

FEDERAL REGISTER

Vol. 90 Tuesday,
No. 96 May 20, 2025

Pages 21389–21684

OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Publishing Office, is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see www.federalregister.gov.

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at www.govinfo.gov, a service of the U.S. Government Publishing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 1, 1 (March 14, 1936) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, gpocusthelp.com.

The annual subscription price for the **Federal Register** paper edition is \$860 plus postage, or \$929, for a combined **Federal Register**, **Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is \$330, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Publishing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see bookstore.gpo.gov.

There are no restrictions on the republication of material appearing in the **Federal Register**.

How To Cite This Publication: Use the volume number and the page number. Example: 90 FR 12345.

Postmaster: Send address changes to the Superintendent of Documents, Federal Register, U.S. Government Publishing Office, Washington, DC 20402, along with the entire mailing label from the last issue received.

The Federal Register Printing Savings Act of 2017 (Pub. L. 115-120) placed restrictions on distribution of official printed copies of the daily **Federal Register** to members of Congress and Federal offices. Under this Act, the Director of the Government Publishing Office may not provide printed copies of the daily **Federal Register** unless a Member or other Federal office requests a specific issue or a subscription to the print edition. Rules and Regulations

Federal Register

Vol. 90, No. 96

Tuesday, May 20, 2025

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents.

[EERE-2022-BT-TP-0028]

RIN 1904-AF49

Energy Conservation Program: Test Procedures for Central Air Conditioners and Heat Pumps

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule; further delay of effective date.

SUMMARY: This document further delays the effective date of a recently published final rule amending the test procedures for central air conditioners and heat pumps.

DATES: As of May 20, 2025, the effective date of the rule amending 10 CFR parts 429 and 430 published in the **Federal Register** at 90 FR 1224 on January 7, 2025, which was delayed at 90 FR 9001 (Feb. 5, 2025) and 90 FR 13052 (March 20, 2025), is further delayed until July 7, 2025. The incorporation by reference approval published at 90 FR 1224 on January 7, 2025, which was delayed at 90 FR 9001 (Feb. 5, 2025) and 90 FR 13052 (March 20, 2025), is further delayed to July 7, 2025.

FOR FURTHER INFORMATION CONTACT:

Dr. Pradeep Prathibha, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Office, EE-5B, 1000 Independence Avenue SW, Washington, DC 20585-0121. Telephone: (240) 255-0630. Email: ApplianceStandardsQuestions@ee.doe.gov.

Mr. Pete Cochran, U.S. Department of Energy, Office of the General Counsel, GC-33, 1000 Independence Avenue SW, Washington, DC 20585-0121. Telephone: (202) 586-4798. Email: peter.cochran@hq.doe.gov.

SUPPLEMENTARY INFORMATION: On January 20, 2025, President Trump issued the “Regulatory Freeze Pending Review” memorandum published in the **Federal Register** on January 25, 2025 (90 FR 8249). This Presidential action ordered all executive departments and agencies to consider postponing for 60 days the effective date of certain rules published in the **Federal Register** for the purpose of reviewing any questions of fact, law, and policy that the rules may raise. Additionally, executive departments and agencies were to consider opening a comment period to allow interested parties to provide comments about issues of fact, law, and policy raised by the rules postponed under the memorandum.

Consistent with the Presidential Memorandum of January 20, 2025, the U.S. Department of Energy (DOE) temporarily postponed the effective date of its final rule amending the test procedures for central air conditioners and heat pumps (CAC/HP) published in the **Federal Register** on January 7, 2025 (90 FR 1224), to March 21, 2025. 90 FR 9001 (Feb. 5, 2025). DOE also requested comments on the impacts of a further delay of the test procedures as well as legal, factual, or policy issues raised by the rule.

DOE received comments in response to the February 2025 delay of effective date from the interested parties listed in Table 1.

TABLE 1—LIST OF COMMENTERS IN RESPONSE TO THE FEBRUARY 2025 DELAY OF EFFECTIVE DATE

Rheem Manufacturing Company	Rheem	53	Manufacturer.
Trane Technologies	Trane	58	Manufacturer.

A parenthetical reference at the end of a comment quotation or paraphrase provides the location of the item in the public record.¹

Several commenters, including CAC/HP manufacturers, stated that DOE should not delay the effective date of test procedure.² Specifically, these commenters note that the test procedures incorporate latest industry standards, which were developed by a broad group of stakeholders. Additionally, these commenters assert that the test procedure is reasonable designed to measure energy efficiency without being unduly burdensome to conduct.

However, other commenters, also including CAC/HP manufacturers, supported delaying the effective date of the test procedure or delaying in the enforcement of a specific aspect of the test procedure, the controls verification procedure (CVP). These commenters note that the CVP is new and that manufacturers need additional time to determine whether the tests are accurate and repeatable, as well as not unduly burdensome to conduct. (JCI, Doc. No. 52 at 1–2; Bosch, Doc. No. 51 at 2; LG, Doc. No. 54 at 1) AHRI, the organization behind the industry standard that introduced the CVP, recommends DOE to defer the effective date of the CVP enforcement provisions until after finalized tolerances have been supported by test data. (AHRI, Doc. No. 48 at 2) AHRI reports that it is currently analyzing CVP test data collected by third-party test laboratories and will work to collect additional data during the 2025 certification year. AHRI and others recommend that DOE defer enforcing the CVP provisions until after this analysis is complete (estimated to be July 2026). (*Id.*; Bosch, Doc. No. 51 at 2; Daikin, Doc. No. 57 at 3; Rheem, Doc. No. 53 at 2) In the alternative,

¹ The parenthetical reference provides a reference for information located in the docket of DOE’s rulemaking to develop test procedures for CAC/HPs. (Docket No. EERE–2022–BT–TP–0028, which is maintained at: www.regulations.gov) The references are arranged as follows: (commenter name, comment docket ID number at page of that document).

² CA IOUs, Doc. No. 56 at 2; Carrier, Doc. No. 45 at 1–2; Joint Advocates, Doc. No. 55 at 1; Lennox, Doc. No. 46 at 1; NEEA, Doc. No. 49 at 1, 6; Trane, Doc. No. 58 at 2.

commenters suggested that DOE exercise enforcement discretion to delay the CVP enforcement provisions. (Daikin, Doc No. 57 at 2; GE, Doc. No. 50 at 3)

In addition to concerns related to the consistency and repeatability of the CVP test, commenters also expressed concern related to the potential regulatory burden. Specifically, Daikin stated that, after it tested several models, it determined that CVP will require re-design of some existing products. (Daikin, Doc No. 57. at 4) Daikin also asserted that the cost of conducting CVP tests is a heavy burden on manufacturers. (*Id.*; see JCI, Doc. No. 52 at 2; Mitsubishi, Doc. No. 47 at 2)

On March 20, 2025, DOE noted that it was in the process of reviewing these comments and, as such, and consistent with the Presidential memorandum of January 20, 2025, DOE further delayed the effective date of this rule another 60 days to May 20, 2025. 90 FR 13052 (Mar. 20, 2025). DOE continues to review comments related to the accuracy and burden of the test procedure. As such, and consistent with the Presidential memorandum of January 20, 2025, DOE further delays the effective date of this rule until July 7, 2025.

To the extent that 5 U.S.C. 553 applies to this action, it is exempt from notice and comment because it constitutes a rule of procedure under 5 U.S.C. 553(b)(A) and for which no notice of hearing is required by statute. Further, the delay of the effective date to July 7, 2025, does not affect the compliance date for this rule, which remains July 7, 2025. As such, this action is not a “substantive rule” for which a 30-day delay in effective date is required under 5 U.S.C. 553(d).

Signing Authority

This document of the Department of Energy was signed on May 15, 2025, by Louis Hrkman, Principal Deputy Assistant Secretary for Energy Efficiency and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal

Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on May 15, 2025.

Treena V. Garrett,
Federal Register Liaison Officer, U.S. Department of Energy.

RIN 1904–AF65

Energy Conservation Program: Energy Conservation Standards for Consumer Gas-Fired Instantaneous Water Heaters

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule; withdrawal.

SUMMARY: Pursuant to the Congressional Review Act, this document withdraws a disapproved final rule that was published in the **Federal Register** on December 26, 2024. The final rule would have established amended energy conservation standards for gas-fired instantaneous water heaters.

DATES: As of May 20, 2025, the final rule on energy conservation standards for gas-fired instantaneous water heaters, published in the **Federal Register** on December 26, 2024, at 89 FR 105188, and delayed at 90 FR 13054 (Mar. 20, 2025), is withdrawn.

FOR FURTHER INFORMATION CONTACT:
Appliance Standards Program, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Office, EE–5B, 1000 Independence Avenue SW, Washington, DC 20585–0121. Email: ApplianceStandardsQuestions@ee.doe.gov.

Pete Cochran, U.S. Department of Energy, Office of the General Counsel, 1000 Independence Avenue SW, Washington, DC 20585-0121. Telephone: (240) 961-1189. Email: Peter.Cochran@hq.doe.gov.

SUPPLEMENTARY INFORMATION: On December 26, 2024, the U.S. Department of Energy published in the **Federal Register** a final rule (“December 2024 Final Rule”) prescribing amended energy conservation standards for gas-fired instantaneous water heaters. 89 FR 105188. The effective date of the December 2024 Final Rule is May 20, 2025. 90 FR 13054 (Mar. 20, 2025).

On May 9, 2025, President Trump signed into law a joint resolution of disapproval of the December 2024 Final Rule. *See* 5 U.S.C. 801. In accordance with the Congressional Review Act, the December 2024 Final Rule shall have no force or effect. *See* 5 U.S.C. 802(a). As a result, DOE withdraws the December 2024 Final Rule and provides notice that the amended energy conservation standards for gas-fired instantaneous water heaters prescribed in the December 2024 Final Rule shall have no force or effect.

To the extent that 5 U.S.C. 553 applies to this action, DOE finds that notice and comment is unnecessary because DOE is withdrawing a final rule that has been disapproved under the Congressional Review Act. Further, as this withdrawal is providing notice that the December 2024 Final Rule has no force or effect, DOE finds good cause to waive the 30-day delay in effective date under 5 U.S.C. 553(d).

Approval of the Office of the Secretary

The Secretary of Energy has approved publication of this final rule; withdrawal.

Signing Authority

This document of the Department of Energy was signed on May 15, 2025, by Louis Hrkman, Principal Deputy Assistant Secretary for Energy Efficiency and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal

Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on May 15, 2025.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

Energy Conservation Program: Energy Conservation Standards for Walk-In Coolers and Walk-In Freezers

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule; withdrawal.

SUMMARY: Pursuant to the Congressional Review Act, this document withdraws a disapproved final rule that was published in the **Federal Register** on December 23, 2024. The final rule would have established amended energy conservation standards for walk-in coolers and walk-in freezers.

DATES: As of May 20, 2025, the final rule on energy conservation standards for walk-in coolers and walk-in freezers, published in the **Federal Register** on December 23, 2024, at 89 FR 104616, and delayed at 90 FR 13054 (Mar. 20, 2025), is withdrawn.

FOR FURTHER INFORMATION CONTACT:

Appliance Standards Program, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Office, EE-5B, 1000 Independence Avenue SW, Washington, DC 20585-0121. Email: ApplianceStandardsQuestions@ee.doe.gov.

Pete Cochran, U.S. Department of Energy, Office of the General Counsel, 1000 Independence Avenue SW, Washington, DC 20585-0121. Telephone: (240) 961-1189. Email: Peter.Cochran@hq.doe.gov.

SUPPLEMENTARY INFORMATION: On December 23, 2024, the U.S. Department of Energy published in the **Federal Register** a final rule (“December 2024 Final Rule”) prescribing amended

energy conservation standards for walk-in coolers and walk-in freezers, referred to collectively as “walk-ins”. 89 FR 104616. The effective date of the December 2024 Final Rule is May 20, 2025. 90 FR 13054 (Mar. 20, 2025).

On May 9, 2025, President Trump signed into law a joint resolution of disapproval of the December 2024 Final Rule. *See* 5 U.S.C. 801. In accordance with the Congressional Review Act, the December 2024 Final Rule shall have no force or effect. (5 U.S.C. 802(a)) As a result, DOE withdraws the December 2024 Final Rule and provides notice that the amended energy conservation standards for walk-in coolers and walk-in freezers prescribed in the December 2024 Final Rule shall have no force or effect.

To the extent that 5 U.S.C. 553 applies to this action, DOE finds that notice and comment is unnecessary because DOE is withdrawing a final rule that has been disapproved under the Congressional Review Act. Further, as this withdrawal is providing notice that the December 2024 Final Rule has no force or effect, DOE finds good cause to waive the 30-day delay in effective date under 5 U.S.C. 553(d).

Approval of the Office of the Secretary

The Secretary of Energy has approved publication of this final rule; withdrawal.

Energy Conservation Program: Energy Conservation Standards for Commercial Refrigerators, Freezers, and Refrigerator-Freezers

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule; withdrawal.

SUMMARY: Pursuant to the Congressional Review Act, this document withdraws a disapproved final rule that was published in the **Federal Register** on January 21, 2025. The final rule would have established amended energy conservation standards for commercial refrigerators, freezers, and refrigerator-freezers.

DATES: As of May 20, 2025, the final rule on energy conservation standards for commercial refrigerators, freezers, and refrigerator-freezers, published in the **Federal Register** on January 21, 2025, at 90 FR 7464, and delayed at 90 FR 11466 (Mar. 7, 2025), is withdrawn.

FOR FURTHER INFORMATION CONTACT:

Appliance Standards Program, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Office, EE–5B, 1000 Independence Avenue SW, Washington, DC 20585–0121. Email: ApplianceStandardsQuestions@ee.doe.gov.

Pete Cochran, U.S. Department of Energy, Office of the General Counsel, 1000 Independence Avenue SW, Washington, DC 20585–0121. Telephone: (240) 961–1189. Email: Peter.Cochran@hq.doe.gov.

SUPPLEMENTARY INFORMATION: On January 21, 2025, the U.S. Department of Energy published in the **Federal Register** a final rule (“January 2025 Final Rule”) prescribing amended energy conservation standards for commercial refrigerators, freezers, and refrigerator-freezers. 90 FR 7464. The effective date of the January 2025 Final Rule is May 20, 2025. 90 FR 11466 (Mar. 7, 2025).

On May 9, 2025, President Trump signed into law a joint resolution of disapproval of the January 2025 Final Rule. *See* 5 U.S.C. 801. In accordance with the Congressional Review Act, the January 2025 Final Rule shall have no force or effect. *See* 5 U.S.C. 802(a). As a result, DOE withdraws the January 2025 Final Rule and provides notice that the amended energy conservation standards for commercial refrigerators, freezers, and refrigerator-freezers prescribed in the January 2025 Final Rule shall have no force or effect.

To the extent that 5 U.S.C. 553 applies to this action, DOE finds that notice and comment is unnecessary because DOE is withdrawing a final rule that has been disapproved under the Congressional Review Act. Further, as this withdrawal is providing notice that the January 2025 Final Rule has no force or effect, DOE finds good cause to waive the 30-day delay in effective date under 5 U.S.C. 553(d).

Approval of the Office of the Secretary

The Secretary of Energy has approved publication of this final rule; withdrawal.

BILLING CODE 6450–01–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 23

[Docket No. FAA–2025–0438]

Accepted Means of Compliance (MOC); Airworthiness Standards: Normal Category Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notification of availability (NOA).

SUMMARY: This document announces the availability of ASTM International (ASTM) consensus standards for use as an FAA-accepted MOC to the applicable airworthiness standards for normal category airplanes. The FAA accepts ASTM F3264–24, “Standard Specification for Normal Category Aeroplanes Certification,” with changes identified in this document.

DATES: Acceptance of the means of compliance is effective on May 20, 2025.

FOR FURTHER INFORMATION CONTACT:

Hieu Nguyen, Federal Aviation Administration, Policy and Standards Division, AIR–600, GA, Airplanes, Rotorcraft and Emerging Aircraft Section, AIR–62B, 901 Locust Street, Room 301, Kansas City, Missouri 64106; telephone: (316) 946–4123; facsimile: (316) 946–4107; email: hieu.nguyen@faa.gov.

SUPPLEMENTARY INFORMATION:

Background

Under the provisions of the National Technology Transfer and Advancement Act of 1995¹ and Office of Management and Budget (OMB) Circular A–119, “Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities,” effective January 27, 2016, the FAA participates in the development of consensus standards for use as a means of carrying out its policy objectives where appropriate.

Consistent with the Small Airplane Revitalization Act of 2013, the FAA has been working with industry and other stakeholders through the ASTM F44 Committee on General Aviation Aircraft to develop consensus standards as a MOC in certifying small airplanes under part 23.²

¹ Ref Public Law 104–113 as amended by Public Law 107–107.

² Ref Public Law 113–53.

In part 23, amendment 23–64 (81 FR 96572), published on December 30, 2016,³ the final rule stated the FAA would publish an NOA of those consensus standards in the **Federal Register** when the Administrator accepts the consensus standards as an acceptable MOC. The FAA reviewed the published ASTM consensus standards developed by the ASTM F44 Committee on General Aviation Aircraft as the basis for a MOC to 65 sections of part 23, amendments 23–64 and 23–65. In some cases, the Administrator found sections of ASTM F3264–24, without changes, are accepted as a MOC for the airworthiness requirements of part 23, amendments 23–64 and 23–65. In other cases, the MOC, while based on ASTM consensus standards, include additional FAA provisions necessary to comply

with the airworthiness requirements of part 23, amendments 23–64 and 23–65.

Part 23, amendment 23–64, established airworthiness requirements based on the safety requirements outlined in amendment 23–63, except in areas that address loss of control and icing, where the FAA increased the safety level. Depending on the details of a design, the applicant may require use of a different MOC beyond those accepted by this NOA. For example, novel airplane designs, such as unmanned airplanes or vertical takeoff and landing airplanes, may be outside the scope of this NOA, and applicants may need to propose an alternative MOC applicable to their designs accepted under § 23.2010.

Means of Compliance Accepted

The FAA accepts only the revisions of the standards referenced in ASTM F3264–24, “Standard Specification for Normal Category Aeroplanes Certification,” as a MOC for part 23, amendments 23–64 and 23–65, with the changes identified in table 1. For ease of use, table 2 was added to provide a side-by-side view, linking the applicable part 23 regulation to the ASTM F3264–24 section.

This is a guidance document. Its content is not legally binding in its own right and will not be relied upon by the Department as a separate basis for affirmative enforcement action or other administrative penalty. Conformity with the guidance document is voluntary only, and nonconformity will not affect rights and obligations under existing statutes and regulations.

TABLE 1—PART 23 ACCEPTED MOC BASED ON ASTM CONSENSUS STANDARDS ^{4 5}

ASTM No. as identified in F3264–24	ASTM document title	Changes required for FAA acceptance ^{4 5}	Additional Information ⁶
F2490–20	Standard Guide for Aircraft Electrical Load and Power Source Capacity Analysis.	None.	
F3061/F3061M–22b	Standard Specification for Systems and Equipment in Aircraft.	The tables defining applicability of requirements in sections 4, 10, 13, and 17 are not accepted. Applicability will be determined by the Policy and Standards Division. Replace 17.3.1.1 with: (a) Each electrical or electronic system that performs a function, the failure of which would prevent the continued safe flight and landing of the airplane, must be designed, and installed such that— (1) The function at the airplane level is not adversely affected during and after the time the airplane is exposed to lightning; and (2) The system recovers normal operation of that function in a timely manner after the airplane is exposed to lightning unless the system's recovery conflicts with other operational or functional requirements of the system. Replace 17.3.1.2 with: (b) Each electrical and electronic system that performs a function, the failure of which would significantly reduce the capability of the airplane or the ability of the flight crew to respond to an adverse operating condition, must be designed and installed such that the system recovers normal operation of that function in a timely manner after the airplane is exposed to lightning. Remove 17.3.1.3. Replace 10.4.2, 10.4.3, 10.4.4 Level 1 with Level 4.	The tables defining applicability found in F3061/F3061M–22b sections 4, 10, 13, and 17 are not accepted. Applicability will be determined by the Policy and Standards Division. Aircraft certification levels are as defined in 14 CFR 23.2005. F3061/F3061M–22b does not contain means for showing compliance to § 23.2310, <i>Buoyancy for seaplanes and amphibians</i>. If applying for certification of a seaplane or amphibian, applicants may use the provisions of §§ 23.751, 23.755, and 23.757 at amendment 23–63 as a means of complying with § 23.2310 or may obtain FAA acceptance of a different MOC in accordance with § 23.2010.
F3062/F3062M–20	Standard Specification for Aircraft Powerplant Installation.	None.	
F3063/F3063M–21	Standard Specification for Aircraft Fuel Storage and Delivery.	None.	
F3064/F3064M–21	Standard Specification for Aircraft Powerplant Control, Operation, and Indication.	None.	
F3065/F3065M–21a	Standard Specification for Aircraft Propeller System Installation.	None.	

³ See <https://www.federalregister.gov/documents/2016/12/30/2016-30246/revision-of-airworthiness-standards-for-normal-utility-acrobatic-and-commuter-category-airplanes>.

⁴ The MOC are intended for traditional part 23 airplanes, not for novel designs. Novel designs

require evaluation and possible modification of the MOC.

⁵ Wherever “shall” is used within a standard, replace with “must.”

⁶ You may find additional information on the FAA Small Airplane Issues List (SAIL) here: https://www.faa.gov/aircraft/air_cert/design_approvals/small_airplanes/small_airplanes_regs/.

TABLE 1—PART 23 ACCEPTED MOC BASED ON ASTM CONSENSUS STANDARDS ^{4 5}—Continued

ASTM No. as identified in F3264–24	ASTM document title	Changes required for FAA acceptance ^{4 5}	Additional Information ⁶
F3066/F3066M–18	Standard Specification for Aircraft Powerplant Installation Hazard Mitigation.	None.	
F3082/F3082M–22	Standard Specification for Weights and Centers of Gravity of Aircraft.	None.	
F3083/F3083M–20a	Standard Specification for Emergency Conditions, Occupant Safety, and Accommodations.	Replace 4.1.6 with: Powerplant and ESS mounts and supporting structures must withstand 18.0 g forward for powerplants and ESS installed behind and above the seating compartment.	
F3093/F3093M–21	Standard Specification for Aeroelasticity Requirements.	None.	
F3114–21	Standard Specification for Structures.	None.	
F3115/F3115M–23	Standard Specification for Structural Durability for Small Aeroplanes.	Replace 4.4.3.3 with: The residual strength evaluation must show that the remaining structure is able to withstand the residual strength loads in 4.5 with the extent of detectable damage consistent with the results of the damage tolerance evaluations. The residual strength demonstrated for inspectable damage shall be sufficiently above limit loads in 4.5 and should consider variables such as the severity of damage, inspection interval, and inspection method. This level of residual strength demonstrated should also account for material variability, damage, growth rate, and environmental effects. Guidance for no growth, slow growth, or arrested growth can be found in documents X2.3 and X2.4. Replace 4.4.1.1 with: For all airplanes the methods described in 4.4.3. Delete 4.4.1.2.	If the applicant proposes to use F3115/F3115M–20 sections 4.3 or 6.3.2, the Policy and Standards Division will be involved as the standard is applied during projects to review the approach to determining similarity (F3115/F3115M–20 section 4.3) and criteria defining obvious damage (F3115/F3115M–20 section 6.3.2). If the applicant proposes to use F3115/F3115M–23 sections 4.1.3 or 4.3.3.2, the Policy and Standards Division will be involved as the standard is applied during projects to review the approach to determining similarity (F3115/F3115M–23 section 4.1.3) and criteria defining obvious damage (F3115/F3115M–23 section 4.3.3.2). <i>Note:</i> Composite structure needs to be damage tolerant. If impractical, safe life methods may be used. Means of compliance must reflect this. F3115–20 replace 7.1.1 with: For all airplanes the methods described in 7.3. Delete 7.1.2.
F3116/F3116M–18e2	Standard Specification for Design Loads and Conditions.	Replace 4.1.4 with: Appendix X1 through Appendix X4 provides, within the limitations specified within the appendix, a simplified MOC with several of the requirements set forth in sections 4.2 to 4.26 and 7.1 to 7.9 that can be applied as one (but not the only) means to comply. If the simplified methods in Appendix X1 through X3 are used, they must be used together in their entirety. Replace X1.1.1 with: The methods provided in this appendix provide one possible means (but not the only possible means) of compliance and can only be applied to Level 1 and Level 2 low speed airplanes. Replace X2.1.1 with: The methods provided in this appendix provide one possible means (but not the only possible means) of compliance and can only be applied to Level 1 and Level 2 low speed airplanes. Replace X3.1.1 with: The methods provided in this appendix provide one possible means (but not the only possible means) of compliance and can only be applied to Level 1 and Level 2 low speed airplanes. Replace X4.1.1 with: The methods provided in this appendix provide one possible means (but not the only possible means) of compliance and can only be applied to Level 1 low speed airplanes.	
F3117/F3117M–23a	Standard Specification for Crew Interface in Aircraft.	None.	
F3120/F3120M–20	Standard Specification for Ice Protection for General Aviation Aircraft.	None.	
F3173/F3173M–21a	Standard Specification for Aircraft Handling Characteristics.	None.	
F3174/F3174M–21	Standard Specification for Establishing Operating Limitations and Information for Aeroplanes.	None.	
F3179/F3179M–22e1	Standard Specification for Performance of Aircraft.	None.	

TABLE 1—PART 23 ACCEPTED MOC BASED ON ASTM CONSENSUS STANDARDS ^{4 5}—Continued

ASTM No. as identified in F3264–24	ASTM document title	Changes required for FAA acceptance ^{4 5}	Additional Information ⁶
F3180/F3180M–21	Standard Specification for Low-Speed Flight Characteristics of Aircraft.	The FAA does not universally accept all alternatives contained in F3180/F3180M–21. The FAA previously accepted and continues to accept F3180/F3180M–16.	Applicants may propose elements of F3180/F3180M–21, or other means, for development of their project MOC to § 23.2150 in accordance with § 23.2010.
F3227/F3227M–22	Standard Specification for Environmental Systems in Aircraft.	None.	
F3228–21	Standard Specification for Flight Data and Voice Recording in Small Aircraft.	Remove: Table 1	Aircraft Type Code compliance matrix table found in F3228–21 is not accepted. Applicability will be determined by the Policy and Standards Division.
F3229/F3229M–17	Standard Practice for Static Pressure System Tests in Small Aircraft.	Remove: Table 1	Aircraft Type Code compliance matrix table found in F3229/F3229M–17 is not accepted. Applicability will be determined by the Policy and Standards Division.
F3230–21a	Standard Practice for Safety Assessments of Systems and Equipment in Small Aircraft.	Remove: Table 1	Aircraft Type Code compliance matrix table found in F3230–21a is not accepted. Applicability will be determined by the Policy and Standards Division.
F3231/F3231M–23	Standard Specification for Electrical Systems for Aircraft with Combustion Engine Electrical Power Generation.	Remove: Table 1	Aircraft Type Code compliance matrix table found in F3231/F3231M–23 is not accepted. Applicability will be determined by the Policy and Standards Division.
F3232/F3232M–20	Standard Specification for Flight Controls in Small Aircraft.	None.	
F3233/F3233M–21	Standard Specification for Flight and Navigation Instrumentation in Aircraft.	Remove: Table 1	Aircraft Type Code compliance matrix table found in F3233/F3233M–21 is not accepted. Applicability will be determined by the Policy and Standards Division.
F3234/F3234M–21	Standard Specification for Exterior Lighting in Small Aircraft.	Remove: Table 1	Aircraft Type Code compliance matrix table found in F3234/F3234M–21 is not accepted. Applicability will be determined by the Policy and Standards Division.
F3235–22	Standard Specification for Aircraft Storage Batteries.	Remove: Section 4.2	If applying for certification of an airplane with installed lithium batteries, applicants may use the guidance provided by RTCA DO–311A or may obtain FAA acceptance of a different MOC in accordance with § 23.2010.
		Remove: Table 1.	Aircraft Type Code compliance matrix table found in F3235–22 is not accepted. Applicability will be determined by the Policy and Standards Division.
F3236–21a	Standard Specification for High Intensity Radiated Field (HIRF) Protection in Small Aircraft.	Remove: Table 1	Aircraft Type Code compliance matrix table found in F3236–21a is not accepted. Applicability will be determined by the Policy and Standards Division.
F3239–22a	Standard Specification for Aircraft Electric Propulsion Systems.	The FAA does not universally accept F3239–22a.	Applicants may propose F3239–22a for development of their MOC for electric propulsion systems on a project-by-project basis. Any MOC proposed must receive acceptance by the FAA in accordance with § 23.2010.
F3254–22	Standard Specification for Aircraft Interaction of Systems and Structures.	Figures 2, 3, and 4 Replace: “Remote” with: “10 ^{–5} ”. Replace: “Extremely Improbable” with: “10 ^{–8} ” for Level 1, 2, and 3 airplanes and with “10 ^{–9} ” for Level 4 airplanes.	Other proposed probabilities will be considered by the FAA on a case-by-case basis.
F3309/F3309M–21	Standard Practice for Simplified Safety Assessment of Systems and Equipment in Small Aircraft.	None.	
F3316/F3316M–19	Standard Specification for Electrical Systems for Aircraft with Electric or Hybrid-Electric Propulsion.	FAA does not universally accept F3316/F3316M–19. Remove: Table 1.	Applicants may propose F3316/F3316M–19 for development of their MOC for electrical systems installed on airplanes with electric or hybrid-electric propulsion systems on a project-by-project basis. Applicants may obtain FAA acceptance of a different MOC in accordance with § 23.2010.
			Aircraft Type Code compliance matrix table found in F3316/F3316M–19 is not accepted. Applicability will be determined by the Policy and Standards Division.
F3331–18	Standard Practice for Aircraft Water Loads.	None.	

TABLE 1—PART 23 ACCEPTED MOC BASED ON ASTM CONSENSUS STANDARDS ^{4 5}—Continued

ASTM No. as identified in F3264–24	ASTM document title	Changes required for FAA acceptance ^{4 5}	Additional Information ⁶
F3367–21a	Standard Practice for Simplified Methods for Addressing High-Intensity Radiated Fields (HIRF) and Indirect Effects of Lightning on Aircraft	Replace 5.1.1 with: Systems that are part of the Type Certificated Engine must be installed in accordance with the engine manufacturer's requirements. The minimum HIRF and lightning qualification in accordance with sections 8 and 9 of this ASTM practice should be met at the aircraft level, except for engine control systems in Level 1 and 2 airplanes, which should meet the following: HIRF: DO–160, section 20–R for both radiated and conducted susceptibility. Lightning: Utilize guidance in AC 33.28–3. For metallic fuselage DO–160G, section 22–A3J3L3 (shielded) and A3H3L3 (unshielded). For composite fuselage DO–160G, section 22–B3K3L3 (shielded) and B3H3L3 (unshielded). Use of lower HIRF and lightning induced voltage and current levels may be acceptable for electronic engine control systems if substantiated at the airplane level (by test in the proposed installation or similar) when exposed to external HIRF environment per AC 20–158 (latest revision) and lightning per AC 20–136 (latest revision); using shielding and grounding of the electronic engine control system and accessories in the given installation.	
F3380–19	Standard Practice for Structural Compliance of Very Light Aeroplanes.	None.	
F3396/F3396M–20	Standard Practice for Aircraft Simplified Loads Criteria.	None.	
F3397/F3397M–21	Standard Practice for Aeroplane Turbine Fuel System Hot Weather Operations.	None.	
F3408/F3408M–21	Standard Specification for Aircraft Emergency Parachute Recovery Systems.	None.	
F3432–20a	Standard Practice for Powerplant Instruments.	None.	
F3498–21	Standard Practice for Developing Simplified Fatigue Load Spectra.	None.	
F3532–22	Standard Practice for Protection of Aircraft Systems from Intentional Unauthorized Electronic Interactions.	None.

Subpart C—Structures		
§ 23.2200 Structural design envelope	6.1 Structural Design Envelope:	6.1.1 F3116/F3116M–18e2 Standard Specification for Design Loads and Conditions. 6.1.1.1 F3396/F3396M–20 Standard Practice for Aircraft Simplified Loads.
§ 23.2205 Interaction of systems and structures.	6.2 Interaction of Systems and Structure:..	6.2.1 F3254–22 Standard Specification for Aircraft Interaction of Systems and Structures.
§ 23.2210 Structural design loads	6.3 Structural Design Loads:	6.3.1 F3116/F3116M–18e2 Standard Specification for Design Loads and Conditions. 6.3.1.1 F3396/F3396M–20 Standard Practice for Aircraft Simplified Loads. 6.3.2 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.
§ 23.2215 Flight load conditions	6.4 Flight Load Conditions:	6.4.1 F3116/F3116M–18e2 Standard Specification for Design Loads and Conditions. 6.4.1.1 F3396/F3396M–20 Standard Practice for Aircraft Simplified Loads.
§ 23.2220 Ground and water load conditions.	6.5 Ground and Water Load Conditions:	6.5.1 F3116/F3116M–18e2 Standard Specification for Design Loads and Conditions. 6.5.1.1 F3331–18 Standard Practice for Aircraft Water Loads.
§ 23.2225 Component loading conditions	6.6 Component Loading Conditions:	6.6.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 6.6.1.1 F3232/F3232M–20 Standard Specification for Flight Controls in Small Aircraft. 6.6.2 F3116/F3116M–18e2 Standard Specification for Design Loads and Conditions. 6.6.2.1 F3396/F3396M–20 Standard Practice for Aircraft Simplified Loads.
§ 23.2230 Limit and ultimate loads	6.7 Limit and Ultimate Loads:	6.7.1 F3114–21 Standard Specification for Structures. 6.7.2 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.
§ 23.2235 Structural strength	6.8 Structural Strength:	6.8.1 F3114–21 Standard Specification for Structures. 6.8.2 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.
§ 23.2240 Structural durability	6.9 Structural Durability:	6.9.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 6.9.2 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 6.9.3 F3115/F3115M–23 Standard Specification for Structural Durability for Small Aeroplanes. 6.9.3.1 F3380–19 Standard Practice for Structural Compliance of Very Light Aeroplanes. 6.9.3.2 F3498–21 Standard Practice for Developing Simplified Fatigue Load Spectra. 6.9.4 F3116/F3116M–18e2 Standard Specification for Design Loads and Conditions.
§ 23.2245 Aeroelasticity	6.10 Aeroelasticity:	6.10.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 6.10.2 F3093/F3093M–21 Standard Specification for Aeroelasticity Requirement. 6.10.3 F3232/F3232M–23a Standard Specification for Flight Controls in Small Aircraft.
§ 23.2250 Design and construction principles.	6.11 Design and Construction Principles:..	6.11.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 6.11.1.1 F3232/F3232M–20 Standard Specification for Flight Controls in Small Aircraft. 6.11.2 F3114–21 Standard Specification for Structures. 6.11.2.1 F3380–19 Standard Practice for Structural Compliance of Very Light Aeroplanes. 6.11.3 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.
§ 23.2255 Protection of structure	6.12 Protection of Structure:	6.12.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 6.12.1.1 F3232/F3232M–20 Standard Specification for Flight Controls in Small Aircraft. 6.12.2 F3114–21 Standard Specification for Structures. 6.12.2.1 F3380–19 Standard Practice for Structural Compliance of Very Light Aeroplanes. 6.12.3 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 6.12.4 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.
§ 23.2260 Materials and processes	6.13 Materials and Processes:	6.13.1 F3114–21 Standard Specification for Structures. 6.13.1.1 F3380–19 Standard Practice for Structural Compliance of Very Light Aeroplanes. 6.13.2 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.
§ 23.2265 Special factors of safety	6.14 Special Factors of Safety:	6.14.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 6.14.2 F3114–21 Standard Specification for Structures. 6.14.2.1 F3380–19 Standard Practice for Structural Compliance of Very Light Aeroplanes.
§ 23.2270 Emergency conditions	6.15 Emergency Conditions:	6.15.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.

TABLE 2—SIDE-BY-SIDE VIEW OF PART 23 REGULATIONS AND ASTM F3264–24 SECTION(S)—Continued

Part 23 amendments 23–64 and 23–65 regulation(s)	ASTM F3264–24 section(s) ⁷	ASTM F3264–24 subsection(s) ⁸
		6.15.1.1 F3232/F3232M–20 Standard Specification for Flight Controls in Small Aircraft. 6.15.2 F3083/F3083M–20a Standard Specification for Emergency Conditions, Occupant Safety and Accommodations. 6.15.3 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.
Subpart D—Design and Construction		
§ 23.2300 Flight control systems	7.1 Flight Control Systems:	7.1.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 7.1.1.1 F3232/F3232M–20 Standard Specification for Flight Controls in Small Aircraft. 7.1.2 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 7.1.3 F3117/F3117M–23a Standard Specification for Crew Interface.
§ 23.2305 Landing gear systems	7.2 Landing Gear Systems:	7.2.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.
§ 23.2310 Buoyancy for seaplanes and amphibians.	7.3 Buoyancy for Seaplanes and Amphibians:.	7.3.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.
§ 23.2315 Means of egress and emergency exits.	7.4 Means of Egress and Emergency Exits:.	7.4.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 7.4.2 F3083/F3083M–20a Standard Specification for Emergency Conditions, Occupant Safety and Accommodations.
§ 23.2320 Occupant physical environment.	7.5 Occupant Physical Environment:	7.5.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 7.5.1.1 F3227/F3227M–22 Standard Specification for Environmental Systems in Small Aircraft. 7.5.2 F3083/F3083M–20a Standard Specification for Emergency Conditions, Occupant Safety and Accommodations. 7.5.3 F3114–21 Standard Specification for Structures.
§ 23.2325 Fire protection	7.6 Fire Protection:	7.5.4 F3117/F3117M–23a Standard Specification for Crew Interface in Aircraft. 7.6.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 7.6.1.1 F3231/F3231M–23 Standard Specification for Electrical Systems for Aircraft with Combustion Engine Electrical Power Generation. 7.6.1.2 F3234/F3234M–21 Standard Specification for Exterior Lighting in Small Aircraft. 7.6.1.3 F3316/F3316M–19 Standard Specification for Electrical Systems for Aircraft with Electric or Hybrid-Electric Propulsion. 7.6.2 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 7.6.3 F3083/F3083M–20a Standard Specification for Emergency Conditions, Occupant Safety and Accommodations. 7.6.4 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.
§ 23.2330 Fire protection in designated fire zones and adjacent areas.	7.7 Fire Protection in Designated Fire Zones and Adjacent Areas:.	7.7.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 7.7.1.1 F3231/F3231M–23 Standard Specification for Electrical Systems for Aircraft with Combustion Engine Electrical Power Generation.
§ 23.2335 Lightning protection	7.8 Lightning Protection:	7.7.2 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 7.7.3 F3114–21 Standard Specification for Structures. 7.8.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.
Subpart E—Powerplant		
§ 23.2400 Powerplant installation	8.1 Powerplant Installation:	8.1.1 F3062/F3062M–20 Standard Specification for Aircraft Powerplant Installation. 8.1.2 F3063/F3063M–21 Standard Specification for Aircraft Fuel and Energy Storage and Delivery. 8.1.3 F3064/F3064M–21 Standard Specification for Aircraft Powerplant Control, Operation, and Indication. 8.1.3.1 F3432–20a Standard Practice for Powerplant Instruments. 8.1.4 F3065/F3065M–21a Standard Specification for Aircraft Propeller System Installation. 8.1.5 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 8.1.6 F3239–22a Standard Specification for Aircraft Electric Propulsion Systems.
§ 23.2405 Automatic power or thrust control systems.	8.2 Power or Thrust Control Systems: ..	8.2.1 F3062/F3062M–20 Standard Specification for Aircraft Powerplant Installation. 8.2.2 F3064/F3064M–21 Standard Specification for Aircraft Powerplant Control, Operation, and Indication. 8.2.2.1 F3432–20a Standard Practice for Powerplant Instruments. 8.2.3 F3065/F3065M–21a Standard Specification for Aircraft Propeller System Installation.
§ 23.2410 Powerplant installation hazard assessment.	8.3 Powerplant Installation Hazard Assessment:.	8.2.4 F3117/F3117M–23a Standard Specification for Crew Interface. 8.3.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.

TABLE 2—SIDE-BY-SIDE VIEW OF PART 23 REGULATIONS AND ASTM F3264–24 SECTION(S)—Continued

Part 23 amendments 23–64 and 23–65 regulation(s)	ASTM F3264–24 section(s) ⁷	ASTM F3264–24 subsection(s) ⁸
§ 23.2415 Powerplant ice protection	8.4 Powerplant Installation Ice Protection:.	8.3.2 F3062/F3062M–20 Standard Specification for Aircraft Powerplant Installation. 8.3.3 F3063/F3063M–21 Standard Specification for Aircraft Fuel and Energy Storage and Delivery. 8.3.4 F3064/F3064M–21 Standard Specification for Aircraft Powerplant Control, Operation, and Indication. 8.3.4.1 F3432–20a Standard Practice for Powerplant Instruments. 8.3.5 F3065/F3065M–21a Standard Specification for Aircraft Propeller System Installation. 8.3.6 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 8.3.7 F3117/F3117M–23a Standard Specification for Crew Interface in Aircraft. 8.3.8 F3239–22a Standard Specification for Aircraft Electric Propulsion Systems. 8.4.1 F3062/F3062M–20 Standard Specification for Aircraft Powerplant Installation. 8.4.2 F3063/F3063M–21 Standard Specification for Aircraft Fuel and Energy Storage and Delivery. 8.4.3 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 8.4.4 F3239–22a Standard Specification for Aircraft Electric Propulsion Systems.
§ 23.2420 Reversing systems	8.5 Reversing Systems:	8.5.1 F3062/F3062M–20 Standard Specification for Aircraft Powerplant Installation. 8.5.2 F3065/F3065M–21a Standard Specification for Aircraft Propeller System Installation. 8.5.3 F3239–22a Standard Specification for Aircraft Electric Propulsion Systems.
§ 23.2425 Powerplant operational characteristics.	8.6 Powerplant Operational Characteristics:.	8.6.1 F3062/F3062M–20 Standard Specification for Aircraft Powerplant Installation. 8.6.2 F3064/F3064M–21 Standard Specification for Aircraft Powerplant Control, Operation, and Indication. 8.6.2.1 F3432–20a Standard Practice for Powerplant Instruments. 8.6.3 F3065/F3065M–21a Standard Specification for Aircraft Propeller System Installation. 8.6.4 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 8.6.5 F3117/F3117M–23a Standard Specification for Crew Interface in Aircraft. 8.6.6 F3239–22a Standard Specification for Aircraft Electric Propulsion Systems.
§ 23.2430 Fuel systems	8.7 Fuel and Energy Storage and Distribution Systems:.	8.7.1 F3062/F3062M–20 Standard Specification for Aircraft Powerplant Installation. 8.7.2 F3063/F3063M–21 Standard Specification for Aircraft Fuel and Energy Storage and Delivery. 8.7.2.1 F3397/F3397M–21 Standard Practice for Aeroplane Turbine Fuel System Hot Weather Operations. 8.7.3 F3064/F3064M–21 Standard Specification for Aircraft Powerplant Control, Operation, and Indication. 8.7.3.1 F3432–20a Standard Practice for Powerplant Instruments. 8.7.4 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 8.7.5 F3114–21 Standard Specification for Structures. 8.7.6 F3239–22a Standard Specification for Aircraft Electric Propulsion Systems.
§ 23.2435 Powerplant induction and exhaust systems.	8.8 Powerplant Induction, Exhaust, and Support Systems:.	8.8.1 F3062/F3062M–20 Standard Specification for Aircraft Powerplant Installation. 8.8.2 F3239–22a Standard Specification for Aircraft Electric Propulsion Systems.
§ 23.2440 Powerplant fire protection	8.9 Powerplant Installation Fire Protection:.	8.9.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 8.9.2 F3062/F3062M–20 Standard Specification for Aircraft Powerplant Installation. 8.9.3 F3063/F3063M–21 Standard Specification for Aircraft Fuel and Energy Storage and Delivery. 8.9.4 F3064/F3064M–21 Standard Specification for Aircraft Powerplant Control, Operation, and Indication. 8.9.4.1 F3432–20a Standard Practice for Powerplant Instruments. 8.9.5 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 8.9.6 F3239–22a Standard Specification for Aircraft Electric Propulsion Systems.
Subpart F—Equipment		
§ 23.2500 Airplane level systems requirements.	9.1 Systems and Equipment Function—Requirements:.	9.1.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft. 9.1.1.1 F3231/F3231M–23 Standard Specification for Electrical Systems for Aircraft with Combustion Engine Electrical Power Generation. 9.1.1.1(a) F3235–22 Standard Specification for Aircraft Storage Batteries. 9.1.1.2 F3232/F3232M–20 Standard Specification for Flight Controls in Small Aircraft.

TABLE 2—SIDE-BY-SIDE VIEW OF PART 23 REGULATIONS AND ASTM F3264–24 SECTION(S)—Continued

Part 23 amendments 23–64 and 23–65 regulation(s)	ASTM F3264–24 section(s) ⁷	ASTM F3264–24 subsection(s) ⁸
§ 23.2505 Function and installation	9.2 Equipment Function and Installation Requirements:.	9.1.1.3 F3233/F3233M–21 Standard Specification for Flight and Navigation Instrumentation in Aircraft. 9.1.1.3(a) F3229/F3229M–17 Standard Practice for Static Pressure System Tests in Small Aircraft. 9.1.1.4 F3316/F3316M–19 Standard Specification for Electrical Systems for Aircraft with Electric or Hybrid-Electric Propulsion. 9.1.2 F3064/F3064M–21 Standard Specification for Aircraft Powerplant Control, Operation, and Indication. 9.1.2.1 F3432–20a Standard Practice for Powerplant Instruments. 9.1.3 F3066/F3066M–18 Standard Specification for Aircraft Powerplant Installation Hazard Mitigation. 9.1.4 F3117/F3117M–23a Standard Specification for Crew Interface in Aircraft. 9.1.5 F3120/F3120M–20 Standard Specification for Ice Protection for General Aviation Aircraft. 9.1.6 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems. 9.2.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.
§ 23.2510 Equipment, systems, and installations.	9.3 Equipment, Systems, and Installation:.	9.2.1.1 F3231/F3231M–23 Standard Specification for Electrical Systems for Aircraft with Combustion Engine Electrical Power Generation. 9.2.1.1(a) F3235–22 Standard Specification for Aircraft Storage Batteries. 9.2.1.2 F3232/F3232M–20 Standard Specification for Flight Controls in Small Aircraft. 9.2.1.3 F3233/F3233M–21 Standard Specification for Flight and Navigation Instrumentation in Aircraft. 9.2.1.4 F3316/F3316M–19 Standard Specification for Electrical Systems for Aircraft with Electric or Hybrid-Electric Propulsion. 9.2.2 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems. 9.2.3 F3117/F3117M–23a Standard Specification for Crew Interface in Aircraft. 9.3.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.
§ 23.2515 Electrical and electronic system lightning protection.	9.4 Electrical and Electronic System Lightning Protection:.	9.3.1.1 F3230–21a Standard Practice for Safety Assessments of Systems and Equipment in Small Aircraft. 9.3.1.2 F3233/F3233M–21 Standard Specification for Flight and Navigation Instrumentation in Aircraft. 9.3.1.3 F3227/F3227M–22 Standard Specification for Environmental Systems in Small Aircraft. 9.3.1.4 F3309/F3309M–21 Standard Practice for Simplified Safety Assessment of Systems and Equipment in Small Aircraft. 9.3.1.5 F3532–22 Standard Practice for Protection of Aircraft Systems from Intentional Unauthorized Electronic Interactions. 9.3.2 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems. 9.4.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.
§ 23.2520 High-intensity Radiated Fields (HIRF) protection.	9.5 High Intensity Radiated Fields (HIRF) Protection:.	9.4.1.1 F3367–21a Standard Practice for Simplified Methods for Addressing High-Intensity Radiated Fields (HIRF) and Indirect Effects of Lightning on Aircraft. 9.5.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.
§ 23.2525 System power generation, storage, and distribution.	9.6 System Power Generation, Storage, and Distribution:.	9.5.1.1 F3236–21a Standard Specification for High Intensity Radiated Field (HIRF) Protection in Small Aircraft. 9.5.1.2 F3367–21a Standard Practice for Simplified Methods for Addressing High-Intensity Radiated Fields (HIRF) and Indirect Effects of Lightning on Aircraft. 9.6.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.
§ 23.2530 External and cockpit lighting ..	9.7 External and Cockpit Lighting:	9.6.1.1 F3231/F3231M–23 Standard Specification for Electrical Systems for Aircraft with Combustion Engine Electrical Power Generation. 9.6.1.1(a) F2490–20 Standard Guide for Aircraft Electrical Load and Power Source Capacity Analysis. 9.6.1.2 F3233/F3233M–21 Standard Specification for Flight and Navigation Instrumentation in Aircraft. 9.6.1.3 F3316/F3316M–19 Standard Specification for Electrical Systems for Aircraft with Electric or Hybrid-Electric Propulsion. 9.6.1.3(a) F2490–20 Standard Guide for Aircraft Electrical Load and Power Source Capacity Analysis. 9.6.2 F3117/F3117M–23a Standard Specification for Crew Interface in Aircraft. 9.6.3 F3120/F3120M–20 Standard Specification for Ice Protection for General Aviation Aircraft. 9.7.1 F3061/F3061M–22b Standard Specification for Systems and Equipment in Small Aircraft.
		9.7.1.1 F3233/F3233M–21 Standard Specification for Flight and Navigation Instrumentation in Aircraft. 9.7.1.2 F3234/F3234M–21 Standard Specification for Exterior Lighting in Small Aircraft. 9.7.2 F3117/F3117M–23a Standard Specification for Crew Interface in Aircraft. 9.7.3 F3120/F3120M–20 Standard Specification for Ice Protection for General Aviation Aircraft.

§ 23.2620 Airplane flight manual	5.15 Operating Limitations:	5.15.1 F3174/F3174M–21 Standard Specification for Establishing Operating Limitations and Information for Aeroplanes. 5.15.2 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.
	10.5 Airplane Flight Manual:	10.5.1 F3117/F3117M–23a Standard Specification for Crew Interface in Aircraft. 10.5.2 F3174/F3174M–21 Standard Specification for Establishing Operating Limitations and Information for Aeroplanes.

TABLE 2—SIDE-BY-SIDE VIEW OF PART 23 REGULATIONS AND ASTM F3264–24 SECTION(S)—Continued

Part 23 amendments 23–64 and 23–65 regulation(s)	ASTM F3264–24 section(s) ⁷	ASTM F3264–24 subsection(s) ⁸
		10.5.3 F3120/F3120M–20 Standard Specification for Ice Protection for General Aviation Aircraft. 10.5.4 F3408/F3408M–21 Standard Specification for Aircraft Emergency Parachute Recovery Systems.

⁷ The ASTM F3264–24 section(s) provides a means of compliance intended to be used on projects for traditional part 23 airplanes, not for novel designs. Novel designs require evaluation and possible modification of the means of compliance.

⁸ Changes required for FAA acceptance and additional information per table 1 still apply to table 2. The FAA does not accept the Aircraft Type Code compliance matrix tables included in F3228–21, F3229/F3229M–17, F3230–21a, F3231/F3231M–23, F3233/F3233M–21, F3234/F3234M–21, F3235–22, F3236–21a, and F3316/F3316M–19. The tables defining applicability found in F3061/F3061M–22b sections 4, 10, 13, and 17 are not accepted. Applicability will be determined by the Policy and Standards Division.

The MOC accepted by this NOA provide one means, but not the only means, of complying with part 23 regulatory requirements. Applicants who desire to use a MOC reflected by other revisions to ASTM standards not previously accepted may seek guidance and possible acceptance from the FAA for the use of those MOC on a case-by-case basis. Applicants may propose an alternative MOC for FAA review and possible acceptance.

Editorial, Reapproval, Revision, or Withdrawal

ASTM policy states that a consensus standard should be reviewed in its entirety by the responsible subcommittee and must be balloted for reapproval, revision, or withdrawal within five years of its last approval date. When an ASTM standard is reapproved, that reapproval is denoted by the year in parentheses (*e.g.*, F2427–05a (2013)). This date indicates the completion of a review cycle with no technical changes made to the standard. In addition, ASTM issues editorial changes denoted by a superscript epsilon in the standard designation (*e.g.*, F3235–17ε1). This epsilon indicates information was corrected, and it did not change the meaning or intent of a standard. Since reapprovals and editorial changes do not change the technical content of standards, then any standard FAA-accepted by this NOA that is later reapproved or editorially changed by ASTM, is also considered FAA-accepted and without the need for an updated NOA.

ASTM revises a standard to make changes to its technical content. Revisions are identified by a hyphen after the document number, which is followed by the last two numbers of the year of acceptance or of last revision. If the standard is revised again during the same year, this is indicated by adding an “a” for the second revision, “b” for the third revision, and so on for each revision. Since revisions change the technical content, revisions to consensus standards that are the basis for a MOC accepted by this NOA will

not be automatically accepted, and will require further FAA acceptance for the revisions to be an accepted MOC.

Availability

ASTM F3264–24, “Standard Specification for Normal Category Aeroplanes Certification,” is available online at <https://www.astm.org/READINGLIBRARY/>. ASTM copyrights these consensus standards and charges the public a fee for service. Individual downloads or reprints of a standard (single or multiple copies, special compilations, and other related technical information), as well as information regarding membership, ASTM offices abroad, or Committee F44 on General Aviation Aircraft, may be obtained online or by contacting ASTM by telephone: (610) 832–9585; facsimile: (610) 832–9555; or through email: service@astm.org.

Issued in Kansas City, Missouri, on May 12, 2025.

Sheila I. Mariano,

Acting Manager, Technical Policy Branch, Policy and Standards Division, Aircraft Certification Service.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA–2024–2721; Project Identifier AD–2024–00610–E; Amendment 39–23045; AD 2025–10–11]

RIN 2120–AA64

Airworthiness Directives; General Electric Company Engines

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The FAA is adopting a new airworthiness directive (AD) for certain General Electric Company (GE) Model CF6–80E1A2, CF6–80E1A3, CF6–

80E1A4, and CF6–80E1A4/B engines. This AD was prompted by a manufacturer investigation that revealed certain high-pressure turbine (HPT) stage 1 and HPT stage 2 disks were manufactured from powder metal material suspected to contain iron inclusion. This AD requires replacement of affected HPT stage 1 and HPT stage 2 disks with parts eligible for installation. The FAA is issuing this AD to address the unsafe condition on these products.

DATES: This AD is effective June 24, 2025.

ADDRESSES:

AD Docket: You may examine the AD docket at [regulations.gov](https://www.regulations.gov) under Docket No. FAA–2024–2721; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this final rule, any comments received, and other information. The address for Docket Operations is U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT:

Alexei Marqueen, Aviation Safety Engineer, FAA, 2200 South 216th Street, Des Moines, WA 98198; phone: (781) 238–7178; email: alexei.t.marqueen@faa.gov.

SUPPLEMENTARY INFORMATION:

Background

The FAA issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 by adding an AD that would apply to certain GE Model CF6–80E1A2, CF6–80E1A3, CF6–80E1A4, and CF6–80E1A4/B engines. The NPRM was published in the **Federal Register** on January 30, 2025 (90 FR 8505). The NPRM was prompted by a manufacturer investigation that revealed the detection of iron inclusion in an HPT stage 2 disk manufactured from the same powder metal material used to manufacture certain HPT stage 1 and HPT stage 2 disks for GE Model CF6–80E1A2, CF6–

80E1A3, CF6–80E1A4, and CF6–80E1A4/B engines. Further investigation by the manufacturer revealed that the iron inclusion is attributed to deficiencies in the manufacturing process and may cause reduced material properties and a lower fatigue life capability, which may result in premature fracture and uncontained failure. The manufacturer also informed the FAA that additional risk assessments showed that there were no failed events associated with the discovery of this iron inclusion material. However, it was concluded that replacement of the affected HPT stage 1 and HPT stage 2 disks is necessary to prevent any future failed events. In the NPRM, the FAA proposed to require replacement of affected HPT stage 1 and HPT stage 2 disks with parts eligible for installation. The FAA is issuing this AD to address the unsafe condition on these products.

Discussion of Final Airworthiness Directive

Comments

The FAA received comments from three commenters. The commenters were Delta Air Lines, Inc. (DAL) and two individual commenters. The

individual commenters supported the NPRM without change. DAL requested changes to the proposed AD. The following presents the comments received on the NPRM and the FAA’s response to each comment.

Request To Expand Applicability and Add Parts Prohibition Requirement

DAL requested that the FAA revise the proposed AD to add certain engine variants to paragraph (c), Applicability, and to add a parts installation prohibition to paragraph (g), Required Actions, to prevent installation of the removed parts on non-CF6–80E1 engines. DAL noted that, according to the engine illustrated parts catalog, the HPT stage 1 and HPT stage 2 disks on the CF6–80E1 fleet of engines could be installed on the CF6–80C2 fleet of engines, specifically on the –B2F, –B4F, –B6F, –B7F, and –B8F variants. The commenter reasoned that without a parts installation prohibition in the proposed AD, the affected parts would be eligible for installation on the non-CF6–80E1 engines after the required removal action in the AD.

The FAA disagrees. This AD applies to engine models known to have affected parts installed. Paragraph (g) of

this AD requires the removal of the affected parts from service. Since the FAA and the manufacturer know where these parts are, and parts removed from service by AD action are not serviceable and not eligible for reinstallation on any engine, it is not necessary to revise paragraph (c) of this AD to add engine variants and revise paragraph (g) of this AD to prohibit installation of the removed parts. The FAA did not change this AD as a result of these comments.

Conclusion

The FAA reviewed the relevant data, considered any comments received, and determined that air safety requires adopting this AD as proposed. Accordingly, the FAA is issuing this AD to address the unsafe condition on these products. Except for minor editorial changes, this AD is adopted as proposed in the NPRM. None of the changes will increase the economic burden on any operator.

Costs of Compliance

The FAA estimates that this AD affects one engine installed on an airplane of U.S. registry.

The FAA estimates the following costs to comply with this AD:

ESTIMATED COSTS

Action	Labor cost	Parts cost	Cost per product	Cost on U.S. operators
Replace HPT stage 1 disk	8 work-hours x \$85 per hour = \$680.	\$1,228,800 (prorated)	\$1,229,480	\$1,229,480
Replace HPT stage 2 disk	8 work-hours x \$85 per hour = \$680.	\$201,600 (prorated)	202,280	202,280

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA’s authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. Subtitle VII: Aviation Programs, describes in more detail the scope of the Agency’s authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701: General requirements. Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

This AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify that this AD:

- (1) Is not a “significant regulatory action” under Executive Order 12866,
- (2) Will not affect intrastate aviation in Alaska, and
- (3) Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:
Authority: 49 U.S.C. 106(g), 40113, 44701.
- § 39.13 [Amended]
- 2. The FAA amends § 39.13 by adding the following new airworthiness directive:
2025–10–11 General Electric Company:
Amendment 39–23045; Docket No.

FAA–2024–2721; Project Identifier AD–2024–00610–E.

(a) Effective Date

This airworthiness directive (AD) is effective June 24, 2025.

(b) Affected ADs

None.

(c) Applicability

This AD applies to General Electric Company (GE) Model CF6–80E1A2, CF6–

80E1A3, CF6–80E1A4, and CF6–80E1A4/B engines with an installed high-pressure turbine (HPT) stage 1 disk or HPT stage 2 disk having a part number (P/N) and serial number (S/N) identified in table 1 to paragraph (c) of this AD.

TABLE 1 TO PARAGRAPH (c)—AFFECTED HPT STAGE 1 AND HPT STAGE 2 DISKS

Part name	P/N	S/N
HPT stage 1 disk	1863M36G06	GWN0GP27.
HPT stage 1 disk	1863M36G06	GWN0GPM8.
HPT stage 1 disk	1863M36G06	GWN0GP26.
HPT stage 1 disk	1863M36G06	TMT5SW61.
HPT stage 1 disk	1863M36G06	TMT5SW59.
HPT stage 1 disk	1863M36G06	TMT5SW64.
HPT stage 1 disk	1863M36G06	TMT5SW82.
HPT stage 1 disk	1863M36G06	GWN0GPMG.
HPT stage 2 disk	1778M72P05	BTB77100.
HPT stage 2 disk	1778M72P05	MUNLD123.
HPT stage 2 disk	1778M72P05	MUNLD122.
HPT stage 2 disk	1778M72P05	MUN5B794.
HPT stage 2 disk	1778M72P05	BTB77102.

(d) Subject

Joint Aircraft System Component (JASC) Code 7250, Turbine Section.

(e) Unsafe Condition

This AD was prompted by a manufacturer investigation that revealed certain HPT stage 1 and HPT stage 2 disks were subject to iron inclusion introduced during the manufacturing process. The FAA is issuing this AD to prevent fracture and potential uncontained failure of certain HPT stage 1 and HPT stage 2 disks. The unsafe condition, if not addressed, could result in uncontained debris release, damage to the engine, and damage to the airplane.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Required Actions

(1) Before further flight after the effective date of this AD, remove any affected HPT stage 1 disk having P/N 1863M36G06 and S/ N GWN0GP27 from service and replace with a part eligible for installation.

(2) Before further flight after the effective date of this AD, remove any affected HPT stage 2 disk having P/N 1778M72P05 and S/ N BTB77100 from service and replace with a part eligible for installation.

(3) For affected HPT stage 1 disks identified in table 1 to paragraph (c) of this AD that are not included in paragraph (g)(1) of this AD, at the next piece part exposure or before the affected HPT stage 1 disk exceeds 8,600 cycles since new (CSN), whichever occurs first after the effective date of this AD, remove the affected HPT stage 1 disk from service and replace with a part eligible for installation.

(4) For affected HPT stage 2 disks identified in table 1 to paragraph (c) of this AD that are not included in paragraph (g)(2) of this AD, at the next piece part exposure or before the affected HPT stage 2 disk exceeds 12,000 CSN, whichever occurs first

after the effective date of this AD, remove the affected HPT stage 2 disk from service and replace with a part eligible for installation.

(h) Definitions

For the purpose of this AD:

(1) A “part eligible for installation” is any HPT stage 1 disk or HPT stage 2 disk that does not have a P/N and S/N identified in table 1 to paragraph (c) of this AD.

(2) A “piece part exposure” is when the affected part is removed from the engine and completely disassembled.

(i) Grace Period for HPT Stage 1 Disk Replacement

For affected HPT stage 1 disks having greater than 8,550 CSN on the effective date of this AD, the replacement required by paragraph (g)(3) of this AD may be deferred up to 50 flight cycles after the effective date of this AD.

(j) Alternative Methods of Compliance (AMOCs)

(1) The Manager, AIR–520 Continued Operational Safety Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of AIR–520 Continued Operational Safety Branch, send it to the attention of the person identified in paragraph (k) of this AD and email to: AMOC@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/ certificate holding district office.

(k) Additional Information

For more information about this AD, contact Alexei Marqueen, Aviation Safety Engineer, FAA, 2200 South 216th Street, Des Moines, WA 98198; phone: (781) 238–7178; email: alexei.t.marqueen@faa.gov.

(l) Material Incorporated by Reference

None.

Issued on May 15, 2025.

Peter A. White,

Deputy Director, Integrated Certificate Management Division, Aircraft Certification Service.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2025–0308; Airspace Docket No. 24–AWP–92]

RIN 2120–AA66

Amendment of Class E Airspace; Payson, AZ

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the Class E airspace at Payson, AZ. This action is the result of an airspace review conducted due to the decommissioning of the Payson non directional beacon (NDB). This action also updates the name and geographic coordinates of the airport to coincide with the FAA’s aeronautical database. This action brings the airspace into compliance with FAA orders and supports instrument flight rule (IFR) procedures and operations.

DATES: Effective 0901 UTC, August 7, 2025. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51,

subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: A copy of the notice of proposed rulemaking (NPRM), all comments received, this final rule, and all background material may be viewed online at www.regulations.gov using the FAA Docket number. Electronic retrieval help and guidelines are available on the website. It is available 24 hours each day, 365 days each year.

FAA Order JO 7400.11J, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 600 Independence Avenue SW, Washington, DC 20597; telephone: (202) 267-8783.

FOR FURTHER INFORMATION CONTACT: Rebecca Shelby, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX 76177; telephone (817) 222-5857.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends the Class E airspace extending upward from 700 feet above the surface at Payson Airport, Payson, AZ, to support IFR operations at this airport.

History

The FAA published an NPRM for Docket No. FAA-2025-0308 in the **Federal Register** (90 FR 11394; March 6, 2025) proposing to amend the Class E airspace at Payson, AZ. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Incorporation by Reference

Class E airspace designations are published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11J, dated July 31, 2024, and effective September 15, 2024. These amendments will be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11J is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11J lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to 14 CFR part 71 makes the following changes.

This rule: (a) modifies the Class E airspace extending upward from 700 feet above the surface at Payson Airport to within a 20.9 mile-radius (increased from 6-mile) radius of the airport; (b) removes the Payson NDB and associated extension from the airspace legal description as it is no longer required; and (c) updates the name (previously Payson Municipal Airport) and geographic coordinates of the airport to coincide with the FAA's aeronautical database.

This action is the result of an airspace review conducted due to the decommissioning of the Payson NDB and supports IFR operations at this airport.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11J, Airspace Designations and Reporting Points, dated July 31, 2024, and effective September 15, 2024, is amended as follows:

* * * * *

*Paragraph 6005 Class E Airspace Areas

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA–2024–2513; Airspace
Docket No. 24–ASO–14]

RIN 2120–AA66

**Amendment of Domestic Very High
Frequency Omnidirectional Range
(VOR) Federal Airways V–7, V–35, V–
157, V–159, and V–198; Eastern United
States**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends domestic Very High Frequency Omnidirectional Range (VOR) Federal Airways V–7, V–35, V–157, V–159, and V–198 in the eastern United States. The FAA is taking this action due to the planned decommissioning of the Cross City, FL (CTY), VOR/Tactical Air Navigation (VORTAC) and the Taylor, FL (TAY), VORTAC. This action is in support of the FAA's VOR Minimum Operational Network (MON) Program.

DATES: Effective date 0901 UTC, August 7, 2025. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: A copy of the notice of proposed rulemaking (NPRM), all comments received, this final rule, and all background material may be viewed online at www.regulations.gov using the FAA Docket number. Electronic retrieval help and guidelines are available on the website. It is available 24 hours each day, 365 days each year.

FAA Order JO 7400.11J, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Policy Directorate, Federal Aviation Administration, 600 Independence Avenue SW, Washington, DC 20597; telephone: (202) 267–8783.

FOR FURTHER INFORMATION CONTACT: Brian Vidis, Rules and Regulations Group, Policy Directorate, Federal Aviation Administration, 600 Independence Avenue SW, Washington, DC 20597; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in

Title 49 of the United States Code. Subtitle I, section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the Air Traffic Service (ATS) route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

History

The FAA published a NPRM for Docket No. FAA 2024–2513 in the **Federal Register** (89 FR 93235; November 26, 2024), proposing to amend domestic VOR Federal Airways V–7, V–35, V–157, V–159, and V–198 in the eastern United States. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Differences From the NPRM

Subsequent the NPRM, the FAA published a final rule for Docket No. FAA–2024–1848 in the **Federal Register** (90 FR 9216; February 10, 2025), amending VOR Federal Airway V–35, V–157, and V–159. That final rule amended VOR Federal Airway V–35 by removing the airway segments between the Dolphin, FL (DHP), VORTAC and the Lee County, FL (RSW), VORTAC due to the scheduled decommissioning of the Cypress, FL (CYY), VOR/Distance Measuring Equipment (VOR/DME). Additionally, that final rule amended VOR Federal Airway V–157 by removing the airway segments between the Dolphin VORTAC and the Lakeland, FL (LAL), VORTAC due to the scheduled decommissioning of the La Belle, FL (LBV), VORTAC. Finally, that final rule amended VOR Federal Airway V–159 by removing the airway segments between the Virginia Key, FL (VKZ), VOR/DME and the intersection of the Melbourne, FL (MLB), VOR/DME 269° and the Orlando, FL (ORL), VORTAC 140° radials (DEARY Fix) due to the scheduled decommissioning of the Treasure, FL (TRV), VORTAC. Those route amendments are effective April 17, 2025, and are included in this final rule.

Incorporation by Reference

Domestic VOR Federal Airways are published in paragraph 6010(a) of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11J, dated July 31, 2024, and effective September 15, 2024. These amendments will be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11J is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11J lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends 14 CFR part 71 by amending domestic VOR Federal Airways V–7, V–35, V–157, V–159, and V–198 to support the planned decommissioning of the Cross City, FL (CTY), VORTAC and the Taylor, FL (TAY), VORTAC. This action is in support of the FAA's VOR MON Program. The ATS route changes are described below.

V–7: Prior to this final rule, V–7 extended between the Dolphin, FL (DHP), VORTAC and the Vulcan, AL, (VUZ), VORTAC; and between the Pocket City, IN (PXV), VORTAC and the intersection of the Chicago Heights, IL (CGT), VORTAC 358° and the Badger, WI (BAE), VOR/DME 117° radials (PETTY Fix). The FAA removes the airway segments between the Lakeland, FL (LAL), VORTAC and the Seminole, FL (SZW), VORTAC due to the scheduled decommissioning of the Cross City, FL (CTY), VORTAC. As amended, the route extends between the Dolphin VORTAC and the Lakeland VORTAC; between the Seminole VORTAC and the Vulcan VORTAC; and between the Pocket City VORTAC and the PETTY Fix.

V–35: Prior to this final rule, V–35 extended between the Lee County, FL (RSW), VORTAC and the Pecan, GA (PZD), VOR/DME, between the intersection of the Dublin, GA (DBN), VORTAC 309° and the Athens, GA (AHN), VOR/DME 195° radials (SINCA Fix) and the Morgantown, WV (MGW), VOR/DME; and between the Philipsburg, PA (PSB), VORTAC and the Stonyfork, PA (SFK), VOR/DME. The FAA removes the airway segments between the St. Petersburg, FL (PIE), VORTAC and the Greenville, FL (GEF), VORTAC due to the scheduled decommissioning of the Cross City, FL (CTY), VORTAC; and removes the

airway segment between the Greenville VORTAC and the Pecan VOR/DME due to the segment being no longer needed as redundant navigation capability is provided by VOR Federal Airway V-159.

As amended, the route extends between the Lee County VORTAC and the St. Petersburg VORTAC; between the SINCA Fix and the Morgantown VOR/DME; and between the Philipsburg VORTAC and the Stonyfork VOR/DME.

