OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Publishing Office, is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see www.federalregister.gov.

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at www.govinfo.gov, a service of the U.S. Government Publishing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 1, 1 (March 14, 1936) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, gpocusthelp.com.

The annual subscription price for the **Federal Register** paper edition is \$860 plus postage, or \$929, for a combined **Federal Register**, **Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is \$330, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Publishing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see bookstore.gpo.gov.

There are no restrictions on the republication of material appearing in the **Federal Register**.

OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 362

RIN 3206-AO85

Pathways Presidential Management Fellows Program: Variation

AGENCY: Office of Personnel Management.

ACTION: Notification.

SUMMARY: The Office of Personnel Management (OPM) is providing notice that the Director is authorizing a variation from the Pathways Presidential Management Fellows (PMF) Program regulations under which current Fellows remain employed. The Director has found that such variation is necessary and will further the objectives set forth by the President in Executive Order (E.O.) 14217.

DATES: This variation is effective from August 11, 2025 until the remaining Fellows have been converted out of the Program or their appointments have expired but not later than July 1, 2026, except that Fellows who have completed more than one year of the PMF Program as of August 11, 2025 must complete their requirements and be converted or their appointments will expire not later than December 31, 2025.

FOR FURTHER INFORMATION CONTACT: Katika Floyd by telephone at (202) 606-0960; or by email at employ@opm.gov.

SUPPLEMENTARY INFORMATION: In a related final rule published elsewhere in this edition of the **Federal Register**, OPM removed regulations implementing the PMF Program in accordance with section 2(e) of E.O. 14217, “Commencing the Reduction of the Federal Bureaucracy” (90 FR 10577, Feb. 25, 2025). However, several hundred Fellows remain employed under the PMF appointment authority. Accordingly, pursuant to 5 CFR 5.1, the Director has determined that a variation is necessary to effectuate the completion

of their appointments. The elimination of the PMF Program presents a unique practical difficulty for the agencies employing these individuals; however, retaining the current regulations would delay implementation of the President’s direction to sunset the PMF Program. See 5 CFR 5.1(a). Furthermore, the Director finds that providing a mechanism to transition these employees out of the PMF Program will promote the efficiency of the Government as these employees represent top talent that is high achieving and motivated, and their contributions to the American people will be of great value. See 5 CFR 5.1(c). The provisions of this variation apply only to an employee serving under an appointment under § 213.3402(c) as of August 11, 2025 (for the purposes of this variation, “current Fellows”) until the remaining Fellows have been converted out of the Program or their appointments have expired. 5 CFR 5.1(d).

Although OPM seeks to provide a mechanism for transitioning current Fellows out of the PMF Program and into the competitive service, OPM also remains committed to ensuring that basic standards are applied prior to permitting conversion, adhering to the spirit of the regulations, and protecting and promoting the efficiency of the Government and the integrity of the competitive service. Accordingly, agencies must continue to apply PMF Program requirements as codified at 5 CFR part 362, subpart D, as it appeared in the January 1, 2025, edition of 5 CFR parts 1–699 (Vol.1) subject to the following variations. See 5 CFR 5.1(b).

When the current Fellows were appointed, the expected duration of the program was two years. See § 362.404(a)(1). Similarly, § 362.408 provided that, as a condition of employment, a Fellow’s appointment expired at the end of the “2-year” program. Because the President directed the prompt termination of the program, this variation shortens the expected duration of the program. For the purposes of § 362.408, a Fellow’s appointment continues to expire at the end of the program as follows. For current Fellows who have not completed one year as of August 11, 2025, appointments under § 213.3402(c) may not exceed one year, at which time the Fellow must convert, or else their

appointment will expire and they will be separated from Federal service. For current Fellows who have already completed one year, each Fellow must convert after completion of the Program requirements as revised by this variation, but no later than December 31, 2025, or else their appointment will expire, and they will be separated from Federal service. The PMF Program permitted an agency to extend a Fellow’s appointment up to 120-days to allow processing of a conversion (see § 362.404(b)); that allowance is unchanged.

The PMF Program required an agency to provide each Fellow with at least one four- to six-month developmental assignment. See § 362.405(b)(4). To facilitate prompt winddown of the program, for current Fellows, OPM is removing the requirement for a developmental assignment. Nonetheless, agencies are encouraged to provide a reduced assignment of 30- to 60-days, if possible.

The PMF Program required an agency to provide each Fellow a minimum of 80 hours of formal interactive training per year. See § 362.405(b)(2). To ease operational burdens on agencies as the program winds down, OPM is removing the requirement for training. However, OPM encourages agencies to proactively notify Fellows of appropriate training opportunities and work with each Fellow to develop a mutually agreeable training plan. Because of steps taken to eliminate the PMF Program, OPM will not provide leadership development activities and general Program resources or information on available training opportunities known to it, as described in § 362.405(b)(1).

Finally, prior to conversion, each current Fellow must complete the requirements of the Program, as revised by this variation, and program completion must be verified. However, the requirement for the Executive Review Board certification before conversion is waived. See § 362.405(d). Completion of the program may be verified by senior agency official or officials who have been given responsibility for executive resources management and oversight by the agency head. The determination regarding completion of the program is in the sole discretion of such leadership (or designees) and no appeal to OPM will be provided. The agency should not

forward proof of verification to OPM, as the PMF Program is being eliminated.

Sunset of the Pathways Presidential Management Fellows Program

AGENCY: Office of Personnel Management.

ACTION: Final rule.

SUMMARY: As directed by the Executive Order “Commencing the Reduction of the Federal Bureaucracy” issued February 19, 2025, the Office of Personnel Management (OPM) is rescinding the regulations on the Pathways Presidential Management Fellows Program and making conforming amendments.

DATES: This final rule is effective on August 11, 2025.

FOR FURTHER INFORMATION CONTACT: Katika Floyd by telephone at (202) 606-0960; or by email at employ@opm.gov.

SUPPLEMENTARY INFORMATION:

Background and Legal Authority

This final rule is issued in accordance with section 2(e) of Executive Order (E.O.) 14217, “Commencing the Reduction of the Federal Bureaucracy” (90 FR 10577, Feb. 25, 2025), which directed the Director of Office of Personnel Management (OPM) to initiate the process to withdraw the Pathways Presidential Management Fellows (PMF) Program (PMF Program or Program) regulations in subpart D of part 362, Code of Federal Regulations (CFR), and to take any other steps necessary to promptly terminate the PMF Program. This action is taken under the authority vested in the President by the Constitution and laws of the United States of America, including 5 U.S.C. 3301 and 3302.

The PMF program (formerly, Presidential Management Intern Program) was established by President Jimmy Carter in 1977 to attract to Federal service a limited number of individuals, with exceptional management potential, who received special academic training (advanced degrees) in planning and managing public programs and policies. E.O.

12008, 42 FR 43373. Since that time, the PMF Program had evolved to cover a variety of academic disciplines covering a multitude of Federal occupations and was no longer limited to a small number of participants. It is no longer necessary to have a separate employment program for those with advanced degrees when the same can be accomplished using the other available employment authorities and programs for interns, fellows, and college graduates. Just as the creation of the PMF Program was consistent with the President’s authority under 5 U.S.C. 3301 and 3302, similarly the sunset of the PMF Program falls within the President’s discretion. OPM will continue to assess the need for fellowship, internship, and leadership development programs and work within its existing authorities to attract top talent to the Federal government.

To date, OPM has taken steps to begin the sunset of the PMF Program:

- Notifying agency PMF coordinators on the actions to be taken as the PMF Program sunsets;
- Notifying Presidential Management Fellows (Fellows) of Executive Order requirements to terminate the PMF program and the sunset activities that were underway;
- Canceling the announcement of the 2025 PMF finalists; and
- Drafting transitional guidance to address current PMF employment matters.

This final rule removes the regulations governing the PMF Program in subpart D of part 362 and makes conforming changes in parts 213 and 315. Specifically, references to the PMF Program and/or subpart D are removed from §§ 213.3402, 315.201, 315.713, 362.101, 362.103, 362.104, 362.105, 362.107, 362.109, and 537.102 of title 5 of the Code of Federal Regulations. In addition, 5 CFR 362.110 is removed. OPM is also amending the authority citations for parts 213, 315, and 362 as appropriate to reflect the termination of the PMF Program and to conform to the requirements of 1 CFR part 21, subpart B.

In addition to the regulatory changes in this final rule, OPM notes that less than 650 employees remain employed under the PMF appointment authority. OPM is publishing a Variation to facilitate the transition of current Fellows out of the Program while promptly terminating the PMF Program. (See the Notification published elsewhere in this edition of the **Federal Register**.)

Impact of This Rulemaking

The elimination of the PMF Program in subpart D of part 362 from the CFR

will eliminate a centralized recruitment and employment program for individuals with advanced degrees the President has determined is unnecessary. OPM anticipates that there will be negligible administrative costs associated with administering the sunset of the program, and OPM anticipates net savings to the Government based on the efficiencies created by agencies not having to contribute to the overhead costs for operating a centralized program and instead using other existing recruitment and hiring programs that can serve the same purpose for bringing talent into the Federal government.

Agencies contributed \$2M to \$2.5M annually to operate the centralized program. About 30 agencies participated each year, contributing a set fee per hire (most recently \$8,000 per Fellow). These expenses covered OPM administrative costs such as running the recruitment, evaluation, and selection processes and providing training for Fellows. Agencies already have procedures and systems in place to conduct these activities; eliminating the duplication of effort represents cost savings. The expenses also covered ongoing support for agencies and Fellows and monitoring agency compliance with Program requirements, functions that are now eliminated. OPM estimates that sunsetting the Program will result in savings of roughly 80% of these costs to the Government, or \$1.8M annually.

Agencies also expended resources for operation of the agency’s PMF Program. Program regulations required agencies to provide a PMF Coordinator with required functions, agency-funded training (in addition to the OPM-provided training), detail opportunities, mentoring, and Executive Resource Board (ERB) review and certification. Some of the functions are eliminated with the sunsetting of the Program, and agencies already have systems in place to provide the remaining functions for their employees. Although OPM does not have data regarding these additional costs borne by agencies, we can estimate portions of these expenses.

For the purpose of this cost analysis, the assumed average salary rate of Federal employees serving as an agency’s PMF Coordinator will be the rate in 2025 for GS-12, step 5, from the Washington, DC, locality pay table (\$114,923 annual locality rate and \$55.07 hourly locality rate). We assume that the total dollar value of labor, which includes wages, benefits, and overhead, is equal to 200 percent of the wage rate, resulting in an assumed labor cost of \$110.14 per hour. We estimate

that PMF Coordinators spent an average of 520 hours annually on work related to the PMF Program with an average hourly cost of \$110.14. This work would result in estimated annual savings of about \$52,273 per agency, and about \$1.7 million Governmentwide.

With respect to the ERB, we assume an ERB at agencies participating in the PMF Program has an average of 5 members. Based on the average salary for the ES pay plan in September 2024 (most recent available data), we assume an average salary rate of \$207,313, or \$99.67 per hour.¹ We assume the total dollar value of labor, which includes wages, benefits, and overhead, is equal to 200 percent of the wage rate, resulting in an assumed labor cost of \$199.34 per hour. We assume an ERB member will spend approximately 30 minutes to review and certify each Fellow. Based on an average of the last three years' participation, OPM estimates approximately 330 Fellows would have completed the Program each year, requiring ERB review and certification. Because the ERB will no longer need to review and certify PMF Fellows prior to conversion, OPM estimates annual savings of \$165,000 Governmentwide.

Overall, OPM expects that elimination of the PMF program will result in Government savings of at least \$3,665,000 annually. OPM notes that this savings value is conservative in that we have used the minimum grade for one PMF Coordinator per agency. Some agencies with large PMF Programs have more than one PMF Coordinator, and some Coordinators hold higher grades with higher rates of pay. In addition, although participation in the Program dropped due to COVID-19, participation has been steadily increasing. OPM also had anticipated that changes made to the Program in 2024 would encourage participation by more agencies. Thus, the number of participants requiring certification is likely lower than would have been realized had the Program continued. Finally, this value does not reflect costs incurred by agencies other than the PMF Program fees, costs associated with PMF Coordinators, and costs associated with ERB certification.

Regulatory Compliance

1. Administrative Procedure Act

Pursuant to 5 U.S.C. 553(b)(B), OPM finds that there is good cause to issue this final rule without prior notice and comment. In E.O. 14217, the President directed OPM to withdraw the

regulations at part D of part 362 and to take other steps necessary to terminate the PMF Program promptly. The PMF Program regulations do not allow for the prompt termination of the program, particularly in view of the employees remaining in the Program; thus, this final rule implements the specific Presidential direction provided in the E.O. to remove the regulations governing the Program. OPM lacks any discretion in this rulemaking action. OPM's authority to issue regulations creating and governing the PMF Program was based entirely on the President's delegation to OPM of authority to prescribe rules governing the civil service and to prescribe exceptions to the competitive service. With the issuance of the E.O., the President has made clear his revocation of that delegation with respect to the PMF Program, and OPM now lacks authority to continue the PMF Program regulations in part 362. No amount of public input could give OPM the authority to reconstitute the PMF Program. Therefore, notice and public comment procedures are unnecessary.

