of the total weight, measure, or size of the device as will give such information; for example, "100 tongue depressors, adult size," "1–5 cc. hypodermic syringe," "1 finger splint, small size," etc. Whenever the Commissioner determines for a specific packaged drug or device that an existing practice of declaring net quantity of contents by weight, measure, numerical count, or a combination of these does not facilitate value comparisons by consumers, he shall by regulation designate the appropriate term or terms to be used for such article.

(b) Statements of weight of the contents shall be expressed in terms of avoirdupois pound and ounce. A statement of liquid measure of the contents shall be expressed in terms of the U.S. gallon of 231 cubic inches and quart, pint, and fluid-ounce subdivisions thereof, and shall express the volume at 68° F. (20° C.) (see also paragraph (p) of this section).

(c) The declaration may contain common or decimal fractions. A common fraction shall be in terms of halves, quarters, eighths, sixteenths, or thirty-seconds; except that if there exists a firmly established, general consumer usage and trade custom of employing different common fractions in the net quantity declaration of a particular commodity, they may be employed. A common fraction shall be reduced to its lowest terms; a decimal fraction shall not be carried out to more than two places. A statement that includes small fractions of an ounce shall be deemed to permit smaller variations than one which does not include such fractions.

(d) The declaration shall be located on the principal display panel of the label, and with respect to packages bearing alternate principal panels it shall be duplicated on each principal display panel.

(e) The declaration shall appear as a distinct item on the principal display panel, shall be separated (by at least a space equal to the height of the lettering used in the declaration) from other printed label information appearing above or below the declaration and (by at least a space equal to twice the width of the letter "N" of the style of type used in the quantity of contents statement) from other printed label information appearing to the left or right of the declaration. It shall not include any term qualifying a unit of weight, measure, or count (such as "giant pint" and "full quart") that tends to exaggerate the amount of the drug in the container. It shall be placed on the principal display panel within the bottom 30 percent of the area of the label panel in lines generally parallel to the base on which the package rests as it is designed to be displayed: *Provided*, That:

(1) On packages having a principal display panel of 5 square inches or less the requirement for placement within the bottom 30 percent of the area of the label panel shall not apply when the declaration of net quantity of contents meets the other requirements of this part; and

(2) In the case of a drug that is marketed with both outer and inner retail containers bearing the mandatory label information required by this part and the inner container is not intended to be sold separately, the net quantity of contents placement requirement of this section applicable to such inner container is waived.

(f) The declaration shall accurately reveal the quantity of drug or device in the package exclusive of wrappers and other material packed therewith: *Provided*, That in the case of drugs packed in containers designed to deliver the drug under pressure, the declaration shall state the net quantity of the contents that will be expelled when the instructions for use as shown on the container are followed. The propellant is included in the net quantity declaration.

(g) The declaration shall appear in conspicuous and easily legible boldface print or type in distinct contrast (by typography, layout, color, embossing, or molding) to other matter on the package; except that a declaration of net quantity blown, embossed, or molded on a glass or plastic surface is permissible when all label information is so formed on the surface. Requirements of conspicuousness and legibility shall include the specifications that:

(1) The ratio of height to width (of the letter) shall not exceed a differential of 3 units to 1 unit (no more than 3 times as high as it is wide).

(2) Letter heights pertain to upper case or capital letters. When upper and lower case or all lower case letters are used, it is the lower case letter "o" or its equivalent that shall meet the minimum standards.

(3) When fractions are used, each component numeral shall meet one-half the minimum height standards.

(h) The declaration shall be in letters and numerals in a type size established in relationship to the area of the principal display panel of the package and shall be uniform for all packages of substantially the same size by complying with the following type specifications:

(1) Not less than one-sixteenth inch in height on packages the principal display panel of which has an area of 5 square inches or less.

(2) Not less than one-eighth inch in height on packages the principal display panel of which has an area of more than five but not more than 25 square inches.

(3) Not less than three-sixteenths inch in height on packages the principal display panel of which has an area of more than 25 but not more than 100 square inches.

(4) Not less than one-fourth inch in height on packages the principal display panel of which has an area of more than 100 square inches, except not less than one-half inch in height if the area is more than 400 square inches.

Where the declaration is blown, embossed, or molded on a glass or plastic surface rather than by printing, typing, or coloring, the lettering sizes specified in subparagraphs (1) through (4) of this paragraph shall be increased by one-sixteenth of an inch.

(i) On packages containing less than 4 pounds or 1 gallon and labeled in terms of weight or fluid measure:

(1) The declaration shall be expressed both in ounces, with identification by weight or by liquid measure and, if applicable (1 pound or 1 pint or more) followed in parentheses by a declaration in pounds for weight units, with any remainder in terms of ounces or common or decimal fractions of the pound (see examples set forth in paragraph (k) (1) and (2) of this section), or in the case of liquid measure, in the largest whole units (quarts, quarts and pints, or pints, as appropriate) with any remainder in terms of fluid ounces or common or decimal fractions of the pint or quart (see examples set forth in paragraph (k) (3) and (4) of this section). If the net weight of the package is less than 1 ounce avoirdupois or the net fluid measure is less than 1 fluid ounce, the declaration shall be in terms of common or decimal fractions of the respective ounce and not in terms of drams.

(2) The declaration may appear in more than one line. The term "net weight" shall be used when stating the net quantity of contents in terms of weight. Use of the terms "net" or "net contents" in terms of fluid measure or numerical count is optional. It is sufficient to distinguish avoirdupois ounce from fluid ounce through association of terms; for example, "Net wt. 6 oz." or "6 oz. net wt.," and "6 fl. oz." or "net contents 6 fl. oz."

(j) On packages containing 4 pounds or 1 gallon or more and labeled in terms of weight or fluid measure, the declaration shall be expressed in pounds for weight units with any remainder in terms of ounces or common or decimal fractions of the pound; in the case of fluid measure, it shall be expressed in the largest whole unit (gallons, followed by common or decimal fractions of a gallon or by the next smaller whole unit or units (quarts or quarts and pints)) with any remainder in terms of fluid ounces or common or decimal fractions of the pint or quart (see paragraph (k) (5) of this section).

(k) Examples:

(1) A declaration of 1½ pounds weight shall be expressed as "Net wt. 24 oz. (1 lb. 8 oz.)," "Net wt. 24 oz. (1½ lb.)" or "Net wt. 24 oz. (1.5 lb.)."

(2) A declaration of three-fourths pound avoirdupois weight shall be expressed as "Net wt. 12 oz."

(3) A declaration of 1 quart liquid measure shall be expressed as "Net contents 32 fl. oz. (1 qt.)" or "32 fl. oz. (1 qt.)."

(4) A declaration of 1¾ quarts liquid measure shall be expressed as "Net contents 56 fl. oz. (1 qt. 1 pt. 8 oz.)" or "Net contents 56 fl. oz. (1 qt. 1.5 pt.)," but not in terms of quart and ounce such as "Net 56 fl. oz. (1 qt. 24 oz.)."

(5) A declaration of 2½ gallons liquid measure shall be expressed as "Net contents 2 gal. 2 qt.," "Net contents 2.5 gallons," or "Net contents 2½ gal." but not as "2 gal. 4 pt."

(l) For quantities, the following abbreviations and none other may be employed (periods and plural forms are optional):

gallon gal.	microgram mcg.
quart qt.	liter l.
pint pt.	milliliter ml.
ounce oz.	cubic centimeter cc.
pound lb.	yard yd.
grain gr.	feet or foot ft.
kilogram kg.	inch in.
gram g. or gm.	fluid fl.
milligram mg. or mgm.	square sq.
	weight wt.

(m) On packages labeled in terms of linear measure, the declaration shall be expressed both in terms of inches and, if applicable (1 foot or more), the largest whole units (yards, yards and feet, feet). The declaration in terms of the largest whole units shall be in parentheses following the declaration in terms of inches and any remainder shall be in terms of inches or common or decimal fractions of the foot or yard. Examples are "86 inches (2 yd. 1 ft. 2 in.)," "90 inches (2½ yd.)," "30 inches (2.5 ft.)," etc.

(n) On packages labeled in terms of area measure, the declaration shall be expressed both in terms of square inches and, if applicable (1 square foot or more), the largest whole square unit (square yards, square yards and square feet, square feet). The declaration in terms of the largest whole units shall be in parentheses following the declaration in terms of square inches and any remainder shall be in terms of square inches or common or decimal fractions of the square foot or square yard; for example, "158 sq. inches (1 sq. ft. 14 sq. in.)."

(o) Nothing in this section shall prohibit supplemental statements at locations other than the principal display panel(s) describing in nondeceptive terms the net quantity of contents, provided that such supplemental statements of net quantity of contents shall not include any term qualifying a unit of weight, measure, or count that tends to exaggerate the amount of the drug or device contained in the package; for example, "giant pint" and "full quart." Dual or combination declarations of net quantity of contents as provided for in paragraphs (a) and (i) of this section are not regarded as supplemental net quantity statements and shall be located on the principal display panel.

(p) A separate statement of net quantity of contents in terms of the metric system of weight or measure is not regarded as a supplemental statement and an accurate statement of the net quantity of contents in terms of the metric system of weight or measure may also appear on the principal display panel or on other panels.

(q) The declaration of net quantity of contents shall express an accurate statement of the quantity of contents of the package. Reasonable variations caused by loss or gain of moisture during the course of good distribution practice or by unavoidable deviations in good manufacturing practice will be recognized. Variations from stated quantity of contents shall not be unreasonably large.

(r) A drug shall be exempt from compliance with the net quantity declaration required by this section if it is an ointment labeled "sample," "physician's sample," or a substantially similar statement and the contents of the package do not exceed 8 grams.

5. By adding new § 1.201a, as follows:

§ 1.201a Cosmetics in package form; principal display panel.

The term "principal display panel" as it applies to cosmetics in package form and as used in this part, means the part of a label that is most likely to be displayed, presented, shown, or examined under customary conditions of display for retail sale. The principal display panel shall be large enough to accommodate all the mandatory label information required to be placed thereon by this part with clarity and conspicuousness and without obscuring designs, vignettes, or crowding. Where packages bear alternate principal display panels, information required to be placed on the principal display panel shall be duplicated on each principal display panel. For the purpose of obtaining uniform type size in declaring the quantity of contents of all packages of substantially the same size, the term "area of the principal display panel" means the area of the side or surface that bears the principal display panel, which area shall be:

(a) In the case of a rectangular package where one entire side properly can be considered to be the principal display panel side, the product of the height times the width of that side;

(b) In the case of a cylindrical or nearly cylindrical container, 40 percent of the product of the height of the container times the circumference; and

(c) In the case of any other shape of container, 40 percent of the total surface of the container.

In determining the area of the principal display panel, exclude tops, bottoms, flanges at the tops and bottoms of cans, and shoulders and necks of bottles or jars. In the case of cylindrical or nearly cylindrical containers, information required by this part to appear on the principal display panel shall appear within that 40 percent of the circumference which is most likely to be displayed, presented, shown, or examined under customary conditions of display for retail sale.

6. By revising § 1.202 and adding new §§ 1.202a and 1.202b, as follows:

§ 1.202 Cosmetics in package form; labeling re identity.

(a) The principal display panel of a cosmetic in package form shall bear as one of its principal features a statement of the identity of the commodity.

(b) Such statement of identity shall be in terms of:

(1) The common or usual name of the cosmetic; or

(2) An appropriately descriptive name or, when the nature of the cosmetic is obvious, a fanciful name understood by the public to identify such cosmetic; or

(3) An appropriate illustration or vignette representing the intended cosmetic use.

(c) The statement of identity shall be presented in bold type on the principal display panel, shall be in a size reasonably related to the most prominent printed matter on such panel, and shall be in lines generally parallel to the base on which the package rests as it is designed to be displayed.

§ 1.202a Cosmetics in package form; labeling re name and place of business of manufacturer, packer, or distributor.

(a) The label of a cosmetic in package form shall specify conspicuously the name and place of business of the manufacturer, packer, or distributor.

(b) The requirement for declaration of the name of the manufacturer, packer, or distributor shall be deemed to be satisfied in the case of a corporation only by the actual corporate name, which may be preceded or followed by the name of the particular division of the corporation. Abbreviations for "Company," "Incorporated," etc., may be used and "The" may be omitted. In the case of an individual, partnership, or association, the name under which the business is conducted shall be used.

(c) Where the cosmetic is not manufactured by the person whose name appears on the label, the name shall be qualified by a phrase that reveals the connection such person has with such cosmetic; such as, "Manufactured for ----------," "Distributed by ----------," or any other wording that expresses the facts.