V-157: Prior to this final rule, V-157 extended between the Key West, FL (EYW), VORTAC and the Dolphin, FL (DHP), VORTAC; between the Lakeland, FL (LAL), VORTAC and the Waycross, GA (AYS), VORTAC; between the Florence, SC (FLO), VORTAC and the Tar River, NC (TYI), VORTAC; and between the Robbinsville, NJ (RBV), VORTAC and the Albany, NY (ALB), VORTAC. The FAA removes the airway segments between the Ocala, FL (OCF), VORTAC and the Waycross VORTAC and replaces it with the Gators, FL (GNV), VORTAC; the intersection of the Gators VORTAC 343° True (T)/347° Magnetic (M) and the Waycross VORTAC 180°T/180°M radials; Waycross VORTAC due to the scheduled decommissioning of the Taylor, FL (TAY), VORTAC. Additionally, The FAA extends VOR Federal Airway V-157 to the north between the Waycross VORTAC and the Dublin, GA (DBN), VORTAC due to a need by the Department of Defense for navigation capability between the Ocala, FL, and the Dublin, GA, areas. As amended, the route extends between the Key West VORTAC and the Dolphin VORTAC; between the Lakeland VORTAC and the Dublin VORTAC; between the Florence VORTAC and the Tar River VORTAC; and between the Robbinsville VORTAC and the Albany VORTAC.

V-159: Prior to this final rule, V-159 extended between the intersection of the Melbourne, FL (MLB), VOR/DME 269° and the Orlando, FL (ORL), VORTAC 140° radials (DEARY Fix) and the Vulcan, AL (VUZ), VORTAC; and between the Holly Springs, MS (HLI), VORTAC and the Omaha, IA (OVR), VORTAC. The FAA removes the airway segments between the Ocala, FL (OCF), VORTAC and the Greenville, FL (GEF), VORTAC due to the scheduled decommissioning of the Cross City, FL (CTY), VORTAC. As amended, the route extends between the DEARY Fix and the Ocala VORTAC; between the Greenville VORTAC and the Vulcan VORTAC; and between the Holly Springs VORTAC and the Omaha VORTAC.

V-198: Prior to this final rule, V-198 extended between the San Simon, AZ

(SSO), VORTAC and the San Antonio, TX (SAT), VORTAC; and between the Sabine Pass, TX (SBI), VOR/DME and the Craig, FL (CRG), VORTAC. The FAA removes the Taylor, FL (TAY), VORTAC from the route and updates the definition of the MONIA Fix as the intersection of the Greenville, FL (GEF), VORTAC 092° T/091°M and the Craig VORTAC 287°T/290°M radials due to the scheduled decommissioning of the Taylor VORTAC. The FAA also removes multiple altitude floor restrictions in the route description of VOR Federal Airway V-198 as they are no longer necessary. As amended, the route continues to extend between the San Simon VORTAC and the San Antonio VORTAC; and between the Sabine Pass VOR/DME and the Craig VORTAC.

The navigational aid radials listed in the VOR Federal airway description regulatory text of this final rule are stated in degrees True north.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action of amending domestic VOR Federal Airways V-7, V-35, V-157, V-159, and V-198 in the eastern United States, qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points); and paragraph 5-6.5b, which categorically excludes from

further environmental impact review “Actions regarding establishment of jet routes and Federal airways (see 14 CFR 71.15, *Designation of jet routes and VOR Federal airways*). . .”. As such, this airspace action is not expected to cause any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. Accordingly, the FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact statement.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p.389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11J, Airspace Designations and Reporting Points, dated July 31, 2024, and effective September 15, 2024, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

* * * * *

V-7 [Amended]

From Dolphin, FL; INT Dolphin 299° and Lee County, FL, 120° radials; Lee County; to Lakeland, FL. From Seminole, FL; Wiregrass, AL; INT Wiregrass 333° and Montgomery, AL, 129° radials; Montgomery; to Vulcan, AL. From Pocket City, IN; INT Pocket City 016° and Terre Haute, IN, 191° radials; Terre Haute; Boiler, IN; Chicago Heights, IL; to INT Chicago Heights 358° and Badger, WI, 117° radials.

* * * * *

V-35 [Amended]

From Lee County, FL; INT Lee County 326° and St. Petersburg, FL, 152° radials; to St. Petersburg. From INT Dublin, GA, 309° and

Athens, GA, 195° radials; Athens; Electric City, SC; Sugarloaf Mountain, NC; Holston Mountain, TN; Glade Spring, VA; Charleston, WV; INT Charleston 051° and Elkins, WV, 264° radials; Clarksburg, WV; to Morgantown, WV. From Philipsburg, PA; to Stonyfork, PA.

14 CFR Part 71

[Docket No. FAA-2024-2512; Airspace Docket No. 24-AEA-9]

RIN 2120-AA66

Amendment of Domestic Very High Frequency Omnidirectional Range (VOR) Federal Airways V-1, V-29, V-38, V-139, and V-286; Eastern United States

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends domestic Very High Frequency Omnidirectional Range (VOR) Federal Airways V-1, V-29, V-38, V-139, and V-286 in the eastern United States. The FAA is taking this action due to the planned decommissioning of the Salisbury, MD (SBY), VOR/Tactical Air Navigation (VORTAC) and the Snow Hill, MD (SWL), VORTAC. This action is in support of the FAA's VOR Minimum Operational Network (MON) Program.

DATES: Effective date 0901 UTC, August 7, 2025. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: A copy of the notice of proposed rulemaking (NPRM), all comments received, this final rule, and all background material may be viewed online at www.regulations.gov using the FAA Docket number. Electronic retrieval help and guidelines are available on the website. It is available 24 hours each day, 365 days each year.

FAA Order JO 7400.11J, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Policy Directorate, Federal Aviation Administration, 600 Independence Avenue SW, Washington, DC 20597; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in

Title 49 of the United States Code. Subtitle I, section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the Air Traffic Service (ATS) route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System (NAS).

History

The FAA published a NPRM for Docket No. FAA 2024-2512 in the **Federal Register** (89 FR 93233; November 26, 2024), proposing to amend domestic VOR Federal Airways V-1, V-29, V-38, V-139, and V-286 in the eastern United States. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. The FAA acknowledges it has another airspace action that used the same airspace docket number (Airspace Docket No. 24-AEA-9); however, each airspace action had a separately identifiable Docket No. allowing the FAA to attribute comments to the appropriate airspace action. The FAA did not receive comments for either airspace action.

Differences From the NPRM

Subsequent the NPRM, the FAA made minor editorial corrections to the airway description of VOR Federal Airway V-1 and V-139 to comply with ATS route formatting requirements.

Incorporation by Reference

Domestic VOR Federal Airways are published in paragraph 6010(a) of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11J, dated July 31, 2024, and effective September 15, 2024. These amendments will be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11J is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11J lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends 14 CFR part 71 by amending VOR Federal Airways V-1, V-29, V-38, V-139, and V-286 to support the planned decommissioning of the Salisbury, MD (SBY), VORTAC and the Snow Hill, MD (SWL), VORTAC. This action is in support of the FAA's VOR MON Program. The ATS route changes are described below.

V-1: Prior to this final rule, V-1 extended between the Craig, FL (CRG), VORTAC and the Boston, MA (BOS), VOR/Distance Measuring Equipment (VOR/DME). The FAA removes the airway segments between the Norfolk, VA (ORF), VORTAC and the Waterloo, DE (ATR), VOR/DME due to the scheduled decommissioning of the Salisbury, MD (SBY), VORTAC. Additionally, the FAA adds language to the route description that the airway excludes restricted area R-5002F as it is adjacent to VOR Federal Airway V-1 and removes language that the airway excludes restricted area R-4006 as it would no longer be adjacent to VOR Federal Airway V-1.

As amended, the route extends between the Craig VORTAC and the Norfolk VORTAC; and between the Waterloo VOR/DME and the Boston VOR/DME. The portions within R-5002A, R-5002C, R-5002D and R-5002F are excluded during their times of designation.

V-29: Prior to this final rule, V-29 extended between the Snow Hill, MD (SWL), VORTAC and the Syracuse, NY (SYR), VORTAC. The FAA removes the airway segments between the Snow Hill VORTAC and the Smyrna, DE (ENO), VORTAC due to the scheduled decommissioning of the Snow Hill VORTAC. As amended, the route extends between the Smyrna VORTAC and the Syracuse VORTAC.

V-38: Prior to this final rule, V-38 extended between the Moline, IL (MZV), VOR/DME and the intersection of the Fort Wayne, IN (FWA), VORTAC 091° and the Rosewood, OH (ROD), VORTAC 334° radials (WINES Fix); and between the Appleton, OH (APE), VORTAC and the Cape Charles, VA (CCV), VORTAC. The FAA removes the Cape Charles VORTAC and replaces it with the LNSKY, VA, Fix due to a need for VOR Federal Airway V-38 to connect to the redesigned VOR Federal Airway V-139 in this docket. The LNSKY Fix is defined as the intersection of the Harcum, VA (HCM), VORTAC 100° True (T)/107° Magnetic (M) and the Norfolk, VA (ORF), VORTAC 026° T/033° M radials, and would be charted on VOR Federal Airway V-139. As amended, the route extends between the Moline VOR/

DME and the WINES Fix; and between the Appleton VORTAC and the LNSKY Fix.

V-139: Prior to this final rule, V-139 extended between the Florence, SC (FLO), VORTAC and the Kennebunk, ME (ENE), VOR/DME. The FAA removes the Cape Charles, VA (CCV), VORTAC and the Snow Hill, MD (SWL), VORTAC from the route and replaces them with a route segment directly between the Norfolk, VA (ORF), VORTAC and the Sea Isle, NJ (SIE), VORTAC due to the scheduled decommissioning of the Snow Hill VORTAC.

The FAA also adds the SUWHT, VA, Fix and the WINAL, NC, Fix to the route between the intersection of the New Bern, NC (EWN), VOR/DME 006° and Norfolk VORTAC 209° radials (PEARS Fix) and the Norfolk VORTAC due to a need to align this portion of the airway to the commonly assigned routing between the PEARS Fix; SUWHT Fix; WINAL Fix; and Norfolk VORTAC. The SUWHT, VA, Fix is defined as the intersection of the Norfolk, VORTAC 209° T/216° M and Elizabeth City, NC (ECG), VOR/DME 243° T/250° M radials; and the WINAL, NC, Fix is defined as the intersection of the Elizabeth City VOR/DME 243° T/250° M and Norfolk VORTAC 194° T/201° M radials.

Additionally, the FAA adds language to the route description that the airway excludes restricted area R-5301, R-5302, R-5303, R-5304, and R-5306 as they are adjacent to VOR Federal Airway V-139; and removes language that the airway excludes restricted area R-5202 as it is not adjacent to VOR Federal Airway V-139. As amended, the airway continues to extend between the Florence VORTAC and the Kennebunk VOR/DME. The airspace below 2,000 feet mean sea level (MSL) outside the United States, the airspace below 3,000 feet MSL between the Kennedy, NY, 087° and 141° radials, and the portions within R-5301, R-5302, R-5303, R-5304, R-5306 and R-6604 are excluded during their times of designation.

V-286: Prior to this final rule, V-286 extended between the Elkins, WV (EKN), VORTAC and the Cape Charles, VA (CCV), VORTAC. The FAA removes the airway segment between the Brooke, VA (BRV), VORTAC and the Cape Charles VORTAC due to the Brooke VORTAC being out of service and unable to provide navigational guidance for this airway segment. As amended, the route extends between the Elkins VORTAC and the Brooke VORTAC.

The navigational aid radials listed in the VOR Federal airway description regulatory text of this final rule are stated in degrees True north.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action of amending domestic VOR Federal Airways V-1, V-29, V-38, V-139, and V-286 in the eastern United States, qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points); and paragraph 5-6.5b, which categorically excludes from further environmental impact review "Actions regarding establishment of jet routes and Federal airways (see 14 CFR 71.15, *Designation of jet routes and VOR Federal airways*) . . .". As such, this airspace action is not expected to cause any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. Accordingly, the FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact statement.

Internal Revenue Service

26 CFR Part 300

[TD 10031]

RIN 1545–BR28

Estate Tax Closing Letter User Fee Update

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Interim final rule.

SUMMARY: This document contains interim final regulations relating to the imposition of a user fee on authorized persons requesting the issuance of IRS Letter 627, also referred to as an estate tax closing letter. These regulations reduce the amount of the user fee imposed on a request for the issuance of an estate tax closing letter. The Independent Offices Appropriations Act of 1952 authorizes the charging of user fees. The text of the interim final regulations also serves as the text of the proposed regulations set forth in the notice of proposed rulemaking on this subject in the Proposed Rules section of this edition of the Federal Register.

DATES:

Effective date: These regulations are effective on May 20, 2025.

Applicability date: For date of applicability, see § 300.12(d).

FOR FURTHER INFORMATION CONTACT: Concerning the interim final

regulations, Juli Ro Kim at (202) 317–6859; concerning cost methodology, Maria E. Arias-Buchanan at (202) 803–9569 (not toll-free numbers).

SUPPLEMENTARY INFORMATION:

Authority

This document contains interim final amendments to 26 CFR part 300 regarding user fees for authorized persons who request the issuance of an estate tax closing letter (IRS Letter 627).

The Independent Offices Appropriations Act of 1952 (IOAA) (31 U.S.C. 9701) authorizes each agency to prescribe regulations that establish user fees for services provided by the agency. The IOAA provides that regulations implementing user fees are subject to policies prescribed by the President; these policies are set forth in the Office of Management and Budget Circular A–25, 58 FR 38142 (July 15, 1993) (OMB Circular A–25).

The IOAA states that the services provided by an agency should be self-sustaining to the extent possible. Under OMB Circular A–25, agencies that provide services that confer special benefits on identifiable recipients beyond those accruing to the general public must identify those services, determine whether user fees should be assessed for those services, and, if so, establish user fees that recover the full cost of providing those services, unless an exception to the full cost requirement is granted. As required by the IOAA and OMB Circular A–25, agencies are to review user fees biennially and update them as necessary to reflect changes in the cost of providing the underlying services.

Background and Explanation of Provisions

A. Estate Tax Closing Letter User Fee

On September 28, 2021, the Department of the Treasury (Treasury Department) and the IRS published final regulations (TD 9957) in the Federal Register (86 FR 53539) establishing a \$67 user fee to apply to requests for the issuance of an estate tax closing letter, based on a 2019 Cost Model. As explained in the Background section of the preamble of TD 9957, the issuance of an estate tax closing letter constitutes the provision of a service and confers special benefits to authorized persons requesting such letters beyond those accruing to the general public. Therefore, the IRS is authorized, pursuant to the IOAA and OMB Circular A–25, to charge a user fee for the issuance of an estate tax closing letter that reflects the full cost of providing this service. See also section

6103(p)(2)(B) (allowing for a reasonable fee for furnishing return information to any person).

In 2021, the IRS conducted a biennial review of the estate tax closing letter user fee and issued a new Cost Model that resulted in no change to the \$67 user fee.

In 2023, the IRS conducted a biennial review of the estate tax closing letter user fee and issued a new Cost Model, which determined that the full cost of issuing estate tax closing letters to authorized persons is \$56.

B. Calculation of User Fees Generally

The IRS follows generally accepted accounting principles (GAAP) in calculating the full cost of providing services. The Federal Accounting Standards Advisory Board (FASAB) is the body that establishes GAAP that apply for Federal reporting entities, such as the IRS. FASAB publishes the FASAB Handbook of Accounting Standards and Other Pronouncements, as amended, available at <https://fasab.gov/accounting-standards/>. The FASAB Handbook includes the Statement of Federal Financial Accounting Standards 4: Managerial Cost Accounting Standards and Concepts (SFFAS No. 4) for the Federal government. SFFAS No. 4 establishes internal costing standards under GAAP to accurately measure and manage the full cost of Federal programs. The methodology described below is in accordance with SFFAS No. 4.

1. Cost Center Allocation

The IRS determines the cost of its services and the activities involved in producing them through a cost accounting system that tracks costs to organizational units. The lowest organizational unit in the IRS's cost accounting system is a cost center. Cost centers usually are separate offices distinguished by subject-matter area of responsibility or geographic region. All costs of operating a cost center are recorded in the IRS's cost accounting system and allocated to that cost center. These costs include the direct costs for the cost center's activities and all indirect costs, including overhead, associated with that cost center. Each cost is recorded in only one cost center.

2. Cost Estimation of Direct Labor and Benefits

Not all cost centers are fully devoted to only one service for which the IRS charges a user fee. When cost centers include multiple services, the IRS measures the time required to accomplish activities associated with each service to estimate the average time

spent on the service in the related cost center. The average time devoted is multiplied by the relevant organizational unit's average labor and benefits cost per unit of time to determine the direct labor and benefits cost incurred to provide the service. To determine the full cost, the IRS then adds an appropriate overhead charge.

3. Calculating Overhead

Overhead is an indirect cost of operating an organization that cannot be immediately associated with an activity that the organization performs. Overhead includes costs of resources that are jointly or commonly consumed by one or more organizational unit's activities but are not specifically identifiable to a single activity, such as the following:

- General management and administrative services of sustaining and supporting organizations
- Facilities management and ground maintenance services (security, rent, utilities, and building maintenance)
- Procurement and contracting services
- Financial management and accounting services
- Information technology services
- Services to acquire and operate property, plants, and equipment
- Publication, reproduction, and graphics and video services
- Research, analytical, and statistical services
- Human resources/personnel services
- Library and legal services

To calculate the overhead allocable to a service, the IRS multiplies the current overhead rate by the direct labor and benefits costs of the service. The overhead rate is the ratio of the IRS's indirect labor, benefits, and non-labor costs of business divisions that do not interact with taxpayers to the direct labor and benefits costs of business divisions that interact with taxpayers. The IRS calculates the overhead rate annually based on cost elements underlying the Statement of Net Cost included in the IRS Annual Financial Statements, which are audited by the Government Accountability Office.

For this estate tax closing letter user fee review, the fiscal year (FY) 2023 overhead rate, based on FY 2022 costs, of 62.50 percent was used.

C. Full Cost Determination for the Estate Tax Closing Letter User Fee

The IRS followed the guidance provided by the OMB Circular A-25 guidance to compute the full cost of issuing estate tax closing letters to authorized persons. OMB Circular A-25 explains that the full cost includes all

indirect and direct costs to any part of the Federal Government including but not limited to, direct and indirect personnel costs, physical overhead, rents, utilities, travel, and management costs.

1. Request Processing Costs

Requests for estate tax closing letters are processed by employees at grades 5, 8, and 11 of the general schedule (GS-5, GS-8, and GS-11). Approximately 0.65 staff hours are required to review the return, create the estate tax closing letters, and prepare the letters for mailing. The IRS received an average of 8,894 annual requests for estate tax closing letters in FY 2021 and FY 2022, requiring 5,781 staff hours.

Total hours allocated to the cost also must include indirect hours for campus employees, which are calculated by multiplying the number of direct hours by the applicable 60 percent indirect employee rate. Using this information, IRS determined that the total staff hours for processing requests for estate tax closing letters are 9,250 annually.

Direct Staff Hours	5,781
Indirect Hours (60%)	+ 3,469
Total Hours	9,250

To determine the labor and benefits costs, the IRS divided the 9,250 total hours by 2,080 (the total annual hours worked by a full-time employee (FTE)) to convert the hours to a 4.45 FTE equivalent. The processing of requests for estate tax closing letters is performed primarily (87.7 percent) by employees at the GS-5 level, but also by employees at the GS-8 level (1.7 percent) and GS-11 level (10.6 percent). The average salary and benefit cost for each of those levels was multiplied by that grade's percentage of processing time to arrive at a \$67,355 total cost per FTE. Multiplying the cost per FTE by the 4.45 FTE equivalent resulted in a total labor and benefits cost of \$299,730, as follows:

Total Cost Per FTE	\$67,355
Total FTE	× 4.45
Processing Labor & Benefits	\$299,730

2. Quality Assurance Review Costs

Outgoing estate tax closing letters are reviewed by quality assurance professionals at the following Internal Revenue (IR) paybands of the IRS Payband System: IR-10 (87.7 percent) and IR-06 (12.3 percent). Three out of every 100 estate tax closing letters mailed are reviewed to verify (1) the estate tax closing letter was authorized, (2) the information included in the letter was accurate, and (3) the address was correct. The 8,894 average number of

requests for FY 2021 and FY 2022 resulted in 266 letters reviewed. On average, quality assurance professionals spend 0.5 hours reviewing one estate tax closing letter, totaling 133 direct staff hours. The direct staff hours were multiplied by the 60 percent indirect employee rate for campus employees, resulting in a combined total of 213 annual staff hours allocated for quality assurance (QA) reviews, as follows:

Direct Staff Hours	133
Indirect Hours (60%)	+ 80
Total Hours	213

QA reviews are processed by employees at various IR levels. Dividing the total hours by 2,080 (the total annual hours for each FTE), resulted in 0.10 FTEs. The average salary and benefits for both IR paybands conducting quality assurance reviews was multiplied by that IR payband's percentage of processing time to arrive at the \$95,460 total cost per FTE. The total cost per FTE was then multiplied by the total FTE to determine the labor and benefits cost for QA reviews, as follows:

Total Cost Per FTE	\$95,460
Total FTE	× 0.1
Quality Assurance & Benefits	\$95.46

3. Full Cost Per Request Calculation

The IRS applied the 62.5 percent overhead rate to the total labor and benefits cost to calculate the full cost of the estate tax closing letter program.

Processing Labor & Benefits	\$299,730
Quality Assurance & Benefits	+ 9,546
Total Labor and Benefits	309,276
Overhead (62.50%)	+ 193,297
Full Cost	\$502.573

The \$56 cost per request was determined by dividing the full cost by the average annual volume of requests, as follows:

Full Cost	\$502.573
Estimated Annual Request Volume	÷ 8,894
Cost Per Request	\$56

Special Analyses

I. Regulatory Planning and Review

The OMB's Office of Information and Regulatory Analysis has determined that these regulations are not significant and subject to review under section 6(b) of Executive Order 12866.

II. Regulatory Flexibility Act

Pursuant to the Regulatory Flexibility Act (5 U.S.C. chapter 6), it is hereby certified that these interim final regulations will not have a significant

economic impact on a substantial number of small entities. These regulations, which reduce the amount of a fee to obtain a particular service, affect decedents' estates, which generally are not *small entities* as defined under 5 U.S.C. 601(6). Thus, these regulations have no economic impact on small entities. In addition, the interim final regulations will establish a \$56 fee, which is a reduction from the previously established fee and is not substantial enough to have a significant economic impact on any entities that could be affected by establishing such a fee. Accordingly, the Secretary certifies that the rule will not have a significant economic impact on a substantial number of small entities.

III. Unfunded Mandates Reform Act

Section 202 of the Unfunded Mandates Reform Act of 1995 requires that agencies assess anticipated costs and benefits and take certain other actions before issuing a final rule that includes any Federal mandate that may result in expenditures in any one year by a State, local, or Tribal government, in the aggregate, or by the private sector, of \$100 million in 1995 dollars, updated annually for inflation. This rule does not include any Federal mandate that may result in expenditures by State, local, or Tribal governments, or by the private sector in excess of that threshold.

IV. Executive Order 13132: Federalism

Executive Order 13132 (Federalism) prohibits an agency from publishing any rule that has federalism implications if the rule either imposes substantial, direct compliance costs on State and local governments, and is not required by statute, or preempts State law, unless the agency meets the consultation and funding requirements of section 6 of the Executive order. These regulations do not have federalism implications and do not impose substantial direct compliance costs on State and local governments or preempt State law within the meaning of the Executive order.

V. Good Cause

The user fee for the estate tax closing letter applies to all individuals who make a request and pay for the estate tax closing letter on <https://www.pay.gov>. It would be unnecessary and contrary to the public interest for the IRS to continue to charge the current, higher user fee during the period provided for public comment on the proposal to reduce that fee. To enable the reduced fee amount to be in effect immediately

for authorized persons requesting an estate tax closing letter, the Treasury Department and the IRS find that there is good cause to dispense with (1) notice and public comment pursuant to 5 U.S.C. 553(b) and (c) and (2) a delayed effective date pursuant to 5 U.S.C. 553(d). The Treasury Department and the IRS will consider public comments submitted in response to the cross-referenced notice of proposed rulemaking published in the Proposed Rules section of this issue of the **Federal Register** and will promulgate a final rule after considering those comments.

VI. Submission to Small Business Administration

Pursuant to section 7805(f) of the Internal Revenue Code, this regulation has been submitted to the Chief Counsel for the Office of Advocacy of the Small Business Administration for comment on its impact on small business.

VII. Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this rule as not a major rule, as defined by 5 U.S.C. 804(2).

Drafting Information

The principal author of these regulations is Juli Ro Kim of the Office of the Associate Chief Counsel (Passthroughs, Trusts, and Estates). Other personnel from the Treasury Department and the IRS participated in the development of the regulations.

List of Subjects in 26 CFR Part 300

Estate taxes, Reporting and recordkeeping requirements.

Amendments to the Regulations

Accordingly, 26 CFR part 300 is amended as follows:

PART 300—USER FEES

■ **Paragraph 1.** The authority citation for part 300 continues to read in part as follows:

Authority: 31 U.S.C. 9701.

■ **Par. 2.** Section 300.12 is amended by revising paragraphs (b) and (d) to read as follows:

§ 300.12 Fee for estate tax closing letter.

* * * * *

(b) *Fee.* The fee for issuing an estate tax closing letter is \$56.

* * * * *

(d) *Applicability date.* This section applies to requests received by the IRS after May 20, 2025.

Edward Killen,

Acting Chief Tax Compliance Officer.

Approved: May 5, 2025.

Kevin M. Salinger,

Acting Assistant Secretary of the Treasury (Tax Policy).

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG–2024–0198]

RIN 1625–AA09

Drawbridge Operation Regulation; Atlantic Intracoastal Waterway, Beaufort, SC

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Final rule.

SUMMARY: The Coast Guard is modifying the operating schedule that governs the Lady’s Island (Woods Memorial) Bridge across the Atlantic Intracoastal Waterway (AICW) (Beaufort River), mile 536.0, at Beaufort, SC. We are modifying the specific requirement for the seasonal operating schedule. This action will assist in reducing vehicular traffic congestion and provide a consistent operating schedule for the bridge.

DATES: This rule is effective June 20, 2025.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>. Type the docket number (USCG–2024–0198) in the “SEARCH” box and click “SEARCH”. In the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Ms. Jennifer Zercher, Bridge Management Specialist, Seventh Coast Guard District; telephone 571–607–5951, email Jennifer.N.Zercher@uscg.mil.

SC South Carolina
SCDOT South Carolina Department of Transportation
TD Temporary Deviation
AICW Atlantic Intracoastal Waterway

II. Background Information and Regulatory History

On March 20, 2024, the Coast Guard published a temporary deviation entitled “Drawbridge Operation Regulation; Atlantic Intracoastal Waterway, Beaufort, SC” in the **Federal Register** (89 FR 19731). That temporary deviation, effective from 12:01 a.m. on March 25, 2024, through 11:59 p.m. on September 29, 2024, allowed Lady’s Island (Woods Memorial) Bridge to operate without a seasonal opening schedule. Fifteen comments were received during the test period and those comments were addressed in the NPRM.

On October 25, 2024, the Coast Guard published a notice of proposed rulemaking entitled “Drawbridge Operation Regulation; Atlantic Intracoastal Waterway, Beaufort, SC” in the **Federal Register** (89 FR 85117). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this regulatory change. During the comment period that ended December 9, 2024, we received 70 comments, and those comments are addressed in section IV of this final rule.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority 33 U.S.C. 499.

Lady’s Island (Woods Memorial) Bridge across the Atlantic Intracoastal Waterway (AICW) Beaufort River, mile 536.0, at Beaufort, SC, is a swing bridge with a 30-foot vertical clearance at mean high water in the closed position. The normal operating schedule for the bridge is found in 33 CFR 117.911(f).

SCDOT requested the Coast Guard consider changing the operating schedule for the Lady’s Island (Woods Memorial) Bridge by removing the seasonal operating schedule which would align with other drawbridges along the AICW in SC. The change would also extend restrictions during peak traffic hours to assist with alleviating vehicle congestion.

IV. Discussion of Comments, Changes and the Final Rule

The Coast Guard provided a comment period of 45 days on the NPRM, and we received 70 comments. Most of the comments, approximately 47, were in favor of the proposed changes. Some of the commentors in favor of the proposed

changes were unaware the swing bridge is currently regulated to allow for scheduled openings to assist with vehicle congestion. Some commenters alluded that the swing bridge opens on demand and it should not open on demand because vehicle traffic is more important. The Coast Guard has the responsibility to ensure the reasonable needs of navigation are maintained while assisting with competing modes of transportation. Some comments also asserted that reducing openings will benefit the aging swing bridge and help with operational integrity. Regardless of the swing bridge’s age, SCDOT is required by Federal law to maintain the working machinery in good operating condition. If the swing bridge is experiencing frequent operating failures that result in impacts to navigation, SCDOT would be subject to enforcement proceedings. Specific drawbridge operating schedules are not issued to relieve the owner or operator of the duty to properly maintain or operate the swing span to save wear and tear on the structure or machinery.

Eight comments proposed alternate operating schedules that would not meet the reasonable needs of navigation. The commenters’ proposed alternate operating schedules included: no openings from 11 a.m. to 1 p.m. for lunch; the restricted openings should begin at 3 p.m.; no openings for navigation between 8 a.m. to 4:30 p.m.; no openings during school hours, and no openings on Sundays during church hours. These proposed alternate operating schedules do not meet the reasonable needs of navigation and could lead to unsafe conditions for vessels plying these waters. Additionally, there is a high-level fixed bridge, McTeer Bridge, approximately two miles away which provides an alternate route for vehicle traffic. The AICW is a Federal Project Waterway that extends over 1,500 miles from Boston to Florida Bay. It is the main waterway artery for all recreational and commercial traffic that are unable to safely transit offshore.

Nine comments gave no opinion on the proposed rule and provided general comments that were outside the scope of the proposed rule. One comment was a duplicate comment.

Five comments were against the proposed changes. The first comment opposing the proposed change stated that with the drawbridge operation regulation at the Wappoo Creek Bridge, this action will make the transit difficult for boats slower than 10 knots and it will force mariners to transit during the night or offshore when navigation is inherently more dangerous. The

distance between these bridges is approximately 65 miles, with planning, mariners should be able to reasonably transit the AICW. Three comments stated they enjoy watching the bridge open, vehicles have an alternate route and feel it does not open frequently. Vehicle traffic does have an alternate route and bridge logs show the bridge opens on average seven times a day which would be considered infrequent. One commentor against the proposed change stated the City of Beaufort had the opportunity to replace the aging bridge but chose to keep it as a designated historical landmark. The choice to keep the low-level swing bridge should not be to the detriment of navigation. As previously stated, SCDOT is required by Federal law to properly maintain the swing bridge regardless of age and provide navigation with openings per Federal regulations.

This rule modifies the operating schedule for the Lady's Island (Woods Memorial) Bridge by removing the seasonal operating schedule and extending restrictions during peak traffic hours to assist with alleviating vehicle congestion. The bridge will continue to open on demand on Saturday, Sunday, Federal holidays, and daily each evening. Monday through Friday the swing bridge will open once an hour as designated and it will be allowed to remain closed to navigation during peak traffic times. Public vessels of the United States, vessels in distress, and tugs with tows are allowed to pass at any time. There are no changes from the regulatory text in the proposed rule.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under section 3(f) of Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the ability that vessels can still transit the bridge at the designated times. Vessels able to transit without a drawbridge opening may do so at any time.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the bridge may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Government

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the

various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning Policy COMDTINST 5090.1 (series) which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f). The Coast Guard has determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule promulgates the operating regulations or procedures for drawbridges and is categorically excluded from further review, under paragraph L49, of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1.

Neither a Record of Environmental Consideration nor a Memorandum for the Record are required for this rule.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 33 CFR 1.05–1; and DHS Delegation No. 00170.1, Revision No. 01.3.

■ 2. Amend § 117.911 by revising paragraph (f) to read as follows:

§ 117.911 Atlantic Intracoastal Waterway, Little River to Savannah River.

* * * * *

(f) *Lady's Island (Woods Memorial) Bridge, across the Beaufort River, mile 536.0, at Beaufort, SC.* The draw shall operate as follows:

(1) Monday through Friday, except Federal holidays:

(i) From 6 a.m. to 9:29 a.m. and 3:31 p.m. to 7 p.m., the draw need not open to navigation; and,

(ii) Between 9:30 a.m. and 3:30 p.m., the draw need open only once an hour on the half hour.

(2) At all other times the draw shall open on signal.

Dated: May 13, 2025.

Douglas M. Schofield,

Rear Admiral, U.S. Coast Guard, Commander, Coast Guard Seventh District.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2025–0367]

RIN 1625–AA00

Safety Zone; Graduation Fireworks, San Francisco Bay, San Francisco, CA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters of the San Francisco Bay, outside McCovey Cove, in San Francisco, CA in support of a fireworks display on May 23, 2025. The safety zone is necessary to protect personnel, vessels, and the marine environment from potential hazards created by pyrotechnics. Unauthorized persons or vessels are prohibited from entering into, transiting through, or remaining in the safety zone without the permission of the Captain of the Port Sector San Francisco or designated representative.

DATES: This rule is effective from noon until 10:05 p.m. on May 23, 2025.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2025–0367 in the search box and click

“Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions about this rule, call or email Lieutenant William Harris, Sector San Francisco Waterways, U.S. Coast Guard; telephone 415–399–7443, email SFWaterways@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of Proposed Rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule under the authority in 5 U.S.C. 553(b)(B). This statutory provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” The Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Coast Guard received insufficient notice of the event to follow those procedures. It is impracticable to publish an NPRM, solicit comments, and consider any comments prior to issuing a final rule because we must establish this safety zone by May 23, 2025.

Also, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because action is needed to respond to the potential safety hazards associated with the fireworks display outside McCovey Cove in San Francisco, CA on May 23, 2025.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Sector San Francisco (COTP) has determined that potential hazards associated with the scheduled San Francisco State University (SFSU) Graduation Fireworks display on May 23, 2025, will be a safety concern for anyone within a 100-foot radius of the fireworks vessel during loading and staging, and a 900-foot radius of the vessel 30-minutes before the commencement, during the display, and 30-minutes after the conclusion of the fireworks display. This rule is needed to

protect personnel, vessels, and the marine environment in the navigable waters around the fireworks vessel and during the fireworks display.

IV. Discussion of the Rule

This rule establishes a temporary safety zone from noon until 10:05 p.m. on May 23, 2025. The safety zone will cover all navigable waters within 100 feet of the fireworks vessel during loading, staging, and transit from Pier 68, Wharf 4, San Francisco, and until 30 minutes after completion of the fireworks display. During the loading, staging, and transit of the fireworks vessel scheduled to take place between noon and 8:45 p.m. on May 23, 2025, until 30 minutes prior to the start of the fireworks display, the safety zone will encompass the navigable waters around and under the fireworks vessel, from surface to bottom, within a circle formed by connecting all points 100 feet out from the fireworks vessel. The fireworks display is scheduled to start at 9:30 p.m. and end approximately 9:35 p.m. on May 23, 2025, outside of McCovey Cove within the San Francisco Bay in San Francisco, CA.

At 9 p.m., which is 30 minutes prior to the commencement of the 5-minute fireworks display, the safety zone will increase in size and encompass the navigable waters around and under the fireworks vessel, from surface to bottom, within a circle formed by connecting all points 900-feet from the circle center at approximate position 37°46'36" N, 122°22'56" W (NAD 83). The safety zone will terminate at 10:05 p.m. on May 23, 2025, or as announced via Broadcast Notice to Mariners.

This regulation is necessary to keep persons and vessels away from the immediate vicinity of the fireworks loading, staging, transit, and display site. Except for persons or vessels authorized by the COTP or the COTP's designated representative, no person or vessel may enter or remain in a restricted area. A “designated representative” means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel, or a Federal, State, or local officer designated by or assisting the COTP in the enforcement of the safety zone. This regulation is necessary to ensure the safety of participants, spectators, and transiting vessels.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses

based on a number of these statutes and Executive orders.

A. Regulatory Planning and Review

Executive Order 12866 directs agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the limited duration and narrowly tailored geographic area of the safety zone. Although this rule restricts access to the waters encompassed by the safety zone, the effect of this rule will not be significant because the local waterways users will be notified to ensure the safety zone will result in minimum impact. The vessels desiring to transit through or around the temporary safety zone may do so upon express permission from the COTP or the COTP’s designated representative.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule will affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to

the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST

5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a temporary safety zone lasting 10 hours around the fireworks vessel during loading, staging, transit, and display of fireworks at Pier 68, Wharf 4, and outside McCovey Cove within San Francisco Bay. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051, 70124; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 00170.1, Revision No. 01.3.

- 2. Add § 165.T11–204 to read as follows:

§ 165.T11–204 Safety Zone; SFSU Graduation Fireworks; San Francisco Bay, San Francisco, CA

(a) *Locations.* The following area is a safety zone: all navigable waters of the San Francisco Bay, from surface to bottom, within a circle formed by connecting all points 100 feet out from the fireworks vessel during loading and staging at Pier 68, Wharf 4 in San Francisco, CA as well as transit and arrival to the display location outside McCovey Cove, San Francisco Bay in San Francisco, CA. Between 8:30 p.m. and 10:05 p.m. on May 23, 2025, the safety zone will expand to all navigable waters, from surface to bottom, within a circle formed by connecting all points 900 feet out from the fireworks vessel in approximate position 37°46′36″ N, 122°22′56″ W (NAD 83) or as announced by Marine Information Bulletin.

(b) *Definitions.* As used in this section, “designated representative” means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel, or a Federal, State, or local officer designated by or assisting the Captain of the Port (COTP) San Francisco in the enforcement of the safety zone.

(c) *Regulations.* (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP’s designated representative.

(2) The safety zone is closed to all vessel traffic, except as may be permitted by the COTP or the COTP’s designated representative.

(3) Vessel operators desiring to enter or operate within the safety zone must contact the COTP or the COTP’s designated representative to obtain permission to do so. Vessel operators given permission to enter in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP’s designated representative. Persons and vessels may request permission to enter the safety zone on VHF–23A or through the 24-hour Command Center at telephone (415) 399–3547.

(d) *Enforcement period.* This section will be enforced from noon until 10:05 p.m. on May 23, 2025.

(e) *Information broadcasts.* The COTP or the COTP’s designated representative will notify the maritime community of periods during which this zone will be enforced, in accordance with 33 CFR 165.7.

Dated: May 8, 2025.

Jordan M. Baldueza,

Captain, U.S. Coast Guard, Captain of the Port Sector San Francisco.

[FR Doc. 2025–09016 Filed 5–19–25; 8:45 am]

BILLING CODE 9110–04–P

POSTAL SERVICE

39 CFR Part 111

Domestic Competitive Products Pricing and Mailing Standards Changes

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: The Postal Service is amending *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), to reflect changes to certain prices and mailing standards for competitive products.

DATES: *Effective date:* July 13, 2025.

FOR FURTHER INFORMATION CONTACT:

Steven Jarboe at (202) 268–7690, Catherine Knox (202) 268–5636, or Garry Rodriguez at (202) 268–7281.

SUPPLEMENTARY INFORMATION: This final rule describes new prices and product features for competitive products, by class of mail, established by the Governors of the United States Postal Service. New prices are available under Docket Number CP2025–7 on the Postal Regulatory Commission PRC website at <https://www.prc.gov>, and on the Postal Explorer website at <https://pe.usps.com>.

The Postal Service is revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM) to reflect changes to certain prices and mailing standards for the following competitive products:

- Priority Mail Express.
- Priority Mail.
- USPS Ground Advantage.
- Parcel Select.
- Extra Services.
- Return Services.
- Mailer Services.
- Recipient Services.
- Other.

Competitive product prices and changes are identified by product as follows:

Priority Mail Express

Prices

Priority Mail Express prices will remain the same. Priority Mail Express will continue to offer zoned and Flat Rate, Retail and Commercial pricing.

Priority Mail

Prices

Overall, Priority Mail prices will increase 6.3 percent. Priority Mail will continue to offer zoned and Flat Rate, Retail and Commercial pricing.

Retail prices will increase an average of 7.3 percent. The Flat Rate Envelope will increase to \$11.00; the Legal Flat Rate Envelope will increase to \$11.20; and the Padded Flat Rate Envelope will increase to \$11.95. The Small Flat Rate Box price will increase to \$11.70, and the Medium Flat Rate Boxes will increase to \$21.05. The Large Flat Rate Box will increase to \$29.95 and the APO/FPO/DPO Large Flat Rate Box will increase to \$28.70.

Commercial prices will increase an average of 5.1 percent.

USPS Ground Advantage

Prices

Overall, USPS Ground Advantage prices will increase 7.1 percent.

USPS Ground Advantage—Retail prices will increase 9.8 percent.

USPS Ground Advantage—Commercial prices will increase 4.7 percent.

USPS Ground Advantage—Commercial Sealed Against Inspection

The Postal Service is revising the basic eligibility standards for USPS Ground Advantage—Commercial, to be sealed against inspection. Additionally, except for restricted material as described in DMM section 601.8.0, USPS Ground Advantage—Commercial will now be eligible for any mailable item (e.g., PII).

These revisions will provide consistency with the basic eligibility standards for the USPS Ground Advantage—Retail and USPS Ground Advantage—Commercial products.

Parcel Select

Prices

The prices for Parcel Select Destination Entry will increase an average of 7.6 percent.

The prices for USPS Connect Local will increase 5.7 percent.

Discontinue Parcel Select Destination Network Distribution Center Entry Level

The Postal Service is discontinuing the Destination Network Distribution Center (DNDC) destination entry level for Parcel Select Destination Entry mailings. Parcel Select Destination Entry mailings must be sorted to a 5-digit scheme, 5-digit, SCF, or 3-digit (nonstandard only) for entry at the applicable DSCF/DRPDC, DHub, or DDU and DS&DC.

Extra Services

Adult Signature Service

Adult Signature Required and Adult Signature Restricted Delivery service prices will remain the same.

Return Services

USPS Returns Service

There are no structural changes to USPS Returns service.

Mailer Services

Pickup on Demand Service

The Pickup on Demand service fee will remain the same.

USPS Tracking Plus Service

The USPS Tracking Plus service prices will remain the same.

USPS Label Delivery Service

The USPS Label Delivery Service prices will remain the same.

Recipient Services

Post Office Box Service

The competitive Post Office Box service prices will remain the same.

Premium Forwarding Service

Premium Forwarding Service (PFS) prices will remain the same.

USPS Package Intercept

The USPS Package Intercept fee will remain the same.

Other

Address Enhancement Service

Address Enhancement Service competitive product prices will remain the same.

Package Quality Noncompliance Fee

The Package Quality Noncompliance Fee will remain the same.

Priority Mail Express Open and Distribute and Priority Mail Open and Distribute

The Postal Service is revising DMM section 705.18.0, *Priority Mail Express Open and Distribute and Priority Mail Open and Distribute*, to limit the use of sacks and eliminate hazardous materials.

Priority Mail Express Open and Distribute and Priority Mail Open and Distribute sacks will be limited to a 5-digit sortation for parcels only. The 5-digit open and distribute sacks may continue to be entered at all destination entry levels (e.g., SCF/RPDC, DDU and S&DC).

Priority Mail Express Open and Distribute and Priority Mail Open and Distribute is also being revised to eliminate hazardous material from being included in mail enclosed in a Priority Mail Express or Priority Mail, Open-and-Distribute container.

Nonstandard Fees

The Postal Service is revising the Nonstandard Fee structure to add a new component “Characteristics.” The new component will consist of parcels with characteristics that are considered to be nonstandard by the Postal Service (e.g., cylindrical tubes and rolls, wood or metal boxes).

The Postal Service is also revising the Nonstandard Fee assessment criteria. A parcel that is nonstandard by both, length (more than 22 inches or more than 30 inches) and by characteristics will only be subject to the highest fee. A parcel that is nonstandard by either length or characteristics, and by cube (more than 2 cubic feet) will continue to be subject to both the length or characteristics fee and the cube fee.

In addition, the Postal Service is requiring mailers with Shipping Services file manifests or other approved electronic documentation to include, when applicable, the extra service code (ESC) for the characteristics fee along with the current standard to include accurate dimensions (length, width, height) of all parcels that measure more than 22 inches in length or 18 inches in width or 15 inches in height. Mailers that do not meet the requirement to include the parcel’s accurate dimensions and/or characteristics ESC will be assessed the Dimension Noncompliance fee.

Nonstandard Fees will continue to be applied to retail and commercial Priority Mail Express, Priority Mail, and USPS Ground Advantage, and Parcel Select Destination Entry and USPS Connect Local. However, in addition to the current Nonstandard Fee product exceptions, parcels mailed at the USPS Ground Advantage “Oversized”, Parcel Select Destination Entry “Oversized”, and USPS Connect Local “Oversized”, prices will not be subject to a Nonstandard Fee.

Resources

The Postal Service provides additional resources to assist customers with this price change for competitive products. These tools include price lists, downloadable price files, and **Federal Register** Notices, which may be found on the Postal Explorer website at <https://pe.usps.com>.

The Postal Service adopts the described changes to *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM)*, incorporated by reference in the *Code of Federal Regulations*. We will publish an appropriate amendment to 39 CFR part 111 to reflect these changes.

List of Subjects in 39 CFR Part 111

Administrative practice and procedure, Postal Service.

Accordingly, 39 CFR part 111 is amended as follows:

PART 111—[AMENDED]

■ 1. The authority citation for 39 CFR part 111 continues to read as follows:

Authority: 5 U.S.C. 552(a); 13 U.S.C. 301–307; 18 U.S.C. 1692–1737; 39 U.S.C. 101, 401–404, 414, 416, 3001–3018, 3201–3220, 3401–3406, 3621, 3622, 3626, 3629, 3631–3633, 3641, 3681–3685, and 5001.

■ 2. Revise the *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM)* as follows:

1.8 Nonstandard Fees

Except for Priority Mail Express Return service, a Priority Mail Express piece is subject to a nonstandard fee (see Notice 123—Price List) as follows:

* * * * *

[Renumber items d through f as items f through h and add new items d and e to read as follows:]

d. A piece that contains any of the nonstandard characteristics listed under 201.7.6.2.

e. A piece that is subject to both a length (1.8a, 1.8b) and a characteristic (1.8d) nonstandard fee is only subject to the highest fee.

[Revise the text of renumbered items f through h to read as follows:]

f. A piece may be subject to both a length (1.8a, 1.8b) and a cube (1.8c) nonstandard fee, or a characteristic (1.8d) and a cube (1.8c) nonstandard fee.

g. Shipping Services file manifests or other approved electronic documentation must include the accurate dimensions (length, width, height) of all parcels that exceed 22 inches in length or 18 inches in width or 15 inches in height, and the extra service code (ESC) for the characteristics category (see 201.7.6.2).

h. Mailers of parcels exceeding 22 inches in length or 18 inches in width or 15 inches in height, and/or require the characteristics extra service code (ESC) and have a Shipping Services file manifest or other approved electronic documentation, that do not meet the requirement to include the parcel's accurate dimensions or ESC will be assessed the Dimension Noncompliance fee under 1.9.

1.9 Dimension Noncompliance Fee

[Revise the text of 1.9 to read as follows:]

Mailers of Priority Mail Express parcels required to include the parcel's dimensions (length, width, height) and/or characteristics ESC in the Shipping Services file manifest or other approved electronic documentation as provided under 1.4.3 and 1.8 will be charged the Dimension Noncompliance fee (see Notice 123—Price List) if the parcel's dimensions and/or ESC are omitted or inaccurate in the Shipping Services file manifest or other approved electronic

documentation. A parcel is subject to only one Dimension Noncompliance fee charge.

* * * * *

220 Commercial Mail Priority Mail**223 Prices and Eligibility****1.0 Prices and Fees**

* * * * *

1.10 Nonstandard Fees

Except for Flat Rate and Priority Mail Return service packages, a Priority Mail parcel is subject to a nonstandard fee (see Notice 123—Price List) as follows:

* * * * *

[Renumber items d through f as items f through h and add new items d and e to read as follows:]

d. A piece that contains any of the nonstandard characteristics listed under 201.7.6.2.

e. A piece that is subject to both a length (1.10a, 1.10b) and a characteristic (1.10d) nonstandard fee is only subject to the highest fee.

[Revise the text of renumbered items f through h to read as follows:]

f. A piece may be subject to both a length (1.10a, 1.10b) and a cube (1.10c) nonstandard fee, or a characteristic (1.10d) and a cube (1.10c) nonstandard fee.

g. Shipping Services file manifests or other approved electronic documentation must include the accurate dimensions (length, width, height) of all parcels that exceed 22 inches in length or 18 inches in width or 15 inches in height, and the extra service code (ESC) for the characteristics category (see 201.7.6.2).

h. Mailers of parcels exceeding 22 inches in length or 18 inches in width or 15 inches in height, and/or require the characteristics extra service code (ESC) and have a Shipping Services file manifest or other approved electronic documentation that do not meet the requirement to include the parcel's accurate dimensions or ESC will be assessed the Dimension Noncompliance fee under 1.11.

1.11 Dimension Noncompliance Fee

[Revise the text of 1.11 to read as follows:]

Mailers of Priority Mail parcels required to include the parcel's dimensions (length, width, height) and/or characteristics ESC in the Shipping Services file manifest or other approved electronic documentation as provided under 1.4.3 or 1.10 will be charged the Dimension Noncompliance fee (see Notice 123—Price List) if the parcel's dimensions and/or ESC are omitted or inaccurate in the Shipping Services file

manifest or other approved documentation. A parcel is subject to only one Dimension Noncompliance fee charge.

* * * *

250 Commercial Mail Parcel Select

253 Prices and Eligibility

1.0 Prices and Fees

* * * *

1.1.2 Price Categories

Parcel Select mail price categories are as follows:

[Revise the text of item a to read as follows:]

a. Destination entry, including destination entry sectional center facility (DSCF), destination hub (DHub), and destination entry delivery unit (DDU).

* * * *

1.7 Nonstandard Fees

[Revise the introductory text of 1.7 to read as follows:]

Except for oversized priced parcels, a Parcel Select Destination Entry or USPS Connect Local piece is subject to a nonstandard fee (see Notice 123—Price List) as follows:

* * * *

[Renumber items d through f as items f through h and add new items d and e to read as follows:]

d. A piece that contains any of the nonstandard characteristics listed under 201.7.6.2.

e. A piece that is subject to both a length (1.7a, 1.7b) and a characteristic (1.7d) nonstandard fee is only subject to the highest fee.

[Revise the text of renumbered items f through h to read as follows:]

f. A piece may be subject to both a length (1.7a, 1.7b) and a cube (1.7c) nonstandard fee or a characteristic (1.7d) and a cube (1.7c) nonstandard fee.

g. Shipping Services file manifests or other approved electronic documentation must include the accurate dimensions (length, width, height) of all parcels that exceed 22 inches in length or 18 inches in width or 15 inches in height, and the extra service code (ESC) for the characteristics category (see 201.7.6.2).

h. Mailers of parcels exceeding 22 inches in length or 18 inches in width or 15 inches in height, and/or require the characteristics extra service code (ESC) and have a Shipping Services file manifest or other approved electronic documentation, that do not meet the requirement to include the parcel's accurate dimensions or ESC will be assessed the Dimension Noncompliance fee under 1.8.

1.8 Dimension Noncompliance Fee

[Revise the text of 1.8 to read as follows:]

Mailers of Parcel Select parcels required to include the parcel's dimensions (length, width, height) and/or characteristics ESC in the Shipping Services file manifest or other approved electronic documentation as provided under 1.2.3 or 1.7 will be charged the Dimension Noncompliance fee (see Notice 123—Price List) if the parcel's dimensions and/or ESC are omitted or inaccurate in the Shipping Services file manifest or other approved electronic documentation. A parcel is subject to only one Dimension Noncompliance fee charge.

* * * *

4.0 Price Eligibility for Parcel Select

4.1 Destination Entry Price Eligibility

4.1.1 Definition

[Revise the introductory text of 4.1.1 to read as follows:]

Parcel Select destination entry prices apply to Parcel Select mailings prepared as specified in 705.8.0, and 255.4.0, and addressed for delivery within the service area of a sectional center facility/regional processing and distribution center, or delivery unit or sorting and delivery center where the mailer deposited them. For this standard, the following destination facility definitions apply:

[Delete item a and renumber items b through d as items a through c.]

* * * *

4.1.2 Basic Standards

For Parcel Select destination entry, pieces must meet the applicable standards in 255.4.0 and the following criteria:

* * * *

[Revise the text of item d to read as follows:]

d. Pieces must be deposited at, or expedited to, via Priority Mail Express Open and Distribute or Priority Mail Open and Distribute under 705.18.0, a destination SCF, or destination delivery unit, as applicable for the price claimed.

* * * *

[Delete 4.1.3, DNDC Prices, in its entirety and renumber 4.1.4 as 4.1.3.]

* * * *

254 Postage Payment and Documentation

1.0 Basic Standards for Postage Payment

1.1 Postage Payment Options

1.1.1 Parcel Select Destination Entry

Parcel Select destination entry may be paid as follows:

* * * *

[Revise the first sentence of item c to read as follows:]

c. Except for plant-verified drop shipments (see 705.17.0), USPS Ship shipments (see 705.2.9), and metered mail drop shipments (see 705.19.0), the mailer must have a meter license or permit imprint authorization at the destination facility parent Post Office for mailings deposited for entry at a DSCF/DRPDC, or at the parent Post Office of a DDU or DS&DC. * * *

* * * *

1.2 NDC/RPDC as Agent

[Revise the introductory text of 1.2 to read as follows:]

An NDC/RPDC may verify and accept mail if authorized by PS Form 4410, *Authorization for NDC Acceptance*, to act as an agent for the parent Post Office where the mailer's account, or license is held (see Exhibit 1.2).

* * * *

2.0 Mailing Documentation

* * * *

2.2 Other Documentation

[Revise the first sentence of 2.2 to read as follows:]

When presented for acceptance, documentation of postage by entry office and presort level (e.g., by 5-digit ZIP Code for DSCF and DDU prices) is required under 705.2.0 through 705.4.0.

* * *

* * * *

255 Mail Preparation

1.0 General Information for Mail Preparation

* * * *

1.4 Terms for Presort Level

Terms used for presort levels are defined as follows:

* * * *

[Delete item d in its entirety.]

1.5 Preparation Definitions and Instructions

For purposes of preparing mail:

* * * *

[Revise the introductory text of item f to read as follows:]

f. Entry [facility] (or origin [facility]) refers to the USPS mail-processing

facility (e.g., “entry SCF/RPDC”) that serves the Post Office where the mailer entered the mail. If the Post Office where the mail is entered does not serve the mailer’s location (e.g., for plant-verified drop shipment), the Post Office of entry determines the entry facility. Entry SCF/RPDC includes both single-3-digit and multi-3-digit SCFs/RPDCs.

[Delete items f1 and f2 in their entirety.]

* * * * *

[Revise the last sentence of item h to read as follows:]

h. * * * Pieces on overflow pallets qualify for the DSCF rates.

* * * * *

4.0 Preparing Destination Entry Parcel Select

* * * * *

[Delete 4.4, Preparing Destination NDC (DNDC)/Regional Processing and Distribution Center (DRPDC) Parcel Select, in its entirety.]

[Delete 5.0, Preparing Machinable Parcels, in its entirety and renumber 6.0 as 5.0.]

* * * * *

256 Enter and Deposit

* * * * *

2.0 Deposit

2.1 Bedloaded Parcels

[Revise the text of 2.1 to read as follows:]

DDU or DS&DC mailings may be bedloaded for deposit at DDUs or DS&DCs. Refer to the Drop Shipment Product available at the USPS FAST website: <https://fast.usps.com> to determine dock requirements for a DDU or DS&DC facility. If applicable, the mail to be entered at different destinations must be separated to prevent mixing of mailings for deposit at different destinations.

2.2 Containers

[Revise the introductory text of 2.2 to read as follows:]

DDU or DS&DC mailings (if not bedloaded), and all DHub, and DSCF/DRPDC mailings must be prepared as follows:

[Revise the text of item a to read as follows:]

a. Machinable parcels for which a DSCF, DHub, or DDU price is claimed must be sacked under 255.4.0, or prepared on pallets under 705.8.0.

[Delete item b and renumber items c through g as items b through f.]

* * * * *

2.3 Mailer Transport

[Revise the text of 2.3 to read as follows:]

The mailer must transport the PVDS mailing from the place where it was verified to the destination postal facility (e.g., SCF/RPDC, or delivery unit), appropriate to the mailing and the price claimed.

* * * * *

2.5 Mail Separation and Presentation of Destination Entry Mailings

* * * Mailers presenting destination entry mailings to the Postal Service must meet the following requirements:

[Revise the first sentence of item a to read as follows:]

a. Mark each DSCF/DRPDC, DHub, or DDU or DS&DC Parcel Select piece as “Parcel Select,” according to 202.3.7.2.

* * *

* * * * *

2.6 NDC/RPDC as Agent

[Revise the text of 2.6 to read as follows:]

An NDC/RPDC may verify and accept mail if authorized by Form 4410 to act as agent for the parent Post Office where the mailer’s account or license is held.

2.7 Appointments

Appointments must be made for destination entry mail as follows:

a. Except as provided under 2.7b or for a local mailer and mailings of perishable commodities (601.8.0) under 2.8, the following apply:

[Revise the text of item a1 to read as follows:]

1. Appointments for deposit of destination-entry mail at SCFs/RPDCs must be scheduled through the appropriate drop-shipment appointment control center at least one business day in advance, through the appropriate district control center.

[Delete item a2 and renumber items a3 through a6 as items a2 through a5.]

* * * * *

2.8 Exception to Scheduling Standard

Exceptions are as follows:

[Revise the last sentence of item a to read as follows:]

a. * * * Under this exception, the mailer may claim the DSCF prices for mailings or portions of such mailings deposited at the local Post Office if the local Post Office is the designated SCF/RPDC that meets the application standards.

* * * * *

2.9 Redirection by USPS

[Revise the text of 2.9 to read as follows:]

A mailer may be directed to transport destination-entry mailings to a facility other than the designated DDU or

DS&DC, or SCF/RPDC, due to facility restrictions, building expansions, peak-season mail volumes, or emergency constraints.

* * * * *

2.11 Deposit Conditions

Deposit of mail also is subject to these conditions:

[Revise the first sentence of item a to read as follows:]

a. Destination facilities may refuse mailings that are unscheduled or late (i.e., if vehicles arrive more than 2 hours after the scheduled appointment at SCFs/RPDCs, or DHub, and more than 20 minutes late at delivery units or S&DCs).

* * *

* * * * *

2.13 Vehicle Unloading

Unloading of destination entry mailings is subject to these conditions:

[Revise the first sentence of item a to read as follows:]

a. USPS unloads properly prepared containerized loads (e.g., pallets) at SCFs/RPDCs, and Hubs.

[Revise the first sentence of item b to read as follows:]

b. The driver must unload bedloaded shipments within 8 hours of arrival at SCFs/RPDCs, and Hubs.

* * *

[Delete 2.17 and 2.18 in their entirety:]

* * * * *

280 Commercial Mail USPS Ground Advantage—Commercial

283 Prices and Eligibility

1.0 Prices and Fees

* * * * *

1.7 Nonstandard Fees

[Revise the introductory text of 1.7 to read as follows:]

Except for oversized priced parcels and USPS Ground Return service parcels, a USPS Ground Advantage—Commercial piece is subject to a nonstandard fee (see Notice 123—Price List) as follows:

* * * * *

[Renumber items d through f as items f through h and add new items d and e to read as follows:]

d. A piece that contains any of the nonstandard characteristics listed under 201.7.6.2.

e. A piece that is subject to both a length (1.7a, 1.7b) and a characteristic (1.7d) nonstandard fee is only subject to the highest fee.

[Revise the text of renumbered items f through h to read as follows:]

f. A piece may be subject to both a length (1.7a, 1.7b) and a cube (1.7c)

nonstandard fee, or a characteristic (1.7d) and a cube (1.7c) nonstandard fee.

g. Shipping Services file manifests or other approved electronic documentation must include the accurate dimensions (length, width, height) of all parcels that exceed 22 inches in length or 18 inches in width or 15 inches in height, and the extra service code (ESC) for the characteristics category (see 201.7.6.2).

h. Mailers of parcels exceeding 22 inches in length or 18 inches in width or 15 inches in height, and/or require the characteristics extra service code (ESC) and have a Shipping Services file manifest or other approved electronic documentation, that do not meet the requirement to include the parcel's accurate dimensions or ESC will be assessed the Dimension Noncompliance fee under 1.8.

1.8 Dimension Noncompliance Fee

[Revise the text of 1.8 to read as follows:]

Mailers of USPS Ground Advantage—Commercial parcels required to include the parcel's dimensions (length, width, height) and/or characteristics ESC in the Shipping Services file manifest or other approved electronic documentation as provided under 1.4.3 or 1.7 will be charged the Dimension Noncompliance fee (see Notice 123—Price List) if the parcel's dimensions and/or ESC are omitted or inaccurate in the Shipping Services file manifest or other approved electronic documentation. A parcel is subject to only one Dimension Noncompliance fee charge.

* * * * *

2.0 Content Standards for USPS Ground Advantage—Commercial Parcels

[Delete 2.1 and 2.2 in their entirety and add text under 2.0 to read as follows:]

With the exception of restricted material as described in 601.8.0, any mailable item may be mailed as USPS Ground Advantage—Commercial.

3.0 Basic Eligibility Standards for USPS Ground Advantage—Commercial

* * * * *

3.2 Defining Characteristics

3.2.1 Inspection of Contents

[Revise the text of 3.2.1 to read as follows:]

USPS Ground Advantage—Commercial parcels are sealed against Postal Service inspection.

* * * * *

700 Special Standards

* * * * *

705 Advanced Preparation and Special Postage Payment Systems

* * * * *

6.0 Combining Mailings of USPS Marketing Mail, Package Services, and Parcel Select Parcels

* * * * *

6.2 Combining Parcels—DNDC/RPDC Entry

* * * * *

6.2 Combining Parcels—DNDC/RPDC Entry

6.2.1 General

[Revise the text of 6.2.1 to read as follows:]

Mailers may combine USPS Marketing Mail machinable parcels, and USPS Marketing Mail Marketing parcels weighing 6 or more ounces, with Package Services machinable parcels for entry at an NDC/RPDC when authorized by USPS under 6.1.4.

6.2.2 Eligible Prices

[Revise the text of 6.2.2 to read as follows:]

Combined parcels may be eligible for USPS Marketing Mail, single-piece and Presorted Media Mail, single-piece and Presorted Library Mail, Bound Printed Matter DNDC/DRPDC, and Nonpresorted and Presorted Bound Printed Matter prices. Mailers may not combine Carrier Route Bound Printed Matter with other parcels.

6.2.3 Additional Standards

[Revise the introductory text of 6.2.3 to read as follows:]

USPS Marketing Mail Nonprofit machinable priced parcels, Marketing Parcels (3.5 ounces or more), and Package Services machinable parcels prepared for DNDC/DRPDC entry must meet the following conditions in addition to the basic standards in 6.1:

* * * * *

6.4 Combining Package Services, Parcel Select, and USPS Marketing Mail—Optional 3-Digit SCF/RPDC Entry

* * * * *

[Revise the text of item c to read as follows:]

c. Bound Printed Matter parcels are eligible for the applicable DNDC entry price.

* * * * *

7.0 Combining Package Services and Parcel Select Parcels for Destination Entry

* * * * *

7.2 Combining Parcel Select and Package Services Machinable Parcels for DNDC/DRPDC Entry

7.2.1 Qualification

[Revise the first and second sentence of 7.2.1 to read as follows:]

Mailers may combine Package Services machinable parcels for entry at an NDC/RPDC when USPS-authorized under 7.5. These parcels may be eligible for single-piece and Presorted Media Mail, single-piece and Presorted Library Mail, Bound Printed Matter DNDC, and single-piece and Presorted Bound Printed Matter prices. ***

7.2.2 Basic Standards

Parcel Select and Package Services parcels must meet the following conditions:

* * * * *

[Delete item c and renumber items d through i as items c through h.]

* * * * *

[Revise the first sentence of renumbered item e to read as follows:]

e. Minimum volume requirements for Presorted Bound Printed Matter, Presorted Library Mail, and Presorted Media Mail must be met separately and are based solely on the quantity of pieces eligible for each price at the required presort level. * * *

* * * * *

7.2.4 Pallet Presort and Labeling

[Revise the third sentence of 7.2.4 to read as follows:]

* * * Destination entry price eligibility applies only to Bound Printed Matter (see 266.3.0). * * *

* * * * *

8.0 Preparing Pallets

* * * * *

8.5 General Preparation

* * * * *

8.5.2 Required Preparation

The following standards apply to Periodicals, USPS Marketing Mail, Parcel Select, and Package Services, except Parcel Select mailed at DSCF and DDU prices:

* * * * *

[Revise the first sentence of item b to read as follows:]

b. For bundles of flat-size mailpieces or bundles of nonstandard parcels on pallets, after preparing all possible pallets under 8.5.2a, when 250 or more pounds of bundles remain for an ADC/RPDC (Periodicals) or for an NDC/ASF/RPDC (USPS Marketing Mail, and Package Services), mailers must prepare the ADC/RPDC or NDC/ASF/RPDC

pallet, as applicable for the class of mail. * * *

* * * * *

8.5.3 Minimum Load

The following minimum load standards apply to mail prepared on pallets:

[Revise the introductory text of item a to read as follows:]

a. For Periodicals, USPS Marketing Mail, and Package Services (see 8.5.3b for Parcel Select mailed at DSCF and DDU prices):

* * * * *

18.0 Priority Mail Express Open and Distribute and Priority Mail Open and Distribute

* * * * *

18.2 Basic Standards

* * * * *

18.2.2 Content Standards

* * * Additional standards for the enclosed mail are as follows:

* * * * *

[Revise the text of item d to read as follows:]

d. Mail enclosed in a Priority Mail Express or Priority Mail Open-and-Distribute container may not contain hazardous materials.

* * * * *

18.5 Preparation

18.5.1 Containers for Expedited Transport

Acceptable containers for expedited transport are as follows:

[Revise the text of items a and b to read as follows:]

a. A Priority Mail Express Open and Distribute shipment must be contained in a USPS-approved sack (5-digit parcels only) using the applicable tag in 18.5.3a or in a USPS-provided Priority Mail Express Open and Distribute tray box (Tags are not required for tray boxes; only the 4x6 address label should be applied), except as provided in 18.5.1c and 18.5.1d.

b. A Priority Mail Open and Distribute shipment must be contained in either a USPS-approved sack (5-digit parcels only) using the applicable tag in 18.5.3b or a USPS-provided Priority Mail Open and Distribute tray box (Tags are not required for tray boxes, only the 4x6 address label should be applied), except as provided in 18.5.1c and 18.5.1d.

* * * * *

21.0 Optional Combined Parcel Mailings

* * * * *

21.2 Price Eligibility

* * * * *

[Revise the text of item e to read as follows:]

e. Parcel Select prices are based on the destination entry for pieces in 5-digit, 3-digit, or SCF/RPDC, containers.

BILLING CODE 7710–12–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 97

[EPA–HQ–OAR–2025–0190; FRL–12724–01–OAR]

RIN 2060–AW78

Emissions Budget and Allowance Allocations for Indiana Under the Revised Cross-State Air Pollution Rule Update

AGENCY: Environmental Protection Agency (EPA).

ACTION: Interim final rule; request for comment.

SUMMARY: The Environmental Protection Agency (EPA) is taking interim final action to adjust the Revised Cross-State Air Pollution Rule (CSAPR) Update “budget” for nitrogen oxides (NO_x) emissions from Indiana electricity generating units (EGUs) during the May–September “ozone season” for 2024 and subsequent years. Relatedly, EPA is also adjusting the default unit-level allocations of emission allowances to Indiana EGUs for 2024 and subsequent years in accordance with the adjustments to the state emissions budget. When originally establishing state emissions budgets and default unit-level allocations for 2024 and

subsequent years in the Revised CSAPR Update rulemaking, EPA relied in part on announcements from EGU owners regarding their plans to retire certain EGUs before the 2024 ozone season. The purpose of the adjustments being made in this action is to account for the subsequent decisions by some EGU owners to defer or cancel the previously announced retirement plans.

DATES: This interim final rule is effective May 20, 2025. Comments on this rule must be received on or before June 20, 2025.

ADDRESSES: You may submit comments, identified by Docket ID No. EPA–HQ–OAR–2025–0190, at www.regulations.gov. Comments received may be posted without change to www.regulations.gov, including any personal information provided. For detailed instructions on sending comments, see the “Public Participation” heading of the **SUPPLEMENTARY INFORMATION** section of this document.

I. General

A. Public Participation

Submit your written comments, identified by Docket ID No. EPA-HQ-OAR-2025-0190, at www.regulations.gov. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from the docket. EPA may publish any comment received to its public docket. Do not submit to www.regulations.gov any information you consider to be Confidential Business Information (CBI), Proprietary Business Information (PBI), or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). Please visit www.epa.gov/dockets/commenting-epa-dockets for additional submission methods; the full EPA public comment policy; information about CBI, PBI, or multimedia submissions; and general guidance on making effective comments.

B. Potentially Affected Entities

This action may affect any stationary, fossil-fuel-fired boiler or stationary, fossil-fuel-fired combustion turbine located in Indiana and serving at any time on or after January 1, 2005, a generator with nameplate capacity of more than 25 MWe (megawatt-electric) producing electricity for sale. The North American Industry Classification System (NAICS) industry group for most affected entities is NAICS code 221112, Fossil Fuel Electric Power Generation.

This information on potentially affected entities is not intended to be exhaustive. To determine whether your entity is affected by this action, you should carefully examine the applicability criteria for the CSAPR NO_x

Ozone Season Group 2 Trading Program found in 40 CFR 97.804. If you have questions regarding the applicability of this action to a particular entity, consult the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

C. Statutory Authority

Statutory authority to issue the amendments finalized in this action is provided by the same Clean Air Act (CAA) provisions that provided authority to issue the regulations being amended: CAA section 110(a) and (c), 42 U.S.C. 7410(a) and (c) (state implementation plan (SIP) and federal implementation plan (FIP) requirements, including requirements for mitigation of interstate air pollution), and CAA section 301, 42 U.S.C. 7601 (general rulemaking authority). Statutory authority for the rulemaking procedures followed in this action is provided by Administrative Procedure Act (APA) section 553, 5 U.S.C. 553.

II. Background and Overview

A. The Revised CSAPR Update

CAA section 110(a)(2)(D)(i)(I), also known as the “good neighbor” provision, requires each state’s SIP to include provisions sufficient to “prohibit[], consistent with the provisions of this subchapter, any source or other type of emissions activity within the State from emitting any air pollutant in amounts which will . . . contribute significantly to nonattainment in, or interfere with maintenance by, any other State with respect to any [national ambient air quality standard (NAAQS)].” EPA often refers to the emissions reduction requirements under this provision as “good neighbor obligations” and submissions addressing these requirements as “good neighbor SIPs.” CAA section 110(c)(1) requires the EPA Administrator to promulgate a FIP at any time within 2 years after the Administrator: (i) finds that a state has failed to make a required SIP submission; (ii) finds a SIP submission to be incomplete pursuant to CAA section 110(k)(1)(C); or (iii) disapproves a SIP submission. This obligation applies unless the state corrects the deficiency through a SIP revision that the Administrator approves before the FIP is promulgated.