Similarly, pursuant to 5 U.S.C. 553(d)(3), OPM finds that there is good cause to make this final rule effective immediately upon publication. This final rule codifies actions taken under direct Presidential authority. Removing the regulations immediately provides transparency and may reduce confusion as the PMF Program is no longer operational. Further, a delayed effective date serves no practical purpose here since no adjustment period is needed for any regulated party to come into or otherwise prepare for compliance. Finally, the variation (published as part of this notice) granted by OPM provides instructions to agencies regarding transitioning all remaining employees out of the Program as the regulatory provisions removed in this final rule do not permit the prompt dissolution of the program as directed by the President.

2. Regulatory Review

The Office of Information and Regulatory Affairs in the Office of Management and Budget has designated this as a significant regulatory action under E.O. 12866 section 3(f). Accordingly, OPM has examined the impact of this rule as required by E.O.s 12866 and 13563, which direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulations are necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health, and safety effects, distributive impacts, and equity). A regulatory impact

analysis must be prepared for rules that have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities. This rulemaking does not reach that threshold. This action is considered an E.O. 14192 deregulatory action. We estimate that this rule generates \$3.43 million in annualized cost savings at a 7% discount rate, discounted relative to year 2024, over a perpetual time horizon.

3. Regulatory Flexibility Act

The Director of OPM certifies that this rule will not have a significant economic impact on a substantial number of small entities because it applies only to Federal agencies and employees.

4. Federalism

This regulation will not have substantial direct effects on the States, on the relationship between the National Government and the States, or on distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 13132, the Director of OPM certifies that this rule does not have sufficient federalism implications to warrant preparation of a Federalism Assessment.

5. Unfunded Mandates Reform Act of 1995

Section 202 of the Unfunded Mandates Reform Act of 1995 (UMRA) requires that agencies assess anticipated costs and benefits before issuing any rule that would impose spending costs on State, local, or Tribal governments in the aggregate, or on the private sector, in any 1 year of \$100 million in 1995 dollars, updated annually for inflation. That threshold is currently approximately \$206 million. This rulemaking will not result in the expenditure by State, local, or Tribal governments, in the aggregate, or by the private sector, in excess of the threshold. Thus, no written assessment of unfunded mandates is required.

6. Paperwork Reduction Act

This rule does not affect any reporting or recordkeeping requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35).

■ 8. Revise § 362.103 to read as follows:

§ 362.103 Authority.

An agency may make an appointment under this part to a position defined in § 213.3402 of this chapter if the agency first establishes a Pathways policy in accordance with § 362.104.

- 9. Amend § 362.104 by:
■ a. Revising paragraphs (a)(4), (6), and (7);
■ b. Removing paragraph (a)(8); and
■ c. Redesignating paragraphs (a)(9) through (11) as paragraphs (a)(8) through (10).

The revisions read as follows:

§ 362.104 Agency requirements.

(a) * * *

* * * * *

(4) Prescribe criteria and procedures for agency-approved extensions for Recent Graduates, not to exceed 120 days. Extension criteria must be limited to circumstances that would render the agency’s compliance with the regulations impracticable or impossible.

* * * * *

(6) Include a commitment from the agency to:

(i) Provide to OPM any information it requests on the agency’s Pathways Programs;

(ii) Adhere to any caps on the Pathways Programs imposed by the Director;

(iii) Provide information to OPM about opportunities for individuals interested in participating in the Pathways Programs, upon request from OPM;

(iv) Provide a meaningful on-boarding process for each Pathways Program; and
(v) Provide OPM with the names of the agency’s Pathways Programs Officer.

(7) Identify the agency’s Pathways Programs Officer (PPO), who:

(i) Must be in a position at the agency’s headquarters level, or at the headquarters level of a departmental component, in a position at or higher than grade 12 of the General Schedule (GS) (or the equivalent under the Federal Wage System (FWS) or another pay and classification system);

(ii) Is responsible for administering the agency’s Pathways Programs, including coordinating the recruitment and on-boarding process for Pathways Programs Participants, and coordinating the agency’s Pathways Programs plan with agency stakeholders and other hiring plans (e.g., merit promotion plans);

(iii) Serves as a liaison with OPM by providing updates on the agency’s implementation of its Pathways Programs, clarifying technical or programmatic issues, sharing agency best practices, and other similar duties; and

(iv) Reports to OPM on the agency’s implementation of its Pathways Programs and individuals hired under these Programs, in conjunction with the agency’s Pathways Policy.

Additional Payment II Program

AGENCY: Federal Crop Insurance Corporation, U.S. Department of Agriculture (USDA).

ACTION: Final rule.

SUMMARY: The Risk Management Agency (RMA), on behalf of the Federal Crop Insurance Corporation (FCIC), is issuing this rule to announce the availability of funding under the Additional Payment II Program (ADD

PAY II). ADD PAY II is a one-time additional payment to Approved Insurance Providers (AIPs) administering eligible crop insurance contracts for 2022 and 2023 reinsurance year specialty crops. The total funding available for ADD PAY II is \$30 million. Funding for ADD PAY II will be distributed to AIPs proportionally based on their respective liabilities for eligible crop insurance contracts for 2022 and 2023 reinsurance year specialty crops.

DATES: This rule is effective on August 11, 2025.

FOR FURTHER INFORMATION CONTACT: David Zanoni; telephone: (816) 926–6142; email: david.zanoni@usda.gov. Individuals with disabilities who require alternative means for communication should contact the USDA Target Center at (202) 720–2600 (voice and text telephone (TTY mode)) or dial 711 for Telecommunications Relay Service (both voice and text telephone users can initiate this call from any telephone).

SUPPLEMENTARY INFORMATION:**Background**

FCIC serves America’s agricultural producers through effective, market-based risk management tools to strengthen the economic stability of agricultural producers and rural communities. FCIC is committed to increasing the availability and effectiveness of Federal crop insurance as a risk management tool. AIPs sell and service Federal crop insurance policies in every state through a public-private partnership. FCIC reinsures the AIPs who share the risks associated with catastrophic losses due to major weather events. FCIC’s vision is to secure the future of agriculture by providing world class risk management tools to rural America.

Title I of the Disaster Relief Supplemental Appropriations Act, 2025 (Division B of the American Relief Act, 2025, (Pub. L. 118–158)) provides funding for an additional payment to AIPs administering eligible crop insurance contracts for specialty crops for the 2022 and 2023 reinsurance years. To administer the funding as mandated by Congress, FCIC is establishing ADD PAY II, similar to the previous Additional Payment Program (ADD PAY). The total funding available for ADD PAY II is \$30 million.

The original implementation of ADD PAY was through a Notice of Funding Availability published on May 2, 2023. Section 771 of the Consolidated Appropriations Act, 2023, (Pub. L. 117–328) provided funding for an additional payment to AIPs administering eligible

crop insurance contracts for specialty crops for the 2021 reinsurance year. Funding for ADD PAY was distributed to AIPs proportionally based on their respective liabilities for eligible crop insurance contracts for 2021 reinsurance year specialty crops.

ADD PAY II

The Risk Management Agency (RMA), on behalf of FCIC, will administer ADD PAY II. ADD PAY II will distribute funding to AIPs proportionally based on their respective liabilities for eligible crop insurance contracts for 2022 and 2023 reinsurance year specialty crops. The total funding available for ADD PAY II is \$30 million.

Currently, all payments to AIPs are governed by the Standard Reinsurance Agreement (SRA), which is a contract between an AIP and FCIC. The SRA outlines the terms under which FCIC provides reinsurance and subsidies for eligible crop insurance contracts sold by the AIP. The additional funding from ADD PAY II will be allocated based on terms available under the SRA.

Under ADD PAY II, AIPs who administered one or more eligible crop insurance contracts for specialty crops for the 2022 or 2023 reinsurance years will be eligible for a one-time additional payment. Each AIP will receive a payment that is equal to a rate of 17.5 percent of the net book premium, less any administrative and operating (A&O) subsidy¹ already paid to the AIP as outlined in the SRA, on those specialty crop contracts that were subject to the A&O cap.² Contracts that were not subject to the reduction will not receive a payment.

Payment Calculation

ADD PAY II will be administered based on records maintained by RMA that were used for the settlement of accounts between the AIP and RMA at the time of the October 2024 transaction cutoff date based on the 2022 and 2023 reinsurance year annual settlements. The payment will be final upon receipt by the AIP and will not be altered based on any subsequent updates to premium or liability of qualifying crop insurance contracts made after that date. For example, if an AIP modifies a 2023 reinsurance year policy to decrease the amount of premium and liability after the ADD PAY II payment has been

¹ “A&O subsidy” means the subsidy for the administrative and operating expenses (A&O) paid by FCIC on behalf of the policyholder to the AIP (also referred to as “the Company”) for eligible crop insurance contracts.

² “A&O cap” refers to the common name of a reduction described in section III(a)(2)(G) of the SRA.

received, it will not affect any ADD PAY II payments.

If the total eligible payments under ADD PAY II reach, or may reach, \$30 million, the RMA Administrator will prorate the payments so that a total of \$30 million is paid. If the payments are prorated, funding for ADD PAY II will be distributed to AIPs proportionally based on their respective liability, which is the total value of insurance provided by AIPs to producers, for qualifying crop insurance contracts.

Notice and Comment and Effective Date

The Administrative Procedure Act (APA, 5 U.S.C. 553) provides that the notice and comment and 30-day delay in the effective date provisions do not apply when the rule involves specified actions, including matters relating to contracts. This rule governs contracts (the reinsurance agreements) between FCIC and AIPs and therefore falls within that exemption.

This rule is exempt from the regulatory analysis requirements of the Regulatory Flexibility Act (5 U.S.C. 601–612), as amended by the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA) because it involves matters relating to benefits. The requirements for the regulatory flexibility analysis in 5 U.S.C. 603 and 604 are specifically tied to the requirement for a proposed rule by section 553 or any other law; in addition, the definition of rule in 5 U.S.C. 601 is tied to the publication of a proposed rule.

The Office of Management and Budget (OMB) found this rule meets the criteria in 5 U.S.C. 804(2) of the Congressional Review Act (CRA). The CRA, at 5 U.S.C. 808(2) allows an agency to make such regulations effective immediately if the agency finds there is good cause to do so. USDA finds that notice and public procedure are contrary to the public interest because the rule is being implemented as directed by Congress. Therefore, USDA is not required to delay the effective date for 60 days from the date of publication to allow for Congressional review. Accordingly, this rule is effective upon publication in the **Federal Register**.

Executive Orders 12866, 13563, and 14192

Executive Order 12866, “Regulatory Planning and Review,” and Executive Order 13563, “Improving Regulation and Regulatory Review,” direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential

economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasized the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. Executive Order 14192 “Unleashing Prosperity Through Deregulation” announced the Administration policy to significantly reduce the private expenditures required to comply with Federal regulations to secure America’s economic prosperity and national security and the highest possible quality of life for each citizen and to alleviate unnecessary regulatory burdens placed on the American people. In line with the Executive Order requirements, the Agency chose this regulatory approach to maximize benefits and minimize burden on American producers. The requirements in Executive Orders 12866 and 13563 for the analysis of costs and benefits apply to rules that are determined to be significant or economically significant. This rule has been designated as not significant and therefore, OMB has not reviewed this rule and analysis of the costs and benefits is not required.

Environmental Review

The environmental impacts of this final rule have been considered in a manner consistent with the provisions of the National Environmental Policy Act (NEPA, 42 U.S.C. 4321–4347), and because USDA will be making the payments to producers, the USDA regulation for compliance with NEPA (7 CFR part 1b). As specified in 7 CFR 1b.4(b)(4), FCIC is categorically excluded from the preparation of an Environmental Analysis or Environmental Impact Statement unless the FCIC Manager (agency head) determines that an action may have a significant environmental effect. The FCIC Manager has determined this rule will not have a significant environmental effect. Therefore, FCIC will not prepare an environmental assessment or environmental impact statement for this action and this rule serves as documentation of the programmatic environmental compliance decision.

Executive Order 13175

This rule has been reviewed in accordance with the requirements of Executive Order 13175, “Consultation and Coordination with Indian Tribal Governments.” Executive Order 13175 requires Federal agencies to consult and coordinate with Tribes on a government-to-government basis on policies that have Tribal implications,

including regulations, legislative comments or proposed legislation, and other policy statements or actions that have substantial direct effects on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

USDA has assessed the impact of this rule on Indian Tribes and determined that this rule does not, to our knowledge, have Tribal implications that require Tribal consultation at this time. If a Tribe requests consultation, the USDA Risk Management Agency will work with the Office of Tribal Relations to ensure meaningful consultation is provided.

The Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA, Pub. L. 104–4) requires Federal agencies to assess the effects of their regulatory actions of State, local, and Tribal governments or the private sector. Agencies generally must prepare a written statement, including cost benefits analysis, for proposed and final rules with Federal mandates that may result in expenditures of \$100 million or more in any 1 year for State, local or Tribal governments, in the aggregate, or to the private sector. UMRA generally requires agencies to consider alternatives and adopt the more cost effective or least burdensome alternative that achieves the objectives of the rule. This rule contains no Federal mandates, as defined in Title II of UMRA, for State, local, and Tribal governments or the private sector. Therefore, this rule is not subject to the requirements of sections 202 and 205 of UMRA.

Paperwork Reduction Act of 1995

In accordance with the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35, subchapter I), the rule does not change the information collection approved by OMB under control numbers 0563–0053; Expiration Date: 3/31/2026 and 0563–0083; Expiration Date: 11/30/2026. No new information will be collected through this rule. All information has already been collected.

E-Government Act Compliance

FSA is committed to complying with the E-Government Act of 2002, to promote the use of the internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

The title and number of the Assistance Listing, to which this rule applies is No. 10.450—Crop Insurance.