(d) The statement of the place of business shall include the street address, city, State, and ZIP Code; however, the street address may be omitted if it is shown in a current city directory or telephone directory. The requirement for inclusion of the ZIP Code shall apply only to consumer commodity labels developed or revised after the effective date of this section. In the case of nonconsumer packages, the ZIP Code shall appear either on the label or the labeling (including the invoice).

(e) If a person manufactures, packs, or distributes a cosmetic at a place other than his principal place of business, the label may state the principal place of business in lieu of the actual place where such cosmetic was manufactured or packed or is to be distributed, unless such statement would be misleading.

§ 1.202b Cosmetics in package form; labeling re declaration of net quantity of contents.

(a) The label of a cosmetic in package form shall bear a declaration of the net quantity of contents. This shall be expressed in terms of weight, measure, numerical count, or a combination of numerical count and weight or measure. The statement shall be in terms of fluid measure if the cosmetic is liquid or in terms of weight if the cosmetic is solid, semisolid, or viscous, or a mixture of solid and liquid. If there is a firmly established, general consumer usage and trade custom of declaring the net quantity of a cosmetic by numerical count, linear measure, or measure of area, such respective term may be used. If there is a firmly established, general consumer usage and trade custom of declaring the contents of a liquid cosmetic by weight, or a solid, semisolid, or viscous cosmetic by fluid measure, it may be used. Whenever the Commissioner determines for a specific packaged cosmetic that an existing practice of declaring net quantity of contents by weight, measure, numerical count, or a combination of these does not facilitate value comparisons by consumers, he shall by regulation designate the appropriate term or terms to be used for such cosmetic.

(b) Statements of weight shall be in terms of avoirdupois pound and ounce. Statements of fluid measure shall be in terms of the U.S. gallon of 231 cubic inches and quart, pint, and fluid-ounce subdivisions thereof and shall express the volume at 68° F. (20° C.).

(c) When the declaration of quantity of contents by numerical count, linear measure, or measure of area does not give accurate information as to the quantity of cosmetic in the package, it shall be augmented by such statement of weight, measure, or size of the individual units or the total weight or measure of the cosmetic as will give such information.

(d) The declaration may contain common or decimal fractions. A common fraction shall be in terms of halves, quarters, eighths, sixteenths, or thirty-seconds; except that if there exists a firmly established, general consumer usage and trade custom of employing different common fractions in the net quantity declaration of a particular commodity they may be employed. A common fraction shall be reduced to its lowest terms; a decimal fraction shall not be carried out to more than two places. A statement that includes small fractions of an ounce shall be deemed to permit smaller variations than one which does not include such fractions.

(e) The declaration shall be located on the principal display panel of the label; with respect to packages bearing alternate principal display panels, it shall be duplicated on each principal display panel; *Provided*, That:

(1) The principal display panel of a cosmetic marketed in a "boudoir-type" container including decorative cosmetic containers of the "cartridge," "pill box," "compact," or "pencil" variety, and those with a capacity of one-fourth ounce or less, may be considered to be a tear-away tag or tape affixed to the decorative container and bearing the mandatory label information as required by this part, but the type size of the net quantity of contents statement shall be governed by the dimensions of the decorative container; and

(2) The principal display panel of a cosmetic marketed on a display card to which the immediate container is affixed may be considered to be the display panel of the card, and the type size of the net quantity of contents statement is governed by the dimensions of the display card.

(f) The declaration shall appear as a distinct item on the principal display panel, shall be separated (by at least a space equal to the height of the lettering used in the declaration) from other printed label information appearing above or below the declaration and (by at least a space equal to twice the width of the letter "N" of the style of type used in the quantity of contents statement) from other printed label information appearing to the left or right of the declaration. It shall not include any term qualifying a unit of weight, measure, or count (such as "giant pint" and "full quart") that tends to exaggerate the amount of the cosmetic in the container. It shall be placed on the principal display panel within the bottom 30 percent of the area of the label panel in lines generally parallel to the base on which the package rests as it is designed to be displayed; *Provided*, That:

(1) On packages having a principal display panel of 5 square inches or less, the requirement for placement within the bottom 30 percent of the area of the label panel shall not apply when the declaration of net quantity of contents meets the other requirements of this part; and

(2) In the case of a cosmetic that is marketed with both outer and inner retail containers bearing the mandatory label information required by this part, and the inner container is not intended to be sold separately, the net quantity of contents placement requirement of this section applicable to such inner container is waived.

(g) The declaration shall accurately reveal the quantity of cosmetic in the package exclusive of wrappers and other material packed therewith; provided that:

(1) In the case of cosmetics packed in containers designed to deliver the cosmetic under pressure, the declaration shall state the net quantity of the contents that will be expelled when the instructions for use as shown on the container are followed. The propellant is included in the net quantity declaration; and

(2) In the case of a package which contains the integral components making up a complete kit, and which is designed to deliver the components in the manner of an application (for example, a home permanent wave kit), the declaration may state the net quantity of the contents in nondeceptive terms of the number of applications available in the kit when the instructions for use as shown on the container are followed.

(h) The declaration shall appear in conspicuous and easily legible boldface print or type in distinct contrast (by typography, layout, color, embossing, or molding) to other matter on the package; except that a declaration of net quantity blown, embossed, or molded on a glass or plastic surface is permissible when all label information is so formed on the surface. Requirements of conspicuousness and legibility shall include the specifications that:

(1) The ratio of height to width (of the letter) shall not exceed a differential of 3 units to 1 unit (no more than 3 times as high as it is wide).

(2) Letter heights pertain to upper case or capital letters. When upper and lower case or all lower case letters are used, it is the lower case letter "o" or its equivalent that shall meet the minimum standards.

(3) When fractions are used, each component numeral shall meet one-half the minimum height standards.

(i) The declaration shall be in letters and numerals in a type size established in relationship to the area of the principal display panel of the package and shall be uniform for all packages of substantially the same size by complying with the following type specification:

(1) Not less than one-sixteenth inch in height on packages the principal display panel of which has an area of 5 square inches or less.

(2) Not less than one-eighth inch in height on packages the principal display panel of which has an area of more than 5 but not more than 25 square inches.

(3) Not less than three-sixteenth inch in height on packages the principal display panel of which has an area of more than 25 but not more than 100 square inches.

(4) Not less than one-fourth inch in height on packages the principal display panel of which has an area of more than 100 square inches, except not less than one-half inch in height if the area is more than 400 square inches.

Where the declaration is blown, embossed, or molded on a glass or plastic surface rather than by printing, typing, or coloring, the lettering sizes specified in subparagraphs (1) through (4) of this paragraph shall be increased by one-sixteenth of an inch.

(j) On packages containing less than 4 pounds or 1 gallon and labeled in terms of weight or fluid measure:

(1) The declaration shall be expressed both in ounces, with identification by weight or by liquid measure and, if applicable (1 pound or 1 pint or more), followed in parentheses by a declaration in pounds for weight units, with any remainder in terms of ounces or common or decimal fractions of the pound (see examples set forth in paragraph (m) (1) and (2) of this section), or in the case of liquid measure, in the largest whole units (quarts, quarts and pints, or pints, as appropriate) with any remainder in terms of fluid ounces or common or decimal fractions of the pint or quart (see

examples in paragraph (m) (3) and (4) of this section). Net weight or fluid measure of less than 1 ounce shall be expressed in common or decimal fractions of the respective ounce and not in drams.

(2) The declaration may appear in more than one line. The term "net weight" shall be used when stating the net quantity of contents in terms of weight. Use of the terms "net" or "net contents" in terms of fluid measure or numerical count is optional. It is sufficient to distinguish avoirdupois ounce from fluid ounce through association of terms; for example, "Net wt. 6 oz." or "6 oz. net wt." and "Net contents 6 fl. oz." or "6 fl. oz."

(k) On packages containing 4 pounds or 1 gallon or more and labeled in terms of weight or fluid measure, the declaration shall be expressed in pounds for weight units with any remainder in terms of ounces or common or decimal fractions of the pound; in the case of fluid measure, it shall be expressed in the largest whole unit (gallons, followed by common or decimal fractions of a gallon or by the next smaller whole unit or units (quarts or quarts and pints)) with any remainder in terms of fluid ounces or common or decimal fractions of the pint or quart (see example in paragraph (m) (5) of this section).

(l) [Reserved]

(m) Examples:

(1) A declaration of 1½ pounds weight shall be expressed as "Net wt. 24 oz. (1 lb. 8 oz.)," "Net wt. 24 oz. (1½ lb.)," or "Net wt. 24 oz. (1.5 lb.)."

(2) A declaration of three-fourths pound avoirdupois weight shall be expressed as "Net wt. 12 oz."

(3) A declaration of 1 quart liquid measure shall be expressed as "Net contents 32 fl. oz. (1 qt.)."

(4) A declaration of 1¾ quarts liquid measure shall be expressed as "Net contents 56 fl. oz. (1 qt. 1½ pt.)" or "Net contents 56 fl. oz. (1 qt. 1 pt. 8 oz.)" but not in terms of quart and ounce such as "Net contents 56 fl. oz. (1 qt. 24 oz.)."

(5) A declaration of 2½ gallons liquid measure shall be expressed in the alternative as "Net contents 2 gal. 2 qt." and not as "2 gal. 4 pt."

(n) For quantities, the following abbreviations and none other may be employed (periods and plural forms are optional):

weight wt.	gallon gal.
square sq.	quart qt.
fluid fl.	pint pt.
yard yd.	ounce oz.
feet or foot ft.	pound lb.
inch in.	

(o) On packages labeled in terms of linear measure, the declaration shall be expressed both in terms of inches and, if applicable (1 foot or more), the largest whole units (yards, yards and feet, feet). The declaration in terms of the largest whole units shall be in parentheses following the declaration in terms of inches and any remainder shall be in terms of inches or common or decimal fractions of the foot or yard. Examples are "86 inches (2 yd. 1 ft. 2 inches)," "90 inches (2½ yd.)," "30 inches (2.5 ft.)," etc.

(p) On packages labeled in terms of area measure, the declaration shall be expressed in terms of square inches and, if applicable (1 square foot or more), the largest whole square unit (square yards, square yards and square feet, square feet). The declaration in terms of the largest whole units shall be in parentheses following the declaration in terms of square inches and any remainder shall be in terms of square inches or common or decimal fractions of the square foot or square yard; for example, "158 sq. inches (1 sq. ft. 14 sq. inches)," etc.

(q) Nothing in this section shall prohibit supplemental statements at locations other than the principal display panel(s) describing in nondeceptive terms the net quantity of contents, provided that such supplemental statements of net quantity of contents shall not include any term qualifying a unit of weight, measure, or count that tends to exaggerate the amount of the cosmetic contained in the package; for example, "giant pint" and "full quart." Dual or combination declarations of net quantity of contents as provided for in paragraphs (a), (c), and (j) of this section (for example, a combination of net weight plus numerical count) are not regarded as supplemental net quantity statements and shall be located on the principal display panel.

(r) A separate statement of the net quantity of contents in terms of the metric system is not regarded as a supplemental statement and an accurate statement of the net quantity of contents in terms of the metric system of weight or measure may also appear on the principal display panel or on other panels.

(s) The declaration of net quantity of contents shall express an accurate statement of the quantity of contents of the package. Reasonable variations caused by loss or gain of moisture during the course of good distribution practice or by unavoidable deviations in good manufacturing practice will be recognized. Variations from stated quantity of contents shall not be unreasonably large.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing, and such objections must be supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in six copies.

Effective date. This order shall become effective July 1, 1968, except as to any provisions that may be stayed by the filing of proper objections. Notice of the filing of objections or lack thereof will be announced by publication in the FEDERAL REGISTER.

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Diphenamid

A petition (PP 7F0585) was filed with the Food and Drug Administration by the Upjohn Co., Kalamazoo, Mich. 49001, proposing the establishment of a tolerance of 1 part per million for residues of the herbicide diphenamid (*N,N*-dimethyl-2,2-diphenylacetamide) in or on the raw agricultural commodity strawberries.

Subsequently, the petitioner amended the proposal to request a tolerance of 1 part per million for the combined residues of diphenamid and its desmethyl metabolite (*N*-methyl-2,2-diphenylacetamide) in or on the raw agricultural commodity strawberries.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purpose for which the tolerance is being established.

Based on consideration given the data submitted in the petition, and other relevant material, the Commissioner of Food and Drugs concludes that the tolerance established by this order will protect the public health. Therefore, by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)) and delegated by him to the Commissioner (21 CFR 2.120), Part 120 is amended by adding to Subpart C the following new section:

§ 120.230 Diphenamid; tolerances for residues.

A tolerance of 1 part per million is established for total residues of the herbicide diphenamid (*N,N*-dimethyl-2,2-diphenylacetamide) and its desmethyl metabolite (*N*-methyl-2,2-diphenylacetamide) in or on the raw agricultural commodity strawberries.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate.

Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

SUBCHAPTER C—DRUGS

PART 148i—NEOMYCIN SULFATE

Antibiotic Ointment and Lotion

Under the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357) and delegated by him to the Commissioner of Food and Drugs (21 CFR 2.120), Part 148i is amended as follows to provide for the certification of the specified antibiotic drugs:

1. Section 148i.33 is amended by revising the section heading and paragraphs (a)(1) and (b)(1) to read as follows:

§ 148i.33 Neomycin palmitate-_____ ointment (the blank being filled in with the established name(s) of the other active ingredient(s) present in accordance with paragraph (a)(1) of this section).

(a) *Requirements for certification—*(1) *Standards of identity, strength, quality, and purity.* The drug is an ointment containing in each gram of a suitable and harmless ointment base neomycin palmitate equivalent to 3.5 milligrams of neomycin and either (i) 2.5 milligrams of hydrocortisone acetate and 10,000 units of trypsin-chymotrypsin proteolytic activity, or (ii) 10,000 units of trypsin-chymotrypsin proteolytic activity. The moisture content is not more than 1 percent. The neomycin palmitate used conforms to the requirements of § 148i.32(a)(1). Each other substance used, if its name is recognized in the U.S.P. or N.F., conforms to the standards prescribed therefor by such official compendium.

* * * * *

(b) *Tests and methods of assay—*(1) *Potency.* Proceed as directed in § 148i.32(b)(1), except prepare the sample for assay by either of the following methods:

(i) Place approximately 1 gram of the ointment, accurately weighed, in a high-speed glass blender with 1 milliliter of polysorbate 80 and 99 milliliters of absolute methyl alcohol. Blend 3 to 5 minutes. Make proper estimated dilutions in 0.1*M* potassium phosphate buffer, pH 8, to the reference concentration.

(ii) Place on accurately weighed representative portion of the ointment into a separatory funnel containing 50 milliliters of peroxide-free ether. Shake the sample and ether until homogeneous. Add 25 milliliters of 0.1*M* potassium phosphate buffer, pH 8, and shake well. Allow the layers to separate. Remove the buffer layer and repeat the extraction with new portions of buffer at least three times and any additional times necessary to insure complete extraction of the antibiotic. Combine the extractives and adjust to an appropriate volume to give a stock solution of convenient concentration. Further dilute with 0.1*M* potassium phosphate buffer, pH 8, to the proper, prescribed reference concentration.

The neomycin content is satisfactory if it is not less than 90 percent and not more than 115 percent of the number of milligrams of neomycin that it is represented to contain.

* * * * *

2. A new section is added to Part 148i, as follows:

§ 148i.47 Neomycin palmitate-trypsin-chymotrypsin concentrate lotion.

(a) *Requirements for certification—*(1) *Standards of identity, strength, quality, and purity.* Neomycin palmitate-trypsin-chymotrypsin concentrate lotion contains neomycin palmitate and trypsin-chymotrypsin concentrate in a suitable and harmless vehicle. It may contain suitable and harmless preservatives. Each gram of lotion contains neomycin palmitate equivalent to 3.5 milligrams of neomycin and 10,000 units of trypsin-chymotrypsin proteolytic activity. Its moisture content is not more than 1 percent. The neomycin palmitate used conforms to the requirements of § 148i.32(a)(1). Each other substance used, if its name is recognized in the U.S.P. or N.F., conforms to the standards prescribed therefor by such official compendium.

(2) *Labeling.* It shall be labeled in accordance with the requirements of § 148.3 of this chapter. Its expiration date is 12 months.

(3) *Requests for certification; samples.* In addition to the requirements of § 146.2 of this chapter, each such request shall contain:

(i) Results of tests and assays on:

(*a*) The neomycin palmitate used in making the batch for potency, moisture, pH, and identity.

(*b*) The batch for neomycin content and moisture.

(ii) Samples required:

(*a*) The neomycin palmitate used in making the batch: 10 packages, each containing 300 milligrams.

(*b*) The batch: A minimum of five immediate containers.

(*c*) In case of an initial request for certification, each other ingredient used in making the batch: One package of each containing approximately 5 grams.

(4) *Fees.* $4 for each package or immediate container in the samples submitted in accordance with subparagraph (3)(ii) of this paragraph.

(b) *Tests and methods of assay—*(1) *Potency.* Proceed as directed in § 148i.33(b)(1). The neomycin content is satisfactory if it is not less than 90 percent nor more than 115 percent of the number of milligrams of neomycin that it is represented to contain.

(2) *Moisture.* Proceed as directed in § 141a.8(b) of this chapter.

Data supplied by the manufacturer concerning the safety and efficacy of the subject drugs have been evaluated. Since the conditions prerequisite to providing for certification of the subject drugs have been complied with and since it is in the public interest not to delay in providing for such certification, notice and public procedure and delayed effective date are not prerequisites to this promulgation.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER.

(Sec. 507, 59 Stat. 463, as amended; 21 U.S.C. 357)

Title 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 2—FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS

Treaties and Other International Agreements Relating to Radio

Order. 1. The Commission has before it the desirability of making certain editorial changes in Part 2 of its rules and regulations.

2. Authority for the amendments is contained in sections 4(i), (5)(d)(1), and 303(r) of the Communications Act of 1934, as amended, and § 0.261(a) of the Commission's rules. Because the amendments are editorial in nature, the prior notice and effective date provisions of section 4 of the Administrative Procedure Act, 5 U.S.C. 553, do not apply.

3. *It is ordered,* Effective January 19, 1968, That Part 2 of the rules and regulations is amended as set forth below.

(Secs., 4, 5, 303, 48 Stat., as amended, 1066, 1068, 1082; 47 U.S.C. 154, 155, 303)

Adopted: January 3, 1968.

Released: January 5, 1968.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

1. Section 2.601 is amended to read as follows:

§ 2.601 General.

This subpart is corrected to January 1, 1968. The Commission does not distribute copies of these documents. Inquiry may be made to the U.S. Government Printing Office concerning availability for purchase.

2. In § 2.603 Paragraphs (a) and (b) are amended to read as follows:

§ 2.603 Treaties and other international agreements relating to radio.

(a) The applicable treaties and other international agreements in force relating to radio and to which the United States of America is a party (other than reciprocal operating agreements for radio amateurs) are listed below:

[Docket No. 17723; FCC 68-13]

PART 73—RADIO BROADCAST SERVICES

Table of Assignments; Winona, Minn.

Report and order. 1. The Commission invited comments herein on a proposal to assign UHF Channel 44 to Winona, Minn., in response to a petition of Big Chief Television Co., Winona, Docket No. 17723, RM-1184, which seeks the assignment for a first local commercial television station. (See notice of proposed rule making, released Sept. 15, 1967, FCC 67-1040, published Sept. 20, 1967, in the FEDERAL REGISTER at 32 F.R. 13294.) No comments were filed in response to the notice.

2. Winona (1960 population, 24,894), the largest city in Winona County (1960 population, 40,937), of which it is the seat, is located in southeastern Minnesota, about 40 miles east of Rochester, Minn. (1960 population, 40,663), and about 30 miles northwest of La Crosse, Wis. (1960 population, 47,575). Currently, only Channel 34, reserved for educational use, is assigned to Winona, and the channel has not yet been activated or sought for use. The nearest existing television stations are the VHF stations at La Crosse (WKBT, Channel 8) and Rochester (KROC, Channel 10).

3. It appears from petitioner's showing that there is demand, need, and support for a local commercial television service at Winona at this time and that, if a channel is assigned, it is prepared to take the necessary steps to construct and operate a UHF station at Winona. (Petitioner demonstrated the seriousness of its intent by filing a premature application for a Winona assignment.) As pointed out in the notice, Channel 44, requested by petitioner, can be assigned without making any other changes in the Table of Assignments or seriously affecting the availability of channels in this general area to meet other developing needs. It has also been found to be the most efficient assignment from the standpoint of least impact upon available assignments.

4. In these circumstances, we are of the view that the public interest would be served by assigning Channel 44 to Winona. In making this assignment, however, we emphasize that, in light of petitioner's representations and demonstrated interest in applying for the channel, weight has been given to the consideration that prompt application would be made for the channel. If this does not occur, the new assignment may be deleted.

5. Accordingly, pursuant to the authority contained in sections 4(i), 303, and 307(b) of the Communications Act of 1934, as amended: *It is ordered*, That, effective February 19, 1968, the Table of Assignments in § 73.606(b) of the Commission rules is amended, insofar as the city listed below is concerned, to read as follows:

City	*Channel No.*
Winona, Minn	*35, 44

NOTE: Offset for Channel 44 will be supplied in a subsequent order.

6. *It is further ordered*, That this proceeding is terminated.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083; 47 U.S.C. 154, 303, 307)

Adopted: January 4, 1968.

Released: January 8, 1968.

PART 74—EXPERIMENTAL, AUXILIARY, AND SPECIAL BROADCAST SERVICES

Posting of Station Licenses at Unattended Television STL and Intercity Relay Transmitters

Report and order. 1. On September 6, 1967, the Commission adopted a notice of proposed rule making, looking toward the amendment of § 74.664 of the rules by the addition of a new subparagraph (3) to paragraph (a) which, in the case of an unattended TV auxiliary station, would

require the display on the antenna supporting structure, of the station's call sign, the name of its licensee, and the call sign and location of the TV broadcast station of which it is an auxiliary. The full text of the proposed amendment was set forth in the notice. The date for filing comments and reply comments were set as October 18, 1967, and October 30, 1967, respectively.

2. J. G. Rountree, Consulting Engineer (Rountree), filed a letter comment on October 9, 1967; Westinghouse Broadcasting Co., Inc., (Westinghouse) filed comments on October 18, 1967. No reply comments were filed. Both pleadings fully support the adoption of the proposed amendment.

3. Rountree notes that identification of unattended TV auxiliary stations in the manner proposed would be of considerable assistance to station applicants, who, as a part of FCC application Form 301 are required to submit a map showing the locations and call letters of all radio stations within 2 miles of a proposed transmitter site. Under present rules, which require no external markings, the identification of unattended transmitters is sometimes difficult or impossible. He suggests that the proposed rule requirement could well be extended to all classes of unattended stations.

4. Westinghouse states that it presently equips the unattended auxiliary transmitters associated with its TV stations with displays similar to those required in the proposed rule amendment. The burden imposed is not substantial. Not only is such a display a convenience for FCC engineers, but it also benefits the licensee in the protection of his property.

5. This proceeding, of course, concerns only the identification of unattended TV auxiliary stations. However, Roundtree's comment as to the desirability of establishing similar rules with respect to unattended stations in other services is noted for possible future consideration.

6. In the light of the above, we have decided to amend § 74.664, as proposed.

7. *Accordingly, it is ordered,* Effective February 19, 1968, that Part 74 of the rules and regulations is amended as set forth below. Authority for the rule amendments adpoted herein is contained in sections 4(i) and 303(r) of the Communications Act of 1934, as amended.

8. *It is further ordered,* That this proceeding is hereby terminated.

(Secs. 4, 303, 48 Stat., as amended 1066, 1082; 47 U.S.C. 154, 303)

Adopted: January 4, 1968.

Released: January 8, 1968.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

1. Section 74.664(a)(3) is amended to read as follows:

§ 74.664 Station and operator licenses; posting of.

(a) * * *

(3) In cases where the transmitter is operated unattended pursuant to the provisions of § 74.735, the call sign of the unattended station and the name of the licensee, together with the call sign and location of the TV broadcast station(s) with which it operates as an auxiliary, shall be displayed at the transmitter site on the structure supporting the transmitting antenna so as to be visible to a person standing on the ground or other easily accessible point. The display shall be prepared so as to withstand normal weathering over a reasonable period of time and shall be maintained in a legible condition at all times. The station license and other documents referred to in this paragraph, shall be kept in the files of the television broadcast station with which it is licensed as an auxiliary.

Title 50—WILDLIFE AND FISHERIES

Chapter I—Bureau of Sport Fisheries and Wildlife, Fish and Wildlife Service, Department of the Interior

PART 33—SPORT FISHING

Mark Twain National Wildlife Refuge, Illinois, Iowa, and Missouri

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER.

§ 33.5 Special regulations; sport fishing; for individual wildlife refuge areas.