In March 2021, acting pursuant to CAA sections 110(a)(2)(D)(i)(I) and 110(c)(1), EPA promulgated the Revised CSAPR Update.¹ The rule determined the good neighbor obligations of 12

states, including Indiana, with respect to the 2008 ozone NAAQS and established FIP requirements for EGUs in those states to address the states’ obligations by reducing ozone-season emissions of NO_x, an ozone precursor, starting in 2021. The NO_x emissions reduction requirements were implemented through the mechanism of an emission allowance trading program.

In March 2023, again acting pursuant to CAA sections 110(a)(2)(D)(i)(I) and 110(c)(1), EPA promulgated the Good Neighbor Plan.² The rule determined the good neighbor obligations of 23 states, including Indiana, with respect to the 2015 ozone NAAQS and established FIP requirements for EGUs and certain other types of emissions sources in those states to address the states’ obligations by reducing ozone-season NO_x emissions starting in 2023. The NO_x emissions reduction requirements for EGUs again were implemented through the mechanism of an emission allowance trading program, and EPA coordinated compliance obligations by providing that participation of a state’s EGUs in the Good Neighbor Plan’s trading program would also be deemed to satisfy the EGUs’ obligations under the Revised CSAPR Update (and in some cases, other interstate ozone transport rules as well).³ Later in 2023, in response to judicial orders partially staying a separate EPA action as to several states, EPA promulgated two interim final rules staying Good Neighbor Plan implementation for emissions sources in those states pending further EPA rulemaking.⁴ As implemented for the 2023 ozone season, the Good Neighbor Plan therefore applied in 11 states, including Indiana.

On June 27, 2024, the Supreme Court issued a decision staying enforcement of the Good Neighbor Plan against the stay applicants.⁵ In response, later in 2024 EPA promulgated a third interim final rule administratively staying Good Neighbor Plan implementation starting with the 2024 ozone season for all sources in all states where implementation had not already been

² Federal “Good Neighbor Plan” for the 2015 Ozone National Ambient Air Quality Standards, 88 FR 36654 (June 5, 2023).

³ See *id.* at 36844.

⁴ Federal “Good Neighbor Plan” for the 2015 Ozone National Ambient Air Quality Standards; Response to Judicial Stays of SIP Disapproval Action for Certain States, 88 FR 49295 (July 31, 2023); Federal “Good Neighbor Plan” for the 2015 Ozone National Ambient Air Quality Standards; Response to Additional Judicial Stays of SIP Disapproval Action for Certain States, 88 FR 67102 (September 29, 2023).

⁵ *Ohio v. EPA*, 603 U.S. 279 (2024).

¹ Revised Cross-State Air Pollution Rule Update for the 2008 Ozone NAAQS, 86 FR 23054 (April 30, 2021).

stayed under the two 2023 interim final rules, pending further EPA rulemaking.⁶

In addition to staying Good Neighbor Plan implementation, the three interim final rules also restored status quo requirements for EGUs in states covered under earlier interstate ozone transport rules that had been superseded by the Good Neighbor Plan, including the Revised CSAPR Update. Thus, as of the 2024 ozone season, and for future ozone seasons pending further EPA rulemaking, EGUs in Indiana are once again participating in an emission allowance trading program where the amounts of the state emissions budget for Indiana and the unit-level allowance allocations for Indiana EGUs are the budget and allocation amounts established specifically to address the requirements of the Revised CSAPR Update.⁷

B. Adjustments To Address Superseded EGU Retirement Plans

In the Revised CSAPR Update rulemaking, when determining state emissions budgets and default unit-level allowance allocations, EPA addressed future EGU retirements through one of two distinct approaches. The first approach was used for EGUs whose owners had announced planned retirement dates for the units in 2024 or later or had not announced any planned retirement dates. For these units without planned retirement dates before 2024, which constituted the large majority of the EGU fleet, the eventual future retirements of the units would have no effect on state emissions budgets. The units also would remain eligible to receive initial allocations of allowances as existing units for as long as the operating data for the units reported to EPA for successive ozone

seasons showed continued operation. At such future point as one of these units might become ineligible to receive initial allocations as an existing unit, the allowances that otherwise would have been allocated to the unit would instead be allocated to other units in the state. The second approach was used for EGUs whose owners had announced planned retirement dates for the units before 2024 (provided that EPA's confirmatory research did not identify any reason to question the announcements). For these units, EPA took the planned retirement dates into account when determining the amounts of the state emissions budgets for each year after the planned retirement dates, resulting in lower budgets than would have been the case without the retirement announcements. These units were also treated as ineligible to receive initial allocations of allowances as existing units in any year after their planned retirement dates.

The EGUs whose future retirements were addressed through the second approach included several coal-fired EGUs in Indiana, including units 17 and 18 at the R.M. Schahfer power plant (plant ID 6085) and units 1SG1 and 2SG1 at the Merom power plant (plant ID 6213). Before the Revised CSAPR Update rulemaking, the owners of these four units announced plans to retire the units in 2023,⁸ and EPA found no reason at the time of the rulemaking to question the announced retirement plans. Accordingly, EPA relied on these units' planned retirement dates in the rulemaking, which caused the Indiana state emissions budget for the ozone seasons in 2024 and subsequent years to be lower than would otherwise have been the case (by reducing the emissions baseline used as a starting point for development of the emissions budget) and also made the four units ineligible to receive initial allowance allocations as existing units for those ozone seasons. After finalization of the Revised CSAPR Update, these EGUs' owners (including a new owner for the Merom power plant) deferred or canceled the units' planned retirements,⁹ and in accordance with the owners' updated plans, in the Good Neighbor Plan rulemaking EPA treated the four units as operating in 2024 and 2025 for purposes of the Indiana state

emissions budgets and the initial allowance allocations to existing units.¹⁰ However, the stay of Good Neighbor Plan implementation necessitated a return to the status quo, *i.e.*, the Revised CSAPR Update's state emissions budgets and unit-level allowance allocations, which continued to reflect the superseded retirement plans.

In this action, EPA is adjusting the Revised CSAPR Update state emissions budget for Indiana and the unit-level allowance allocations to Indiana EGUs for the ozone seasons in 2024 and subsequent years to end the reliance on the superseded retirement plans for Schahfer units 17–18 and Merom units 1SG1–2SG1 and recognize the units' continued operation. These four units are the only EGUs in any of the states covered by the Revised CSAPR Update that were treated in the original rulemaking as retiring before the 2024 ozone season but that actually operated in that ozone season. The adjustments eliminate an inconsistency between how these four units and all other pre-2020 units that operated during the 2024 ozone season are being treated for purposes of the state emissions budgets and unit-level allowance allocations that apply under the Revised CSAPR Update.

The amounts of the adjustments in this action have been determined by applying the budget-setting and allowance allocation methodologies that were finalized in the Revised CSAPR Update rulemaking to an updated dataset that no longer includes the superseded retirement plans for Schahfer units 17–18 and Merom units 1SG1–2SG1. The adjusted state emissions budget for Indiana for the ozone seasons in 2024 and subsequent years is 11,245 tons, an increase of 1,681 tons over Indiana's budget of 9,564 tons for these ozone seasons as originally established in the Revised CSAPR Update rulemaking. EPA expects that the increased emissions budget will reduce compliance costs for Indiana EGUs, especially Schahfer units 17–18 and Merom units 1SG1–2SG1, to which most of the additional allowances will be allocated. However, in the broader context of the multi-state trading program, EPA expects that the

⁶ Federal "Good Neighbor Plan" for the 2015 Ozone National Ambient Air Quality Standards; Response to Judicial Stay, 89 FR 87960 (November 6, 2024).

⁷ As originally promulgated, the Revised CSAPR Update required covered EGUs to participate in the CSAPR NO_x Ozone Season Group 3 Trading Program at subpart GGGGG of 40 CFR part 97. This trading program was later modified to serve as the compliance mechanism for EGUs in states covered by the Good Neighbor Plan. Consequently, to stay implementation of the Good Neighbor Plan's requirements and restore the Revised CSAPR Update's requirements under the three interim final rules, EPA required EGUs in states subject to the Revised CSAPR Update to instead participate in the CSAPR NO_x Ozone Season Group 2 Trading Program at subpart EEEEE of 40 CFR part 97 with the state emissions budgets and unit-level allowance allocations established in the Revised CSAPR Update, using CSAPR NO_x Ozone Season Expanded Group 2 allowances for compliance. For further details of the approach taken under the three interim final rules to restore status quo requirements established under the Revised CSAPR Update, see 88 FR 49296–97, 88 FR 67103–04, and 89 FR 87963–64.

⁸ See, e.g., the planned retirement dates reported for the four units in U.S. Energy Information Administration Form EIA-860M for December 2020, available in the docket for this action.

⁹ See, e.g., the planned retirement dates (or lack thereof) reported for the four units in U.S. Energy Information Administration Form EIA-860M for December 2022, available in the docket for this action.

¹⁰ Under the Good Neighbor Plan, evaluations of all units' operating status for ozone seasons after 2025 would be administered on a rolling basis for each successive ozone season by applying the procedures finalized in the rulemaking to the units' most recently reported operating data. For example, if a unit reported operation during the 2024 ozone season, the unit would be treated as an operating unit for purposes of the budget-setting and allowance allocation processes administered in mid-2025 for the 2026 ozone season.

additional allowances will not have a material impact on emissions or air quality, because the total amount of allowances issued under the trading program for each ozone season already exceeds the total emissions of all participating EGUs and there is also a sizeable bank of allowances carried over from previous ozone seasons. While the additional allowances that will be issued under this action for each ozone season represent an increase of about 17.6 percent over the allowances that would otherwise have been issued to EGUs in Indiana, the additional allowances represent an increase of only about 1.1 percent of the total amount of allowances available for all participating EGUs across the set of 12 covered states to use in meeting their 2024 compliance obligations.¹¹

EPA is not altering or reopening any aspect of the Revised CSAPR Update other than the data concerning the planned retirement dates for Schahfer units 17–18 and Merom units 1SG1–2SG1. EPA notes that because no changes are being made to EPA’s determinations in the Revised CSAPR Update regarding the emissions control strategies whose application would address the covered states’ good neighbor obligations, this action does not constitute a change in the stringency of the Revised CSAPR Update as finalized in the original rulemaking. Indiana’s budget remains at a level that reflects the implementation of the selected emissions control strategies and is simply being adjusted to eliminate the reliance on the superseded retirement plans and recognize the continued operation of these four units.

EPA is finalizing this action’s amendments to the Revised CSAPR Update’s state emissions budget and unit-level allowance allocations for Indiana on an interim basis. After considering any comments received in response to this document, EPA will evaluate whether further action responding to the comments and affirming or modifying this action’s amendments would be appropriate.

III. Adjustments to Indiana State Emissions Budget and Variability Limit

This section III. summarizes the methodology used to determine state emissions budgets and variability limits in the Revised CSAPR Update rulemaking and describes how the determination of Indiana’s state emissions budget for the ozone seasons in 2024 and subsequent years and the associated variability limit change when Schahfer units 17–18 and Merom units 1SG1–2SG1 are no longer treated as retiring before the 2024 ozone season.¹²

A. Determination of Adjusted State Emissions Budget

In the Revised CSAPR Update, EPA established four sets of state emissions budgets for successive ozone seasons. The first three sets of budgets applied for the ozone seasons in 2021, 2022, and 2023, respectively, and the fourth set of budgets applies for the ozone seasons in 2024 and all subsequent years. The process for calculating each state emissions budget involved three general steps. First, EPA determined baseline amounts of NO_x emissions and heat input for each of the state’s covered EGUs in the relevant ozone season

before any emissions reductions required under the Revised CSAPR Update.¹³ Second, while holding each unit’s heat input constant at its baseline amount, EPA computed the NO_x emissions reductions that could be achieved in the relevant ozone season by applying the Revised CSAPR Update’s selected emissions control strategies at the units where those strategies were identified as available. Finally, EPA computed an incremental adjustment in NO_x emissions that were expected to occur from each state’s EGUs through optimization of operations within the state if operators were incentivized by a NO_x emission allowance price commensurate with the costs of the selected emissions control strategies.¹⁴ The emissions budget for each state for each ozone season was determined as the sum of the baseline emissions amounts for the state’s covered units for that ozone season computed in the first step minus the sum of the changes in emissions for the state’s units for that ozone season computed in the second and third steps.

Table III.A–1 summarizes the calculation of Indiana’s state emissions budget for the ozone seasons in 2024 and subsequent years, both as originally performed and as adjusted in this action. The remainder of this section provides more detail on how this action’s adjustments affect the amounts computed at each of the three steps of the budget-setting process. A spreadsheet showing the complete adjusted calculations of Indiana’s state emissions budget for 2024 and subsequent years is available in the docket for this action.

TABLE III.A–1—SUMMARY OF ADJUSTMENTS TO INDIANA’S STATE EMISSIONS BUDGET FOR 2024 AND SUBSEQUENT YEARS †

	Data item (totals for all covered Indiana EGUs)	Adjusted amount	Original amount	Change
A ..	Baseline heat input for 2024 ozone season (mmBtu)	329,887,869	297,077,155	32,810,713
B ..	Baseline NO _x emissions for 2024 ozone season (tons)	13,942	12,232	1,709
C ..	NO _x emissions reductions in 2024 ozone season from application of selected emis- sions controls (tons).	2,404	2,404	0
D ..	NO _x emissions reductions in 2024 ozone season from optimization of operations with- in the state (tons) ††.	294	264	29

¹¹ Absent this action, the total amount of allowances available for 2024 compliance would be approximately 153,844 allowances, consisting of 96,975 allowances from the 2024 emissions budgets for the twelve covered states and 56,869 unused allowances carried over from previous ozone seasons. With this action, the total amount of allowances available for 2024 compliance will be approximately 155,525 allowances. The total amount of NO_x emissions reported for the 2024 ozone season for all participating EGUs in the 12 states covered by the Revised CSAPR Update is 84,189 tons.

¹² For a more detailed description of the Revised CSAPR Update’s methodology for setting budgets and variability limits, see the Revised CSAPR Update final rule preamble at 86 FR 23118–26 or the Revised CSAPR Update final rule Ozone Transport Policy Analysis technical support document (EPA–HQ–OAR–2020–0272–0222, March 2021) at pp. 10–25. Both documents are available in the docket for this action.

¹³ EPA also tracked the corresponding baseline amounts of electricity generation for each ozone season, but these amounts were not used in the calculations of state emissions budgets.

¹⁴ In the Revised CSAPR Update rulemaking, the emissions reductions that were expected to be achieved through optimization of operations within a given state were referred to as emissions reductions from “generation shifting” within the state. In this action, EPA is only adjusting the treatment of superseded retirement plans for four EGUs and is not altering or reopening any other aspect of the Revised CSAPR Update. EPA is not taking any position as to how potential emissions effects of this nature should be addressed in any other rulemaking.

TABLE III.A-1—SUMMARY OF ADJUSTMENTS TO INDIANA'S STATE EMISSIONS BUDGET FOR 2024 AND SUBSEQUENT YEARS †—Continued

	Data item (totals for all covered Indiana EGUs)	Adjusted amount	Original amount	Change
E ..	2024 state emissions budget (tons) †††	11,245	9,564	1,681

† Unrounded amounts used in the budget calculations have been rounded for purposes of table display.

†† Row D = row A $\times$ 0.00178 lb/mmBtu (state-specific emission rate factor for Indiana, described later in this section IV.A) $\div$ 2,000 lb/ton.

††† Row E = row B – (row C + row D).

In the first step of the budget-setting process, EPA calculates the baseline amounts for the relevant ozone season before any emissions reductions required under the Revised CSAPR Update. In this step of the process for the 2024 ozone season in the original rulemaking, EPA first compiled the NO_x emissions and heat input data reported for the 2019 ozone season for all of the state's covered units and then adjusted these reported data upward or downward as necessary to account for previously announced changes scheduled for implementation after the 2019 ozone season and before the 2024 ozone season.¹⁵ The types of announced changes taken into account included start-ups of new units, retirements of existing units, installations of new NO_x emissions control equipment, and changes in the type of fuel combusted. With respect to retirements, if the owner of an EGU had announced a planned retirement date in 2024 or later, or if no retirement date had been announced, then the EGU was not treated as retired for purposes of the 2024 ozone season and its 2024 baseline amounts of NO_x emissions and heat input remained at the amounts reported for the unit for the 2019 ozone season (unless an adjustment to the unit's baseline NO_x emissions was made to reflect an installation of new NO_x emissions control equipment or a change in the type of fuel combusted). In contrast, if the owner of an EGU had announced a planned retirement date before 2024 and if EPA's confirmatory research did not identify any reason to question the announcement, then the EGU was treated as retired for purposes of the 2024 ozone season and its 2024 baseline amounts of NO_x emissions and heat input were set to zero.

In the Revised CSAPR Update rulemaking, based on previous announcements by the owners of Schahfer units 17–18 and Merom units 1SG1–2SG1 that the units would retire

in 2023, EPA treated the units as retired for purposes of the 2024 budget-setting process and set their 2024 baseline amounts of NO_x emissions and heat input to zero. In this action, to end reliance on the superseded retirement plans and recognize the continued operation of the four units in 2024, EPA is adjusting the 2024 baseline amounts of NO_x emissions and heat input for these units to the amounts reported for the units for the 2019 ozone season. These adjustments are consistent with how the four units were treated for purposes of determining the baseline amounts for the 2021, 2022, and 2023 ozone seasons and are also consistent with how other units without announced plans to retire before 2024 were treated for purposes of determining baseline amounts for the 2024 ozone season. The adjustments raise the total 2024 baseline heat input for Indiana units by 32,810,713 mmBtu and raise the total 2024 baseline NO_x emissions for Indiana units by 1,709 tons, as shown in rows A and B of Table III.A-1.

In the second step of the budget-setting process, EPA calculates the emissions reductions that could be achieved in the relevant ozone season by applying emissions control strategies at units where the strategies have been identified as available. For the Revised CSAPR Update, the selected emissions control strategies for coal-fired EGUs included performance optimization of post-combustion controls (such as selective catalytic reduction (SCR) controls or selective non-catalytic reduction (SNCR) controls) at units where those controls have already been installed and installation or upgrading of combustion controls (such as low-NO_x burners and overfire air) at units where post-combustion controls have not already been installed or are not being operated. When this step was originally performed in the Revised CSAPR Update rulemaking, none of the selected emissions control strategies were identified as available at Schahfer units 17–18 or Merom units 1SG1–2SG1: the Schahfer units, which do not have post-combustion controls, already achieve NO_x emission rates lower than

the rule's target emission rate of 0.199 lb/mmBtu for comparable units with state-of-the-art combustion controls, and the Merom units, which have SCR controls, already achieve NO_x emission rates lower than the rule's target emission rate of 0.08 lb/mmBtu for comparable SCR-equipped units. EPA's conclusion in the original rulemaking that none of the selected emissions control strategies were available at the four units for purposes of the 2021, 2022, or 2023 ozone seasons also applies in this action for purposes of the 2024 ozone season. Accordingly, the total amount of emissions reductions that could be achieved in 2024 by Indiana units by applying the selected emissions control strategies is unaffected by this action's adjustments, as shown in row C of Table III.A-1.

In the final step of the budget-setting process, EPA calculates the incremental emissions change that is expected from optimization of operations within the state. EPA computes these amounts by multiplying each state's total baseline heat input for the relevant ozone season by a state-specific NO_x emission rate factor derived through an analysis performed using the Integrated Planning Model (IPM).¹⁶ The adjustments in this action do not affect the data used to derive the emission rate factor of 0.00178 lb/mmBtu for Indiana as determined in the Revised CSAPR Update rulemaking.¹⁷ However, the

¹⁶ For a description of IPM, see the Revised CSAPR Update final rule preamble at 86 FR 23075–76.

¹⁷ See Final Rule State Emission Budget Calculations and Engineering Analytics spreadsheet (Appendix A to the Ozone Transport Policy Analysis final rule technical support document), in the “Generation Shifting” worksheet at the “Indiana” row and the “\$1,600/ton” column, available in the docket for this action. Each state-specific NO_x emission rate factor was calculated as the difference between the state's average NO_x emission rate as reflected in the output of two IPM runs. The inputs to each IPM run included each state's projected 2021 EGU fleet after application of the selected emissions control strategies and were generally the same except as to the assumed price of emission allowances: the base case run used a price of \$0/ton, and the comparison run used a price of \$1,600/ton, commensurate with the cost of the selected emissions control strategies. To ensure that the model did not attempt to reduce NO_x emissions in a given state by reducing the amount

Continued

¹⁵ EPA developed the Revised CSAPR Update's state emissions budgets starting with 2019 data instead of 2020 data in recognition of concerns that 2020 data might be unrepresentative because of the unusual circumstances of the Covid-19 pandemic. See 86 FR at 23120.

adjustments increase Indiana's total 2024 baseline heat input relative to the total 2024 baseline heat input used in the Revised CSAPR Update rulemaking and therefore cause a slight adjustment in Indiana's budget, as shown in row D of Table III.A–1.

Taking all steps of the budget-setting process together, the adjustments to end reliance on the superseded retirement plans for Schahfer units 17–18 and Merom units 1SG1–2SG1 and recognize the units' continued operation cause a net increase (after rounding adjustments) of 1,681 tons. The adjusted Indiana state emissions budget for 2024 and subsequent years is 11,245 tons. These amounts are shown in row E of Table III.A–1.

B. Determination of Adjusted Variability Limit

EPA's trading programs addressing interstate pollution transport include "assurance provisions" which are designed to ensure that the emissions reductions necessary to address each state's good neighbor obligations are achieved within that state, as required under CAA section 110(a)(2)(D)(i)(I),¹⁸ while also accommodating inherent year-to-year variability in state-level EGU operations.¹⁹ The assurance provisions require certain EGUs in a state to surrender additional allowances if the total emissions from the state's EGUs exceed an "assurance level" computed as the sum of the state emissions budget plus a "variability limit."²⁰

In the Revised CSAPR Update rulemaking, each variability limit was set at 21 percent of the corresponding state emissions budget.²¹ To preserve the intended relationship between variability limits and state emissions

budgets as finalized in the original rulemaking, in this action EPA is establishing an adjusted variability limit for Indiana for the ozone seasons in 2024 and subsequent years. The adjusted variability limit is 2,361 tons, which is 21 percent of the adjusted state emissions budget of 11,245 tons.

IV. Adjustments to Indiana EGUs' Default Unit-Level Allowance Allocations

This section IV. summarizes the methodology used to determine the amounts of allowances allocated to Indiana EGUs from each state emissions budget and describes how the unit-level allocations for the ozone seasons in 2024 and subsequent years change when Schahfer units 17–18 and Merom units 1SG1–2SG1 are no longer treated as retiring before the 2024 ozone season.²² This section also provides public notice of the availability of data on the adjusted allocations to Indiana EGUs.

A. Determination of Adjusted Allowance Allocations

EPA's process for calculating default unit-level allowance allocations from each state emissions budget for each ozone season under the Revised CSAPR Update involves four overall steps, parts of which were completed during the Revised CSAPR Update rulemaking and parts of which are completed or updated on a rolling basis for each successive ozone season through ministerial calculations performed according to procedures laid out in the trading program regulations. First, EPA identifies which EGUs in a state are eligible to receive allocations from the state emissions budget for the relevant ozone season as "existing" units. Second, EPA calculates what portion of the state emissions budget for the relevant ozone season will be reserved in a "new unit set-aside" for potential allocation to any of the state's remaining EGUs that operate during that ozone

season. For simplicity, these remaining EGUs are referred to as "new" units; however, they may include not only units that have never been eligible to receive allocations as existing units but also units that operate after losing their previous eligibility to receive allocations as existing units. Third, EPA calculates what initial allocations the state's existing units will receive from the unreserved portion of the budget for the relevant ozone season, based on the units' reported heat input and emissions for a defined set of previous ozone seasons. Finally, EPA calculates how the allowances in the new unit set-aside will be allocated for the relevant ozone season, first to the state's new units in proportion to their reported emissions during that ozone season, and then, if all the allowances have not been allocated to new units, to the states' existing units in proportion to their initial allocations from the unreserved portion of the budget.

Table IV.A–1 summarizes the default unit-level allocations from Indiana's state emissions budget to the state's EGUs for the 2024 ozone season, both as calculated in the original rulemaking and as adjusted in this action. The first three columns of the table, which concern the initial allocations to existing units, also apply for the ozone seasons in 2025 and subsequent years. The initial allocations to existing units and the allocations from the new unit set-aside are shown separately because this action's adjustments affect those steps of the overall allocation process differently (also, the allocations from the new unit set-asides for years after 2024 are not yet known). The allocations to the individual EGUs at each power plant where changes in allocations occur are summed to totals for that plant, except that the totals for Schahfer units 17–18 are shown separately from other units at the Schahfer plant. The remainder of this section provides more detail on the four steps of the overall allocation process and the effects of this action's adjustments at each step. A spreadsheet showing the complete calculations of the adjusted default unit-level allocations to Indiana EGUs for 2024 is available in the docket for this action.

of electricity produced in that state, the total amount of electricity produced in each state in the comparison run was not allowed to fall below the total amount of electricity produced in the state in the base case run.

† Column C = column A – column B.

†† Column F = column C + (column D – column E).

In the first step of the allowance allocation process, EPA identifies which EGUs in a state are eligible to receive allocations from the state emissions budget for the relevant ozone season as existing units. All eligibility evaluations for the ozone seasons in 2021 through 2024 were completed as part of the Revised CSAPR Update rulemaking. An EGU that had reported data for at least one entire ozone season before 2020 and that had not retired before 2021 was treated as eligible to receive an initial allocation as an existing unit for 2021. Units that were identified as eligible to receive initial allocations as existing units for 2021 generally remained eligible through 2024. The only exception is that any unit treated as retired at the emissions-baseline development step of the budget-setting process starting in a particular year was also treated as ineligible to receive initial allocations as an existing unit starting in that same year. Thus, if the owner of an EGU had announced a planned retirement date before 2024 and if EPA's confirmatory research did not identify any reason to question the announcement, the EGU was treated as ineligible to receive initial allocations as an existing unit for 2024 and subsequent years.

The Revised CSAPR Update does not provide for any changes in eligibility from 2024 to 2025. Starting with the 2026 ozone season, evaluations of each unit's ongoing eligibility to receive initial allocations as an existing unit are made on a rolling basis in advance of each successive ozone season. A unit that was identified as eligible for 2024 generally remains eligible for subsequent years except as otherwise indicated based on the operating data reported for the unit for ozone seasons after 2020. Specifically, if a unit does not report any operation during any two consecutive ozone seasons after 2020, the unit becomes ineligible to receive initial allocations as an existing unit starting in the fifth year after the first year of non-operation—*e.g.*, a unit with no reported operation during the 2021 and 2022 ozone seasons would become ineligible to receive initial allocations as an existing unit starting with the 2026 ozone season. This is how ongoing eligibility to receive initial allocations as an existing unit under the Revised CSAPR Update is evaluated for any unit for which, at the time of the original rulemaking, the unit's owner had announced a retirement date in 2024 or later or had not announced any retirement date.

In the Revised CSAPR Update rulemaking, based on previous announcements by the owners of Schahfer units 17–18 and Merom units 1SG1–2SG1 that the units would retire in 2023, EPA treated the units as ineligible to receive initial allocations as existing units starting in 2024. In this action, to end reliance on the superseded retirement plans and recognize the four units' continued operation in 2024, EPA is adjusting the eligibility status identified for the four units in the Revised CSAPR Update rulemaking so that the units remain eligible to receive initial allocations as existing units for the ozone season in 2024. To reflect this change in status, the four units are designated as “operating” instead of “retired” in the updated version of the spreadsheet used to calculate the initial allocations to Indiana EGUs in the next step of the allowance allocation process. Like other units that are eligible to receive initial allocations as existing units for 2024, the four units will remain eligible for 2025, and starting with the 2026 ozone season, their eligibility will be evaluated in advance of each ozone season based on the operating data reported for the

units for ozone seasons after 2020.²³ These adjustments are consistent with how evaluations of eligibility to receive initial allocations as existing units are made under the Revised CSAPR Update for other units without announced plans to retire before the 2024 ozone season.

In the second step of the allowance allocation process, EPA calculates what portion of the state emissions budget will be reserved in a “new unit set-aside” for potential allocation to any of the state’s EGUs that are not eligible to receive initial allocations as existing EGUs and that operate during the relevant ozone season. The amounts of the new unit set-asides for 2021 through 2024 were calculated as part of the Revised CSAPR Update rulemaking. Each state’s new unit set-aside for these years was computed using a fixed target percentage—in Indiana’s case, 2 percent—of the state emissions budget for the year.²⁴ The Revised CSAPR Update does not provide for any changes in the amount of any new unit set-aside from 2024 to 2025. Starting with the 2026 ozone season, the amount of each state’s new unit set-aside is calculated on a rolling basis in advance of each successive ozone season. The new unit set-aside for each such year continues to include as a minimum the amount set for 2024, but if there are any units in the state that have lost their previous eligibility to receive initial allocations as existing units, the allowances that would have been allocated to those units as existing units if they had not lost their eligibility are added to the new unit set-aside.

This action’s adjustments do not include any change to the procedures finalized in the Revised CSAPR Update for calculating the amount of Indiana’s new unit set-aside for any year. However, because the amount of the new unit set-aside is computed using a fixed target percentage of the state emissions budget, this action’s increase to Indiana’s state emissions budget for 2024 and subsequent years causes an increase in the amount of Indiana’s new

unit set-aside for 2024 and subsequent years. Accordingly, EPA is adjusting the amount of the new unit set-aside for 2024 (and the minimum amount of the new unit set-aside for subsequent years) for Indiana to 227 tons, which leaves 11,018 tons as the adjusted unreserved portion of the 2024 state emissions budget available for initial allocations to existing units. For comparison, as originally calculated in the Revised CSAPR Update rulemaking, the corresponding amounts of the 2024 new unit set-aside and the unreserved portion of the 2024 state emissions budget for Indiana were 190 tons and 9,374 tons, respectively. The adjusted and original amounts of both the new unit set-aside and the unreserved portion of the state emissions budget appear as totals in the final row of Table IV.A–1.

In the third step of the allowance allocation process, EPA calculates what initial allocations the state’s existing units will receive from the unreserved portion of the budget for the relevant ozone season (*i.e.*, the portion not reserved in the new unit set-aside). In the Revised CSAPR Update rulemaking, EPA established separate sets of initial allocations for 2021, 2022, 2023, and 2024 corresponding to the state emissions budgets established for each of those years. To calculate the initial allocations from the state emissions budget for a given year, EPA first computed two values for each unit eligible to receive an initial allocation as an existing unit for that year: a value representing the unit’s historical share of total ozone season heat input for the state,²⁵ and a value representing the unit’s historical maximum ozone season NO_x emissions.²⁶ EPA then allocated the allowances from the unreserved portion of the state emissions budget for the year among the eligible units in proportion to the units’ respective historical shares of total ozone season heat input for the state, except that each unit’s allocation was capped at its

historical maximum ozone season NO_x emissions.²⁷

The Revised CSAPR Update does not provide for any changes in the amounts of initial allocations to existing units from 2024 to 2025. Starting with the 2026 ozone season, each unit’s initial allocation as an existing unit for each successive ozone season remains the amount established for 2024 as long as the unit remains eligible to receive allocations as an existing unit. If a unit becomes ineligible to receive allocations as an existing unit, the allowances that otherwise would have been allocated to the unit for each year as an existing unit are instead added to the new unit set-aside for the year.

In the original Revised CSAPR Update rulemaking, Schahfer units 17–18 and Merom units 1SG1–2SG1 were treated as ineligible to receive initial allocations as existing units in 2024, so the units were excluded from the calculations of initial allocations for that year. This action’s adjustments do not include any change to the procedures finalized in the Revised CSAPR Update for calculating the amounts of the initial allocations to Indiana EGUs as existing units, but other changes in this action cause changes in the data used in the calculations, thereby changing the amounts of the initial allocations for 2024 calculated using the previously finalized procedures. Specifically, the calculations are affected both by the shifts in individual eligible units’ historical shares of total ozone season heat input for the state that occur when the set of eligible units is expanded to include Schahfer units 17–18 and Merom units 1SG1–2SG1 and also by the increase in the unreserved portion of Indiana’s 2024 state emissions budget. The combined changes not only cause initial allocations to be provided to the four previously ineligible units but also cause increases of about 3 percent in the initial allocations to other units in the state whose initial allocations were not already capped by their historical maximum ozone season NO_x emissions. The adjusted and original initial allocations to Indiana EGUs for 2024 are summarized at the plant level in columns A and B of Table IV.A–1. Each unit receiving an adjusted initial allocation as an existing unit for 2024 will receive the same adjusted initial

²³ Because Schahfer units 17–18 and Merom units 1SG1–2SG1 have already reported operation during each ozone season from 2021 through 2024, the units will remain eligible to receive initial allocations as existing units under the Revised CSAPR Update through at least 2029.

²⁴ The final amount of the new unit set-aside for a state may be slightly higher or lower than the target amount computed using the fixed target percentage, because if the sum of the target amount plus the final rounded amounts of the initial allocations to the state’s existing units differs from the state emissions budget, the final amount of the new unit set-aside is adjusted upward or downward from the target amount as necessary to eliminate the difference. See the Revised CSAPR Update final rule Allowance Allocation technical support document at 10–11.

²⁵ For each eligible unit, EPA averaged the three highest non-zero total ozone season heat input amounts reported for the unit over a historical lookback period. Each unit’s historical share of total ozone season heat input for the state was computed as the average for that unit divided by the sum of the averages for all of the state’s eligible units. In performing this calculation for most Revised CSAPR Update states, EPA used a 5-year lookback period (2015–2019), but for Indiana, EPA used an 8-year lookback period (2012–2019) to more closely replicate the allocation methodology that Indiana had adopted in a SIP revision to replace EPA’s default unit-level allocation methodology under an earlier interstate pollution transport rule.

²⁶ EPA identified each eligible unit’s historical maximum ozone season NO_x emissions as the maximum total NO_x emissions reported for the unit in any ozone season from 2012 through 2019.

²⁷ The allocation procedure can involve multiple rounds of calculations in which allowances that otherwise would have been allocated to eligible units that have reached their caps are reallocated among the remaining eligible units that have not yet reached their caps. For a more detailed description of this procedure, see the Revised CSAPR Update final rule Allowance Allocation technical support document at 8–10.

allocation for 2025. Starting in 2026, each such unit will continue to receive the same adjusted initial allocations for successive years as long as the unit retains its eligibility to receive initial allocations as an existing unit.

In the final step of the allowance allocation process, EPA calculates how the allowances in the new unit set-aside will be allocated for the relevant ozone season. EPA carries out this step on a rolling basis for each successive ozone season during the interval between the end of the ozone season and the later compliance deadline when EGUs must hold allowances to cover their emissions for the ozone season. The allowances in each new unit set-aside are allocated through a two-round procedure. In the first round, EPA calculates allowance allocations to the state's units that operated but were not eligible to receive initial allocations as existing units for that ozone season. Each such unit receives an allocation equal to the amount of its reported emissions during that ozone season unless the sum of all such units' reported emissions exceeds the total amount of allowances in the new unit set-aside, in which case the units' allocations are reduced on a pro-rata basis. If any allowances are not allocated in the first round, EPA carries out a second round in which the remaining allowances are allocated among the state's units that were eligible to receive initial allocations for that ozone season in proportion to those units' respective initial allocations.

When the allocations of allowances in the 2024 new unit set-aside for Indiana under the Revised CSAPR Update were calculated before this action, Schahfer units 17–18 and Merom units 1SG1–2SG1 were not considered eligible to receive initial allocations as existing units for the 2024 ozone season, but the units operated during the ozone season, so they were entitled to receive first-round allocations from the new unit set-aside. All the allowances in the new unit set-aside were allocated to the four units in the first round, because the sum of the four units' reported emissions for the 2024 ozone season exceeded the total amount of allowances in the new unit set-aside and no other Indiana units were entitled to receive first-round allocations.

Because in this action EPA is making Schahfer units 17–18 and Merom units 1SG1–2SG1 eligible to receive initial allocations as existing units for 2024, the units are no longer entitled to receive first-round allocations from the 2024 new unit set-aside. Consequently, there are no longer any Indiana units entitled to allocations from 2024 new

unit set-aside in the first round, and pursuant to the second-round procedures, the entire amount of the 2024 new unit set-aside is being reallocated among all the state's units that were eligible to receive initial allocations. This action's adjustments also increase the total amount of allowances in the new unit set-aside, as discussed earlier in this section IV.A. The combined changes reduce the allocations from the 2024 new unit set-aside to Schahfer units 17–18 and Merom units 1SG1–2SG1 but also produce 2024 new unit set-aside allocations to other units in the state equal to about 2 percent of the amounts of their initial allocations as existing units. The adjusted and original allocations from the Indiana new unit set-aside for the 2024 ozone season are summarized at the plant level in columns D and E of Table IV.A–1. Allocations from the Indiana new unit set-asides for the ozone seasons in 2025 and subsequent years will be calculated in the future, after the end of each successive ozone season.

Taking all steps of the allowance allocation process together, for the 2024 ozone season this action's adjustments to unit-level allowance allocations represent large net increases in the amounts allocated to Schahfer units 17–18 and Merom units 1SG1–2SG1 and average increases of about 5 percent to the state's other units relative to the previously calculated allocations. The total changes in unit-level allocations for 2024, which include both the changes in the initial allocations to existing units and the changes in the allocations from the 2024 new unit set-aside, are summarized at the plant level in column F of Table IV.A–1. For 2025, the total changes in allocations include only the changes in initial allocations to existing units shown in column C of Table IV.A–1, because the allowances in the 2025 new unit set-aside have not yet been allocated among the state's units.

B. Notice of Availability of Data on Adjusted Allowance Allocations

Although the default unit-level allocations under each of EPA's trading programs addressing interstate transport are calculated entirely using procedures finalized as part of the relevant rulemakings, the actual amounts of the unit-level allocations are not set forth in the trading program regulations.²⁸

²⁸ The regulations for the trading program used under the Revised CSAPR Update do include the amounts of the state emissions budgets for each year and the initial portions of each budget reserved in a new unit set-aside (before any incremental amounts added to the new unit set-aside when

Rather, the regulations provide that, in instances where EPA is responsible for determining unit-level allocations of emission allowances,²⁹ the allowances from each state emissions budget are allocated among the state's EGUs as provided in notices of data availability issued by the EPA Administrator.³⁰ Allocations from different portions of a given state emissions budget may be addressed in different notices.

In 2021, EPA published a notice concerning the availability of data on the default initial allocations of allowances to existing units in all states under the Revised CSAPR Update for the ozone seasons in 2021 and subsequent years.³¹ The 2021 notice remains the applicable notice for purposes of (1) the default initial allocations to existing units in states other than Indiana under the Revised CSAPR Update for all years and (2) the default initial allocations to existing units in Indiana under the Revised CSAPR Update for the years 2021, 2022, and 2023.³² This document serves as the notice of the availability of data on the adjusted default initial allocations of allowances to existing units in Indiana under the Revised CSAPR Update for the ozone seasons in 2024 and subsequent years that EPA is establishing in this action. The adjusted initial allocations are shown in an Excel spreadsheet entitled "Adjusted Initial Allocations of Allowances to Indiana EGUs under the Revised CSAPR Update for 2024 and Beyond," which is available in the docket for this action. EPA also plans to post the spreadsheet on the Agency's website at

units in the state lose their eligibility to receive allocations as existing units). See 40 CFR 97.810(a).

²⁹ EPA's regulations provide for streamlined approval of multiple types of model SIP revisions through which states may choose to replace EPA's default unit-level allocations with state-determined unit-level allocations. See, e.g., 40 CFR 52.38(b)(8)–(9). At present, no state has an approved SIP revision establishing state-determined unit-level allowance allocations under the Revised CSAPR Update.

³⁰ See, e.g., 40 CFR 97.811(a)(1) and 97.811(b)(1)(ii)(B).

³¹ 86 FR 26719 (May 17, 2021); see also 89 FR 87963, n.20 (providing that the 2021 notice would continue to address the amounts of default unit-level allowance allocations to Indiana EGUs under the third interim final rule).

³² For the 2023 ozone season, EGUs in some of the states covered by 2021 notice, including Indiana, were not subject to the trading program requirements established under the Revised CSAPR Update but instead were subject to trading program requirements established under the Good Neighbor Plan before implementation of that rule was stayed. The default unit-level allowance allocations for 2023 under the Good Neighbor Plan were addressed in a different notice of data availability. See 88 FR 57952 (August 23, 2023).

www.epa.gov/Cross-State-Air-Pollution/csapr-allowance-allocations.

On April 22, 2025, EPA published a notice concerning the availability of data on the allocations of allowances to new and existing units in all states from the 2024 new unit set-asides under the Revised CSAPR Update and other interstate pollution transport rules.³³ The April 22, 2025, notice remains the applicable notice for purposes of (1) the 2024 new unit set-aside allocations to units under rules other than the Revised CSAPR Update in all states and (2) the 2024 new unit set-aside allocations under the Revised CSAPR Update to units in states other than Indiana. This document serves as the notice of the availability of data on the adjusted allocations from the 2024 new unit set-aside under the Revised CSAPR Update to units in Indiana that EPA is establishing in this action. The adjusted allocations are shown in an Excel spreadsheet entitled “Adjusted Allocations of Allowances to Indiana EGUs from the Revised CSAPR Update NUSA for 2024,” which is available in the docket for this action. EPA also plans to post the spreadsheet on the Agency’s website at www.epa.gov/Cross-State-Air-Pollution/csapr-compliance-year-2024-nusa-nodas.

As discussed in Section IV.A. of this document, the adjustments determined in this action affect the unit-level allocations of allowances under the Revised CSAPR Update to not only Schahfer units 17–18 and Merom units 1SG1–2SG1 but also other Indiana EGUs. The initial allocations to existing units for both 2024 and 2025 and the allocations from the 2024 new unit set-aside as calculated before this action have already been recorded in Indiana power plants’ facility accounts. In the case of every unit for which this action causes a change in the total allocations for 2024 (*i.e.*, the sum of the initial allocations to existing units for 2024 and the allocations from the 2024 new unit set-aside) the change is an increase, as suggested by the plant-level totals for 2024 shown in column F of Table IV.A–1. The same is true for the changes in the initial allocations to existing units for 2025, as suggested by the plant-level totals of such allocations shown in column C of Table IV.A–1. EPA plans to record the incremental allocations of 2024 and 2025 allowances in the appropriate facility accounts as soon as practicable on or after May 20, 2025.

V. Rulemaking Procedures and Findings of Good Cause

EPA’s authority for the rulemaking procedures followed in this action is provided by APA section 553.³⁴ In general, an agency issuing a rule under the procedures in APA section 553 must provide prior notice and an opportunity for public comment, but APA section 553(b)(3) includes an exemption from notice-and-comment requirements “when the agency for good cause finds (and incorporates the finding and a brief statement of reasons therefor in the rule issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.” This action is being issued as a final rule without prior notice or opportunity for public comment because EPA finds that the APA “good cause” exemption from notice-and-comment requirements applies here. The basis for the finding of good cause is that following notice-and-comment procedures is both unnecessary and impracticable for this action. First, the procedures are unnecessary because this action merely makes mechanical adjustments to certain calculations to end the Revised CSAPR Update’s previous reliance on certain information that was later superseded: specifically, the announcements by the owners of four Indiana EGUs that the units would be retired before 2024. The four units’ owners subsequently changed the previously announced plans, and the units actually operated in the 2024 ozone season. Second, the procedures are impracticable because under the trading program regulations, the deadline by which Indiana EGUs must hold allowances to cover their emissions for the 2024 ozone season is June 2, 2025. It was not until after EPA published an interim final rule in November 2024 staying Good Neighbor Plan implementation for Indiana sources and restoring the Revised CSAPR Update state emissions budget and unit-level allowance allocations that the sources had certainty they were no longer considered existing units and approached EPA about the lack of allocations. EPA moved expeditiously to review these concerns and quickly determined to address them through this action. If this action was issued in the form of a proposal subject to notice-and-comment procedures, the comment

period and the time needed after the close of the comment period to review any comments, prepare responses, and draft and review a final rule would likely require at least 90 additional days, extending the period before Indiana EGUs would be able to apply the additional allowances provided under this action toward their compliance obligations until after the compliance deadline for the 2024 ozone season.

The regulatory revisions made in this action will take effect immediately upon publication of the action in the **Federal Register**. In general, an agency issuing a rule under APA section 553 must provide for a period of at least 30 days between the rule’s dates of publication and effectiveness, but under APA section 553(d)(3), the normal 30-day minimum period between a rule’s dates of publication and effectiveness does not apply “as otherwise provided by the agency for good cause found and published with the rule.” EPA finds good cause to make the regulatory revisions effective as of the action’s publication date for two reasons. First, these regulatory revisions benefit the regulated community by clarifying the amounts of allowances that certain Indiana EGUs will have available to meet their compliance requirements for the 2024 ozone season. Second, making these regulatory revisions effective less than 30 days after this action’s publication date does not conflict with the purpose of the normal requirement for a 30-day minimum period, which is “to give affected parties a reasonable time to adjust their behavior before the final rule takes effect.”³⁵ The regulatory revisions in this action providing additional allowances to certain Indiana EGUs do not impose more stringent compliance requirements on any entity or require any entity to engage in further activities to achieve compliance beyond the activities that would have been necessary in the absence of this action. Thus, no affected party needs time to adjust its behavior in preparation for these regulatory revisions.

VI. Request for Comment

As explained in section V. of this document, EPA finds good cause to take this interim final action without prior notice or opportunity for public comment. However, EPA is providing an opportunity for comment on the substance of the action and, thus, requests comment on the amendments to the Revised CSAPR Update described in this document. EPA is not reopening

³⁴ Under CAA section 307(d)(1)(B), EPA’s revision of a FIP under CAA section 110(c) would normally be subject to the rulemaking procedural requirements of CAA section 307(d), including notice-and-comment procedures, but CAA section 307(d) does not apply “in the case of any rule or circumstance referred to in subparagraphs (A) or (B) of [APA section 553(b)].” CAA section 307(d)(1).

³⁵ *Omnipoint Corporation v. FCC*, 78 F.3d 620, 630 (D.C. Cir. 1996).

³³ 90 FR 16874 (April 22, 2025).

for comment any provisions of the Revised CSAPR Update or 40 CFR part 97 other than the specific provisions that are expressly amended in this interim final rule.

VII. Statutory and Executive Order Reviews

Additional information about these statutes and Executive Orders can be found at www.epa.gov/laws-regulations/laws-and-executive-orders.

A. Executive Order 12866: Regulatory Planning and Review and Executive Order 13563: Improving Regulation and Regulatory Review

This action is not a significant regulatory action and was therefore not submitted to the Office of Management and Budget (OMB) for review.

B. Executive Order 14192: Unleashing Prosperity Through Deregulation

This action is considered an Executive Order 14192 deregulatory action. This final rule provides burden reduction by increasing the amounts of the emissions budget and allowance allocations that apply for one state under the regulations for an existing trading program to reflect decisions by the owners of certain units in the state to defer or cancel previous plans to retire the units.

C. Paperwork Reduction Act

This action does not impose any new information collection burden under the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.* OMB has previously approved the information collection activities that will apply to the entities affected by this action and has assigned OMB control numbers 2060–0258 and 2060–0667. This action makes no changes to the information collection activities under the previously approved information collection requests.

D. Regulatory Flexibility Act

This action is not subject to the Regulatory Flexibility Act (RFA), 5 U.S.C. 601–612. The RFA applies only to rules subject to notice-and-comment rulemaking requirements under APA section 553, 5 U.S.C. 553, or any other statute. This rule is not subject to notice-and-comment requirements because the Agency has invoked the APA “good cause” exemption under 5 U.S.C. 553(b)(B).

E. Unfunded Mandates Reform Act

This action does not contain an unfunded mandate as described in the Unfunded Mandates Reform Act, 2 U.S.C. 1531–1538, and does not significantly or uniquely affect small

governments. This action imposes no enforceable duty on any state, local, or tribal governments or the private sector. This action simply increases the amounts of the emissions budget and allowance allocations that apply for one state under the regulations for an existing trading program to reflect decisions by the owners of certain units in the state to defer or cancel previous plans to retire the units.

F. Executive Order 13132: Federalism

This action does not have federalism implications. It will not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. This action simply increases the amounts of the emissions budget and allowance allocations that apply for one state under the regulations for an existing trading program to reflect decisions by the owners of certain units in the state to defer or cancel previous plans to retire the units.

G. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

This action does not have tribal implications as specified in Executive Order 13175. This action simply increases the amounts of the emissions budget and allowance allocations that apply for one state under the regulations for an existing trading program to reflect decisions by the owners of certain units in the state to defer or cancel previous plans to retire the units. Thus, Executive Order 13175 does not apply to this action.

H. Executive Order 13045: Protection of Children From Environmental Health Risks and Safety Risks

EPA interprets Executive Order 13045 as applying only to those regulatory actions that concern environmental health or safety risks that EPA has reason to believe may disproportionately affect children, per the definition of “covered regulatory action” in section 2–202 of the Executive Order. This action is not subject to Executive Order 13045 because it implements a previously promulgated health or safety-based federal standard. For the same reason, EPA’s Policy on Children’s Health does not apply to this action.

I. Executive Order 13211: Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use

This action is not subject to Executive Order 13211 because it is not a significant regulatory action under Executive Order 12866.

J. National Technology Transfer and Advancement Act

This rulemaking does not involve technical standards.

K. Congressional Review Act

This action is subject to the Congressional Review Act (CRA), 5 U.S.C. 801–808, and EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

L. Judicial Review

Under CAA section 307(b)(1), petitions for judicial review of this final action must be filed in the United States Court of Appeals for the appropriate circuit within 60 days from the date the action is published in the **Federal Register**. Filing a petition for reconsideration by the Administrator of this final action does not affect the finality of the action for the purposes of judicial review or extend the time within which a petition for judicial review must be filed and shall not postpone the effectiveness of the action.

List of Subjects in 40 CFR Part 97

Environmental protection, Administrative practice and procedure, Air pollution control, Electric power plants, Nitrogen oxides, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur dioxide.

Lee Zeldin,

Administrator.

For the reasons stated in the preamble, the EPA amends part 97 of title 40 of the Code of Federal Regulations as follows:

PART 97—FEDERAL NO_x BUDGET TRADING PROGRAM, CAIR NO_x AND SO₂ TRADING PROGRAMS, CSAPR NO_x AND SO₂ TRADING PROGRAMS, AND TEXAS SO₂ TRADING PROGRAM

■ 1. The authority citation for part 97 continues to read as follows:

Authority: 42 U.S.C. 7401, 7403, 7410, 7426, 7491, 7601, and 7651, *et seq.*

Subpart EEEEE—CSAPR NO_x Ozone Season Group 2 Trading Program

■ 2. Amend § 97.810 by revising paragraphs (a)(5)(iv) and (v) and (b)(5)(ii) to read as follows:

§ 97.810 State NO_x Ozone Season Group 2 trading budgets, new unit set-asides, Indian country new unit set-asides, and variability limits.

(a) * * *

(5) * * *

(iv) The NO_x Ozone Season Group 2 trading budget for 2024 and thereafter is 11,245 tons.

(v) The new unit set-aside for 2024 and thereafter is 227 tons.

* * * * *

(b) * * *

(5) * * *

(ii) The variability limit for Indiana for 2024 and thereafter is 2,361 tons.

* * * * *

Pipeline Safety: Editorial Change To Reflect the Name Change of the Gulf of Mexico to the Gulf of America

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: As directed by the Executive order of January 20, 2025, “Restoring Names That Honor American Greatness,” PHMSA is amending its regulations to change the name of the body of water known previously as the “Gulf of Mexico” to the “Gulf of America.”

DATES: This rule is effective May 20, 2025.

FOR FURTHER INFORMATION CONTACT:

Alyssa Imam, Transportation Specialist, by phone at 202–738–3850 or by email at alyssa.imam@dot.gov.

I. Executive Summary

This final rule amends the Pipeline Safety Regulations (PSR) in 49 Code of Federal Regulations (CFR) parts 186 through 199 to replace the phrase “Gulf of Mexico” with “Gulf of America” in response to Executive Order 14172, “Restoring Names That Honor American Greatness.” This nomenclature change imposes no new or revised requirements for regulated entities.

II. Background

On January 20, 2025, the President signed Executive Order (E.O.) 14172, “Restoring Names That Honor American Greatness.”¹ Among other actions, this Executive Order required the Secretary of the Interior to “take all appropriate actions to rename as the ‘Gulf of America’ the U.S. Continental Shelf area bounded on the northeast, north, and northwest by the State of Texas, Louisiana, Mississippi, Alabama, and Florida and extending to the seaward boundary with Mexico and Cuba in the area formerly named as the Gulf of Mexico.”

On February 7, 2025, the Secretary of the Interior signed Secretary’s Order 3423, “The Gulf of America.”² In Order 3423, the Secretary of the Interior directed the U.S. Board on Geographic Names (BGN) to rename immediately the Gulf of Mexico as the Gulf of America. The BGN complied with the Secretary of the Interior’s directive shortly thereafter.

Consistent with E.O. 14172, PHMSA is amending its PSR in 49 CFR parts 186 through 199 to replace the phrase “Gulf of Mexico” with “Gulf of America.” These amendments are consistent with the actions taken by BGN and other Federal agencies. *See, e.g.*, the Gulf of America Renaming final rule posted by

the United States Coast Guard on March 17, 2025.³

PHMSA finds that this final rule contains conforming amendments involving agency practice that are exempt from the notice and comment rulemaking requirements in 5 U.S.C. 553(b)(A). PHMSA also finds good cause exists under 5 U.S.C. 553(b)(B) for forgoing notice and comment because this final rule imposes no substantive changes on the public’s rights or obligations and will be inconsequential in impact. This is a conforming amendment to align our regulations with the current name of the Gulf. Therefore, notice and comment are unnecessary.

For the same reasons, PHMSA finds good cause exists under 5 U.S.C. 553(d)(3) to make the rule effective fewer than 30 days after publication in the **Federal Register**. Delaying the effective date of the rule is unnecessary because updating the name used in the PSR to identify the body of water is inconsequential to the public and the name has already been adopted by Executive Order and by the Department of Interior.

III. Summary of Amendments

PHMSA is amending the PSR in 49 CFR parts 186 through 199 to reflect the name change for the Gulf of America. This amendment is an editorial change in nomenclature that has no effect on the scope of Federal PSR and requires no action by operators to comply. The Gulf of America includes any waters identified as the Gulf of Mexico in legacy statutes, regulations, plans, or procedures, as applicable. PHMSA does not require operators to update plans, procedures, maps, or other materials that reference the Gulf of Mexico to implement this final rule; however, operators should consider appropriate updates during periodic review of such materials.

IV. Regulatory Analyses and Notices

A. Statutory/Legal Authority for Rulemaking

This final rule is published under the authority of the Secretary of Transportation delegated to the PHMSA Administrator pursuant to 49 CFR 1.97. Among the statutory authorities delegated to PHMSA are those set forth in the Federal Pipeline Safety Statutes (49 U.S.C. 60101 *et seq.*) (authorizing, *inter alia*, issuance of regulations governing design, installation, inspection, emergency plans and procedures, testing, construction,

¹ “Executive Order 14172: Restoring Names That Honor American Greatness,” 90 FR 8629 (Jan. 20, 2025).

² Secretary of the Interior, “Secretary’s Order 3423: The Gulf of America” (Feb. 7, 2025).

³ Coast Guard, “Final Rule: Gulf of America Renaming,” 90 FR 12235 (Mar. 17, 2025).

extension, operation, replacement, and maintenance of pipeline facilities) and section 28 of the Mineral Leasing Act, as amended (30 U.S.C. 185(w)(3)). For a complete listing of authorities, see 49 CFR 1.97.

B. Executive Order 12866: Regulatory Planning and Review

This final rule is not a significant regulatory action under E.O. 12866 (“Regulatory Planning and Review”)⁴ and DOT Order 2100.6B (“Rulemaking and Guidance Procedures”) and, therefore, was not subject to review by the Office of Management and Budget. In this final rule, PHMSA is revising the nomenclature for referring to the Gulf of America. This action is not intended to result in any costs or benefits.

C. Executive Order 14192: Unleashing Prosperity Through Deregulation

This final rule is not a deregulatory action pursuant to E.O. 14192 (“Unleashing Prosperity Through Deregulation”) because it does not have total costs less than zero. This final rule is not an E.O. 14192 regulatory action because it is neither a significant regulatory action as defined in Section 3(f) of E.O. 12866, nor does it impose costs greater than zero. Therefore, this final rule does not implicate the requirement to repeal or revise at least 10 existing regulations for each regulation issued.⁵

D. Regulatory Flexibility Act

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), PHMSA must consider whether rulemaking actions would have a significant economic impact on a substantial number of small entities. This final rule imposes no new obligations on pipeline operators or anyone else. PHMSA concludes this rule does not have a significant economic impact on any small entity. Based on the facts available about the expected impact of this rulemaking, PHMSA certifies, under section 605 of the Regulatory Flexibility Act (5 U.S.C. 605) that this rulemaking will not have a significant economic impact on a substantial number of small entities.

E. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

PHMSA has analyzed this direct final rule according to E.O. 13175

(“Consultation and Coordination with Indian Tribal Governments”)⁶ and DOT Order 5301.1A (“Department of Transportation Tribal Consultation Policies and Procedures”). Because this final rule does not significantly or uniquely affect the communities of the Indian tribal governments or impose substantial direct compliance costs, the funding and consultation requirements of E.O. 13175 do not apply.

F. Paperwork Reduction Act

This final rule does not impose any new information collection requirements.

G. Unfunded Mandates Reform Act of 1995

This final rule does not impose unfunded mandates under the Unfunded Mandates Reform Act of 1995. It does not result in costs of \$100 million or more to either State, local, or tribal governments, in the aggregate, or to the private sector, adjusted for inflation, and is least burdensome alternative that achieves the objective of the rulemaking.

H. National Environmental Policy Act

The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321–4347), requires Federal agencies to consider the consequences of major Federal actions and prepare a detailed statement on any action significantly affecting the quality of the human environment. Since this rule makes no changes to operators’ obligations under the PSR, this action will not result in any significant impacts on the environment.

I. Executive Order 13132: Federalism

PHMSA has analyzed this final rule according to E.O. 13132 (“Federalism”).⁷ The direct final rule does not have a substantial direct effect on the States, the relationship between the National Government and the States, or the distribution of power and responsibilities among the various levels of government. This final rule does not impose substantial direct compliance costs on State and local governments. This final rule does not preempt State law for intrastate pipelines. Therefore, the consultation and funding requirements of E.O. 13132 do not apply.

J. Energy-Related Executive Orders 13211, 14154, and 14156

Transporting gas, hazardous liquids, and carbon dioxide impacts the Nation’s

available energy supply. However, this final rule is not a “significant” energy action under E.O. 13211 (“Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use”).⁸ It also is not a significant regulatory action under E.O. 12866 and is therefore not likely to have a significant adverse effect on the supply, distribution, or use of energy for purposes of the requirements of Executive Orders 14156 (“Declaring a National Energy Emergency”)⁹ and 14154 (“Unleashing American Energy”).¹⁰ Further, the Administrator of the Office of Information and Regulatory Affairs is not likely to identify this direct final rule as a significant energy action.

K. Privacy Act Statement

Anyone may search the electronic form of all comments received for any of our dockets. You may review DOT’s complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477), or you may visit <https://www.transportation.gov/privacy>.

L. Regulation Identifier Number (RIN)

A regulation identifier number (RIN) is assigned to each regulatory action listed in the Unified Agenda of Federal Regulations. The Regulatory Information Service Center publishes the Unified Agenda in April and October of each year. The RIN number contained in the heading of this document can be used to cross-reference this action with the Unified Agenda.

M. Executive Order 13609: International Trade Analysis

E.O. 13609 (“Promoting International Regulatory Cooperation”)¹¹ requires that agencies consider whether the impacts associated with significant variations between domestic and international regulatory approaches are unnecessary or may impair the ability of American business to export and compete internationally. In meeting shared challenges involving health, safety, labor, security, environmental, and other issues, international regulatory cooperation can identify approaches that are at least as protective as those that are or would be adopted in the absence of such cooperation. International regulatory cooperation can also reduce, eliminate, or prevent unnecessary differences in regulatory requirements.

⁴ 58 FR 51753 (Oct. 4, 1993).

⁵ 90 FR 9065 (Feb. 6, 2025); Office of Management and Budget, Memorandum M–25–20 (Mar. 26, 2025), available at <https://www.whitehouse.gov/wp-content/uploads/2025/02/M-25-20-Guidance-Implementing-Section-3-of-Executive-Order-14192-Titled-Unleashing-Prosperity-Through-Deregulation.pdf>.

⁶ 65 FR 67249 (Nov. 6, 2000).

⁷ 64 FR 43255 (Aug. 10, 1999).

⁸ 66 FR 28355 (May 18, 2001).

⁹ 90 FR 10583 (Feb. 25, 2025).

¹⁰ 90 FR 9065 (Feb. 6, 2025).

¹¹ 77 FR 26413 (May 4, 2012).

PHMSA participates in the establishment of international standards to protect the safety of the American public, and it has assessed the effects of the action to ensure that it does not cause unnecessary obstacles to foreign trade. Accordingly, this rulemaking is consistent with E.O. 13609.

List of Subjects

49 CFR Part 191

Incident, Notifications.

49 CFR Part 192

Definitions, Natural gas, Pipeline safety.

49 CFR Part 195

Anhydrous ammonia, Carbon dioxide, Definitions, Petroleum, Pipeline safety.

For the reasons provided in the preamble, PHMSA amends 49 CFR parts 191, 192, and 195 as follows:

PART 191—TRANSPORTATION OF NATURAL AND OTHER GAS BY PIPELINE; ANNUAL, INCIDENT, AND OTHER REPORTING

■ 1. The authority citation for 49 CFR part 191 continues to read as follows:

Authority: 30 U.S.C. 185(w)(3), 49 U.S.C. 5121, 60101 *et. seq.*, and 49 CFR 1.97.

§ 191.1 [Amended]

■ 2. In § 191.1(c)(3), remove the words “Gulf of Mexico” and add, in their place, “Gulf of America.”

PART 192—TRANSPORTATION OF NATURAL AND OTHER GAS BY PIPELINE: MINIMUM FEDERAL SAFETY STANDARDS

■ 3. The authority citation for 49 CFR part 192 continues to read as follows:

Authority: 30 U.S.C. 185(w)(3), 49 U.S.C. 5103, 60101 *et. seq.*, and 49 CFR 1.97.

§ § 192.1, 192.319, 192.327, and 192.612 [Amended]

■ 4. In part 192, remove the words “Gulf of Mexico” and add, in their place, “Gulf of America” in the following places:

- a. Section 192.1(b)(4)(iii);
- b. Section 192.319(c);
- c. Section 192.327(f) introductory text and (g); and
- d. The heading of § 192.612 and § 192.612(a) and (b).

■ 5. In § 192.3:

- a. Remove the definition of “Gulf of Mexico and its inlets”; and
- b. Add the definition of “Gulf of America and its inlets” in alphabetical order.

The addition reads as follows:

§ 192.3 Definitions.

* * * * *

Gulf of America and its inlets means the waters from the mean high water mark of the coast of the Gulf of America and its inlets open to the sea (excluding rivers, tidal marshes, lakes, and canals) seaward to include the territorial sea and Outer Continental Shelf to a depth of 15 feet (4.6 meters), as measured from the mean low water.

* * * * *

PART 195—TRANSPORTATION OF HAZARDOUS LIQUIDS BY PIPELINE

■ 6. The authority citation for 49 CFR part 195 continues to read as follows:

Authority: 30 U.S.C. 185(w)(3), 49 U.S.C. 5103, 60101 *et seq.*, and 49 CFR 1.97.

§ § 195.1, 195.246, 195.248, and 195.413 [Amended]

■ 7. In part 195, remove the words “Gulf of Mexico” and add, in their place, “Gulf of America” in the following places:

- a. Section 195.1(a)(4)(iii) and (b)(4);
- b. Section 195.246(b);
- c. Section 195.248(a) and (b) introductory text; and
- d. The heading of § 195.413 and § 195.413(a) and (b).

■ 9. In § 195.2:

- a. Remove the definition of “Gulf of Mexico and its inlets”; and
- b. Add the definition of “Gulf of America and its inlets” in alphabetical order.

The addition reads as follows:

§ 195.2 Definitions.

* * * * *

Gulf of America and its inlets means the waters from the mean high water mark of the coast of the Gulf of America and its inlets open to the sea (excluding rivers, tidal marshes, lakes, and canals) seaward to include the territorial sea and Outer Continental Shelf to a depth of 15 feet (4.6 meters), as measured from the mean low water.

* * * * *

Issued in Washington, DC, on May 15, 2025, under the authority delegated in 49 CFR 1.97.

Benjamin D. Kochman,

Acting Administrator.

BILLING CODE 4910–60–P

Proposed Rules

Federal Register

Vol. 90, No. 96

Tuesday, May 20, 2025

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2025-0908; Project Identifier MCAI-2025-00035-T]

RIN 2120-AA64

Airworthiness Directives; Bombardier, Inc., Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to adopt a new airworthiness directive (AD) for certain Bombardier, Inc., Model BD-700-1A10 airplanes. This proposed AD was prompted by a report indicating that the clearance between therapeutic flexible oxygen hoses and electrical harnesses may be non-compliant to design requirements, and that positive separation mechanisms and appropriate protective barriers may not have been installed in accordance with the applicable installation standards. This proposed AD would require a detailed inspection of the therapeutic flexible oxygen hose for damage and protection, and the electrical harnesses for damage; a detailed inspection for the clearance between the therapeutic oxygen rigid tube to oxygen hose elbow fitting (also referred to as elbow fitting), if applicable, and the nearest electrical harness, and between the therapeutic flexible oxygen hose and electrical harness; and applicable related investigative and corrective actions. The FAA is proposing this AD to address the unsafe condition on these products.

DATES: The FAA must receive comments on this proposed AD by July 7, 2025.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to [regulations.gov](https://www.regulations.gov). Follow the instructions for submitting comments.

- *Fax:* 202-493-2251.

- *Mail:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

- *Hand Delivery:* Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

AD Docket: You may examine the AD docket at [regulations.gov](https://www.regulations.gov) under Docket No. FAA-2025-0908; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this NPRM, the mandatory continuing airworthiness information (MCAI), any comments received, and other information. The street address for Docket Operations is listed above.

Material Incorporated by Reference:

- For Bombardier material identified in this proposed AD, contact Bombardier Business Aircraft Customer Response Center, 400 Côte-Vertu Road West, Dorval, Québec H4S 1Y9, Canada; telephone 514-855-2999; email ac.yul@aero.bombardier.com; website [bombardier.com](https://www.bombardier.com).

- You may view this material at the FAA, Airworthiness Products Section, Operational Safety Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206-231-3195.

FOR FURTHER INFORMATION CONTACT: Brenda L. Buitrago, Aviation Safety Engineer, FAA, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; phone: 516-228-7300; email: 9-avs-nyaco-cos@faa.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

The FAA invites you to send any written relevant data, views, or arguments about this proposal. Send your comments to an address listed under the **ADDRESSES** section. Include “Docket No. FAA-2025-0908; Project Identifier MCAI-2025-00035-T” at the beginning of your comments. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. The FAA will consider all comments received by the closing date and may amend the proposal because of those comments.

Except for Confidential Business Information (CBI) as described in the

following paragraph, and other information as described in 14 CFR 11.35, the FAA will post all comments received, without change, to [regulations.gov](https://www.regulations.gov), including any personal information you provide. The agency will also post a report summarizing each substantive verbal contact received about this NPRM.

Confidential Business Information

CBI is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this NPRM contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this NPRM, it is important that you clearly designate the submitted comments as CBI. Please mark each page of your submission containing CBI as “PROPIN.” The FAA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this NPRM. Submissions containing CBI should be sent to contact Brenda L. Buitrago, Aviation Safety Engineer, FAA, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; phone: 516-228-7300; email: 9-avs-nyaco-cos@faa.gov. Any commentary that the FAA receives which is not specifically designated as CBI will be placed in the public docket for this rulemaking.

Background

Transport Canada, which is the aviation authority for Canada, has issued Transport Canada AD CF-2025-02, dated January 14, 2025 (Transport Canada AD CF-2025-02) (also referred to as the MCAI), to correct an unsafe condition on certain Bombardier, Inc., Model BD-700-1A10 airplanes. The MCAI states that Bombardier, Inc., has discovered that the clearance between therapeutic flexible oxygen hoses and electrical harnesses may be non-compliant to design requirements, and that the positive separation mechanisms and appropriate protective barriers may not have been installed in accordance with the applicable installation standards. The MCAI also states that instances of hard fouling have been observed on the production line, which

could lead to damage to the electrical harness and subsequent latent failure of the firewall hydraulic shutoff valve. This condition could result in the inability to control a powerplant fire in the presence of a hydraulic fluid leak.

The FAA is proposing this AD to address the unsafe condition on these products.

You may examine the MCAI in the AD docket at *regulations.gov* under Docket No. FAA–2025–0908.

Material Incorporated by Reference Under 1 CFR Part 51

The FAA reviewed Bombardier Service Bulletin 700–35–016, Bombardier Service Bulletin 700–35–6006, and Bombardier Service Bulletin 700–35–6503, all dated June 12, 2024. This material specifies procedures for accomplishing the following actions near fuselage station (FS) 530 right-hand side (RHS) and FS 650.00 RHS and applicable related investigative and corrective actions, including:

- A detailed inspection to determine the gap between the clocking angle of the therapeutic oxygen rigid tube to oxygen hose elbow fitting, if equipped, and the nearest electrical harness.
- A detailed inspection for damage (*i.e.*, crushing, fraying, or permanent deformation) to the therapeutic flexible oxygen hose, part number (P/N) 38911–5–0250, and to determine if protection (*i.e.*, split convolex shroud, P/N HCTE0437–0–SP or similar, or spiral wrap, P/N TSW ¼ or similar) is installed on the therapeutic flexible oxygen hose.
- A detailed inspection of the electrical harnesses surrounding the therapeutic flexible oxygen hose for

damage (*i.e.*, damaged wire sheathing or cut or nicked wires).

The applicable corrective actions include the following:

- If the gap between the clocking angle of the therapeutic oxygen rigid tube to oxygen hose elbow fitting and nearest harness is less than 0.5 inches, adjusting the elbow fitting to ensure the maximum possible clearance between the fitting and nearest harness.
- If the clearance between the wiring harness and oxygen hose is less than 0.5 inches, installing a Teflon cable wrap or Nomex sleeving on the wiring harness.
- Replacing any damaged therapeutic flexible oxygen hose with a new hose.
- Installing a split convolex shroud (P/N HCTE0437–0–SP) on the therapeutic flexible oxygen hose, if the protection is missing.
- Repairing any damaged electrical harnesses surrounding the therapeutic flexible oxygen hose.