List of Subjects in 7 CFR Part 460

Crop insurance, Disaster assistance.

For the reasons discussed above, FCIC amends 7 CFR part 460 as follows:

PART 460—DISASTER AND OTHER ADDITIONAL PAYMENTS

■ 1. The authority citation for part 460 is revised to read as follows:

Authority: 7 U.S.C. 1506(i), 1506(l), and 1506(o); Division N, Pub. L. 116–260, 134 Stat. 1182; and Title I, Division B, Pub. L. 118–158, 138 Stat. 1722.

■ 2. Revise the heading for part 460 to read as set forth above.

■ 3. Add subpart C, consisting of §§ 460.14 through 460.18, to read as follows:

Subpart C—Additional Payment II Program

Sec.

460.14 Applicability.

460.15 Definitions.

460.16 Eligibility.

460.17 Funding available for ADD PAY II.

460.18 Calculating and accounting ADD PAY II amounts.

§ 460.14 Applicability.

(a) This subpart specifies the terms and conditions of ADD PAY II.

(b) ADD PAY II is a one-time additional payment to Approved Insurance Providers (AIPs) administering eligible crop insurance contracts for 2022 and 2023 reinsurance year specialty crops.

§ 460.15 Definitions.

ADD PAY II means Additional Payment II Program.

Annual settlement means the settlement of accounts between the Company and FCIC for the reinsurance year, beginning with the October monthly transaction cutoff date following the end of the subsequent reinsurance year and continuing monthly thereafter, as necessary.

A&O Subsidy means the subsidy for the administrative and operating expenses. The subsidy is paid by FCIC on behalf of the policyholder to the Company for additional coverage level crop insurance contracts in accordance with section 508(k)(4) of the Federal Crop Insurance Act (7 U.S.C. 1508(k)(4)).

Approved Insurance Provider (AIP) means a legal entity (also referred to as “the Company”) which has entered into

a Standard Reinsurance Agreement (SRA) with FCIC for the applicable reinsurance year.

Crop Provisions means the part of the policy that contains the specific provisions of insurance for each insured crop.

Eligible crop insurance contract means an insurance contract with an eligible producer:

(1) Covering an agricultural commodity authorized to be insured under the Federal Crop Insurance Act and approved for sale by FCIC;

(2) With terms and conditions in effect as of the applicable contract change date;

(3) That is sold and serviced in accordance with the Federal Crop Insurance Act, FCIC regulations, FCIC procedures, and the SRA; and

(4) That has a sales closing date within the reinsurance year.

FCIC means the Federal Crop Insurance Corporation, a wholly owned Government Corporation of USDA that administers the Federal Crop Insurance Program.

Liability means total amount of insurance, value of production guarantee, or revenue protection guarantee for the unit determined in accordance with the Settlement of Claim provisions of the applicable Crop Provisions.

Net book premium means the premium amount established by FCIC for eligible crop insurance contracts in accordance with section 508(d)(2) of the Federal Crop Insurance Act (7 U.S.C. 1508(d)(2)), less any amount for A&O subsidy.

Qualifying crop insurance contract means an eligible crop insurance contract for a 2022 or 2023 reinsurance year specialty crop.

Reinsurance year means the term of the SRA beginning July 1 and ending on June 30 of the following year and, for reference purposes, identified by the year containing June.

RMA means the Risk Management Agency, USDA.

Specialty crop means agricultural commodities described in section 101 of Title I of the Specialty Crops Competitiveness Act of 2004 (7 U.S.C. 1621 note), including fruits and vegetables, tree nuts, dried fruits, horticulture nursery crops, and other crops listed on the RMA specialty crops website at <https://www.rma.usda.gov/about-crop-insurance/highlighted-initiatives-plans/specialty-crops>, or a successor website.

Standard Reinsurance Agreement (SRA) means the agreement between an AIP and FCIC by which the insurer transfers to FCIC certain liabilities

arising from the insurer's sales of insurance policies in return for a portion of premium monies and administrative expense reimbursements.

USDA means United States Department of Agriculture.

§ 460.16 Eligibility.

To be eligible for additional payment under ADD PAY II, the participant must be an AIP who administered one or more eligible crop insurance contracts for specialty crops for the 2022 or 2023 reinsurance years.

§ 460.17 Funding available for ADD PAY II.

(a) The total funding available for ADD PAY II is \$30 million.

(b) Funds from Title I of Division B of the American Relief Act, 2025 (Pub. L. 118–158) will be used for ADD PAY II.

§ 460.18 Calculating and accounting ADD PAY II amounts.

(a) Under ADD PAY II, AIPs who administered one or more eligible crop insurance contracts for specialty crops for the 2022 or 2023 reinsurance years will be eligible for a one-time additional payment. Each AIP will receive a payment that is equal to a rate of 17.5 percent of the net book premium on those specialty crop contracts that were subject to the reduction described in section III(a)(2)(G) of the SRA known as the A&O cap, less any A&O subsidy already paid to the AIP per the SRA. Contracts that were not subject to the reduction will not receive a payment.

(b) If the total additional payment sum of \$30 million for ADD PAY II is reached or may be reached, the RMA Administrator will prorate ADD PAY II amounts due so that a total of \$30 million is paid. If the payments are prorated, funding for ADD PAY II will be distributed to AIPs proportionally based on their respective liability for qualifying crop insurance contracts.

(c) ADD PAY II will be administered based on records maintained by RMA that were used for the settlement of accounts between the AIP and RMA at the time of the October 2024 transaction cutoff date based on the 2022 and 2023 reinsurance year annual settlements. The payment will be final upon receipt and will not be altered based on any subsequent updates to premium or liability of qualifying crop insurance contracts made after that date.

(d) Specifically, RMA will calculate the additional payment amounts under ADD PAY II as follows:

(1) For each qualifying crop insurance contract subject to a reduction described in section III(a)(2)(G) of the SRA, calculate 17.5 percent of net book premium;

(2) If the result of paragraph (d)(1) of this section is greater than the actual A&O subsidy paid for the qualifying crop insurance contract:

(i) Subtract the actual A&O subsidy paid from the result of paragraph (d)(1) of this section; and

(ii) Calculate total liability for the contract;

(3) Sum the results of paragraph (d)(2)(i) of this section by AIP;

(4) Sum the results of paragraph (d)(3) of this section across all AIPs;

(5) If the result of paragraph (d)(4) of this section is less than or equal to \$30 million, then pay each AIP their respective amount from paragraph (d)(3) of this section; and

(6) If the result of paragraph (d)(4) of this section is greater than \$30 million, then:

(i) Sum the results of paragraph (d)(2)(ii) of this section by AIP;

(ii) Sum the results of paragraph (d)(6)(i) of this section across all AIPs;

(iii) Divide paragraph (d)(6)(i) of this section by paragraph (d)(6)(ii) of this section to establish each AIP's proportion of total liability;

(iv) Multiply \$30 million by the result of paragraph (d)(6)(iii) of this section for each AIP; and

(v) Pay each AIP their respective amount from paragraph (d)(6)(iv) of this section.

Manager, Federal Crop Insurance Corporation.

Pacific Halibut Fisheries of the West Coast; 2025 Catch Sharing Plan; Inseason Action

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; inseason adjustment; request for comments.

SUMMARY: NMFS announces inseason action for the Pacific halibut recreational fishery in the International Pacific Halibut Commission's (IPHC) regulatory Area 2A. This action adds fishing dates in August and September in the Columbia River and Washington subareas and transfers allocation from the Oregon Central Coast subarea to the Columbia River subarea. These actions are intended to provide opportunity for anglers and are necessary to achieve the overall recreational fishery allocation in the Pacific Fishery Management Council's (Council) 2025 Pacific Halibut Catch Sharing Plan.

DATES: Effective August 16, 2025, through September 30, 2025 in the Washington and Columbia River

subareas, and August 16, 2025, through October 31, 2025 in the Oregon Central Coast subarea. Comments due on or before August 26, 2025.

ADDRESSES: Submit your comments, identified by NOAA-NMFS-2024-0139, by either of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to <https://www.regulations.gov> and enter NOAA-NMFS-2024-0139 in the Search box. Click on the "Comment" icon, complete the required fields, and enter or attach your comments.

- **Mail:** Submit written comments to Jennifer Quan, Regional Administrator, c/o Heather Fitch, West Coast Region, NMFS, 501 W Ocean Blvd., Long Beach, CA 90802.

Instructions: NMFS may not consider comments if they are sent by any other method, to any other address or individual, or received after the comment period ends. SUPPLEMENTARY INFORMATION:

Background

On April 2, 2025, NMFS published a final rule (90 FR 14422) implementing the 2025 Area 2A recreational (sport) fishing dates (fishing periods) and subarea allocations. The final rule (90 FR 14422, April 2, 2025) stated that, if sufficient subarea allocations remain for at least another full day of fishing after June 30, NMFS may take inseason action to reopen the Columbia River and Washington subareas in August, up to 7 days per week, through September.

Pacific halibut regulations for Area 2A provide NMFS with the authority to make inseason modifications to recreational fishing periods and subarea allocations (50 CFR 300.63(c)(6)(ii)), following consultation with the Council, IPHC and the affected states. Inseason modifications may be implemented to allow for allocation objectives to be met, as long as they do not result in exceeding the allocation for the area (50 CFR 300.63(c)(6)(i)).

In accordance with 50 CFR 300.63(c), inseason actions are announced in the **Federal Register** and also on the NMFS hotline at (206) 526-6667 or (800) 662-9825. Weekly catch reports are available on their respective state Fish and Wildlife agency websites. NMFS will continue to monitor recreational catch estimates obtained via state sampling procedures until NMFS has determined that there is not sufficient subarea allocation for another full day of fishing or until there are no more open fishing dates, whichever is earlier.

After consulting with the Washington Department of Fish and Wildlife (WDFW) and the Oregon Department of Fish and Wildlife (ODFW), and other appropriate entities, NMFS has determined that the following actions are necessary to meet the management objective of achieving, but not exceeding, the Area 2A recreational fishery subarea allocations. These actions are intended to provide opportunity for anglers to achieve the overall Area 2A recreational fishery allocation.

Inseason Actions

Washington Puget Sound and the U.S. Convention Waters in the Strait of Juan de Fuca (Puget Sound Subarea)

The Puget Sound subarea recreational fishery opened on April 3, 2025. Through June 30, 2025, anglers in the Puget Sound subarea harvested 69,134 pounds (31.36 metric tons (mt)) of the 79,772-pound (36.18-mt) allocation, leaving 10,638 pounds (4.83 mt) remaining (13 percent). Sufficient allocation remains for at least another full day of fishing, therefore the Puget Sound subarea will be open for 7 days per week from August 16 through September 30, 2025, or until there is not sufficient allocation for another full day of fishing and the area is therefore closed.

Washington North Coast Subarea

The North Coast subarea recreational fishery opened on May 1, 2025. Through June 30, 2025, anglers in the North Coast subarea harvested 87,690 pounds (39.78 mt) of the 130,409-pound (59.15-

mt) allocation, leaving 42,719 pounds (19.38 mt) remaining (33 percent). Sufficient allocation remains for at least another full day of fishing, therefore the North Coast subarea will be open for 7 days per week from August 16 through September 30, 2025, or until there is not sufficient allocation for another full day of fishing and the area is therefore closed.

Washington South Coast Subarea

The South Coast subarea recreational fishery opened on May 1, 2025. Through June 30, 2025, anglers in the South Coast subarea harvested 36,675 pounds (16.64 mt) of the 65,117-pound (29.54-mt) allocation, leaving 28,443 pounds (12.90 mt) remaining (44 percent). Sufficient allocation remains for at least another full day of fishing, therefore the South Coast subarea will be open Sunday through Friday, August 17 through September 30, 2025, as follows:

- August 17–22, 24–29, and 31;
- September 1–5, 7–12, 14–19, 21–26, and 28–30; or
- until there is not sufficient allocation for another full day of fishing and the area is therefore closed.

Columbia River Subarea

The Columbia River subarea recreational fishery opened on May 1, 2025. Through June 30, 2025, anglers in the Columbia River subarea harvested 17,014 pounds (7.72 mt) of the 19,087-pound (8.66-mt) allocation, leaving 2,073 pounds (0.94 mt) remaining (11 percent). Sufficient allocation remains for at least another full day of fishing, therefore the Columbia River subarea will be open Sunday through Friday, August 17 through September 30, 2025, as follows:

- August 17–22, 24–29, and 31;
- September 1–5, 7–12, 14–19, 21–26, and 28–30; or
- until there is not sufficient allocation for another full day of fishing and the area is therefore closed.

Additionally, the Columbia River subarea will receive an allocation transfer from the Oregon Central Coast subarea of 5,000 pounds (2.27 mt).

Oregon Central Coast Subarea

The Oregon Central Coast subarea opened May 1, 2025. Through June 30, 2025, anglers in the Oregon Central Coast subarea harvested 100,562 pounds (45.61 mt). Projections indicate that there is more than a sufficient amount of the 2025 allocation remaining to support fishing in the Oregon subareas through the end of the season, on October 31, 2025. Therefore, NMFS is taking inseason action to transfer 5,000 pounds (2.27 mt) of the Oregon Central

Coast subarea's remaining 2025 allocation to the Columbia River subarea. This inseason action is not anticipated to reduce any fishing opportunities in the Oregon subareas.