ILLINOIS, IOWA, AND MISSOURI

MARK TWAIN NATIONAL WILDLIFE REFUGE

Sport fishing on the Mark Twain National Wildlife Refuge, Illinois, Iowa, and Missouri, is permitted only on the areas designated by signs as open to fishing. These open areas, comprising 5,310 acres, are delineated on maps available at the refuge headquarters and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, 1006 West Lake Street, Minneapolis, Minn. 55408. Sport fishing shall be in accordance with all applicable State regulations subject to the following special conditions:

ILLINOIS

(1) The open season for sport fishing in the Calhoun and Batchtown Divisions of the Mark Twain National Wildlife Refuge extends from January 1, 1968, through October 15, 1968, with exception of certain designated areas open until December 31, 1968.

(2) The open season for sport fishing in the Keithsburg Division of the Mark Twain National Wildlife Refuge extends from January 1, 1968, through October 15, 1968.

(3) The open season for sport fishing in the Gardner Division of the Mark Twain National Wildlife Refuge extends from January 1, 1968, through September 30, 1968.

IOWA

(1) The open season for sport fishing in the Louisa Division of the Mark Twain National Wildlife Refuge extends from January 1, 1968, through September 30, 1968, with exception of areas adjacent to the Port Louisa road which are open until December 31, 1968.

MISSOURI

(1) The open season for sport fishing in the Clarence Cannon National Wildlife Refuge, a division of the Mark Twain National Wildlife Refuge extends from January 1, 1968, through October 15, 1968. Fishing on the Clarence Cannon National Wildlife Refuge is permitted only on Bryants Creek.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Part 33, and are effective through December 31, 1968.

JAMES F. GILLETT,
Refuge Manager, Mark Twain National Wildlife Refuge.

PART 33—SPORT FISHING

Cold Springs National Wildlife Refuge and McKay Creek National Wildlife Refuge, Oreg.

The following special regulation is issued and is effective on date of publication in the FEDERAL REGISTER.

§ 33.5 Special regulations; sport fishing; for individual wildlife refuge areas.

OREGON

COLD SPRINGS NATIONAL WILDLIFE REFUGE

Sport fishing on the Cold Springs National Wildlife Refuge, Oreg., is permitted only on the area designated by signs as open to fishing. This open area, comprising 1,550 acres, is delineated on maps available at the refuge headquarters, McNary National Wildlife Refuge, Burbank, Wash., and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, 730 Northeast Pacific Street, Portland, Oreg. 97208. Sport fishing shall be in accordance with all applicable State regulations, subject to the following special conditions:

(1) The refuge is closed to sport fishing during the migratory waterfowl hunting season.

(2) Boats without motors may be used for purpose of fishing.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective to January 1, 1969.

MCKAY CREEK NATIONAL WILDLIFE REFUGE

Sport fishing on the McKay Creek National Wildlife Refuge, Oreg., is permitted only on the area designated by signs as open to fishing. This open area, comprising 660 acres, is delineated on maps available at the refuge headquarters, McNary National Wildlife Refuge, Burbank, Wash., and from the office of the Regional Director, Bureau of Sport Fisheries and Wildlife, 730 Northeast Pacific Street, Portland, Oreg. 97208. Sport fishing shall be in accordance with all applicable State regulations, subject to the following special conditions:

(1) The refuge is closed to sport fishing during the migratory waterfowl hunting season.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective to January 1, 1969.

HENRY BAETKEY,
Acting Regional Director, Bureau of Sport Fisheries and Wildlife.

Proposed Rule Making

DEPARTMENT OF AGRICULTURE

Consumer and Marketing Service

[7 CFR Part 1069]

[Docket No. AC 153-A12]

MILK IN DULUTH-SUPERIOR MARKETING AREA

Termination of Proceeding on Proposed Amendments to Tentative Marketing Agreement and to Order

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Duluth, Minn., on August 10–11, 1966, pursuant to notice thereof issued on July 25, 1966 (31 F.R. 10131).

Upon the basis of the evidence introduced at the hearing and the record thereof, the Deputy Administrator, Regulatory Programs, on January 12, 1967 (32 F.R. 458; F.R. Doc. 67-521) filed with the Hearing Clerk, U.S. Department of Agriculture, his recommended decision containing notice of the opportunity to file written exceptions thereto.

The material issues on the record of the hearing related to the appropriate level of Class II milk price and interest charges on overdue payments to a cooperative association.

In the recommended decision it was concluded that interest charges on overdue payments should not be adopted at this time. It was also found that the Minnesota - Wisconsin manufacturing milk grade price series would provide an appropriate basis for establishing the Class II price if modified to accommodate the local situation. However, it was further found that the record did not contain sufficient evidence for developing such modification, and it was recommended that the hearing be reopened to receive additional evidence on the matter.

Since the present record does not afford a basis for action and since interested parties have not filed proposals to reopen the hearing, it is hereby found and determined that the proceeding which was begun in this matter on July 25, 1966 (31 F.R. 10131) should be and is hereby terminated.

Signed at Washington, D.C., on January 5, 1968.

GEORGE L. MEHREN,
Assistant Secretary.

[Docket No. R-335]

ANNUAL REPORTS TO COMMISSION OF CLASS A AND B NATURAL GAS COMPANIES

Schedule Natural Gas Reserves Available From Purchase Agreements

JANUARY 4, 1968.

1. Notice is given pursuant to 5 U.S.C. 553 that the Commission is considering a proposal to revise, effective for the reporting years 1967 and 1968, only, the schedule, page 550, of FPC Form No. 2,[1] prescribed by § 260.1 of the Commission's regulations, which requires the detailed reporting by the respondent of its natural gas supply available under purchase contracts.

2. A considerable part of the data supplied in this schedule is duplicated in FPC Form No. 15 which it antedates, though the latter does not require the reporting of reserves by individual contract. For this reason and because of the possible need of other agencies or interested persons for the complete data, we are not now proposing a complete discontinuance of this schedule. We are, instead, proposing that in reporting this data for the years 1967 and 1968, details of individual vendor contracts need not be supplied but that respondents report by totals only of the estimated reserves under the several types of gas purchase agreements currently described in instruction 1. of the schedule.

3. This revision of the schedule in FPC Form No. 2 is proposed to be issued under the authority of the Natural Gas Act, as amended, particularly sections 10 and 16 thereof (52 Stat. 826, 830; 15 U.S.C. 717i, 717o).

4. Accordingly, it is proposed to revise, effective for the reporting years 1967 and 1968, the schedule "Natural Gas Reserves Available From Gas Purchase Agreements," pages 550–551 of FPC Form No. 2, prescribed by § 260.1, Subchapter G, Chapter I, Title 18 of the Code of Federal Regulations by deleting therefrom the instruction paragraphs 1 through 8 and the headings to columns (a) through (d). In lieu thereof insert the following new instruction:

Respondents will report by total only, quantities called for in column (e) by the following account numbers:

800 Natural gas wellhead purchases.
801 Natural gas field line purchases.
802 Natural gas gasoline plant outlet purchases.
803 Natural gas transmission line purchases.
804 Natural gas city gate purchases.
805 Other gas purchases.

as shown on the attachment hereto.

5. Any person may submit to the Federal Power Commission, Washington, D.C. 20426, not later than January 18, 1968, data, views, comments, and suggestions in writing concerning the proprosal herein. An original and 14 conformed copies of any such submittals should be filed. The Commission will consider any such written submittals before acting on the amendments.

By the Commission.

Secretary.

COLORADO

Notice of Classification of Public Lands for Multiple-Use Management

JANUARY 4, 1968.

1. Pursuant to the Act of September 19, 1964 (43 U.S.C. 1411–18) and to the regulations in 43 CFR Parts 2410 and 2411, the public lands within the areas described below together with any lands therein that may become public lands in the future are hereby classified for multiple-use management. Publication of this notice:

(a) Segregates all the described lands from appropriation only under the agricultural land laws (43 U.S.C. Chs. 7 and 9; 25 U.S.C. 334); from sales under section 2455 of the Revised Statutes (43 U.S.C. 1171); Small Tract Act of June 1, 1938, as amended (43 U.S.C. 682 (a) and (b)). The land shall remain open to all other applicable forms of appropriation including the mining and mineral leasing laws; the Public Land Sale Act of September 19, 1964 (43 U.S.C. 4121–27); exchanges under section 8, Taylor Grazing Act of June 28, 1934 (48 Stat. 1272; 43 U.S.C. 315(g)); and Recreation and Public Purposes Act of June 14, 1926, as amended (43 U.S.C. 869; 869–1 to 869–4).

(b) Further segregates the lands described in paragraph 3 of this notice from appropriation under the general mining laws (30 U.S.C. 21) but not from the mineral leasing laws. As used herein, "public lands" means any lands withdrawn or reserved by Executive Order 6910 of November 26, 1934, as amended, or within a grazing district established pursuant to the Act of June 28, 1934 (48 Stat. 1269), as amended which are not otherwise withdrawn or reserved for a Federal use or purpose.

2. No adverse comments or objections were received at the public hearing which was held at Grand Junction, Colo., on October 19, 1967. Classification of the public lands for multiple use management was recommended. However, two written objections were received from public-sale applicants following publication of the notice of proposed classification (32 F.R. 13602–03). The objections were carefully considered and evaluated. No changes have been made in the list of lands included in the classification. The record showing the comments, objections, and other information is on file and can be examined in the Grand Junction District Office, Grand Junction, Colo. The public lands affected by this classification are located within the following described area and are shown on a map designated by Serial No. C–2702 in the Grand Junction District Office, Bureau of Land Management, Federal Building, Fourth and Rood, Grand Junction, Colo. 81502 and at the Land Office, Bureau of Land Management, Room 15019, Federal Building, 1961 Stout Street, Denver, Colo. 80202.

DEPREDATING AMERICAN COOTS

Order Permitting Killing in Designated Agricultural Areas in California

It has been determined from investigations and observations by the Bureau of Sport Fisheries and Wildlife and the California Department of Fish and Game that serious depredations to agricultural crops are occurring because of large numbers of coots in the Sacramento and San Joaquin Valleys of California. This cannot be considered of a localized nature. It was further determined that damages to crops can best be minimized or alleviated by permitting the depredating coots to be killed and taken by shooting in the affected areas under specific conditions and restrictions. This order will become effective beginning January 11, 1968. Accordingly, pursuant to authority contained in section 16.25, Title 50, Code of Federal Regulations, it is ordered as follows:

1. (a) Coots may be killed by shooting only with a shotgun not larger than No. 10 gauge fired from the shoulder; in the counties of Butte, Colusa, Fresno, Glenn, Kern, Kings, Madera, Merced, Placer, Sacramento, San Joaquin, Solano, Stanislaus, Sutter, Tulare, Yolo, and Yuba.

(b) Shooting of coots shall be limited to the hours between sunrise and sunset. The authorization to kill coots, as contained in this order, shall terminate on May 19, 1968: *Provided,* If prior to that date it is found that the emergency condition no longer exists, the killing of coots as permitted under this order will be terminated earlier on the date of publication of an order of revocation in the FEDERAL REGISTER.

(c) Coots killed under the provision of this order may be used for food, donated to hospitals or other charitable institutions within the State for use as food, and they may be donated to public museums or public scientific and educational institutions for exhibition, scientific or educational purposes. Birds killed under provisions of this order may not be sold, offered for sale, bartered, or shipped for purposes of sale or barter, or be wantonly wasted or destroyed.

2. This order does not permit the killing of coots in violation of any State law or regulation. This order contemplates emergency measures designed to aid in relieving crop depredations and is not to be construed as a reopening or extension of any open hunting season prescribed by regulations promulgated under section 3 of the Migratory Bird Treaty Act.

(Sec. 3, 40 Stat. 755, as amended, 16 U.S.C. 704)

ABRAM V. TUNISON,
Acting Director, Bureau of Sport Fisheries and Wildlife.

PRINCE WILLIAM FOREST PARK AND GEORGE WASHINGTON MEMORIAL PARKWAY

Notice of Intention To Issue Concession Permit

Pursuant to the provisions of section 5 of the Act of October 9, 1965 (79 Stat. 969; 16 U.S.C. 20), public notice is hereby given that thirty (30) days after the date of publication of this notice, the Department of the Interior, through the Superintendent, Prince William Forest Park and George Washington Memorial Parkway, proposes to issue a concession permit to Belle Haven Marina, Inc., authorizing it to provide marine facilities for the public at the Belle Haven Marina, New Alexandria, Va., for a period of 5 years from January 1, 1968, through December 31, 1972.

The foregoing concessioner has performed its obligations under an existing permit to the satisfaction of the National Park Service, and therefore, pursuant to the Act cited above, is entitled to be given preference in the issuance of a new permit. However, under the Act cited above, the Secretary is also required to consider and evaluate all proposals received as a result of this notice. Any proposal to be considered and evaluated must be submitted within thirty (30) days after the date of publication of this notice.

Interested parties should contact the Superintendent, PWFP & GWMP, 1111 North 19th Street, Arlington, Va. 22009, for information as to the requirements of the proposed permit.