The related investigative actions are leak and operational tests of the therapeutic oxygen system if any parts are repaired or replaced.

These documents are distinct since they apply to different airplane configurations.

This material is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the ADDRESSES section.

FAA’s Determination

This product has been approved by the aviation authority of another country and is approved for operation in the United States. Pursuant to the FAA’s bilateral agreement with this State of Design Authority, it has notified the

FAA of the unsafe condition described in the MCAI and material referenced above. The FAA is issuing this NPRM after determining that the unsafe condition described previously is likely to exist or develop on other products of the same type design.

Proposed AD Requirements in This NPRM

This proposed AD would require accomplishing the actions specified in the material already described. See “Differences Between This Proposed AD and the Referenced Material” for a discussion of the general differences included in this AD.

Differences Between This Proposed AD and the Referenced Material

Steps 2.B.(7) and (14) of Bombardier Service Bulletin 700–35–016, Bombardier Service Bulletin 700–35–6006, and Bombardier Service Bulletin 700–35–6503, all dated June 12, 2024, specify a corrective action to install a Teflon cable wrap or Nomex sleeving on the electrical wiring harness if the clearance between the electrical wiring harness and therapeutic flexible oxygen hose is less than 0.5 inches. This proposed AD clarifies that prior to that corrective action, a detailed inspection to determine the clearance between the electrical wiring harnesses and therapeutic flexible oxygen hose must be performed.

Costs of Compliance

The FAA estimates that this AD, if adopted as proposed, would affect 317 airplanes of U.S. registry. The FAA estimates the following costs to comply with this proposed AD:

ESTIMATED COSTS FOR REQUIRED ACTIONS

Labor cost	Parts cost	Cost per product	Cost on U.S. operators
10 work-hours × \$85 per hour = \$850	\$0	\$850	\$269,450

The FAA has received no definitive data on which to base the cost estimates for the on-condition actions specified in this proposed AD.

The FAA has included all known costs in its cost estimate. According to the manufacturer, however, some or all of the costs of this proposed AD may be covered under warranty, thereby reducing the cost impact on affected operators.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA’s authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of

the FAA Administrator. Subtitle VII: Aviation Programs, describes in more detail the scope of the Agency’s authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701: General requirements. Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an

unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

The FAA determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

(1) Is not a “significant regulatory action” under Executive Order 12866,

(2) Would not affect intrastate aviation in Alaska, and

(3) Would not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive:

Bombardier, Inc.: Docket No. FAA–2025–0908; Project Identifier MCAI–2025–00035–T.

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) by July 7, 2025.

(b) Affected ADs

None.

(c) Applicability

This AD applies to Bombardier, Inc., Model BD–700–1A10 airplanes, certificated in any category, as identified in Bombardier Service Bulletin 700–35–016, dated June 12, 2024; Bombardier Service Bulletin 700–35–6006, dated June 12, 2024; and Bombardier Service Bulletin 700–35–6503, dated June 12, 2024.

(d) Subject

Air Transport Association (ATA) of America Code 35, Oxygen.

(e) Unsafe Condition

This proposed AD was prompted by a report indicating that the clearance between therapeutic flexible oxygen hoses and electrical harnesses may be non-compliant to design requirements, and that positive separation mechanisms and appropriate protective barriers may not have been installed in accordance with the applicable installation standards. The FAA is proposing this AD to prevent damage to the electrical harness for the therapeutic flexible oxygen hose and subsequent latent failure of the firewall hydraulic shutoff valve. The unsafe condition, if not addressed, could result in the inability to control a powerplant fire in the presence of a hydraulic fluid leak.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Detailed Inspections and Related Investigative and Corrective Actions

Within 10 years after the effective date of this AD, do all the actions specified in paragraphs (g)(1) through (4) of this AD, and do all the applicable related investigative and corrective actions before further flight, in accordance with sections 2.B and 2.C of the Accomplishment Instructions of Bombardier Service Bulletin 700–35–016, Bombardier Service Bulletin 700–35–6006, and Bombardier Service Bulletin 700–35–6503, all dated June 12, 2024, as applicable.

(1) Do a detailed inspection to determine the gap between the clocking angle of the therapeutic oxygen rigid tube to oxygen hose elbow fitting, if equipped, and the nearest electrical harness.

(2) Do a detailed inspection of the therapeutic flexible oxygen hose, P/N 38911–5–0250, for damage and to determine if protection is installed on the hose.

(3) Do a detailed inspection of the electrical harnesses surrounding the therapeutic flexible oxygen hose for damage.

(4) Do a detailed inspection to determine the clearance between the electrical harnesses and therapeutic flexible oxygen hose.

(h) Additional AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, International Validation Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or responsible Flight Standards Office, as appropriate. If sending information directly to the manager of the International Validation Branch, send it to the attention of the person identified in paragraph (i) of this AD and email to: AMOC@faa.gov. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the responsible Flight Standards Office.

(2) *Contacting the Manufacturer:* For any requirement in this AD to obtain instructions from a manufacturer, the instructions must be accomplished using a method approved by the Manager, International Validation Branch, FAA; or Transport Canada; or Bombardier, Inc.’s Transport Canada Design Approval Organization (DAO). If approved by the DAO, the approval must include the DAO-authorized signature.

(i) Additional Information

For more information about this AD, contact Brenda L. Buitrago, Aviation Safety Engineer, FAA, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; phone: 516–228–7300; email: 9-avs-nyaco-cos@faa.gov.

(j) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference of

the material listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 300

[REG–107459–24]

RIN 1545–BR22

Estate Tax Closing Letter User Fee Update

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: In the Rules and Regulations section of this issue of the **Federal Register**, the Department of the Treasury (Treasury Department) and the IRS are issuing interim final regulations that amend the current regulations to reduce the amount of the user fee imposed on authorized persons requesting the issuance of IRS Letter 627, also referred to as an estate tax closing letter. The text of the interim final regulations also serves as the text of these proposed regulations.

DATES: Electronic or written comments must be received by July 21, 2025.

ADDRESSES: Commenters are strongly encouraged to submit public comments

electronically. Submit electronic submissions via the Federal eRulemaking Portal at <https://www.regulations.gov> (indicate IRS and REG-107459-24) by following the online instructions for submitting comments. Once submitted to the Federal eRulemaking Portal, comments cannot be edited or withdrawn. The Treasury Department and the IRS will publish for public availability any comments submitted to the IRS's public docket. Send paper submissions to: CC:PA:01:PR (REG-107459-24), Room 5203, Internal Revenue Service, P.O. Box 7604, Ben Franklin Station, Washington, DC 20044.

FOR FURTHER INFORMATION CONTACT:

Concerning the proposed regulations, Juli Ro Kim at (202) 317-6859; concerning cost methodology, Michael A. Weber at (202) 317-6090; concerning submissions of comments, Publications and Regulations Branch at (202) 317-6901 (not toll-free numbers).

SUPPLEMENTARY INFORMATION:

Authority

This notice of proposed rulemaking proposes amendments to 26 CFR part 300 regarding user fees for authorized persons who request the issuance of an estate tax closing letter (IRS Letter 627) by cross-reference to interim final regulations in the Rules and Regulations section of this issue of the **Federal Register** regarding this topic.

The Independent Offices Appropriations Act of 1952 (IOAA) (31 U.S.C. 9701) authorizes each agency to prescribe regulations that establish user fees for services provided by the agency. The IOAA provides that regulations implementing user fees are subject to policies prescribed by the President; these policies are set forth in the Office of Management and Budget Circular A-25, 58 FR 38142 (July 15, 1993) (OMB Circular A-25).

The IOAA states that the services provided by an agency should be self-sustaining to the extent possible. Under OMB Circular A-25, agencies that provide services that confer special benefits on identifiable recipients beyond those accruing to the general public must identify those services, determine whether user fees should be assessed for those services, and, if so, establish user fees that recover the full cost of providing those services, unless an exception to the full cost requirement is granted. As required by the IOAA and OMB Circular A-25, agencies are to review user fees biennially and update them as necessary to reflect changes in the cost of providing the underlying services.

Background and Explanation of Provisions

Interim final regulations in the Rules and Regulations section of this issue of the **Federal Register** amend regulations under 26 CFR part 300 setting a user fee for authorized persons who request the issuance of an estate tax closing letter. The text of the interim final regulations also serves as the text of these proposed regulations. The preamble to the interim final regulations explains the interim final regulations and these proposed regulations.

Special Analyses

I. Regulatory Planning and Review

The OMB's Office of Information and Regulatory Analysis has determined that this regulation is not significant and is not subject to review under section 6(b) of Executive Order 12866.

II. Regulatory Flexibility Act

Pursuant to the Regulatory Flexibility Act (5 U.S.C. chapter 6), it is hereby certified that these proposed regulations will not have a significant economic impact on a substantial number of small entities. The proposed regulations, which reduce the amount of a fee to obtain a particular service, affect decedents' estates, which generally are not "small entities" as defined under 5 U.S.C. 601(6). Thus, these proposed regulations have no economic impact on small entities. In addition, the interim final regulations will establish a \$56 fee, which is a reduction from the previously established fee and is not substantial enough to have a significant economic impact on any entities that could be affected by establishing such a fee. Accordingly, the Secretary certifies that the rule will not have a significant economic impact on a substantial number of small entities.

III. Unfunded Mandates Reform Act

Section 202 of the Unfunded Mandates Reform Act of 1995 requires that agencies assess anticipated costs and benefits and take certain other actions before issuing a final rule that includes any Federal mandate that may result in expenditures in any one year by a State, local, or Tribal government, in the aggregate, or by the private sector, of \$100 million in 1995 dollars, updated annually for inflation. This rule does not include any Federal mandate that may result in expenditures by State, local, or Tribal governments, or by the private sector in excess of that threshold.

IV. Executive Order 13132: Federalism

Executive Order 13132 (Federalism) prohibits an agency from publishing any rule that has federalism implications if the rule either imposes substantial, direct compliance costs on State and local governments, and is not required by statute, or preempts State law, unless the agency meets the consultation and funding requirements of section 6 of the Executive order. These proposed regulations do not have federalism implications and do not impose substantial direct compliance costs on State and local governments or preempt State law within the meaning of the Executive order.

V. Submission to Small Business Administration

Pursuant to section 7805(f) of the Internal Revenue Code, this notice of proposed rulemaking has been submitted to the Chief Counsel of the Office of Advocacy of the Small Business Administration for comment on its impact on small business.

Comments

Consideration will be given to comments that are submitted timely to the IRS as prescribed in this preamble under the **ADDRESSES** heading of this preamble. The Treasury Department and IRS request comments on all aspects of the proposed regulations. Any comments submitted will be made available at <https://www.regulations.gov> or upon request.

Drafting Information

The principal author of these regulations is Juli Ro Kim of the Office of the Associate Chief Counsel (Passthroughs, Trusts, and Estates). Other personnel from the Treasury Department and the IRS participated in the development of the regulations.

List of Subjects in 26 CFR Part 300

Estate taxes, Reporting and recordkeeping requirements.

Proposed Amendments to the Regulations

Accordingly, the Treasury Department and the IRS propose to amend 26 CFR part 300 as follows:

PART 300—USER FEES

■ **Paragraph 1.** The authority citation for part 300 continues to read, in part, as follows:

Authority: 31 U.S.C. 9701.

■ **Par. 2.** Section 300.12 is amended by revising paragraph (b) and (d) to read as follows:

§ 300.12 Fee for estate tax closing letter.

* * * * *

(b) [The text of proposed § 300.12(b) is the same as the text of § 300.12(b) in the interim final rule published elsewhere in this issue of the **Federal Register**].

* * * * *

(d) [The text of proposed § 300.12(d) is the same as the text of § 300.12(d) in the interim final rule published elsewhere in this issue of the **Federal Register**].

Edward Killen,

Acting Chief Tax Compliance Officer.

BILLING CODE 4830–01–P

DEPARTMENT OF EDUCATION

34 CFR Chapter III

[ED–2025–OESE–0021]

Proposed Waiver and Extension of the Project Period With Funding for Arts in Education National Program

AGENCY: Office of Elementary and Secondary Education (OESE), Department of Education.

ACTION: Proposed waiver and extension of project period with funding.

SUMMARY: The Secretary proposes to waive the requirements in the Education Department General Administrative Regulations that generally prohibit project period extensions involving the obligation of additional Federal funds. The proposed waiver and extension would enable one project under Assistance Listing Number (ALN) 84.351A to receive funding for one additional period, not to exceed September 30, 2026.

DATES: We must receive your comments on or before June 20, 2025.

ADDRESSES: Comments must be submitted via the Federal eRulemaking Portal at www.regulations.gov. However, if you require an accommodation or cannot otherwise submit your comments via www.regulations.gov, please contact the program contact person listed under **FOR FURTHER INFORMATION CONTACT**. The Department will not accept comments submitted after the comment period. To ensure that we do not receive duplicate copies, please submit your comments only once. In addition, please include the Docket ID at the top of your comments.

Federal eRulemaking Portal: Go to www.regulations.gov to submit your comments electronically. Information

on using *Regulations.gov*, including instructions for accessing agency documents, submitting comments, and viewing the docket, is available on the site under “FAQ.”

Privacy Note: OESE’s policy is generally to make comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at www.regulations.gov. Therefore, commenters should include in their comments only information about themselves that they wish to make publicly available.

FOR FURTHER INFORMATION CONTACT:

Simon Earle, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202–5076. Telephone: (202) 453–7923. Email: assistanceforartseducation@ed.gov.

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7–1–1.

SUPPLEMENTARY INFORMATION:

Invitation to Comment: We invite you to submit comments regarding this proposed waiver and extension. To ensure that your comments have maximum effect in developing the notice of final waiver and extension, we urge you to identify clearly the specific grantee or grantees (listed in the table under the *Background* section) that each comment addresses.

We invite you to assist us in complying with the specific requirements of Executive Orders 12866, 13563, and 14192 and their overall requirement of reducing regulatory burden that might result from the proposed waiver and extension. Please let us know of any further ways we could reduce potential costs or increase potential benefits while preserving the effective and efficient administration of the program.

During and after the comment period, you may inspect public comments about the proposed priority and definition by accessing *Regulations.gov*.

Assistance to Individuals with Disabilities in Reviewing the Rulemaking Record: On request, we will provide an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for the proposed waiver and extension. If you want to schedule an appointment for this type of accommodation or auxiliary aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Background: The Elementary and Secondary Education Act, as amended (ESEA) authorizes awards under the Assistance for Arts Education (AAE) to promote arts education for students, including disadvantaged students and students who are children with disabilities. In FY 2021, the Department offered the AAE program as one grant program. In prior years, the Department held three separate grant competitions under section 4642 of the ESEA: Arts in Education Development and Dissemination, Professional Development for Arts Educators, and Arts in Education National Program (AENP).

The Consolidated Appropriations Act, 2022 directed the Department “to carry out a separate competition for eligible national nonprofit organizations, as described in the Applications for New Awards; Assistance for Arts Education Program—Arts in Education National Program published in the **Federal Register** on May 7, 2018 (83 FR 20056), for activities described under section 4642(a)(1)(C)” of the ESEA. In addition, the Explanatory Statement for Division H of the Consolidated Appropriations Act, 2022 (Pub. L. 117–103) (2022 Appropriations Explanatory Statement) included language directing the Department “to award prior experience points to applicants that have conducted an Arts in Education National Program project during budget periods 2018–19, 2019–20, and 2020–21.”

The explanatory statements accompanying the Consolidated Appropriations Act, 2023 and the Consolidated Appropriations Act, 2024 similarly directed the Department to use funds for AAE “. . . for continuation grants for eligible national nonprofit organizations, as described in the Applications for New Awards; Assistance for Arts Education Program published in the **Federal Register** on May 31, 2022, for activities described under section 4642(a)(1)(C).” The Full-Year Continuing Appropriations and Extensions Act, 2025 provided continuing appropriations for FY 2025 under the same requirements, authorities, conditions, limitations, and other provisions applicable to the Consolidated Appropriations Act, 2024. Thus, the Department is directed to provide a continuation grant for the AENP grantee first awarded in FY 2022.

In FY 2022 the Department made one 36-month award under the AENP as follows:

FY 2022 award under ALN 84.351A	Grantee project name/topic area
S351A220007	John F Kennedy Center for the Performing Arts: Kennedy Center National Arts Education Program.

The current project period for this grantee ends on September 30, 2025.

Waivers and Extensions: The Department proposes to extend the project end date of the current FY 2022 84.351A AENP grant by one year to comply with the directive in the Full-Year Continuing Appropriations and Extensions Act, 2025 and align with the dates of the AAE awards funded in FY 2021 under ALN 84.351A, which are scheduled to receive their final year of funding in FY 2025, and end on September 30, 2026. As a result, for this project, the Secretary proposes to waive the requirements in 34 CFR 75.261(a) and (b)(2), which allow the extension of a project period only if the extension does not involve the obligation of additional Federal funds. The waiver will allow the Department to issue a continuation award in FY 2025, as directed by Congress to the currently funded 84.351A AENP project at an amount consistent with the amount awarded in FY 2024.

Any activities carried out during the year of this continuation award must be consistent with, or a logical extension of, the scope, goals, and objectives of the grantee's application as approved in the FY 2022 competition. The requirements for continuation awards are set forth in 34 CFR 75.253.

Intergovernmental Review

This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the

Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

Regulatory Flexibility Act Certification

The Secretary certifies that the proposed waiver and extension of the project period would not have a significant economic impact on a substantial number of small entities. The only entity that would be affected by the proposed waiver and extension of the project period is the current AENP grantee.

The Secretary certifies that the proposed waiver and extension would not have a significant economic impact on this entity, because the extension of an existing project period imposes minimal compliance costs, and the activities required to support the additional year of funding would not impose additional regulatory burdens or require unnecessary Federal supervision.

Paperwork Reduction Act of 1995

This notice of proposed waiver and extension of the project period does not contain any information collection requirements.

Accessible Format: On request to the program contact person listed under **FOR**

FURTHER INFORMATION CONTACT, individuals with disabilities can obtain this document in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc, or other accessible format.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF, you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Hayley B. Sanon,

Principal Deputy Assistant Secretary and Acting Assistant Secretary, Office of Elementary and Secondary Education.

Notices

Federal Register

Vol. 90, No. 96

Tuesday, May 20, 2025

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by June 20, 2025 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: National Animal Health Monitoring System; Poultry 2025 Small Enterprise Study.

OMB Control Number: 0579–0260 (Reinstatement).

Summary of Collection: Collection and dissemination of animal and poultry health information is mandated by 7 U.S.C. 8301, The Animal Health Protection Act of 2002. Thus, the Department of Agriculture is responsible for protecting the health of our Nation's livestock and poultry populations by preventing the introduction and interstate spread of contagious, infectious, or communicable diseases of livestock and poultry and for eradicating such diseases from the United States when feasible. In connection with this mission, the Animal and Plant Health Inspection Service (APHIS) operates the National Health Monitoring System (NAHMS), which collects, on a national basis, statistically valid and scientifically sound data on the prevalence and economic importance of livestock and poultry diseases. During the Fall of 2025, NAHMS will conduct a national data collection for poultry through a national study, Poultry 2025 Small Enterprise.

Need and Use of the Information: Through the reinstatement of this information collection, APHIS will collect information using a questionnaire and the data will be important for establishing baseline health, management, and biosecurity information for U.S. small enterprise chicken broiler, table egg layer, and meat turkey operations. This information is important for producer preparedness and response for animal health emergencies, including highly pathogenic avian influenza (HPAI). The collected data will be used to: (1) Establish national and regional production measures for producer, veterinary, and industry references; (2) predict or detect national and regional trends in disease emergence and movement; (3) address emerging issues; (4) aid in disease preparedness; (5) evaluate biosecurity practices of small enterprise producers and determine what sort of informational resources may be most useful for this population; (6) provide estimates of both outcome (disease or other parameters) and

exposure (risks and components) variables that can be used in analytic studies in the future by NAHMS; (7) provide input into the design of surveillance systems for specific diseases; and (8) provide parameters for animal disease spread models.

Without the aforementioned data, the U.S.' ability to establish baseline health, management, and biosecurity information for this portion of the poultry industry, and the ability to use that information in preparedness and response to HPAI would be reduced or nonexistent.

Description of Respondents: Business or other for-profit.

Number of Respondents: 5,525.

Frequency of Responses: Reporting: Other (four times).

Total Burden Hours: 2,872.

Rachelle Ragland-Greene,

Departmental Information Collection Clearance Officer.

ACTION: Notice of renewal.

SUMMARY: The U.S. Commission on Civil Rights (Commission) is publishing this notice to announce the renewal of the Puerto Rico Advisory Committee (Committee). The Commission has determined that the renewal of the Committee is necessary and in the public's interest, and the Commission has consulted with the General Services Administration's Committee Management Secretariat regarding the Committee's renewal.

FOR FURTHER INFORMATION CONTACT: David Mussatt, Committee Management Officer, at 312-353-8311 or dmussatt@usccr.gov.

SUPPLEMENTARY INFORMATION: Pursuant to section 14(a)(2)(A) of the Federal Advisory Committee Act (Pub. L. 92-463), the Commission is giving notice of the charter renewal for the Committee. The Committee provides advice and recommendations to the Commission on civil rights matters within Puerto Rico. The Committee is composed of representatives who represent the political viewpoints of the Commissioners. The diversity of the Committee ensures the requisite range of views and expertise necessary to discharge its responsibilities. For Committee-related documents, visit the Committee page on the Commission's website at <https://www.usccr.gov/advisory-committees/puerto-rico>.

Dated: May 15, 2025.

David Mussatt,

Supervisory Chief, Regional Programs Unit.

BILLING CODE P

COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Michigan Advisory Committee to the U.S. Commission on Civil Rights

AGENCY: U.S. Commission on Civil Rights.

ACTION: Notice of public meeting.

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act, that the Michigan Advisory Committee (Committee) to the U.S. Commission on Civil Rights will hold a public business meeting via Zoom. The purpose of the meeting is to continue discussing committee procedures and project process.

DATES: Monday, June 9, 2025, from 12 p.m.-1:30 p.m. Eastern Time.

ADDRESSES: The meeting will be held via Zoom Webinar.

Registration Link (Audio/Visual):
https://www.zoomgov.com/webinar/register/WN_3sJKaCZZRd6wJLo-y5e0Vg.
Join by Phone (Audio Only): (833) 435-1820 (USA Toll-Free); Webinar ID: 160 839 0199.

FOR FURTHER INFORMATION CONTACT: Melissa Wojnaroski, Designated Federal Officer, at mwojnaroski@usccr.gov or (202) 618-4158.

SUPPLEMENTARY INFORMATION: This committee meeting is available to the public through the registration link above. Any interested members of the public may listen to the meeting. An open comment period will be provided to allow members of the public to make oral comments as time allows. Per the Federal Advisory Committee Act, public minutes of the meeting will include a list of persons who are present at the meeting. If joining via phone, callers can expect to incur regular charges for calls they initiate over wireless lines, according to their wireless plan. The Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Closed captioning will be available for individuals who are deaf, hard of hearing, or who have certain cognitive or learning impairments. To request additional accommodations, please email Sarah Villanueva, Support Specialist, at svillanueva@usccr.gov at least 10 business days prior to the meeting.

Members of the public are entitled to submit written comments; the comments must be received in the regional office within 30 days following the meeting. Written comments may be emailed to Melissa Wojnaroski at mwojnaroski@usccr.gov. Persons who desire additional information may contact the Regional Programs Coordination Unit at (202) 618-4158.

Records generated from this meeting may be inspected and reproduced at the Regional Programs Coordination Unit Office, as they become available, both

before and after the meeting. Records of the meetings will be available via the file sharing website, <https://bit.ly/43f9RaP>. Persons interested in the work of this Committee are directed to the Commission's website, <http://www.usccr.gov>, or may contact the Regional Programs Coordination Unit at the above phone number.

Agenda

- I. Welcome & Roll Call
- II. Civil Rights Discussion
- III. Public Comment
- IV. Next Steps
- V. Adjournment

Dated: May 15, 2025.

David Mussatt,

Supervisory Chief, Regional Programs Unit.

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

First Responder Network Authority; Public Combined Board and Board Committees Meeting

AGENCY: First Responder Network Authority (FirstNet Authority), National Telecommunications and Information Administration (NTIA), U.S. Department of Commerce.

ACTION: Announcement of meeting.

SUMMARY: The FirstNet Authority Board will convene an open public meeting of the Board and Board Committees.

DATES: June 2, 2025; 9:30 a.m. to 10:30 a.m. Pacific Daylight Time (PDT); Bellevue, Washington.

ADDRESSES: The meeting will be held at the Hyatt Regency—Bellevue at 900 Bellevue Way NE, Bellevue, Washington 98004-4272. Members of the public are not able to attend in person but may listen to the meeting and view the presentation by joining from the Microsoft Teams meeting link: https://teams.microsoft.com/l/meetup-join/19%3ameeting_NDM4MDA0MTItNWUyOS00NTQyLTk3MTAtZjUyMGRmZjBiZDVl%40thread.v2/0?context=%7b%22Tid%22%3a%221db2827d-3655-460f-9157-5f2e4f5219d9%22%2c%22Oid%22%3a%22b5fc9bbe-689b-4d3e-8fd6-82c8c77497e1%22%7d.

Meeting ID: 292 732 779 749 7.

Passcode: 9rE3ip7F.

If you experience technical difficulty, contact the FirstNet Authority Customer Support Service Desk at CCSD@FirstNet.gov. Teams link and

information can also be found on the FirstNet Authority website (FirstNet.gov).

FOR FURTHER INFORMATION CONTACT:

General information: Jennifer Watts, (571) 665-6178, Jennifer.Watts@FirstNet.gov.

Media inquiries: Ryan Oremland, (571) 665-6186, Ryan.Oremland@FirstNet.gov.

SUPPLEMENTARY INFORMATION:

Background: The Middle Class Tax Relief and Job Creation Act of 2012 (codified at 47 U.S.C. 1401 *et seq.*) (Act) established the FirstNet Authority as an independent authority within NTIA. The Act directs the FirstNet Authority to ensure the building, deployment, and operation of a nationwide interoperable public safety broadband network. The FirstNet Authority Board is responsible for making strategic decisions regarding the operations of the FirstNet Authority.

Matters To Be Considered: The FirstNet Authority will post a detailed agenda for the Combined Board and Board Committees Meeting on FirstNet.gov prior to the meeting. The agenda topics are subject to change. Please note that the subjects discussed by the Board and Board Committees may involve commercial or financial information that is privileged or confidential, or other legal matters affecting the FirstNet Authority. As such, the Board may, by majority vote, close the meeting only for the time necessary to preserve the confidentiality of such information, pursuant to 47 U.S.C. 1424(e)(2).

Other Information: The public Combined Board and Board Committees Meeting is accessible to people with disabilities. Individuals requiring accommodations, such as sign language interpretation or other ancillary aids, are asked to notify Jennifer Watts at (571) 665-6178 or email: Jennifer.Watts@FirstNet.gov before the meeting.

Records: The FirstNet Authority maintains records of all Board proceedings. Minutes of the Combined Board and Board Committees Meeting will be available on FirstNet.gov.

Dated: May 15, 2025.

Jennifer Watts,

Board Secretary, First Responder Network Authority.

DEPARTMENT OF COMMERCE

International Trade Administration

[C-351-861, C-834-813, C-557-829]

Ferrosilicon From Kazakhstan: Amended Final Countervailing Duty Determination; Ferrosilicon From Brazil, Kazakhstan, and Malaysia: Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing countervailing duty (CVD) orders on ferrosilicon from Brazil, Kazakhstan, and Malaysia. In addition, Commerce is amending its final CVD determination with respect to ferrosilicon from Kazakhstan to correct a ministerial error.

DATES: Applicable May 20, 2025.

FOR FURTHER INFORMATION CONTACT:

Laurel Smalley (Brazil), Jose Rivera (Kazakhstan), and Suresh Maniam (Malaysia), Offices VIII, VII, and I, respectively, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3456, (202) 482-0842, and (202) 482-1603, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 28, 2025, Commerce published in the **Federal Register** its affirmative final determinations in the CVD investigations of ferrosilicon from Brazil, Kazakhstan, and Malaysia.¹ In the CVD investigation of ferrosilicon from Kazakhstan, the petitioner and a respondent timely alleged that Commerce made certain ministerial errors. See “Amendment to the Kazakhstan CVD Final Determination” section below for further discussion.

On May 12, 2025, the ITC notified Commerce of its final determinations, pursuant to section 705(d) of the Tariff Act of 1930, as amended (the Act),

¹ See *Ferrosilicon from Brazil: Final Affirmative Countervailing Duty Determination and Final Affirmative Critical Circumstances Determination*, in Part, 90 FR 14114 (March 28, 2025); *Ferrosilicon from the Republic of Kazakhstan: Final Affirmative Countervailing Duty Determination*, 90 FR 14108 (March 28, 2025) (*Kazakhstan CVD Final Determination*); and *Ferrosilicon from Malaysia: Final Affirmative Countervailing Duty Determination and Final Affirmative Determination of Critical Circumstances*, in Part, 90 FR 14075 (March 28, 2025).

affirming that an industry in the United States is materially injured within the meaning of section 705(b)(1)(A)(i) of the Act by reason of subsidized imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia.² Further, the ITC determined that critical circumstances do not exist with respect to imports of ferrosilicon from Brazil and Malaysia.³

Scope of the Orders

The product covered by these orders is ferrosilicon from Brazil, Kazakhstan, and Malaysia. For a complete description of the scope of the orders, see the appendix to this notice.

Amendment to the Kazakhstan CVD Final Determination

We determine that we made a ministerial error in the final CVD determination on ferrosilicon from Kazakhstan. Pursuant to 19 CFR 351.224(e), and as explained further in the Kazakhstan CVD Ministerial Error Memorandum,⁴ Commerce is amending the *Kazakhstan CVD Final Determination* to reflect the correction of a ministerial error, which resulted from not incorporating YDD Corporation LLP's (YDD) reported minor corrections regarding its total sales figure and Customs Duty Exemption. Correction of this error changes the final subsidy rate for YDD and all other producers and exporters not individually investigated.

CVD Orders

Based on the above-referenced affirmative final determinations by the ITC that an industry in the United States is materially injured by reason of

subsidized imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia, in accordance with section 705(c)(2) of the Act, Commerce is issuing these CVD orders. Because the ITC determined that imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia are materially injuring a U.S. industry, unliquidated entries of such merchandise entered or withdrawn from warehouse for consumption, are subject to the assessment of countervailing duties.

Therefore, in accordance with section 706(a)(1) of the Act, Commerce will direct CBP to assess, upon further instruction by Commerce, countervailing duties on all relevant entries of ferrosilicon from Brazil, Kazakhstan, and Malaysia, which are entered, or withdrawn from warehouse, for consumption on or after September 10, 2024, the date of publication of the *Preliminary Determinations*,⁵ but will not include entries occurring after the expiration of the provisional measures period and before publication of the ITC's final affirmative injury determination under section 705(b) of the Act, as further described in the "Provisional Measures" section of this notice.

With regard to the ITC's negative critical circumstances determinations

⁵ See *Ferrosilicon from Brazil: Preliminary Affirmative Countervailing Duty Determination, Preliminary Affirmative Critical Circumstances Determination in Part, and Alignment of Final Determination with Final Antidumping Duty Determination*, 89 FR 73371 (September 10, 2024) (*Brazil Preliminary Determination*); *Ferrosilicon from the Republic of Kazakhstan: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination with Final Antidumping Duty Determination*, 89 FR 73369 (September 10, 2024) (*Kazakhstan Preliminary Determination*); and *Ferrosilicon from Malaysia: Preliminary Affirmative Countervailing Duty Determination, Preliminary Affirmative Critical Circumstances Determination, in Part, and Alignment of Final Determination with Final Antidumping Duty Determination*, 89 FR 73364 (September 10, 2024) (*Malaysia Preliminary Determination*) (collectively, *Preliminary Determinations*).

on imports of ferrosilicon from Brazil and Malaysia, we intend to instruct CBP to lift suspension and to refund any cash deposits made to secure the payment of estimated countervailing duties with respect to entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after June 12, 2024, (*i.e.*, 90 days prior to the date of the publication of the *Preliminary Determinations*), but before September 10, 2024 (*i.e.*, the date of publication of the *Preliminary Determinations*).

Suspension of Liquidation and Cash Deposits

In accordance with section 706 of the Act, Commerce will instruct CBP to reinstitute the suspension of liquidation of ferrosilicon from Brazil, Kazakhstan, and Malaysia, effective on the date of publication of the ITC's final affirmative injury determination in the **Federal Register**, and to assess, upon further instruction by Commerce, pursuant to section 706(a)(1) of the Act, countervailing duties on each entry of subject merchandise in an amount based on the net countervailable subsidy rates below. These instructions suspending liquidation will remain in effect until further notice.

Commerce also intends, pursuant to section 706(a)(1) of the Act, to instruct CBP to require cash deposits equal to the amounts as indicated below. Accordingly, effective on the date of publication of the ITC's final affirmative injury determination in the **Federal Register**, CBP will require, at the same time as importers would normally deposit estimated customs duties on the subject merchandise, a cash deposit for each entry of subject merchandise equal to the subsidy rates listed below.⁶ The all-others rates apply to all producers or exporters not specifically listed below, as appropriate.

⁶ See section 706(a)(3) of the Act.

² See ITC's Letter, "Notice of Final Determinations (Investigation Nos. 701-TA-712-714 and 731-TA-1679-1681)," dated May 12, 2025.

³ *Id.* Critical circumstances were not alleged in the CVD investigation on ferrosilicon from Kazakhstan.

⁴ See Memorandum, "Countervailing Duty Investigation of Ferrosilicon from the Republic of Kazakhstan: Analysis of Ministerial," dated April 15, 2025 (Kazakhstan CVD Ministerial Error Memorandum).

Estimated Countervailing Duty Subsidy Rates

The estimated countervailable subsidy rates are as follows:

BRAZIL

Company	Subsidy rate (percent <i>ad valorem</i>)
Companhia de Ferro Ligas da Bahia—FERBASA ⁷	5.25
Minasligas S.A. ⁸	4.44
Ligas de Alumínio S.A.	* 61.73
All Others	5.01

* Rate based on facts available with adverse inferences.

KAZAKHSTAN

Company	Subsidy rate (percent <i>ad valorem</i>)
YDD Corporation LLP ⁹	16.82
TELF AG ¹⁰	* 265.53
TNC Kazchrome JSC ¹¹	* 265.53
All Others	16.82

* Rate based on facts available with adverse inferences

MALAYSIA:

Company	Subsidy Rate (percent <i>ad valorem</i>)
OM Materials (Sarawak) Sdn. Bhd ¹²	2.78
Pertama Ferroalloys Sdn. Bhd	3.48
All Others	3.08

⁷ Commerce has found the following company to be cross-owned with Ferbasa: Fundação José Carvalho Foundation (Jose Carvalho Foundation).

⁸ Commerce has found the following companies to be cross-owned with Minasligas: Irmazi Participações S.A. (Irmazi), Participações SZ Ltd. (SZ), and Centrium Empreendimentos Ltda. (Centrium).

⁹ This rate applies to YDD Corporation LLP and its cross-owned companies: ASIA FerroAlloys LLP; and KazSilicon Metallurgical Combine LLP.

¹⁰ This rate applies to TELF AG and TNC Kazchrome JSC and its cross-owned companies: Eurasian Energy Corporation JSC; and Shubarkol Komir JSC. Commerce has calculated a rate based on adverse inferences to TNC Kazchrome JSC as the unaffiliated producer. This rate is to be applied to subject merchandise produced and/or exported by TELF AG and/or TNC Kazchrome JSC.

¹¹ This rate applies to TELF AG and TNC Kazchrome JSC and its cross-owned companies: Eurasian Energy Corporation JSC; and Shubarkol Komir JSC. Commerce has calculated a rate based on adverse inferences to TNC Kazchrome JSC as unaffiliated producer. This rate is to be applied to subject merchandise produced and/or exported by TELF AG and/or TNC Kazchrome JSC.

Provisional Measures

Section 703(d) of the Act states that the suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months. In the underlying investigations, Commerce published the *Preliminary Determinations* on September 10, 2024.¹³ Therefore, entries of ferrosilicon from Brazil, Kazakhstan, and Malaysia made on or after January 8, 2025, and prior to the date of publication of the ITC's final determinations in the **Federal Register**, are not subject to the assessment of countervailing duties due to Commerce's discontinuation of the suspension of liquidation.

In accordance with section 703(d) of the Act, Commerce instructed CBP to terminate the suspension of liquidation and to liquidate, without regard to countervailing duties, unliquidated entries of ferrosilicon from Brazil, Kazakhstan, and Malaysia entered, or withdrawn from warehouse, for consumption on or after January 8, 2025, the date on which the provisional CVD measures expired, through the day preceding the date of publication of the ITC final injury determinations in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC final injury determinations in the **Federal Register**.

Establishment of the Annual Inquiry Service Lists

On September 20, 2021, Commerce published the final rule titled “*Regulations to Improve Administration and Enforcement of Antidumping and Countervailing Duty Laws*” in the **Federal Register**.¹⁴ On September 27, 2021, Commerce also published the notice titled “*Scope Ruling Application; Annual Inquiry Service List; and Informational Sessions*” in the **Federal Register**.¹⁵ The *Final Rule* and *Procedural Guidance* provide that Commerce will maintain an annual inquiry service list for each order or suspended investigation, and any interested party submitting a scope ruling application or request for

¹² Commerce has found the following companies to be cross-owned with OM Materials: OM Materials & Logistics (M) Sdn. Bhd; OM Materials (Samalaju) Sdn. Bhd; and OM Engineering Tech (M) Sdn. Bhd.

¹³ See *Brazil Preliminary Determination; Kazakhstan Preliminary Determination; and Malaysia Preliminary Determination*.

¹⁴ See *Regulations to Improve Administration and Enforcement of Antidumping and Countervailing Duty Laws*, 86 FR 52300 (September 20, 2021) (*Final Rule*).

¹⁵ See *Scope Ruling Application; Annual Inquiry Service List; and Informational Sessions*, 86 FR 53205 (September 27, 2021) (*Procedural Guidance*).

circumvention inquiry shall serve a copy of the application or request on the persons on the annual inquiry service list for that order, as well as any companion order covering the same merchandise from the same country of origin.¹⁶

In accordance with the *Procedural Guidance*, for orders published in the **Federal Register** after November 4, 2021, Commerce will create an annual inquiry service list segment in Commerce's online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), available at <https://access.trade.gov>, within five business days of publication of the notice of the order. Each annual inquiry service list will be saved in ACCESS, under each case number, and under a specific segment type called “AISL-Annual Inquiry Service List.”¹⁷

Interested parties who wish to be added to the annual inquiry service list for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an order designate a lead attorney to be included on the annual inquiry service list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance*, the new annual inquiry service list will be in place until the following year, when the *Opportunity Notice* for the anniversary month of the order is published.

Commerce may update an annual inquiry service list at any time as needed based on interested parties' amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website.

¹⁶ *Id.*

¹⁷ This segment will be combined with the ACCESS Segment Specific Information (SSI) field which will display the month in which the notice of the order or suspended investigation was published in the **Federal Register**, also known as the anniversary month. For example, for an order under case number A-000-000 that was published in the **Federal Register** in January, the relevant segment and SSI combination will appear in ACCESS as “AISL-January Anniversary.” Note that there will be only one annual inquiry service list segment per case number, and the anniversary month will be pre-populated in ACCESS.

Special Instructions for Petitioners and Foreign Governments

In the *Final Rule*, Commerce stated that, “after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow.”¹⁸ Accordingly, as stated above, the petitioners and the Governments of Brazil, Kazakhstan, and Malaysia should submit their initial entry of appearance after publication of this notice in order to appear in the first annual inquiry service list for those orders for which they qualify as an interested party. Pursuant to 19 CFR 351.225(n)(3), the petitioners and the Governments of Brazil, Kazakhstan, and Malaysia will not need to resubmit their entry of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and the Governments of Brazil, Kazakhstan, and Malaysia are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

Notification to Interested Parties

This notice constitutes the CVD orders with respect to ferrosilicon from Brazil, Kazakhstan, and Malaysia pursuant to section 736(a) of the Act. Interested parties can find a list of CVD orders currently in effect at <https://www.trade.gov/data-visualization/adcvd-proceedings>.

These CVD orders are published in accordance with section 706(a) of the Act and 19 CFR 351.211(b).

Dated: May 14, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Orders

The scope of these orders covers all forms and sizes of ferrosilicon, regardless of grade, including ferrosilicon briquettes. Ferrosilicon is a ferroalloy containing by weight four percent or more iron, more than eight percent but not more than 96 percent silicon, three percent or less phosphorus, 30 percent or less manganese, less than three percent magnesium, and 10 percent or less of any other element. The merchandise covered also includes product described as slag, if the product meets these specifications.

Subject merchandise includes material matching the above description that has been

finished, packaged, or otherwise processed in a third country, including by performing any grinding or any other finishing, packaging, or processing that would not otherwise remove the merchandise from the scope of the orders if performed in the country of manufacture of the ferrosilicon.

Ferrosilicon is currently classifiable under subheadings 7202.21.1000, 7202.21.5000, 7202.21.7500, 7202.21.9000, 7202.29.0010, and 7202.29.0050 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS numbers are provided for convenience and customs purposes, the written description of the scope remains dispositive.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

International Trade Administration

Environmental Technologies Trade Advisory Committee

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of an open meeting of a Federal Advisory Committee.

SUMMARY: The Environmental Technologies Trade Advisory Committee (ETTAC) will hold an in-person meeting on Tuesday, June 3, 2025. The meeting is open to the public with registration instructions provided below. This notice sets forth the schedule and proposed topics for the meeting.

DATES: The meeting is scheduled for Tuesday, June 3, 2025 from 10 a.m. to 11:30 a.m. and 1 p.m. to 3:15 p.m. eastern time (ET). The deadline for members of the public to register to participate, including requests to make comments during the meeting and for auxiliary aids, or to submit written comments for dissemination prior to the meeting, is 5 p.m. ET on Tuesday, May 27, 2025. Members of the public must register by that date to participate.

ADDRESSES: The meeting will be held in-person in the Commerce Research Library at the U.S. Department of Commerce Herbert C. Hoover Building, 1401 Constitution Avenue NW, Washington, DC 20230. Requests to register to participate (including to speak or for auxiliary aids) and any written comments should be submitted via email to Ms. Megan Hyndman, Office of Energy & Environmental Industries, International Trade Administration, at Megan.Hyndman@trade.gov. This meeting has a limited number of spaces for members of the public to attend in-person. Requests to

participate in-person will be considered on a first-come, first-served basis.

FOR FURTHER INFORMATION CONTACT: Ms. Megan Hyndman, Office of Energy & Environmental Industries, International Trade Administration (phone: 202–482–1297; email: Megan.Hyndman@trade.gov).

SUPPLEMENTARY INFORMATION: The ETTAC is mandated by section 2313(c) of the Export Enhancement Act of 1988, as amended, 15 U.S.C. 4728(c), to advise the Environmental Trade Promotion Working Group of the Trade Promotion Coordinating Committee on the development and administration of programs to expand U.S. exports of environmental technologies, goods, services, and products. The ETTAC was most recently re-chartered through August 12, 2026.

On Tuesday, June 3, 2025 from 10 a.m. to 11:30 a.m. and 1 to 3:15 p.m. ET, the ETTAC will hold the fourth meeting of its current charter term. During the meeting, committee members will discuss issues affecting the competitiveness of the U.S. environmental technologies industry, deliberate on potential recommendation topics, and receive introductory briefings from U.S. government agencies involved in the trade of environmental technologies. An agenda will be made available one week prior to the meeting upon request to Megan Hyndman.

The meeting will be open to the public and time will be permitted for public comment before the close of the meeting. Members of the public seeking to attend the meeting are required to register by Tuesday, May 27, at 5 p.m. EDT, via the contact information provided above. This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Office of Energy and Environmental Industries (OEEI) at Megan.Hyndman@trade.gov or (202) 482–1297 no less than one week prior to the meeting. Requests received after this date will be accepted, but it may not be possible to accommodate them.

Written comments concerning ETTAC affairs are welcome any time before or after the meeting. To be considered during the meeting, written comments must be received by Tuesday, May 27, at 5 p.m. EDT to ensure transmission to the members before the meeting. Draft minutes will be available within 30 days of this meeting.

¹⁸ See *Final Rule*, 86 FR at 52335.

Dated: May 14, 2025.

Man K. Cho,

Deputy Director, Office of Energy and Environmental Industries.

RIN 0625-AB28

Procedures for Submissions by Importers of Automobiles Qualifying for Preferential Tariff Treatment Under the USMCA To Determine U.S. Content

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Procedures for submission of documentation related to automobile tariffs.

SUMMARY: In the Proclamation of March 26, 2025, “Adjusting Imports of Automobiles and Automobile Parts Into the United States,” the President imposed additional tariffs on imports of specified automobiles and automobile parts to eliminate the threat to national security posed by such imports. That Proclamation also provided that for automobiles that qualify for preferential tariff treatment under the United States-Mexico-Canada Agreement (USMCA), importers of such automobiles may submit documentation to the Secretary of Commerce (Secretary) identifying the amount of U.S. content in each model imported into the United States. This notice establishes procedures for submission and review of such documentation by the Department of Commerce (Department).

DATES: Importers may begin submitting documentation as described below on or after May 20, 2025.

ADDRESSES: Documentation must be submitted electronically via Autos232USMCAContent@trade.gov.

FOR FURTHER INFORMATION CONTACT: Emily Davis, Director for Public Affairs, International Trade Administration, U.S. Department of Commerce, 202-482-3809, Emily.Davis@trade.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On March 26, 2025, the President issued Proclamation 10908, “Adjusting Imports of Automobiles and Automobile Parts Into the United States” (90 FR 14705) (the Proclamation), finding that imports of automobiles and certain automobile parts continue to threaten to

impair the national security of the United States and determining that it is necessary and appropriate to impose specified tariffs to adjust imports of automobiles and certain automobile parts so that such imports will not threaten to impair national security pursuant to section 232 of the Trade Expansion Act of 1962, as amended (19 U.S.C. 1862). The Proclamation imposed a 25 percent tariff on certain imports of automobiles, effective April 3, 2025, and certain imports of auto parts, effective May 3, 2025. But the Proclamation also provided that for automobiles that qualify for preferential tariff treatment under the USMCA, importers of such automobiles may submit documentation to the Secretary identifying the amount of U.S. content in each model imported into the United States. The Proclamation specified that “U.S. content” refers to the value of the automobile attributable to parts wholly obtained, produced entirely, or substantially transformed in the United States. Production shall be interpreted as that term is defined in Article 4.1 of USMCA (available at: <https://ustr.gov/trade-agreements/free-trade-agreements/united-states-mexico-canada-agreement/agreement-between>), which includes the manufacturing, processing, or assembling of a good. The Proclamation authorized the Secretary to approve imports of such automobiles to be eligible to apply the additional tariff exclusively to the value of the non-U.S. content of the automobile and provided that the non-U.S. content of the automobile is to be calculated by subtracting the value of the U.S. content in an automobile from the total value of the automobile.

II. Eligibility

Only vehicles imported from Mexico and Canada that qualify for preferential tariff treatment under the USMCA may be found to be eligible to apply the additional tariff exclusively to the value of the non-U.S. content of the automobile. Vehicles imported from non-USMCA countries and vehicles imported from Canada and Mexico that do not qualify for preferential tariff treatment under the USMCA may not be found to be eligible.

For the avoidance of doubt, the preferential tariff treatment available under this notice applies exclusively to automobiles imported from Canada or Mexico that qualify for preferential treatment under the USMCA, while the preferential tariff treatment under Proclamation 10925 applies exclusively to automobiles assembled in the United States using foreign parts.

Proclamation 10908 separately references the Secretary establishing a process to apply the additional tariff exclusively to the value of the non-U.S. content of automobile parts. This notice does not establish that process.

III. Opportunity To Submit Documentation

Importers of automobiles qualifying for preferential treatment under the USMCA seeking preferential tariff treatment on the U.S. content of their automobiles may submit documentation, on a model line basis, identifying the type and value of U.S. content attributable to each model line imported into the United States.

Each submission should include documentation certified by an importer’s Chief Financial Officer, General Counsel, or an equivalent-level of senior officer that identifies the following:

1. The total declared customs value of an automobile in the model line at the time of importation based on 19 U.S.C. 1401a. If the customs value varies within the model line, the importer may provide an average value consistent with an averaging methodology set forth in Article 5 of the Appendix to Annex 4-B, “Provisions Related to the Product-Specific Rules of Origin for Automotive Goods,” of Chapter 4 of the USMCA (“Automotive Appendix”) (available at: <https://ustr.gov/trade-agreements/free-trade-agreements/united-states-mexico-canada-agreement/agreement-between>).

2. Total Value of U.S. content for an automobile in that model line based on 19 U.S.C. 1401a attributable to parts wholly obtained, produced entirely, or substantially transformed in the United States for a vehicle in the model line (“U.S. content”). If the U.S. content attributable to such parts varies within a model line, the importer may provide an average value consistent with an averaging methodology set forth in the USMCA Automotive Appendix Article 5.

3. Total value of non-U.S. content of an automobile in the model line, calculated by subtracting the value of the U.S. content for an automobile in the model line from the total value of the automobile. If the value varies within the model line, the importer may provide an average consistent with an averaging methodology set forth in the USMCA Automotive Appendix Article 5.

4. Vehicle production location(s) and country of final assembly. Vehicle production locations may include more than one country.

5. Certification of eligibility for USMCA preference (*i.e.*, the signed

origin certification that supports the import meeting the rules of origin requirements as well as the approved producer-submitted auto certifications, jointly reviewed/approved by U.S. Customs and Border Protection and the Department of Labor, for meeting North American steel and aluminum content, and North American labor value content requirements) for the model line as submitted to U.S. Customs and Border Protection (CBP), including whether the model line is subject to an approved Alternative Staging Regime outlined in the USMCA Automotive Appendix Article 8 of Chapter 4 of the USMCA (available at: <https://ustr.gov/trade-agreements/free-trade-agreements/united-states-mexico-canada-agreement/agreement-between>).

6. The importer name, importer of record number, manufacturer name, manufacturer facility, country of origin, and year, make, and model information for every model line requested in the submission. If retroactive treatment is requested, the importer should provide entry numbers for previously imported automobiles.

IV. Review Process

The Department will review each submission for completeness and compliance. The Department may request supplemental documentation or clarification. Upon verification by the Department that a submission is consistent with this notice and upon a determination of the value of the U.S. content and non-U.S. content for the requested model line, the Department will inform the importer and CBP of that determination and of the value of the non-U.S. content for each model line. The Commerce Department will provide CBP with a list of importers and automobiles authorized by Commerce, including importer name, importer of record number, manufacturer name, manufacturer facility, country of origin, and year, make, and model of each authorized automobile.

The additional tariff will apply exclusively to the value of the non-U.S. content for the relevant model line. The Secretary may retroactively extend this treatment to qualifying model lines for vehicles imported on or after April 3, 2025, at his discretion, and provide CBP with the entry numbers of the previously imported automobiles subject to any retroactive treatment. If a change in sourcing or production results in a decrease in U.S. content relevant to the eligibility determination, the importer must promptly inform the Department and request a new eligibility determination by providing the documentation described above. If a

change in sourcing or production results in an increase in U.S. content, the importer may inform the Department and request a new eligibility determination by providing a new submission containing the information required by section III. Regardless, eligibility determinations are only valid for 6 months from the date of issuance, and importers seeking continued eligibility for a model line must submit new documentation at least 30 days prior to the expiration of its previous eligibility determination.

V. Consequences for Misreporting

If CBP determines that the declared U.S. content is overstated or inconsistent with a U.S. content figure approved by the Secretary, the 25 percent tariff will apply retroactively (from April 3, 2025, to the date of the inaccurate overstatement) and prospectively (from the date of the inaccurate overstatement to the date the importer corrects the overstatement, as verified by CBP) to the full value of all automobiles of the same model line imported by the same importer, as provided for in Proclamation 10908. This does not apply to or otherwise affect any other applicable fees or penalties.

VI. Confidential Business Information

Submissions containing confidential business information must be clearly marked as such.

VII. No Effect on USMCA Preferential Status

This process does not affect or alter the determination of whether a vehicle qualifies for USMCA preferential tariff treatment.

VIII. Authority

This notice is issued pursuant to the authority delegated to the Secretary by Proclamation 10908 consistent with section 232 of the Trade Expansion Act of 1962, as amended (19 U.S.C. 1862).

IX. Administrative Procedure Act

The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, an opportunity for public comment, and a delay in effective date are inapplicable because this action involves a military or foreign affairs function of the United States. (See 5 U.S.C. 553(a)(1)) The President concurred with the Secretary's finding that automobiles and certain automobile parts are being imported into the United States in such quantities and under such circumstances as to threaten to impair the national security of the United States. So that such

imports will not threaten to impair the national security, the President imposed additional tariffs on specified imports under section 232 of the Trade Expansion Act of 1962, as amended (19 U.S.C. 1862) and also authorized the Secretary to approve certain imports of automobiles to be eligible to apply those additional tariffs exclusively to the value of the non-U.S. content of the automobile (Proclamation 10908).

Because a notice of proposed rulemaking and an opportunity for public comment are not required under the Administrative Procedure Act or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are not applicable.

X. Executive Orders 12866 and 14192

This notice has been determined by OMB to be significant under Executive Order (E.O.) 12866. This notice is not an E.O. 14192 regulatory action because it does not impose any more than de minimis regulatory costs. As required by E.O. 12866, and the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, the Department of Commerce (the Department) has prepared the following regulatory impact analysis (RIA) for this notice.

A. Regulatory Impact Analysis

The Office of Management and Budget (OMB) has determined that this action is significant pursuant to Executive Order (E.O.) 12866. As required by E.O. 12866, and the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, the Department of Commerce (the Department) has prepared the following regulatory impact analysis (RIA) for this notice.

1. Need for Regulatory Action

The reasons for this action and an explanation of its necessity are articulated in the preamble to the notice and are summarized here. On March 26, 2025, the President issued Proclamation 10908, "Adjusting Imports of Automobiles and Automobile Parts Into the United States," finding that imports of automobiles and certain automobile parts continue to threaten to impair the national security of the United States, and that it is necessary and appropriate to impose specified tariffs to adjust imports of automobiles and certain automobile parts so that such imports will not threaten to impair national security pursuant to section 232 of the Trade Expansion Act of 1962, as amended (19 U.S.C. 1862).

The Proclamation announced a 25 percent tariff on certain imports of automobiles and automobile parts, with

tariffs on automobiles effective April 3, 2025. However, the Proclamation also provided that for automobiles that qualify for preferential tariff treatment under the United States-Mexico-Canada Agreement (USMCA), importers of such automobiles may submit documentation to the Secretary of Commerce identifying the amount of U.S. content in each model imported into the United States. This notice provides the guidance to importers on the procedures for submitting their request to the Secretary.

2. Description of the Notice

For the purposes of the notice, only automobiles imported from Mexico and Canada that qualify for preferential treatment under USMCA may be eligible to apply the additional tariff exclusively to the value of the non-U.S. content of the automobile. Automobiles imported from non-USMCA countries and automobiles imported from Canada and Mexico that do not qualify for preferential treatment under USMCA may not be found eligible.

The Proclamation specified that “U.S. content” refers to the value of the automobile attributable to parts wholly obtained, produced entirely, or substantially transformed in the United States. Production shall be interpreted as the term defined in Article 4.1 of USMCA,¹ which includes the manufacturing, processing, or assembling of a good. The Proclamation authorized the Secretary to approve imports of such automobiles to be eligible to apply the additional tariff exclusively to the value of the non-U.S. content of the automobile and provided that the non-U.S. content of the automobile is to be calculated by subtracting the value of the U.S. content in an automobile from the total value of the automobile.

Under this notice importers of automobiles qualifying for preferential treatment under the USMCA seeking preferential tariff treatment on the U.S. content of their automobiles may submit documentation, on a model line basis, identifying the type and value of U.S. content attributable to each model line imported into the United States. Each submission should include documentation certified by an importer’s Chief Financial Officer, General Counsel, or an equivalent officer that identifies the following:

1. The total declared customs value of an automobile in the model line at the time of importation based on 19 U.S.C.

- 1401a. If the customs value varies within the model line, the importer may provide an average value consistent with an averaging methodology set forth in Article 5 of the Appendix to Annex 4–B, “Provisions Related to the Product-Specific Rules of Origin for Automotive Goods” (“Automotive Appendix”), of Chapter 4 of the USMCA (available at: <https://ustr.gov/trade-agreements/free-trade-agreements/united-states-mexico-canada-agreement/agreement-between>);

2. Total Value of U.S. content for an automobile in that model line based on 19 U.S.C. 1401a attributable to parts wholly obtained, produced entirely, or substantially transformed in the United States for a vehicle in the model line (“U.S. content”). If the U.S. content attributable to such parts varies within a model line, the importer may provide an average value consistent with an averaging methodology set forth in the USMCA Automotive Appendix Article 5.

3. Total value of non-U.S. content of an automobile in the model line, calculated by subtracting the value of the U.S. content for an automobile in the model line from the total value of the automobile. If the value varies within the model line, the importer may provide an average consistent with an averaging methodology set forth in the USMCA Automotive Appendix Article 5.

4. Vehicle production location(s) and country of final assembly. Vehicle production locations may include more than one country.

5. Certification of eligibility for USMCA preference (*i.e.*, the signed origin certification that supports the import meeting the rules of origin requirements as well as the approved producer-submitted auto certifications, jointly reviewed/approved by U.S. Customs and Border Protection and the Department of Labor, for meeting North American steel and aluminum content, and North American labor value content requirements) for the model line as submitted to CBP, including whether the model line is subject to an approved Alternative Staging Regime outlined in the USMCA Automotive Appendix Article 8 of Chapter 4 of the USMCA (available at: <https://ustr.gov/trade-agreements/free-trade-agreements/united-states-mexico-canada-agreement/agreement-between>).

6. The importer name, importer of record number, manufacturer name, manufacturer facility, country of origin, and year, make, and model information for every model line requested in the submission. If retroactive treatment is requested, the importer should provide

entry numbers for previously imported automobiles.

3. Description of Affected Entities

The notice will directly affect automobile importers in the United States and indirectly affect U.S. automobile suppliers, dealers and consumers. It is unknown exactly how many entities will seek and be granted tariff exemptions or the specific amount of the U.S. content eligible for tariff exemption. However, import data can provide a reasonable approximation of the total number of importers and vehicles impacted by this notice.

In 2024, the United States imported approximately 8.1 million automobiles from the world with import values totaling approximately \$248.8 billion, based on the automobile categories (by Harmonized Tariff Schedule (HTS) code) described in Annex I to the Proclamation. Among these automobiles, approximately 3.7 million (or roughly 46%) are listed in U.S. trade statistics as having been declared as eligible for USMCA preference upon entry—1.07 million of these USMCA-eligible automobiles were imported from Canada, and 2.66 million of these automobiles were imported from Mexico. Theoretically, these counts represent the upper-bound of automobiles that could be eligible for tariff exemptions on the U.S. content of these imports, if the importer chooses to submit their documentation and the Secretary approves.

These USMCA-eligible automobiles were primarily produced by approximately 13 original equipment manufacturers (OEMs) with operations in Canada and/or Mexico (including several U.S.-owned companies). The companies’ production in these markets included 54 different vehicle model lines, many of which are likely destined for export to the United States. We remain uncertain as to how many of these vehicle manufacturers will seek to apply for tariff exclusions for their U.S. content for these imported vehicles. Also, there are several other limitations on available data that will be more fully explored below.

Although we do not have publicly available data to estimate the number of importers specifically, we believe that commercially available data validates this estimated range of all affected entities. It is anticipated that only OEMs and their affiliated importers will submit documentation to the Secretary, as they are the only entities likely to have the detailed information required on the U.S. content by model line.

¹ Available at: <https://ustr.gov/trade-agreements/free-trade-agreements/united-states-mexico-canada-agreement/agreement-between>.

4. Expected Costs and Benefits of the Notice

(a) Costs

i. Key Assumptions and Limitations

The global automotive market and supply chain are remarkably complex with significant variation in parts sourcing across models, which is considered proprietary information. The cost approximations presented in this RIA represent our best estimate given limited publicly available information.

First, for the purposes of our analysis, we assume that all new automobiles that are imported into the United States are ultimately sold in the United States, and that they will be subject to the notice. This assumption means that we do not attempt to determine if there are automobiles being imported in the United States that are then transported for sale in other markets (*e.g.*, to Canada and Mexico).

Second, in using proprietary Customs data on importers, we assume that many of the identified importers of record of the subject automobiles are importing used automobiles, and that new automobiles are predominantly imported by OEMs and their affiliates. This assumption is reflected in the estimates below where we have limited the number of likely affected entities.

Third, we assume that only the manufacturers and their affiliated importers of record will have sufficient information to file a claim based on the detailed U.S. and non-U.S. content contained in the automobile required for the submission. We also assume that OEMs will share their calculated U.S. content figures with their affiliated importers so that they can apply for the tariff exemptions.

Fourth, we make the assumption that the approximate amount of U.S. content in each of these automobiles is equal to 40 percent of the value of the vehicle (the actual percentage of U.S. content may vary significantly from model to model, but it is impossible to estimate this precisely without input from the manufacturers). However, based on the Department's industry expertise regarding the U.S. automotive sector, including our engagement with entities involved in the automotive supply chain across the United States, Mexico, and Canada, the Department believes that this figure is a reasonable approximation of the percentage of U.S. content in the typical USMCA qualifying vehicle.

Fifth, we do not estimate the cost associated with the probable substitution of U.S. parts over time as OEMs may seek to acquire more U.S.

content to offset the cost of the tariff charged on non-U.S. content in subject imported automobiles. Though the added costs of identifying and certifying new U.S. suppliers are substantial, importers may reapply for tariff exclusions on their new U.S. content in the imported automobiles, and this tariff savings will partially offset the cost of obtaining new U.S. suppliers.

ii. Costs of Implementing the Notice

We identify that the primary cost to automobile importers expected to be associated with implementation of the notice are costs related to notice compliance, which would include (but is not limited to) spending time and resources reviewing and understanding the notice, conducting due diligence and supply chain analysis on an entity's U.S.-origin parts and components, and submitting the documentation to the Secretary to certify eligibility every 6 months. Otherwise, we anticipate that this notice will primarily represent savings to importers as they are permitted to only apply the ad valorem tariff to the non-U.S. content of imported automobiles. These costs and savings are discussed below.

Increased Costs Related to Notice Compliance

Following the publication of the notice, regulated entities will need to spend time reading the notice, understanding the compliance mechanisms, and conducting initial due diligence into their U.S. content in covered automobile imports. The tariff exemption is anticipated to apply to the U.S. content portions of imports of passenger automobiles and light trucks (as defined by the HTS codes in the Annex I to Proclamation 10908) that qualify for preferential tariff treatment under the USMCA, for which the importer has submitted documentation to the Secretary of Commerce. The Secretary may approve imports of these automobiles to be eligible to apply the ad valorem tariff of 25 percent (as described in clause (1) of the Proclamation) exclusively to the value of the non-U.S. content of the automobile.

Based on data from Wards Intelligence, the Department estimates that there are approximately 13 OEMs producing the subject automobiles through their operations in Canada and Mexico. The companies' production in these markets included 54 different vehicle model lines, many of which are likely destined for export to the United States, however we anticipate the companies will likely list multiple models in each submission. Therefore,

we consider 13 to be the lower bound of the number of company submissions.

Based on proprietary Customs data available to the Department we know there were approximately 200 repeat importers of subject automobiles in 2024. This number represents the number of importers of record that were reported as having 2 or more import declarations for subject automobiles within that year. However, for purposes of this analysis, the Department has conservatively assumed a maximum of 20 notifications per year. This is based on Customs data documenting the number of importers of USMCA-compliant automobiles, and the assumption that many of these importers of record are importing smaller shipments of used automobiles. While used automobile classifications are within the scope of the Proclamation, most used automobiles do not meet the requirements to qualify for USMCA preference, thus they will be ineligible to apply for tariff consideration on only the non-U.S. content. The proposed documentation would also require specific information about the U.S. and non-U.S. content for specific vehicle model lines. This information will likely only be available to the OEMs and their affiliated importers of record. Since companies are already required to track their regional value content for the finished vehicle, as well as the vehicle's core, principal and complementary parts to meet the requirements for USMCA preferential treatment, the information required in the submission should be known and readily available. The Department estimates that it would take recipients approximately 20 hours to provide each notification, for a total of 400 hours every six months or 800 hours annually for all prospective applicants. The Department estimates that this work will be conducted by individuals earning a weighted average hourly wage of \$30.19, which are adjusted upward by 100% to account for overhead and benefits. This implies total annual costs of approximately \$48,000.

If a change in sourcing or production results in a decrease in U.S. content relevant to the eligibility determination, the importer must promptly inform the Department and request a new eligibility determination. If a change in sourcing or production results in an increase in U.S. content, the importer may inform the Department and request a new eligibility determination by providing a new submission containing the information required.

Every subsequent 6 months after the publication of the notice, the

Department anticipates that the total burden (in hours) for vehicle importers to re-conduct due diligence into the U.S. content in their supply chains and re-submit the documentation will be 20 hours. Alternatively, where there are no material changes to the covered U.S. content for a subsequent model year, the importer may submit a confirmation that the prior submitted information remains accurate.

The Department will review each submission for completeness and compliance. The Department may request supplemental documentation or clarification. Upon verification by the Department that a submission is consistent with this notice and upon a determination of the value of the U.S. content and non-U.S. content for the requested model line, the Department will inform the importer and CBP of that determination and of the value of the non-U.S. content for each model line. The additional tariff will apply exclusively to the value of the non-U.S. content for the relevant model line. The Secretary may retroactively extend this treatment to qualifying model lines for vehicles imported on or after April 3, 2025, at his discretion.

Anticipated Administrative (Government) Costs

Once received, submissions will be evaluated by the Department as to whether the importer meets the permissible criteria. This analysis will be performed by Department staff, including an anticipated initial review and, if necessary, consultations with the companies to address any questions. As the number of submissions that will be received each year is expected to be small, the staffing requirements for review and analysis of the submissions are also expected to be small. Assuming conservatively 40 submissions per year, three senior analysts could handle submissions with a fraction of their annual time. The total estimated cost would be approximately \$37,000 per year (40 submissions * 3 staff at an average GS-14 salary (\$155/hr)² * 2 hours each to review for each submission).

The Federal Government may also incur costs for monitoring and enforcement efforts. Because the Proclamation includes provisions to deter violations, we expect that enforcement actions will rarely be needed. In those cases where the Federal Government will ultimately

need to take enforcement action, the government will incur additional costs; however, the extent of those costs is currently unknown.

(b) Benefits

Based on the number of imported vehicles from Canada and Mexico that were declared as being eligible for USMCA preference upon entry in 2024, the upper bound of eligible vehicles for tariff exemption would be 3,737,347 vehicles worth approximately \$101.75 billion. Using 2024 data as a proxy for 2025, we estimate that the approximate revenue of a 25 percent tariff on this value of trade would total \$25.4 billion annually, if this tariff is applied to the full value of the vehicle.

Generally, USMCA compliant passenger automobiles and light trucks must meet a minimum regional value content requirement of 75 percent to be eligible for tariff preference. For the sake of this analysis, we make the assumption that the approximate amount of U.S. content in each of these vehicles is equal to 40 percent of the value of the automobile (the actual percentage of U.S. content may vary significantly from model to model, but it is impossible to estimate this precisely without input from the manufacturers). This estimate is based on the Department's industry expertise regarding the U.S. automotive sector, including our extensive engagement with entities engaged in the automotive trade across the United States, Mexico, and Canada, and represents a reasonable approximation of the U.S. content in the typical USMCA-qualifying vehicle. Using this 40 percent estimate, if the importers of all of these eligible automobiles submitted a request to the Secretary and it was approved, the approximate non-U.S. content of these imported automobiles that would remain subject to a 25 percent tariff would total \$61.1 billion annually with a tariff cost of approximately \$15.2 billion on this non-U.S. content. This would yield approximately \$10.2 billion in lower tariff cost for the importers of these automobiles. Note that these effects are considered transfers. These savings are designed to incentivize producers of USMCA-qualifying vehicles to produce more of the vehicle in the United States, which would bolster the domestic manufacturing base and reduce the national security concerns outlined in Proclamation 10908.

(c) Regulatory Alternatives

There is little flexibility for regulatory alternatives regarding the provisions implemented by this proposed

regulation. The Proclamation clearly directs the Department to establish a process for importers of subject USMCA compliant vehicles to submit documentation to the Secretary to only be charged a tariff on the non-U.S. content in the vehicle. This notice articulates the information required for submissions to Department for the Secretary to make a determination on eligible content.

The information requested as part of this notice asks vehicle importers to provide supply chain information, and aggregate U.S. and non-U.S. content figures. Other potential formulations of this notice, for example, a regime based on importers providing detailed information on the up to 30,000 parts that make up any one automobile, would substantially increase the burden of compliance on both importers and the government employees reviewing the information. The notice strikes a balance of providing relevant information to the Department to make a determination with respect to U.S. and non-U.S. content of a USMCA-qualifying vehicle, while avoiding the collection and review of excessive documentation.

5. Conclusion

This notice, which implements the procedures for submission by importers of automobiles qualifying for preferential treatment under the USMCA to determine U.S. content provisions for recovery and removal of tariffs paid on imported vehicles is expected to provide substantial benefit to importers of USMCA compliant vehicles into the United States, creating a meaningful incentive to manufacture automobiles in the United States. Total estimated costs are approximately \$85,000 and total transfers to affected importers are approximately \$10.2 billion, as described above. As a result, the overall benefits of this notice are expected to significantly outweigh any negative impact.

Paperwork Reduction Act

In accordance with section 3507(d) of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), and the Office of Management and Budget (OMB) implementing regulations at 5 CFR 1320.13, ITA is requesting emergency processing for this information collection. The justification of this emergency request is due to the Proclamation 10908 of March 26, 2025, "Adjusting Imports of Automobiles and Automobile Parts Into the United States," where the President imposed additional tariffs on imports of specified automobiles and automobile parts to

² This value is based on GS 14 step five employees in the Washington, DC locality area in 2025, and the wage rate is adjusted upward by 100% to account for overhead and benefits.

eliminate the threat to national security posed by such imports. That Proclamation provided that for automobiles that qualify for preferential tariff treatment under the United States-Mexico-Canada Agreement (USMCA), importers of such automobiles may submit documentation to the Secretary of Commerce (Secretary) identifying the amount of U.S. content in each model imported into the United States. With the publication of the notice, ITA is requesting an emergency revision of an existing OMB control number 0625–0143, Domestic and International Client Export Services and Customized Forms Renewal, to meet the requirements of Proclamation 10908. With this notice, ITA is establishing a process for importers of automobiles that qualify for USMCA duty preference to submit documentation supporting a claim that certain parts of the automobile are U.S. content. In the notice, ITA estimated the burden to the public for this notification will average 800 hours (20 respondents * 20 hours per response * 2 expected responses per year), including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the collection of information. The estimated total annual cost to the Federal Government is \$37,000. The public may access this ITA request, including all supporting materials, at www.reginfo.gov/public/do/PRAMain and inserting the OMB control number or the name of the collection. Please send written comments to Emily Davis, Director for Public Affairs, 202–482–3809, Emily.Davis@trade.gov. A comment to OMB is best assured of having its full effect if OMB receives it within 60 days of publication of this notice. All written comments submitted in response to this notice will be included in the record and will be made available to the public. Please be advised that the substance of the comments and the identity of the individuals or entities submitting the comments will be subject to public disclosure. Written comments will be publicly available on the internet via <https://www.regulations.gov>.