Classification

NMFS issues this action pursuant to the Northern Pacific Halibut Act of 1982. This action is taken under the regulatory authority at 50 CFR 300.63(c)(6), and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be impracticable and contrary to the public interest. WDFW and ODFW provided updated landings data to NMFS on July 15, 2025, showing that through June 30, 2025, a combined 28 percent of the Columbia River and Washington subareas annual allocation was remaining. Included in the 2025 Area 2A recreational fishing regulations (90 FR 14422) was a provision that, if after June 30, 2025 sufficient allocation remained for at least another full day of fishing in the subareas referenced above, then NMFS may take inseason action to reopen the various fisheries. These conditions have been met and therefore NMFS is taking this inseason action. Because this potential inseason action was part of the rulemaking establishing this year's regulations, this action will not be unexpected by the public, which had previous opportunity to comment on it. In addition, this inseason action is necessary to allow for the Area 2A allocation objectives to be met in accordance with 50 CFR 300.63(c)(6)(i)(A); specifically to increase the opportunity to reach the overall Area 2A recreational fishery allocation. As the Columbia River and Washington subareas close on September 30, 2025, implementing this action through proposed and final rulemaking would undermine the benefit this action is intended to provide to fishery participants. Without timely implementation of additional fishing dates in the Columbia River and Washington subareas, and without a transfer of the Oregon Central Coast subarea allocation to the Columbia River subarea, the overall Area 2A recreational fishery allocation is unlikely to be harvested this year, thus limiting the economic benefits of the fishery to the fishery participants and obstructing the goals of the 2025 Catch Sharing Plan. Further, it is necessary that this rulemaking be implemented in a timely manner, so that proper planning for additional fishing dates can take place, including to allow for

business and personal decision making by the regulated public and others impacted by this action, which includes recreational charter fishing operations, associated port businesses, and private anglers who do not live near the fishery's coastal access points, among others. To ensure the regulated public is fully aware of this action, notice of this action will be provided to anglers through a telephone hotline, news release, and by the relevant state Fish and Wildlife agencies. NMFS will receive public comments for 15 days after publication of this action, in accordance with 50 CFR 300.63(c)(6)(iv). No aspect of this action is controversial, and changes of this nature were anticipated in the process described in regulations at 50 CFR 300.63(c).

For the reasons discussed above, there is also good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in effective date and make this action effective on August 16, 2025, as a delay in effectiveness of this action would constrain fishing opportunity, be inconsistent with the goals of the 2025 Catch Sharing Plan, and potentially limit the economic opportunity intended by this rule to the associated fishing communities. NMFS regulations allow the Regional Administrator to modify sport fishing periods, bag limits, size limits, days per calendar week, and subarea allocations inseason, when the action supports annual allocation objectives being met, and provided that such action will not result in exceeding the catch limit for a subarea. NMFS recently received information on the progress of landings in the recreational fisheries in the Columbia River and Washington subareas, as well as the Oregon Central Coast subarea, indicating that additional fishing dates in the Columbia River and Washington subareas are warranted and transferring allocation from the Oregon Central Coast subarea to the Columbia River subarea should be implemented to ensure the optimal harvest of the overall Area 2A allocation. As stated above, it is in the public interest that this action not be delayed, because a delay in the effectiveness could prevent the allocation objectives of the recreational Pacific halibut fishery from being met. Finally, NMFS has determined that this rule qualifies for a waiver of the 30-day delay in effective date pursuant to 5 U.S.C. 553(d)(1) because absent the delay in effectiveness participants would otherwise be able to fish on the additional fishing dates implemented in this rule.

[Docket No: 230316–0077; RTID 0648–XF104]

Fisheries of the Northeastern United States; Atlantic Herring Fishery; 2025 Management Area 1A Possession Limit Adjustment

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; possession limit adjustment.

SUMMARY: NMFS is implementing a 2,000-lb (907.2-kg) possession limit for Atlantic herring for Management Area 1A. This adjustment is required because NMFS projects that herring catch from Area 1A has reached 92 percent of the Area's sub-annual catch limit before the end of the fishing year. This action is intended to prevent overharvest of herring in Area 1A, which would result in additional catch limit reductions in a subsequent year.

DATES: Effective 00:01 hr local time, August 7, 2025, through December 31, 2025.

FOR FURTHER INFORMATION CONTACT: Ashley Trudeau, Fishery Resource Management Specialist, (978) 281–9252.

SUPPLEMENTARY INFORMATION: The Regional Administrator of the Greater Atlantic Regional Office monitors Atlantic herring fishery catch in each Management Area based on vessel and dealer reports, state data, and other available information. Regulations at 50 CFR 648.201(a)(1)(i)(A) require implementation of a 2,000-lb (907.2-kg) possession limit for herring for Area 1A when catch is projected to reach 92 percent of the sub-annual catch limit (ACL) for that area. The Magnuson-Stevens Fishery Conservation and Management Act provides authority to implement the possession limit only to the Secretary of Commerce, which has been delegated to the Regional Administrator.

Based on vessel reports, dealer reports, and other available information

the Regional Administrator estimates that the herring fleet caught more than 99 percent of the Area 1A sub-ACL through August 5, 2025. Therefore, unless otherwise changed by subsequent action, effective 00:01 hr local time August 7, 2025, through December 31, 2025, a person may not attempt or do any of the following: Fish for; possess; transfer; purchase; receive; land; or sell more than 2,000 lb of herring per trip or more than once per calendar day in or from Area 1A.

Vessels that enter port before 00:01 hr local time on August 7, 2025, may land and sell more than 2,000 lb (907.2 kg) of herring from Area 1A from that trip, provided that catch is landed in accordance with state management measures. Vessels may transit or land in Area 1A with more than 2,000 lb (907.2 kg) of herring on board, provided that: The herring were caught in an area not subject to a 2,000-lb (907.2-kg) limit; all fishing gear is stowed and not available for immediate use; and the vessel is issued a permit appropriate to the amount of herring on board and the area where the herring was harvested.

Also, unless otherwise changed by subsequent action, effective 00:01 hr local time, August 7, 2025, through 24:00 hr local time, December 31, federally permitted dealers may not attempt or do any of the following: Purchase; receive; possess; have custody or control of; sell; barter; trade; or transfer more than 2,000 lb (907.2 kg) of herring per trip or calendar day from Area 1A, unless it is from a vessel that enters port before 00:01 hr local time on August 7, 2025, and catch is landed in accordance with state management measures.

In accordance with the regulations at § 648.201(h), if NMFS determines that the New Brunswick weir fishery landed less than 2,722 mt of herring through October 1, 1,000 mt of herring will be deducted from the management uncertainty buffer and reallocated to the Area 1A sub-ACL and the ACL. If NMFS reallocates 1,000 mt of herring to the Area 1A sub-ACL, the 2,000-lb (907.2-kg) possession limit for Area 1A would be lifted, and could be reinstated if 92 percent of the revised Area 1A sub-ACL is projected to be harvested.

Additionally, on June 25, 2025, NMFS proposed revised 2025–2027 herring specifications, which, if they become final, would increase the 2025 ACL and sub-ACLs, including the Area 1A sub-ACL (90 FR 26955). If appropriate, the 2,000-lb possession limit for Area 1A would be lifted until 92 percent of the adjusted 2025 Area 1A sub-ACL is projected to be caught, including all

2025 Area 1A landings before these new specifications were implemented.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Fishery Conservation and Management Act. It is required by 50 CFR part 648, which was issued pursuant to section 304(b), and is exempt from review under Executive Order 12866.

NMFS finds good cause pursuant to 5 U.S.C. 553(b)(3)(B) to waive prior notice and the opportunity for public comment because it is unnecessary, contrary to the public interest, and impracticable. Ample prior notice and opportunity for public comment has been provided for the required implementation of this action. The requirement to implement this possession limit was developed by the New England Fishery Management Council using public meetings that invited public comment on the measures when they were developed and considered along with alternatives.

Further, the regulations requiring implementation of this possession limit also were subject to public notice and opportunity to comment, when they were first adopted in 2014. Herring fishing industry participants monitor catch closely and anticipate potential possession limit adjustments as catch totals approach Area sub-ACLs. The regulation is not discretionary and is designed for implementation as quickly as possible to prevent catch from exceeding limits designed to prevent overfishing while allowing the fishery to achieve optimum yield.

The 2025 herring fishing year began on January 1, 2025, and Management Area 1A opened to fishing on July 27, 2025. Data indicating that the herring fleet will have landed at least 92 percent of the 2025 sub-ACL allocated to Area 1A only recently became available. High-volume catch and landings in this fishery can increase total catch relative to the sub-ACL quickly, especially in this fishing year where annual catch

limits are unusually low. If implementation of this possession limit adjustment is delayed to solicit prior public comment, the 2025 sub-ACL for Area 1A will likely be exceeded; thereby undermining the conservation objectives of the Herring Fishery Management Plan (FMP). If sub-ACLs are exceeded, the excess must be deducted from a future sub-ACL and would reduce future fishing opportunities. The public expects these actions to occur in a timely way consistent with the FMP's objectives. For the reasons stated above, NMFS also finds good cause to waive the 30-day delayed effectiveness in accordance with 5 U.S.C. 553(d)(3).

Proposed Amendment of Class C Airspace at Jacksonville International Airport, FL; Public Meeting

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notification of meeting.

SUMMARY: This notice announces a fact-finding informal airspace meeting regarding a plan to amend Class C airspace at Jacksonville International Airport, FL (KJAX). The purpose of the meeting is to solicit aeronautical comments on the proposal's effects on local aviation operations. All comments received during the meeting, and the subsequent comment period, will be considered prior to the issuance of a notice of proposed rulemaking (NPRM).

DATES: The meeting will be held virtually on September 11, 2025, from 5:00 p.m. to 7:00 p.m. (Eastern Time). Comments must be received on or before October 11, 2025.

ADDRESSES: *Comments:* Send comments on the proposal to: Matthew Cathcart, Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization, Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337; or via email to: 9-AJO-JAX-Class-C-Comments@faa.gov.

FOR FURTHER INFORMATION CONTACT: Madinah Byrd, Acting Air Traffic Manager, Jacksonville Airport Traffic Control Tower, 14451 Whirlwind Avenue, Jacksonville, FL 32218. Telephone Number 904-741-0705, Email: Madinah.s.byrd@faa.gov.

SUPPLEMENTARY INFORMATION:

Meeting Procedures

The meeting will provide interested parties an opportunity to present views, recommendations, and comments on the proposed airspace. This will be a virtual informal airspace meeting using the

Zoom teleconferencing tool. The meeting will also be recorded and available to watch on the FAA YouTube channel.

(a) Registration: To attend the meeting, the public can register here: <https://airportnetwork.zoom.us/webinar/register/WN/CiLntyPfQWaHvBzifEX-zQ>.

(b) The meeting will be open to all persons on a space-available basis. There will be no admission fee or other charge to attend and participate. The meeting will be informal in nature and will be conducted by one or more representatives of the FAA Eastern Service Area. A representative from the FAA will present a briefing on the planned airspace modifications.

(c) Each participant will be given an opportunity to deliver comments or make a presentation, although a time limit may be imposed to accommodate closing times. Only comments concerning the plan to amend the Jacksonville International Airport Class C airspace area will be accepted.

(d) Each person wishing to make a presentation will be asked to note their intent when registering for the meeting so those time frames can be established. This meeting will not be adjourned until everyone registered to speak has had an opportunity to address the panel. This meeting may be adjourned at any time if all persons present have had an opportunity to speak.

(e) Position papers or other handout material relating to the substance of the meeting will be accepted. Participants submitting papers or handout materials should send them to the mail or email address noted in the **ADDRESSES** section above. Such material must be received on or before the October 11, 2025, comment deadline noted in the **DATES** section above.

(f) This meeting will be formally recorded and available on the FAA YouTube channel. A summary of the comments made at the meeting will be filed in the rulemaking docket.

Information gathered through this meeting will assist the FAA in drafting an NPRM that would be published in the **Federal Register**. The public will be afforded the opportunity to comment on any NPRM published on this matter.

A graphic depiction of the proposed airspace modifications may be viewed at the following URL: www.faa.gov/go/jacksonville.

The meeting will be informal in nature and will be conducted by one or more representatives of the FAA Eastern Service Area. A representative from the FAA will present a briefing on the planned airspace modifications.

(c) Each participant will be given an opportunity to deliver comments or make a presentation, although a time limit may be imposed to accommodate closing times. Only comments concerning the plan to amend the Daytona Beach International Airport Class C airspace area will be accepted.

(d) Each person wishing to make a presentation will be asked to note their intent when registering for the meeting so those time frames can be established. This meeting will not be adjourned until everyone registered to speak has had an opportunity to address the panel. This meeting may be adjourned at any time if all persons present have had an opportunity to speak.

(e) Position papers or other handout material relating to the substance of the meeting will be accepted. Participants submitting papers or handout materials should send them to the mail or email address noted in the **ADDRESSES** section above. Such material must be received on or before the October 11, 2025, comment deadline noted in the **DATES** section above.

(f) This meeting will be formally recorded and available on the FAA YouTube channel. A summary of the comments made at the meeting will be filed in the rulemaking docket.

Information gathered through this meeting will assist the FAA in drafting an NPRM that would be published in the **Federal Register**. The public will be

afforded the opportunity to comment on any NPRM published on this matter.

A graphic depiction of the proposed airspace modifications may be viewed at the following URL: www.faa.gov/go/daytonabeach.