Office of the Secretary

[Administrative Management Reg. 9]

DIRECTOR, OFFICE OF SURVEY AND REVIEW

Delegation of Authority

SECTION 1. Authority. The Director, Office of Survey and Review, Office of the Assistant Secretary for Administration, is hereby authorized, without power of redelegation, to make the determinations provided for in the Federal Property Management Regulations, Part 101-45. 803 and Part 101-45.804, as follows:

A. In the event of mistake in a responsive bid alleged after opening and before award:

(1) A determination may be made permitting the bidder to withdraw his bid where the bidder requests permission to do so and clear and convincing evidence establishes the existence of a mistake. However, if the evidence is clear and convincing both as to the existence of a mistake and as to the bid actually intended, and if the bid, both as uncorrected and corrected, is the highest received, a determination may be made to correct the bid and not permit its withdrawal.

(2) A determination may be made permitting the bidder to correct his bid where the bidder requests permission to do so and clear and convincing evidence establishes both the existence of a mistake and the bid actually intended. However, if such correction would result in displacing one or more higher bids, the determination shall not be made unless the existence of the mistake and the bid actually intended are ascertainable substantially from the invitation and bid itself. If the evidence is clear and convincing only as to the mistake, but not as to the intended bid, a determination permitting the bidder to withdraw his bid may be made.

(3) If the evidence does not warrant a determination under subparagraph (1) or (2) of this paragraph, a determination may be made that a bidder may neither withdraw nor correct his bid.

B. When a mistake in bid is not discovered until after the award:

(1) A determination may be made to rescind a contract in its entirety where the original total contract amount does not exceed $1,000.

(2) A determination may be made to reform a contract, irrespective of amount, (i) by deleting the item or items involved in the mistake where such deletion does not reduce the contract amount by more than $1,000; or (ii) by decreasing the price where the resultant decrease in price does not exceed $1,000 and the reformed contract price is not less than that of the otherwise next high bid under the original invitation for bids.

(3) If the evidence does not warrant a determination under (1) or (2) of this subsection, a determination may be made that no change shall be made in the contract as awarded.

C. Each proposed determination made hereunder shall before becoming effective be approved by the Solicitor, an Associate Solicitor, or comparable legal officer of the Department.

D. Records shall be maintained of all administrative determinations made in accordance with these provisions, and copies of all such administrative determinations, with the facts involved, shall be included in the case file. Where a contract is awarded under section 1 hereof, the General Accounting Office copy of the contract shall be accompanied by a signed copy of any related determination. A copy of the determination shall be attached to each copy of any contract rescission or reformation resulting therefrom.

E. The said Director, Office of Survey and Review, may not redelegate the authority herein delegated to him.

SEC. 2. Effective date. This regulation is effective immediately.

GEORGE E. ROBINSON,
Deputy Assistant Secretary
for Administration.

DEPARTMENT OF AGRICULTURE

Office of the Secretary

GREAT PLAINS CONSERVATION PROGRAM

Basic Policies

THE PROGRAM

(1) The Great Plains Conservation Program shall emphasize the land use changes and wind erosion control and moisture conservation and management practices which, in combination by conservation treatment units, will provide, over a period of years, the most enduring conservation benefits for purpose of supporting stable agricultural enterprises.

(2) The program is fully voluntary on the part of the individual producer. Its voluntary character shall be continuously emphasized.

(3) A plan of farming or ranching operations including a time schedule by conservation treatment units, shall be a prerequisite to participation in the program. Conservation plans developed by farmers and ranchers in cooperation with their soil conservation district will serve as a basis for Great Plains Conservation Program contracts with the Secretary.

(4) The program is in addition to other Department of Agriculture programs in the area. Any phase of other programs that contribute to conservation objectives of individual farms and ranches may be used by the producer to effectuate his soil and water conservation plan of operations.

(5) The producer will be responsible for developing and carrying out his farm or ranch plan of operations. The Department of Agriculture will provide available technical assistance to any producer requesting it. The producer will be encouraged to use all other available sources of assistance.

(6) The Department of Agriculture shall offer to producers long-term contracts under which the Secretary will make commitments to share with the producer the cost of establishing the combination of conservation practices provided for in his farm or ranch plan of operations. These contracts may be entered into during the period ending not later than December 31, 1971. Initial contracts may not be for periods of less than 3 years. No contract shall be for a period of more than 10 years.

(7) The producer will be encouraged to carry out his plan of operations in the shortest period possible consistent with climatic conditions and his resources.

(8) Rental type payments will not be made under this program.

(9) The producer may use for grazing or other purposes the land established in vegetative cover under the contract consistent with good management.

(10) The program shall be carried out in close cooperation with interested Federal, State, and local governmental units and organizations and other groups and individuals. It shall be made to contribute in all ways possible to achieving the objectives of the overall Great Plains Program recommended by the President to Congress, January 11, 1956 (USDA Misc. Pub. 709).

(11) Local units of government, such as soil conservation districts, shall be encouraged to assume leadership in facilitating the program and to give particular attention to encouraging the farmers and ranchers to attack their mutual problems in unison.

ADMINISTRATION

(12) The Secretary of Agriculture will establish regulations for the operations of the program.

(13) The Soil Conservation Service shall be responsible for the administration of the program.

(14) Under the leadership of the Soil Conservation Service the following agencies shall assist in developing and reviewing policies and general operating procedures for the program: Agricultural Stabilization and Conservation Service, Consumer and Marketing Service, Agricultural Research Service, Farmers Home Administration, Federal Crop Insurance Corporation, Federal Extension Service, Forest Service, and Office of Information. Where these agencies have representatives at the State and county level, they shall constitute State and County Program Committees under the chairmanship of the Soil Conservation Service.

(15) The State Program Committee will assist in developing and reviewing policies and general operating procedures best suited to the State. The State Director of the Agricultural Extension Service, the Director of the State Agricultural Experiment Station, and a representative of the State Soil Conservation Committee (Board or Commission) shall be invited to participate. Representatives of other interested agencies or groups working in the State may be invited to participate as determined by the State Program Committee.

(16) The County Program Committee will assist in developing and reviewing policies and general operating procedures best suited to the county. The County Agricultural Extension Agent and the governing body of any soil conservation districts in the county shall be invited to participate. Other local, State and Federal agencies operating in the county may be invited to participate as determined by the County Program Committee.

(17) State Directors of Extension will be requested to provide leadership in programs of public information about this program in the designated counties; and to the extent possible, provide assistance (particularly economic, crop and livestock management information) to producers which will be useful to them in developing their plans of operations.

(18) Soil Conservation Service personnel shall assist in informing producers about the program. They shall make available to producers technical assistance in preparing and carrying out plans of operations. A designated representative of the Soil Conservation Service shall serve as the contracting officer for the Secretary and shall execute contracts with producers subject to the availability of funds therefor.

(19) The County Agricultural Stabilization and Conservation Committee shall assist in explaining the program to producers and in relating it to other Department of Agriculture programs administered by it in the county.

(20) The County Supervisor of the Farmers Home Administration shall assist in informing producers about the program and shall, where appropriate, assist eligible producers with soil and water conservation, water facilities, and other loans needed to effectuate the program.

(21) County representatives of Department of Agriculture agencies will assist producers desiring to participate in the program in preparing applications, and will receive applications for transmittal to the local office of the Soil Conservation Service.

(22) The Agricultural Stabilization and Conservation Service shall provide leadership in development of a national list of soil and water conservation practices for the Great Plains Area for cost-sharing purposes.

(23) Funds for administrative expenses will be allotted to the various agencies of the Department participating in the program as approved by the Secretary. The allotment to the Soil Conservation Service will also include funds for technical services and cost sharing.

(24) The program in designated counties shall be coordinated with the work plan of soil conservation districts operating in such counties.

(25) The continuing cooperation and advice of the Great Plains Agricultural Council will be sought in the operation of the program.

PROGRAM APPLICABILITY

(26) The counties eligible to participate in the program shall be those within the Great Plains Area of the 10 Great Plains States.

(27) The Secretary will designate counties in which the program will be carried out. These designations will be based upon recommendations of the State Program Committee.

THE PLAN OF OPERATIONS

(28) A plan of operations for a farm or ranch shall cover all land owned or controlled for the period of the contract by the producer which is considered to be a single operating unit.

(29) The producer shall be provided with soil and range site survey information with necessary interpretations to use as a basis for preparing a plan of operations.

(30) The plan of operations shall provide for the installation of a combination of land use changes, management and conservation practices by conservation treatment units needed to solve the conservation problems of the farm or ranch and provide the maximum of farming or ranching stability.

(31) The national list of soil and water conservation practices shall consist of practices particularly suited to the Great Plains Area which will be eligible for cost sharing when applied in combinations set forth in plans of operations.

CONTRACTS AND COST SHARING

(32) The contract period shall be determined by the period of years set forth in the time schedule in the producer's plan of operations.

(33) The maximum cost-share rate shall not exceed 80 percent of the average cost of installing each eligible conservation practice planned for the conservation treatment unit.

(34) Federal cost shares shall be paid to the producer after he has carried out an identifiable unit of his plan of operations.

(35) Contracts shall be amended, modified, cancelled, or terminated under conditions set forth in program regulations.

Dated: December 18, 1967.

Assistant Secretary of Agriculture.

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651; 80 Stat. 897) and the regulations issued thereunder (32 F.R. 2433 et seq.).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Scientific and Technical Equipment, Department of Commerce, Room 5123, Washington, D.C. 20230.

Docket No. 68-00160-65-46040. Applicant: IIT Research Institute, 10 West 35th Street, Chicago, Ill. 60616. Article: Scanning Electron Microscope and Goniometer Stage. Manufacturer: Japan Electron Optics Laboratory Co., Ltd., Japan. Intended use of article: Study of surfaces of various materials—metallic, ceramic, plastic, biological. Fracture studies, tool behavior, etc. Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. Reasons: The foreign article is a scanning electron microscope. The Department of Commerce knows of only one domestic electron microscope, the Model EMU-4 manufactured by the Radio Corporation of America (RCA). The domestic instrument is a conventional electron microscope which does not provide the scanning characteristics of the foreign article. These characteristics are pertinent to the purposes for which the foreign article is intended to be used. We therefore find that the RCA Model EMU-4 is not of equivalent scientific value to the foreign article for the purposes for which such article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, which is being manufactured in the United States.

Docket No. 68-00165-00-41700. Applicant: University of Maryland, Department of Physics and Astronomy, College Park, Md. 20740. Article: Laser rod. Manufacturer: Cie. Industrielle des Lasers, France. Intended use of article: For the production, in a laser, of extremely short and/or high power pulses. Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States. The foreign article is a laser rod capable of operating at a power of 40 joules per square centimeter in pulses of 20 to 40 nanoseconds, without damage to the laser.

The Department of Commerce knows of no laser rods being manufactured in the United States with these characteristics and accordingly finds that no instrument or apparatus of equivalent scientific value to the foreign article, for the purposes for which such article is intended to be used, is being manufactured in the United States.

NELBRO PACKING CO.

Notice of Qualification as Citizen of United States

This is to give notice that pursuant to 19 CFR 3.21 (§ 3.21, Customs Regulations), issued under the provisions of section 27A of the Merchant Marine Act, 1920, as amended by the Act of September 2, 1958 (46 U.S.C. 883-1), Nelbro Packing Co., 657 Northeast Northlake Way, Seattle, Wash., incorporated under the laws of the State of Washington, did on December 14, 1967, file with the Commandant, U.S. Coast Guard, in duplicate, an oath for qualification of a corporation as a citizen of the United States following the form of oath prescribed in Form 1260.

The oath shows that:

(a) A majority of the officers and directors of the corporation are citizens of the United States (list of names, home addresses, and citizenship attached to the oath);

(b) Not less than 90 percent of the employees of the corporation are residents of the United States;

(c) The corporation is engaged primarily in a manufacturing or mineral industry in the United States, or in a territory, district, or possession thereof;

(d) The aggregate book value of the vessels owned by the corporation does not exceed 10 percent of the aggregate book value of the assets of the corporation; and

(e) The corporation purchases or produces in the United States, its territories or possessions not less than 75 percent of the raw materials used or sold in its operations.

The Commandant, U.S. Coast Guard, having found this oath to be in compliance with the law and regulations, on January 2, 1968, issued to Nelbro Packing Co. a Certificate of Compliance on Form 1262, as provided in 19 CFR 3.21 (i) (§ 3.21(i), Customs Regulations). The certificate and any authorization granted thereunder will expire 3 years from the date thereof unless there first occurs a change in the corporate status requiring a report under 19 CFR 3.21(h) (§ 3.21 (h), Customs Regulations).