We are soliciting comments from the public (as well as affected agencies) concerning our information collection and recordkeeping requirements. These comments will help us:

(1) Evaluate whether the information collection is necessary for the proper performance of our agency's functions, including whether the information will have practical utility.

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the

validity of the methodology and assumptions used.

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond (such as through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses).

Estimate of burden: Public reporting burden for this collection of information is estimated to average 20 hours per response.

Respondents: Private Sector.

Estimated annual number of respondents: 20.

Estimated annual number of responses per respondent: 2.

Estimated annual number of responses: 40.

Estimated total annual burden on respondents: 800.

(Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

Copies of this information collection can be obtained from Emily Davis, Director for Public Affairs, 202–482–3809, Emily.Davis@trade.gov.

Notwithstanding any other provision of law, no person is required to respond to, nor is subject to a penalty for failure to comply with, a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid OMB Control Number.

Trevor Kellogg,

Chief of Staff and Senior Advisor, Office of the Under Secretary, International Trade Administration, Commerce Department, performing the non-exclusive functions and duties of the Under Secretary for International Trade.

Less-Than-Fair Value and Countervailing Duty Investigations of Fiberglass Door Panels and Polypropylene Corrugated Boxes From the People's Republic of China; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published the notice of initiation for the less-than-fair value (LTFV) and countervailing duty (CVD) investigations of polypropylene corrugated boxes from the People's Republic of China (China) in the **Federal Register** of April 14, 2025, and for the LTFV and CVD investigations of fiberglass door panels from China in the **Federal Register** of April 15, 2025. In those initiation notices, Commerce inadvertently assigned case numbers that are already in use and is thus now assigning new case numbers.

DATES: Applicable May 20, 2025.

FOR FURTHER INFORMATION CONTACT: T.J. Worthington, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4567.

SUPPLEMENTARY INFORMATION:

Background

On April 14, 2025, Commerce published in the **Federal Register** the notice of initiation for the LFTV investigation of polypropylene corrugated boxes from China and the notice of initiation for the CVD investigation of polypropylene corrugated boxes from China.¹ On April 15, 2025, Commerce published in the **Federal Register** the notice of initiation for the LFTV investigation of fiberglass door panels from China and the notice of initiation for the CVD investigation of fiberglass door panels from China.² In

¹ See *Polypropylene Corrugated Boxes from the People's Republic of China and the Socialist Republic of Vietnam: Initiation of Less-Than-Fair-Value Investigations*, 90 FR 15544 (April 14, 2025); see also *Polypropylene Corrugated Boxes from the People's Republic of China: Initiation of Countervailing Duty Investigation*, 90 FR 15555 (April 14, 2025).

the aforementioned initiation notices, Commerce inadvertently assigned case numbers that are already in use. Below, Commerce is establishing new case numbers for these investigations, all interested parties must use these new case numbers for filings related to the above-mentioned investigations.

Correction 1

In the **Federal Register** of April 14, 2025, in FR Doc 2025–06285, on page 15544, in the first column, correct the case number from “A–570–203” to “A–570–207”.

Correction 2

In the **Federal Register** of April 14, 2025, in FR Doc 2025–06284, on page 15555, in the third column, correct the case number from “C–570–204” to “C–570–208”.

Correction 3

In the **Federal Register** of April 15, 2025, in FR Doc 2025–06383, on page 15684, in the second column, correct the case number from “A–570–201” to “A–570–209”.

Correction 4

In the **Federal Register** of April 15, 2025, in FR Doc 2025–06384, on page 15692, in the third column, correct the case number from “C–570–202” to “C–570–210”.

Notification to Interested Parties

This notice is issued and published in accordance with sections 702(c)(2) and 732(c)(2) of the Tariff Act of 1930, as amended.

Dated: May 15, 2025.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Ferrosilicon From Malaysia: Amended Final Determination of Sales at Less Than Fair Value; Ferrosilicon From Brazil, Kazakhstan, and Malaysia: Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

Value Investigation, 90 FR 15684 (April 15, 2025); see also *Fiberglass Door Panels from the People’s Republic of China: Initiation of Countervailing Duty Investigation*, 90 FR 15692 (April 15, 2025).

SUMMARY: Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing antidumping duty (AD) orders on ferrosilicon from Brazil, Kazakhstan, and Malaysia. In addition, Commerce is amending its final determination of sales at less than fair value (LTFV) with respect to ferrosilicon from Malaysia to correct ministerial errors.

DATES: Applicable May 20, 2025.

FOR FURTHER INFORMATION CONTACT:

Jaron Moore or Noah Wetzel (Brazil), Mira Warriar (Kazakhstan), and Jacob Waddell or Carolyn Adie (Malaysia), AD/CVD Operations, Offices VIII, II, and VI, respectively, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3640, (202) 482–7466, (202) 482–8031, (202) 482–1369, or (202) 482–6250, respectively.

SUPPLEMENTARY INFORMATION:

Background

In accordance with section 735(d) of the Tariff Act of 1930, as amended (the Act), on March 28, 2025, Commerce published its affirmative final determinations of sales at LTFV of ferrosilicon from Brazil, Kazakhstan, and Malaysia.¹ In the LTFV investigation of ferrosilicon from Malaysia, the petitioners and a respondent timely alleged that Commerce made certain ministerial errors. See “Amendment to the Malaysia Final Determination of Sales at Less than Fair Value” section below for further discussion.

On May 12, 2025, pursuant to section 735(d) of the Act, the ITC notified Commerce of its final affirmative determinations that an industry in the United States is materially injured by reason of dumped imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia, within the meaning of section 735(b)(1)(A)(i) of the Act.²

¹ See *Ferrosilicon from Brazil: Final Affirmative Determination of Sales at Less Than Fair Value*, 90 FR 14112 (March 28, 2025); see also *Ferrosilicon from Kazakhstan: Final Affirmative Determination of Sales at Less-Than-Fair-Value and Final Negative Determination of Critical Circumstances*, 90 FR 14077 (March 28, 2025); and *Ferrosilicon from Malaysia: Final Affirmative Determination of Sales at Less Than Fair Value and Final Negative Determination of Critical Circumstances*, 90 FR 14105 (March 28, 2025) (*Malaysia Final LTFV Determination*).

² See ITC’s Letter, “Notice of Final Determinations (Investigation Nos. 701–TA–712–714 and 731–TA–1679–1681),” dated May 12, 2025 (ITC Notification Letter).

Scope of the Orders

The product covered by these orders is ferrosilicon from Brazil, Kazakhstan, and Malaysia. For a complete description of the scope of the orders, see the appendix to this notice.

Amendment to the Final Determination of Sales at LTFV for Malaysia

We determine that we made certain ministerial errors in the sales at LTFV final determination of ferrosilicon from Malaysia. Pursuant to 19 CFR 351.224(e), and as explained further in the Malaysia Ministerial Error Memorandum, Commerce is amending the *Malaysia Final LTFV Determination* to reflect the correction of certain ministerial errors.³ Correction of these errors changes the final AD cash deposit rate for OM Materials (Sarawak) Sdn. Bhd. and Pertama Ferroalloys Sdn. Bhd., as well as the cash deposit rate for all other producers and exporters not individually investigated. The revised rates are listed in the “Estimated Weighted-Average Dumping Margins” section, below.

AD Orders

On May 12, 2025, in accordance with section 735(d) of the Act, the ITC notified Commerce of its final determination that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia that are sold in the United States at less than fair value.⁴ Therefore, in accordance with sections 735(c)(2) and 736 of the Act, Commerce is issuing these AD orders. Because the ITC determined that imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia are materially injuring a U.S. industry, unliquidated entries of such merchandise from Brazil, Kazakhstan, and Malaysia, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise on all relevant entries of ferrosilicon from

³ See Memorandum, “Less-Than-Fair-Value Investigation of Ferrosilicon from Malaysia: Analysis of Ministerial Error Allegations,” dated April 22, 2025 (Malaysia Ministerial Error Memorandum).

⁴ See ITC Notification Letter.

Brazil, Kazakhstan, and Malaysia. Antidumping duties will be assessed on unliquidated entries of ferrosilicon from Brazil, Kazakhstan, and Malaysia entered, or withdrawn from warehouse, for consumption on or after November 6, 2024, the date of publication of the *Preliminary Determinations*,⁵ but will not include entries occurring after the expiration of the provisional measures period and before publication of the ITC's final injury determination, as further described below.

Continuation of Suspension of Liquidation and Cash Deposits

Except as noted in the "Provisional Measures" section of this notice, Commerce intends to instruct CBP to continue to suspend liquidation on all relevant entries of ferrosilicon from Brazil, Kazakhstan, and Malaysia, in accordance with section 736 of the Act. These instructions suspending liquidation will remain in effect until further notice.

Because the estimated weighted-average dumping margin for Minasligas

S.A. is *de minimis*, entries of shipments of subject merchandise that are produced and exported by Minasligas S.A. will not be subject to suspension of liquidation or cash deposit requirements. In such situations, Commerce also applies the exclusion from the provisional measures to the producer/exporter combination that was examined in the investigation. Accordingly, Commerce will not direct CBP to suspend liquidation of entries of subject merchandise produced and exported by Minasligas S.A. However, entries of subject merchandise from this company in any other producer/exporter combination (*i.e.*, where Minasligas S.A. is either the producer or the exporter, but not both), or by third parties that sourced subject merchandise from the excluded producer/exporter combination, will be subject to suspension of liquidation at the all-others rate.

Further, because the estimated weighted-average dumping margin is *de minimis* for subject merchandise produced and exported by Minasligas

S.A., entries of such merchandise are excluded from the AD order. This exclusion is not applicable to merchandise exported to the United States by this respondent in any other producer/exporter combinations or by third parties that sourced subject merchandise from the excluded producer/exporter combination.

Commerce also intends to instruct CBP to require cash deposits equal to the estimated weighted-average dumping margins indicated in the tables below, adjusted by the relevant subsidy offsets. Accordingly, effective on the date of publication in the **Federal Register** of the notice of the ITC's final affirmative injury determination, CBP must require, at the same time as importers would normally deposit estimated customs duties on subject merchandise, a cash deposit equal to the rates listed in the tables below.

Estimated Weighted-Average Dumping Margins

The estimated weighted-average dumping margins are as follows:

BRAZIL

Exporter/producer	Estimated weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset(s)) (percent)
Companhia de Ferro Ligas da Bahia S.A	13.66	13.57.
Ligas de Alumínio S.A	21.78 *	0.00.
Minasligas S.A	0.78 (<i>de minimis</i>)	Not Applicable.
All Others	13.66	13.57.

* Rate based on facts available with adverse inferences.

KAZAKHSTAN

Exporter/producer	Estimated weighted-average dumping margin (percent)
YDD Corporation LLP; Asia FerroAlloys LLP; KazSilicon Metallurgical Combine LLP ⁶	6.01
TNC Kazchrome JSC	6.20
All Others	6.05

MALAYSIA

Exporter/producer	Estimated weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset(s)) (percent)
OM Materials (Sarawak) Sdn. Bhd	5.10	4.66
Pertama Ferroalloys Sdn. Bhd	42.88	42.60
All Others	21.76	21.37

⁵ See *Ferrosilicon from Brazil: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures*, 89 FR 88004 (November 6, 2024); see also *Ferrosilicon from Kazakhstan: Preliminary Affirmative Determination of Sales at Less Than Fair Value*,

Preliminary Negative Determination of Critical Circumstances, Postponement of Final Determination, and Extension of Provisional Measures, 89 FR 88007 (November 6, 2024) (*Kazakhstan Preliminary Determination*), and accompanying Preliminary Decision Memorandum (PDM); and *Ferrosilicon from Malaysia: Preliminary*

Affirmative Determination of Sales at Less Than Fair Value, Preliminary Negative Determination of Critical Circumstances, Postponement of Final Determination, and Extension of Provisional Measures, 89 FR 88010 (November 6, 2024) (collectively, *Preliminary Determinations*).

Provisional Measures

Section 733(d) of the Act states that suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except where exporters representing a significant proportion of exports of the subject merchandise request that Commerce extend the four-month period to no more than six months. At the request of exporters that accounted for a significant proportion of exports of ferrosilicon from Brazil, Kazakhstan, and Malaysia, Commerce extended the four-month period to no more than six-months.⁷ In the underlying investigations, Commerce published the *Preliminary Determinations* on November 6, 2024. Therefore, the six-month period beginning on the date of the publication of the *Preliminary Determinations* ended on May 4, 2025. Pursuant to section 737(b) of the Act, the collection of cash deposits at the rates listed above will begin on the date of publication of the ITC's final injury determinations. Therefore, in accordance with section 736(a)(1) of the Act and our practice, Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of ferrosilicon from Brazil, Kazakhstan, and Malaysia entered, or withdrawn from warehouse, for consumption on or after May 5, 2025, the first day provisional measures were no longer in effect, until and through the day preceding the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation and the collection of cash deposits will resume on the date of publication of the ITC's final determinations in the **Federal Register**.

Establishment of the Annual Inquiry Service Lists

On September 20, 2021, Commerce published the *Final Rule* in the **Federal Register**.⁸ On September 27, 2021, Commerce also published the *Procedural Guidance* in the **Federal Register**.⁹ The *Final Rule* and *Procedural Guidance* provide that

Commerce will maintain an annual inquiry service list for each order or suspended investigation, and any interested party submitting a scope ruling application or request for circumvention inquiry shall serve a copy of the application or request on the persons on the annual inquiry service list for that order, as well as any companion order covering the same merchandise from the same country of origin.

In accordance with the *Procedural Guidance*, for orders published in the **Federal Register** after November 4, 2021, Commerce will create an annual inquiry service list segment in Commerce's online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), available at <https://access.trade.gov>, within five business days of publication of the notice of the order. Each annual inquiry service list will be saved in ACCESS, under each case number, and under a specific segment type called "AISL—Annual Inquiry Service List."¹⁰

Interested parties who wish to be added to the annual inquiry service list for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an order designate a lead attorney to be included on the annual inquiry service list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance*,¹¹ the new annual inquiry service list will be in place until the following year, when the *Opportunity Notice* for the anniversary month of the order is published.

Commerce may update an annual inquiry service list at any time as needed based on interested parties' amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or

announcements pertaining to these procedures will be posted to the ACCESS website.

Special Instructions for Petitioners and Foreign Governments

In the *Final Rule*, Commerce stated that, "after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow."¹² Accordingly, as stated above, the petitioners and the Governments of Brazil, Kazakhstan, and Malaysia should submit their initial entry of appearance after publication of this notice in order to appear in the first annual inquiry service list for those orders for which they qualify as an interested party. Pursuant to 19 CFR 351.225(n)(3), the petitioners and the Governments of Brazil, Kazakhstan, and Malaysia will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and the Governments of Brazil, Kazakhstan, and Malaysia are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

Notification to Interested Parties

This notice constitutes the AD orders with respect to ferrosilicon from Brazil, Kazakhstan, and Malaysia pursuant to section 736(a) of the Act. Interested parties can find a list of AD orders currently in effect at <https://www.trade.gov/data-visualization/adcvd-proceedings>.

These AD orders are published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: May 14, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix

The scope of these orders covers all forms and sizes of ferrosilicon, regardless of grade, including ferrosilicon briquettes. Ferrosilicon is a ferroalloy containing by weight four percent or more iron, more than eight percent but not more than 96 percent silicon, three percent or less phosphorus, 30 percent or less manganese, less than three percent magnesium, and 10 percent or less of any other element. The merchandise covered also includes product described as slag, if the product meets these specifications.

⁶ Commerce has found that YDD Corporation LLP, Asia FerroAlloys LLP, and KazSilicon Metallurgical Combine LLP comprise a single entity. See *Kazakhstan Preliminary Determination PDM*.

⁷ See *Preliminary Determinations*.

⁸ See *Regulations to Improve Administration and Enforcement of Antidumping and Countervailing Duty Laws*, 86 FR 52300 (September 20, 2021) (*Final Rule*).

⁹ See *Scope Ruling Application; Annual Inquiry Service List; and Informational Sessions*, 86 FR 53205 (September 27, 2021) (*Procedural Guidance*).

¹⁰ This segment will be combined with the ACCESS Segment Specific Information (SSI) field which will display the month in which the notice of the order or suspended investigation was published in the **Federal Register**, also known as the anniversary month. For example, for an order under case number A-000-000 that was published in the **Federal Register** in January, the relevant segment and SSI combination will appear in ACCESS as "AISL-January Anniversary." Note that there will be only one annual inquiry service list segment per case number, and the anniversary month will be pre-populated in ACCESS.

¹¹ See *Procedural Guidance*, 86 FR at 53206.

¹² See *Final Rule*, 86 FR at 52335.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise processed in a third country, including by performing any grinding or any other finishing, packaging, or processing that would not otherwise remove the merchandise from the scope of the orders if performed in the country of manufacture of the ferrosilicon.

Ferrosilicon is currently classifiable under subheadings 7202.21.1000, 7202.21.5000, 7202.21.7500, 7202.21.9000, 7202.29.0010, and 7202.29.0050 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS numbers are provided for convenience and customs purposes, the written description of the scope remains dispositive.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with April anniversary dates. In accordance with Commerce's regulations, we are initiating those administrative reviews.

DATES: Applicable May 20, 2025.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-4735.

SUPPLEMENTARY INFORMATION:

Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders with April anniversary dates.

All deadlines for the submission of various types of information, certifications, comments, or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

Respondent Selection

In the event that Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for

the orders identified below, Commerce intends to select respondents based either on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review (POR) or questionnaires in which we request the quantity and value (Q&V) of sales, shipments, or exports during the POR. Where Commerce selects respondents based on CBP data, we intend to place the CBP data on the record within five days of publication of the initiation notice. Where Commerce selects respondents based on Q&V data, Commerce intends to place the Q&V questionnaire on the record of the review within five days of publication of the initiation notice. In either case, we intend to make our decision regarding respondent selection within 35 days of publication of the initiation notice in the **Federal Register**.

Comments regarding the CBP data (and/or Q&V data (where applicable)) and respondent selection should be submitted within seven days after the placement of the CBP data/submission of the Q&V data on the record of the review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event that Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be "collapsed" (e.g., treated as a single entity for purposes of calculating AD rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of the review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of the AD proceeding (e.g., investigation, administrative review, new shipper review, or changed circumstances review). For any company subject to the review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse

companies for purposes of respondent selection.

Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Q&V questionnaire for purposes of respondent selection, in general, each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of the proceeding where Commerce considered collapsing that entity, complete Q&V data for that collapsed entity must be submitted.

Notice of No Sales

With respect to AD administrative reviews, we intend to rescind the review where there are no suspended entries for a company or entity under review and/or where there are no suspended entries under the company-specific case number for that company or entity. Where there may be suspended entries, if a producer or exporter named in this notice of initiation had no exports, sales, or entries during the POR, it may notify Commerce of this fact within 30 days of publication of this initiation notice in the **Federal Register** for Commerce to consider how to treat suspended entries under that producer's or exporter's company-specific case number.

Deadline for Withdrawal of Request for Administrative Review

Pursuant to 19 CFR 351.213(d)(1), a party that has requested a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that Commerce may extend this time if it is reasonable to do so. Determinations by Commerce to extend the 90-day deadline will be made on a case-by-case basis.

Deadline for Particular Market Situation Allegation

Section 504 of the Trade Preferences Extension Act of 2015 amended the Act by adding the concept of a particular market situation (PMS) for purposes of constructed value under section 773(e) of the Act.¹ Section 773(e) of the Act states that "if a particular market situation exists such that the cost of

¹ See Trade Preferences Extension Act of 2015, Public Law 114-27, 129 Stat. 362 (2015).

materials and fabrication or other processing of any kind does not accurately reflect the cost of production in the ordinary course of trade, the administering authority may use another calculation methodology under this subtitle or any other calculation methodology.” When an interested party submits a PMS allegation pursuant to section 773(e) of the Act, Commerce will respond to such a submission consistent with 19 CFR 351.301(c)(2)(v). If Commerce finds that a PMS exists under section 773(e) of the Act, then it will modify its dumping calculations appropriately.

Neither section 773(e) of the Act nor 19 CFR 351.301(c)(2)(v) set a deadline for the submission of PMS allegations and supporting factual information. However, in order to administer section 773(e) of the Act, Commerce must receive PMS allegations and supporting factual information with enough time to consider the submission. Thus, should an interested party wish to submit a PMS allegation and supporting new factual information pursuant to section 773(e) of the Act, it must do so no later than 20 days after submission of initial responses to section D of the questionnaire.

Separate Rates

In proceedings involving non-market economy (NME) countries, Commerce begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single AD deposit rate. It is Commerce’s policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate rate, Commerce analyzes each entity exporting the subject merchandise. In accordance with the separate rates criteria, Commerce assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure* and *de facto* government control over export activities.

All firms listed below that wish to qualify for separate rate status in the administrative reviews involving NME countries must complete, as appropriate, either a Separate Rate Application or Certification, as described below. In addition, all firms that wish to qualify for separate rate status in the administrative reviews of

AD orders in which a Q&V questionnaire is issued must complete, as appropriate, either a Separate Rate Application or Certification, and respond to the Q&V questionnaire.

For these administrative reviews, in order to demonstrate separate rate eligibility, Commerce requires entities for whom a review was requested, that were assigned a separate rate in the most recent segment of this proceeding in which they participated, to certify that they continue to meet the criteria for obtaining a separate rate. The Separate Rate Certification form will be available on Commerce’s website at <https://access.trade.gov/Resources/nme/nme-sep-rate.html> on the date of publication of this **Federal Register** notice. In responding to the certification, please follow the “Instructions for Filing the Certification” in the Separate Rate Certification. Separate Rate Certifications are due to Commerce no later than 14 calendar days after publication of this **Federal Register** notice. In addition to filing a Separate Rate Certification with Commerce no later than 14 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Certification applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers who purchase and export subject merchandise to the United States.

Entities that currently do not have a separate rate from a completed segment of the proceeding² should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. In addition, companies that received a separate rate in a completed segment of the proceeding that have subsequently made changes, including, but not limited to, changes to corporate structure, acquisitions of new companies or facilities, or changes to their official company name,³ should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. The Separate Rate Application will be available on

² Such entities include entities that have not participated in the proceeding, entities that were preliminarily granted a separate rate in any currently incomplete segment of the proceeding (e.g., an ongoing administrative review, new shipper review, etc.) and entities that lost their separate rate in the most recently completed segment of the proceeding in which they participated.

³ Only changes to the official company name, rather than trade names, need to be addressed via a Separate Rate Application. Information regarding new trade names may be submitted via a Separate Rate Certification.

Commerce’s website at <https://access.trade.gov/Resources/nme/nme-sep-rate.html> on the date of publication of this **Federal Register** notice. In responding to the Separate Rate Application, refer to the instructions contained in the application. Separate Rate Applications are due to Commerce no later than 14 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Application applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers that purchase and export subject merchandise to the United States.

Exporters and producers must file a timely Separate Rate Application or Certification if they want to be considered for individual examination. Furthermore, exporters and producers who submit a Separate Rate Application or Certification and subsequently are selected as mandatory respondents will no longer be eligible for separate rate status unless they respond to all parts of the questionnaire as mandatory respondents.

Certification Eligibility

Commerce may establish a certification process for companies whose exports to the United States could contain both subject and non-subject merchandise. Companies under review that were deemed to not be eligible to participate in the certification program of that proceeding may submit a Certification Eligibility Application to establish that they maintain the necessary systems to track their sales to the United States of subject and non-subject goods.

All firms listed below that are not currently eligible to certify but wish to establish certification eligibility are required to submit a Certification Eligibility Application. The Certification Eligibility Application will be available on Commerce’s website at <https://access.trade.gov/Resources/Certification-Eligibility-Application.pdf>.

Certification Eligibility Applications must be filed according to Commerce’s regulations and are due to Commerce no later than 30 calendar days after the publication of the **Federal Register** notice.

Exporters and producers that are not currently eligible to certify, who submit a Certification Eligibility Application, and are subsequently selected as mandatory respondents must respond to all parts of the questionnaire as mandatory respondents for Commerce to consider their Certification Eligibility Application.

Initiation of Reviews

In accordance with 19 CFR
351.221(c)(1)(i), we are initiating

administrative reviews of the following
AD and CVD orders and findings. We

intend to issue the final results of these
reviews not later than April 30, 2026.

Suspension Agreements

None.

Duty Absorption Reviews

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an AD order under 19 CFR 351.211 or a determination under 19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), Commerce, if requested

by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Gap Period Liquidation

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant “gap” period of the order (i.e., the period following the expiry of provisional measures and before definitive measures were put into place), if such a gap period is applicable to the POR.

Administrative Protective Orders and Letters of Appearance

Interested parties must submit applications for disclosure under administrative protective orders in accordance with the procedures outlined in Commerce’s regulations at 19 CFR 351.305. Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (e.g., the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

Factual Information Requirements

Commerce’s regulations identify five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19

CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). These regulations require any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The regulations, at 19 CFR 351.301, also provide specific time limits for such factual submissions based on the type of factual information being submitted. Please review the *Final Rule*,¹² available at <https://www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf>, prior to submitting factual information in this segment. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹³

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information using the formats provided at the end of the *Final Rule*.¹⁴ Commerce intends to reject factual submissions in any proceeding segments if the submitting

⁴ Commerce also received a request for review of “Goodgood Manufacturers,” which we consider to be the same company.

⁵ Commerce also received a request for review of “Kanika Exp.,” which we consider to be the same company.

⁶ Commerce also received a request for review of “Shree Laxmi Fasteners,” which we consider to be the same company.

⁷ In the initiation notice published on March 28, 2025 (90 FR 14081), we incorrectly listed the company names for a single entity on which we initiated the administrative review. We are correcting that error in this notice.

⁸ In past reviews, Commerce has treated these companies as a single entity. See, e.g., *Certain Activated Carbon from the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; and Final Determination of No Shipments; 2020–2021*, 87 FR 67671 (November 9, 2022). Commerce also received a review request for Jacobi Carbons, Inc., however, because Jacobi Carbons, Inc. is a U.S. affiliate of Jacobi Carbons AB., it is not listed in this notice.

⁹ Commerce previously determined that Dalian Meisen Woodworking Co. Ltd. and Dalian Hechang Technology Development Co., Ltd. are cross-owned. See *Wooden Cabinets and Vanities and Components Thereof from the People’s Republic of China: Final Affirmative Countervailing Duty Determination*, 85 FR 11962 (February 28, 2020).

¹⁰ Commerce previously determined that The Ancientree Cabinet Co., Ltd.; Jiangsu Hongjia Wood Co., Ltd.; Jiangsu Hongjia Wood Co., Ltd. Shanghai Branch; and Jiangsu Yunru Technology Industry Co., Ltd are cross-owned. See *Wooden Cabinets and Vanities and Components Thereof from the People’s Republic of China: Final Results of Countervailing Duty Administrative Review; 2022*, 89 FR 88962 (November 12, 2024).

¹¹ Commerce previously determined that Yixing Pengjia Technology Co., Ltd.’s former name was Yixing Pengjia Cabinetry Co., Ltd. See *Wooden Cabinets and Vanities and Components Thereof from the People’s Republic of China: Final Results of Countervailing Duty Administrative Review; 2022*, 89 FR 88962 (November 12, 2024).

¹² See *Certification of Factual Information To Import Administration During Antidumping and Countervailing Duty Proceedings*, 78 FR 42678 (July 17, 2013) (*Final Rule*); see also the frequently asked questions regarding the *Final Rule*, available at https://enforcement.trade.gov/tlei/notices/factual_info_final_rule_FAQ_07172013.pdf.

¹³ See *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings; Final Rule*, 88 FR 67069 (September 29, 2023).

¹⁴ See section 782(b) of the Act; see also *Final Rule*; and the frequently asked questions regarding the *Final Rule*, available at https://enforcement.trade.gov/tlei/notices/factual_info_final_rule_FAQ_07172013.pdf.

party does not comply with applicable certification requirements.

Extension of Time Limits Regulation

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by Commerce.¹⁵ In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning CBP data; and (5) Q&V questionnaires. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This policy also requires that an extension request must be made in a separate, standalone submission, and clarifies the circumstances under which Commerce will grant untimely-filed requests for the extension of time limits. Please review the *Final Rule*, available at <https://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these segments.

Notification to Interested Parties

These initiations and this notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.221(c)(1)(i).

Dated: May 14, 2025.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XE901]

Endangered and Threatened Species; Initiation of a 5-Year Review of the Gulf of Maine Distinct Population Segment of Atlantic Salmon (*Salmo salar*)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce, and United States Fish and Wildlife Service (USFWS), Interior.

ACTION: Notice; request for information.

SUMMARY: NMFS and USFWS announce the initiation of a 5-year review of the endangered Gulf of Maine Distinct Population Segment (DPS) of Atlantic salmon (*Salmo salar*). The Endangered Species Act (ESA) requires us to conduct a review of listed species at least once every 5 years to determine whether a species should be removed from the list (*i.e.*, delisted), reclassified from an endangered species to a threatened species (*i.e.*, downlisted), or reclassified from a threatened species to an endangered species (*i.e.*, uplisted). The determination must be based on the best scientific and commercial data available at the time of the review. Therefore, we request relevant information (*e.g.*, biology, threats, and conservation efforts) that has become available since our previous review of the species.

DATES: To allow us adequate time to conduct the 5-year review, we must receive your information no later than July 21, 2025. While we accept new information about any listed species at any time, information received after the date stated above may not be considered for the purposes of this review.

ADDRESSES: Submit your information electronically via the Federal eRulemaking Portal. Go to <https://www.regulations.gov> and enter NOAA–NMFS–2025–0043 in the Search box. Click on the “Comment” icon, complete the required fields, and enter or attach your comments.

Instructions: We may not consider comments or other information if sent by any other method, to any other address or individual, or received after the date stated above. All comments and information received are a part of the public record, and we will post the comments for public viewing on <https://www.regulations.gov>. All personal identifying information (*e.g.*, name, address, *etc.*) submitted voluntarily by the sender will be publicly accessible.

Do not submit confidential business information or otherwise sensitive or protected information. We will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Dan Tierney, NMFS Greater Atlantic Regional Fisheries Office, 207–866–3755, dan.tierney@noaa.gov.

SUPPLEMENTARY INFORMATION: This notice announces our initiation of the Gulf of Maine DPS of Atlantic salmon (*Salmo salar*) 5-year review. Section 4(c)(2) of the ESA requires us to conduct a review of listed species at least once every 5 years to determine whether species should be removed from the list, changed in status from an endangered species to a threatened species, or changed in status from a threatened species to an endangered species (16 U.S.C. 1533(c)(2)). Section 4(a)(1) of the ESA requires us to determine whether any species is an endangered or threatened species because of any of the following factors: (A) the present or threatened destruction, modification, or curtailment of its habitat or range; (B) overutilization for commercial, recreational, scientific, or educational purposes; (C) disease or predation; (D) the inadequacy of existing regulatory mechanisms; or (E) other natural or manmade factors affecting its continued existence (16 U.S.C. 1533(a)(1)). Section 4(b)(1)(A) of the ESA requires us to make the determination based solely on the best scientific and commercial data available at the time of the review and after taking into account efforts to protect the species (16 U.S.C. 1533(b)(1)(A)). Regulations in 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing species currently under active review.

After reviewing all information, we publish our determination on the NMFS website: <https://www.fisheries.noaa.gov/action/atlantic-salmon-5-year-review>. Any recommended change (*i.e.*, delisting or reclassification) would require a separate rulemaking process. In 2020, we previously performed a review of the Gulf of Maine DPS of Atlantic salmon, which is available at the NMFS website, along with additional background information on the species.

Public Solicitation of Relevant Information

To ensure that the 5-year review is based on the best scientific and commercial data available, we are soliciting information from the public, governmental agencies, Tribes, the scientific community, industry,

¹⁵ See 19 CFR 351.302.

environmental organizations, and any other interested parties. We request information that has become available since the previous review was published in 2020. Categories of requested information include: (1) species biology including, but not limited to, abundance, population trends, demographics, distribution, and diversity; (2) habitat conditions including, but not limited to, amount, distribution, suitability, and important features for conservation; (3) degree, nature, and trends of threats to the species and its habitats, especially those factors described in section 4(a)(1) of the ESA and listed above; (4) conservation efforts that have been implemented to benefit the species, including monitoring data demonstrating the effectiveness of such efforts; and (5) other information, data, or corrections including, but not limited to, taxonomic or nomenclatural changes and improved analytical methods for evaluating extinction risk.

The Gulf of Maine DPS of Atlantic salmon was listed as a distinct population segment, which is included in the ESA definition of species (16 U.S.C. 1532) and further explained by the Policy Regarding the Recognition of Distinct Vertebrate Population Segments (61 FR 4722; February 7, 1996). Therefore, we also request information that has become available since the last review on: (1) the discreteness of the population segment in relation to the remainder of the species to which it belongs; (2) the significance of the population segment to the species to which it belongs; and (3) the population segment's conservation status in relation to the Act's standards for listing (*i.e.*, is the population segment endangered or threatened?).

If you wish to provide information for the review, please submit your information and materials electronically (see **ADDRESSES** section). We request that all information be accompanied by supporting documentation such as maps, bibliographic references, or reprints of pertinent publications.

Authority: 16 U.S.C. 1531 *et seq.*

Dated: May 14, 2025.

[RTID 0648-XE805]

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of America (Formerly Gulf of Mexico)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of modification to expiration date of letter of authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA), as amended, its implementing regulations, and NMFS' MMPA regulations for taking marine mammals incidental to geophysical surveys related to oil and gas activities in the Gulf of America (GOA), originally published as Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of Mexico, notification is hereby given that NMFS has modified the expiration date of a Letter of Authorization (LOA) issued to Shell Offshore Inc. (Shell) for the taking of marine mammals incidental to geophysical survey activity in the GOA. **DATES:** This LOA is effective through August 31, 2025.

ADDRESSES: The LOA, LOA request, and supporting documentation are available online at: <https://www.fisheries.noaa.gov/marine-mammal-protection/issued-letters-authorization-oil-and-gas-industry-geophysical-survey>. In case of problems accessing these documents, please call the contact listed below (**FOR FURTHER INFORMATION CONTACT**).

FOR FURTHER INFORMATION CONTACT: Jenna Harlacher, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

Except with respect to certain activities not pertinent here, the MMPA defines "harassment" as: any act of pursuit, torment, or annoyance which: (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering (Level B harassment).

On January 19, 2021, we issued a final rule with regulations to govern the unintentional taking of marine mammals incidental to geophysical survey activities conducted by oil and gas industry operators, and those persons authorized to conduct activities on their behalf (collectively "industry operators"), in U.S. waters of the GOA¹ over the course of 5 years (86 FR 5322, January 19, 2021). The rule was based on our findings that the total taking from the specified activities over the 5-year period will have a negligible impact on the affected species or stock(s) of marine mammals and will not have an unmitigable adverse impact on the availability of those species or stocks for subsistence uses. The rule became effective on April 19, 2021.

The regulations at 50 CFR 217.180 *et seq.* allow for the issuance of LOAs to industry operators for the incidental take of marine mammals during geophysical survey activities and prescribe the permissible methods of taking and other means of effecting the least practicable adverse impact on marine mammal species or stocks and their habitat (often referred to as

¹ Pursuant to Executive Order 14172, "Restoring Names That Honor American Greatness," and Department of the Interior Secretarial Order 3423, "The Gulf of America," the body of water formerly known as the Gulf of Mexico is now called the Gulf of America. Accordingly, this **Federal Register** notice hereafter refers to the Gulf of America.

mitigation), as well as requirements pertaining to the monitoring and reporting of such taking. Under 50 CFR 217.186(e), issuance of an LOA shall be based on a determination that the level of taking will be consistent with the findings made for the total taking allowable under these regulations and a determination that the amount of take authorized under the LOA is of no more than small numbers.

NMFS subsequently discovered that the 2021 rule was based on erroneous take estimates. We conducted another rulemaking using correct take estimates and other newly available and pertinent information relevant to the analyses supporting some of the findings in the 2021 final rule and the taking allowable under the regulations. We issued a final rule in April 2024, effective May 24, 2024 (89 FR 31488, April 24, 2024).

The 2024 final rule made no changes to the specified activities or the specified geographical region in which those activities would be conducted, nor to the original 5-year period of effectiveness. In consideration of the new information, the 2024 rule presented new analyses supporting affirmation of the negligible impact determinations for all species, and affirmed that the existing regulations, which contain mitigation, monitoring, and reporting requirements, are consistent with the “least practicable adverse impact” (LPAI) standard of the MMPA.

NMFS issued a LOA to Shell on March 4, 2024, for the take of marine mammals incidental to a four-dimensional (4D) ocean bottom node survey over the Ursa Development, Mississippi Canyon Lease Block 809, and the surrounding lease blocks, effective July 1, 2024, through June 30, 2025. Please see the **Federal Register** notice of issuance (89 FR 17419, March 11, 2024) for additional detail regarding the LOA and the survey activity.

Shell has requested that the June 30, 2025, expiration date be extended to August 31, 2025, due to weather delays causing changes in survey timing. Since we issued the LOA to Shell, we have updated the final rule to include corrected take estimates and new information as discussed above; therefore, we have updated the authorized take numbers accordingly based on this new information. There are no changes to the planned survey as described in the previous notice of issuance (89 FR 17419, March 11, 2024), including the planned location and duration of the survey.

As discussed in the previous notice of issuance (89 FR 17419, March 11, 2024), no 4D ocean bottom node (OBN) surveys were included in the modeled survey types, thus the coil proxy was selected. Shell plans to cover approximately 15.7 square kilometers (km²) per day compared to the 144 km² in the coil proxy, and although Shell is not proposing to perform a survey using the coil geometry, the coil proxy is most representative of the effort planned by Shell in terms of predicted Level B harassment exposures. Additionally, Shell anticipates using a single dual source vessel, towing airgun array sources consisting of 32 elements, with a total volume of 5,110 cubic inches (in³; 0.084 cubic meters (m³)). Therefore, the 5,110 in³ proxy was selected.

The survey plan includes approximately 80 days, including 63 days of sound source operation in Zone 5. The monthly distribution of survey days is not known in advance, though we assume that the planned 63 days of source operation will occur contiguously. Take estimates for each species are based on the time period that produces the greatest value.

For the Rice’s whale, recent survey data, sightings, and acoustic data support Rice’s whale occurrence in waters throughout the GOA between approximately 100 m and 400 m depth along the continental shelf break, and associated habitat-based density modeling has identified similar habitat (*i.e.*, approximately 100 to 400 m water depths along the continental shelf break) as being Rice’s whale habitat (Garrison *et al.*, 2023; Soldevilla *et al.*, 2022, 2024). NMFS’ 2024 final rule provided detailed discussion regarding Rice’s whale habitat (see, *e.g.*, 89 FR 31508, 31519).

Shell’s planned activities will overlap this depth range, with approximately 0.8 percent of the area expected to be ensonified by the survey above root-mean-squared pressure received levels (RMS SPL) of 160 decibels (dB) (referenced to 1 micropascal (re 1 μ Pa)) overlapping the 100–400 m isobaths. Therefore, there is some reasonable potential for take of Rice’s whale to occur in association with this survey. The generic acoustic exposure modeling results in one take of Rice’s whales and we have rounded that up to a group size, authorizing two Rice’s whale takes.

Based on the results of our analysis, NMFS has determined that the level of taking expected for this survey and authorized through the LOA is

consistent with the findings made for the total taking allowable under the regulations. See table 1 in this notice and table 6 of the rule (89 FR 31488, April 24, 2024).

Small Numbers Determination

Under the rule, NMFS may not authorize incidental take of marine mammals in an LOA if it will exceed “small numbers.” In short, when an acceptable estimate of the individual marine mammals taken is available, if the estimated number of individual animals taken is up to, but not greater than, one-third of the best available abundance estimate, NMFS will determine that the numbers of marine mammals taken of a species or stock are small (see 89 FR 31535, May 24, 2024). For more information please see NMFS’ discussion of small numbers in the 2021 final rule (86 FR 5438, January 19, 2021).

The take numbers for authorization are determined as described above. Subsequently, the total incidents of harassment for each species are multiplied by scalar ratios (except in the cases where the take estimate has been rounded up to reflect a group size) to produce a derived product that better reflects the number of individuals likely to be taken within a survey (as compared to the total number of instances of take), accounting for the likelihood that some individual marine mammals may be taken on more than 1 day (see 86 FR 5404, January 19, 2021). The output of this scaling, where appropriate, is incorporated into adjusted total take estimates that are the basis for NMFS’ small numbers determinations, as depicted in table 1.

This product is used by NMFS in making the necessary small numbers determinations through comparison with the best available abundance estimates (see discussion at 86 FR 5391, January 19, 2021). For this comparison, NMFS’ approach is to use the maximum theoretical population, determined through review of current stock assessment reports (SAR; <https://www.fisheries.noaa.gov/national/marine-mammal-protection/marine-mammal-stock-assessments>) and model-predicted abundance information (<https://seamap.env.duke.edu/models/Duke/GOM/>). Information supporting the small numbers determinations is provided in table 1.

TABLE 1—TAKE ANALYSIS

Species	Authorized take	Scaled take ¹	Abundance ²	Percent abundance
Rice's whale	2	NA	51	3.9
Sperm whale	569	241	2,451	9.8
<i>Kogia spp.</i>	153 ³	46.8	1,385	3.9
Beaked whales	1,176	119	1,038	11.4
Rough-toothed dolphin	1,467	421	4,853	8.7
Bottlenose dolphin	1,753	503	151,886	0.3
Clymene dolphin	555	159	6,136	2.6
Atlantic spotted dolphin	523	150	21,506	0.7
Pantropical spotted dolphin	12,398	3,558	50,209	7.1
Spinner dolphin	269	77	2,199	3.5
Striped dolphin	1,567	450	16,102	2.8
Fraser's dolphin	538	154	1,665	9.3
Risso's dolphin	438	129	1,974	6.5
Blackfish ⁴	1,878	554	9,535	5.8
Short-finned pilot whale	709	209	3,277	6.4

¹ Scalar ratios were applied to "Authorized Take" values as described at 86 FR 5322 and 86 FR 5404 (January 19, 2021) to derive scaled take numbers shown here.

² Best abundance estimate. For most taxa, the best abundance estimate for purposes of comparison with take estimates is considered here to be the model-predicted abundance (Garrison *et al.*, 2023). For Rice's whale, Atlantic spotted dolphin, and Risso's dolphin, the SAR abundance estimate is used.

³ Includes 7 takes by Level A harassment and 146 takes by Level B harassment. Scalar ratio is applied to takes by Level B harassment only; small numbers determination made on basis of scaled Level B harassment take plus authorized Level A harassment take.

⁴ The "blackfish" guild includes melon-headed whales, false killer whales, pygmy killer whales, and killer whales.

Based on the analysis contained herein of Shell's proposed survey activity described in its LOA application and the anticipated take of marine mammals, NMFS finds that small numbers of marine mammals will be taken relative to the affected species or stock sizes (*i.e.*, less than one-third of the best available abundance estimate) and therefore the taking is of no more than small numbers.

Authorization

NMFS has determined that the level of taking for this LOA request is consistent with the findings made for the total taking allowable under the incidental take regulations and that the amount of take authorized under the LOA is of no more than small numbers. Accordingly, we have issued a modification to the LOA to Shell authorizing the take of marine mammals incidental to its geophysical survey activity, as described above.

Dated: May 15, 2025.

Kimberly Damon-Randall,

*Director, Office of Protected Resources,
National Marine Fisheries Service.*

National Oceanic and Atmospheric Administration

[RTID 0648-XE928]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Highly Migratory Species Management Team (HMSMT) will hold an online meeting that is open to the public.

DATES: The meeting will be held Friday, June 6, 2025, from 9 a.m. to 12 p.m. Pacific Time, or until business for the day has been completed.

ADDRESSES: This meeting will be held online. Specific meeting information, including directions on how to join the meeting and system requirements, will be provided in the meeting announcement on the Pacific Council's website (see <https://www.pcouncil.org>). You may send an email to Mr. Kris Kleinschmidt (kris.kleinschmidt@pcouncil.org) or contact him at (503) 820-2412 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT:

Kerry Griffin, Staff Officer, Pacific Council; telephone: (503) 820-2409.

SUPPLEMENTARY INFORMATION: The primary purpose of this meeting is to consider topics on the Pacific Council's June meeting agenda, including the HMS Roadmap, preliminary consideration of HMS exempted fishing permits, and international HMS management priorities. Other topics may be considered as well.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@pcouncil.org; (503) 820-2412) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 15, 2025.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Marine Mammals; File No. 22156

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of permit amendment.

SUMMARY: Notice is hereby given that Douglas Nowacek, Ph.D., Duke University, Nicholas School of the Environment, Duke University Marine Laboratory, 135 Duke Marine Lab Rd., Beaufort, NC 28516, has been issued a minor amendment to Scientific Research Permit No. 22156–05.

ADDRESSES: The amendment and related documents are available for review upon written request via email to NMFS.Pr1Comments@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Amy Hapeman or Shasta McClenahan, Ph.D., (301) 427–8401.

SUPPLEMENTARY INFORMATION: The requested amendment has been granted under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*) and the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222 through 226).

The original permit (No. 22156), issued on May 8, 2020 (85 FR 35638, June 11, 2020) authorized the permit holder to conduct research on 31 cetacean species in U.S. and international waters of the North Atlantic Ocean. Species include endangered blue (*Balaenoptera musculus*), fin (*B. physalus*), sei (*B. borealis*), and sperm (*Physeter macrocephalus*) whales. Researchers may conduct surveys by vessel and an unmanned aircraft system (UAS) to approach, count, observe, photograph, remotely measure, and track cetaceans. During surveys, researchers may conduct acoustic playback trials, collect

biological samples, and tag animals. Non-target cetaceans in the vicinity of research may be unintentionally harassed. Biological samples collected in international waters may be imported into the United States and cell lines may be developed from tissue samples. Two minor amendments to the permit were issued to update biopsy sampling mitigation measures (Permit No. 22156–01; January 29, 2021) and expand the use of UAS to all authorized species (Permit No. 22156–02; May 23, 2022). A major amendment to the permit was issued to authorize dart tagging of 12 species in the permit and reallocate take numbers for fin whales (Permit No. 22156–03; March 15, 2023). A minor amendment to the permit was issued to authorize an additional method of collecting blow samples (Permit No. 22156–04; June 30, 2023). A major amendment to the permit was issued to authorize temporary paintball marking of two cetacean species authorized in the permit (Permit No. 22156–05; October 16, 2023). This minor amendment extends the duration of the permit through May 31, 2026, but does not change any other terms or conditions of the permit.

Dated: May 14, 2025.

Shannon Bettridge,

Chief, Marine Mammal and Sea Turtle Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to U.S. Coast Guard Base Kodiak Homeporting Facility in Kodiak, Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of incidental harassment authorization.

SUMMARY: In accordance with regulations implementing the Marine Mammal Protection Act (MMPA) as amended, notification is hereby given that NMFS has issued two consecutive incidental harassment authorizations (IHA) to the United States Coast Guard (USCG) for authorization to take marine mammals incidental to Base Kodiak Homeporting Facility in Womens Bay, Kodiak, Alaska.

DATES: The year 1 authorization is effective from May 19, 2025, through May 18, 2026. The year 2 authorization is effective from May 19, 2026, through May 18, 2027.

ADDRESSES: Electronic copies of the application and supporting documents, as well as a list of the references cited in this document, may be obtained online at: <https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-activities>. In case of problems accessing these documents, please call the contact listed below.

FOR FURTHER INFORMATION CONTACT: Kate Fleming, Office of Protected Resources, NMFS, (301) 427–8401.

SUPPLEMENTARY INFORMATION:

MMPA Background and Determinations

The MMPA prohibits the “take” of marine mammals, with certain exceptions. Among the exceptions is section 101(a)(5)(D) of the MMPA (16 U.S.C. 1361 *et seq.*) which directs the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking by harassment of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and the public has an opportunity to comment on the proposed IHA.

Specifically, NMFS will issue an IHA if it finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other “means of effecting the least [practicable] adverse impact” on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of such species or stocks for taking for certain subsistence uses (referred to here as “mitigation”). NMFS

must also prescribe requirements pertaining to monitoring and reporting of such takings. The definition of key terms such as “take,” “harassment,” and “negligible impact” can be found in the MMPA and the NMFS’ implementing regulations (see 16 U.S.C. 1362; 50 CFR 216.103).

On March 14, 2025, a notice of NMFS’ proposal to issue two consecutive IHAs to USCG for take of marine mammals incidental to Base Kodiak Homeporting Facility construction in Womens Bay, Kodiak, Alaska, was published in the **Federal Register** (90 FR 12204). In that notice, NMFS indicated the estimated numbers, type, and methods of incidental take proposed for each species or stock and the mitigation, monitoring, and reporting measures that would be required should the IHAs be issued. The **Federal Register** notification (FRN) also included analysis to support NMFS’ preliminary conclusions and determinations that the IHAs, if issued, would satisfy the requirements of section 101(a)(5)(D) of the MMPA for issuance of the IHAs. The FRN included web links to a draft IHA for review and other supporting documents.

No comments were received during the public comment period. There are no changes to the specified activity, the species taken, the proposed numbers, type, or methods of take, or the mitigation, monitoring, or reporting measures in the proposed IHA notice. No new information that would change any of the preliminary analyses, conclusions, or determinations in the proposed IHA notice has become available since that notice was published and, therefore, the preliminary analyses, conclusions, and determinations included in the proposed IHA are considered final.

While there are no changes from the proposed authorization, the following clarifies a discrepancy in the notice of the proposed IHA (90 FR 12204, March 14, 2025). NMFS indicated in table 2 of notice of the proposed IHA, that in year 2, USCG planned to install 36-inch permanent piles using vibratory installation at a rate of 4 piles per day, and 36-inch temporary piles using vibratory installation of 6 piles per day. However, the Level A harassment isopleths for all 36-inch piles (temporary and permanent) were estimated based on 6 piles per day in the year 2 draft IHA (and table 9 of the notice of the proposed IHA, 90 FR 12204, March 14, 2025). After publication of the proposed IHA, USCG indicated that it would like to preserve flexibility to install up to 6 36-inch permanent piles in a day, and therefore,

the final year 2 IHA Level A harassment isopleths for all 36-inch piles (temporary and permanent) were estimated based on 6 piles per day as included in the proposed year 2 IHA.

National Environmental Policy Act

To comply with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) and NOAA Administrative Order (NAO) 216–6A, NMFS must review our proposed action (*i.e.*, the issuance of an IHA) with respect to potential impacts on the human environment.

This action is consistent with categories of activities identified in Categorical Exclusion B4 (IHAs with no anticipated serious injury or mortality) of the Companion Manual for NAO 216–6A, which do not individually or cumulatively have the potential for significant impacts on the quality of the human environment and for which we have not identified any extraordinary circumstances that would preclude this categorical exclusion. Accordingly, NMFS has determined that the issuance of the IHAs qualifies to be categorically excluded from further NEPA review.

Endangered Species Act

Section 7(a)(2) of the Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 *et seq.*) requires that each Federal agency insure that any action it authorizes, funds, or carries out is not likely to jeopardize the continued existence of any endangered or threatened species or result in the destruction or adverse modification of designated critical habitat. To ensure ESA compliance for the issuance of IHAs, NMFS consults internally whenever we propose to authorize take for endangered or threatened species.

There are three marine mammal species (humpback whale (Mexico and Western North Pacific DPSs), fin whale, and Steller sea lion (western DPS) with potential occurrence in the project area that is listed as endangered under the ESA. The NMFS Alaska Regional Office Protected Resources Division issued a Biological Opinion on May 7, 2025 under section 7 of the ESA, on the issuance of two consecutive IHAs to USCG under 101(a)(5)(D) of the MMPA by the NMFS Permits and Conservation Division. The Biological Opinion concluded that the action is not likely to jeopardize the continued existence of humpback whale (Mexico and Western N. Pacific DPSs), fin whale or Steller sea lion (western DPS), and is not likely to destroy or adversely modify humpback whale or Steller sea lion critical habitat.

Authorization

Accordingly, consistent with the requirements of section 101(a)(5)(D) of the MMPA, NMFS has issued two consecutive IHAs to USCG for authorization to take marine mammals incidental to Base Kodiak Vessel Homeporting Facility Project in Womens Bay, Kodiak, Alaska.

Dated: May 13, 2025.

Kimberly Damon-Randall,

*Director, Office of Protected Resources,
National Marine Fisheries Service.*

BILLING CODE 3510–22–P

DEPARTMENT OF DEFENSE

Office of the Secretary

Notice of Publication of Housing Price Inflation Adjustment

AGENCY: Office of the Under Secretary of Defense for Personnel and Readiness, Department of Defense (DoD).

ACTION: Notice of housing price inflation adjustment for calendar year 2025.

SUMMARY: The DoD is publishing this notice to announce the 2025 Rent Threshold under the Servicemembers Civil Relief Act (SCRA). Applying the housing price inflation adjustment, the maximum monthly rental amount calculated as of January 1, 2025, is \$10,239.63.

DATES: These housing price inflation adjustments are effective January 1, 2025.

FOR FURTHER INFORMATION CONTACT: Mr. Mike Yedinak, (703) 571–0106 (voice), osd.pentagon.ousd-p-r.mbx.legal-policy@mail.mil (email).

SUPPLEMENTARY INFORMATION: The SCRA, as codified at 50 United States Code (U.S.C.) 3951, prohibits a landlord from evicting a service member (or the service member’s family) from a residence during a period of military service, except by court order. The law as originally passed by Congress applied to dwellings with monthly rents of \$2,400 or less. The SCRA requires the Secretary of Defense to adjust this amount annually to reflect inflation and to publish the new amount in the **Federal Register**. Applying the housing price inflation adjustment for 2025, the maximum monthly rental amount for 50 U.S.C. 3951(a)(1)(A)(2) as of January 1, 2025, is \$10,239.63.

Dated: May 14, 2025.

Stephanie J. Bost,

*Alternate OSD Federal Register Liaison
Officer, Department of Defense.*

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL25-77-000]

Valley Link Transmission Maryland, LLC, Valley Link Transmission Virginia, LLC, Valley Link Transmission West Virginia, LLC; Notice of Institution of Section 206 Proceeding and Refund Effective Date

On May 13, 2025, the Commission issued an order in Docket No. EL25-77-000, pursuant to section 206 of the Federal Power Act (FPA), 16 U.S.C. 824e, instituting an investigation to determine whether Valley Link's proposed Formula Rate Templates is considered unjust, unreasonable, unduly discriminatory or preferential, or otherwise unlawful. *Valley Link Transmission Maryland, LLC*, 191 FERC ¶ 61,113 (2025).

The refund effective date in Docket No. EL25-77-000 established pursuant to section 206(b) of the FPA, will be the date of publication of this notice in the **Federal Register**.

Any interested person desiring to be heard in Docket No. EL25-77-000 must file a notice of intervention or motion to intervene, as appropriate, with the Federal Energy Regulatory Commission, in accordance with Rule 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.214 (2024), within 21 days of the date of issuance of the order.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<https://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. From FERC's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket

number field. User assistance is available for eLibrary and the FERC's website during normal business hours from FERC Online Support at 202-502-6652 (toll free at 1-866-208-3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

The Commission strongly encourages electronic filings of comments, protests, and interventions in lieu of paper using the "eFile" link at <https://www.ferc.gov>. In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members, and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Dated: May 14, 2025.

Carlos D. Clay,

Deputy Secretary.

Notice of Reliability Technical Conference

Take notice that the Federal Energy Regulatory Commission (Commission) will convene its annual Commission-er-led Reliability Technical Conference in the above-referenced proceeding on Tuesday, October 21, 2025, from approximately 9 a.m.-4:30 p.m. Eastern time. The conference will be held in-person at the Commission's headquarters at 888 First Street NE, Washington, DC 20426 in the Kevin J. McIntyre Commission Meeting Room. The meeting will be open to the public for listening and observing and will be on the record. There is no fee for attendance and registration is not required. The public may also attend via Webcast. This conference will also be transcribed. Transcripts will be available for a fee from Ace Reporting, 202-347-3700.

The purpose of this conference is to discuss policy issues related to the reliability and security of the Bulk-Power System.

Supplemental notices will be issued prior to the conference with further details regarding the agenda. Information on this technical conference will also be posted on the Calendar of Events on the Commission's website, www.ferc.gov, prior to the event. The Commission provides technical support for the free webcasts. Please call 202-502-8680 or email customer@ferc.gov if you have any questions.

Commission conferences are accessible under section 508 of the

Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov or call toll free 1-866-208-3372 (voice) or 202-208-8659 (TTY) or send a fax to 202-208-2106 with the required accommodations.

For more information about this conference, please contact Lodie White at Lodie.White@ferc.gov or (202) 502-8453.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Docket No. CP25–379–000]****Texas Eastern Transmission, LP;
Notice of Application and Establishing
Intervention Deadline**

Take notice that on April 30, 2025, Texas Eastern Transmission, LP (Texas Eastern), 915 North Eldridge Parkway, Suite 1100, Houston, Texas 77079, filed an application under section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations requesting authorization for its Longwall Mining Panel M1Project (Project). The Project consists of the replacement of the following pipeline segments: (1) approximately 1.4 miles of 30-inch-diameter of Line 10; (2) approximately 1.4 miles of 30-inch-diameter of Line 15; (3) approximately 1.6 miles of 36-inch-diameter of Line 25; and (4) approximately 0.8 mile of 36-inch-diameter of Line 30, all located in Greene County, Pennsylvania. The Project is designed to maintain the safe and efficient operation of Texas Eastern's existing pipeline facilities at their certificated design capacities for the duration of the CONSOL Energy, Inc.'s anticipated longwall mining activities. The Project will have no impact on Texas Eastern's existing capacity. Texas Eastern estimates the total cost of the Project to be \$113,917,132, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). Public Reference Room at public.referenceroom@ferc.gov.

Any questions regarding the proposed project should be directed to Brian Kim, Manager, Rates and Certificates, Texas Eastern Transmission, LP, P.O. Box 1642, Houston, Texas 77251–1642, by phone at (713) 627–4059, or by email at brain.kim@enbridge.com.

Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Water Quality Certification

Texas Eastern stated that a water quality certificate under section 401 of the Clean Water Act is required for the project from PADEP Regional Permit Coordination Office. When available, Texas Eastern should submit to the Commission a copy of the request for certification for the Commission authorization, including the date the request was submitted to the certifying agency, and either (1) a copy of the certifying agency's decision or (2) evidence of waiver of water quality certification.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on June 4, 2025. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful

public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)² and 385.211³ of the Commission's regulations under the NGA, any person⁴ may file a protest to the application. Protests must comply with the requirements specified in section 385.2001⁵ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before June 4, 2025.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP25–379–000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You may file your comments or protests electronically by using the eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first

² 18 CFR 157.10(a)(4).

³ 18 CFR 385.211.

⁴ Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

⁵ 18 CFR 385.2001.

¹ 18 CFR 157.9.

select “General” and then select “Comment on a Filing”; or

(3) You can file a paper copy of your comments or protests by mailing them to the following address below. Your written comments must reference the Project docket number (CP25–379–000).

To file via USPS: Debbie-Anne A. Reese, Secretary Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of comments (options 1 and 2 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Persons who comment on the environmental review of this project will be placed on the Commission’s environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission’s environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,⁶ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission’s orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission’s Rules of Practice and Procedure⁷ and the regulations under the NGA⁸ by the intervention deadline for the project, which is June 4, 2025. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a

landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP25–379–000 in your submission.

(1) You may file your motion to intervene by using the Commission’s eFiling feature, which is located on the Commission’s website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on “eRegister.” You will be asked to select the type of filing you are making; first select “General” and then select “Intervention.” The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below. Your motion to intervene must reference the Project docket number CP25–379–000.

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail at: Brian Kim, Manager, Rates and Certificates, Texas Eastern Transmission, LP, P.O. Box 1642, Houston, Texas, 77251–1642 or by email (with a link to the document) at brain.kim@enbridge.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed⁹ motions to intervene are automatically granted by

operation of Rule 214(c)(1).¹⁰ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission’s Rules and Regulations.¹¹ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission’s Office of External Affairs, at (866) 208–FERC, or on the FERC website at www.ferc.gov using the “eLibrary” link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5 p.m. Eastern Time on June 4, 2025.

Dated: May 14, 2025.

Debbie-Anne A. Reese,
Secretary.

FEDERAL MARITIME COMMISSION

National Shipper Advisory Committee June 2025 Meeting

AGENCY: Federal Maritime Commission.

ACTION: Notice of Federal advisory committee meeting.

SUMMARY: Notice is hereby given of a meeting of the National Shipper Advisory Committee (NSAC or Committee), pursuant to the Federal Advisory Committee Act. The Committee advises the Federal Maritime Commission (Commission). The meeting will be held for the purpose of soliciting and discussing information, insight, and expertise pertaining to conditions in the ocean freight delivery system relevant to the Commission.

DATES: The Committee will meet in person in Garden City, Georgia, on June 4, 2025, from 1 p.m. until 3 p.m. eastern time. Please note that this meeting may adjourn early if the Committee has completed its business.

ADDRESSES: The meeting will be held at the Georgia Port Authority located at 2 Main Street, Garden City, Georgia 31408. This meeting will be open to the public. Members of the public do not need to register to attend the NSAC meeting. The meeting will also stream virtually. If technical issues prevent the Committee from streaming live, the Committee will post a recording of the meeting on the Commission's YouTube channel following the meeting.

FOR FURTHER INFORMATION CONTACT: Mr. Mark Bragança, Designated Federal Officer of the National Shipper Advisory Committee, phone: (202) 523–5725; email: mbraganca@fmc.gov.

SUPPLEMENTARY INFORMATION:

Background: The National Shipper Advisory Committee is a Federal advisory committee. It operates under the provisions of the Federal Advisory Committee Act, 5 U.S.C. app., and 46 U.S.C. chapter 425. The Committee was established on January 1, 2021, when the National Defense Authorization Act for Fiscal Year 2021 became law. Public

Law 116–283, sec. 8604, 134 Stat. 3388 (2021). The Committee provides information, insight, and expertise pertaining to conditions in the ocean freight delivery system to the Federal Maritime Commission. Specifically, the Committee advises the Commission on policies relating to the competitiveness, reliability, integrity, and fairness of the international ocean freight delivery system. 46 U.S.C. 42502(b).

Meeting Agenda: The Committee will recognize its new representatives of members and receive updates from the Data/Visibility, Fees & Surcharges, and Port Best Practices subcommittees; and the Refusal to Deal Working Group. The Committee will also provide industry updates and discuss recommendation on an Ocean Carrier Advisory Committee. The Committee will take public comment during the meeting.

Public Comment: The Committee will take public comment during its meeting and is particularly interested in receiving feedback regarding the issues in your supply chain and the issues that you want to see the Committee and the Federal Maritime Commission address.

Members of the public may also submit written comments to NSAC at any time. Comments should be addressed to NSAC, c/o Mark Bragança, Federal Maritime Commission, 800 North Capitol St. NW, Washington, DC 20573 or nsac@fmc.gov.

A copy of all meeting documentation, including meeting minutes, will be available at www.fmc.gov following the meeting.

Dated: May 15, 2025.

David Eng,
Secretary.

BILLING CODE 6730–02–P

FEDERAL MEDIATION AND CONCILIATION SERVICE

Stakeholder Survey for Qualitative Feedback on Agency Service Delivery

AGENCY: Federal Mediation and Conciliation Service (FMCS).

ACTION: 30-Day notice and request for comments.

SUMMARY: The Federal Mediation and Conciliation Service (FMCS), invites the public and other Federal Agencies to take this opportunity to comment on the following information collection request, Stakeholder Survey for Qualitative Feedback on Agency Service Delivery. This information collection request will be submitted for approval to the Office of Management Budget

(OMB) in compliance with the Paperwork Reduction Act (PRA). This collection was developed to improve the quality of service the Federal Mediation and Conciliation provides to clients.

DATES: Comments must be submitted on or before June 20, 2025.

ADDRESSES: You may submit comments, identified by Stakeholder Survey for Qualitative Feedback on Agency Service Delivery, through one of the following methods:

- *Email:* register@fmcs.gov;
- *Mail:* Office of the General Counsel, One Independence Square, 250 E Street SW, Washington, DC 20427.

FOR FURTHER INFORMATION CONTACT: Karen Pierce, 202–606–3672, Kpierce@fmcs.gov.

SUPPLEMENTARY INFORMATION: Copies of the agency questions are available at the following links:

- Collective Bargaining Mediation Survey Questions
- Grievance Mediation Survey Questions
- Relationship Development Facilitation Survey Questions
- Relationship Development and Training Survey Questions

I. 60-Day Comment Period

FMCS published a **Federal Register** notice, with a 60-day public comment period soliciting comments, of the following collection of information on March 14, 2025, 90 FR 12161. FMCS received no comments.

II. Request for Comments

FMCS solicits comments to:

- i. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- ii. Enhance the accuracy of the agency's estimates of the burden of the proposed collection of information.
- iii. Enhance the quality, utility, and clarity of the information to be collected.
- iv. Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic collection technologies or other forms of information technology.

III. Information Collection Request

Agency: Federal Mediation and Conciliation Service.

Title: Stakeholder Survey for Qualitative Feedback on Agency Service Delivery.

OMB Number: 3076–0017.

Type of Request: Extension without change of a currently approved collection.

Affected Public: Federal government and Private Sector, to include businesses or other for-profits and not-for-profit institutions, and State and local governments.

Frequency: Annually.

Burden: The total annual burden estimate is that FMCS will receive approximately 1,213 responses per year that will take about 3 minutes to complete.

Information Collection Requirement

Purpose and Description of Data Collection

This information collection provides a means to garner qualitative client and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. This feedback will provide insights into client or stakeholder perceptions, experiences, and expectations. The surveys will provide notice of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services.

Use of Results

The surveys are not statistical surveys that yield quantitative results that can be generalized to the population of study. These collections will allow for ongoing, collaborative, and actionable communication between the Agency and its clients and stakeholders. It will also allow feedback to contribute directly to improving program management. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. Collecting this information is critical for ensuring quality service offered to the public.

IV. The Official Record

The official records are electronic records.

Dated: May 14, 2025.

Alisa Zimmerman,
Deputy General Counsel.

[FR Doc. 2025–08977 Filed 5–19–25; 8:45 am]

BILLING CODE 6732–01–P

ACTION: 30-Day notice and request for comments.

SUMMARY: The Federal Mediation and Conciliation Service (FMCS), invites the public and other Federal Agencies to take this opportunity to comment on the following information collection request, Arbitrator's Personal Data Questionnaire, FMCS Form R–22. This information collection request will be submitted for approval to the Office of Management Budget (OMB) in compliance with the Paperwork Reduction Act (PRA). The Arbitrator's Personal Data Questionnaire, FMCS Form R–22, allows FMCS to comply with its statutory obligation to make governmental facilities available for voluntary arbitration. To carry out this policy, FMCS have issued regulations which provide for the operation and maintenance of a roster of professional arbitrators. The arbitrators are private citizens, not employees of FMCS, and are paid by the parties for hearing and deciding the issues submitted under a collective bargaining agreement and in other circumstances. Applicants for listing on the roster submit an Arbitrator's Personal Data Questionnaire, FMCS Form R–22, which is used by FMCS to evaluate their qualifications. This allows FMCS to be able to restrict its roster to qualified individuals only.

DATES: Comments must be submitted on or before June 20, 2025.

ADDRESSES: You may submit comments, identified by Arbitrator's Personal Data Questionnaire (FMCS Form R–22), through one of the following methods:

- *Email:* register@fmcs.gov;
- *Mail:* Office of General Counsel, One Independence Square, 250 E St. SW, Washington, DC 20427.

FOR FURTHER INFORMATION CONTACT: Karen Pierce, 202–606–3672, kpierce@fmcs.gov.

SUPPLEMENTARY INFORMATION: Copies of the agency form are available here.

I. 60-Day Comment Period

FMCS published a **Federal Register** notice, with a 60-day public comment period soliciting comments, of the following collection of information on March 7, 2025, 90 FR 11541. FMCS received no comments.

II. Request for Comments

FMCS solicits comments to:

- i. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

ii. Enhance the accuracy of the agency's estimates of the burden of the proposed collection of information.

iii. Enhance the quality, utility, and clarity of the information to be collected.

iv. Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic collection technologies or other forms of information technology.

III. Information Collection Request

Agency: Federal Mediation and Conciliation Service.

Title: Arbitrator's Personal Data Questionnaire (FMCS Form R-22).

OMB Number: 3076-0001.

Type of Request: Extension without change of a currently approved collection.

Affected Public: Private Sector to include businesses or other for-profits.

Frequency: Once a year.

Burden: The total annual burden estimate is that FMCS will receive approximately 50 responses per year, one response per year and updates as necessary. This form takes about 2 hours to complete.

Information Collection Requirement

Purpose and Description of Data Collection

Title II of the Labor Management Relations Act of 1947, 29 U.S.C. 171(b), provides that "the settlement of issues between employers and employees through collective bargaining may advance by making available full and adequate governmental facilities for conciliation, mediation, and voluntary arbitration . . ." Pursuant to the statute and 29 CFR part 1404, FMCS has long maintained a roster of qualified, private sector labor arbitrators to hear disputes arising under collective bargaining agreements and provide fact finding and interest arbitration. The existing regulation establishes the policy and administrative responsibility for the FMCS roster, criteria, procedures for listing and removing arbitrators, and procedures for using arbitration services.

Use of Results

The FMCS uses the information received from arbitrator applicants to evaluate the credentials of the applicants and determine an arbitrator's suitability for inclusion on FMCS' roster of arbitrators.

IV. The Official Record

The official records are electronic records.

Dated: May 14, 2025.

Alisa Zimmerman,

Deputy General Counsel.

BILLING CODE 6732-01-P

FEDERAL MEDIATION AND CONCILIATION SERVICE

Request for Arbitration Panel

AGENCY: Federal Mediation and Conciliation Service (FMCS).

ACTION: 60-Day notice and request for comments.