[Docket No. FAA-2025-2232; Airspace Docket No. 25-ACE-3]

RIN 2120-AA66

Amendment of Class D and Class E Airspace, Establishment of Class E Airspace, and Revocation of Class E; Wichita, KS

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class D and Class E airspace, establish Class E airspace, and revoke Class E airspace at Wichita, KS. The name of Wichita Dwight D. Eisenhower National Airport, Wichita, KS; the geographic coordinates of Augusta Municipal Airport, Augusta, KS; and the name and geographic coordinates of the McConnell AFB, Wichita, KS, and the Wichita Dwight D. Eisenhower Intl: RWY 01R-LOC would also be updated to coincide with the FAA's aeronautical database. The FAA is proposing these actions to accommodate a U.S. Air Force request to change the McConnell AFB Class D airspace from full-time to part-time and establish part-time Class E surface airspace and the associated airspace reviews conducted to accommodate this request. This action will bring the airspace into compliance

with FAA orders and support instrument flight rule (IFR) procedures and operations.

DATES: Comments must be received on or before September 25, 2025.

ADDRESSES: Send comments identified by FAA Docket No. FAA-2025-2232 and Airspace Docket No. 25-ACE-3 using any of the following methods:

* *Federal eRulemaking Portal:* Go to www.regulations.gov and follow the online instructions for sending your comments electronically.

* *Mail:* Send comments to Docket Operations, M-30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12-140, West Building, Ground Floor, Washington, DC 20590-0001.

* *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

* *Fax:* Fax comments to Docket Operations at (202) 493-2251.

Docket: Background documents or comments received may be read at www.regulations.gov at any time. Follow the online instructions for accessing the docket or go to Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that

section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend, establish, or remove Class D and E airspace to support IFR operations at the affected airports.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it received on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov as described in the system of records notice (DOT/ALL-14FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Operations office (see the **ADDRESSES** section for the

address, phone number, and hours of operations). An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Incorporation by Reference

Class D and E airspace is published in paragraphs 5000, 6002, 6003, 6004, and 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11J, dated July 31, 2024, and effective September 15, 2024. These updates would be published subsequently in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11J, which lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points, is publicly available as listed in the **ADDRESSES** section of this document.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 that would make several modifications to the Class D and E airspace in the Wichita, Kansas area as the result of a U.S. Air Force request to change the McConnell AFB, Wichita, KS, Class D airspace from full-time to part-time and to establish part-time Class E surface airspace and the associated airspace reviews affected by the request.

For the Beech Factory Airport, Wichita, KS, Class D airspace, the proposal would: (1) expand the radius from 4.2 miles to 4.4 miles; (2) remove the name of the airport from the airspace legal description header to comply with changes to FAA Order JO 7400.2R, Procedures for Handling Airspace Matters; (3) remove the city associated with the airport in the airspace legal description to comply with changes to FAA Order JO 7400.2R; (4) add an exclusion for the McConnell AFB, Wichita, KS, Class E surface area; and (5) change the coordinates of the boundary line from "lat. 37°43'07" N, long. 97°17'51" W, to lat. 37°43'47" N, long. 97°08'21" W" to "lat 37°43'22" N, long. 097°18'26" W, to lat 37°43'23" N, long. 097°07'49" W" to account for the expansion of the Class D airspace and Class E surface airspace at Beech Factory Airport and Colonel James Jabara Airport, Wichita, KS.

For the McConnell AFB Class D airspace, the proposal would: (1) expand the radius from 4.5 miles to 4.6

miles; (2) remove the name of the airport from the airspace legal description header to comply with changes to FAA Order JO 7400.2R; (3) remove the city associated with the airport from the airspace legal description to comply with changes to FAA Order JO 7400.2R; (4) add an exclusion area within a 1-mile radius of the Beech Factory Airport; (5) update the name of the Wichita Mid-Continent Airport, KS, Class C area to Wichita, KS, Class C area to coincide with a change to the airspace legal description; and (6) add part-time language to the airspace legal description.

For the Beech Factory Airport Class E surface airspace, the proposal would: (1) increase the radius from 4.2 miles to 4.4 miles; (2) remove the name of the airport from the airspace legal description header to comply with changes to FAA Order JO 7400.2R; (3) remove the city associated with the airport in the airspace legal description to comply with changes to FAA Order JO 7400.2R; (4) add an exclusion for the McConnell AFB Class E surface area; and (5) change the coordinates of the boundary line from "lat. 37°43'07" N, long. 97°17'51" W, to lat. 37°43'47" N, long. 97°08'21" W" to "lat 37°43'22" N, long. 097°18'26" W, to lat 37°43'23" N, long. 097°07'49" W" to account for the expansion of the Class D airspace and Class E surface airspace at Beech Factory Airport and Colonel James Jabara Airport.

For the Colonel James Jabara Airport Class E surface airspace, the proposal would: (1) increase the radius from 4 miles to 4.3 miles; (2) remove the name of the airport from the airspace legal description header to comply with changes to FAA Order JO 7400.2R; (3) remove the city associated with the airport from the airspace legal description to comply with changes to FAA Order JO 7400.2R; (4) add an exclusion area south of a line from lat 37°43'22" N, long. 097°18'26" W, to lat 37°43'23" N, long. 097°07'49" W; and (5) remove the exclusion to the McConnell AFB Class D airspace as it is no longer required.

The proposal would establish a part-time Class E surface area at McConnell AFB within a 4.6-mile radius of the airport excluding that airspace within a 1-mile radius of Beech Factory Airport and within the Wichita, KS, Class C airspace area.

The proposal would establish a Class E airspace area designated as an extension to Class C airspace at Wichita Dwight D. Eisenhower Airport, Wichita, KS, within 7.2 miles each side of the 126° bearing from the Wichita VORTAC

extending from the airport to 7.8 miles northwest of the airport.

The proposal would remove the Class E airspace area designated as an extension to a Class D surface area at McConnell AFB as it is no longer required.

For the Wichita, KS, Class E airspace extending upward from 700 feet above the surface, the proposal would: (1) increase the radius from 7.2 miles to 7.9 miles at Wichita Dwight D. Eisenhower National Airport; (2) modify the extension to within 1.1 miles (reduced from 4 miles west east) of the 126°/306° bearings (previously the Mid-Continent Airport ILS localizer course to runway 1L) extending from the 7.9-mile radius (previously airport) of the Wichita Dwight D. Eisenhower National Airport to 9.5 miles (reduced from 13 miles) northwest (previously south) of the Wichita Dwight D. Eisenhower National Airport (previously airport to 7.4 miles north of the airport); (3) update the name and geographic coordinates of the Wichita Dwight D. Eisenhower Intl: RWY 01R-LOC (previously Wichita Mid-Continent Localizer Runway 1L) and McConnell AFB (previously McConnell Air Force Base) to coincide with the FAA's aeronautical database; (4) update the name of Wichita Dwight D. Eisenhower National Airport (previously Wichita Mid-Continent Airport) to coincide with the FAA's aeronautical database; (5) increase the radius from 7 miles to 7.1 miles at McConnell AFB; (6) remove the Wichita McConnell Air Force Base, KS, listing associated with the localizer and the associated extension south of the McConnell AFB from the airspace legal description as they are no longer required; (7) remove the cities associated with McConnell AFB and Colonel James Jabara Airport to comply with changes to FAA Order JO 7400.2R; (8) increase the radius from 6.4 miles to 6.8 miles at Augusta Municipal Airport; (9) update the geographic coordinates of Augusta Municipal Airport to coincide with the FAA's aeronautical database; (10) increase the radius from 6.5 miles to 6.8 miles of Colonel James Jabara Airport; (11) remove the AUBRA Waypoint and the associated extension from the airspace legal description as they are no longer required; and (12) remove the name of Wichita Mid-Continent Airport from the airspace legal description header to comply with changes to FAA Order JO 7400.2R.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and

routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1G, "FAA National Environmental Policy Act Implementing Procedures" prior to any FAA final regulatory action.

RIN 2120-AA66

Amendment of Class E Airspace; George West, TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class E airspace at George West, TX. The FAA is proposing this action as the result of an airspace review conducted due to the decommissioning of the Three Rivers very high frequency omnidirectional range (VOR) as part of the VOR Minimum Operational Network (MON) Program. This action would bring the airspace into compliance with FAA orders and support instrument flight rule (IFR) procedures and operations.

DATES: Comments must be received on or before September 25, 2025.

ADDRESSES: Send comments identified by FAA Docket No. FAA-2025-2255 and Airspace Docket No. 25-ASW-9 using any of the following methods:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend the Class E airspace to support IFR operations at the affected airport.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it received on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change

this proposal in light of the comments it receives.

An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Incorporation by Reference

Class E airspace is published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11J, dated July 31, 2024, and effective September 15, 2024. These updates would be published subsequently in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11J, which lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points, is publicly available as listed in the **ADDRESSES** section of this document.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 that would modify the Class E airspace at George West, Texas due to an airspace review conducted as part of the decommissioning of the Three Rivers VOR as part of the VOR MON Program.

For the Live Oak County Airport, George West, TX, Class E airspace extending upward from 700 ft above the surface, the proposal would: (1) increase the radius from 6.4 miles to 7.7 miles of

the airport; (2) remove the Three Rivers VORTAC and the associated extension from the airspace legal description; and (3) remove the city associated with the airport from the airspace legal description to comply with changes to FAA Order JO 7400.2R, Procedures for Handling Airspace Matters.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1G, "FAA National Environmental Policy Act Implementing Procedures" prior to any FAA final regulatory action.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 257

[EPA–HQ–OLEM–2021–0051; FRL–12769–03–OLEM]

North Dakota: Approval of State Coal Combustion Residuals Permit Program; Reopening of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification of availability; reopening of comment period.

SUMMARY: The Environmental Protection Agency (EPA or the Agency) issued a **Federal Register** document on May 16, 2025, proposing to approve the North Dakota Coal Combustion Residuals (CCR) partial permit program under the Resource Conservation and Recovery Act (RCRA). EPA is reopening the comment period to propose its intention to approve additional revisions to the North Dakota CCR permit program which, if finalized, will provide North Dakota with additional authority to implement a State CCR permit program. The Agency is reopening the comment period to accept comments on the proposed revisions and EPA's evaluation of the changes.

DATES: The comment period for the notification of availability published on May 16, 2025 (90 FR 20985) closed July 15, 2025, and is reopened for an additional 15 days. Comments must be received on or before August 26, 2025.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–OLEM–2021–0051, online at <https://www.regulations.gov>. Follow the detailed online instructions provided under **ADDRESSES** in the **Federal**

Register document published on May 16, 2025 (90 FR 20985). Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instruction on commenting and visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT:

Michelle Lloyd, Office of Resource Conservation and Recovery, Materials Recovery and Waste Management Division, Environmental Protection Agency, 1200 Pennsylvania Avenue NW, MC: 5304T, Washington, DC 20460; telephone number: (202) 566-0560; email address: lloyd.michelle@epa.gov. For more information on this rulemaking please visit <https://www.epa.gov/coalash>.

SUPPLEMENTARY INFORMATION: EPA is reopening the comment period on the proposed approval, North Dakota: Approval of State Coal Combustion Residuals Permit Program (May 16, 2025, 90 FR 20985) to provide notice of and accept public comment on revisions to the State's CCR permit program that EPA intends to approve as part of North

Dakota's partial CCR permit program because the Agency determined the revisions are at least as protective as the Federal CCR regulations. On June 26, 2025, the North Dakota Department of Environmental Quality (NDDEQ) informed EPA of rule changes to the North Dakota Administrative Code (NDAC) Chapters 33.1-20-01.1 (General Provisions), 33.1-20-02.1 (Applicability), and 33.1-20-08 (Disposal of Coal Combustion Residuals (CCR) in Landfills and Surface Impoundments) of the Solid Waste Management Rules that the State completed in 2024. The rule changes became effective on October 1, 2024. NDDEQ sent the updated rule changes and rulemaking information to the Agency on July 3, 2025. EPA placed the new relevant NDAC rule changes in the docket for this action. Additionally, EPA prepared an additional evaluation of North Dakota's CCR permit program submittal in light of these revisions to the State program. EPA's evaluation can be found in the docket in a document titled "Addendum to the Technical Support Document for the Approval of North Dakota's Coal Combustion Residuals Permit Program, dated July 2025."

Many of the changes to the State's rules updated the rules to incorporate the two categories of provisions for which North Dakota did not seek approval of in its March 10, 2023, application. EPA included 24 items for which the state did not seek approval in the proposal (90 FR 20994, 20995, May 16, 2025). In addition to addressing the partial program elements, NDDEQ made conforming rule changes to grammar, formatting, and requiring documents to be submitted to the State in facility permit applications.

To submit comments or access the docket, please follow the detailed instructions provided under **ADDRESSES** in the **Federal Register** document published on May 16, 2025 (90 FR 20985). Comments previously submitted need not be resubmitted as they are already incorporated into the public record and will be considered in the final action as appropriate. If you have questions, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

Information Collection: Post-Hurricane Research and Assessment of Agriculture, Forestry, and Rural Communities in the U.S. Caribbean

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the renewal of a currently approved information collection, Post-Hurricane Research and Assessment of Agriculture and Forestry Systems in the U.S. Caribbean (OMB #0596–0246).

DATES: Comments must be received in writing on or before October 10, 2025 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to Kathleen McGinley, Social Scientist, USDA Forest Service, International Institute of Tropical Forestry (IITF), Jardín Botánico Sur, 1201 Calle Ceiba, San Juan, PR 00926. Comments also may be submitted by email to: kathleen.mcginley@usda.gov. Please include “Comments re: Post-Hurricane Research” in the subject line.