This continues in effect the notice of qualification of Nelbro Packing Co. as a citizen of the United States dated December 18, 1964, and published as T.D. 56326.

Dated: January 2, 1968.

CIVIL AERONAUTICS BOARD

[Docket No. 18720; Order No. E-26225]

AIR CARRIER DISCUSSIONS

Order Authorizing Discussions Regarding Air Freight Credit, Billing and Collection Practices

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 8th day of January 1968.

By petition filed December 20, 1967, the Air Freight Forwarders Association (AFFA) on behalf of its 29 members[1] requests an extension until April 15, 1968, of their discussions of air freight credit, billing and collection rules and practices previously authorized by the Board,[2] which expired with December 1, 1967. AFFA cites the recent order[3] of the Board authorizing an extension of discussions among the direct air carriers on the same subject and states that the matters to be discussed are of concern to the forwarders in their role as customers of the airlines.

No objection to the AFFA petition has been received.

The considerations underlying our earlier actions in this matter are still present and, therefore, the Board will authorize an extension of the discussions among the domestic air freight forwarders concerning their credit practices and rules.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a), 412, and 414 thereof,

It is ordered, That:

1. The expiration date of the authority granted in paragraph 1 of Order E-25488 dated August 3, 1967, is extended to April 15, 1968;

[Docket No. 19246]

TRYGVE B. LODRUP AND GARRY M. WHITE

Notice of Proposed Approval of Control Relationships

Application of Trygve B. Lodrup and Garry M. White for approval of control relationships involving Service Air Cargo pursuant to section 408 of the Federal Aviation Act of 1958, as amended, Docket 19246.

Notice is hereby given, pursuant to the statutory requirements of section 408(b) of the Federal Aviation Act of 1958, as amended, that the undersigned intends to issue the attached order under delegated authority. Interested persons are hereby afforded a period of 15 days from the date of service within which to file comments or request a hearing with respect to the action proposed in the order.

Dated at Washington, D.C., January 5, 1968.

[SEAL] A. M. ANDREWS,
Director,
Bureau of Operating Rights.

ORDER APPROVING CONTROL RELATIONSHIPS

Issued under delegated authority.

Application of Trygve B. Lodrup and Garry M. White for approval of control relationships involving Service Air Cargo pursuant to section 408 of the Federal Aviation Act of 1958, as amended.

By joint application filed November 13, 1967, Trygve B. Lodrup and Garry M. White request approval, subject to section 408 of the Federal Aviation Act of 1958, as amended (the Act), of their proposed acquisition of all of the outstanding shares of stock of Service Air Cargo (Air Cargo), a California corporation which holds domestic and international air freight forwarder authority, while they also hold, jointly, 100 percent control of LTL Delivery, a California corporation holding authority as an intrastate common carrier by motor vehicle in the State of California.[1]

The application discloses that control of Air Cargo will be obtained by each applicant's acquisition of 50 percent of the outstanding shares of stock of Air Cargo, now wholly owned by Mr. William M. Edwards.

The application further discloses that Mr. Lodrup and Mr. White each hold 50 percent of the stock of LTL Delivery, and that Mr. Lodrup is president and director and Mr. White is vice president, treasurer, and a director of LTL Delivery. Further, that they will acquire like interests in all the stock of Service Air Cargo, and will hold similar positions as officers and directors thereof.

The applicants contend that LTL Delivery's services and facilities are especially suited to handle cargo moving by air, and that LTL's customers have requested the provision of such service.

No objection to the application has been filed.

Notice of intent to dispose of the application without a hearing has been published in the FEDERAL REGISTER, and a copy of such notice has been furnished by the Board to the Attorney General not later than the day following the date of such publication; both in accordance with the requirements of section 408(b) of the Act.

Upon consideration of the application, it is concluded that Air Cargo is an indirect air carrier, and LTL Delivery is a common carrier, both within the meaning of section 408 of the Act and that the proposed common control by the individual applicants of both Air Cargo and LTL Delivery is within the scope of that section. However, it is further concluded that such common control does not affect the control of an air carrier directly engaged in the operation of aircraft in air transportation, does not result in creating a monopoly, and does not restrain competition. Furthermore, no person disclosing a substantial interest in the proceeding is currently requesting a hearing, and it is found that the public interest does not require a hearing. The control relationships are similar to others approved by the Board and essentially do not present any new substantive issues.[2] It therefore appears that approval of the control relationships would not be inconsistent with the public interest.

It is also found that interlocking relationships within the scope of section 409 of the Act will result from the holding by the individual applicants of the positions set forth above in LTL Delivery and in Air Cargo. However, it is concluded that such relationships come within the scope of the exemption from the provisions of section 409 afforded by section 287.2 of the Board's economic regulations. Consequently, that portion of the application which requests approval of the interlocking relationships pursuant to section 409 of the Act will be dismissed.

Pursuant to authority duly delegated by the Board in the Board's regulations, 14 CFR 385.3 and 13, it is found that the foregoing control relationships should be approved under section 408(b) of the Act, without a hearing and the remaining portion of the application should be dismissed.

Accordingly, it is ordered:

1. That the common control by Messrs. Lodrup and White of Service Air Cargo and LTL Delivery be and it hereby is approved; and

2. That except to the extent granted the application in Docket 19246 be and it hereby is dismissed.

Persons entitled to petition the Board for review of this order pursuant to the Board's regulations, 14 CFR 385.50, may file such petitions within 5 days after the date of service of this order.

This order shall be effective and become the action of the Civil Aeronautics Board upon the expiration of the above period unless within such period a petition for review thereof is filed, or the Board gives notice that it will review this order on its own motion.

[SEAL] HAROLD R. SANDERSON,
Secretary.

[F.R Doc. 68-418; Filed, Jan. 10, 1968; 8:49 a.m.]

[1] The applicants also jointly own PDM, Inc., which operates a warehouse, and performs consolidating and distributing services for LTL Delivery's customers. The activities of PDM, Inc., do not appear to fall within the scope of sections 408 of the Act.

Take notice that each of the Applicants listed herein has filed an application pursuant to section 7(c) of the Natural Gas Act and § 157.40 of the regulations thereunder for a "small producer" certificate of public convenience and necessity authorizing the sale for resale and delivery of natural gas in interstate commerce from the Permian Basin area of Texas and New Mexico, all as more fully set forth in the applications which are on file with the Commission and open to public inspection.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before January 26, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on all applications in which no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter believes that a grant of the certificates is required by the public convenience and necessity. Where a protest or petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

GORDON M. GRANT,
Secretary.

CASCADE NATURAL GAS CORP.

Notice of Application

JANUARY 5, 1968.

Take notice that on December 20, 1967, Cascade Natural Gas Corp. (Applicant), 222 Fairview Avenue North, Seattle, Wash. 98109, filed in Docket No. CP68-178 a "budget-type" application pursuant to section 7(c) of the Natural Gas Act and § 157.7(b) of the regulations under the Act for a certificate of public convenience and necessity authorizing the construction during the calendar year 1968 and operation of certain natural gas facilities for the purchase and gathering of natural gas, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant proposes to construct during the calendar year 1968 and operate various gas-purchase facilities for the connection of additional supplies of gas in new and existing gas fields in the State of Colorado. The proposed facilities are to augment Applicant's ability to act with reasonable dispatch in contracting for and connecting new supplies of gas in various producing areas generally coextensive with its system.

The total estimated cost of the proposed facilities is $975,000, with the total cost of any single project not to exceed $375,000. The proposed facilities will be financed from cash on hand and cash generated from normal operations, and from financing currently being negotiated.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before February 1, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. RI64-807]

R. H. HOLLAND AND WEST PETROLEUM CO.

Order Making Successor Co-Respondent, Redesignating Proceeding, and Requiring Filing of Agreement and Undertaking

JANUARY 5, 1968.

By order issued November 21, 1967, in Docket No. G-14637 et al., West Petroleum Co. was authorized in Docket No. CI68-267 to continue in part the sale of natural gas pursuant to section 7(c) of the Natural Gas Act theretofore authorized in Docket No. G-18663 to be made pursuant to R. H. Holland FPC Gas Rate Schedule No. 1. The predecessor's rate schedule was redesignated as West Petroleum Co. FPC Gas Rate Schedule No. 1. The effective rate under the predecessor's rate schedule was in effect subject to refund in Docket No. RI64-807. Therefore, West Petroleum Co. will be made a co-respondent in said proceeding; the proceeding will be redesignated accordingly; and West Petroleum Co. will be required to file an agreement and undertaking to assure the refund of any amounts collected by it in excess of the amount determined to be just and reasonable in said proceeding.

The Commission finds: It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that West Petroleum Co. should be made a co-respondent in the proceeding pending in Docket No. RI64-807, that said proceeding should be redesignated accordingly, and that West Petroleum Co. should be required to file an agreement and undertaking.

The Commission orders:

(A) West Petroleum Co. is made a co-respondent in the proceeding pending in Docket No. RI64-807 and the proceeding is redesignated accordingly.

(B) Within 30 days from the issuance of this order, West Petroleum Co. shall execute, in the form set out below, and shall file with the Secretary of the Commission an acceptable agreement and undertaking in Docket No. RI64-807 to assure the refund of any amounts collected by it, together with interest at the rate of 7 percent per annum, in excess of the amount determined to be just and reasonable in said proceeding. Unless notified to the contrary by the Secretary of the Commission within 30 days from the date of submission, such agreement and undertaking shall be deemed to have been accepted for filing.

(C) West Petroleum Co. shall comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, and the agreement and undertaking filed by it in Docket No. RI64–807 shall remain in full force and effect until discharged by the Commission.

By the Commission.

KANSAS-NEBRASKA NATURAL GAS CO., INC.

Notice of Application

JANUARY 5, 1968.

Take notice that on December 22, 1967, Kansas-Nebraska Natural Gas Co., Inc. (Applicant), Hastings, Nebr. 68901, filed in Docket No. CP68–180 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities for the transportation and sale of natural gas in interstate commerce, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant proposes to construct and operate: (1) Approximately 36.5 miles of 6-inch pipeline, 21.5 miles of 4-inch pipeline, and 2 miles of 3-inch pipeline between Big Springs, Nebr., and Imperial, Nebr., and two town border stations to serve Imperial and Venango, Nebr.; and (2) approximately 5 miles of 2-inch pipeline from Coleridge to Belden, Nebr., and one town border station.

Applicant states that the new facilities will deliver natural gas for fueling irrigation pumps and general distribution at retail in the communities of Belden, Imperial, and Venango, Nebr.

The total estimated cost of the proposed facilities is $636,000, which cost will be financed initially out of current working funds. Applicant states that it will be reimbursed by the customers served within 10 years for all funds expended on the proposed facilities except for $12,500.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before February 1, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

LONE STAR GAS CO.

Notice of Application

JANUARY 5, 1968.

Take notice that on December 18, 1967, Lone Star Gas Co. (Applicant), 301 South Harwood Street, Dallas, Tex. 75201, filed in Docket No. CP68–175 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities for the transportation of natural gas in interstate commerce, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to construct and operate in interstate commerce approximately 2.2 miles of 4-inch transmission Line C–10–7 extending from a point on 4-inch Line C–10 in an easterly direction to a city gate measuring station to be installed near the town of Southlake, Tex.

Applicant also proposes to construct and operate a natural gas distribution system in the town of Southlake, Tex., for which system Applicant states that it has obtained a franchise from Southlake authorizing Applicant to distribute natural gas within the town. The estimated third year requirements for the distribution system are 53,626 Mcf at 14.73 p.s.i.a.

Applicant estimates the cost of the natural gas pipeline facilities at $21,390, the city gas measuring station at $3,735, and the local distribution system at $476,200, all of which will be financed from working capital.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before February 1, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. CP68–189]

PACIFIC GAS TRANSMISSION CO.

Notice of Application

JANUARY 5, 1968.

Take notice that on January 5, 1968, Pacific Gas Transmission Co. (Applicant), 245 Market Street, San Francisco, Calif. 94106, filed an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the delivery of exchange volumes of natural gas to El Paso Natural Gas Co. (El Paso), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to deliver exchange volumes of natural gas in accordance with the emergency exchange agreement of December 21, 1967, among Applicant, El Paso, and Pacific Gas and Electric Co. (PG&E). Under such agreement Applicant proposes to deliver to El Paso at an existing interconnection near Stanfield, Oreg., between January 1, 1968, and April 30, 1968, such quantities of gas up to 75,000 Mcf per day as El Paso may request and as PG&E may determine from day to day it can temporarily postpone receiving at the California-Oregon border, and to deliver to PG&E at the California-Oregon border between May 1, 1968, and November 30, 1968, gas at the rate of 25,000 Mcf per day or such other rates as may be agreed upon as received from El Paso until the total quantity of gas so delivered shall equal 150 percent of the quantity of exchange gas received by El Paso.