SUMMARY: The Federal Mediation and Conciliation Service (FMCS), invites the public and other Federal Agencies to take this opportunity to comment on the following information collection request, Request for Arbitration Panel, FMCS Form R-43. This information collection request will be submitted for approval to the Office of Management Budget (OMB) in compliance with the Paperwork Reduction Act (PRA). The Request for Arbitration Panel, FMCS Form R-43, allows FMCS to comply with its statutory obligation to make governmental facilities available for voluntary arbitration. To carry out this policy, FMCS have issued regulations which provide for the operation and maintenance of a roster of professional arbitrators. The arbitrators are private citizens, not employees of FMCS, and are paid by the parties for hearing and deciding the issues submitted under a collective bargaining agreement and in other circumstances. The Request for Arbitration Panel, FMCS Form R-43, is used by the parties, labor and management individually or jointly, to request that FMCS furnish a list of arbitrators.

DATES: Comments must be submitted on or before July 21, 2025.

ADDRESSES: You may submit comments, identified by the Request for Arbitration Panel, FMCS Form R-43, through one of the following methods:

- *Email:* register@fmcs.gov;
- *Mail:* Office of General Counsel, One Independence Square, 250 E St. SW, Washington, DC 20427.

FOR FURTHER INFORMATION CONTACT:

Karen Pierce, 202-606-3672, kpierce@fmcs.gov.

SUPPLEMENTARY INFORMATION: Copies of the agency form are available here. Paper copies are available from the Office of Client Services by emailing Karen Pierce at the email address above. Please ask for the Request for Arbitration Panel, FMCS Form R-43.

I. Request for Comments

FMCS solicits comments to:

i. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

ii. Enhance the accuracy of the agency's estimates of the burden of the proposed collection of information.

iii. Enhance the quality, utility, and clarity of the information to be collected.

iv. Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic collection technologies or other forms of information technology.

II. Information Collection Request

Agency: Federal Mediation and Conciliation Service.

Title: Request for Arbitration Panel (FMCS Form R-43).

OMB Number: 3076-0016.

Type of Request: Extension without change of a currently approved collection.

Affected Public: Federal government; Private sector, businesses or other for-profits and not-for-profit institutions; and State and local governments.

Frequency: In most instances, this form is completed once a year.

Burden: The total annual burden estimate is that FMCS will receive approximately 10,000 responses per year, one response per year. This form takes about 10 minutes to complete.

Information Collection Requirement:

Purpose and Description of Data Collection

Title II of the Labor Management Relations Act of 1947, 29 U.S.C. 171(b), provides that "the settlement of issues between employers and employees through collective bargaining may advance by making available full and adequate governmental facilities for conciliation, mediation, and voluntary arbitration . . ." Pursuant to the statute and 29 CFR part 1404, FMCS has long maintained a roster of qualified, private sector labor arbitrators to hear disputes arising under collective bargaining agreements and provide fact finding and interest arbitration.

Use of Results

The FMCS uses the information received to facilitate the processing of the parties' request for arbitration assistance.

III. The Official Record

The official records are electronic records.

Dated: May 14, 2025.

Alisa Zimmerman,

Deputy General Counsel.

BILLING CODE 6732–01–P

FEDERAL MEDIATION AND CONCILIATION SERVICE

Succession Plan for the Federal Mediation and Conciliation Service

AGENCY: Federal Mediation and Conciliation Service (FMCS).

ACTION: Notice of succession plan for the FMCS.

SUMMARY: The Federal Mediation and Conciliation Service, is issuing this notice to inform the public of the succession plan for the Federal Mediation and Conciliation Service provided by the Director of FMCS. This notice supersedes all prior succession plans issued by the agency for officials performing the functions and duties of the Director of FMCS.

DATES: This Succession Plan for the FMCS is effective May 20, 2025.

FOR FURTHER INFORMATION CONTACT: For specific questions related to this notice, please contact Greg Goldstein, 202–606–8111, ggoldstein@fmcs.gov.

SUPPLEMENTARY INFORMATION: By the authority vested in the Director of the Federal Mediation and Conciliation Service by 29 U.S.C. 172, and to provide for the continuity of essential operations of the FMCS in all circumstances this notice provides the succession plan of officials authorized to perform the functions and duties of the Director of the Federal Mediation and Conciliation Service. The following is the succession plan of officials hereby ordered:

Order of Succession

During any period in which the Director has died, resigned, or otherwise become unable to perform the functions and duties of the office of the Director, and there is no Acting Director serving under the Federal Vacancies Reform Act of 1998, 5 U.S.C. 3345–3349d, the following officers of the FMCS, in the order listed, are hereby delegated the authority to perform the functions and duties of the Director, to the extent permitted by law:

1. Principal Deputy, Chief Operating Officer;
2. General Counsel;
3. Director, Operational Security and Continuity of Operations;

4. Director, Human Resources;

5. Deputy General Counsel.

No individual who is serving in an office listed in this order in an acting capacity, by virtue of so serving, shall be delegated the functions and duties of the Director.

Dated: May 14, 2025.

Gregory Goldstein,

Acting Director.

BILLING CODE 6732–01–P

FEDERAL MEDIATION AND CONCILIATION SERVICE

Arbitrator's Report and Fee Statement

AGENCY: Federal Mediation and Conciliation Service (FMCS).

ACTION: 30-Day notice and request for comments.

SUMMARY: The Federal Mediation and Conciliation Service (FMCS), invites the public and other Federal Agencies to take this opportunity to comment on the following information collection request, Arbitrator's Report and Fee Statement, FMCS Form R–19. This information collection request will be submitted for approval to the Office of Management Budget (OMB) in compliance with the Paperwork Reduction Act (PRA). The Arbitrator's Report and Fee Statement, FMCS Form R–19, allows FMCS to comply with its statutory obligation to make governmental facilities available for voluntary arbitration. To carry out this policy, FMCS has issued regulations which provide for the operation and maintenance of a roster of professional arbitrators. The FMCS Form R–19, which arbitrators file with the Agency following each decision rendered, allows FMCS to monitor the work of the Arbitrator and to collect arbitration information, such as median arbitrator fees and days spent on each case, for the Agency's annual report.

DATES: Comments must be submitted on or before June 20, 2025.

ADDRESSES: You may submit comments, identified by Arbitrator's Report and Fee Statement (FMCS Form R–19), through one of the following methods:

- *Email:* register@fmcs.gov;
- *Mail:* Office of General Counsel, One Independence Square, 250 E St. SW, Washington, DC 20427.

FOR FURTHER INFORMATION CONTACT: Karen Pierce, 202–606–3672, kpierce@fmcs.gov.

SUPPLEMENTARY INFORMATION: Copies of the agency form are available here. Paper copies are available from the

Office of Client Services by emailing Karen Pierce at the email address above. Please ask for the Arbitrator's Report and Fee Statement (FMCS Form R–19).

I. 60-Day Comment Period

FMCS published a **Federal Register** notice, with a 60-day public comment period soliciting comments, of the following collection of information on March 7, 2025, 90 FR 11541. FMCS received no comments.

II. Request for Comments

FMCS solicits comments to:

- i. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- ii. Enhance the accuracy of the agency's estimates of the burden of the proposed collection of information.
- iii. Enhance the quality, utility, and clarity of the information to be collected.
- iv. Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic collection technologies or other forms of information technology.

III. Information Collection Request

Agency: Federal Mediation and Conciliation Service.

Title: Arbitrator's Report and Fee Statement (FMCS Form R–19).

OMB Number: 3076–0003.

Type of Request: Extension without change of a currently approved collection.

Affected Public: Private Sector to include businesses or other for-profits.

Frequency: Once a year, on occasion.

Burden: The total annual burden estimate is that FMCS will receive approximately 2,000 responses per year, one response per year. This form takes about 5 minutes to complete.

Information Collection Requirement

Purpose and Description of Data Collection

Pursuant to 29 U.S.C. 171(b) and 29 CFR part 1404, FMCS assumes responsibility to monitor the work of the arbitrators who serve on its Roster. This is satisfied by requiring the completion and submission of a Report and Fee Statement, which indicates when the arbitration award was rendered, the file number, the company and union, the issues, whether briefs were filed and transcripts taken, if there were any waivers by parties on the date the award was due, and the fees and days for services of the arbitrator.

Use of Results

FMCS publishes this information in the agency's annual report, to inform the public about the arbitration services program and certain national trends in arbitration.

IV. The Official Record

The official records are electronic records.

Dated: May 14, 2025.

Alisa Zimmerman,

Deputy General Counsel.

BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. FDA-2025-N-1110]

Dihydropyrimidine Dehydrogenase Deficiency and the Use of Fluoropyrimidine Chemotherapy Drugs; Establishment of a Public Docket; Request for Comments

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice; establishment of a public docket; request for comments.

SUMMARY: The Food and Drug Administration (FDA or Agency) is announcing the establishment of a docket to solicit public comment for information on dihydropyrimidine dehydrogenase (DPD) deficiency and the use of fluorouracil and capecitabine (both fluoropyrimidine chemotherapy drugs). The purposes of the docket establishment are to foster Agency transparency and to solicit input on the currently available information on DPD deficiency and the use of fluorouracil and capecitabine.

DATES: Submit either electronic or written comments by June 20, 2025.

ADDRESSES: You may submit comments as follows. Please note that late, untimely filed comments will not be considered. Electronic comments must be submitted on or before June 20, 2025. The <https://www.regulations.gov> electronic filing system will accept comments until 11:59 p.m. Eastern Time at the end of June 20, 2025. Comments received by mail/hand delivery/courier (for written/paper submissions) will be considered timely if they are postmarked or the delivery service acceptance receipt is on or before that date.

You may submit comments as follows:

Electronic Submissions

Submit electronic comments in the following way:

- **Federal eRulemaking Portal:** <https://www.regulations.gov>. Follow the instructions for submitting comments. Comments submitted electronically, including attachments, to <https://www.regulations.gov> will be posted to the docket unchanged. Because your comment will be made public, you are solely responsible for ensuring that your comment does not include any confidential information that you or a third party may not wish to be posted, such as medical information, your or anyone else's Social Security number, or confidential business information, such

as a manufacturing process. Please note that if you include your name, contact information, or other information that identifies you in the body of your comments, that information will be posted on <https://www.regulations.gov>.

- If you want to submit a comment with confidential information that you do not wish to be made available to the public, submit the comment as a written/paper submission and in the manner detailed (see "Written/Paper Submissions" and "Instructions").

Written/Paper Submissions

Submit written/paper submissions as follows:

- **Mail/Hand delivery/Courier (for written/paper submissions):** Dockets Management Staff (HFA-305), Food and Drug Administration, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

- For written/paper comments submitted to the Dockets Management Staff, FDA will post your comment, as well as any attachments, except for information submitted, marked and identified, as confidential, if submitted as detailed in "Instructions."

Instructions: All submissions received must include the Docket No. FDA-2025-N-1110 for "Dihydropyrimidine Dehydrogenase Deficiency and the Use of Fluoropyrimidine Chemotherapy Drugs; Establishment of a Public Docket; Request for Comments." Received comments, those filed in a timely manner (see **ADDRESSES**), will be placed in the docket and, except for those submitted as "Confidential Submissions," publicly viewable at <https://www.regulations.gov> or at the Dockets Management Staff between 9 a.m. and 4 p.m., Monday through Friday, 240-402-7500.

- **Confidential Submissions—**To submit a comment with confidential information that you do not wish to be made publicly available, submit your comments only as a written/paper submission. You should submit two copies total. One copy will include the information you claim to be confidential with a heading or cover note that states "THIS DOCUMENT CONTAINS CONFIDENTIAL INFORMATION." FDA will review this copy, including the claimed confidential information, in its consideration of comments. The second copy, which will have the claimed confidential information redacted/blacked out, will be available for public viewing and posted on <https://www.regulations.gov>. Submit both copies to the Dockets Management Staff. If you do not wish your name and contact information be made publicly available, you can provide this information on the cover sheet and not

in the body of your comments and you must identify the information as “confidential.” Any information marked as “confidential” will not be disclosed except in accordance with 21 CFR 10.20 and other applicable disclosure law. For more information about FDA’s posting of comments to public dockets, see 80 FR 56469, September 18, 2015, or access the information at: <https://www.govinfo.gov/content/pkg/FR-2015-09-18/pdf/2015-23389.pdf>.

Docket: For access to the docket to read background documents or the electronic and written/paper comments received, go to <https://www.regulations.gov> and insert the docket number, found in brackets in the heading of this document, into the “Search” box and follow the prompts and/or go to the Dockets Management Staff, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852, 240–402–7500.

FOR FURTHER INFORMATION CONTACT:

Clara Lee, Oncology Center of Excellence, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 32, Rm. 3138, Silver Spring, MD 20993, 240–402–4809, or Marianela Perez-Torres, Center for Devices and Radiological Health, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 66, Rm. 3554, Silver Spring, MD 20993, 301–796–1489.

SUPPLEMENTARY INFORMATION:

I. Background

Fluorouracil and capecitabine are fluoropyrimidine chemotherapy drugs used to treat patients with various solid tumor malignancies. Fluorouracil injection was initially approved in the United States in 1962 and capecitabine tablets were approved in 1998. These drug products (and their generic equivalents) are currently approved for multiple oncology indications and are components of standard of care treatment regimens in a variety of cancers and treatment settings.

Fluorouracil and capecitabine (a prodrug of fluorouracil) are metabolized in the body by the dihydropyrimidine dehydrogenase (DPD) enzyme to nontoxic metabolites that are excreted in the urine. The DPD enzyme is encoded by the *DPYD* gene.ⁱ Patients with certain homozygous or compound heterozygous variants in the *DPYD* gene known to result in complete or near complete absence of DPD activity (complete DPD deficiency) will have higher amounts of fluorouracil in the blood and are at increased risk for acute early-onset toxicity and serious,

including fatal, adverse reactions (e.g., mucositis, diarrhea, neutropenia, and neurotoxicity). Patients with *DPYD* variants resulting in partial DPD activity (partial DPD deficiency) may also have an increased risk of serious, including fatal, adverse reactions.

Available evidence estimates that complete DPD deficiency is present in approximately 0.2% of the White population, and partial DPD deficiency is seen in approximately 3–5% of the White population.^{ii iii} The rates of complete and partial DPD deficiency are not well-established in other populations, and variants may differ based on ancestry.^{iv}

On January 16, 2025, the FDA Oncology Center of Excellence, in collaboration with the American Association for Cancer Research, held a public workshop^v to hear from the oncology community and other interested parties on considerations for DPD deficiency testing for patients receiving fluoropyrimidine drugs as part of their cancer treatment regimen. During the workshop, the benefits and challenges of pretreatment DPD deficiency testing were discussed, and perspectives from patient advocates, practicing oncologists, pharmacists, pharmacogenomics experts, molecular geneticists, and clinical guideline development representatives were heard. The workshop presentations highlighted revisions in recent years to the FDA-approved labeling for fluorouracil and capecitabine products, the clinical use of genotypic and phenotypic test methods, the clinical data regarding efficacy and safety of fluoropyrimidine drugs in patients with different *DPYD* genotypes, the challenges related to the dosing of fluorouracil and capecitabine in the setting of potential partial DPD deficiency, current clinical and pharmacogenomic guideline recommendations, and patient perspectives on shared decision-making. Workshop speakers expressed the view that patients scheduled to begin treatment with fluorouracil or

capecitabine should be informed of the potential risk of severe adverse reactions in the setting of DPD deficiency and the role of pretreatment testing, as is recommended in the Patient Counseling Information section of current FDA-approved labeling. Workshop speakers also expressed the view that the currently available data supporting avoidance of fluoropyrimidine use in the setting of complete DPD deficiency are relatively robust, but that dosage modification recommendations for consideration for use in the setting of partial DPD deficiency would need to address the varying contexts in which fluoropyrimidines are used (e.g., with curative intent).

There is no FDA-authorized test intended to identify DPD deficiency or identify patients at risk for fluoropyrimidine-related toxicity at this time, and available tests intended to identify *DPYD* variants may vary in accuracy, reliability and design (e.g., which *DPYD* variant(s) they are intended to identify). FDA encourages in vitro diagnostic (IVD) device sponsors to discuss with FDA any potential or planned IVD devices intended for the identification of DPD deficiency through the Agency’s Q-Submission Program.^{vi}

II. Request for Public Input on Information on DPD Deficiency and the Use of Fluorouracil and Capecitabine

FDA is seeking public input on information about DPD deficiency and the use of fluorouracil and capecitabine based on the following considerations:

- as reflected in current FDA-approved labeling, available data suggest that patients with complete DPD deficiency are at increased risk of life-threatening or fatal adverse reactions when treated with fluorouracil or capecitabine at the dosages recommended in the currently approved labeling; and
- some participants in the January 16, 2025, workshop advocated for FDA to consider undertaking efforts to revise fluoropyrimidine drug product labeling to recommend that all patients be tested for *DPYD* variants before treatment with fluorouracil or capecitabine due to the risks of life-threatening or fatal adverse reactions, most notably in patients with complete DPD deficiency, despite

ⁱⁱ Dean L, Kane M. Fluorouracil therapy and *DPYD* genotype. In: Pratt VM, Scott SA, Pirmohamed M, et al., editors. Medical Genetics Summaries. Bethesda, MD: National Center for Biotechnology Information (US); 2012.

^{vi} See the draft guidance for industry and FDA staff: *Requests for Feedback and Meetings for Medical Device Submissions: The Q-Submission Program* (March 2024). When final, this guidance will represent FDA’s current thinking on this topic. For the most recent version of a guidance, check the FDA guidance web page at <https://www.fda.gov/regulatory-information/search-fda-guidance-documents>.

uncertainties about the strength of the available evidence on the clinical management (e.g., dosage modifications, monitoring recommendations) of patients whose test results purport to identify partial DPD deficiency.

FDA is interested in obtaining public input on the above considerations and any other related aspects on which interested parties would like to comment. Specifically, FDA is interested in information on the following topics:

1. What, if any, challenges have healthcare providers and patients encountered based on the current recommendation to consider testing for genetic variants of DPYD prior to initiating treatment with fluorouracil or capecitabine to reduce the risk of serious adverse reactions if the patient's clinical status permits and based on clinical judgment?

2. What factors are considered by healthcare providers when deciding whether or not to test patients for DPD deficiency prior to initiating treatment with fluorouracil or capecitabine? Which, if any, of these factors may result in a healthcare provider's decision to initiate treatment with fluorouracil or capecitabine without prior testing for DPD deficiency?

3. What factors are considered by healthcare providers in deciding whether or not to use a fluorouracil or capecitabine product in a patient with a complete DPD deficiency (e.g., using a markedly reduced dosage regimen) based on currently available data and information?

4. What factors are considered by healthcare providers for determining dosing and monitoring approaches when using a fluorouracil or capecitabine product in patients with purported partial DPD deficiency based on currently available data and information?

FDA will consider all suggestions, recommendations, and comments; however, the Agency will not respond directly to the person or organization

making the suggestion, recommendation, or comment.

Dated: May 13, 2025.

Grace R. Graham,

Deputy Commissioner for Policy, Legislation, and International Affairs.

BILLING CODE 4164–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

[Document Identifier: OS–0990–0481]

Agency Information Collection Request; 30-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment.

DATES: Comments on the ICR must be received on or before June 20, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Natalie Klein, Natalie.Klein@hhs.gov or (240) 453–6900. When submitting comments or requesting information, please include the document identifier 0990–0481–30D and project title for reference.

SUPPLEMENTARY INFORMATION: Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the

following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: For HHS/OASH Consultation Process, Institutional Review Board (IRB) Records.

Type of Collection: Reinstatement without changes.

OMB No. 0990–0481.

Abstract: The Office of the Assistant Secretary for Health (OASH), Office for Human Research Protections (OHRP) is requesting reinstatement of the Office of Management and Budget (OMB) information collection request, OMB No. 0990–0481, For OASH/HHS Consultation Process, Institutional Review Board (IRB) Records, with no changes, for a three-year period. The previous information collection was approved by OMB on February 14, 2022, and expired on February 28, 2025. The purpose of the collection is for OHRP to receive IRB records when an IRB or an institution requests an HHS consultation process for proposed research that is not otherwise approvable by an IRB involving, respectively: (1) pregnant women, human fetuses and neonates; (2) prisoners; or, (3) children, as subjects. The information that must be submitted to OHRP by an IRB or institution includes the research protocol, consent form, parental permission and child assent forms (if relevant), and other relevant IRB records (e.g., IRB minutes). The Office of the Assistant Secretary for Health, on behalf of the Secretary of HHS, may determine that such research can be conducted or supported by HHS after consulting with experts and meeting other procedural requirements.

Likely Respondents: IRBs.

ANNUALIZED BURDEN HOUR TABLE

45 CFR part 46—HHS Consultation process provision	Respondent type	Number of respondents	Number of respondents	Average burden per response (in hours)	Total burden hours

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Notice of Implementation of Addressing Certain Tariffs on Imported Articles Pursuant to the President's Executive Order 14289

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice.

SUMMARY: In order to effectuate the President's Executive Order 14289, "Addressing Certain Tariffs on Imported Articles," which eliminates the compounding or "stacking" of certain overlapping tariffs that were imposed under various statutory authorities and Executive orders to protect national security and address unusual and extraordinary threats to the national security, foreign policy, and economy of the United States, the Secretary of Homeland Security has determined that appropriate action is needed to ensure collection of applicable duties as well as to modify the Harmonized Tariff Schedule of the United States (HTSUS) as set out in the Annex to this notice.

DATES: The HTSUS is modified with respect to covered articles, as set out in the Annex to this document, at 12:01 a.m. eastern daylight time on May 16, 2025. The amendments shall apply to all covered articles that were entered for consumption, or withdrawn from warehouse for consumption, as specified in the Annex to this document. Requests for refunds may be filed on or after May 16, 2025.

FOR FURTHER INFORMATION CONTACT: Brandon Lord, Executive Director, Trade Policy and Programs, Office of Trade, U.S. Customs and Border Protection,

(202) 325-6432 or by email at traderemedy@cbp.dhs.gov. C. Shane Campbell, Acting Executive Director, Cargo and Conveyance Security, Office of Field Operations, U.S. Customs and Border Protection, (202) 344-3401 or by email at traderemedy@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION: The United States has imposed tariffs under various statutory authorities, including the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) (IEEPA), the National Emergencies Act (50 U.S.C. 1601 *et seq.*), section 604 of the Trade Act of 1974, as amended (19 U.S.C. 2483), section 232 of the Trade Expansion Act of 1962, as amended (19 U.S.C. 1862), section 301 of title 3, United States Code, and Executive orders to protect national security, confront unusual and extraordinary threats to the national security, foreign policy, and economy of the United States, and promote the interests of American workers and industries. Although many of these actions, as listed below, serve separate and distinct policy purposes, on April 29, 2025, the President issued Executive Order 14289, "Addressing Certain Tariffs on Imported Articles" (90 FR 18907), in which the President determined that these tariffs should not all have a cumulative effect (or "stack" on top of one another).

Therefore, to avoid the cumulative effect of overlapping tariffs on certain articles, Executive Order 14289 sets forth procedures for determining which tariffs should apply to an article when that article is subject to more than one of the actions listed in section 2 of Executive Order 14289, and set forth here:

(a) Proclamation 10908 of March 26, 2025 ("Adjusting Imports of Automobiles and Automobile Parts Into the United States");

(b) Executive Order 14193 of February 1, 2025 ("Imposing Duties To Address the Flow of Illicit Drugs Across Our Northern Border"), as amended by Executive Order 14197 of February 3, 2025 ("Progress on the Situation at Our Northern Border"), Executive Order 14226 of March 2, 2025 ("Amendment to Duties To Address the Flow of Illicit Drugs Across Our Northern Border"), and Executive Order 14231 of March 6, 2025 ("Amendment to Duties to Address the Flow of Illicit Drugs Across Our Northern Border");

(c) Executive Order 14194 of February 1, 2025 ("Imposing Duties To Address the Situation at Our Southern Border"), as amended by Executive Order 14198 of February 3, 2025 ("Progress on the Situation at Our Southern Border"), Executive Order 14227 of March 2, 2025 ("Amendment to Duties To Address the

Situation at Our Southern Border"), and Executive Order 14232 of March 6, 2025 ("Amendment to Duties to Address the Flow of Illicit Drugs Across Our Southern Border");

(d) Proclamation 9704 of March 8, 2018 ("Adjusting Imports of Aluminum Into the United States"),¹ as amended by Proclamation 9980 of January 24, 2020 ("Adjusting Imports of Derivative Aluminum Articles and Derivative Steel Articles Into the United States"), and Proclamation 10895 of February 10, 2025 ("Adjusting Imports of Aluminum Into the United States");

(e) Proclamation 9705 of March 8, 2018 ("Adjusting Imports of Steel Into the United States"), as amended by Proclamation 9980 of January 24, 2020 ("Adjusting Imports of Derivative Aluminum Articles and Derivative Steel Articles Into the United States"), and Proclamation 10896 of February 10, 2025 ("Adjusting Imports of Steel Into the United States").

Notwithstanding any provision of any action listed in section 2 of Executive Order 14289, where an imported article is subject to tariffs corresponding to more than one of the actions referenced in section 2 of Executive Order 14289, that article shall be subject to the appropriate action(s) as prioritized in the order established in section 3(a) of Executive Order 14289. The order of priority shall be as follows:

(1) If an article is subject to tariffs pursuant to the action listed in section 2(a) of Executive Order 14289, it will not be subject to additional tariffs listed in sections 2(b) through (e) of the order.

(2) If an article is subject to tariffs pursuant to the actions listed in section 2(b) or 2(c) of Executive Order 14289, it will not be subject to additional tariffs listed in section 2(d) or 2(e) of the order.

(3) If an article is subject to tariffs pursuant to the actions listed in section 2(d) of Executive Order 14289, it will be subject to any applicable additional tariffs listed in section 2(e) of the order, provided the article otherwise satisfies all conditions necessary for application of those additional tariffs. Likewise, if an article is subject to tariffs pursuant to the actions listed in section 2(e) of the order, it will be subject to any applicable additional tariffs listed in section 2(d) of the order, provided the article otherwise satisfies all conditions

¹ The reference to Proclamation 9704 of March 8, 2018, encompasses Proclamation 10522 of February 24, 2023 (Adjusting Imports of Aluminum Into the United States), which amended Clause 2 of Proclamation 9704 to subject aluminum articles that are products of Russia or containing aluminum smelt or cast in Russia and aluminum derivative articles that are products of Russia or containing aluminum smelt or cast in Russia to a 200 percent ad valorem duty rate.

necessary for application of those additional tariffs.

In accordance with section 4 of Executive Order 14289, nothing in the order shall be interpreted to alter or limit the application of any duties, taxes, fees, or exactions other than those imposed pursuant to the actions listed in section 2 of Executive Order 14289. Accordingly, an article that is subject to duties pursuant to an action listed in section 2 of Executive Order 14289 may still be subject to other applicable duties, taxes, fees, exactions, and charges, such as, but not limited to: those set forth in column 1 of the Harmonized Tariff Schedule of the United States (HTSUS); imposed pursuant to section 301 of the Trade Act of 1974, as amended; imposed pursuant to Executive Order 14195 of February 1, 2025 (“Imposing Duties To Address the Synthetic Opioid Supply Chain in the People’s Republic of China”), as amended; and antidumping and countervailing duties.

Goods qualifying for preferential tariff treatment under the United States-Mexico-Canada Agreement (USMCA), will not be subject to additional tariffs on parts of passenger vehicles and light trucks listed in section 2(a) of Executive Order 14289;² and goods qualifying for preferential tariff treatment under USMCA will not be subject to additional tariffs listed in section 2(b) or 2(c) of Executive Order 14289. Instead, such goods will be subject to additional tariffs listed in sections 2(d) and/or 2(e) of Executive Order 14289, as applicable, in addition to any other applicable tariff.

For covered articles that were entered for consumption, or withdrawn from warehouse for consumption, as specified in this Annex, and for which the accompanying duty payment included tariffs that would not be required under Executive Order 14289, importers may request a refund by filing a post summary correction (PSC)³ for unliquidated entries or filing a protest under 19 U.S.C. 1514 for entries that have liquidated but where the protest

period has not expired. The Secretary of Homeland Security has determined that appropriate action is needed to modify the HTSUS as set out in the Annex to this notice.

Kristi Noem,
Secretary.

Annex

To Modify Chapter 99 of the Harmonized Tariff Schedule of the United States

“A. Effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on April 3, 2025, subdivision (a) of note 33 to subchapter III of chapter 99 of the Harmonized Tariff Schedule of the United States (HTSUS) is modified by inserting the following clause at the end of the last sentence of the second paragraph after “heading 9903.94.01”:

“, except that entries of passenger vehicles (sedans, sport utility vehicles, crossover utility vehicles, minivans, and cargo vans) and entries of light trucks shall not be subject to: (1) the additional duties imposed on entries of articles the product of Canada under heading 9903.01.10; (2) the additional duties imposed on entries of articles the product of Mexico under heading 9903.01.01; (3) the additional duties imposed on entries of products of aluminum under heading 9903.85.02; (4) the additional duties imposed on entries of derivative aluminum products under headings 9903.85.04, 9903.85.07 and 9903.85.08; (5) the additional duties imposed on entries of iron or steel products under headings 9903.81.87 and 9903.81.88; and (6) the additional duties imposed on entries of derivative iron or steel products under headings 9903.81.89, 9903.81.90, 9903.81.91 and 9903.81.93”.

“B. Effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on May 3, 2025, subdivision (f) of note 33 to subchapter III of chapter 99 of the HTSUS is modified by inserting the following clause at the end of the last sentence of the second paragraph after “heading 9903.94.05”:

“, except that entries of parts of passenger vehicles (sedans, sport utility vehicles, crossover utility vehicles, minivans, and cargo vans) and entries of parts of light trucks shall not be subject to: (1) the additional duties imposed on entries of articles the product of Canada under heading 9903.01.10; (2) the additional duties imposed on entries of articles the product of Mexico under heading 9903.01.01; (3) the additional duties imposed on entries of products of aluminum under heading 9903.85.02; (4) the additional duties imposed on entries of derivative aluminum products under headings 9903.85.04, 9903.85.07 and 9903.85.08; (5) the additional duties imposed on entries of iron or steel products under headings 9903.81.87 and 9903.81.88; and (6) the additional duties imposed on entries of derivative iron or steel products under headings 9903.81.89, 9903.81.90, 9903.81.91 and 9903.81.93”.

“C. Effective with respect to goods entered for consumption, or withdrawn from

warehouse for consumption, on or after 12:01 a.m. eastern time on March 4, 2025:

1. subdivision (j) of note 2 to subchapter III of chapter 99 of the HTSUS is modified by inserting the following clause at the end of the fifth paragraph after “and 9903.01.13”:

“, except that entries of products of Canada shall not be subject to: (1) the additional duties imposed on entries of products of aluminum under heading 9903.85.02; (2) the additional duties imposed on entries of derivative aluminum products under headings 9903.85.04, 9903.85.07 and 9903.85.08; (3) the additional duties imposed on entries of iron or steel products under headings 9903.81.87 and 9903.81.88; and (4) the additional duties imposed on entries of derivative iron or steel products under headings 9903.81.89, 9903.81.90, 9903.81.91 and 9903.81.93”;

2. subdivision (a) of note 2 to subchapter III of chapter 99 of the HTSUS is modified by inserting the following clause at the end of the fifth paragraph after “by heading 9903.01.01”:

“, except that entries of products of Mexico shall not be subject to: (1) the additional duties imposed on entries of products of aluminum under heading 9903.85.02; (2) the additional duties imposed on entries of derivative aluminum products under headings 9903.85.04, 9903.85.07 and 9903.85.08; (3) the additional duties imposed on entries of iron or steel products under headings 9903.81.87 and 9903.81.88; and (4) the additional duties imposed on entries of derivative iron or steel products under headings 9903.81.89, 9903.81.90, 9903.81.91 and 9903.81.93”.

“D. Effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on March 7, 2025:

1. subdivision (l) of note 2 to subchapter III of chapter 99 of the HTSUS is modified by inserting the following new fifth paragraph:

“Products of Canada that are provided for in heading 9903.01.14 shall continue to be subject to antidumping, countervailing, or other duties, taxes, fees, exactions and charges that apply to such products, and products of Canada that are provided for in heading 9903.01.14 shall be subject to: (1) the additional duties imposed on entries of aluminum products under heading 9903.85.02; (2) the additional duties imposed on entries of derivative aluminum products under headings 9903.85.04, 9903.85.07 or 9903.85.08; (3) the additional duties imposed on entries of iron or steel products under headings 9903.81.87 or 9903.81.88; and (4) the additional duties imposed on entries of derivative iron or steel products under headings 9903.81.89, 9903.81.90, 9903.81.91 or 9903.81.93”;

2. subdivision (c) of note 2 to subchapter III of chapter 99 of the HTSUS is modified by inserting the following new fifth paragraph:

“Products of Mexico that are provided for in heading 9903.01.04 shall continue to be subject to antidumping, countervailing, or other duties, taxes, fees, exactions and charges that apply to such products, and products of Mexico that are provided for in

² In accordance with Proclamation 10908 of March 26, 2025, goods that received preferential tariff treatment under USMCA will not be subject to additional tariffs for parts of passenger vehicles and light trucks listed in section 2(a) of Executive Order 14289 until such time that the Secretary of Commerce, in consultation with CBP, establishes a process to apply the tariff exclusively to the value of the non-U.S. content of such automobile parts and publishes notice in the **Federal Register**.

³ *Post-Summary Corrections to Entry Summaries Filed in ACE Pursuant to the ESAR IV Test* (Post-Summary Corrections Test), 76 FR 37136 (June 24, 2011). CBP has modified and clarified various aspects of the Post-Summary Corrections Test through a series of subsequent **Federal Register** notices.

heading 9903.01.04 shall be subject to: (1) the additional duties imposed on entries of aluminum products under heading 9903.85.02; (2) the additional duties imposed on entries of derivative aluminum products under headings 9903.85.04, 9903.85.07 or 9903.85.08; (3) the additional duties imposed on entries of iron or steel products under headings 9903.81.87 or 9903.81.88; and (4) the additional duties imposed on entries of derivative iron or steel products under headings 9903.81.89, 9903.81.90, 9903.81.91 or 9903.81.93.”

“E. Effective with respect to goods entered for consumption, or withdrawn for warehouse for consumption, on or after 12:01 eastern time on March 12, 2025, subdivision (h) of note 19 to subchapter III of chapter 99 of the HTSUS is modified by inserting the following new sentence at the end of the paragraph:

“Entries of derivative aluminum products under headings 9903.85.04, 9903.85.07 and 9903.85.08 shall also be subject to the additional duties imposed on entries of derivative iron and steel products by headings 9903.81.89, 9903.81.90, 9903.81.91 and 9903.81.93, provided that the derivative aluminum products otherwise satisfy all conditions necessary for application of the additional duties on entries of derivative iron and steel products.”

“F. Effective with respect to goods entered for consumption, or withdrawn for warehouse for consumption, on or after 12:01 eastern time on March 12, 2025, subdivision (k) of note 16 to subchapter III of chapter 99 of the HTSUS is modified by inserting the following new sentence at the end of the paragraph:

“Entries of derivative iron or steel products under headings 9903.81.89, 9903.81.90, 9903.81.91 and 9903.81.93 shall also be subject to the additional duties imposed on entries of derivative aluminum products by headings 9903.85.04, 9903.85.07 and 9903.85.08, provided that the derivative iron or steel products otherwise satisfy all conditions necessary for application of the additional duties on entries of derivative aluminum products.”

BILLING CODE 9111–14–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA–2025–0002; Internal Agency Docket No. FEMA–B–2523]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth,

Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: Comments are to be submitted on or before August 18, 2025.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA–B–2523, to Rick Sacbibit, Chief, Engineering Services Branch, Risk Analysis, Planning & Information Directorate, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Risk Analysis, Planning & Information Directorate, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances

that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency****[Docket ID FEMA-2025-0002]****Final Flood Hazard Determinations**

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Flood hazard determinations, which may include additions or modifications of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or regulatory floodways on the Flood Insurance Rate Maps (FIRMs) and where applicable, in the supporting Flood Insurance Study (FIS) reports

have been made final for the communities listed in the table below.

The FIRM and FIS report are the basis of the floodplain management measures that a community is required either to adopt or to show evidence of having an effect in order to qualify or remain qualified for participation in the Federal Emergency Management Agency's (FEMA's) National Flood Insurance Program (NFIP).

DATES: The date of October 2, 2025 has been established for the FIRM and, where applicable, the supporting FIS report showing the new or modified flood hazard information for each community.

ADDRESSES: The FIRM, and if applicable, the FIS report containing the final flood hazard information for each community is available for inspection at the respective Community Map Repository address listed in the tables below and will be available online through the FEMA Map Service Center at <https://msc.fema.gov> by the date indicated above.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Risk Analysis, Planning & Information Directorate, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the new or modified flood hazard information for each community listed. Notification of these changes has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

This final notice is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973,

42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the new or revised FIRM and FIS report

available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.

The flood hazard determinations are made final in the watersheds and/or communities listed in the table below.

BILLING CODE 9110–12–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–6530–N–01]

Notice of Annual Factors for Determining Administrative Fees for the Section 8 Housing Choice Voucher, Mainstream, and Moderate Rehabilitation Programs

AGENCY: Office of the Assistant Secretary for Public and Indian Housing (PIH), HUD.

ACTION: Notice.

SUMMARY: This notice announces the monthly per unit fee rates for use in determining the on-going administrative fees for public housing agencies (PHAs) administering the Housing Choice Voucher (HCV), Mainstream Voucher, Emergency Housing Voucher (EHV), and Moderate Rehabilitation (including the Single Room Occupancy program for homeless individuals) programs during calendar year (CY) 2025. PHAs use administrative fees to cover costs associated with administering these programs. Publishing the CY 2025 administrative fees allow PHAs to budget appropriately and is important for PHA record keeping purposes.

DATES: *Applicable* January 1, 2025.

FOR FURTHER INFORMATION CONTACT: Miguel A. Fontánez, Director, Housing Voucher Financial Management Division, Office of Public Housing and Voucher Programs, Office of Public and Indian Housing, Department of Housing and Urban Development, 451 Seventh Street SW, Room 4222, Washington, DC 20410–8000, telephone number 202–402–4212 (this is not a toll-free number). HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

SUPPLEMENTARY INFORMATION:

A. Background

This notice provides HUD's methodology used to determine the CY 2025 administrative fee rates by area, which HUD uses to determine PHA administrative fees for the HCV, Mainstream Vouchers, EHV (column A rate only), and Moderate Rehabilitation programs, including the Single Room Occupancy (SRO) program for homeless

individuals. The HCV Program is the Federal government's major program for assisting very low-income families, persons who are elderly, or persons with disabilities to afford decent, safe, and sanitary housing in the private market. Mainstream Vouchers are tenant-based vouchers under section 8(o) of the U.S. Housing Act of 1937, serving households that include a non-elderly person with a disability. The EHV program was authorized by the American Rescue Plan Act (ARPA) PL 117–2, enacted on March 11, 2021.

Through EHV, HUD is providing housing choice vouchers to local PHAs to assist approximately 60,000 participants who are homeless, at-risk of homelessness, fleeing, or attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking, or were recently homeless or have a high risk of housing instability. Section 3202(b)(6) of the ARP provides that PHAs may not reissue turnover EHV's after September 30, 2023, with EHV's effectively sunset after this date when families leave the program. In addition to the sunset requirement, the ARP made EHV funds available for obligation by HUD until September 30, 2030, with these funds being cancelled as a matter of law effective September 30, 2035. However, due to historic increases in rental prices resulting in a higher per unit cost (PUC) for EHV's, HUD has informed PHAs through a recent letter that available EHV funds are likely sufficient to cover EHV families through calendar year (CY) 2026. The Moderate Rehabilitation Program provides project-based rental assistance for low-income families and the SRO program provides project-based rental assistance for individuals experiencing homelessness. Both programs have been repealed and no new projects are authorized for development. Assistance is limited to previously rehabilitated properties, with assistance being provided pursuant to a housing assistance payments (HAP) contract between an owner and a PHA.

B. CY 2025 Methodology

For CY 2025, administrative fees are determined based on vouchers leased as of the first day of each month and in accordance with the requirements of the Full-Year Continuing Appropriation and Extensions Act, 2025 (Pub. L. 119–4), which provides the same amount of administrative funding as the 2024 Appropriations Act (Pub. L. 118–42). This data is extracted from the Voucher Management System (VMS) at the close of each reporting cycle and validated prior to use. For the Moderate Rehabilitation programs, including the

SRO program, administrative fee eligibility is based on the units under a HAP contract. Administrative fee advances made prior to the 2025 fee rate availability are reconciled and adjusted per the information provided in the CY 2025 Administrative Fee Rate Description document available through the following link: https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/guidance_and_notices.

The included table provides two fee rates for each PHA. The first rate, Column A, applies to the first 7,200 voucher unit months leased in CY 2025. The second rate, Column B, applies to all remaining voucher unit months leased in CY 2025. However, in the case of EHV's, PHAs are allocated the full Column A administrative fee amount for each EHV that is under HAP contract as of the first day of each month in accordance with PIH Notice 2021–15, Emergency Housing Vouchers—Operating Requirements, issued on May 5, 2021. The funding for EHV's, including administrative fee funding, was appropriated through the ARPA, separate and apart from the regular HCV program appropriations provided through HUD's annual appropriations acts. Eligibility for EHV's is limited to the vulnerable populations described earlier, and EHV's may not be reissued after September 30, 2023. In addition to the post-September 30, 2023, prohibition, the ARPA made EHV funds available for obligation by HUD until September 30, 2030, with these funds being cancelled as a matter of law effective September 30, 2035. However, due to historic increases in rental prices resulting in a higher per unit cost (PUC) for EHV's, HUD has informed PHAs through a recent letter that available EHV funds are likely sufficient to cover EHV families through Calendar Year (CY) 2026.

Increases in administrative fee rates are based on the year-to-year change in average wages paid to workers in establishments owned by local governments, as reported by the Bureau of Labor Statistics Quarterly Census of Employment and Wages. HUD calculates the average change for the metropolitan and non-metropolitan portions of each State. For 2025, the national average increase in administrative fee rates is 3.8 percent for metropolitan areas and 3.9 percent for non-metropolitan areas. In some cases, the fee rates calculated for CY 2025 are lower than those established for CY 2024. In these cases, the affected PHAs are held harmless at the CY 2024 fee rates.

The fee rates for each PHA generally cover the fees for areas in which the PHA has the greatest proportion of its participants, based on Public Housing Information Center (PIC), or superseding system, data submitted by the PHA. In some cases, PHAs have participants in more than one fee area. If such a PHA chooses, the PHA may request HUD establish a blended fee rate that proportionally considers all areas in which participants are located. Once a blended rate is established, it is used to determine the PHA's fee eligibility for all months in CY 2025. The forthcoming notice, Implementation of the Federal Fiscal Year (FFY) 2025 Funding Provisions for the Housing Choice Voucher Program (the Funding Notice), will describe how to apply for blended fee rates and will provide a deadline date for submitting such requests. Once the notice is published, PHAs will be able to access it through the following link: https://www.hud.gov/program_offices/public_indian_housing/publications/notices.

PHAs operating over large geographic areas, defined as multiple counties, may request a higher administrative fee rate if eligible. The Funding Notice will describe how to request higher fee rates and the deadline date for such requests. Higher administrative fee rates differ from blended administrative fee rates in how they are calculated. Requests for higher administrative rates must clearly demonstrate that the PHA's published rate cannot cover their projected expenses. For approved higher administrative fee rates, HUD calculates a breakeven rate to ensure the PHA receives sufficient funds to cover their expenses while also ensuring the administrative fee reserves do not grow.

This notice identifies the monthly per-voucher-unit fee rates to be used to determine PHA administrative fee eligibility. The current fee rates remain accessible through the following link: https://www.hud.gov/program_offices/public_indian_housing/programs/hcv/guidance_and_notices, under the Notices and Guidance for PHAs section.

Direct questions to the PHA's assigned representative at the Financial Management Center or the Financial Management Division at PIHFinancialManagementDivision@hud.gov.

C. Moving to Work (MTW) Agencies

In cases where an MTW Agency has an alternative formula for determining HCV Administrative Fees in Attachment A of their MTW Agreements, HUD calculates the HCV Administrative Fees

in accordance with that MTW Agreement provision.

Benjamin Hobbs,

Principal Deputy Assistant Secretary, Public and Indian Housing.

BILLING CODE 4210–67–P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[Docket No. FWS–R8–ES–2025–0024;
FF08ESMF00–256–FXES11140800000]

Chalan Solar and Storage Project, Kern County, California; Draft Environmental Action Statement and Draft Habitat Conservation Plan

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for public comment.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce receipt of an application and draft habitat conservation plan from Chalan Solar Storage, LLC (applicant) for an incidental take permit (ITP) under the Endangered Species Act (ESA). The applicant requests the ITP to take the federally endangered San Joaquin kit fox (*Vulpes macrotis mutica*) and giant kangaroo rat (*Dipodomys ingens*) incidental to development activities in Kern County, California. We request public comment on the application, which includes the applicant's draft habitat conservation plan (HCP), and the Service's preliminary determination that the proposed permitting action may be eligible for a categorical exclusion pursuant to the Department of the Interior's (DOI) National Environmental Policy Act (NEPA) regulations and the DOI Departmental Manual. To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, which are also available for public review. We invite comment from the public and local, State, Tribal, and Federal agencies.

DATES: We must receive your written comments on or before June 20, 2025.

ADDRESSES:

Obtaining Documents: The documents this notice announces, as well as any comments and other materials that we receive, will be available for public inspection at <https://www.regulations.gov> in Docket No. FWS–R8–ES–2025–0024.

Submitting Comments: To send written comments, please use one of the following methods. Please note whether your comments are in reference to the draft categorical exclusion, draft HCP, or both.

- **Internet:** Submit comments at <https://www.regulations.gov> under Docket No. FWS–R8–ES–2025–0024.

- **U.S. Mail:** Public Comments Processing, Attn: Docket No. FWS–R8–ES–2025–0024; U.S. Fish and Wildlife Service Headquarters, MS: PRB/3W; 5275 Leesburg Pike, Falls Church, VA 22041–3803.

For more information, see Public Comments under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Margaret Sepulveda, Senior Fish and Wildlife Biologist, San Joaquin Valley Division, Sacramento Fish and Wildlife Office, by phone at 916–414–6512. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the Service announce the availability of a low-effect screening form, prepared pursuant to the National Environmental Policy Act of 1969, as amended (NEPA; 42 U.S.C. 4321 *et seq.*). This notice also announces the receipt of an application from Chalan Solar Storage, LLC, for a 35-year ITP under the ESA, as amended (16 U.S.C. 1531 *et seq.*). Application for the permit requires the preparation of a HCP with measures to avoid, minimize, and mitigate the impacts of incidental take to the maximum extent practicable. The applicant prepared the draft Chalan Solar and Storage HCP pursuant to section 10(a)(1)(B) of the ESA. The purpose of the low-effect screening form is to assess the effects of issuing the permit and implementing the draft HCP on the natural and human environment. We request public comment on the application, which includes the applicant's HCP, and on the Service's preliminary determination that this proposed ITP qualifies as low effect and, thus, may qualify for a categorical exclusion.

Background Information

Section 9 of the ESA (16 U.S.C. 1538) prohibits the taking of fish and wildlife species listed as endangered under section 4 of the ESA. Section 4(d) of the ESA (16 U.S.C. 1533(d)) allows the Service to extend protections for endangered species to those listed as threatened. Regulations governing permits for endangered and threatened species are at 50 CFR 17.22 and 17.32, respectively. For more about the Federal HCP program, go to <https://www.fws.gov/service/habitat-conservation-plans>.

National Environmental Policy Act Compliance

The potential issuance of a permit triggers the need for compliance with NEPA. The draft low-effect screening form was prepared to assess whether issuing an ITP based on the draft HCP would result in more than minor or negligible effects on the human environment.

Proposed Action

The Service proposes to issue an ITP to the applicant for a period of 35 years for certain covered activities. The applicant has requested an ITP for two covered species, the San Joaquin kit fox (*Vulpes macrotis mutica*) and giant kangaroo rat (*Dipodomys ingens*), both of which are listed as endangered under the ESA.

Habitat Conservation Plan Area

The geographic scope of the draft HCP encompasses approximately 878 acres (ac), including a 618-ac development area in Kern County and 260 ac of conservation lands located north of the development in Kings County. The project would result in the construction, operation, and decommissioning of a solar electrical generation and storage facility located in northern Kern County, approximately 16 miles north of Lost Hills, California.

Covered Activities

The applicant is requesting incidental take authorization for covered activities including the construction, operation, maintenance, and eventual decommissioning of the solar energy electrical generation and storage facility (Proposed Project). The applicant is proposing to implement several project design features, including best management practices, as well as general and species-specific avoidance and minimization measures to minimize the impacts of the take from the covered activities.

Our Preliminary Determination

The Service made a preliminary determination that the applicant's Proposed Project and the proposed mitigation and minimization measures would individually and cumulatively have a minor effect on the San Joaquin kit fox, giant kangaroo rat, and the human environment. Therefore, we have preliminarily determined that the proposed ESA section 10(a)(1)(B) permit would be a low-effect ITP that individually or cumulatively would have a minor effect on the San Joaquin kit fox and giant kangaroo rat and may qualify for application of a categorical exclusion. A low-effect ITP is one that would result in (1) minor or nonsignificant effects on species covered in the HCP; (2) nonsignificant effects on the human environment; and (3) impacts that, when added together with the impacts of other past, present, and reasonably foreseeable actions, would not result in significant cumulative effects to the human environment.

Public Comments

We request data, comments, new information, or suggestions from the public, other concerned governmental agencies, the scientific community, Tribes, industry, or any other interested party on this notice, the draft categorical exclusion, and the draft HCP. We particularly seek comments on the following:

1. Biological information concerning the species;
2. Relevant data concerning the species;
3. Additional information concerning the range, distribution, population size, and population trends of the species;
4. Current or planned activities in the area and their possible impacts on the species;
5. The presence of archeological sites, buildings and structures, historic events, sacred and traditional areas, and other historic preservation concerns, which are required to be considered in project planning by the National Historic Preservation Act; and
6. Any other environmental issues that should be considered with regard to the proposed development and permit action.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment, including your personal identifying information, may be made available to the public. If you submit a

comment at <https://www.regulations.gov>, your entire comment, including any personal identifying information, will be posted on the website. If you submit a hardcopy comment that includes personal identifying information, such as your address, phone number, or email address, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so. Moreover, all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Next Steps

The Service will evaluate the application and the comments to determine whether to issue the requested ITP. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding and other matters, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue the ITP to the applicant.

Authority

The Service provides this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22) and NEPA (42 U.S.C. 4321 *et seq.*) and DOI's NEPA implementing regulations (43 CFR part 46).

Amber Aguilera,

Acting Field Supervisor, Sacramento Fish and Wildlife Office.

BILLING CODE 4333–15–P

DEPARTMENT OF THE INTERIOR

Office of the Secretary

[Docket No. DOI–2025–0005; 256D0102DM; DS6CS00000; DLSN00000.000000; DX6CS25]

Regulatory Reform

AGENCY: Office of the Secretary, Interior.
ACTION: Request for Information (RFI).

SUMMARY: The U.S. Department of the Interior (DOI) seeks comments and information to assist DOI, including the Bureaus and Offices established within DOI, in identifying existing regulations that can be modified or repealed,

consistent with applicable law, to ensure that DOI administrative actions do not undermine the national interest and that DOI achieves a meaningful reduction in regulatory burdens while continuing to meet statutory obligations, advance American energy independence, and ensure the responsible stewardship of the Nation's public lands and resources. This RFI is part of DOI's implementation of recent directives from the President, including Executive orders, which seek to deconstruct the regulatory burden that has been self-imposed on our Nation's interests and improve the relevant processes to establish a more efficient regulatory program at DOI.

DATES: Written comments and information are requested on or before June 20, 2025, which may be extended, through publication of a notice in the **Federal Register**, for no more than 90 days.

ADDRESSES: Interested persons should submit ideas for cutting existing regulations within the jurisdiction of DOI via <https://www.regulations.gov/deregulation> and are also encouraged to submit comments, identified by "DOI Regulatory Reform RFI," by any of the following methods:

Federal eRulemaking Portal: <https://www.regulations.gov>. Follow the instructions for submitted comments to DOI–2025–0005, which is the docket established for this RFI.

Email: Interior.RegulatoryInfo@doi.gov. Include "DOI Regulatory Reform RFI" in the subject line of the message.

Mail: U.S. Department of the Interior, Office of the Solicitor, 1849 C Street NW, Washington, DC 20240.

All comments received will be posted without change to <https://www.regulations.gov>, including any personal information provided.

Electronic Access and Filing

This document and all comments received may be viewed online through the Federal eRulemaking portal at <https://www.regulations.gov> using the docket number listed above. Electronic retrieval help and guidelines are also available at <https://www.regulations.gov>. An electronic copy of this document may also be downloaded from the Office of the Federal Register's website at www.FederalRegister.gov and the U.S. Government Publishing Office's website at www.GovInfo.gov. All comments received before the close of business on the comment closing date indicated above will be considered and will be available for examination in the docket

at the above address. Comments received after the comment closing date will be filed in the docket and will be considered to the extent practicable.

FOR FURTHER INFORMATION CONTACT:

Jacob Tyner, U.S. Department of the Interior, Office of the Solicitor, 1849 C Street NW, Washington, DC 20240. Telephone: (202) 208–3100. Email: Interior.RegulatoryInfo@doi.gov.

SUPPLEMENTARY INFORMATION: On his first day in office, the President Trump made clear that it is in the national interest to unleash America's affordable and reliable energy and natural resources through Executive Order (E.O.) 14154, "Unleashing American Energy" (90 FR 8353; Jan. 29, 2025). Through E.O. 14154, the President established that it is the policy of the United States to, among other policies, "ensure that all regulatory requirements related to energy are grounded in clearly applicable law" and "promote sound regulatory decision making and prioritize the interests of the American people."

E.O. 14154 required that the heads of all agencies review all applicable agency actions to identify those agency actions that "impose an undue burden on the identification, development, or use of domestic energy resources . . . or that are otherwise inconsistent with the policy set forth in" E.O. 14154 and to develop and begin implementing action plans to suspend, revise, or rescind all agency actions identified as unduly burdensome . . . as expeditiously as possible and consistent with applicable law."

On February 3, 2025, the Secretary of the Interior issued Secretary's Order No. 3418, which implements the requirements of E.O. 14154. Indeed, it directed all Assistant Secretaries to "promptly review all agency actions" and submit to the Secretary an action plan to consider how to comply with the policy described in section 3 of E.O. 14154. The President then issued E.O. 14192, "Unleashing Prosperity through Deregulation" (90 FR 9065; Feb. 6, 2025), on January 31, 2025, which states that it is the policy of the executive branch to be prudent and financially responsible in the expenditure of funds, from both public and private sources, and to alleviate unnecessary regulatory burdens placed on the American people.

E.O. 14192 also requires that for fiscal year 2026, and each fiscal year thereafter, the head of each agency identify, on an aggregated basis, for regulations that increase incremental cost, offsetting regulations and provide the agency's best approximation of the total costs or savings associated with

each new regulation or repealed regulation. The President further established that it is the policy of the Administration to focus the executive branch's limited enforcement resources on regulations explicitly authorized by constitutional Federal statutes and commence the deconstruction of the overbearing and burdensome administrative state through E.O. 14219, "Ensuring Lawful Regulation and Implementing the President's 'Department of Government Efficiency' Deregulatory Agenda" (90 FR 10583; Feb. 25, 2025), and requires that agencies identify and report to the Office of Information and Regulatory Affairs (OIRA) on regulations in one of several categories.

To implement the relevant directives from the Administration, DOI is taking two immediate steps:

1. As described in the next section, DOI is issuing this RFI seeking public comment on ways to achieve a meaningful reduction in regulatory burdens while continuing to achieve DOI's legal obligations, mission, and regulatory objectives.

2. DOI has created an email inbox at Interior.RegulatoryInfo@doi.gov, which interested parties can use to identify to DOI—on a continuing basis—existing regulations that they believe can be modified or repealed, consistent with law. Any comments received will be placed in the docket for this RFI on <https://www.regulations.gov>. Together, these steps will help DOI ensure it acts in a lawful, prudent, and financially responsible manner in the expenditure of funds, from both public and private sources, and manages appropriately the costs associated with private expenditures required for compliance with DOI regulations.

Request for Information

For the purposes of this RFI, the term "regulations" includes, but is not limited to, any rules, regulations, guidance, paperwork requirements, processes, including methodology and modeling, or DOI-imposed regulatory or administrative requirements that inhibit DOI's ability to implement the Administration's policies and directives described herein.

Pursuant to those directives, DOI is, through this RFI, seeking input, as permitted by law, with respect to the appropriateness of its regulatory requirements from the public, particularly entities significantly affected by administrative actions of DOI, including State, local, and tribal governments; small businesses; consumers; non-governmental

organizations; and other relevant entities.

DOI's goal is to create a systematic method for receiving public comment regarding existing DOI regulations that are inconsistent with law or Administration policy, as described in the relevant directives from the Administration, including regulations that are obsolete, unnecessary, unjustified, or simply no longer make sense. Consistent with DOI's commitment to public participation in the rulemaking process, DOI is soliciting views from the public on specific regulations that should be altered or eliminated.

Members of the public are likely to have useful information and perspectives on the benefits and burdens of existing requirements and how regulatory obligations may be updated, streamlined, revised, or repealed to better achieve DOI's legal obligations, mission, and policy and regulatory requirements, while minimizing the associated burdens, consistent with applicable law. Interested parties may also be well-positioned to identify those regulations that are most in need of reform, and, thus, assist DOI in prioritizing and properly tailoring its review process.

DOI also seeks comments on DOI regulations that may be inconsistent with:

1. E.O. 14153, "Unleashing Alaska's Extraordinary Resource Potential" (90 FR 8347);

2. E.O. 14156, "Declaring a National Energy Emergency" (90 FR 8433);

3. E.O. 14213, "Establishing the National Energy Dominance Council" (90 FR 9945);

4. E.O. 14224, "Immediate Expansion of American Timber Production" (90 FR 11365);

5. E.O. 14241, "Immediate Measures to Increase American Mineral Production" (90 FR 13673);

6. E.O. 14260, "Protecting American Energy from State Overreach" (90 FR 15513);

7. E.O. 14261, "Reinvigorating America's Beautiful Clean Coal Industry and Amending E.O. 1424" (90 FR 15517);

8. E.O. 14267, "Reducing Anti-Competitive Regulatory Barriers" (90 FR 15629);

9. E.O. 14270, "Zero-Based Regulatory Budgeting to Unleash American Energy" (90 FR 14643); or

10. Any other executive action issued by the President that furthers the purpose of this RFI.

List of Questions for Commenters

To allow DOI to evaluate suggestions more effectively, DOI is requesting that commenter provide, to the extent possible:

- A succinct summary of the commenter's proposal, including responses to the questions described below and describing the applicable Bureau(s) or Office(s) that would implement the proposal;
- Supporting data or other information such as cost information; and
- Specific suggestions regarding repeal, replacement, or modification.

The following list of questions will help assist with DOI's identification of regulations. This non-exhaustive list is meant to assist in the formulation of comments and is not intended to restrict the issues that may be addressed. In addressing these questions or others, DOI requests that commenters identify with specificity the regulation at issue, providing legal citations where available. DOI also requests that the submitter provide, in as much detail as possible, an explanation of why a regulation, guidance, or reporting requirement should be modified, streamlined, or repealed, as well as specific suggestions of ways DOI can do so while achieving its legal obligations, mission, and policy and regulatory requirements. Submitters are encouraged to provide economic data to demonstrate the cost of complying with existing regulations, as well as the savings that a change might provide.

1. Are there any regulations commenters can identify that fall within the seven categories outlined in E.O. 14219? If so, how does any particular regulation fall within one or more of those categories? Would repeal or modification (and if so, please describe what modification) advance the policies of the order, consistent with law?

2. Are there regulations that simply make no sense or have become unnecessary, ineffective, or ill-advised? If so, please identify them. Are there regulations that can be repealed without impairing DOI's ability to comply with its statutory obligations? If so, please identify them.

3. Are there regulations that have become outdated and, if so, how can they be modernized to better accomplish their objectives?

4. Are there regulations that are still necessary, but have not operated as well as expected such that a modified, or slightly different approach at lower cost is justified?

5. Are there regulations that unnecessarily obstruct, delay, curtail, or

otherwise impose significant costs on the siting, permitting, or delivery of energy infrastructure projects?

6. DOI currently collect information that it does not need or use effectively?

7. Are there regulations that are unnecessarily complicated or could be streamlined to achieve statutory obligations in more efficient ways? If so, what changes should be made?

8. Are there regulations that have been overtaken by technological developments? Can new technologies be leveraged to modify, streamline, or rescind existing regulations?

9. Are there any DOI regulations that are inconsistent with E.O.s 14151, 14154, 14168, 14213, or other E.O.s or directives issued by the President, including those described earlier in this RFI? If so, what modifications would ensure consistency with the orders and applicable law?

DOI notes that this RFI is issued solely for informational and program-planning purposes. While responses to this RFI do not bind DOI to any further actions related to the response, all submissions will be made publicly available on <https://www.regulations.gov>.

Gregory Zerzan,
Acting Solicitor.

BILLING CODE 4334-CC-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[PO #4820000251; Order #02412-014-004-047181.0]

Notice of Intent To Amend the Resource Management Plan for the Robinson Summit Substation Expansion and 525kV Interconnection Project and Prepare an Associated Environmental Assessment

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended (FLPMA), the Bureau of Land Management (BLM, we) Nevada State Director intends to prepare a resource management plan (RMP) amendment with an associated environmental assessment (EA) for the Robinson Summit Substation Expansion and 525 kV Interconnection Project (Project). This notice is announcing the

beginning of the scoping period to solicit public comments and identify issues and alternatives. It is also providing the planning criteria for public review.

DATES: The BLM requests that the public submit comments concerning the scope of the analysis, potential alternatives, and identification of relevant information and studies. We must receive your comments by June 20, 2025 or 15 days after the last public meeting, whichever is later. This will afford us the opportunity to consider all the issues that you raise in the draft RMP amendment/EA. The date and time of the scoping meeting will be announced at least 15 days in advance through a news release, social media, and the BLM's National NEPA Register website at <https://eplanning.blm.gov/eplanning-ui/admin/project/2038325/510>.

ADDRESSES: You may submit comments on issues, alternatives, and planning criteria related to the Project and proposed RMP amendment by any of the following methods:

- **Website:** <https://eplanning.blm.gov/eplanning-ui/admin/project/2038325/510>
- **Mail:** 702 North Industrial Way, Ely, NV 89301

Documents pertinent to this proposal may be examined online at <https://eplanning.blm.gov/eplanning-ui/admin/project/2038325/510> and at the Ely District Office.

FOR FURTHER INFORMATION CONTACT:

Tiera Hooper, Deputy District Manager, Ely, by telephone, (775) 289-1803; mail, 702 North Industrial Way, Ely, NV 89301; or email, thooper@blm.gov. Contact Greg Gresh by email at ggresh@blm.gov to have your name added to our mailing list. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Ms. Hooper. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: This document provides notice that the BLM Nevada State Director intends to prepare an RMP amendment with an associated EA for the Project, announces the beginning of the scoping process, and seeks public input on issues, alternatives, and planning criteria. The RMP amendment is being considered to allow the BLM to evaluate the proposed designation of a utility corridor, which would require amending the existing 2008 Ely District Record of Decision and

Approved Resource Management Plan (2008 Ely District RMP), as amended. The RMP amendment and proposed utility corridor are necessary to resolve conformance issues related to Greater Sage-Grouse adaptive management strategies under the 2015 Record of Decision and Nevada and Northeastern California Greater Sage-Grouse Approved Resource Management Plan Amendment in the planning area.

The planning area is located in White Pine County, Nevada, and encompasses approximately 307 acres of public land. The Project would include: (a) the construction, operation, and maintenance of an approximately 50-acre expansion of the existing Robinson Summit Substation (Expansion); (b) the construction, operation and maintenance of a new 1.3-mile, single circuit 525 kV alternating current transmission line connecting to the east side of Robinson Summit Substation via a new 200-foot right-of-way (ROW); and, (c) a new access road that would be approximately 20 feet wide with 2-foot berms on each side (Interconnection). Additionally, the BLM would amend the 2008 Ely District RMP, as amended, to establish a designated utility corridor between the Expansion and Interconnection locations. The scope of this land use planning process does not include addressing the evaluation or designation of Area of Critical Environmental Concern (ACEC) and the BLM is not considering ACEC nominations as part of this process.

Purpose and Need

The BLM's purpose is to respond to the applicant's ROW application for: (1) The construction, operation and maintenance of an approximately 50-acre expansion of the existing Robinson Summit Substation; (2) construction, operation and maintenance of a new 1.3-mile, single circuit 525 kV alternating current transmission line connecting to the east side of Robinson Summit Substation via a new 200-foot ROW; and, (3) construction of a new access road that would be approximately 20 feet wide with 2-foot berms on each side. The BLM's purpose is also to amend the 2008 Ely District RMP to establish a designated utility corridor between the Expansion and Interconnection locations.

The BLM's need for action is to consider a use of public land to advance energy generation and transmission consistent with the BLM's multiple-use mandate and section 501(a)(4) of FLPMA, 43 U.S.C. 1761(a)(4). Additionally, a land use plan amendment to designate a right-of-way

corridor would ensure collocation of rights-of-way to minimize environmental impacts and address conformance issues associated with the proposed Project consistent with section 503 of FLPMA, 43 U.S.C. 1763.

Preliminary Alternatives

The BLM is currently considering the proposed Action and a no action alternative. The proposed action includes the potential RMP amendment, which would designate a utility corridor and amend resource decisions and allocations in the 2008 Ely District RMP within the proposed utility corridor boundary. The BLM welcomes comments on the preliminary alternatives as well as suggestions for additional alternatives.

Planning Criteria

The planning criteria guides the planning effort and lays the groundwork for effective analysis by identifying the preliminary issues and their analytical frameworks. Preliminary issues for the planning area have been identified by BLM personnel and from early engagement conducted for this planning effort with Federal, State, and local agencies, Tribes, and other stakeholders. The BLM has identified several preliminary issues for this planning effort. The planning criteria are available for public review and comment at the ePlanning website (see **ADDRESSES**).

Public Scoping Process

This notice of intent initiates the scoping period and public review of the issues, preliminary alternatives, and planning criteria, which guide the development and analysis of the RMP amendment and EA.

The BLM will be holding one public scoping meeting in Ely, Nevada. The date(s) and location(s) of any additional scoping meetings will be announced at least 15 days in advance through a news release, social media, and the BLM's National NEPA Register website at <https://eplanning.blm.gov/eplanning-ui/admin/project/2038325/510>.

Interdisciplinary Team

The BLM will use an interdisciplinary approach to develop the plan in order to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in this planning effort: rangeland management, minerals and geology, outdoor recreation, archaeology, paleontology, wildlife and fisheries, Greater Sage-

Grouse, lands and realty, hydrology, and soils.

Additional Information

The BLM will utilize and coordinate the NEPA and land use planning processes to evaluate this proposed Project and planning effort to help support compliance with applicable procedural requirements under the Endangered Species Act (16 U.S.C. 1536) and section 106 of the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3), including the public involvement requirements of section 106. The information about historic and cultural resources and threatened and endangered species within the area potentially affected by the proposed plan will assist the BLM in identifying and evaluating impacts to such resources.

The BLM will consult with Indian Tribal Nations on a government-to-government basis in accordance with Executive Order 13175, BLM Manual 1780, and other Departmental policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with Indian Tribal Nations and other stakeholders that may be interested in or affected by the proposed Robinson Summit Substation Expansion and 525 kV Interconnection Project that the BLM is evaluating, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate in the development of the environmental analysis as a cooperating agency.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

(Authority: 42 U.S.C. 4321–4347, 43 CFR 46.435, and 43 CFR 1610.2)

Kimberly Prill,

Acting State Director.

BILLING CODE 4331–21–P

**INTERNATIONAL TRADE
COMMISSION****[Investigation No. 731–TA–747 (Fifth
Review)]****Fresh Tomatoes From Mexico; Revised
Schedule for the Subject Review****AGENCY:** United States International
Trade Commission.**ACTION:** Notice.**DATES:** May 12, 2025.

FOR FURTHER INFORMATION CONTACT: Lawrence Jones (202–205–3358), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: Effective March 20, 2025, the Commission established a schedule for the conduct of the full review (90 FR 13627, March 25, 2025). On April 14, 2025, Commerce announced the date for its antidumping duty order as July 14, 2025, following its announcement of its intent to withdraw from the 2019 Tomato Suspension Agreement. The Commission is revising its schedule in light of Commerce's pending antidumping duty order. Specifically, the Commission is revising the date when the prehearing staff report will be placed in the nonpublic record to July 31, 2025.

For further information concerning this proceeding, see the Commission's notice cited above and the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to § 207.21 of the Commission's rules.

By order of the Commission.

Issued: May 14, 2025.

Lisa Barton,
Secretary to the Commission.

BILLING CODE 7020–02–P**INTERNATIONAL TRADE
COMMISSION****[Investigation No. 731–TA–1424 (Review)]****Mattresses From China****Determination**

On the basis of the record¹ developed in the subject five-year review, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the antidumping duty order on mattresses from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted this review on November 1, 2024 (89 FR 87404) and determined on February 4, 2025, that it would conduct an expedited review (90 FR 11546, March 7, 2025).

The Commission made this determination pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determination in this review on May 15, 2025. The views of the Commission are contained in USITC Publication 5621 (May 2025), entitled *Mattresses from China: Investigation No. 731–TA–1424 (Review)*.

By order of the Commission.

Issued: May 15, 2025.

Lisa Barton,
Secretary to the Commission.

[FR Doc. 2025–09015 Filed 5–19–25; 8:45 am]

BILLING CODE 7020–02–P**INTERNATIONAL TRADE
COMMISSION****Notice of Receipt of Complaint;
Solicitation of Comments Relating to
the Public Interest****AGENCY:** U.S. International Trade
Commission.**ACTION:** Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled "Certain Boiler Protection for Absorption Refrigeration Systems, Components Thereof, and Products Containing the Same, DN 3829;" the Commission is soliciting comments on any public interest issues raised by the

complaint or complainant's filing pursuant to the Commission's Rules of Practice and Procedure.

FOR FURTHER INFORMATION CONTACT: Lisa R. Barton, Secretary to the Commission, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–2000. The public version of the complaint can be accessed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov.