Comments submitted in response to this notice may be made available to the public through relevant websites and upon request. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note

that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comments that may be made available to the public notwithstanding the inclusion of the routine notice.

The public may request an electronic copy of the draft supporting statement and/or any comments received be sent via return email. Requests should be emailed to kathleen.mcginley@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Post-Hurricane Research and Assessment of Agriculture, Forestry and Rural Communities in the U.S. Caribbean.

OMB Number: 0596–0246.

Expiration Date of Approval: January 31, 2026.

Type of Request: Renewal without change of a currently approved information collection.

Abstract: Agriculture and forestry systems in the U.S. Caribbean provide many goods and services but experience recurrent disturbances such as hurricanes and tropical storms that can disrupt their productivity and pose challenges to their effective management. Recent hurricanes affecting Puerto Rico and the U.S. Virgin Islands, including Irma and María in 2017, Fiona in 2022, and Ernesto in 2024, underscore the frequency with which hurricanes can occur and their singular and compounding effects across multiple sectors and scales. For instance, in 2022, hurricane Fiona resulted in the reported loss of more than ninety percent of the commercial crops in Puerto Rico, just 5 years after 80 percent of the island’s commercial crops had been lost to hurricanes Irma and Maria. Total damages in Puerto Rico from hurricane Fiona were reported to exceed \$2.7 billion (USD), making Fiona the third costliest hurricane on record for the island, following María in 2017 and Georges in 1998.

Many laws and policies direct the U.S. Department of Agriculture (USDA) and USDA Forest Service to support productive and sustainable agriculture and natural resource systems that provide benefits to the American public. Many of these are directly relevant to developing and disseminating science-based information on agriculture and forest system response and resilience to disturbances, like hurricanes, including the National Agricultural Research, Extension, and Teaching Policy Act of 1977, the Cooperative Forestry Assistance Act of 1978, the Forest and Rangeland Renewable Resources Research Act of 1978, and the Rural Development Policy Act of 1980.

Shortly after the passage of hurricanes Irma and Maria in 2017, the Forest Service began periodically collecting information on hurricane effects, response, recovery and adaptive capacity in agricultural and forestry systems in the U.S. Caribbean. This information has been collected under Office of Management and Budget (OMB) Approval #0596–0246, initially authorized by OMB under emergency processing procedures in 2018, renewed in 2019 under regular approval, and renewed with revisions that included the expansion of the information collection instruments to include researcher-implemented surveys in 2022.

The Forest Service seeks to obtain OMB approval for renewal of the currently approved information collection #0596–0246 to continue to collect information from farm and forest owners, managers, operators, advisors, and others with a stake in the agriculture and forestry sectors in Puerto Rico and the U.S. Virgin Islands. Renewal of this information collection and continued research on hurricane effects, responses, and related changes over time will enable the Forest Service to provide science-based information critical to the design and implementation of ongoing recovery work in the U.S. Caribbean and to longer-term adaptive management strategies there and in other regions affected by hurricanes or other major disturbances.

Affected Public: Individuals and households, Private sector businesses, Non-profit and Non-governmental organizations, State and Local government.

Estimate of Burden per Response: 15 minutes for surveys, 25 minutes for interviews.

Estimated Annual Number of Respondents: 250.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 110 hours.

Comment is Invited: Comment is invited on: (1) whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request for Office of Management and Budget approval.

Deputy Chief, Research and Development.

Bureau of Industry and Security

Information Systems Technical Advisory Committee

AGENCY: Bureau of Industry and Security, U.S. Department of Commerce.

ACTION: Notice of partially closed meeting.

SUMMARY: The Information Systems Technical Advisory Committee (ISTAC) advises and assists the Secretary of

Commerce and other Federal officials on matters related to export control policies; the ISTAC will meet on August 27–28, 2025, to review and discuss these matters. This meeting will be partially closed to the public pursuant to the exemptions under the Federal Advisory Committee Act (FACA) and the Government in the Sunshine Act.

DATES: The meeting will be held on August 27, 2025, from 9:00 a.m. to 4:00 p.m. Eastern Time (all times are Eastern Time), and on August 28, 2025, from 9:00 a.m. to 12:00 p.m. Specifically, on August 27, 2025, the open session will start at 9:00 a.m. and end at approximately 9:40 a.m.; the closed session will start at approximately 10:15 a.m. and end no later than 4:00 p.m. On August 28, 2025, there will be no open session; the closed session will start at approximately 9:00 a.m. and end at approximately 12:00 p.m. Individuals requiring special accommodations to access the open session on August 27, 2025, should contact TAC@bis.doc.gov no later than 11:59 p.m. on August 20, 2025, so that BIS can make the appropriate arrangements. Individuals interested in participating virtually should contact TAC@bis.doc.gov no later than 11:59 p.m. on August 24, 2025.

ADDRESSES: The open session will be held virtually; the closed session will be held at the Herbert C. Hoover Building, 1401 Constitution Avenue NW, Washington, DC. The open session will be accessible to the public via teleconference.

FOR FURTHER INFORMATION CONTACT: Kevin Coyne, Committee Liaison Officer, Bureau of Industry and Security, U.S. Department of Commerce. For additional information, contact TAC@bis.doc.gov or by phone 202–482–4933.

SUPPLEMENTARY INFORMATION:

Background

The Information Systems Technical Advisory Committee (ISTAC) advises and assists the Secretary of Commerce (Secretary) and other Federal officials and agencies with respect to actions designed to carry out the policy set forth in Section 1752 of the Export Control Reform Act. The purpose of the meeting is to have Committee members and U.S. Government representatives mutually review updated technical data and policy-driving information that has been gathered.

Agenda

The open session will include open business discussions and/or industry presentations. The closed session will

include the discussion of matters determined to be exempt from the open meeting consistent with the public participation requirements in Sections 1009(a)(1) and 1009(a)(3) of the Federal Advisory Committee Act (FACA) (5 U.S.C. 1001–1014). The exemption is authorized by Section 1009(d) of the FACA, which permits the closure of advisory committee meetings, or portions thereof, if the head of the agency to which the advisory committee reports determines such meetings may be closed to the public in accordance with subsection (c) of the Government in the Sunshine Act (5 U.S.C. 552b(c)). In this case, the applicable provisions of 5 U.S.C. 552b(c) are subsection 552b(c)(4), which permits closure to protect trade secrets and commercial or financial information that is privileged or confidential, and subsection 552b(c)(9)(B), which permits closure to protect information that would be likely to disclose information the premature disclosure of which would be likely to significantly frustrate the implementation of a proposed agency action. The closed session of the meeting will involve committee discussions and guidance regarding U.S. Government strategies and policies.

Open Session Attendance

The open session will be accessible via teleconference. Registration in advance is required to receive the meeting invite for virtual attendance. Individuals interested in participating virtually should contact TAC@bis.doc.gov no later than 11:59 p.m. Eastern Time on August 24, 2025.

Special Accommodations

Individuals requiring special accommodations to access the open session virtually should contact TAC@bis.doc.gov no later than 11:59 p.m. Eastern Time on August 20, 2025, so that appropriate arrangements can be made.

Public Participation

To the extent that time permits, members of the public may present oral statements to the ISTAC. The public may also submit written statements at any time before or after the meeting. However, to facilitate the distribution of materials to the ISTAC members, written materials should be submitted to TAC@bis.doc.gov prior to the start of the meeting. All such materials submitted will be made public and, therefore, should not contain confidential information. Meeting materials from the open session will be posted to the Technical Advisory Committee (TAC)

site (<https://tac.bis.doc.gov>) within 30 days after the meeting.

Closure Determination

The Acting Chief Financial Officer and Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined pursuant to 5 U.S.C. 1009(d), that the portion of the meeting dealing with pre-decisional changes to the Commerce Control List and the U.S. export control policies shall be exempt from the provisions relating to public meetings found in 5 U.S.C. 1009(a)(1) and 1009(a)(3). The remaining portions of the meeting will be open to the public.

Meeting Cancellation

If the meeting is cancelled, a cancellation notice will be posted on the TAC website at <https://tac.bis.doc.gov>.

Common Alloy Aluminum Sheet From India: Preliminary Results and Partial Rescission of Countervailing Duty Administrative Review; 2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of common alloy aluminum sheet (aluminum sheet) from India. The period of review (POR) is January 1, 2023, through December 31, 2023. In addition, Commerce is rescinding the review, in part, with respect to three companies. Interested parties are invited to comment on these preliminary results.

DATES: Applicable August 11, 2025.

FOR FURTHER INFORMATION CONTACT: Elizabeth Beuley, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3269.

SUPPLEMENTARY INFORMATION:

Background

On April 27, 2021, Commerce published the countervailing duty

(CVD) order on aluminum sheet from India.¹ On April 1, 2024, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order* for the POR.² On June 12, 2024, based on timely request for review, Commerce initiated an administrative review of the *Order* covering four companies, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).³ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.⁴ On December 4, 2024, Commerce extended the deadline for the preliminary results until May 7, 2025.⁵ On December 9, 2024, Commerce tolled certain deadlines in this administrative proceeding by 90 days.⁶ Accordingly, the deadline for these preliminary results is now August 5, 2025.

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁷ A list of topics discussed in the Preliminary Decision Memorandum is included in an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically

via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The merchandise covered by this *Order* is aluminum sheet from India. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested a review withdraws the request within 90 days of the date of the publication of the notice of initiation. On July 25, 2024, the petitioners⁸ timely withdrew their review requests for Hindalco Industries Limited (Hindalco), Jindal Aluminum Limited (Jindal), and Virgo Aluminum

Limited (Virgo).⁹ Because the petitioners timely withdrew their requests for a review of these companies, and no other party requested a review of them, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding this review, in part, with respect to these companies.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(A) of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.¹⁰ For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.

Preliminary Results of Review

As a result of this review, we preliminarily determine the following net countervailable subsidy rate for the period January 1, 2023, through December 31, 2023:

Company	Subsidy rate (percent <i>ad valorem</i>)
Manaksia Aluminum Company Limited	3.10

Disclosure

Commerce intends to disclose its calculations performed to interested parties for these preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b).

Public Comment

Case briefs or other written comments may be submitted to the Assistant

Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice.¹¹ Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the date for filing case briefs.¹² Interested parties who submit case or rebuttal briefs in this proceeding must submit: (1) a statement of the issue; (2) a brief

summary of the argument; and (3) a table of authorities.¹³

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁴ Further, we request that interested parties limit their

public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS, within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. If a request for a hearing is made, Commerce will inform parties of the scheduled date for the hearing. All submissions, including case and rebuttal briefs, as well as hearing requests, should be filed using ACCESS. An electronically-filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the established deadline.

Assessment Rates

Consistent with section 751(a)(1) of the Act and 19 CFR 351.212(b)(2), upon issuance of the final results, Commerce will determine, and CBP shall assess, countervailing duties on all appropriate entries covered by this review.

For Manaksia Aluminum Company Limited, Commerce will instruct CBP to assess countervailing duties on all appropriate entries at a rate equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2023, through December 31, 2023, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a

statutory injunction has expired (*i.e.*, within 90 days of publication).

For Hindalco, Jindal, and Virgo, the companies for which we are rescinding this administrative review, we will instruct CBP to assess countervailing duties on all appropriate entries at a rate equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2023, through December 31, 2023, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue these rescission instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

Cash Deposit Requirements

In accordance with section 751(a)(2)(C) of the Act, Commerce also intends, upon publication of the final results, to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for the company listed above with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, CBP will continue to collect cash deposits of estimated countervailing duties at the all-others rate or the most recent company-specific rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h).

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: August 5, 2025.

Common Alloy Aluminum Sheet From Taiwan: Preliminary Results and Rescission, in Part, of Antidumping Duty Administrative Review; 2023-2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that a producer and exporter made sales of common alloy aluminum sheet (aluminum sheet) from Taiwan at below normal value during the period of review (POR), April 1, 2023, through March 31, 2024. Additionally, Commerce is rescinding the review with respect to 12 companies for which the review requests were timely withdrawn. Interested parties are invited to comment on these preliminary results of review.

DATES: Applicable August 11, 2025.

FOR FURTHER INFORMATION CONTACT: Sarah Keith, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0264.

SUPPLEMENTARY INFORMATION:

Background

On April 27, 2021, Commerce published in the **Federal Register** the antidumping duty order on aluminum sheet from Taiwan.¹ On April 1, 2024, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order*.² On June 12, 2024, based on

timely requests³ for an administrative review, Commerce initiated an antidumping duty administrative review of 13 companies.⁴ The sole mandatory respondent is C.S. Aluminium Corporation (CSAC).

On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.⁵ On December 9, 2024, Commerce tolled certain deadlines by an additional 90 days.⁶ On March 18, 2025, we extended the deadline for these preliminary results until no later than August 5, 2025.⁷ For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.⁸ A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The product covered by the *Order* is aluminum sheet. For a full description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Rescission of Administrative Review, In Part

Pursuant to 19 CFR 351.213(d)(1), it is Commerce's practice to rescind an

administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of the notice of initiation in the **Federal Register**. The petitioners timely withdrew its requests for review for all companies,⁹ leaving only CSAC's self-request remaining. Therefore, in accordance with 19 CFR 351.213(d)(1), except for CSAC, Commerce is rescinding this administrative review with respect to all companies listed in Appendix II of this notice.¹⁰

Methodology

Commerce is conducting this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). We calculated export price in accordance with section 772(a) of the Act. We calculated NV in accordance with section 773 of the Act.