Applicant states that no new facilities are needed to effectuate the proposed deliveries.

Applicant further states that El Paso has filed in Docket No. CP68–186 an application for authorization to perform its part of the exchange agreement.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (§ 157.10) on or before January 29, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and

15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. CP68-177]

TRANSCONTINENTAL GAS PIPE LINE CORP.

Notice of Application

JANUARY 5, 1968.

Take notice that on December 20, 1967, Transcontinental Gas Pipe Line Corp. (Applicant), Post Office Box 1396, Houston, Tex. 77001, filed in Docket No. CP68-177 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas transmission facilities for the transportation of natural gas in interstate commerce and the sale and delivery of additional volumes of gas to its customers, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to construct and operate approximately 50.06 miles of 42-inch loop line, 11.50 miles of 36-inch loop line, 13.22 miles of 24-inch loop line, 140.8 miles of various sized gathering lines, 17.75 miles of 10-inch sales lateral line, 32,700 horsepower in existing compressor stations, and various gathering and sales meter stations.

Applicant states that, of the foregoing facilities, 14.30 miles of 42-inch loop line between Stations 185 and 190 are proposed in lieu of 13.93 miles of 42-inch loop between Stations 190 and 195 previously authorized in Docket No. CP 66-233 and scheduled for construction in 1968.

Applicant also seeks authorization to render additional pipeline service of 129,539 Mcf per day, additional underground storage service of 28,450 Mcf per day, additional liquefied gas storage service of 2,136 Mcf per day; and additional annual contract quantity service of 3,607,397 Mcf, all to 36 existing resale customers.

The total estimated cost of the proposed facilities is $65,710,000, which cost will be financed out of cash on hand and short-term loans.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before February 1, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. CP68-179]

FLORIDA GAS TRANSMISSION CO.

Notice of Application

JANUARY 4, 1968.

Take notice that on December 21, 1967, Florida Gas Transmission Co. (Applicant), Post Office Box 44, Winter Park, Fla. 32789, filed in Docket No. CP68-179 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities for the transportation of natural gas in interstate commerce and for the sale and delivery of additional quantities of natural gas to its customers, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant proposes to construct and operate: (1) A total of seven 30-inch, two 26-inch, and one 24-inch main line loops on Applicant's main transmission pipeline system at various points downstream from Compressor Station 8 at Zachary, La., comprising approximately 73 miles of main line looping; (2) two new compressor stations, one near Smith Point, Tex., with 3,000 installed horsepower and one near Plant City, Fla., with 2,000 installed horsepower, the installation of one additional 2,000 horsepower unit at existing Compressor Station 8, and an increase of 500 installed horsepower by turbocharger modification of two existing units at Compressor Station 20 near Ft. Pierce, Fla., all of which will provide an aggregate of 7,500 additional installed horsepower on Applicant's main pipeline system; and (3) approximately 63 miles of 16-, 10-, and 6-inch lateral loops on existing sales laterals in Florida.

Applicant states that the proposed facilities will increase its pipeline system annual average day capacity to deliver gas to markets in Florida from approximately 636,000 Mcf to approximately 692,000 Mcf, an estimated net increase of 56,400 Mcf at 14.73 p.s.i.a.

The total estimated cost of the proposed facilities is $18 million, which cost will be financed by the issuance of First Mortgage Pipeline Bonds and Pipe Line Notes.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before February 1, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket No. CP68-174]

TRUNKLINE GAS CO.

Notice of Application

JANUARY 4, 1968.

Take notice that on December 15, 1967, Trunkline Gas Co. (Applicant), Post Office Box 1642, Houston, Tex. 77001, filed in Docket No. CP68-174 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities to augment its system's capacity for the transportation and sales of natural gas in interstate commerce, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant proposes to construct and operate: 115.4 miles of 36-inch O.D. pipeline to loop portions of

Applicant's existing main transmission line between Longville, La., and Tuscola, Ill.; 30.5 miles of 30-inch O.D. pipeline to loop portion of Applicant's existing main transmission line between Bourbon, Ill., and Elkhart, Ind.; 17.2 miles of 24-inch O.D. pipeline and 16.9 miles of 30-inch O.D. pipeline to loop a portion of Applicant's gathering line south of Longville, La.; 9,000 additional horsepower at existing Compressor Station No. 313, Centerville, La.; 13,050 additional horsepower at existing Compressor Station No. 210, Kaplan, La.; 3,400 additional horsepower at existing Compressor Station No. 48, Longville, La.; and 3,000 additional horsepower at existing Compressor Station No. 143, North Judson, Ind.

Applicant states that the aforesaid proposed construction will increase the transmission capacity of its pipeline system to approximately 1,340,000 Mcf per day.

Applicant also seeks authorization to increase its maximum sales per day to Consumers Power Co. from 425,000 Mcf per day to 525,000 Mcf per day pursuant to its P–2 Rate Schedule, effective November 1, 1968. Pursuant to its SG–1 and SG–2 Rate Schedules Applicant proposes to increase by an aggregate of 900 Mcf per day service to four other existing customers, Commonwealth Edison Co. (Arcola, Ill.), Commonwealth Edison Co. (Philo, Sidney, and Homer, Ill.), Commonwealth Edison Co. (St. Joseph, Ill.), and Newbern, Tenn.

The total estimated cost of the proposed facilities is $40,050,000, which cost will be financed initially from funds on hand and by bank borrowings and later by the sale of long-term securities.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before February 1, 1968.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

INTERAGENCY TEXTILE ADMINISTRATIVE COMMITTEE

CERTAIN COTTON TEXTILES AND COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN THE REPUBLIC OF KOREA

Entry and Withdrawal From Warehouse for Consumption

DECEMBER 29, 1967.

On December 11, 1967, the Government of the United States, in furtherance of the objectives of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, concluded a bilateral cotton textile agreement with the Republic of Korea, concerning exports of cotton textiles and cotton textile products from the Republic of Korea to the United States. Under this agreement the Republic of Korea has undertaken to limit its exports to the United States of certain cotton textiles and cotton textile products to specified annual amounts. Among the provisions of the agreement are those applying specific export limitations to Categories 7, 9, 18–19, 22, part of 26 (duck only), parts of 26 (other than duck), 31 (wiping cloth only), 34, 38, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 60, parts of 64 (tablecloths and napkins only), and part of 64 (zipper tapes only), for the second agreement year beginning January 1, 1968.

There is published below a letter of December 27, 1967, from the Chairman of the President's Cabinet Textile Advisory Committee to the Commissioner of Customs, directing that the amounts of cotton textiles and cotton textile products in the above categories produced or manufactured in the Republic of Korea which may be entered or withdrawn from warehouse for consumption in the United States for the 12-month period beginning January 1, 1968, be limited to the certain designated levels. The letter published below and the actions pursuant thereto are not designed to implement all of the provisions of the bilateral agreement, but are designed to assist only in the implementation of certain of its provisions.

STANLEY NEHMER,
Chairman, Interagency Textile Administrative Committee, and Deputy Assistant Secretary for Resources.

328.--01 through 04, 06, 08

In carrying out this directive, entries of cotton textiles and cotton textile products in Categories 7, 9, 18–19, 22, 26, 31 (T.S.U.S.A. No. 366.2740 only), 34, 45, 46, 49, 50, 51, 52, 54, 60, and 64 (T.S.U.S.A. Nos.: 366.4500, 366.4600, 366.4700, and 347.3340 only), produced or manufactured in the Republic of Korea, which have been exported to the United States from the Republic of Korea prior to January 1, 1968, shall, to the extent of any unfilled balances be charged against the level of restraint established for such goods for the 12-month period beginning January 1, 1967, and extending through December 31, 1967. In the event that the level of restraint for the 12-month period ending December 31, 1967, has been exhausted by previous entries, such goods shall be subject to the directives set forth in this letter. However, entries of cotton textiles and cotton textile products in Categories 38, 47, 48, 53, and 55, produced or manufactured in the Republic of Korea and which have been exported to the United States from the Republic of Korea prior to January 1, 1968, shall not be subject to this directive.

The levels of restraint set forth above are subject to adjustment pursuant to the provisions of the bilateral agreement of December 11, 1967, between the Governments of the

United States and the Republic of Korea which provides in part that within the aggregate and applicable group limits, limits on certain categories may be exceeded by not more than 5 percent; for the limited carryover of shortfalls in certain categories to the next agreement year; and for administrative arrangements. Any appropriate adjustments pursuant to the provisions of the bilateral agreement referred to above, will be made to you by letter from the Chairman of the Interagency Textile Administrative Committee.

A detailed description of the categories in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on July 7, 1966 (31 F.R. 9310).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of the Republic of Korea and with respect to imports of cotton textiles and cotton textile products from the Republic of Korea have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. II, 1965–66). This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

A. B. TROWBRIDGE,
Secretary of Commerce, Chairman, President's Cabinet Textile Advisory Committee.

CERTAIN COTTON TEXTILES AND COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN MALAYSIA

Entry and Withdrawal From Warehouse for Consumption

DECEMBER 26, 1967.

On December 19, 1967, the U.S. Government, in furtherance of the objectives of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles, done at Geneva on February 9, 1962, including Article 6(c) thereof relating to nonparticipants, informed the Government of Malaysia that it was renewing for an additional 12-month period beginning December 27, 1967, and extending through December 26, 1968, the restraints on imports to the United States of cotton textiles and cotton textile products in Categories 19, 26 (duck only), part of 31, 34, and 60, produced or manufactured in Malaysia. The levels of restraint for this 12-month period are 5 percent greater than the levels of restraint applicable to these categories for the preceding 12-month period.

There is published below a letter of December 22, 1967, from the Chairman of the President's Cabinet Textile Advisory Committee to the Commissioner of Customs, directing that the amount of cotton textiles and cotton textile products in Categories 19, 26 (duck only), part of 31, 34, and 60, produced or manufactured in Malaysia which may be entered or withdrawn from warehouse for consumption in the United States for the 12-month period beginning December 27, 1967, be limited to the designated levels.

CERTAIN COTTON TEXTILES AND COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN MALTA

Entry and Withdrawal From Warehouse for Consumption

DECEMBER 29, 1967.

On June 14, 1967, the U.S. Government, in furtherance of the objectives of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, concluded a bilateral cotton textile agreement with the Government of Malta concerning exports of cotton textiles and cotton textile products from Malta to the United States. Under this agreement the Government of Malta has undertaken to limit its exports to the United States of cotton textiles and cotton textile products to specified annual amounts. Among the provisions of the agreement are those applying specific export limitations to Categories 43, 51, and 60, for the second agreement year beginning January 1, 1968.

Accordingly, there is published below a letter of December 27, 1967, from the Chairman of the President's Cabinet Textile Advisory Committee to the Commissioner of Customs directing that the amounts of cotton textiles and cotton textile products in Categories 43, 51, and 60, produced or manufactured in Malta, which may be entered or withdrawn from warehouse for consumption in the United States for the period beginning January 1, 1968, and extending through December 31, 1968, be limited to designated levels. This letter and the actions pursuant thereto are not designed to implement all of the provisions of the bilateral agreement but are designed to assist only in the implementation of certain of its provisions.

STANLEY NEHMER,
Chairman, Interagency Textile Administrative Committee, and Deputy Assistant Secretary for Resources.

PRESIDENT'S CABINET TEXTILE ADVISORY COMMITTEE

COMMISSIONER OF CUSTOMS,
Department of the Treasury,
Washington, D.C. 20226.

DECEMBER 27, 1967.

DEAR MR. COMMISSIONER: Under the terms of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, pursuant to the bilateral cotton textile agreement of June 14, 1967, between the Governments of the United States and Malta, and in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, as amended by Executive Order 11214 of April 7, 1965, you are directed to prohibit, effective January 1, 1968, and for the 12-month period extending through December 31, 1968, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton textiles and cotton textile products in Categories 43, 51, and 60, produced or manufactured in Malta, in excess of the following designated levels of restraint:

Category		12-Month level of restraint
43	dozen	66,780
51	do	23,625
60	do	40,425

In carrying out this directive, entries of cotton textiles and cotton textile products in Categories 43, 51, and 60, produced or manufactured in Malta, which have been exported to the United States from Malta prior to January 1, 1968, shall, to the extent of any unfilled balances, be charged against the levels of restraint established for such goods during the period January 1, 1967, through December 31, 1967. In the event that the level of restraint established for such goods for that period has been exhausted by previous entries, such goods shall be subject to the directives set forth in this letter.