General information concerning the Commission may also be obtained by accessing its internet server at United States International Trade Commission (USITC) at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to § 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Paul N Unmack DBA ARPC LLC (Manufacture of 'Fridge Defend®' product) on May 14, 2025. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain boiler protection for absorption refrigeration systems, components thereof, and products containing the same. The complaint names as respondents: Kuofanghenan maoyiyouxiangongsi of China; Wuhujiaoxiangdianzishangwuyouxian gongsi of China; Wang Hai Ping of China; Shenzhenshi Xiangfan Xinxizixun Youxiangongsi of China; Ruianshichensumaoyiyouxiangongsi of China; Qingyuannuoedianzishangwu youxianzerengongsi of China; Wuhu Tianhao e-commerce Co., Ltd. of China; shen zhen shi hong kang da ke ji you xian gong si of China; guangzhou yingpeng dianzi shangwu youxiangongsi of China; and shen zhen shi xing han xing dian zi shang wu you xian gong si of China. The complainant requests that the Commission issue a general exclusion order, or, in the alternative, a limited exclusion order, cease and desist orders, and impose a bond upon respondents' alleged infringing articles during the 60-day

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

Presidential review period pursuant to 19 U.S.C. 1337(j).

Proposed respondents, other interested parties, members of the public, and interested government agencies are invited to file comments on any public interest issues raised by the complaint or § 210.8(b) filing. Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) explain how the articles potentially subject to the requested remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant's licensees, and/or third-party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) explain how the requested remedial orders would impact United States consumers.

Written submissions on the public interest must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation. Any written submissions on other issues must also be filed by no later than the close of business, eight calendar days after publication of this notice in the **Federal Register**. Complainant may file replies to any written submissions no later than three calendar days after the date on which any initial submissions were due, notwithstanding § 201.14(a) of the Commission's Rules of Practice and Procedure. No other submissions will be accepted, unless requested by the Commission. Any submissions and replies filed in response to this Notice are limited to five (5) pages in length, inclusive of attachments.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above. Submissions should refer to the docket number ("Docket No. 3828") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, Electronic Filing Procedures¹). Please note the Secretary's Office will accept only electronic filings during this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>.) No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice. Persons with questions regarding filing should contact the Secretary at EDIS3Help@usitc.gov.

Any person desiring to submit a document to the Commission in confidence must request confidential treatment. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this Investigation may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. appendix 3; or (ii) by U.S. Government employees and contract personnel², solely for cybersecurity purposes. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS³.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and of §§ 201.10 and 210.8(c) of the Commission's Rules of Practice and Procedure (19 CFR 201.10, 210.8(c)).

By order of the Commission.

¹ Handbook for Electronic Filing Procedures: https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf.

² All contract personnel will sign appropriate nondisclosure agreements.

³ Electronic Document Information System (EDIS): <https://edis.usitc.gov>.

Issued: May 14, 2025.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1419]

Certain Exercise Equipment and Subassemblies Thereof; Notice of Request for Submissions on the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that on April 30, 2025, the presiding administrative law judge ("ALJ") issued a Summary Determination on Violation of Section 337. On May 12, 2025, the ALJ issued an Order cancelling the evidentiary hearing because all issues before the ALJ have been resolved and terminating the investigation before the ALJ. In the Summary Determination and the Order, the ALJ also issued a Recommended Determination on remedy and bonding should a violation be found in the above-captioned investigation. The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation. This notice is soliciting comments from the public and interested government agencies only.

FOR FURTHER INFORMATION CONTACT: Namo Kim, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–3459. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: Section 337 of the Tariff Act of 1930 provides that, if the Commission finds a violation, it shall exclude the articles concerned from the United States unless, after considering the effect of such exclusion upon the public health

and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry. (19 U.S.C. 1337(d)(1)). A similar provision applies to cease and desist orders. (19 U.S.C. 1337(f)(1)).

The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation, specifically a general exclusion order directed to certain exercise equipment and subassemblies thereof imported, sold for importation, and/or sold after importation.

The Commission is interested in further development of the record on the public interest in this investigation. Accordingly, members of the public and interested government agencies are invited to file submissions of no more than five (5) pages, inclusive of attachments, concerning the public interest in light of the ALJ's Recommended Determination on Remedy and Bonding issued in this investigation on April 30, 2025, and May 12, 2025. Comments should address whether issuance of the recommended remedial orders in this investigation, should the Commission find a violation, would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

- (i) explain how the articles potentially subject to the recommended remedial orders are used in the United States;
- (ii) identify any public health, safety, or welfare concerns in the United States relating to the recommended orders;
- (iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;
- (iv) indicate whether complainant, complainant's licensees, and/or third-party suppliers have the capacity to replace the volume of articles potentially subject to the recommended orders within a commercially reasonable time; and
- (v) explain how the recommended orders would impact consumers in the United States.

Written submissions must be filed no later than by close of business on June 14, 2025.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above pursuant to 19 CFR 210.4(f). Submissions should refer to the investigation number ("Inv. No. 337-TA-1419") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, https://www.usitc.gov/secretary/fed_reg_notices/rules/handbook_on_electronic_filing.pdf). Persons with questions regarding filing should contact the Secretary (202-205-2000).

Any person desiring to submit a document to the Commission in confidence must request confidential treatment by marking each document with a header indicating that the document contains confidential information. This marking will be deemed to satisfy the request procedure set forth in Rules 201.6(b) and 210.5(e)(2) (19 CFR 201.6(b) & 210.5(e)(2)). Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. Any non-party wishing to submit comments containing confidential information must serve those comments on the parties to the investigation pursuant to the applicable Administrative Protective Order. A redacted non-confidential version of the document must also be filed simultaneously with any confidential filing and must be served in accordance with Commission Rule 210.4(f)(7)(ii)(A) (19 CFR 210.4(f)(7)(ii)(A)). All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this investigation may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements. All nonconfidential written submissions will be available for public inspection on EDIS.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: May 14, 2025.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. DEA-1546]

Importer of Controlled Substances Application: Quagen Pharmaceuticals LLC

AGENCY: Drug Enforcement Administration, Justice.

ACTION: Notice of application.

SUMMARY: Quagen Pharmaceuticals LLC has applied to be registered as an importer of basic class(es) of controlled substance(s). Refer to **SUPPLEMENTARY INFORMATION** listed below for further drug information.

DATES: Registered bulk manufacturers of the affected basic class(es), and applicants, therefore, may submit electronic comments on, or objections to the issuance of the proposed registration on or before June 20, 2025. Such persons may also file a written request for a hearing on the application on or before June 20, 2025.

ADDRESSES: The Drug Enforcement Administration requires that all comments be submitted electronically through the Federal eRulemaking Portal, which provides the ability to type short comments directly into the comment field on the web page or attach a file for lengthier comments. Please go to <https://www.regulations.gov> and follow the online instructions at that site for submitting comments. Upon submission of your comment, you will receive a Comment Tracking Number. Please be aware that submitted comments are not instantaneously available for public view on <https://www.regulations.gov>. If you have received a Comment Tracking Number, your comment has been successfully submitted and there is no need to resubmit the same comment. All requests for a hearing must be sent to: (1) Drug Enforcement Administration, Attn: Hearing Clerk/OALJ, 8701 Morrisette Drive, Springfield, Virginia 22152; and (2) Drug Enforcement Administration, Attn: DEA Federal Register Representative/DPW, 8701 Morrisette Drive, Springfield, Virginia 22152. All requests for a hearing should also be sent to: Drug Enforcement Administration, Attn: Administrator,

8701 Morrisette Drive, Springfield, Virginia 22152.

SUPPLEMENTARY INFORMATION: In accordance with 21 CFR 1301.34(a), this is notice that on March 26, 2025, Quagen Pharmaceuticals LLC, 37 Fairfield Place, West Caldwell, New Jersey 07006, applied to be registered as an importer of the following basic class(es) of controlled substance(s):

Controlled substance	Drug code	Schedule
Diphenoxylate	9170	II

The company plans to import the listed controlled substance for distribution to its customer. No other activity for this drug code is authorized for this registration.

Approval of permit applications will occur only when the registrant's business activity is consistent with what is authorized under 21 U.S.C. 952(a)(2). Authorization will not extend to the import of Food and Drug Administration-approved or non-approved finished dosage forms for commercial sale.

Matthew Strait,

Deputy Assistant Administrator.

[FR Doc. 2025-08997 Filed 5-19-25; 8:45 am]

BILLING CODE 4410-09-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Training Plans, New Miner Training, Newly-Hired Experienced Miner Training

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Mine Safety and Health Administration (MSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before June 20, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Michael Howell by telephone at 202-693-6782, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: Training informs miners of safety and health hazards inherent in the workplace and enables them to identify and avoid such hazards. Training becomes even more important in light of certain conditions that can exist when production demands increase, such as: an influx of new and less experienced miners and mine operators; longer work hours to meet production demands; and increased demand for contractors who may be less familiar with the dangers on mine property.

In addition, with respect to miner health and safety training, Section 115(c) of the Mine Act, 30 U.S.C. 825(c) provides that, upon completion of each training each operator shall certify that the miner has received the specified training in each subject area of the approved health and safety training plan (this information requirement is covered in control number 1205-0009); paragraphs (d) and (e) address the Secretary of Labor's rulemaking authority with respect to miner training.

MSHA's objective in these existing health and safety training requirements is to ensure that all miners receive the required training, which would result in a decrease in accidents, injuries, and fatalities. MSHA enforces training requirements at approximately 11,657 surface nonmetal mines and contractors. For additional substantive information about this ICR, see the related notice published in the *Federal Register* on November 12, 2024 (89 FR 89045).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an

information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

Agency: DOL-MSHA.

Title of Collection: Training Plans, New Miner Training, Newly-hired Experienced Miner Training.

OMB Control Number: 1219-0131.

Affected Public: Private Sector.

Number of Respondents: 10,872.

Number of Responses: 2,275,623.

Annual Burden Hours: 157,458 hours.

Total Estimated Annual Other Costs

Burden: \$351,967.

(Authority: 44 U.S.C. 3507(a)(1)(D))

Michael Howell,

Senior Paperwork Reduction Act Analyst.

BILLING CODE 4510-43-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA 2012-0009]

Asbestos in Shipyards Standard; Extension of the Office of Management and Budget's (OMB) Approval of Information Collection (Paperwork) Requirements

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for public comments.

SUMMARY: OSHA solicits public comments concerning the proposal to extend the Office of Management and Budget's (OMB) approval of the information collection requirements specified in the Asbestos in Shipyards Standard.

DATES: Comments must be submitted (postmarked, sent, or received) by July 21, 2025.

ADDRESSES:

Electronically: You may submit comments and attachments electronically at <https://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the

instructions online for submitting comments.

Docket: To read or download comments or other material in the docket, go to <https://www.regulations.gov>. Documents in the docket are listed in the <https://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the websites. All submissions, including copyrighted material, are available for inspection through the OSHA Docket Office. Contact the OSHA Docket Office at (202) 693–2350 (TTY (877) 889–5627) for assistance in locating docket submissions.

Instructions: All submissions must include the agency name and OSHA docket number (OSHA–2012–0009) for the Information Collection Request (ICR). OSHA will place all comments, including any personal information, in the public docket, which may be made available online. Therefore, OSHA cautions interested parties about submitting personal information such as Social Security numbers and birthdates.

For further information on submitting comments, see the “Public Participation” heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Seleda Perryman, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor; telephone (202) 693–2222.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of the continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, the collection instruments are clearly understood, and OSHA’s estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires

that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of effort in obtaining information (29 U.S.C. 657).

The following sections describe who uses the information collected under each requirement, as well as how they use it. The purpose of these requirements are to help employers monitor worker exposure to asbestos, take action to reduce worker exposure to the permissible exposure limit (PEL), monitor worker health, and provide workers with information about their exposure and the health effects of asbestos.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency’s functions to protect workers, including whether the information is useful;
- The accuracy of OSHA’s estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information, and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend the approval of the information collection requirements contained in the Asbestos in Shipyards Standard. The agency is requesting an adjustment decrease in burden hours from 1,038 hours to 976 hours, a difference of 62 hours. This decrease is due to a reduction in the number of establishments and employees, as well as a decrease in the estimated number of asbestos-containing materials and presumed asbestos-containing materials in their work environments.

OSHA will summarize the comments submitted in response to this notice and will include this summary in the request to OMB to extend the approval of the information collection requirements.

Type of Review: Extension of a currently approved collection.

Title: Asbestos in Shipyards Standard.
OMB Control Number: 1218–0195.

Affected Public: Business or other for-profits.

Number of Respondents: 242.

Number of Responses: 3,288.

Frequency of Responses: On occasion.

Average Time per Response: Varies.

Estimated Total Burden Hours: 976.

Estimated Cost (Operation and Maintenance): \$32,859.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows: (1) electronically at <https://www.regulations.gov>, which is the Federal eRulemaking Portal; or (2) by facsimile (fax), if your comments, including attachments, are not longer than 10 pages you may fax them to the OSHA Docket Office at (202) 693–1648. All comments, attachments, and other material must identify the agency name and the OSHA docket number for the ICR (OSHA–2012–0009). You may supplement electronic submission by uploading document files electronically.

Comments and submissions are posted without change at <https://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as Social Security numbers and dates of birth. Although all submissions are listed in the <https://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this website. All submission, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <https://www.regulations.gov> website to submit comments and access the docket is available at the website’s “User Tips” link. Contact the OSHA Docket Office at (202) 693–2350, (TTY (877) 889–5627) for information about materials not available from the website, and for assistance in using the internet to locate docket submissions.

V. Authority and Signature

Amanda Wood Laihow, Acting Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 *et seq.*) and Secretary of Labor’s Order No. 8–2020 (85 FR 58393).

Signed at Washington, DC, on April 29, 2025.

Amanda Wood Laihow,

Acting Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510–26–P

NUCLEAR REGULATORY COMMISSION

[NRC–2024–0073]

Information Collection: NRC Online Form, “Request for Alternative”

AGENCY: Nuclear Regulatory Commission.

ACTION: Renewal of existing information collection; request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) invites public comment on the renewal of Office of Management and Budget (OMB) approval for an existing collection of information. The information collection is entitled, NRC Online Form, “Request for Alternative.”

DATES: Submit comments by July 21, 2025. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the Federal rulemaking website:

- *Federal rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2024–0073. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301–415–1003; email: Bridget.Curran@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION**

CONTACT section of this document.

- *Mail comments to:* Kristen Benney, Office of the Chief Information Officer, Mail Stop: T–6 A10M, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001.

For additional direction on obtaining information and submitting comments, see “Obtaining Information and Submitting Comments” in the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT:

Kristen Benney, Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–6355; email: Infocollects.Resource@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC–2024–0073 when contacting the NRC about the availability of information for this

action. You may obtain publicly available information related to this action by any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2024–0073. A copy of the collection of information and related instructions may be obtained without charge by accessing Docket ID NRC–2024–0073 on this website.

- *NRC’s Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to PDR.Resource@nrc.gov. A copy of the collection of information and related instructions may be obtained without charge by accessing ADAMS Accession No. ML24213A024. The supporting statement is available in ADAMS under Accession No. ML25078A161.

- *NRC’s PDR:* The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

- *NRC’s Clearance Officer:* A copy of the collection of information and related instructions may be obtained without charge by contacting the NRC’s Acting Clearance Officer, Kristen Benney, Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–6355; email: Infocollects.Resource@nrc.gov.

B. Submitting Comments

The NRC encourages electronic comment submission through the Federal rulemaking website (<https://www.regulations.gov>). Please include Docket ID NRC–2024–0073, in your comment submission.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for

submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB’s approval for the information collection summarized as follows.

1. *The title of the information collection:* NRC Online Form, “Request for Alternative Under 10 CFR Part 50.55a(z)(1) and (2).”

2. *OMB approval number:* 3150–0244.

3. *Type of submission:* Revision.

4. *The form number, if applicable:* Not applicable.

5. *How often the collection is required or requested:* On occasion.

6. *Who will be required or asked to respond:* All holders of, and certain applicants for, nuclear power plant construction permits and operating licenses under the provisions of part 50 of title 10 of the *Code of Federal Regulations* (10 CFR), “Domestic Licensing of Production and Utilization Facilities” who use alternatives to the requirements of 10 CFR 50.55a paragraphs (b) through (h) when authorized by the NRC have the option of using the online form.

7. *The estimated number of annual responses:* 394.

8. *The estimated number of annual respondents:* 140.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 788.

10. *Abstract:* Section 50.55a of 10 CFR incorporates by reference Division 1 rules of Section III, “Rules for Construction of Nuclear Power Plant Components,” and Section XI, “Rules for Inservice Inspection of Nuclear Power Plant Components,” of the American Society of Mechanical Engineers (ASME) Boiler and Pressure.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility? Please explain your answer.

2. Is the estimate of the burden of the information collection accurate? Please explain your answer.

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated: May 14, 2025.

For the Nuclear Regulatory Commission.

Kristen Benney,

Acting NRC Clearance Officer, Office of the Chief Information Officer.

BILLING CODE 7590-01-P

OFFICE OF PERSONNEL MANAGEMENT

Meeting of the Board of Actuaries of the Civil Service Retirement System

AGENCY: Office of Personnel Management.

ACTION: Notice of meeting.

SUMMARY: The Board of Actuaries of the Civil Service Retirement System plans to meet on Monday, June 16, 2025. The meeting will start at 10:00 a.m. EDT and will be held at the U.S. Office of Personnel Management (OPM), 1900 E Street NW, Washington, DC 20415. The purpose of the meeting is for the Board to review the actuarial methods and assumptions used in the valuations of the Civil Service Retirement and Disability Fund.

FOR FURTHER INFORMATION CONTACT: Gregory Kissel, Senior Actuary for Pension Programs, U.S. Office of Personnel Management, 1900 E Street NW, Room 4316, Washington, DC 20415, or by email to actuary@opm.gov.

SUPPLEMENTARY INFORMATION:

Agenda

1. Reconsideration of 9/30/2023 Postal Service FERS supplemental liability.
2. Review of assumptions for actuarial valuations as of 9/30/2024.
 - a. Demographic Assumptions.
 - b. Economic Assumptions.

Persons desiring to attend this meeting, or to make a statement for consideration at the meeting, should contact OPM at least 5 business days in advance of the meeting date at the address shown below. Any detailed information or analysis requested for the Board to consider should be submitted at least 15 business days in advance of the meeting date. The manner and time

for any material presented to or considered by the Board may be limited.

For the Board of Actuaries.

Stephen Hickman,

Federal Register Liaison.

New Postal Products

AGENCY: Postal Regulatory Commission.
ACTION: Notice.

SUMMARY: The Commission is noticing a recent Postal Service filing for the Commission's consideration concerning a negotiated service agreement. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* May 22, 2025.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <https://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Introduction
- II. Public Proceeding(s)
- III. Summary Proceeding(s)

I. Introduction

Pursuant to 39 CFR 3041.405, the Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to Competitive negotiated service agreement(s). The request(s) may propose the addition of a negotiated service agreement from the Competitive product list or the modification of an existing product currently appearing on the Competitive product list.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any,

can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

Section II identifies the docket number(s) associated with each Postal Service request, if any, that will be reviewed in a public proceeding as defined by 39 CFR 3010.101(p), the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each such request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 and 39 CFR 3000.114 (Public Representative). The Public Representative does not represent any individual person, entity or particular point of view, and, when Commission attorneys are appointed, no attorney-client relationship is established. Section II also establishes comment deadline(s) pertaining to each such request.

The Commission invites comments on whether the Postal Service's request(s) identified in Section II, if any, are consistent with the policies of title 39. Applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3041. Comment deadline(s) for each such request, if any, appear in Section II.

Section III identifies the docket number(s) associated with each Postal Service request, if any, to add a standardized distinct product to the Competitive product list or to amend a standardized distinct product, the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. Standardized distinct products are negotiated service agreements that are variations of one or more Competitive products, and for which financial models, minimum rates, and classification criteria have undergone advance Commission review. *See* 39 CFR 3041.110(n); 39 CFR 3041.205(a). Such requests are reviewed in summary proceedings pursuant to 39 CFR 3041.325(c)(2) and 39 CFR 3041.505(f)(1). Pursuant to 39 CFR 3041.405(c)-(d), the Commission does not appoint a Public Representative or request public comment in proceedings to review such requests.

II. Public Proceeding(s)

1. *Docket No(s).*: MC2025-1389 and K2025-1388; *Filing Title:* USPS Request

¹ See Docket No. RM2018-3, Order Adopting Final Rules Relating to Non-Public Information, June 27, 2018, Attachment A at 19-22 (Order No. 4679).

to Add Priority Mail Express, Priority Mail & USPS Ground Advantage Contract 1367 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date*: May 14, 2025; *Filing Authority*: 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative*: Kenneth Moeller; *Comments Due*: May 22, 2025.

2. *Docket No(s)*.: MC2025–1390 and K2025–1389; *Filing Title*: USPS Request to Add Priority Mail Contract 815 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date*: May 14, 2025; *Filing Authority*: 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative*: Jennaca Upperman; *Comments Due*: May 22, 2025.

3. *Docket No(s)*.: MC2025–1391 and K2025–1390; *Filing Title*: USPS Request to Add Priority Mail & USPS Ground Advantage Contract 746 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date*: May 14, 2025; *Filing Authority*: 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative*: Kenneth Moeller; *Comments Due*: May 22, 2025.

4. *Docket No(s)*.: MC2025–1392 and K2025–1391; *Filing Title*: USPS Request to Add Priority Mail & USPS Ground Advantage Contract 747 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date*: May 14, 2025; *Filing Authority*: 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative*: Arif Hafiz; *Comments Due*: May 22, 2025.

5. *Docket No(s)*.: MC2025–1393 and K2025–1392; *Filing Title*: USPS Request to Add Priority Mail & USPS Ground Advantage Contract 748 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date*: May 14, 2025; *Filing Authority*: 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative*: Arif Hafiz; *Comments Due*: May 22, 2025.

6. *Docket No(s)*.: MC2025–1394 and K2025–1393; *Filing Title*: USPS Request to Add Priority Mail Express, Priority Mail & USPS Ground Advantage Contract 1368 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date*: May 14, 2025; *Filing Authority*: 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative*: Almaroof Agoro; *Comments Due*: May 22, 2025.

7. *Docket No(s)*.: MC2025–1395 and K2025–1394; *Filing Title*: USPS Request to Add Priority Mail Contract 816 to the Competitive Product List and Notice of

Filing Materials Under Seal; *Filing Acceptance Date*: May 14, 2025; *Filing Authority*: 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative*: Arif Hafiz; *Comments Due*: May 22, 2025.

8. *Docket No(s)*.: MC2025–1396 and K2025–1395; *Filing Title*: USPS Request to Add Priority Mail Contract 817 to the Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date*: May 14, 2025; *Filing Authority*: 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative*: Kenneth Moeller; *Comments Due*: May 22, 2025.

III. Summary Proceeding(s)

None. See Section II for public proceedings.

This Notice will be published in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Introduction
- II. Public Proceeding(s)

III. Summary Proceeding(s)

I. Introduction

Pursuant to 39 CFR 3041.405, the Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to Competitive negotiated service agreement(s). The request(s) may propose the addition of a negotiated service agreement from the Competitive product list or the modification of an existing product currently appearing on the Competitive product list.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

Section II identifies the docket number(s) associated with each Postal Service request, if any, that will be reviewed in a public proceeding as defined by 39 CFR 3010.101(p), the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each such request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 and 39 CFR 3000.114 (Public Representative). The Public Representative does not represent any individual person, entity or particular point of view, and, when Commission attorneys are appointed, no attorney-client relationship is established. Section II also establishes comment deadline(s) pertaining to each such request.

The Commission invites comments on whether the Postal Service's request(s) identified in Section II, if any, are consistent with the policies of title 39. Applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3041. Comment deadline(s) for each such request, if any, appear in Section II.

Section III identifies the docket number(s) associated with each Postal Service request, if any, to add a standardized distinct product to the Competitive product list or to amend a standardized distinct product, the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. Standardized distinct products are negotiated service agreements that are

POSTAL REGULATORY COMMISSION

[Docket No. CP2025–7; Order No. 8839]

Competitive Postal Products

AGENCY: Postal Regulatory Commission.
ACTION: Notice.

SUMMARY: The Commission is recognizing a recently filed Postal Service document with the Commission concerning changes in rates of general applicability for Competitive products. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* June 13, 2025.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <https://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER**

INFORMATION CONTACT section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202–789–6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

I. Introduction
II. Initial Administrative Actions
IV. Ordering Paragraphs

I. Introduction

On May 9, 2025, the Postal Service filed notice with the Commission concerning changes in rates and classifications of general applicability for Competitive products.¹ The Postal Service represents that, as required by 39 CFR 3035.102(b) and 39 CFR 3035.104(b), the Notice includes an explanation and justification for the changes, the effective date, and a schedule of the changed rates. See Notice at 1–2. The changes are scheduled to take effect on July 13, 2025. *Id.* at 1.

Attached to the Notice is Governors' Decision No. 25–1, which states the new prices are in accordance with 39 U.S.C. 3632 and 3633 and 39 CFR 3035.102.² The Governors' Decision provides an analysis of the Competitive products' price and classification changes intended to demonstrate that the changes comply with 39 U.S.C. 3633 and 39 CFR part 3035. Governors' Decision No. 25–1 at 1. The attachment to the Governors' Decision sets forth the classification and price changes and includes draft *Mail Classification Schedule* language for Competitive products of general applicability.

The Notice also includes an application for non-public treatment of the attributable costs, contribution, and cost coverage data in the unredacted version of the annex to the Governors' Decision, as well as the supporting materials for the data. Notice at 1.

Planned price and classification changes. The Governors' Decision includes an overview of the Postal Service's planned price changes which are summarized in the table below.

¹ USPS Notice of Changes in Rates and Classifications of General Applicability for Competitive Products, May 9, 2025 (Notice). Pursuant to 39 U.S.C. 3632(b)(2), the Postal Service is obligated to publish the Governors' Decision and record of proceedings in the **Federal Register** at least 30 days before the effective date of the new rates.

² Notice, Decision of the Governors of the United States Postal Service on Changes in Rates and Classification of General Applicability for Competitive Products (Governors' Decision No. 25–1), at 1 (Governors' Decision No. 25–1).

TABLE I—1 PROPOSED PRICE CHANGES

Product name	Average price increase (percent)
Domestic Competitive Products	
Priority Mail	6.3
Retail	7.3
Commercial	5.1
Parcel Select	7.6
Destination Delivery Unit	10.0
Destination Hub	0.0
Destination Sectional Center Facility	7.2
Connect Local	5.7
USPS Ground Advantage	7.1
Retail	9.8
Commercial	4.7

Source: See Governors’ Decision No. 25–1 at 2–3.

Further classification changes for Priority Mail, Parcel Select, and certain International Special Services are summarized as follows:

- USPS Ground Advantage Commercial packages will be sealed against inspection.
- The Destination Network Distribution Center (DNDC) price category within Parcel Select will be eliminated.
- Priority Mail Express, Priority Mail, Parcel Select and USPS Ground Advantage Non-Standard Fees are being restructured to include a category for packages with certain non-standard package characteristics (tubes or rolls, liquids, wooden boxes, etc.).
- The Impb (Intelligent Mail Package Barcode) Noncompliance Fee will be renamed to the Package Quality Noncompliance Fee.

Notice at 2–5; Governors’ Decision No. 25–1 at 2–5.

II. Initial Administrative Actions

The Commission establishes Docket No. CP2025–7 to consider the Postal Service’s Notice. Interested persons may express views and offer comments on whether the planned changes are consistent with 39 U.S.C. 3632, 3633, and 3642, 39 CFR part 3035, and 39 CFR 3040 subparts B and E. Comments are due no later than June 13, 2025. For specific details of the planned price changes, interested persons are encouraged to review the Notice, which is available on the Commission’s website at www.prc.gov. Pursuant to 39 U.S.C. 505, Christopher Mohr is appointed to serve as Public Representative to represent the interests of the general public in this docket. The Public Representative does not represent any individual person, entity or particular point of view, and, when Commission attorneys are appointed, no attorney-client relationship is established.

III. Ordering Paragraphs

- It is ordered:*
1. The Commission establishes Docket No. CP2025–7 to provide interested persons an opportunity to express views and offer comments on whether the planned changes are consistent with 39 U.S.C. 3632, 3633, and 3642, 39 CFR part 3035, and 39 CFR 3040 subparts B and E.
 2. Comments are due no later than June 13, 2025.
 3. Pursuant to 39 U.S.C. 505, the Commission appoints Christopher Mohr to serve as an officer of the Commission

(Public Representative) to represent the interests of the general public in this docket.

4. The Secretary shall arrange for publication of this order in the **Federal Register**.

By the Commission.
Erica A. Barker,
Secretary.

POSTAL REGULATORY COMMISSION

[Docket No. C2024–13; Presiding Officer’s Ruling No. 10]

Complaint

AGENCY: Postal Regulatory Commission.
ACTION: Notice.

SUMMARY: The Commission is providing notice that a prehearing videoconference is being rescheduled and providing other case management information.

DATES: *Live Videoconference:* May 22, 2025, at 10 a.m., eastern daylight time, virtual.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202–789–6820.

SUPPLEMENTARY INFORMATION:
I. Hearing Schedule
II. Ruling

I. Hearing Schedule

The schedule for the submission of briefs and evidence shall be as follows:

Prehearing Conference to Discuss Written Hearing	May 21, 2025, 10 a.m., Eastern time.
Deadline for Designating Evidence For Parties’ Initial Brief	May 23, 2025.
Parties’ Initial Brief with Supporting Evidence	May 23, 2025.
Deadline to Request Written Cross-Examination of Opposing Parties’ Witnesses ..	May 26, 2025.
Response to Written Cross-Examination, if necessary	June 2, 2025.
Parties’ Answering Brief with Supporting Evidence	June 12, 2025.
Deadline to Request Written Cross-Examination of Witnesses Supporting Answer- ing Brief	June 16, 2025.
Response to Such Written Cross-Examination, if necessary	June 23, 2025.
Settlement Conference	July 17, 2025, 10 a.m., Eastern time.

All submissions must be filed electronically on the Commission’s docket by 4:30 p.m. Eastern time on the date due.

II. Ruling

1. The parties and counsel shall follow the hearing format and schedule established by this Presiding Officer’s Ruling.

2. The Secretary shall arrange for publication of the hearing schedule in the **Federal Register**.

POSTAL REGULATORY COMMISSION

[Docket No. MC2025–1380; Order No. 8840]

Competitive Postal Products

AGENCY: Postal Regulatory Commission.
ACTION: Notice.

SUMMARY: The Commission is recognizing a recent filing by the Postal Service concerning a product description change to the Mail

Classification Schedule. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* May 21, 2025.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <http://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Introduction
- II. Postal Service Request
- III. Commission Action
- IV. Ordering Paragraphs

I. Introduction

On May 13, 2025, pursuant to 39 CFR 3040.190, the Postal Service filed a notice requesting a correction to the Priority Mail Express product description in the *Mail Classification Schedule* (MCS).¹

II. Postal Service Request

The Postal Service notes its intention to “remove a reference to the service commitment in the Priority Mail Express product description,” which will “align the MCS with the operational and service standard changes” contemplated in Docket No. N2024–1 and consistent with recent updates to the *Domestic Mail Manual* (DMM).² The Postal Service explains that, as part of Docket No. N2024–1, it proposed certain operational initiatives, including the Regional Transportation Optimization (RTO) initiative, which required the revision of service standards for certain products, including Priority Mail Express. Notice at 1–2. The RTO initiative altered Priority Mail Express service standards from a 1–2 day delivery product to a 1–3 day delivery product, effective April 1, 2025. *Id.* at 2. Consistent with the RTO initiative, the Postal Service published changes to the DMM, updating the description of Priority Mail Express. *See* 90 FR 14338. Now, the

Postal Service seeks to delete a sentence in the MCS product description of Priority Mail Express that refers to this “outdated service commitment.” Notice at 2. Furthermore, the Postal Service maintains that this deletion aligns the Priority Mail Express product description with other product descriptions in the MCS that do not reference service commitment time frames. *Id.*

The Postal Service indicates that the proposed correction to Priority Mail Express is consistent with the policies and the applicable criteria of chapter 36 of Title 39 of the United States Code, chapter 36 of Title 39 of the Code of Federal Regulations, and applicable Commission directives and orders. *Id.* at 3. The Postal Service also indicates that the proposed correction does not rise to the level of a material change for the purposes of 39 CFR 3040.180. *Id.* at 4. Finally, the Postal Service notes that the intended effective date of the proposed correction is May 28, 2025 to ensure that the MCS represents the Postal Service's current offerings as timely as possible.³

In accordance with 39 CFR 3040.190(c), the Postal Service includes conforming changes to the MCS as an attachment to the Notice. *See id.*, Attachment 2.

III. Commission Action

The Commission establishes Docket No. MC2025–1380 for consideration of matters raised by the Notice.

Pursuant to 39 CFR 3040.191, the Commission has posted the Notice on its website and invites comments on whether the Postal Service's filings are consistent with the policies and applicable criteria of chapter 36 of Title 39 of the United States Code, 39 CFR 3040.190–192, and any applicable Commission directives and orders. Comments are due May 21, 2025. The public portions of the filings can be accessed via the Commission's website (<https://www.prc.gov>).

The Commission appoints R. Tim Boone to represent the interests of the general public (Public Representative) in this docket, pursuant to 39 U.S.C. 505 and 39 CFR 3040.191(d). The Public Representative does not represent any individual person, entity or particular point of view, and, when Commission attorneys are appointed, no attorney-client relationship is established.

³ *Id.* As noted above, the operational and service changes related to Priority Mail Express went into effect April 1, 2025 or 43 days ago. The Postal Service provides an explanation for its delay in requesting this correction. *Id.* at 5.

IV. Ordering Paragraphs

It is ordered:

1. The Commission establishes Docket No. MC2025–1380 for consideration of matters raised by the Postal Service's Notice.

2. Pursuant to 39 U.S.C. 505 and 39 CFR 3040.191(d), R. Tim Boone is appointed to serve as an officer of the Commission (Public Representative) to represent the interests of the general public in this proceeding.

3. Comments are due May 21, 2025.

4. The Secretary shall arrange for publication of this Order in the **Federal Register**.

By the Commission.

Erica A. Barker,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–103043; File No. SR–PEARL–2025–19]

Self-Regulatory Organizations; MIAX PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the MIAX Pearl Equities Fee Schedule

May 14, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on April 30, 2025, MIAX PEARL, LLC (“MIAX Pearl” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the fee schedule (the “Fee Schedule”) applicable to the Exchange’s equities trading platform (“MIAX Pearl Equities”³) to amend the fees for three types of ports, FIX, MEO, and FXD, each of which are described below. Specifically, the Exchange proposes to eliminate the tiered pricing structure by no longer providing a certain number of FIX and MEO ports for free and subject each purchased FIX and MEO port to the same fee. Likewise, the Exchange proposes to no longer provide all FXD ports for free and subject each purchased FXD port to the same fee as the Exchange charges for each FIX and MEO port. As a result of these changes, the Exchange also proposes to amend the Fee Schedule to remove the defined term “Waiver Period”⁴ as there will no longer be any fees subject to a Waiver Period upon the effectiveness of this

filing. As described more fully below, the proposed fees described herein for each FIX, MEO and FXD port are comparable to, or lower than, the fees charged by other exchanges for similar port connectivity.

The text of the proposed rule change is available on the Exchange’s website at <https://www.miaxglobal.com/markets/us-options/pearl-options/rule-filings> at MIAX Pearl’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the fees for three types of ports, FIX, MEO, and FXD, each of which are described below. Specifically, the Exchange proposes to eliminate the tiered pricing structure by no longer providing a certain number of FIX and MEO ports for free and subject each purchased FIX and MEO port to the same fee. Likewise, the Exchange also proposes to no longer provide all FXD ports for free and subject each purchased FXD port to the same fee as each FIX and MEO port. As a result of these changes, the Exchange also proposes to amend the Fee Schedule to remove the defined term “Waiver Period” as there will no longer be any fees subject to a Waiver Period upon the effectiveness of this filing. As described more fully below, the proposed fees described herein for each FIX, MEO and FXD port are comparable to, or lower than, the fees charged by other exchanges for similar port connectivity.

The Exchange offers Equity Members⁵ three types of ports: (i) FIX ports;⁶ (ii)

MEO ports;⁷ and (iii) FXD ports.⁸ FIX ports allow Equity Members to send orders and other messages using the FIX Order Interface.⁹ The FIX Order Interface is a gateway connection to the Exchange and allows Equity Members to use the industry standard FIX protocol with MIAX Pearl Equities specific extensions for the transmission of orders and other messages to and from the Exchange.¹⁰ The FIX Order Interface validates incoming orders and forwards them to the appropriate matching engine. Executions and cancellation notifications are provided through each FIX Order Interface to Equity Members through their FIX ports.¹¹

MEO ports provide Equity Members with order entry capabilities to all Exchange matching engines using the Exchange’s proprietary binary MEO Interface protocol. The MEO Interface will route an order to the appropriate matching engine based on the security. Equity Members have flexibility in setting up MEO ports to cater to their architecture.¹²

FXD ports allow Equity Members and clearing firms to receive real-time order activities of firms’ orders over the MEO and FOI Interfaces.¹³ The Exchange offers two types of FXD ports: (1) Standard FIX Drop port; and (2) FIX Order by Order Drop port.¹⁴ Standard FIX Drop ports will only send trade information, including execution reports and trade cancel/correct messages. FIX Order by Order Drop

the FIX Order Interface, defined herein). See the Definitions section of the Fee Schedule.

⁷ See the Definitions section of the Fee Schedule.

⁸ The term “FIX Drop Port” or “FXD” means a messaging interface that provides real-time order activities of firms’ MEO and FOI orders. See the Definitions section of the Fee Schedule. Standard FIX Drop ports only send trade information and include Execution Reports and Trade Cancel/Correct messages. See MIAX Pearl Equities Exchange User Manual, updated January 2025, at page 10, available at https://www.miaxglobal.com/miax_pearl_equities_user_manual_jan_2025.pdf (the “User Manual”). FIX Order by Order Drop ports send all order activities, including all Execution Reports, Trade Cancel/Correct messages, and optionally order rejects. *Id.* The term “Equities Market Maker” shall mean an Equity Member that acts as a Market Maker in equity securities, pursuant to Chapter XXVI of the Exchange’s Rules. See Exchange Rule 1901. The term “Equities Order Entry Firm”, “Order Entry Firm”, or “OEF”, shall mean those Equity Members representing orders as agent on MIAX Pearl Equities and those non-Equity Market Maker Members conducting proprietary trading. *Id.*

⁹ See the Definition section of the Fee Schedule.

¹⁰ See MIAX Pearl Equities FAQ, modified February 2025, at page 8, available at https://www.miaxglobal.com/miax_pearl_equities_faqs_feb_2025.pdf (the “MIAX Pearl Equities FAQ”).

¹¹ See *id.*

¹² See MIAX Pearl Equities FAQ, *supra* note 10.

¹³ See the Definitions section of the Fee Schedule.

¹⁴ See MIAX Pearl Equities FAQ, *supra* note 10, at page 9.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

³ All references to the “Exchange” in this filing refer to MIAX Pearl Options. Any references to the equities trading facility of MIAX PEARL, LLC will specifically be referred to as “MIAX Pearl Equities.”

⁴ The term “Waiver Period” means, for each applicable fee, the period of time from the initial effective date of the MIAX Pearl Equities Fee Schedule until such time that MIAX Pearl has an effective fee filing establishing the applicable fee. MIAX Pearl Equities will issue a Regulatory Circular announcing the establishment of an applicable fee that was subject to a Waiver Period at least fifteen (15) days prior to the termination of the Waiver Period and effective date of any such applicable fee. See the Definitions section of the Fee Schedule.

⁵ The term “Equity Member” means a Member authorized by the Exchange to transact business on MIAX PEARL Equities. See Exchange Rule 1901.

⁶ The term “FIX Port” means a FIX port that allows Equity Members to send orders and other messages using the FIX protocol (also referred to as

ports will send all order activities including execution reports, trade cancel/correct messages, and optionally order rejects.¹⁵

The Exchange currently provides the first five (5) FIX and MEO ports, respectively, for free and all FXD ports for free. The Exchange charges the following separate monthly fees for FIX and MEO ports: \$450 per port per month for the 6th port and for each port thereafter utilized by an Equity Member. FIX and MEO Ports are counted separately for the tiers in the monthly Port Fee Table in section 2(d) of the Fee Schedule. As a new exchange entrant, the Exchange chose to offer a limited number of FIX, MEO, and FXD ports for free to encourage market participants to trade on the Exchange and experience, among things, the quality of the Exchange's technology and trading functionality. This practice is not uncommon. New exchanges often do not charge fees or charge lower fees for certain products and services, such as ports, to attract order flow to an exchange, and later amend their fees to reflect the true value of those products or services, absorbing all costs to provide those products or services in the meantime. Allowing new exchange entrants time to build and sustain market share through various pricing incentives before increasing non-transaction fees encourages market entry and fee parity, which promotes competition among exchanges. It also enables new exchanges to mature their markets and allow market participants to trade on the new exchanges without fees serving as a potential barrier to attracting memberships and order flow.¹⁶

¹⁵ *Id.*

¹⁶ See Securities Exchange Act Release No. 90651 (December 11, 2020), 85 FR 81971 (December 17, 2020) (SR-PEARL-2020-33). See also, e.g., Securities Exchange Act Release No. 94894 (May 11, 2022), 87 FR 29987 (May 17, 2022) (SR-BOX-2022-17) (stating, "[t]he Exchange established this lower (when compared to other options exchanges in the industry) Participant Fee in order to encourage market participants to become Participants of BOX. . ."). See also Securities Exchange Act Release No. 90076 (October 2, 2020), 85 FR 63620 (October 8, 2020) (SR-MEMX-2020-10) (proposal to adopt the initial fee schedule and stating that "[u]nder the initial proposed Fee Schedule, the Exchange proposes to make clear that it does not charge any fees for membership, market data products, physical connectivity or application sessions."). MEMX's market share increased and then MEMX established numerous non-transaction fees, including fees for membership, market data, and connectivity. See Securities Exchange Act Release Nos. 93927 (January 7, 2022), 87 FR 2191 (January 13, 2022) (SR-MEMX-2021-19) (establishing membership fees); 96430 (December 1, 2022), 87 FR 75083 (December 7, 2022) (SR-MEMX-2022-32) and 95936 (September 27, 2022),

MIAX Pearl Equities has been in operation for over four and a half years and the original tiered pricing scheme has outlived its utility. Therefore, similar to other exchanges, the Exchange now proposes to eliminate the tiered pricing structure by no longer providing the first five (5) FIX and MEO ports, respectively, for free and will now charge \$450 per FIX and MEO port per month. The Exchange also proposes to no longer provide FXD ports for free and will now charge \$450 per FXD port per month, which is the same rate the Exchange proposes to charge for each FIX and MEO port.¹⁷

As a result of the above proposed changes, the Exchange will no longer offer any products or services that are subject to a fee waiver period. Therefore, the Exchange proposes to amend the Definitions section and Section 2(d) of the Fee Schedule to remove all references to the "Waiver Period." The Exchange issued an alert and Regulatory Circular publicly announcing the proposed changes on April 9, 2025.¹⁸ The proposed changes subject to this proposal are effective May 1, 2025.

2. Statutory Basis

The Exchange believes that the proposed fee changes are consistent with the provisions of Section 6(b) ¹⁹ of the Act in general, and furthers the objectives of Section 6(b)(4) ²⁰ of the Act, in particular, in that they are designed to provide for the equitable allocation of reasonable dues, fees and other charges among the Exchange's Equity Members and other persons

87 FR 59845 (October 3, 2022) (SR-MEMX-2022-26) (establishing connectivity fees). See also, e.g., Securities Exchange Act Release No. 88211 (February 14, 2020), 85 FR 9847 (February 20, 2020) (SR-NYSE-2020-05) (establishing market data fees for the NYSE National exchange after initially providing market data for free).

¹⁷ Since the Exchange will no longer offer any ports for free, the Exchange proposes to remove the following sentence below the Port Fee Table in Section 2(d) of the Fee Schedule, "MEO and FIX ports are counted separately for the tiers in the table." The purpose of this change is to remove rule text that will no longer apply. Since each FIX, MEO and FXD port will be charged the same rate of \$450 per port per month, there are no longer any tiers to count for purposes of determining whether Equity Members receive certain ports for free.

¹⁸ See Fee Change Alert, MIAX Pearl Equities—May 1, 2025 Port Fee Changes (dated April 9, 2025), available at <https://www.miaxglobal.com/alert/2025/04/09/miax-pearl-equities-may-1-2025-port-fee-changes> and MIAX Pearl Equities Exchange Regulatory Circular 2025-05 (dated April 9, 2025), available at https://www.miaxglobal.com/sites/default/files/circular-files/MIAX_Pearl_Equities_RC_2025_05.pdf.

¹⁹ 15 U.S.C. 78f.

²⁰ 15 U.S.C. 78f(b)(4).

using its facilities. Additionally, the Exchange believes that the proposal is consistent with the objectives of Section 6(b)(5) ²¹ of the Act in that the changes are designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, remove impediments to a free and open market and national market system, and, in general, protect investors and the public interest, and, particularly, are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Proposed Fees are Reasonable and Comparable to the Port Fees Charged By Other Exchanges for Similar Ports

The proposed port fees are comparable to those of other equities exchanges with similar market share. Based on publicly-available information, no single exchange had more than approximately 14–15% of the equities market share for the month of March 2025,²² and the Exchange compared the fees proposed herein to the fees charged by other equities exchanges with similar market share. A more detailed discussion of the comparison follows.

FIX and MEO Port Fees

The proposed FIX and MEO port fees for Equity Members that utilize 1 to 5 ports are the same as currently charged by the Exchange for Equity Members that utilize 6 or more FIX or MEO ports (with each type of port counted separately). The proposed fees are also lower than the port fees charged by the equities markets of Cboe BYX Exchange, Inc. ("BYX Equities"), Cboe EDGA Exchange, Inc. ("EDGA Equities"), NYSE Texas, Inc. ("NYSE Texas"), and Nasdaq BX, Inc. ("Nasdaq BX") for their ports that provide similar functionality. Further, BYX Equities, EDGA Equities, NYSE Texas, and Nasdaq BX all have comparable market share to the Exchange, as summarized below. The Exchange also notes that it proposes to eliminate the tiered pricing structure and now charge a single flat fee per port for all ports, similar to each of the exchanges described below.

²¹ 15 U.S.C. 78f(b)(5).

²² See the Market Share section of the Exchange's website, available at <https://www.miaxglobal.com/company/data/market-share> (last visited April 5, 2025).

Exchange	Equities market share (March 2025) (percent)	FIX Port Fees ("Logical") ^A	MEO Port Fees ("Logical" ^B or "OUCH" ^C)
MIAX Pearl Equities	1.02	\$450/port	\$450/port.
BYX Equities	0.75	\$550/port ^D	\$550/port. ^E
EDGA Equities	0.69	\$550/port ^F	\$550/port. ^G
NYSE Texas	0.31	\$455/port ^H	\$455/port. ^I
Nasdaq BX	0.27	\$500/port ^J	\$500/port. ^K

^A BYX Equities, EDGA Equities and NYSE Texas use the term "Logical" when describing their ports with similar functionality as the Exchange's FIX Ports.

^B BYX Equities, EDGA Equities and NYSE Texas use the term "Logical" when describing their ports with similar functionality as the Exchange's MEO Ports.

^C Nasdaq BX uses the term/name "OUCH" when describing their ports with similar functionality as the Exchange's MEO Ports.

^K See *id.*

A more detailed discussion of the comparison follows.

BYX Equities and EDGA Equities. BYX Equities, with a market share of approximately 0.75%, and EDGA Equities, with a market share of approximately 0.69%, have comparable market share to the Exchange (approximately 1.02%), and charge higher fees (\$550 per port per month compared to the Exchange's proposal of \$450 per port per month) for each Logical Port than the Exchange proposes to charge for each FIX and MEO Port. The BYX Equities and EDGA Equities Logical Ports include, among other types, FIX²³ and Binary Order Entry ("BOE")²⁴ ports, which are used for order entry for BYX Equities and EDGA Equities,²⁵ similar to the Exchange's FIX and MEO ports.

NYSE Texas. NYSE Texas, with a market share of approximately 0.31%, has a comparable market share to the Exchange (approximately 1.02%), and

charges slightly higher fees (\$455 per port per month compared to the Exchange's proposal of \$450 per port per month) for each NYSE Texas Logical Port than the Exchange proposes to charge for each FIX and MEO port. The NYSE Texas Logical Ports include access to NYSE Texas via both FIX and binary protocols, which are used for order entry for NYSE Texas, similar to the Exchange's FIX and MEO ports. NYSE Texas assesses a Logical Port charge for each participant that connects to the Exchange. Unlike the Exchange,²⁶ NYSE Texas assesses a separate port charge for each port connected to the main trading system and for each back-up connection.

Nasdaq BX. Nasdaq BX, with a market share of approximately 0.27%, has a comparable market share to the Exchange (approximately 1.02%), and charges higher fees (\$500 per port per month compared to the Exchange's

proposal of \$450 per port per month) for each OUCH and FIX Trading Port. OUCH is Nasdaq BX's proprietary port for order entry and receiving status updates,²⁷ while FIX is Nasdaq BX's standard format port for order entry,²⁸ similar to the Exchange's MEO and FIX ports, respectively. Nasdaq BX's OUCH and FIX Ports can be used by Nasdaq BX market makers and order entry firms.²⁹

FXD Port Fees

The proposed FXD port fees are the same as currently charged by the Exchange for Equity Members that utilize the Exchange's FIX and MEO ports. The proposed FXD port fees are also lower than the port fees charged by BYX Equities and EDGA Equities for their ports that provide similar functionality. Further, BYX Equities and EDGA Equities have comparable market share to the Exchange, as summarized in the table below.

Exchange	Equities market share (March 2025) (percent)	FXD port fees ("Logical")
MIAX Pearl Equities	1.02	\$450/port.
BYX Equities	0.75	\$550/port ^A .
EDGA Equities	0.69	\$550/port ^B .

²⁹ See *supra* notes 27 and 28.

A more detailed discussion of the comparison follows.

BYX Equities and EDGA Equities. BYX Equities, with a market share of approximately 0.75%, and EDGA Equities, with a market share of approximately 0.69%, have comparable market share to the Exchange (approximately 1.02%), and charge higher fees for each Logical Ports (including drop copy) than the Exchange proposes to charge for each FXD port. Similar to the Exchange, BYX Equities and EDGA Equities offer two types of FIX Drop ports (Standard FIX Drop and Order by Order FIX Drop). Both port types do not accept orders. Their purpose is to provide real time information about order flow and may be configured to send order flow based on various combinations of information relating to specific member firms, clearing member participant identification (“MPIDs”) and/or sessions, similar to the Exchange’s FXD ports.³⁰

Each of the above examples of other exchanges’ port fees support the proposition that the Exchange’s proposed Port fees are comparable to those of other exchanges and therefore reasonable.

The Proposed Fees Are Equitably Allocated

Overall. The Exchange believes that its proposed fees are reasonable, equitable, and not unfairly discriminatory because they are designed to align fees with services provided. The Exchange believes that the proposed port fees are allocated fairly and equitably among all Equity Members as the proposed price is the same for each type of port that may be utilized.

The Exchange believes that the proposed fees are equitably allocated because they will apply uniformly to all Equity Members that choose to utilize FIX, MEO and/or FXD ports. Any market participant that chooses to utilize a FIX, MEO and/or FXD port will be subject to the same fee for each port, regardless of what type of business they operate, and the decision to utilize one or more types of ports is based on objective differences in port usage among different Equity Members, which are still ultimately in the control of any particular Equity Member.

As noted above, the proposed port fee pricing is comparable to, or lower than, the port fees charged by other exchanges for their ports that provide similar

functionality.³¹ The Exchange also notes that its proposal to eliminate the tiered pricing structure for FIX and MEO ports to begin charging a single flat fee per port for all ports is also equitably allocated because each Equity Member will be subject to the same flat fee for each port they choose to utilize.

For all of the foregoing reasons, the Exchange believes that the proposed fees for the market data feeds are equitably allocated.

The Proposed Port Fees Are Not Unfairly Discriminatory

The Exchange believes the proposed fees are not unfairly discriminatory because there is no difference in the application of any of the proposed port fees among Equity Members. The Exchange believes that the proposed fees are not unfairly discriminatory because they would apply to all Equity Members that choose to utilize FIX, MEO and/or FXD ports. Any Equity Member that chooses to utilize the Exchange’s ports will be subject to the same pricing, regardless of what type of business they operate. The Exchange also notes that its proposal to eliminate the tiered pricing structure for FIX and MEO ports to begin charging a single flat fee per port for all ports is not unfairly discriminatory because each Equity Member will be subject to the same flat fee for each port they choose to utilize.

For all of the foregoing reasons, the Exchange believes that the proposed fees for the Exchange’s market data feeds are not unfairly discriminatory.

The Exchange believes its proposal to remove all references to the Waiver Period promotes just and equitable principles of trade and remove impediments to and perfect the mechanism of a free and open market and a national market system because the proposed changes will provide greater clarity to Equity Members and the public regarding the Exchange’s Fee Schedule by remove references to fee waivers that will no longer apply upon the effectiveness of this rule filing. With this proposed rule change, the Exchange will no longer provide any products or services that would be subject to a fee waiver period. Removing such references from the Fee Schedule will remove impediments to a free and open market and national market system because they will attempt to avoid potential investor confusion and ensure the Fee Schedule includes only terms

that are applicable to its products and services.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,³² the Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Intra-Market Competition

The Exchange does not believe that the proposed port fees place certain market participants at a relative disadvantage to other market participants because, as noted above, the proposed fees are the same for each type of port and the proposed amounts are comparable to, or lower than, the port fees charged by other exchanges with comparable market share for their ports with similar functionality. Accordingly, the proposed fees do not favor certain categories of market participants in a manner that would impose a burden on competition. The Exchange believes that the proposed fees neither favor nor penalize one or more categories of market participants in a manner that would impose an undue burden on competition.

The Exchange believes its proposal to remove all references to the Waiver Period will have no impact on competition as those changes are not designed to address any competitive issue but rather are designed to provide added clarity to the Fee Schedule since the Exchange will no longer offer any non-transaction fees for free. The proposed changes would apply uniformly to all market participants and do not favor certain categories of market participants in a manner that would impose an undue burden on competition.

Inter-Market Competition

The Exchange does not believe the proposed fees place an undue burden on competition on other exchanges that is not necessary or appropriate. In particular, market participants are not forced to utilize a particular type of port and other exchanges, with comparable market share, offer ports with similar functionality for comparable pricing. An exchange that overprices its ports stands a high risk that users may utilize another market’s ports and trade on that other exchange. These competitive pressures ensure that no one exchange’s port fees can impose an unnecessary burden on competition and the

³⁰ See EDGA Equities Fee Schedule, Logical Port Fees section, available at EDGA Equities Fee Schedule (last visited April 9, 2025) at page 91.

³¹ See BYX Equities Fee Schedule, Logical Port Fees section, available at BYX Equities Fee Schedule (last visited April 9, 2025) and EDGA Equities Fee Schedule, Logical Port Fees section, available at EDGA Equities Fee Schedule (last visited April 9, 2025).

³² 15 U.S.C. 78f(b)(8).

Exchange's proposed fees do not do so here.

In addition, the Exchange does not believe the proposal to remove all references to the Waiver Period will impose any burden on inter-market competition as the proposal does not address any competitive issues and is intended to provide clarity to the Fee Schedule. The Exchange does not believe that the proposal will harm another exchange's ability to compete. Accordingly, the Exchange does not believe the proposal imposes any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,³³ and Rule 19b-4(f)(2)³⁴ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-PEARL-2025-19 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange

Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-PEARL-2025-19. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-PEARL-2025-19 and should be submitted on or before June 10, 2025.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³⁵

Sherry R. Haywood,

Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103046; File No. SR-CBOE-2025-017]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Designation of a Longer Period for Commission Action on a Proposed Rule Change, as Modified by Amendment No. 4, To Amend Rules 4.3, 4.20, and 8.30, To Allow the Exchange To List and Trade Options on the VanEck Bitcoin Trust

May 14, 2025.

On March 14, 2025, Cboe Exchange, Inc. ("Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend Exchange Rules 4.3, 4.20, and 8.30 to list and trade options on the VanEck Bitcoin Trust. On March 26, 2025, the Exchange filed Amendment No. 1 to the proposed rule change. On March 27, 2025, the Exchange withdrew Amendment No. 1, filed and withdrew Amendment No. 2, and filed Amendment No. 3 to the proposal, which superseded and replaced the original proposal in its entirety. The proposed rule change, as modified by Amendment No. 3, was published for comment in the **Federal Register** on April 3, 2025.³ On May 1, 2025, the Exchange filed Amendment No. 4 to the proposed rule change, which supersedes the initial proposed rule change and Amendment Nos. 1 through 3 and replaces them in their entirety.⁴ The Commission has not received any comments regarding the proposal.

Section 19(b)(2) of the Act⁵ provides that within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day after publication of the notice for this proposed rule change is May 18, 2025.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ See Securities Exchange Act Release No. 102742 (Mar. 28, 2025), 90 FR 14670.

⁴ Amendment No. 4 to the proposal is available at <https://www.sec.gov/comments/sr-cboe-2025-017/srcboe2025017-600895-1751482.pdf>.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103040; File No. SR-CBOE-2025-033]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Implement an Excessive Mass Cancel and Purge Fee for SPXW

May 14, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 1,

2025, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to implement an Excessive Mass Cancel and Purge Fee for SPXW. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fee Schedule to adopt an Excessive Mass Cancel and Purge Fee for SPXW (the “Fee”). The proposed Fee will be charged to market participants registered as Market Makers on Cboe based on a Market Maker’s mass cancel³ and purge⁴ activity, relative to the Market Maker’s volume added, in SPXW during Regular Trading Hours (9:30 a.m. EST–4:15 p.m. EST).⁵ The Market Maker’s volumes in both its mass cancel and purge activity as well as its volume added will be combined with any of its Affiliates.⁶ The Fee will be calculated on a daily basis and will be assessed to Market Maker’s at the end of the month. The Fee is calculated as follows: (i) all quotes and orders for SPXW cancelled via mass cancels or purges sent to the Exchange by the Market Maker and its Affiliate are added together (the “Total Mass Cancels and Purges”) to determine the Daily Charge based on the below Table 1 and (ii) the Daily Charge is then multiplied by the Daily Multiplier that is found by dividing the Total Mass Cancel and Purge Count by the daily simple electronic non-auction volume added in SPXW which excludes AIM orders and responses to complex quote requests by the Market Maker and its Affiliate (“SPXW MM Add Volume”) and is based on the below Table 2.

TABLE 1

Tier	Total mass cancels and purges	Daily charge
Tier 1	$\geq 75,000,000 \leq 149,999,999$	\$3,000
Tier 2	$\geq 150,000,000 \leq 349,999,999$	10,000
Tier 3	$\geq 350,000,000 \leq 999,999,999$	30,000
Tier 4	$\geq 1,000,000,000$	50,000

TABLE 2

Tier	Total mass cancels and purges to SPXW MM simple add volume ratio	Daily multiplier
Tier 1	$0 \leq 100$	0.00
Tier 2	$> 100 \leq 500$	0.30
Tier 3	$> 500 \leq 3,000$	1.00

⁶ *Id.*

⁷ 17 CFR 200.30–3(a)(31).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

³ The Mass Cancel feature decreases workflow and saves time when multiple orders need to be canceled. With Mass Cancel, all orders on a specific session that are associated to a specific underlying

symbol can be canceled using a single BOE or FIX message. See Cboe US Options Exchange Risk Management Tools.

⁴ Purge messages provide TPHs the ability to submit a cancellation for all open orders, or a subset thereof, across multiple sessions under the same Firm ID and/or more granular levels of EFID(s), Underlyer(s), or CustomGroupID(s). Purge requests are initiated by sending a single message over an

individual (FIX or BOE) Purge Port, per Exchange. See https://cdn.cboe.com/resources/features/Cboe_USO_PurgePortsFAQs.pdf.

⁵ See Rule 5.1(b).

⁶ Affiliate is defined as having at least 75% common ownership with the Market Maker as reflected in each entity’s Form BD, Schedule A. The Exchange proposes to add this definition to its Fee Schedule.

TABLE 2—Continued

Tier	Total mass cancels and purges to SPXW MM simple add volume ratio	Daily multiplier
Tier 4	> 3,000	1.50

For example, a Market Maker has 150,000,000 Total Mass Cancels and Purges on a particular day when the Market Maker also added 30,000 SPXW contracts through the simple electronic order book. The Market Maker's Daily Charge is \$10,000, as their Total Mass Cancel and Purge Volume is between 150,000,000 and 349,000,000. The Total Mass Cancel and Purge Volume (150,000,000) divided by the volume added (30,000) is 5,000, which is greater than 3,000 and makes the Daily Charge Multiplier 1.50. Their \$10,000 Daily Charge multiplied by their 1.50 Daily Charge Multiplier, makes the Market Maker's Fee \$15,000 for the day.

The Exchange notes that market participants with incrementally higher mass cancel and purge volumes have the potential residual effect of exhausting System resources, bandwidth, and capacity. Higher mass cancel and purge volumes may therefore, in turn, create latency and impact other market participants' ability to receive timely executions. In fact, the Exchange has recently seen an unprecedented increase in mass cancel and purge volumes in SPXW specifically. As a result, the Exchange has noticed increased strain on its System, particularly, as it relates to activity in SPXW. With this in mind, the Exchange has proposed this fee specifically for activity in SPXW in order to encourage more efficient behavior among its Market Makers as it relates to their mass cancel and purge activity.

The proposed fee structure has multiple thresholds, and the proposed fees are incrementally greater at higher mass cancel and purge rates because the potential impact on Exchange Systems, bandwidth and capacity becomes greater with increased mass cancel and purge rates. The proposal contemplates that a Market Maker would have to both (i) exceed the high Total Mass Cancel and Purge Count of 75,000,000 and (ii) have a Total Mass Cancel and Purge Count to Add Volume Ratio of over 100 before that market participant would be charged a fee under the proposed respective tiers. The Exchange believes that it is in the interests of all market participants who access the Exchange to not allow other market participants to exhaust System resources, but to encourage efficient usage of network

and System capacity. The Exchange also believes this proposal (and in particular the proposed fee amounts associated with higher mass cancel and purge counts without adequate added volume) will reduce the incentive for market participants to engage in excessive mass cancellation and purge activity that will encourage such activity to be submitted in good faith for legitimate purposes.

The Exchange also represents that the proposed fees are not intended to raise revenue; rather, as noted above, it is intended to encourage efficient behavior so that market participants do not exhaust System resources. This is demonstrated by the Exchange (i) targeting the offending behavior and (ii) limiting this to only be for SPXW (where the Exchange is noticing inefficient use of the System). Moreover, the Exchange intends to provide Market Makers with daily reports, free of charge, which will detail their activity in order for those firms to be fully aware of all mass cancel and purge activity they (and their Affiliates) are sending to the Exchange. This will allow Market Makers to monitor their behavior and determine whether it needs to change its behavior moving forward to avoid triggering the proposed fees.

The Exchange lastly notes that other exchanges have adopted various fee programs that assess incrementally higher fees to members in order to encourage efficient messaging and behavior on the exchange.⁷

⁷ See, e.g., Securities Exchange Act Release No. 60102 (June 11, 2009), 74 FR 29251 (June 19, 2009) (SR-NYSEArca-2009-50) (adopting fees applicable to Members based on the number of orders entered compared to the number of executions received in a calendar month). It appears that Nasdaq assesses a penalty charge to its members that exceed certain "weighted order-to-trade ratios". See *Price List—Trading Connectivity*, NASDAQ, available at <https://www.nasdaqtrader.com/trader.aspx?id=pricelisttrading2>. See also Securities Exchange Act Release No. 91406 (March 25, 2021), 86 FR 16795 (March 31, 2023) (SR-EMERALD-2021-10) (adopting an "Excessive Quoting Fee" to ensure that Market Makers do not over utilize the exchange's System by sending messages to the MIA Emerald, to the detriment of all other Members of the exchange). See also Securities Exchange Act Release No. 97262 (March 29, 2023), 88 FR 22509 (April 13, 2023) (SR-ChoeEDGX-2023-023) (adopting fees applicable to Market Makers based on the number of orders (including modification messages) entered compared to the number of orders traded in a calendar month).

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁸ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes the proposed rule change is consistent with Section 6(b)(4)¹¹ of the Act, which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its TPHs and other persons using its facilities.

The Exchange believes the proposed fees are reasonable as Market Makers that do not both (i) exceed the high Total Mass Cancel and Purge Count of 75,000,000 and (ii) have a Total Mass Cancel and Purge Count to Add Volume Ratio of over 100 will not be charged any fee under the proposed tiers. The Exchange notes that in establishing the proposed thresholds, it evaluated average mass cancel and purge rates over several months during the recent volatile trading periods and the thresholds were designed to protect the Exchange's Matching Engines from being adversely impacted from sustained and excessive mass cancels and purges through the course of a given

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

¹⁰ *Id.*

¹¹ 15 U.S.C. 78f(b)(4).

day as well as throughout the course of the month. The Exchange believes it's reasonable, equitable and not unfairly discriminatory to assess higher fees when a Market Maker has higher mass cancel and purge rates relative to their volume added because the potential impact on Exchange Systems, bandwidth and capacity becomes greater with increased mass cancel and purge rates. The Exchange believes the proposed fee amounts are reasonable as the Exchange believes them to be commensurate with the proposed thresholds. Particularly, the proposed fee amounts that correspond to higher mass cancel and purge rates are designed to incentivize Market Makers to reduce excessive mass cancel and purge activity that the Exchange believes can be detrimental to all market participants at the levels outlined and encourage such activity to be made in good faith and for legitimate purposes. As noted above, the Exchange believes that it is in the interests of all Market Makers and market participants who access the Exchange to not allow Market Makers to exhaust System resources, but to encourage efficient usage of network and System capacity. The Exchange therefore also believes that the proposed fees appropriately reflect the benefits to different firms of being able to send mass cancels and purges into the Exchange's System and also believes the proposed Fee is one method of facilitating the Commission's goal of ensuring that critical market infrastructure has "levels of capacity, integrity, resiliency, availability, and security adequate to maintain their operational capability and promote the maintenance of fair and orderly markets."¹²

The Exchange believes adopting the proposed Fee is reasonable as unfettered usage of System capacity and network resource consumption can have a detrimental effect on all market participants who access and use the Exchange. As discussed above, high mass cancel and purge rates may adversely impact System resources, bandwidth, and capacity which may, in turn, create latency and impact other market participants' ability to receive timely executions. The Exchange believes the proposed Fee is therefore reasonable as they are designed to focus on activity that is truly disproportionate while fairly allocating fees to disincentivize the adverse behavior.

Further, the Exchange believes that the proposed Fee is equitable and not unfairly discriminatory because it will be assessed uniformly to similarly situated users in that all Market Makers that exceed the thresholds in connection with the Fee will be assessed the proposed rates. Regarding mass cancel messages and purge messages, no market participant is assessed any fees unless it exceeds the proposed thresholds. As noted above, the Exchange believes the proposed thresholds are appropriately high rates and have been set out given the volatile market conditions recently observed. The Exchange also believes it's equitable and not unfairly discriminatory to only assess the proposed fees to Market Makers because only Market Makers have these high levels of mass cancel and purge activity. The Exchange also believes it's equitable and not unfairly discriminatory to aggregate a Market Maker's order flow with its Affiliate even if such affiliated TPH is not a Market Maker in order to prevent Market Makers from shifting their order flow and trading activity to their non-Market Maker Affiliate in order to circumvent the proposed fees.

The Exchange believes it's equitable and not unfairly discriminatory to assess incrementally higher fees to Members that have higher mass cancel and purge rates because the potential impact on Exchange Systems, bandwidth and capacity becomes greater with increased mass cancels and purge messages. As noted above, the steep increase in this behavior that has been observed in recent months has taken up extra resources on the Exchange's System.

The Exchange lastly believes that its proposal is reasonable, equitably allocated and not unfairly discriminatory because it is not intended to raise revenue for the Exchange; rather, it is intended to encourage efficient behavior so that Members do not exhaust System resources. Specifically, the Exchange is limiting this to the offending behavior (mass cancels and purges) and to the specific asset class effected. Moreover, as noted above, competing options exchanges similarly assess fees to deter Members from over utilizing the exchange's System by introducing fees that deter inefficient behavior from its market participants.¹³

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Similarly, the Exchange does not believe that the proposed rule change to adopt the Fee will impose any burden on intramarket competition that is not necessary in furtherance of the purposes of the Act because such fees will apply equally to all similarly situated Market Makers. Particularly, the proposed Fee applies uniformly to all Market Makers, in that any Market Maker who exceeds the thresholds will be subject to a fee under the proposed corresponding tiers. The Exchange believes that the proposed change neither favors nor penalizes one or more categories of market participants in a manner that would impose an undue burden on competition. Rather, the proposal seeks to benefit all market participants by encouraging the efficient utilization of the Exchange's network while taking into account the important liquidity provided by its Market Makers by considering the volume added ratio when determining the multiplier.¹⁴ As discussed above potential impact on Exchange Systems, bandwidth and capacity becomes greater with increased mass cancel and purge rates. Accordingly, the Exchange believes that the proposed Fee does not favor certain categories of market participants in a manner that would impose a burden on competition.

Next, the Exchange believes the proposed rule change does not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. As previously discussed, the Exchange operates in a highly competitive market, including competition for exchange memberships. Market Participants have numerous alternative venues that they may participate on, including 17 other options exchanges (including 3 other non-Cboe options exchanges), as well as off-exchange venues, where competitive products are available for trading. Indeed, participants can readily choose to submit their order flow to other exchange and off-exchange venues if they deem fee levels at those other venues to be more favorable. Moreover, the Commission has repeatedly expressed its preference for competition

¹² See Securities Exchange Act Release No. 73639 (November 19, 2014), 79 FR 72251 (December 5, 2014) (File No. S7-01-13) (Regulation SCI Adopting Release).

¹³ See *supra* note 10.

¹⁴ In the event a Market Maker's Added Volume Ratio is under 101, a Market Maker will not be assessed the fee despite having a Total Mass Cancel and Purge Count that is 75,000,000 or more in a given day.

over regulatory intervention in determining prices, products, and services in the securities markets. Specifically, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”¹⁵ The fact that this market is competitive has also long been recognized by the courts. In *NetCoalition v. Securities and Exchange Commission*, the D.C. Circuit stated as follows: “[n]o one disputes that competition for order flow is ‘fierce.’ . . . As the SEC explained, ‘[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that act as their order-routing agents, have a wide range of choices of where to route orders for execution’; [and] ‘no exchange can afford to take its market share percentages for granted’ because ‘no exchange possesses a monopoly, regulatory or otherwise, in the execution of order flow from broker dealers’”¹⁶ Accordingly, the Exchange does not believe its proposed change imposes any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and paragraph (f) of Rule 19b-4¹⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings

to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-CBOE-2025-033 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-CBOE-2025-033. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission’s Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-CBOE-2025-033 and should be submitted on or before June 10, 2025.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁹

Sherry R. Haywood,

Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103045; File No. SR-CboeBZX-2025-045]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Designation of a Longer Period for Commission Action on a Proposed Rule Change, as Modified by Amendment No. 1, To List and Trade Shares of the Osprey Bitcoin Trust Under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares

May 14, 2025.