Preliminary Results of Review

Commerce preliminarily determines the following weighted-average dumping margin for the period April 1, 2023, through March 31, 2024:

Producer/exporter	Weighted-average dumping margin (percent)
C.S. Aluminium Corporation	0.71

Disclosure

Commerce intends to disclose the calculations performed for these preliminary results to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b).

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹¹ Interested

parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹² All briefs must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety in ACCESS by 5:00 p.m. Eastern Time on the established deadline.

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their briefs that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹³ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁴

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. An electronically filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined.¹⁵

All submissions, including case and rebuttal briefs, should be filed via ACCESS.¹⁶ An electronically filed document must be received successfully

by 5:00 p.m. Eastern Time on the established deadline. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.¹⁷ If the weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent), then Commerce will calculate importer-specific *ad valorem* antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). If the weighted-average dumping margin is zero or *de minimis* in the final results, or if an importer-specific assessment rate is zero or *de minimis* in the final results, Commerce will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise that entered the United States during the POR that were produced by for which CSAC did not know that its merchandise was destined to the United States, Commerce will instruct CBP to liquidate unreviewed entries at the all-others rate (*i.e.*, 17.50 percent),¹⁸ if there is no rate for the intermediate company(ies) involved in the transaction.¹⁹ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a

statutory injunction has expired (*i.e.*, within 90 days of publication).

For the companies listed in Appendix II for which we are rescinding this review, we will instruct CBP to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue these rescission instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of aluminum sheet from Taiwan entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies under review will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, no cash deposit will be required); (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 17.50 percent, the all-others rate established in the investigation.²⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h)(2) and 19 CFR 351.221(b)(4).

Dated: August 5, 2025.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

I. Background

Pursuant to the provisions of the Privacy Act of 1974, 5 U.S.C. 552a, and as part of its ongoing integration and management efforts, the DoD is removing six Privacy Act SORNs from its inventory. Upon review of its

inventory, DoD determined it no longer needs or uses these systems of records because the records are covered by other SORNs; therefore, DoD is retiring the following:

*These three systems of records [items (a) through (c)] are being rescinded because the records are now maintained as part of the DoD-wide system of records titled DoD-0020, Military Human Resource Records, published in the **Federal Register** on May 14, 2024 (89 FR 42459).*

(a) The Department of the Air Force system of records F036 SAFLLA, Presidential Letter of Appreciation Request System (PLARS) (November 18, 2004; 69 FR 67549) was established to process requests for Presidential Letters of Appreciation for appropriate retirees and to submit retiree information in support of the requests, to generate White House memoranda, and to generate reports on the number of submitted, processed, on-hold, rejected, and archived requests during a given period.

(b) The Department of the Air Force system of records F044 AFSG F, Veterinary Personnel Files (June 11, 1997; 62 FR 31793) was established solely for the purpose of recommending individual for assignment, extension or advanced training.

(c) The Department of the Air Force system of records F091 AFIA A, United States Air Force (USAF) Inspection Scheduling System, (June 11, 1997, 62 FR 31793) was established to monitor and schedule USAF Inspection and Safety Center (AFISC) inspection teams and efforts; publish official travel orders for safety and inspection personnel, and count AFISC man-days.

*These three systems of records [items (d) through (f)] are being rescinded because the records are now maintained as part of the Army system of records titled A0025-2 PMG (DFBA) DoD, Defense Biometric Identification Records System, published in the **Federal Register** on February 17, 2015 (80 FR 8292).*

(d) The Department of the Army (DA) system of records A0025-2 SAIS DoD, Defense Biometric Services (September 22, 2009, 74 FR 48237-48238) was established to enhance identity management of DoD persons and streamline business functions through a biometric database and associated data processing/information service for designated populations.

(e) The Department of the Army (DA) system of records A0025-2a SAIS DoD, Defense Biometric Identification Records System (April 17, 2009, 74 FR 17840-17841) was established to control logical and physical access to DoD and DoD controlled information systems and DoD or DoD contractor operated, controlled, or secured facilities and to support the DoD physical and logical security, force protection, identity management, and information assurance programs, by identifying an individual or verifying/authenticating the identity of an individual through the use of biometrics (*i.e.*, measurable physiological or behavioral characteristics) for purposes of protecting U.S./Coalition/allied government and/or U.S./Coalition/allied national security areas of responsibility and information.

(f) The Department of the Army (DA) system of records A0025-2c SAIS DoD, Department of Defense Detainee Biometric Information Systems (September 28, 2005; 70 FR 56645-56646) was established to identify an individual or to verify/authenticate the identity of an individual, who is detained due to overseas military operations and maritime interceptions, by using a biometric (*i.e.*, measurable physiological or behavioral characteristic). Information is used for purposes of protecting U.S./Coalition/allied government and/or U.S./Coalition/allied national security areas of responsibility and information.

DoD SORNs have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Privacy and Civil Liberties Directorate website at <https://dpcl.d.defense.gov>.

II. Privacy Act

Under the Privacy Act, a “system of records” is a group of records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined as a U.S. citizen or alien lawfully admitted for permanent residence.

In accordance with 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) Circular No. A-108, DoD has provided a report of this SORN bulk rescindment to OMB and Congress.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The AAE program promotes arts education for students, including disadvantaged students and students who are children with disabilities, through activities such as (a) professional development for arts educators, teachers, and principals; (b) development and dissemination of accessible instructional materials and arts-based educational programming, including online resources, in multiple arts disciplines; and (c) community and national outreach activities that strengthen and expand partnerships among schools, local educational agencies (LEAs), communities, or centers for the arts, including national centers for the arts.

Assistance Listing Number: 84.351A.

OMB Control Number: 1894-0006.

Eligible Applicants: To be considered for an award under this competition, an applicant must be one of the following:

- (1) An LEA in which 20 percent or more of the students served by the local educational agency are from families with an income below the poverty line;¹
- (2) A consortium of such LEAs;
- (3) A State educational agency;
- (4) An institution of higher education;
- (5) A museum or cultural institution;
- (6) The Bureau of Indian Education;
- (7) An eligible national nonprofit organization; or
- (8) Another private agency, institution, or organization.

Application Requirement: Applicants that are LEAs must provide, in the application, data from the most recent U.S. Census as evidence that the LEAs meet the statutory requirement that 20 percent or more of the students served by the LEA (or for each LEA within a consortium of LEAs) are from families with an income below the Federal poverty line.

¹ An LEA must show that at least 20 percent of children ages five to 17 that reside within the LEA's boundaries are from low-income families based on the most recent LEA poverty estimates provided by the U.S. Census Bureau. The Census LEA poverty estimates are available at: www.census.gov/programs-surveys/saipe.html.

Note: Other applicants that are eligible under the definition of an LEA, such as County Offices of Education, Education Service Districts, and Regional Service Education Agencies, must provide the most recent U.S. Census data for each of the individual LEAs served. For charter schools for which U.S. Census data is not available, eligibility will be based on a determination by the SEA, consistent with the manner in which the SEA determines the charter school LEA's eligibility for the Title I allocations, that 20 percent of the students aged 5-17 in the LEA are from families with incomes below the Federal poverty line. Applicants must submit documentation from the State certifying official verifying that the SEA has determined this eligibility requirement is met for each LEA not listed in the Small Area Income Poverty Estimates (SAIPE) data.

Note: If you are a nonprofit organization, under 34 CFR 75.51, you may demonstrate your nonprofit status by providing: (1) proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code; (2) a statement from a State taxing body or the State attorney general certifying that the organization is a nonprofit organization operating within the State and that no part of its net earnings may lawfully benefit any private shareholder or individual; (3) a certified copy of the applicant's certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant; or (4) any item described above if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate.

Note: A faith-based organization is eligible to apply for and receive a grant under this program on the same basis as any other private organization, consistent with Appendix A to 34 CFR part 75.

II. Award Information

Type of Award: Discretionary grants.
Estimated Available Funds: \$13,000,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in subsequent years from the list of unfunded applications from this competition.

Estimated Range of Awards: \$750,000–\$1,000,000 per year.

Estimated Average Size of Awards: \$850,000 per year.

Maximum Award: We will not make an award exceeding \$1,000,000 for a single budget period of 12 months.

Estimated Number of Awards: 3–4.

Note: The Department is not bound by any estimates in this notice. The estimated range and average size of awards are based on a single 12-month budget period. We may use FY 2025 funds to support multiple 12-month budget periods for one or more grantees.

Project Period: Up to 60 months.

Background: The Elementary and Secondary Education Act of 1965, as amended (ESEA), authorizes activities under the AAE program that enrich the academic experience of students by promoting arts education.

Priorities: This notice contains one competitive priority and one invitational priority. The competitive priority is from section 4642(d) of the ESEA.

Competitive Priority: For FY 2025 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority.

This priority is:

Eligible National Nonprofit Organization (0 or 15 points).

Under this priority, the Secretary gives priority to eligible entities that are eligible national nonprofit organizations. The term “eligible national nonprofit organization” means an organization of national scope that—

(a) Is supported by staff, which may include volunteers, or affiliates at the State and local levels; and

(b) Demonstrates effectiveness or high-quality plans for addressing arts education activities for disadvantaged students or students who are children with disabilities.

Invitational Priority: For FY 2025 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

Invitational Priority—Patriotic Education.

The Department encourages projects that are designed to provide an introduction to and understanding of the founding documents and primary sources of the American political tradition, in a manner consistent with the principles of a patriotic education. Projects may address one or more of the following topics:

(a) United States Constitution, government, and civics.

(b) United States history and geography.

(c) United States military and diplomatic history.

(d) United States literature and rhetoric.

(e) United States art, such as architecture, painting, music, photography, theater, cinema, and sculpture.

(f) The founding documents and primary sources of Western Civilization and the American founding and their influence on the American political tradition.

(g) The influence of Western Europe upon the American political tradition.

Requirements: For FY 2025 and any subsequent year in which we make awards from the list of unfunded applications from this competition, the following program requirements from sections 4642(a) and (b) of the ESEA (20 U.S.C. 7292(a) and (b)) apply.

Program Requirements. Projects funded under this program must—

(1) Promote arts education for students, including disadvantaged students and students who are children with disabilities. In meeting this requirement, projects may implement activities such as—

(a) Professional development for arts educators, teachers, and principals;

(b) Development and dissemination of accessible instructional materials and arts-based educational programming, including online resources, in multiple arts disciplines;

(c) Community and national outreach activities that strengthen and expand partnerships among schools, LEAs, communities, or centers for the arts, including national centers for the arts; and

(2) Coordinate, to the extent practicable, with appropriate activities of public or private cultural agencies, institutions, and organizations, including museums, arts education associations, libraries, and theaters.

Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210. The points assigned to each criterion are indicated in the parentheses next to the criterion. An applicant may earn up to a total of 100 points based on the selection criteria.

(a) *Quality of the project design* (up to 35 points).

The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

(1) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified, measurable, and ambitious yet achievable within the project period, and aligned with the purposes of the grant program. (up to 20 points)

(2) The quality of the logic model or other conceptual framework underlying the proposed project, including how inputs are related to outcomes. (up to 15 points)

(b) *Quality of the management plan* (up to 30 points).

The Secretary considers the quality of the management plan for the proposed project. In determining the quality of the management plan for the proposed project, the Secretary considers:

(1) The extent to which the key personnel in the project, when hired, have the qualifications required for the proposed project, including formal training or work experience in fields related to the objectives of the project, and represent or have lived experiences of the target population. (up to 10 points)

(2) The feasibility of the management plan to achieve project objectives and goals on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks. (up to 10 points)

(3) The quality of the mechanisms the applicant will use to broadly disseminate information and resources on its project to support further development, adaptation, or replication by other entities to implement project components in additional settings or with other populations. (up to 10 points)

(c) *Adequacy of resources* (up to 35 points).

The Secretary considers the adequacy of resources for the proposed project. In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:

(1) The extent to which the budget is adequate to support the proposed project and the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project. (up to 20 points)

(2) The extent to which the costs are reasonable in relation to the number of persons to be served, the depth and intensity of services, and the anticipated results and benefits. (up to 15 points)

Performance Measures: The Department has established the following performance measures for the AAE program for the purpose of Department reporting under 34 CFR 75.110: (1) The total number of students who participate in arts education provided directly by the grantee's project; (2) The number of AAE participants (arts educators, teachers, principals, and other support staff) who receive at least 10 hours of direct professional development provided by the grantee; (3) The number of accessible, arts-based instructional materials that are developed and disseminated by the grantee; (4) The total number of students from low-income families who participate in arts education provided directly by the grantee's project; and (5) The total number of students with disabilities who participate in arts education provided directly by the grantee's project.

All grantees will be expected to submit an annual performance report that includes data addressing these performance measures to the extent that they apply to the grantee's project.

Definitions: The definitions of "logic model," "project component," and "relevant outcome" are from 34 CFR 77.1. The definitions of "child with a disability," "local educational agency," and "State educational agency" are from section 8101 of the ESEA (20 U.S.C. 7801). The definition of "eligible national nonprofit organization" is from section 4642(e)(2) of the ESEA (20 U.S.C. 7292(e)(2)). The definitions for this competition can be found under Applicant Information at the AAE web page—Definitions of Terms.

Program Authority: ESEA section 4642 (20 U.S.C. 7292).