The levels of restraint set forth above are subject to adjustment pursuant to the provisions of the bilateral agreement of June 14, 1967, between the Governments of the United States and Malta which provide in part that within the aggregate and applicable group limit for apparel, limits on certain categories may be exceeded by not more than 5 percent; for the limited carryover of shortfalls in cetrain categories to the next agreement year; and for administrative arrangements. Any appropriate adjustments pursuant to the provisions of the bilateral agreement referred to above, will be made to you by letter from the Chairman of the Interagency Textile Administrative Committee.

A detailed description of the categories in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on July 7, 1966 (31 F.R. 9310).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Malta and with respect to imports of cotton textiles and cotton textile products from Malta have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. II, 1965–66). This letter will be published in the FEDERAL REGISTER.

CERTAIN COTTON TEXTILES AND COTTON TEXTILE PRODUCTS PRODUCED OR MANUFACTURED IN MEXICO

Entry and Withdrawal From Warehouse for Consumption

DECEMBER 29, 1967.

On June 2, 1967, the U.S. Government, in furtherance of the objectives of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, concluded a comprehensive bilateral cotton textile agreement with the Government of Mexico concerning exports of cotton textiles and cotton textile products from Mexico to the United States over a 4-year period beginning May 1, 1967. Among the provisions of the agreement are those which permit the Government of Mexico, within the aggregate limit, to exceed by not more than 5 percent any specific category limit. The Government of Mexico has informed the United States Government of its decision to exercise this provision with respect to cotton textiles and cotton textile products in Category 23.

Accordingly, there is published below a letter of December 27, 1967, from the Chairman of the President's Cabinet Textile Advisory Committee, to the Commissioner of Customs, directing that as soon as possible and for the period beginning May 1, 1967, and extending through April 30, 1968, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton textiles and cotton textile products in Category 23, produced or manufactured in Mexico and exported to the United States on or after May 1, 1967, be limited to the designated level.

STANLEY NEHMER,
Chairman, Interagency Textile Administrative Committee, and Deputy Assistant Secretary for Resources.

SECRETARY OF COMMERCE

PRESIDENT'S CABINET TEXTILE ADVISORY COMMITTEE

DECEMBER 27, 1967.

COMMISSIONER OF CUSTOMS,
Department of the Treasury,
Washington, D.C. 20226.

DEAR MR. COMMISSIONER: This directive supplements and amends but does not cancel the directive issued to you on June 13, 1967, by the Chairman, President's Cabinet Textile Advisory Committee, regarding imports of cotton textiles and cotton textile products produced or manufactured in Mexico.

Under the terms of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, pursuant to the bilateral cotton textile agreement of June 2, 1967, between the Governments of the United States and Mexico, and in accordance with Executive Order 11052 of September 28, 1962, as amended by Executive Order 11214 of April 7, 1965, the level of restraint provided in the directive of June 13, 1967, for cotton textiles and cotton textile products in Category 23, produced or manufactured in Mexico and exported from Mexico to the United States for the period beginning May 1, 1967, and extending through April 30, 1968, is hereby increased from 3 million square yards to 3,150,000 square yards, to be effective as soon as possible.

The levels of restraint set forth in the directive of June 13, 1967, are subject to adjustment pursuant to the provisions of the bilateral agreement of June 2, 1967, between the Governments of the United States and Mexico which provides in part that within the aggregate and applicable group limits, limits on certain categories may be exceeded by not more than 5 percent; for the limited carryover of shortfalls in certain categories to the next agreement year; and for administrative arrangements. Any appropriate adjustments pursuant to the provisions of the bilateral agreement, referred to above, will be made to you by letter from the Chairman of the Interagency Textile Administrative Committee.

The actions taken with respect to the Government of Mexico and with respect to imports of cotton textiles and cotton textile products from Mexico have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. II, 1965–66). This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

A. B. TROWBRIDGE,
Secretary of Commerce, Chairman, President's Cabinet Textile Advisory Committee.

SECURITIES AND EXCHANGE COMMISSION

ASHLAND OVERSEAS FINANCE CORP.

Notice of Filing of Application for Order Exempting Company

JANUARY 5, 1968.

Notice is hereby given that Ashland Overseas Finance Corp. ("Applicant"), 1409 Winchester Avenue, Ashland, Ky., a Delaware corporation, has filed an application pursuant to section 6(c) of the Investment Company Act of 1940 ("Act") for an order exempting it from all provisions of the Act and the rules and regulations thereunder. All interested persons are referred to the application on file with the Commission for a statement of the representations therein, which are summarized below.

Applicant was organized by Ashland Oil & Refining Co. ("Ashland") under the laws of the State of Delaware on December 5, 1967. All of the outstanding capital stock of Applicant consisting of 1,000 shares of common stock, $1 par value, has been purchased by Ashland for $1,000. At or about the time of the issuance of the Debentures described below, Ashland will contribute cash and other property having a fair market value of not less than $3,999,000 to Applicant; such other property may consist of stock or obligations of Ashland's operating affiliates. Additional contributions to the capital of Applicant may be made by Ashland in the future. Any additional securities which Applicant may issue, other than debt securities, will be issued only to Ashland or to a wholly owned subsidiary of Ashland. Ashland or its wholly owned subsidiaries will not dispose of any such securities, other than debt securities, except to Applicant, to Ashland or to another wholly owned subsidiary of Ashland.

Ashland engages, directly or through its subsidiary corporations, both in the United States and abroad, in substantially all phases of the petroleum, synthetic rubber, and carbon black industries. It produces, purchases, sells, and refines crude oil; manufactures and sells at wholesale and retail a wide range of refined products, including gasoline, lubricants, petrochemicals, and chemicals; purchases and sells fuel oils for industrial and domestic consumption; and operates petroleum transportation facilities, both in connection with its operations and as a contract carrier.

Applicant has been organized in order to raise funds abroad for financing Ashland's expanding foreign operations while, at the same time, providing assistance in improving the balance of payments position of the United States in compliance with the voluntary cooperation program instituted by the President in February 1965.

Applicant intends to issue and sell $20 million of its Subordinated Guaranteed Debentures due 1988 ("Debentures"). Applicant will subordinate the Debentures to certain outstanding debentures and notes of Ashland. The Debentures will be convertible into shares of Common Stock of Ashland at any time on or after August 1, 1969, at a conversion price to be determined prior to the public offering of the Debentures. Ashland will guarantee the principal and interest payments on, and conversion rights of, the Debentures. Any additional debt securities of Applicant which may be issued to or held by the public will be guaranteed by Ashland in the same manner as the Debentures.

Applicant intends that all of its assets will be invested in or loaned to companies at least 10 percent of whose voting securities are owned directly or indirectly by Ashland or Applicant and which will be either foreign companies or domestic companies all or substantially all of whose business is carried on abroad and which are primarily engaged in a business or businesses outside the United States other than the business of investing, reinvesting, owning, holding, or trading in securities. Applicant will proceed as expeditiously as possible with the long-term investment of its funds, but it may make short-term deposits in foreign banks or foreign branches of U.S. banks and it may make temporary investments in short-term obligations outside the United States and may maintain working balances in U.S. banks. Applicant will not acquire the securities representing its loans or investments for the purpose of resale and will not trade in securities.

The Debentures are to be sold to a group of Underwriters for offering outside the United States. The Debentures are to be offered and sold under conditions which are intended to assure that the Debentures will not be offered or sold in the United States, its territories or possessions or to nationals or citizens or residents of the United States, its territories or possessions. The contracts relating to such offer and sale will contain various provisions intended to assure that the Debentures will not be purchased by nationals or residents of the United States, its territories or possessions. Any additional debt securities of Applicant which may be sold to the public in the future will be sold under substantially similar conditions, except in the case of sales in the United States, its territories or possessions to agents, nominees, custodians, and trustees for persons who are not nationals, citizens or residents of the United States, its territories or possessions.

In the opinion of counsel for Ashland and Applicant, U.S. persons (as defined in the Interest Equalization Tax Act) will be required to report and pay the interest equalization tax with respect to acquisition of the Debentures, except where a specific statutory exemption is available. Thus, by financing its foreign operations through Applicant rather than through the sale of its own debt obligations, Ashland will utilize an instrumentality, the acquisition of whose debt obligations by U.S. persons would, generally, subject such persons to the interest equalization tax, thereby discouraging them from purchasing such debt obligations.

Applicant intends to apply for listing of the Debentures on the New York Stock Exchange and the Luxembourg Stock Exchange and to register the Debentures under the Securities Exchange Act of 1934.

Applicant submits that it is appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policies and provisions of the Act for the Commission to enter an order exempting Applicant from each and every provision of the Act for the following reasons: (1) A principal purpose of Applicant is to assist in improving the balance of payments program of the United States by serving as a vehicle through which Ashland may obtain funds in foreign countries for its foreign operations; (2) Applicant will not deal or trade in securities; (3) the public policy underlying the Act is not applicable to Applicant and the security holders of Applicant do not require the protection of the Act, because the payment of the Debentures, which is guaranteed by Ashland, does not depend on the operations or investment policy of Applicant, for the Debenture holders may ultimately look to the business enterprise of Ashland rather than solely to that of Applicant; (4) none of the securities other than debt securities of Applicant will be held by any person other than Ashland or a wholly owned subsidiary of Ashland; (5) the Debentures will be offered and sold abroad to foreign nationals under circumstances designed to prevent any reoffering or resale in the United States, its territories or possessions or to any U.S. national, citizen or resident in connection with such offering; (6) the burden of the Interest Equalization Tax will tend to discourage purchase of the Debentures by any U.S. person; and (7) Applicant's security holders will have the benefit of the disclosure and reporting provisions of the New York Stock Exchange and the Luxembourg Stock Exchange and of the Securities Exchange Act of 1934.

Notice is hereby given that any interested person may, not later than January 23, 1968, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reasons for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0–5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

For the Commission (pursuant to delegated authority).

MUTUAL INVESTING FOUNDATION

Notice of Application for Temporary Exemption

JANUARY 5, 1968.

Notice is hereby given that Mutual Investing Foundation ("applicant"), 246 North High Street, Columbus, Ohio, a registered open-end diversified management investment company organized in 1933 as a common law trust under the laws of Michigan, has filed an application pursuant to section 6(c) of the Investment Company Act of 1940 ("Act"). Applicant requests an order granting a temporary exemption from the provisions of section 16(a) of the Act insofar as section 16(a) may require applicant to hold a shareholders' meeting in 1968 for the purpose of electing Trustees. All interested persons are referred to the application on file with the Commission for a statement of applicant's representations which are summarized below.

The application states that on August 22, 1967, applicant's Trustees changed applicant's method of accounting from a cash to an accrual basis for tax purposes. At the same time the Trustees changed applicant's fiscal year from one ending April 30 to one ending October 31 so that the shareholders might be provided with definitive federal tax information in adequate time for preparation of their individual tax returns. In order that the annual shareholders' meeting will be held within a reasonable time after the close of the new fiscal year, the Trustees also amended applicant's Trust Indenture to change the time of holding the annual shareholders' meeting from the last Thursday in June of each year to the last Thursday in January of each year, commencing January 1969.

Applicant's Trust Indenture provides for the election of Trustees at the annual shareholders' meeting. The present Trustees were elected on June 29, 1967, to hold office until the next annual meeting of shareholders or until their successors are elected and shall have qualified.

The application further states that in changing the time for holding the annual meeting of shareholders the Board of Trustees decided not to hold a shareholders' meeting in June 1968. Applicant represents that no good business reason exists for holding such a meeting since June 1968 would be only 8 months after the close of the new fiscal year and only 7 months before the new date for holding the annual meeting. Applicant further represents that the out-of-pocket expense for such an interim meeting would be in excess of $24,000. Applicant states that it would not be in the interest of its shareholders for a shareholders' meeting to be held in June 1968 with the expenditure of money that such a meeting would entail when another annual meeting is scheduled to be held 7 months later.

Section 16(a) provides that no person shall serve as a director of a registered investment company unless elected to that office by the holders of the outstanding voting securities of the company at an annual or a special meeting.

Section 6(c) of the Act provides that the Commission, by order upon application, may conditionally or unconditionally exempt any person or transaction from any provision of the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary to or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than January 26, 1968, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

INTERSTATE COMMERCE COMMISSION

[Notice 1140]

MOTOR CARRIER, BROKER, WATER CARRIER AND FREIGHT FORWARDER APPLICATIONS

JANUARY 5, 1968.

The following applications are governed by Special Rule 1.247[1] of the Commission's General rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with § 1.247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believe to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularly the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of § 1.247(d)(4) of the special rule, and shall include the certification required therein.

Section 1.247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's General Policy Statement Concerning Motor Carrier Licensing Procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record.

The publications hereinafter set forth reflect the scope of the applications as filed by applicants, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.