On March 14, 2025, Cboe BZX Exchange, Inc. (“BZX”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b-4 thereunder,³ a proposed rule change to list and trade shares of the Osprey Bitcoin Trust under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares. On March 25, 2025, the Exchange filed Amendment No. 1 to the proposed rule change, which replaced and superseded the original filing in its entirety. The proposed rule change, as modified by Amendment No. 1, was published for comment in the **Federal Register** on April 2, 2025.⁴

Section 19(b)(2) of the Act⁵ provides that within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day after publication of the notice for this proposed rule change is May 17, 2025.

¹⁵ See Securities Exchange Act Release No. 51808 (June 9, 2005), 70 FR 37496, 37499 (June 29, 2005).

¹⁶ *NetCoalition v. SEC*, 615 F.3d 525, 539 (D.C. Cir. 2010) (quoting Securities Exchange Act Release No. 59039 (December 2, 2008), 73 FR 74770, 74782-83 (December 9, 2008) (SR-NYSEArca-2006-21)).

¹⁷ 15 U.S.C. 78s(b)(3)(A).

³ 17 CFR 240.19b-4.

⁴ See Securities Exchange Act Release No. 102736 (Mar. 27, 2025), 90 FR 14493. The Commission has received no comments on the proposed rule change.

⁵ 15 U.S.C. 78s(b)(2).

The Commission is extending this 45-day time period.

The Commission finds it appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change, as modified by Amendment No. 1, and the issues raised therein. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁶ designates July 1, 2025, as the date by which the Commission shall either approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change, as modified by Amendment No. 1 (File No. SR–CboeBZX–2025–045).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁷

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–103042; File No. 4–631]

Joint Industry Plan; Notice of Filing and Immediate Effectiveness of the Twenty-Fourth Amendment to the National Market System Plan To Address Extraordinary Market Volatility by Cboe BZX Exchange, Inc., Cboe BYX Exchange, Inc., Cboe EDGA Exchange, Inc., Cboe EDGX Exchange, Inc., Financial Industry Regulatory Authority, Inc., Investors Exchange LLC, Long-Term Stock Exchange, MEMX LLC, MIAx PEARL, LLC, NASDAQ BX, Inc., NASDAQ PHLX LLC, The Nasdaq Stock Market LLC, New York Stock Exchange LLC, NYSE American LLC, NYSE Arca, Inc., NYSE Chicago, Inc., and NYSE National, Inc.

May 14, 2025.

I. Introduction

On May 12, 2025, NYSE Group, Inc., on behalf of the following parties to the National Market System Plan to Address Extraordinary Market Volatility (“Plan” or “LULD Plan”):¹ Cboe BZX Exchange,

Inc., Cboe BYX Exchange, Inc., Cboe EDGA Exchange, Inc., Cboe EDGX Exchange, Inc., Financial Industry Regulatory Authority, Inc., Investors Exchange LLC, Long Term Stock Exchange, MEMX LLC, MIAx PEARL, LLC, NASDAQ BX, Inc., NASDAQ PHLX LLC, The Nasdaq Stock Market LLC, New York Stock Exchange LLC, NYSE American LLC, NYSE Arca, Inc., NYSE Chicago, Inc., and NYSE

Commission noticed for immediate effectiveness the Fourth Amendment to the Plan. *See Securities Exchange Act Release No. 70273, 78 FR 54321 (Sept. 3, 2013).* On September 26, 2013, the Commission approved the Fifth Amendment to the Plan. *See Securities Exchange Act Release No. 70530, 78 FR 60937 (Oct. 2, 2013).* On January 7, 2014, the Commission noticed for immediate effectiveness the Sixth Amendment to the Plan. *See Securities Exchange Act Release No. 71247, 79 FR 2204 (Jan. 13, 2014).* On April 3, 2014, the Commission approved the Seventh Amendment to the Plan. *See Securities Exchange Act Release No. 71851, 79 FR 19687 (Apr. 9, 2014).* On February 19, 2015, the Commission approved the Eight Amendment to the Plan. *See Securities Exchange Act Release No. 74323, 80 FR 10169 (Feb. 25, 2015).* On October 22, 2015, the Commission approved the Ninth Amendment to the Plan. *See Securities Exchange Act Release No. 76244, 80 FR 66099 (Oct. 28, 2015).* On April 21, 2016, the Commission approved the Tenth Amendment to the Plan. *See Securities Exchange Act Release No. 77679, 81 FR 24908 (Apr. 27, 2016).* On August 26, 2016, the Commission noticed for immediate effectiveness the Eleventh Amendment to the Plan. *See Securities Exchange Act Release No. 78703, 81 FR 60397 (Sept. 1, 2016).* On January 19, 2017, the Commission approved the Twelfth Amendment to the Plan. *See Securities Exchange Act Release No. 79845, 82 FR 8551 (Jan. 26, 2017).* On April 13, 2017, the Commission approved the Thirteenth Amendment to the Plan. *See Securities Exchange Act Release No. 80455, 82 FR 18519 (Apr. 19, 2017).* On April 28, 2017, the Commission noticed for immediate effectiveness the Fourteenth Amendment to the Plan. *See Securities Exchange Act Release No. 80549, 82 FR 20928 (May 4, 2017).* On September 26, 2017, the Commission noticed for immediate effectiveness the Fifteenth Amendment to Plan. *See Securities Exchange Act Release No. 81720, 82 FR 45922 (Oct. 2, 2017).* On March 15, 2018, the Commission noticed for immediate effectiveness the Sixteenth Amendment to the Plan. *See Securities Exchange Act Release No. 82887, 83 FR 12414 (Mar. 21, 2018).* On April 12, 2018, the Commission approved the Seventeenth Amendment to the Plan. *See Securities Exchange Act Release No. 83044, 83 FR 17205 (Apr. 18, 2018).* On April 11, 2019, the Commission approved the Eighteenth Amendment to the Plan. *See Securities Exchange Act Release No. 85623, 84 FR 16086 (Apr. 17, 2019).* On February 5, 2020, the Commission noticed for immediate effectiveness the Nineteenth Amendment to the Plan. *See Securities Exchange Act Release No. 88122, 85 FR 7805 (Feb. 11, 2020).* On April 21, 2020, the Commission approved the Twentieth Amendment to the Plan. *See Securities Exchange Act Release No. 88704, 85 FR 23383 (Apr. 27, 2020).* On July 29, 2020, the Commission noticed for immediate effectiveness the Twenty-First Amendment to the Plan. *See Securities Exchange Act Release No. 89420, 85 FR 46762 (Aug. 3, 2020).* On October 1, 2020, the Commission noticed for immediate effectiveness the Twenty-Second Amendment to the Plan. *See Securities Exchange Act Release No. 90068, 85 FR 63322 (Oct. 7, 2020).* On September 16, 2024, the Commission disapproved the Twenty-Third Amendment to the Plan. *See Securities Exchange Act Release No. 101036, 89 FR 77203 (Sept. 20, 2024).*

National, Inc., (collectively, “Participants”) filed with the Securities and Exchange Commission (“Commission”) pursuant to Section 11A(a)(3) of the Securities Exchange Act of 1934 (“Exchange Act”)² and Rule 608 thereunder,³ a proposal to amend the Plan (“Twenty-Fourth Amendment”).⁴

The Twenty-Fourth Amendment proposes a non-substantive amendment to the Plan to reflect the name change of NYSE Chicago, Inc. to NYSE Texas, Inc.⁵ A copy of the Plan, as proposed to be amended is attached as Exhibit A hereto. The Participants are filing the Twenty-Fourth Amendment for immediate effectiveness pursuant to Rule 608(b)(3)(iii) of Regulation NMS under the Exchange Act.⁶

II. Description of the Plan

Set forth in this Section II is the statement of the purpose and summary of the Twenty-Fourth Amendment, along with the information required by Rule 608(a)(4) and (5) under the Exchange Act,⁷ prepared and submitted by the Participants to the Commission.⁸

A. Statement of Purpose and Summary of the Plan Amendment

The Participants submit this amendment to propose a non-substantive amendment to the LULD Plan to reflect the name change of NYSE Chicago, Inc. to NYSE Texas, Inc.

B. Governing or Constituent Documents

Not applicable.

C. Implementation of Plan

Because the amendment involves solely ministerial matters, the Participants are filing this proposal for immediate effectiveness pursuant to Rule 608(b)(3)(iii) of Regulation NMS under the Exchange Act.

D. Development and Implementation Phases

Not applicable.

E. Analysis of Impact on Competition

The amendment does not impose any burden on competition because it simply effectuates a change to the name of one of the Participants. For the same reason, the Participants do not believe

⁶ 15 U.S.C. 78s(b)(2).

⁷ 17 CFR 200.30–3(a)(31).

¹ On May 31, 2012, the Commission approved the Plan, as modified by Amendment No. 1. *See Securities Exchange Act Release No. 67091, 77 FR 33498 (June 6, 2012).* On February 20, 2013, the Commission noticed for immediate effectiveness the Second Amendment to the Plan. *See Securities Exchange Act Release No. 68953, 78 FR 13113 (Feb. 26, 2013).* On April 3, 2013, the Commission approved the Third Amendment to the Plan. *See Securities Exchange Act Release No. 69287, 78 FR 21483 (Apr. 10, 2013).* On August 27, 2013, the

that the amendment introduces terms that are unreasonably discriminatory for purposes of Section 11A(c)(1)(D) of the Exchange Act.

F. Written Understanding or Agreements relating to Interpretation of, or Participation in, Plan

Not applicable.

G. Approval of Amendment of the Plan

Each of the Plan's Participants has executed a written amended Plan.

H. Description of Operation of Facility Contemplated by the Proposed Amendment

Not applicable.

I. Terms and Conditions of Access

Section II(C) of the Plan provides that any entity registered as a national securities exchange or national securities association under the Exchange Act may become a Participant by: (1) becoming a participant in the applicable Market Data Plans, as defined in Section I(F) of the Plan; (2) executing a copy of the Plan, as then in effect; (3) providing each then-current Participant with a copy of such executed Plan; and (4) effecting an amendment to the Plan as specified in Section III(B) of the Plan.

J. Method of Determination and Imposition, and Amount of, Fees and Charges

Not applicable.

K. Method and Frequency of Processor Evaluation

Not applicable.

L. Dispute Resolution

Section III(C) of the Plan provides that each Participant shall designate an individual to represent the Participant as a member of an Operating Committee. No later than the initial date of the Plan, the Operating Committee shall designate one member of the Operating Committee to act as the Chair of the Operating Committee. Any recommendation for an amendment to the Plan from the Operating Committee that receives an affirmative vote of at least two-thirds of the Participants, but is less than unanimous, shall be submitted to the Commission as a request for an amendment to the Plan initiated by the Commission under Rule 608.

III. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the amendment is consistent with the Exchange Act and the rules thereunder. Comments may be

submitted by any of the following methods:

Electronic Comments

• Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or send an email to rule-comments@sec.gov. Please include File Number 4–631 on the subject line.

Paper Comments

• Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549–1090. All submissions should refer to File Number 4–631. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed plan amendment that are filed with the Commission, and all written communications relating to the amendment between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the Participants' offices.

All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number 4–631 and should be submitted on or before June 10, 2025.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁹

SECURITIES AND EXCHANGE COMMISSION

[Investment Company Act Release No. 35589; File No. 813-00417]

PGIM, Inc. and PGIM U.S. Employee Co-Invest, L.P.

May 15, 2025.

AGENCY: Securities and Exchange Commission ("Commission" or "SEC").

ACTION: Notice.

Notice of an application for an order under sections 6(b) and 6(e) of the Investment Company Act of 1940 (the "Act") granting an exemption from all provisions of the Act, except sections 9, 17, 30, 36 through 53, and the rules and regulations under the Act (the "Rules and Regulations"). With respect to sections 17(a), (d), (e), (f), (g), and (j) of the Act, sections 30(a), (b), (e), and (h) of the Act and the Rules and Regulations and rule 38a-1 under the Act, applicants request a limited exemption as set forth in the application.

SUMMARY OF APPLICATION: Applicants request an order to exempt certain limited partnerships, limited liability companies, business trusts or other entities ("Funds") formed for the benefit

of eligible employees of PGIM, Inc. and its affiliates from certain provisions of the Act. Each Fund, and each series thereof with segregated assets and liabilities, will be an "employees' securities company" with the meaning of section 2(a)(13) of the Act.

APPLICANTS: PGIM, Inc. and PGIM U.S. Employee Co-Invest, L.P.

FILING DATES: The application was filed on February 27, 2024 and amended on March 21, 2025.

HEARING OR NOTIFICATION OF HEARING: An order granting the requested relief will be issued unless the Commission orders a hearing. Interested persons may request a hearing on any application by emailing the SEC's Secretary at *Secretaries-Office@sec.gov* and serving the Applicants with a copy of the request by email, if an email address is listed for the relevant Applicant below, or personally or by mail, if a physical address is listed for the relevant Applicant below.

Hearing requests should be received by the Commission by 5:30 p.m. on June 9, 2025, and should be accompanied by proof of service on applicants, in the form of an affidavit or, for lawyers, a certificate of service. Pursuant to rule 0-5 under the Act, hearing requests should state the nature of the writer's interest, any facts bearing upon the desirability of a hearing on the matter, the reason for the request, and the issues contested. Persons who wish to be notified of a hearing may request notification by emailing the Commission's Secretary at *Secretaries-Office@sec.gov*.

ADDRESSES: The Commission: *Secretaries-Office@sec.gov*. Applicants: Ernest Ceberio, PGIM Real Estate, 655 Broad Street, Newark, NJ 07102; David A. Hearth, *davidhearth@paulhastings.com*.

FOR FURTHER INFORMATION CONTACT: Deepak Pai, Senior Counsel, Thomas Ahmadifar, Branch Chief, at (202) 551-6825 (Division of Investment Management, Chief Counsel's Office).

SUPPLEMENTARY INFORMATION: For Applicants' representations, legal analysis, and conditions, please refer to Applicants' first amended and restated application, dated March 21, 2025, which may be obtained via the Commission's website by searching for the file number at the top of this document, or for an Applicant using the Company name search field, on the SEC's EDGAR system. The SEC's EDGAR system may be searched at, <https://www.sec.gov/edgar/searchedgar/companysearch>. You may also call the SEC's Office of Investor Education and Advocacy at (202) 551-8090.

For the Commission, by the Division of Investment Management, under delegated authority.

Sherry R. Haywood,
Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103044; File No. SR-CboeBZX-2025-010]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change, as Modified by Amendment No. 2, To Amend the Rules Governing the Listing and Trading of Shares of the ARK 21Shares Bitcoin ETF and the 21Shares Core Ethereum ETF To Permit In-Kind Creations and Redemptions Under Rule 14.11(e)(4) (Commodity-Based Trust Shares)

May 14, 2025.

I. Introduction

On January 27, 2025, Cboe BZX Exchange, Inc. ("BZX" or the "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend the rules governing the listing and trading of shares ("Shares") of the ARK 21Shares Bitcoin ETF ("Bitcoin Trust") and the 21Shares Core Ethereum ETF ("ETH Trust") and, together with the Bitcoin Trust, the "Trusts") under BZX Rule 14.11(e)(4). On February 5, 2025, the Exchange filed Amendment No. 1 to the proposed rule change, which replaced and superseded the original filing in its entirety. On February 7, 2025, the Exchange filed Amendment No. 2 to the proposed change, which replaced and superseded the proposed rule change, as modified by Amendment No. 1, in its entirety. The proposed rule change, as modified by Amendment No. 2, was published for comment in the **Federal Register** on February 14, 2025.³

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ See Securities Exchange Act Release No. 102381 (Feb. 10, 2025), 90 FR 9648 ("Notice"). Comments received on the proposed rule change are available at: <https://www.sec.gov/comments/sr-cboebzx-2025-010/srcboebzx2025010.htm>.

On March 11, 2025, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ This order institutes proceedings under Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change, as modified by Amendment No. 2.

II. Summary of the Proposal, as Modified by Amendment No. 2

As described in more detail in the Notice,⁷ the Exchange proposes to amend the rules governing the listing and trading of the Shares of the Trusts under BZX Rule 14.11(e)(4).⁸ Specifically, the Exchange proposes to amend certain representations regarding the Trusts' creation and redemption processes in order to permit in-kind creations and redemptions. According to the Exchange, except for these proposed amendments, all other representations relied upon by the Commission in approving the listing and trading of the Shares of the Trusts will remain unchanged and will continue to constitute continued listing requirements.

III. Proceedings To Determine Whether To Approve or Disapprove SR–CboeBZX–2025–010 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act⁹ to determine whether the proposed rule change, as modified by Amendment No. 2, should be approved or disapproved. Institution of proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change. Institution of proceedings does

not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,¹⁰ the Commission is providing notice of the grounds for disapproval under consideration. As described above, the Exchange proposes to allow for in-kind creation and redemption of the Trusts' bitcoin and ether. The Commission is instituting proceedings to allow for additional analysis of the proposed rule change's consistency with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.¹¹

IV. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposal is consistent with Section 6(b)(5) or any other provision of the Act, and the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b–4, any request for an opportunity to make an oral presentation.¹²

Interested persons are invited to submit written data, views, and arguments regarding whether the proposed rule change should be

approved or disapproved by June 10, 2025. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by June 24, 2025.

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR–CboeBZX–2025–010 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549–1090.

All submissions should refer to file number SR–CboeBZX–2025–010. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR–CboeBZX–2025–010 and should be submitted on or before June 10, 2025.

Rebuttal comments should be submitted by June 24, 2025.

⁴ 15 U.S.C. 78s(b)(2).

⁵ See Securities Exchange Act Release No. 102609, 90 FR 12409 (Mar. 17, 2025). The Commission designated May 15, 2025, as the date by which the Commission shall approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change.

⁶ 15 U.S.C. 78s(b)(2)(B).

⁷ See Notice, *supra* note 3.

⁸ BZX Rule 14.11(e)(4) governs the listing and trading of Commodity-Based Trust Shares. The Commission approved the Exchange's proposal to list and trade the Shares of the Bitcoin Trust on January 10, 2024. See Securities Exchange Act Release No. 99306 (Jan. 10, 2024), 89 FR 3008 (Jan. 17, 2024). Separately, the Commission approved the Exchange's proposal to list and trade the Shares of the ETH Trust on May 23, 2024. See Securities Exchange Act Release No. 100224 (May 23, 2024), 89 FR 46937 (May 30, 2024).

⁹ 15 U.S.C. 78s(b)(2)(B).

¹⁰ *Id.*

¹¹ 15 U.S.C. 78f(b)(5).

¹² Section 19(b)(2) of the Act, as amended by the Securities Acts Amendments of 1975, Public Law 94–29 (June 4, 1975), grants the Commission flexibility to determine what type of proceeding—either oral or notice and opportunity for written comments—is appropriate for consideration of a particular proposal by a self-regulatory organization. See Securities Acts Amendments of 1975, Senate Comm. on Banking, Housing & Urban Affairs, S. Rep. No. 75, 94th Cong., 1st Sess. 30 (1975).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³

Sherry R. Haywood,
Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103041; File No. SR-CBOE-2025-034]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fees Schedule With Respect to Market-Maker Orders Transacted on the Trading Floor

May 14, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 1, 2025, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend its Fees Schedule with respect to Market-Maker orders transacted on the trading floor (*i.e.*, manual) in Equity, ETF, and ETN Options, Sector Indexes and All Other Index Products and the Clearing Trading Permit Holder (“TPH”) fee cap. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule, effective May 1, 2025.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 18 options venues to which market participants may direct their order flow. Based on publicly available information, no single options exchange has more than 17% of the market share.³ Thus, in such a low-concentrated and highly competitive market, no single options exchange possesses significant pricing power in the execution of option order flow. The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can shift order flow or discontinue to reduce use of certain categories of products in response to fee changes. Accordingly, competitive forces constrain the Exchange’s transaction fees, and market participants can readily trade on competing venues if they deem pricing levels at those other venues to be more favorable. In response to competitive pricing, the Exchange, like other options exchanges, offers rebates and assesses fees for certain order types executed on or routed through the Exchange.

The Exchange first proposes to increase the fee for Market-Maker (capacity “M”) orders transacted on the trading floor (*i.e.*, manual) in Equity,

ETF, and ETN Options, Sector Indexes⁴ and All Other Index Products (yielding fee code “MB”), as set forth in the Rate Table for All Products Excluding Underlying Symbol List A.⁵ Currently, the Exchange assesses a fee of \$0.35 per contract for manual Market-Maker orders in Equity, ETF, and ETN Options, Sector Indexes and All Other Index Products which yield fee code MB; the Exchange proposes to increase the fee from \$0.35 per contract, to \$0.45 per contract. The proposed rule change is in-line with, albeit still lower than, similar fees that other options exchanges with trading floors currently assess manual market maker transactions.⁶

The Exchange also applies a transaction fee cap of \$65,000 per month per Clearing TPH⁷ (and/or their Non-TPH Affiliates)⁸ for non-facilitation transactions executed in AIM or open outcry, or as a QCC or FLEX transaction in all products except CBTX, MBTX, MRUT, NANOS, XSP, SPEQX, FLEX Micros, Sector Indexes and Underlying Symbol List A, as provided in footnote 34 of the Fees Schedule. The Exchange proposes to increase such fee cap to \$250,000 per month per Clearing TPH and to amend the “Clearing Trading Permit Holder Fee Cap” section of the Fees Schedule as well as footnote 22 accordingly. The proposed fee cap is in line with similar fee caps applied by other exchanges.⁹

⁴ Sector Index underlying symbols: IXB, SIXC, IXE, IXI, IXM, IXR, IXRE, IXT, IXU, IXV AND IXZ. Corresponding option symbols: SIXB, SIXC, SIXE, SIXI, SIXM, SIXR, SIXRE, SIXT, SIXU, SIXV AND SIXY. See Exchange Fees Schedule, Footnote 47.

⁵ Underlying Symbol List A: OEX, XEO, RUT, RLG, RLV, RUI, UKXM, SPX (includes SPXW), SPESG and VIX. See Exchange Fees Schedule, Footnote 34.

⁶ See *e.g.*, NYSE American Options Fee Schedule, Section I, paragraph A (Rates for Options transactions), which assesses a fee of \$0.50 per contract for manual NYSE American Options Market Maker transactions; see also BOX Options Fee Schedule, Section V(A), Manual Transaction Fees: Qualified Open Outcry Order (“QOO”) and FLEX Open Outcry Orders (“FOO”) Order Fees, which assesses a fee of \$0.50 per contract for manual Market Maker orders.

⁷ The Clearing TPH Fee Cap applies to all Clearing TPH proprietary orders (“F” capacity code). See Exchange Fees Schedule, Footnote 11.

⁸ See Exchange Fees Schedule, Footnote 11, which defines a “Non-TPH Affiliate” as a 100% wholly-owned affiliate or subsidiary of a Clearing TPH that is registered as a United States or foreign broker-dealer and that is not a Cboe Options TPH. Only proprietary orders of the Non-TPH Affiliate that clear through a Cboe Options-registered OCC clearing number(s) will be included in calculating the Fee Cap.

⁹ See *e.g.*, NYSE American Options Fee Schedule, Section I, paragraph I (Firm Monthly Fee Cap), which provides a fee cap of \$250,000 per month per firm for manual transactions (including QCC transactions). See also PHLX Options Pricing

Continued

¹³ 17 CFR 200.30-3(a)(57).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ See Cboe Global Markets U.S. Options Monthly Market Volume Summary (April 29, 2025), available at https://markets.cboe.com/us/options/market_statistics/.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹⁰ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹² requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,¹³ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its TPHs and other persons using its facilities.

The Exchange believes that its proposed change to increase the fee assessed for manual Market-Maker orders yielding fee code “MB” and to increase the Clearing TPH Fee Cap are consistent with Section 6(b)(4) of the Act in that the proposed rule changes are reasonable, equitable and not unfairly discriminatory. As noted above, the Exchange operates in highly competitive market. The Exchange is only one of several options venues to which market participants may direct their order flow, and it represents a small percentage of the overall market. The Exchange believes that the proposed fee is reasonable, equitable, and not unfairly discriminatory in that competing options exchanges offer similar fees in connection with Market-Maker transactions in open outcry and

firm fee caps, as the Exchange now proposes.

The Exchange believes that the proposed rule change to increase the fee assessed for Market-Maker manual orders in Equity, ETF, and ETN Options, Sector Indexes and All Other Index Products yielding fee code “MB” is reasonable in that it is reasonably designed to align the Exchange’s assessment of fees on such orders with the rates assessed by other options exchanges. The Exchange believes that the proposed rule change is equitable and not unfairly discriminatory because the proposed fee will apply automatically and uniformly to all Market-Maker orders transacted in open outcry (*i.e.*, manual) which yield fee code “MB”. Additionally, the proposed rule change is reasonable, equitable and not unfairly discriminatory because, as noted above, it is in-line with, albeit lower than, similar fees that other options exchanges with trading floors currently assess manual market maker transactions.¹⁴

The Exchange believes that the proposed increase in the Clearing Trading Permit Holder Fee Cap amount is reasonable because it is in-line with similar fee caps offered on other exchanges.¹⁵ The Exchange believes that the proposed fee cap is equitable and reasonable as it will continue to apply uniformly to all Clearing TPHs that submit qualifying volume to meet the cap.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes the proposed rule change does not impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes to increase the fee

assessed for manual Market-Maker orders yielding fee code “MB” and to increase the Clearing TPH Fee Cap apply uniformly to all market participants.

Next, the Exchange believes the proposed rule change does not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. As noted above, the fee change for manual Market-Maker orders yielding fee code “MB” is in-line with similar fees that other options exchanges with trading floors currently assess manual market maker transactions,¹⁶ and the proposed fee cap is in line with similar fee caps applied by other exchanges.¹⁷ As previously discussed, the Exchange operates in a highly competitive market. TPHs have numerous alternative venues they may participate on and direct their order flow, including 17 other options exchanges. Additionally, the Exchange represents a small percentage of the overall market. Based on publicly available information, no single options exchange has more than 15% of the market share. Therefore, no exchange possesses significant pricing power in the execution of order flow. Indeed, participants can readily choose to send their orders to other exchanges if they deem fee levels at those other venues to be more favorable. As noted above, the Exchange believes that the proposed fee changes are comparable to that of other exchanges offering similar functionality. Moreover, the Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Specifically, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to

Schedule, Section 4, “Monthly Firm Fee Cap and Facilitation,” which provides a monthly fee cap of \$250,000 for firm floor options transactions and QCC transactions fees.

¹⁵ See *e.g.*, NYSE American Options Fee Schedule, Section I, paragraph I (Firm Monthly Fee Cap), which provides a fee cap of \$250,000 per month per firm for manual transactions (including QCC transactions). See also PHLX Options Pricing Schedule, Section 4, “Monthly Firm Fee Cap and Facilitation,” which provides a monthly fee cap of \$250,000 for firm floor options transactions and QCC transactions fees.

¹⁶ See *e.g.*, NYSE American Options Fee Schedule, Section I, paragraph A (Rates for Options transactions), which assesses a fee of \$0.50 per contract for manual NYSE American Options Market Maker transactions; see also BOX Options Fee Schedule, Section V(A), Manual Transaction Fees: Qualified Open Outcry Order (“QOO”) and FLEX Open Outcry Orders (“FOO”) Order Fees, which assesses a fee of \$0.50 per contract for manual Market Maker orders.

¹⁷ See *e.g.*, NYSE American Options Fee Schedule, Section I, paragraph I (Firm Monthly Fee Cap), which provides a fee cap of \$250,000 per month per firm for manual transactions (including QCC transactions). See also PHLX Options Pricing Schedule, Section 4, “Monthly Firm Fee Cap and Facilitation,” which provides a monthly fee cap of \$250,000 for firm floor options transactions and QCC transactions fees.

investors and listed companies.” The fact that this market is competitive has also long been recognized by the courts. In *NetCoalition v. Securities and Exchange Commission*, the D.C. Circuit stated as follows: “[n]o one disputes that competition for order flow is ‘fierce.’ . . . As the SEC explained, ‘[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that act as their order-routing agents, have a wide range of choices of where to route orders for execution’; [and] ‘no exchange can afford to take its market share percentages for granted’ because ‘no exchange possesses a monopoly, regulatory or otherwise, in the execution of order flow from broker dealers’” Accordingly, the Exchange does not believe its proposed fee change imposes any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁸ and paragraph (f) of Rule 19b-4¹⁹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-CBOE-2025-034 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-CBOE-2025-034. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission’s Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-CBOE-2025-034 and should be submitted on or before June 10, 2025.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

Sherry R. Haywood,
Assistant Secretary.

DEPARTMENT OF STATE

[Public Notice: 12733]

60-Day Notice of Proposed Information Collection: Electronic Medical Examination for Visa or Immigration Benefit (eMedical)

ACTION: Notice of request for public comment.

SUMMARY: The Department of State is seeking Office of Management and Budget (OMB) approval for the information collection described below. In accordance with the Paperwork Reduction Act of 1995, we are requesting comments on this collection from all interested individuals and organizations. The purpose of this notice is to allow 60 days for public comment preceding submission of the collection to OMB.

DATES: The Department will accept comments from the public up to *July 21, 2025*.

ADDRESSES:

You may submit comments by any of the following methods:

Web: Persons with access to the internet may comment on this notice by going to www.Regulations.gov. You can search for the document by entering “Docket Number: DOS–2025–0008” in

the Search field. Then click the “Comment Now” button and complete the comment form.

- **Email:** PRA_BurdenComments@state.gov
- **Regular Mail:** Send written comments to: Senior Regulatory Coordinator, Visa Services, Department of State, 600 19th St. NW, Washington, DC 20006
- You must include the DS form number (if applicable), information collection title, and the OMB control number in any correspondence.

SUPPLEMENTARY INFORMATION:

- **Title of Information Collection:** Electronic Medical Examination for Visa or Immigration Benefit (eMedical).
- **OMB Control Number:** 1405–0230.
- **Type of Request:** Extension with change.
- **Originating Office:** Bureau of Consular Affairs, Visa Office.
- **Form Number(s):** DS–7794.
- **Respondents:** Panel Physicians.
- **Estimated Number of Respondents:** 800.
- **Estimated Number of Responses:** 550,000.
- **Average Time Per Response:** 1 hour.
- **Total Estimated Burden Time:** 550,000 hours.
- **Frequency:** Once per each medical examination performed for a U.S. visa or immigration benefit.
- **Obligation to Respond:** Mandatory.

We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper functions of the Department.
- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of Proposed Collection

The DS–7794 is completed by panel physicians to report the medical status of visa applicants; refugees; follow-to-join refugees and asylees; and certain parolees. The form records the medical information necessary to determine

whether an alien has a medical condition affecting his or her eligibility for a visa or immigration benefit. The information requested is limited to the result of any diagnostic tests required for the diagnosis of diseases identified as communicable diseases of public health significance, as well as other evaluations identified as necessary to confirm a medical ineligibility under INA § 212(a)(1), 8 U.S.C. 1182(a)(1) or to comply with other requirements. Collecting this information is essential to protecting public health in the United States.

Methodology

A panel physician, designated by the consular post, performs a medical examination of the applicant and completes the electronic form in the eMedical portal in accordance with instructions issued by the Centers for Disease Control (CDC). The information collected is retained by the Bureau of Consular Affairs and available to the CDC and DHS.

Stuart R. Wilson,

Deputy Assistant Secretary, Bureau of Consular Affairs, Department of State.

BILLING CODE 7040-01-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Transportation Project in Utah

AGENCY: Federal Highway Administration (FHWA), Department of Transportation.

ACTION: Notice of limitation on claims for judicial review.

SUMMARY: The FHWA, on behalf of the Utah Department of Transportation (UDOT), is issuing this notice to announce actions taken by UDOT and other Federal agencies that are final agency actions. These actions relate to the Finding of No Significant Impact (FONSI) which proposes a new single-point urban interchange on Interstate 15 (I-15) at Center Street, the extension of Center Street west over I-15 to 6400 South, and a new multi-use trail.

DATES: By this notice, the FHWA, on behalf of UDOT, is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal Agency actions on the listed highway project will be barred unless the claim is filed on or before October 17, 2025. If the

Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

ADDRESSES: The FONSI and additional project documents can be viewed and downloaded from the project website at: <https://udotinput.utah.gov/i15spanishforkstudy> or by contacting UDOT Environmental Services, 4501 South 2700 West, PO Box 148450, Salt Lake City, UT 84114-8450, during normal business hours are 8 a.m. to 5 p.m. (Eastern Standard Time), Monday through Friday, except State holidays.

FOR FURTHER INFORMATION CONTACT: Naomi Kisen, Senior Environmental Program Manager; 801-965-4005; nkisen@utah.gov.

SUPPLEMENTARY INFORMATION: Effective January 17, 2017, and as subsequently renewed on May 26, 2022, the FHWA assigned, and the UDOT assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Notice is hereby given that UDOT and other Federal agencies have taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, or approvals for the proposed improvement highway project. The actions by UDOT and other Federal agencies on the project, and the laws under which such actions were taken are described in the FONSI approved on March 24, 2025, and in other project records for the listed project. The FONSI and other documents for the listed project are available by contacting UDOT at the address provided above.

The project subject to this notice is: *Project Location:* The project limits include I-15; MP 255.50 to 256.50.

Project Actions: This notice applies to the FONSI and all other Federal agency licenses, permits, or approvals for the listed project as of the issuance date of this notice including but not limited to the Section 4(f) Resource Programmatic Approval and all laws under which such actions were taken, including but not limited to:

1. *General:* National Environmental Policy Act (NEPA) [42 U.S.C. 4321 *et seq.*]; Federal-Aid Highway Act (FAHA) [23 U.S.C. 109 and 23 U.S.C. 128]; 23 CFR part 771.

2. *Air:* Clean Air Act (CAA) [42 U.S.C. 7401-7671(q)], with the exception of project level conformity determinations [42 U.S.C. 7506].

3. *Noise:* Noise Control Act of 1972 [42 U.S.C. 4901-4918]; 23 CFR part 772.

4. *Land:* Section 4(f) of the Department of Transportation Act of 1966 [23 U.S.C. 138 and 49 U.S.C. 303]; 23 CFR part 774; Land and Water

Conservation Fund (LWCF) [54 U.S.C. 200302-200310].

5. *Wildlife:* Endangered Species Act (ESA) [16 U.S.C. 1531-1544 and 1536]; Fish and Wildlife Coordination Act [16 U.S.C. 661-667(d)]; Migratory Bird Treaty Act (MBTA) [16 U.S.C. 703-712].

6. *Historic and Cultural Resources:* Section 106 of the National Historic Preservation Act of 1966, as amended [54 U.S.C. 3006101 *et seq.*]; Archaeological Resources Protection Act of 1979 (ARPA) [16 U.S.C. 470(aa)-470(II)]; Preservation of Historical and Archaeological Data [54 U.S.C. 312501-312508]; Native American Grave Protection and Repatriation Act (NAGPRA) [25 U.S.C. 3001-3013; 18 U.S.C. 1170].

7. *Social and Economic:* Civil Rights Act of 1964 [42 U.S.C. 2000 d-2000d-1]; American Indian Religious Freedom Act [42 U.S.C. 1996]; Farmland Protection Policy Act (FPPA) [7 U.S.C. 4201-4209].

8. *Wetlands and Water Resources:* Clean Water Act (Section 319, Section 401, Section 404) [33 U.S.C. 1251-1387]; Safe Drinking Water Act (SDWA) [42 U.S.C. 300f-300j-26]; Rivers and Harbors Act of 1899 [33 U.S.C. 401-406]; Wild and Scenic Rivers Act [16 U.S.C. 1271-1287]; Emergency Wetlands Resources Act [16 U.S.C. 3921, 3931]; Wetlands Mitigation, [23 U.S.C. 119(g) and 133(b)(3)]; Flood Disaster Protection Act [42 U.S.C. 4001-4130].

9. *Hazardous Materials:* Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) [42 U.S.C. 9601-9675]; Superfund Amendments and Reauthorization Act of 1986 (SARA); Resource Conservation and Recovery Act (RCRA) [42 U.S.C. 6901-6992(k)].

10. *Executive Orders:* E.O. 11990 Protection of Wetlands; E.O. 11988 Floodplain Management; E.O. 11593 Protection and Enhancement of Cultural Resources; E.O. 13007 Indian Sacred Sites; E.O. 13287 Preserve America; E.O. 11514 Protection and Enhancement of Environmental Quality; E.O. 13112 Invasive Species.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

(Authority: 23 U.S.C. 139(l)(1)).

Ivan Marrero,

Division Administrator, Federal Highway Administration.

BILLING CODE 4910-RY-P

DEPARTMENT OF TRANSPORTATION**Federal Motor Carrier Safety Administration****[Docket No. FMCSA–2024–0288]****Commercial Driver's License: James D. Welch; Application for Exemption****AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).**ACTION:** Notice of final disposition; grant of application for exemption for the U.S. Air Force Reserve Command, Air Reserve Technicians.

SUMMARY: FMCSA announces its decision to grant James D. Welch's application for an exemption on behalf of Air Reserve Technicians (ARTs) working under the U.S. Air Force Reserve Command (AFRC) from the requirement to obtain a commercial driver's license (CDL) to operate a commercial motor vehicle (CMV). The Agency has considered the training these individuals must complete on the operation of the U.S. Air Force's CMVs and determined that the terms and conditions of the exemption will likely achieve an equivalent level of safety as would be achieved absent the exemption.

DATES: The exemption is effective May 20, 2025 and expires May 20, 2030.

FOR FURTHER INFORMATION CONTACT: Bernadette Walker, FMCSA Driver and Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; 202–385–2415; Bernadette.walker@dot.gov. If you have questions on viewing or submitting material to the docket, contact Dockets Operations, (202) 366–9826.

SUPPLEMENTARY INFORMATION:**I. Public Participation***Viewing Comments and Documents*

To view any documents mentioned as being available in the docket, go to <https://www.regulations.gov/docket/FMCSA-2024-0288/document> and choose the document to review. To view comments, click this notice, then click "Browse Comments." If you do not have access to the internet, you may view the docket online by visiting Dockets Operations on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. To be sure someone is there to help you, please call (202) 366–9317 or (202) 366–9826 before visiting Dockets Operations.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including the applicant's safety analysis. The Agency must provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved absent such exemption, pursuant to the standard set forth in 49 U.S.C 31315(b)(1). The Agency must publish its decision in the **Federal Register** (49 CFR 381.315(b)). If granted, the notice will identify the regulatory provision from which the applicant will be exempt, the effective period, and will explain all terms and conditions of the exemption (49 CFR 381.315(c)(1)). If the exemption is denied, the notice will explain the reason for the denial (49 CFR 381.315(c)(2)). The exemption may be renewed (49 CFR 381.300(b)).

III. Background*Current Regulatory Requirements*

The CDL regulations in 49 CFR part 383 require every person who operates a CMV, as defined in 49 CFR 383.5, to obtain a CDL. Under 49 CFR 383.3(c), States are required to exempt individuals who operate CMVs for military purposes from 49 CFR part 383. The exception covers active-duty military personnel; members of the military reserves; members of the national guard on active duty, including personnel on full-time national guard duty, personnel on part-time national guard training, national guard military technicians (civilians who are required to wear military uniforms); and active-duty U.S. Coast Guard personnel. The regulation states that the "exception is not applicable to U.S. Reserve technicians." The Controlled Substances and Alcohol Use and Testing regulations in 49 CFR part 382 do not apply to employers and their drivers who are included in the exception in 49 CFR 383.3(c) (49 CFR 382.103(d)(2)).

Applicant's Request

The application from Mr. Welch was described in detail in a **Federal Register** notice published on January 13, 2025,

(90 FR 2774) and will not be repeated here as the facts have not changed. Also, on March 11, 2024, FMCSA granted Mr. Welch's petition for rulemaking to amend 49 CFR 383.3(c) to include ARTs in the exception to the CDL requirements.

IV. Public Comments

The Agency received three comments. One individual supported granting the exemption, and one commenter, AWM Associates LLC (AWM), submitted two comments in opposition to granting the exemption.

AWM's first comment questioned if Mr. Welch's application covered the transportation of hazardous materials and referenced 49 CFR 171.1(d) as a regulation that would provide the requested relief. AWM stated, "If the request is strictly bound to the HMR [Hazardous Materials Regulations], then the concern is moot whereas, government employees transporting hazardous materials are excepted from the HMR and if they placarded, it would be allowed vs required negating the need of a hazardous materials endorsement on a CDL. AWM's second comment stated, "Any request for an exemption for reserve technicians should come from the Department of Defense, not an individual command." Michael Ravnitzky commented in support of granting the exemption: "Air Reserve Technicians operate primarily on military installations, where there are multiple layers of safety requirements, including daily supervision, quality assurance inspections, and base safety oversight. These controlled environments and preapproved routes ensure that ARTs maintain a high level of safety in their operations, equivalent to or greater than that provided by the CDL regulations."

V. FMCSA Decision

FMCSA has reviewed the comments and Mr. Welch's application and grants an exemption to ARTs working under the AFRC from the CDL requirements in 49 CFR part 383.

In response to AWM's comments, the government exception to the Hazardous Materials Regulations in 49 CFR 171.1(d)(5) does not provide relief from the CDL requirements in 49 CFR part 383. In addition, FMCSA may consider the exemption request even though Mr. Welch, and not the Department of Defense, submitted the request. Under 49 CFR 381.310, exemption applications must identify the person or class of persons who would be covered by the exemption. FMCSA's regulations do not limit who may apply on behalf of a person or class of persons.

The applicant explains that the exemption would apply to ARTs who have been trained in their military capacities to transport hazardous materials. The applicant states that there are multiple layers of safety in place. First and second line supervisors are present for daily operations, quality assurance conducts random daily inspections, and the base safety office also provides oversight. In addition, only approved routes may be used while transporting hazardous material and required placarding is used.

FMCSA has previously determined that military training, including Air Force training, to operate heavy-duty vehicles is “thorough and comprehensive” and compatible with the requirements of FMCSA’s Entry-Level Driver Training Rule (83 FR 48964, 48970).

Just like the National Guard military technicians who are included in the exception, ARTs are civilians who are, since 2007, required to wear military uniforms. In addition, FMCSA does not have any evidence or information that would weigh against granting the exemption.

VI. Exemption Decision

A. Applicability of Exemption

FMCSA grants an exemption, that the AFRC may choose to utilize, from the CDL requirements in 49 CFR part 383 to ARTs working under the AFRC while they are operating CMVs for military purposes. Under this exemption, ARTs are not subject to the drug and alcohol testing requirements in 49 CFR part 382, which apply only to drivers who are subject to the CDL requirements in 49 CFR part 383.

B. Terms and Conditions

Prior to utilizing this exemption, the U.S. Air Force Reserve Command must notify FMCSA that it is doing so, by sending an email to MCPSD@DOT.GOV from an official U.S. Air Force Reserve Command email address, with the subject line “Air Reserve Technicians” and a statement in the body of the email that it will begin using the exemption.

When operating under this exemption, the U.S. Air Force Reserve Command and ARTs drivers are subject to the following terms and conditions:

1. Drivers must be ARTs and operating the CMV within the scope of their duties for the U.S. Air Force Reserve Command;
2. Drivers must be trained by the U.S. Department of Defense to transport hazardous materials;
3. Drivers must use only routes approved by the U.S. Air Force Reserve

Command while transporting hazardous material and must comply with applicable placarding requirements;

4. The U.S. Air Force Reserve Command must continue the other safety oversight activities stated in Mr. Welch’s application:

- a. Supervisors must be present for daily operations;
- b. Random daily inspections must be conducted;
- c. The base safety office must provide oversight.

C. Preemption

In accordance with 49 U.S.C. 31315(d), as implemented by 49 CFR 381.600, during the period this exemption is in effect, no State shall enforce any law or regulation that conflicts with or is inconsistent with this exemption with respect to a person operating under the exemption.

D. Notification to FMCSA

The U.S. Air Force Reserve Command must notify FMCSA in writing within 5 business days of any accident, as defined in 49 CFR 390.5, involving drivers operating under this exemption. The notification must include the following information:

1. Identifier of the Exemption: “Air Reserve Technicians”
2. Date of the accident;
3. City or town, and State, in which the accident occurred, or closest to the accident scene;
4. Driver’s name;
5. Number of individuals suffering physical injury;
6. Number of fatalities;
7. The police-reported cause of the crash, if provided by the enforcement agency; and
8. Whether the driver was cited for violation of any traffic laws, motor carrier safety regulations.

Reports filed under this provision shall be emailed to MCPSD@DOT.GOV.

E. Termination

FMCSA does not believe the drivers covered by this exemption will experience any deterioration of their safety records. However, the exemption will be rescinded if: (1) the AFRC or the drivers operating under the exemption fail to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with

the goals and objects of 49 U.S.C. 31136(e) and 31315(b).

Sue Lawless,

Assistant Administrator.

BILLING CODE 4910–EX–P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2020–0101]

Controlled Substances and Alcohol Use and Testing: DISA Entertainment Compliance Solutions Application For Exemption From the Drug and Alcohol Clearinghouse Pre-Employment Full-Query

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of final disposition; renewal of exemption.

SUMMARY: FMCSA announces its final decision to renew the exemption granted to DISA Entertainment Compliance Solutions (DECS), formerly known as Motion Picture Compliance Solutions, from the requirement that an employer must not employ a driver who is subject to drug and alcohol testing to perform safety-sensitive functions prior to conducting a full query of the Drug and Alcohol Clearinghouse (Clearinghouse). The exemption renewal allows DECS members that employ commercial driver’s license (CDL) holders to conduct a limited query of the Clearinghouse before hiring a driver for a project. If the limited query indicates that information about the driver exists in the Clearinghouse, the driver is not permitted to perform safety-sensitive functions unless and until a full query subsequently shows that the driver is not prohibited from operating a commercial motor vehicle (CMV). FMCSA has analyzed the exemption application and the public comments and has determined that the exemption, subject to the terms and conditions set forth below, is likely to achieve a level of safety that is equivalent to or greater than the level that would be achieved in the absence of the exemption.

DATES: The exemption is effective for the period of May 28, 2025, through May 28, 2030.

FOR FURTHER INFORMATION CONTACT: Pearlie Robinson, Driver and Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; FMCSA; (202) 366–4225;

pearlie.robinson@dot.gov. If you have questions on viewing or submitting material to the docket, contact Dockets Operations, (202) 366–9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation

Viewing Comments and Documents

To view any documents mentioned as being available in the docket, go to <https://www.regulations.gov/docket/FMCSA-2020-0101/document> and choose the document to review. To view comments, click this notice, then click “Browse Comments.” If you do not have access to the internet, you may view the docket online by visiting Dockets Operations on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. To be sure someone is there to help you, please call (202) 366–9317 or (202) 366–9826 before visiting Dockets Operations.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from the Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including the applicant’s safety analyses. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews the application, safety analyses, and public comments submitted and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved absent such exemption pursuant to the standard set forth in 49 U.S.C. 31315(b)(1). The Agency must publish the decision in the **Federal Register** (49 CFR 381.315(b)). If granted, the notice will identify the regulatory provision from which the applicant will be exempt and the effective period and will explain all terms and conditions of the exemption (49 CFR 381.315(c)(1)). If the exemption is denied, the notice will explain the reason for the denial (49 CFR 381.315(c)(2)). The exemption may be renewed (49 CFR 381.300(b)).

III. Background

Current Regulatory Requirements

Under 49 CFR 382.701(a)(2), employers of CDL holders cannot employ a driver subject to the testing requirements of 49 CFR part 382

without first conducting a pre-employment full query of the Clearinghouse. A full query allows the employer to see any information that exists about a driver in the Clearinghouse. An employer must obtain the driver’s specific consent, provided electronically through the Clearinghouse, prior to the release of detailed information in response to the full query.

A limited query allows an employer to determine whether the Clearinghouse contains any information about the driver but does not release any specific information about the driver. Limited queries require only a driver’s general consent, which is obtained and retained outside the Clearinghouse and may be in written or electronic form. Under 49 CFR 382.701(b)(2), an employer may conduct a limited query in lieu of a full query when satisfying the annual query requirement for current driver-employees. However, if the response to a limited query indicates there is information about the driver in the Clearinghouse, the employer must conduct a full query, after obtaining the driver’s specific consent, within 24 hours, as required by 49 CFR 382.701(b)(3). If the full query is not conducted within the 24-hour period, or shows that the driver is prohibited from operating a CMV, the employer must not permit the driver to continue to perform safety-sensitive functions.

Applicant’s Request

DECS’s application for exemption was described in detail in a **Federal Register** notice published on March 25, 2025, (90 FR 13654) and will not be repeated as the facts have not changed.

IV. Public Comments

The Agency received six comments. Five comments supported granting the exemption and one opposed the exemption. In addition, DECS responded to the comment that opposed the exemption.

Jessica Hammeke commented that the current exemption is very helpful in meeting production schedule demands without sacrificing any safety standards and stated, “Overall, the current exemption has proven to work well with our unique needs and we strongly hope it will be extended.”

Netflix Studios LLC wrote that the exemption plays a pivotal role in making operations more efficient because it “reduces administrative obstacles, enabling faster project turnarounds with a consistent pool of drivers. It ensures that key safety protocols remain intact, by immediately flagging when a full query is run.”

Netflix further commented on DECS’s safety protocols, stating that its approach “protects workers, audiences, and the general public, supporting the industry’s growth and vitality while maintaining its commitment to safety.”

An anonymous commenter described the exemption as critical to the industry and stated, “Granting this exemption would enable DISA [DECS] to continue operating efficiently and effectively without introducing additional administrative hurdles.”

Sony Pictures Entertainment also supported the exemption, writing, “This exemption has helped us meet safety standards efficiently and would benefit our industry to renew the exemption.”

Finally, MAX wrote that the exemption promotes a culture of responsibility and safety and stated, “This exemption allows DISA’s [DECS] Clearinghouse to continue operating in a way that supports these goals. I strongly encourage the renewal of their exemption request.”

AWM Associates, LLC, opposed the exemption primarily on the grounds that DECS did not submit a list of its members or affiliates, which would preclude FMCSA and the public from verifying its safety claims. AWM stated:

I suggest the FMCSA deny DECS’s application until DECS provides a list of its members, the size of the consortium, records demonstrating the claims made are accurate, and proof of its success. California has liberal laws in regard to marijuana and the motion picture industry is plagued with substance abuse stories. It’s not advisable to take unsubstantiated reports as factual without evidence to support the claims.

DECS responded to AWM’s comments and explained that it is not an employment agency but rather a third-party consortium that performs compliance functions on behalf of production houses to help them efficiently hire drivers. Its clients hire many new drivers, but not because of “turnover” in the traditional sense. Drivers qualified by DECS are employed by a motor carrier for specific, short-term projects. At the end of the project, they are terminated and returned to the pool of available drivers. When another opportunity becomes available, driver applicants are fully requalified. DECS states that it has demonstrated its commitment to safety during the current exemption period, and its proprietary database parallels the Clearinghouse by tracking information including, but not limited to, positive test results, SAP documentation, return-to-duty tests, and follow-up tests. DECS asserts that its low positive rate on its random drug testing program demonstrates its commitment to hiring drug-free drivers.

DECS reported that in 2024, its positive rate to its random drug testing program was .003 percent. By contrast, the overall positive rate for the truck and bus industries in 2023 as reported by FMCSA was 0.8 percent. DECS touts this is an impressive datapoint, especially given that most drivers in its random pool live and work in California, the first state in the nation to legalize marijuana.

V. FMCSA Decision

FMCSA has evaluated the application and the public comments. FMCSA determined in 2020 that DECS's process for identifying qualified drivers for member employers is uniquely designed to accommodate safety concerns related to drug and alcohol testing violations. The Agency continues to believe that the exemption will not jeopardize safety because the employer and/or their C/TPA must conduct a full query if the limited query shows that information about the driver exists in the Clearinghouse. A driver's specific consent for the full query would be provided electronically in the Clearinghouse as required under the existing regulations. At the same time, DECS will continue operating the database that it established prior to the Clearinghouse, thereby providing further means of identifying qualified drivers. FMCSA concludes that based on DECS's existing processes, under the terms and conditions set forth below, the exemption is likely to achieve a level of safety that is equivalent to, or greater than, the level of safety that would be achieved in the absence of the exemption, in accordance with 49 U.S.C. 31315(b)(1).

VI. Exemption

FMCSA grants DECS an exemption from 49 CFR 382.701(a)(2). Under this exemption, DECS may conduct a limited query of the Clearinghouse before one of its member employers hires a driver for a project, rather than conducting a full pre-employment query. If the limited query indicates that information about the driver exists in the Clearinghouse, the driver is not permitted to perform safety-sensitive functions unless and until a full query subsequently shows that the driver is not prohibited from operating a CMV.

The exemption from the requirements of 49 CFR 382.701(a)(2) is effective from May 28, 2025, through May 28, 2030, 11:59 p.m. local time.

A. Applicability of Exemption

This exemption is applicable to DECS members that employ CDL holders who are subject to the drug and alcohol

testing requirements under 49 CFR part 382 while providing transportation services to or from theatrical, commercial, television, or motion picture production sites.

B. Terms and Conditions

1. DECS and its member employers must maintain operation of the DOT Violation Database, as described in the exemption application.

2. DECS, on behalf of its members, must:

a. Obtain the results of a limited query of FMCSA's Clearinghouse for each driver hired to operate a CMV for a member employer if a full query is not practicable.

b. Conduct a full query of FMCSA's Clearinghouse for each driver whose limited query results indicate information about the driver exists in the Clearinghouse, and, in accordance with current regulations, must not permit the driver to perform safety sensitive functions if the results of the full query indicate the driver is prohibited from doing so.

c. Provide FMCSA with a list of the names and USDOT numbers of the motor carriers operating under the exemption to MCPSD@dot.gov annually and upon request.

3. DECS, acting as a C/TPA, must:

a. Request, obtain, and retain limited query consent forms from drivers on behalf of its member employers, in accordance with the regulations.

b. Report drivers' controlled substance and alcohol violations to FMCSA's Clearinghouse, in accordance with the regulations.

c. Conduct full queries for each new driver who has not previously operated for any member employer.

C. Preemption

In accordance with 49 U.S.C. 31315(d), as implemented by 49 CFR 381.600, during the period this exemption is in effect, no State shall enforce any law or regulation applicable to interstate commerce that conflicts with or is inconsistent with this exemption with respect to a firm or person operating under the exemption. States may, but are not required to, adopt the same exemption with respect to operations in intrastate commerce.

VII. Termination

FMCSA does not believe the drivers covered by this exemption will experience any deterioration of their safety record. However, the exemption will be rescinded if: (1) DECS, or the drivers operating under the exemption fail to comply with the terms and conditions of the exemption; (2) the

exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objects of 49 U.S.C. 31136(e) and 31315(b).

Sue Lawless,

Assistant Administrator.

- *Fax:* (571) 293-4835.

Instructions: You must include "OCC" as the agency name and "1557-0246" in your comment. In general, the OCC will publish comments on www.reginfo.gov without change, including any business or personal

information provided, such as name and address information, email addresses, or phone numbers. Comments received, including attachments and other supporting materials, are part of the public record and subject to public disclosure. Do not include any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure.

Following the close of this notice's 60-day comment period, the OCC will publish a second notice with a 30-day comment period. You may review comments and other related materials that pertain to this information collection beginning on the date of publication of the second notice for this collection by the method set forth in the next bullet.

- **Viewing Comments Electronically:** Go to www.reginfo.gov. Hover over the "Information Collection Review" tab and click on "Information Collection Review" from the drop-down menu. From the "Currently Under Review" drop-down menu, select "Department of Treasury" and then click "submit." This information collection can be located by searching OMB control number "1557-0246" or "Reverse Mortgage Products: Guidance for Managing Compliance and Risks." Upon finding the appropriate information collection, click on the related "ICR Reference Number." On the next screen, select "View Supporting Statement and Other Documents" and then click on the link to any comment listed at the bottom of the screen.

- For assistance in navigating www.reginfo.gov, please contact the Regulatory Information Service Center at (202) 482-7340.

FOR FURTHER INFORMATION CONTACT: Shaquita Merritt, Clearance Officer, (202) 649-5490, Chief Counsel's Office, Office of the Comptroller of the Currency, 400 7th Street SW, Washington, DC 20219. If you are deaf, hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501 *et seq.*), Federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of title 44 generally requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of

information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the renewal/revision of this collection.

Title: Reverse Mortgage Products: Guidance for Managing Compliance and Risks.

OMB Control No.: 1557-0246.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: On August 17, 2010, the OCC, FDIC, FRB, and NCUA issued Guidance¹ focusing on providing adequate information to consumers about reverse mortgage products, providing qualified independent counseling to consumers considering these products, and avoiding potential conflicts of interest. The Guidance also addresses related policies, procedures, internal controls, and third-party risk management.

- The information collection requirements contained in the Guidance address the implementation of policies and procedures, training, and program maintenance. The Guidance states that institutions offering reverse mortgages should have written policies and procedures that prohibit the practice of directing a consumer to a particular counseling agency or contacting a counselor on the consumer's behalf.

- Policies should be clear so that originators do not have an inappropriate incentive to sell other products that appear linked to the granting of a mortgage.

- Legal and compliance reviews should include oversight of compensation programs so that lending personnel are not improperly encouraged to direct consumers to particular products.

- Training should be designed so that relevant lending personnel are able to convey information to consumers about product terms and risks in a timely, accurate, and balanced manner.

Estimated Frequency of Response: On occasion.

Estimated Number of Respondents: 12.

Estimated Total Annual Burden: 136 hours.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

- (a) Whether the collection of information is necessary for the proper

performance of the functions of the OCC, including whether the information has practical utility;

- (b) The accuracy of the OCC's estimate of the burden of the collection of information;

- (c) Ways to enhance the quality, utility, and clarity of the information to be collected;

- (d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

- (e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Patrick T. Tierney,

Assistant Director, Office of the Comptroller of the Currency.

DEPARTMENT OF THE TREASURY

Office of Foreign Assets Control

Notice of OFAC Sanctions Action

AGENCY: Office of Foreign Assets Control, Treasury.

ACTION: Notice.

SUMMARY: The U.S. Department of the Treasury's Office of Foreign Assets Control (OFAC) is publishing the names of one or more persons that have been placed on OFAC's Specially Designated Nationals and Blocked Persons List (SDN List) based on OFAC's determination that one or more applicable legal criteria were satisfied. All property and interests in property subject to U.S. jurisdiction of these persons are blocked, and U.S. persons are generally prohibited from engaging in transactions with them.

DATES: This action was issued on May 15, 2025. See **SUPPLEMENTARY INFORMATION** for relevant dates.

FOR FURTHER INFORMATION CONTACT: OFAC: Associate Director for Global Targeting, 202-622-2420; Assistant Director for Sanctions Compliance, 202-622-2490 or <https://ofac.treasury.gov/contact-ofac>.

SUPPLEMENTARY INFORMATION:

Electronic Availability

The SDN List and additional information concerning OFAC sanctions programs are available on OFAC's website: <https://ofac.treasury.gov>.

Notice of OFAC Action

On May 15, 2025, OFAC determined that the property and interests in

¹ 75 FR 50801.

property subject to U.S. jurisdiction of the relevant sanctions authority listed **Individuals:**
the following persons are blocked under below.

1. ALAMI, Jihad (Arabic: جهاد علامي) (a.k.a. ALLAMI, Jihad Husayn), Deir Qanoun en Nahr, Tyre, Al-Janoub, Lebanon; Hay El Kfaat B, El Hdeth, Baabda, Lebanon; DOB 03 Jun 1968; POB Lebanon; nationality Lebanon; Additional Sanctions Information - Subject to Secondary Sanctions Pursuant to the Hizballah Financial Sanctions Regulations; Gender Male; Secondary sanctions risk: section 1(b) of Executive Order 13224, as amended by Executive Order 13886; National ID No. 000022918996 (Lebanon); Identification Number 636974 (Lebanon) (individual) [SDGT] (Linked To: HIZBALLAH).

Designated pursuant to section 1(a)(iii)(C) of Executive Order 13224 of September 23, 2001, "Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism," 66 FR 49079, as amended by Executive Order 13886 of September 9, 2019, "Modernizing Sanctions To Combat Terrorism," 84 FR 48041 (E.O. 13224, as amended), for having materially assisted, sponsored, or provided financial, material, or technological support for, or goods or services to or in support of, HIZBALLAH, a person whose property and interests in property are blocked pursuant to E.O. 13224.

2. AL-'AMILI, Mu'in Daqiq (a.k.a. DAKIK, Mouin Hassan; a.k.a. DAQIQ, Mo'ein (Arabic: معين دقيق); a.k.a. BILLING CODE 4830–01–P

U.S.-CHINA ECONOMIC AND SECURITY REVIEW COMMISSION

Notice of Open Public Hearing

AGENCY: U.S.-China Economic and Security Review Commission.

ACTION: Notice of open public hearing.

SUMMARY: Notice is hereby given of the following hearing of the U.S.-China Economic and Security Review Commission. The Commission is mandated by Congress to investigate, assess, and report to Congress annually on “the national security implications of the economic relationship between the United States and the People’s Republic of China.” Pursuant to this mandate, the Commission will hold a public hearing in Washington, DC on June 5, 2025 on “China Shock 2.0: Overcapacity and Beijing’s Supply Chain Chokepoints.”

DATES: The hearing is scheduled for Thursday, June 5, 2025 at 9:30 a.m.

ADDRESSES: Members of the public will be able to attend in person at or near the U.S. Capitol and adjacent Congressional office buildings (specific building and room number to be announced) or view a live webcast via the Commission’s website at www.uscc.gov. Visit the Commission’s website for updates to the hearing location or possible changes to the hearing schedule. Reservations are not required to view the hearing online or in person.

FOR FURTHER INFORMATION CONTACT: Any member of the public seeking further information concerning the hearing should contact Jameson Cunningham, 444 North Capitol Street NW, Suite 602, Washington DC 20001; telephone: 202–624–1496, or via email at jcunningham@uscc.gov. Reservations are not required to attend the hearing.

ADA Accessibility: For questions about the accessibility of the event or to request an accommodation, please contact Jameson Cunningham via email at jcunningham@uscc.gov. Requests for an accommodation should be made as soon as possible, and at least five business days prior to the event.

SUPPLEMENTARY INFORMATION:

Background: This is the sixth public hearing the Commission will hold during its 2025 reporting cycle. The hearing will examine the consequences of a new “China Shock” effect from Chinese exports flooding the global

economy, including how emerging markets are responding to harm caused by surging Chinese exports and the implications for U.S. supply chains and the competitiveness of U.S. firms in global markets. Next, the hearing will evaluate the national security risks from the United States' growing reliance on Chinese production across critical supply chains, including active pharmaceutical ingredients and related chemicals; biopharmaceuticals; foundational semiconductors; and printed circuit boards. Finally, the hearing will review U.S. policy efforts to bolster supply chain resiliency and consider how the U.S. government can better address risks to critical supply chains, including in defense production.

The hearing will be co-chaired by Commissioner Leland Miller and Commissioner Livia Shmavonian. Any interested party may file a written statement by June 5, 2025 by transmitting it to the contact above. A portion of the hearing will include a question and answer period between the Commissioners and the witnesses.

Authority: Congress created the U.S.-China Economic and Security Review Commission in 2000 in the National Defense Authorization Act (Pub. L. 106–398), as amended by Division P of the Consolidated Appropriations Resolution, 2003 (Pub. L. 108–7), as amended by Public Law 109–108 (November 22, 2005), as amended by Public Law 113–291 (December 19, 2014).

Dated: May 15, 2025.

Christopher P. Fioravante,

Deputy Executive Director, U.S.-China Economic and Security Review Commission.

BILLING CODE 1137–00–P

DEPARTMENT OF VETERANS AFFAIRS

[OMB Control No. 2900–0523]

Agency Information Collection Activity: Loan Analysis

AGENCY: Veterans Benefits Administration, Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: Veterans Benefits Administration, Department of Veterans Affairs (VA), is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act (PRA) of 1995, Federal agencies are required to publish notice in the **Federal Register**

concerning each proposed collection of information, including each proposed revision of a currently approved collection, and allow 60 days for public comment in response to the notice.

DATES: Comments must be received on or before July 21, 2025.

ADDRESSES: Comments must be submitted through www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Program-Specific information Nancy Kessinger, 202–632–8924

NancyKessinger@va.gov.

VA PRA information: Dorothy Glasgow, 202–461–1084, VAPRA@va.gov.

SUPPLEMENTARY INFORMATION: Under the PRA of 1995, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. This request for comment is being made pursuant to section 3506(c)(2)(A) of the PRA.

With respect to the following collection of information, VBA invites comments on: (1) whether the proposed collection of information is necessary for the proper performance of VBA's functions, including whether the information will have practical utility; (2) the accuracy of VBA's estimate of the burden of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or the use of other forms of information technology.

Title: Loan Analysis, VA FORM 26–6393.

OMB Control Number: 2900–0523. <https://www.reginfo.gov/public/do/PRAsearch>. (Once at this link, you can enter the OMB Control Number to find the historical versions of this Information Collection).

Type of Review: Revision of a currently approved collection.

Abstract: The VA Form 26–6393 is currently used by employees of both lending institutions and VA to determine the ability of a borrower to qualify for any type of VA-guaranteed loan authorized by 38 U.S.C. 3710(a). Lenders complete and submit the form to provide evidence that the lender's decision to submit a prior approval loan application or close a loan on the automatic basis is based upon appropriate application of VA credit standards as required by 38 U.S.C. 3710(b) and 3710(g). Section 36.4340, 38 CFR, implements those underwriting standards, which include evaluating

income, expenses, and credit history. This form specifically pertains to those standards evaluating a borrower's present and anticipated income and expenses and credit history.

Affected Public: Individuals and households.

Estimated Annual Burden: 210,000 hours.

Estimated Average Burden Per Respondent: 30 minutes.

Frequency of Response: One-time.

Estimated Number of Respondents: 420,000.

Authority: 44 U.S.C. 3501 *et seq.*

Shunda Willis,

Acting, VA PRA Clearance Officer, (Alt.) Office of Enterprise and Integration/Data Governance Analytics, Department of Veterans Affairs.

BILLING CODE 8320–01–P

DEPARTMENT OF VETERANS AFFAIRS

[OMB Control No. 2900–0004]

Agency Information Collection Activity: Application for Dependency and Indemnity Compensation, Survivors Pension and Accrued Benefits by a Surviving Spouse or Child (Including Death Compensation if Available); Application for Dependency and Indemnity Compensation by a Surviving Spouse or Child—In-Service Death Only; and Application for DIC, Survivors Pension, and/or Accrued Benefits

AGENCY: Veterans Benefits Administration, Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: Veterans Benefits Administration, Department of Veterans Affairs (VA), is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act (PRA) of 1995, Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed revision of a currently approved collection, and allow 60 days for public comment in response to the notice.

DATES: Comments must be received on or before July 21, 2025.

ADDRESSES: Comments must be submitted through www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Program-Specific information: Nancy Kessinger, 202–632–8924, nancy.kessinger@va.gov.

VA PRA information: Dorothy Glasgow, 202-461-1084, VAPRA@va.gov

SUPPLEMENTARY INFORMATION: Under the PRA of 1995, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. This request for comment is being made pursuant to Section 3506(c)(2)(A) of the PRA.

With respect to the following collection of information, Veterans Benefits Administration (VBA) invites comments on: (1) whether the proposed collection of information is necessary for the proper performance of VBA's functions, including whether the information will have practical utility; (2) the accuracy of VBA's estimate of the burden of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or the use of other forms of information technology.

Title: The 21P-534, Application for Dependency and Indemnity

Compensation, Survivors Pension and Accrued Benefits by a Surviving Spouse or Child (Including Death Compensation if Available). The 21P-534a, Application for Dependency and Indemnity Compensation by a Surviving Spouse or Child—In-Service Death Only. The 21P-534EZ, Application for DIC, Survivors Pension, and/or Accrued Benefits.

OMB Control Number: 2900-0004.
<https://www.reginfo.gov/public/do/PRAsearch> (Once at this link, you can enter the OMB Control Number to find the historical versions of this Information Collection).

Type of Review: Revision of a currently approved collection.

Abstract: The VA Form 21P-534 is used to gather the necessary information to determine the eligibility of surviving spouses and children for dependency and indemnity compensation (DIC), death pension, accrued benefits, and death compensation. VA Form 21P-534a is an abbreviated application for DIC that is used only by surviving spouses and children of veterans who died while on active duty service. The VA Form 21P-534EZ is used for the Fully Developed Claims (FDC) program for pension claims, DIC and accrued claims. The 21P-534EZ (Application for

DIC, Survivors Pension, and/or Accrued Benefits) within this collection is a revision. The 21P-534 (Application for Dependency and Indemnity Compensation, Survivors Pension and Accrued Benefits by a Surviving Spouse or Child (Including Death Compensation if Applicable)) within this collection is being discontinued, the discontinuance will have no negative impact on the collection. The 21P-534a, Application for Dependency and Indemnity Compensation by a Surviving Spouse or Child—In-Service Death Only) within this collection will remain the same.

Affected Public: Individuals and households.

Estimated Annual Burden: 130,138 hours.

Estimated Average Burden Per Respondent: 43 minutes.

Frequency of Response: One time.

Estimated Number of Respondents: 181,588.

Authority: 44 U.S.C. 3501 *et seq.*

Shunda Willis,

*Acting, VA PRA Clearance Officer, (Alt.)
Office of Enterprise and Integration/Data
Governance Analytics, Department of
Veterans Affairs.*

ELECTRONIC RESEARCH

World Wide Web

Full text of the daily Federal Register, CFR and other publications is located at: www.govinfo.gov.

Federal Register information and research tools, including Public Inspection List and electronic text are located at: www.federalregister.gov.

E-mail

FEDREGTOC (Daily Federal Register Table of Contents Electronic Mailing List) is an open e-mail service that provides subscribers with a digital form of the Federal Register Table of Contents. The digital form of the Federal Register Table of Contents includes HTML and PDF links to the full text of each document.

To join or leave, go to <https://public.govdelivery.com/accounts/USGPOOFR/subscriber/new>, enter your email address, then follow the instructions to join, leave, or manage your subscription.

PENS (Public Law Electronic Notification Service) is an e-mail service that notifies subscribers of recently enacted laws.

To subscribe, go to <http://listserv.gsa.gov/archives/publaws-l.html> and select *Join or leave the list (or change settings)*; then follow the instructions.

FEDREGTOC and **PENS** are mailing lists only. We cannot respond to specific inquiries.

Reference questions. Send questions and comments about the Federal Register system to: fedreg.info@nara.gov

The Federal Register staff cannot interpret specific documents or regulations.

LIST OF PUBLIC LAWS

Note: No public bills which have become law were received by the Office of the Federal Register for inclusion

in today's **List of Public Laws**.

Last List April 14, 2025

Public Laws Electronic Notification Service (PENS)

PENS is a free email notification service of newly

enacted public laws. To subscribe, go to https://portalguard.gsa.gov/__layouts/PG/register.aspx.

Note: This service is strictly for email notification of new laws. The text of laws is not available through this service. **PENS** cannot respond to specific inquiries sent to this address.