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget (OMB) Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Guidance for Federal Financial Assistance in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The regulations for this program in 34 CFR part 299.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian Tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

1. a. *Cost Sharing or Matching:* This competition does not require cost sharing or matching.

b. *Supplement-Not-Supplant:* This competition involves supplement-not-supplant funding requirements. Under section 4642(b)(2) of the ESEA, funds must be used to supplement, and not supplant, non-Federal funds that would otherwise be used for activities authorized under this program (20 U.S.C. 1221e-3, 3474, and 6511(a)). Accordingly, grantees must comply with 34 CFR 76.564 through 76.569, which apply to agencies of State and local governments that are grantees under programs with a statutory requirement prohibiting the use of Federal funds to supplant non-Federal funds.

c. *Indirect Cost Rate Information:* This competition uses a restricted indirect cost rate. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see <https://www.ed.gov/about/ed-offices/fofo#Indirect-Cost-Division>.

d. *Administrative Cost Limitation:* This competition does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

2. *Subgrantees:* A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

III. Application and Submission Information

1. Application Submission

Instructions: Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on December 23, 2024 (89 FR 104528) and available at www.federalregister.gov/documents/2024/12/23/2024-30488/common-instructions-for-applicants-to-department-of-education-discretionary-programs, which contain requirements and information on how to submit an application.

2. *Submission of Proprietary Information:* Given the types of projects that may be proposed in applications for the AAE program, your application may include business information that you consider proprietary. In 34 CFR 5.11 we define "business information" and

describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended).

Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under "Other Attachments Form," please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

3. *Intergovernmental Review:* This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition. However, under 34 CFR 79.8(a), we waive intergovernmental review in order to make an award by the end of FY 2025.

4. *Funding Restrictions:* We reference regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

5. *Recommended Page Limit:* The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 25 pages and (2) use the following standards:

- A "page" is 8.5" x 11" on one side only, with 1" margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; the one-page abstract, resumes, bibliography, logic model, or letters of support. However, the

recommended page limit does apply to all of the application narrative.

Note: The applicant should include, as an attachment, the logic model used to address selection criterion a)(2).

Application Review Information

1. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

2. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

3. *Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the System for Award Management's (SAM) Responsibility/Qualification reports (formerly referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)). You may review and comment on any information about yourself that a Federal agency previously entered and

that is currently in the Responsibility/Qualification reports in SAM.

If the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to SAM semiannually. Please review these requirements if this grant plus all the other Federal funds you receive exceed \$10,000,000.

V. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We also may notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to

comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VI. Other Information

Accessible Format: On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this document and a copy of the application package in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, compact disc, or other accessible format.

[Project No. 2165-118]

Alabama Power Company; Notice of Application To Update Shoreline Management Plan Accepted for Filing, Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- Application Type:* Shoreline Management Plan Update.
- Project No:* 2165-118.
- Date Filed:* December 20, 2024.
- Applicant:* Alabama Power Company.
- Name of Project:* Warrior River Hydroelectric Project.

f. *Location:* The project is located on the Black Warrior River in Cullman, Walker, Winston, and Tuscaloosa counties, Alabama.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.

h. *Applicant Contact:* David Anderson, 205-257-1398, dkanders@southernco.com.

i. *FERC Contact:* Shana High, 202-502-8674 or shana.high@ferc.gov.

j. *Cooperating agencies:* With this notice, the Commission is inviting federal, state, local, and Tribal agencies with jurisdiction and/or special expertise with respect to environmental issues affected by the proposal, that wish to cooperate in the preparation of any environmental document, if applicable, to follow the instructions for filing such requests described in item k below. Cooperating agencies should note the Commission's policy that agencies that cooperate in the preparation of any environmental document cannot also intervene. See 94 FERC ¶ 61,076 (2001).

k. *Deadline for filing comments, motions to intervene, and protests:* September 5, 2025 5:00 p.m. Eastern Time.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, and protests using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include the docket number P-2165-118. Comments emailed to Commission staff are not considered part of the Commission record.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments

or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

l. *Description of Request:* As a result of a required six-year review process, Alabama Power Company filed a shoreline management plan update. The update was developed in consultation with stakeholders and contains updated shoreline classification maps, as well as a request to expand the residential permitting process to include campgrounds.

m. *Locations of the Application:* This filing may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. Agencies may obtain copies of the application directly from the applicant.

n. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

o. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

p. *Filing and Service of Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must

set forth their evidentiary basis. Any filing made by an intervenor must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

q. The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

[Project No. 14867-003]

Scott's Mill Hydro, LLC; Notice of Intent To Prepare an Environmental Assessment

On March 21, 2022, Scott's Mill Hydro, LLC (Scott's Mill) filed a license application for an original license to construct and operate the proposed 4.5-megawatt Scott's Mill Hydroelectric Project No. 14867 (Scott's Mill Project). The project would be located on the James River in Amherst and Bedford Counties, Virginia.

In accordance with the Commission's regulations, on May 22, 2025,

Commission staff issued a notice that the Scott's Mill Project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the Scott's Mill Project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to license the Scott's Mill Project.¹

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

The application will be processed according to the following schedule. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA ...	August 4, 2026.

Any questions regarding this notice may be directed to Jody Callihan at Jody.Callihan@ferc.gov or call at 202-502-8278.

Dated: August 5, 2025.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. CP24-479-001]

National Fuel Gas Supply Corporation; Notice of Request for Extension of Time

Take notice that on July 28, 2025, National Fuel Gas Supply Corporation (National Fuel) requested that the Commission grant an extension of time, until August 24, 2026, to complete construction and place into service the Zoar Storage Field Project (Project) located in Erie County, New York. On June 25, 2024, the Commission issued a Notice of Request Under Blanket Authorization, which established a 60-day comment period, ending on August 26, 2024, to file protests. No protests were filed during the comment period, and accordingly the project self-implemented on August 27, 2024 and by Rule should have been completed within one year.

As of May 2025, National fuel has commenced and completed abandonment operations on wells 0050-I and 0886-I. During the rig move, a small annular vent was discovered at both wells using a methane detection device. National Fuel states the detected vents have been verified by the New York State Department of Conservation. Currently, National Fuel is in the process of abandoning well 0694-I and working through a diagnostic and remediation plan for wells 0050-I and 0886-I. National Fuel will complete these projects prior to mobilizing to well 0893-I to commence abandonment operations. National Fuel requests an extension of time to remediate the annular vents, finalize abandonment, and complete final restoration of the well sites.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on National Fuel's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (NGA) (18 CFR 157.10).

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for NGA facilities

when such requests are contested before order issuance. For those extension requests that are contested,¹ the Commission will aim to issue an order acting on the request within 45 days.² The Commission will address all arguments relating to whether the applicant has demonstrated there is good cause to grant the extension.³ The Commission will not consider arguments that re-litigate the issuance of the certificate order, including whether the Commission properly found the project to be in the public convenience and necessity and whether the Commission's environmental analysis for the certificate complied with the National Environmental Policy Act (NEPA).⁴ At the time a pipeline requests an extension of time, orders on certificates of public convenience and necessity are final and the Commission will not re-litigate their issuance.⁵ The Director of the Office of Energy Projects, or his or her designee, will act on all of those extension requests that are uncontested.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2024-0093; FRL-12542-01-OCSP]P

Notice of Receipt of Requests To Voluntarily Cancel Certain Pesticide Registrations and/or Amend Registrations To Terminate Certain Uses (December 2024)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This document announces the Agency's receipt of and solicits comment on requests by registrants to voluntarily cancel their pesticide registration of certain products and/or to amend their product registrations to terminate one or more uses. In accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA provides a periodic notice of receipt addressing requests received by EPA since the last notice of receipt was issued and uses the month and year in the title to help distinguish one

document from the other. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments during the comment period that would merit further review of the requests, or the request is withdrawn by the registrant. If these requests are granted, EPA will issue an order in the **Federal Register** cancelling the listed product registrations, after which any sale, distribution, or use of the products listed in this document will only be permitted after the registrations have been cancelled if such sale, distribution, or use is consistent with the terms as described in the final order.

DATES: Comments and withdrawal requests must be received on or before September 10, 2025.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2024-0093, online at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting and visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Christopher Green, Registration Division (7505T), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-2707; email address: green.christopher@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Executive Summary

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a

wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What action is the Agency taking?

This document announces receipt by EPA of requests from registrants to voluntarily cancel their pesticide registration and/or amend their product registrations to terminate one or more uses of the products listed in Unit II, that are currently registered under FIFRA section 3 (7 U.S.C. 136a) or section 24(c) (7 U.S.C. 136v(c)). Unless the Agency determines that there are substantive comments that warrant further review of the requests or the registrants withdraw their requests, EPA intends to issue an order in the **Federal Register** canceling and/or amending the affected registrations.

C. What is EPA's authority for taking this action?

FIFRA section 6(f)(1) (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. Before acting on a request for voluntary cancellation, EPA must provide at least 30-day public comment period on the request. FIFRA further provides that, before acting on a request for voluntary cancellation or termination of any minor agricultural use, EPA must provide a 180-day comment period unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

D. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through email or <https://www.regulations.gov>. If you wish to include CBI in your comment, please follow the applicable instructions at <https://www.epa.gov/dockets/commenting-epa-dockets#rules> and clearly mark the information that you claim to be CBI. In addition to one complete version of the comment that includes CBI, a copy of the comment without CBI must be submitted for inclusion in the public docket. Information marked as CBI will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

E. How can a registrant withdraw their request for voluntary cancellation?

Registrants who choose to withdraw their request for voluntary cancellation should submit a withdrawal request in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

II. Requests To Voluntarily Cancel and/or Amend Certain Registrations

The registrations with pending voluntary requests for cancellation are listed in sequence by registration number (or company number and 24(c) number) in Table 1 of this unit.

III. What is the Agency's authority for taking this action?

FIFRA section 6(f)(1) (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

FIFRA section 6(f)(1)(B) (7 U.S.C. 136d(f)(1)(B)) requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Requests

Registrants who choose to withdraw a request for product cancellation or use termination should submit the withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the action. If the requests for voluntary cancellation and/or amendments to terminate uses are granted, the Agency intends to publish the cancellation order in the **Federal Register**.

In any order issued in response to these requests for cancellation of certain product registrations and/or for amendments to terminate uses, EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in Tables 1 and 2 of Unit II.

The registrant of 5383–146 has requested to sell and distribute existing stocks for 18-months after the effective

date of cancellation. The registrant will be permitted to sell and distribute existing stocks of voluntarily canceled products for 18-months after the effective date of the cancellation, which will be the date of publication of the cancellation order in the **Federal Register**. Thereafter, the registrant will be prohibited from selling or distributing product 5383–146, identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

For all other voluntary product cancellations identified in Table 1 of Unit II., registrants will be permitted to sell and distribute existing stocks of the voluntarily canceled products for 1 year after the effective date of the cancellation, which will be the date of publication of the cancellation order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing all other products identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Once EPA has approved product labels reflecting the requested amendments to terminate uses, identified in Table 2 of Unit II., registrants will be permitted to sell or distribute products under the previously approved labeling for a period of 18

months after the date of **Federal Register** publication of the cancellation order, unless other restrictions have been imposed. Thereafter, registrants will be prohibited from selling or distributing the products whose labels include the terminated uses identified in Table 2 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of canceled products and/or products whose labels include the terminated uses until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products and/or terminated uses.

SUMMARY: This Notice is to inform the public the Export-Import Bank of the United States (“EXIM”) has received an application for final commitment for a long-term loan or financial guarantee in excess of \$100 million. Comments

received within the comment period specified below will be presented to the EXIM Board of Directors prior to final action on this Transaction.

DATES: Comments must be received on or before September 5, 2025 to be assured of consideration before final consideration of the transaction by the Board of Directors of EXIM.

ADDRESSES: Comments may be submitted through *Regulations.gov* at *WWW.REGULATIONS.GOV*. To submit a comment, enter EIB-2025-0013 under the heading “Enter Keyword or ID” and select Search. Follow the instructions provided at the Submit a Comment screen. Please include your name, company name (if any) and EIB-2025-0013 on any attached document.

SUPPLEMENTARY INFORMATION:

Reference: AP300039XX.

Purpose and Use:

Brief description of the purpose of the transaction: The purpose of the transaction is to generate power through the recovery of waste heat via the conversion of the existing Al-Sadder simple cycle power plant to a combined cycle power plant.

Brief non-proprietary description of the anticipated use of the items being exported: The items will be used to provide power via waste heat recovery to increase the availability and reliability of power for the Iraqi people. Once completed, the combined cycle power plant will increase the production of power by 329 MW or 51% and increase plant fuel efficiency by over 50%. Because of the increased production of electricity, the project will result in a 32% reduction in greenhouse gas emissions per MWh of electricity generated. In essence, this project enables the generation of additional electricity without the need to burn a significant amount of additional natural gas.

Parties:

Principal Supplier: Stellar Energy Americas, Inc., of Jacksonville, Florida.

Lender: J.P. Morgan Chase Bank N.A.-London Branch, London, United Kingdom.

Obligor: Ministry of Finance of the Republic of Iraq.

Guarantor(s): None.

Description of Items Being Exported: Equipment, engineering, procurement, construction, design, and training services.

Information on Decision: Information on the final decision for this transaction will be available in the “Summary Minutes of Meetings of Board of Directors” on <http://exim.gov/newsandevents/boardmeetings/board/>.

Confidential Information: Please note that this notice does not include

confidential or proprietary business information; information which, if disclosed, would violate the Trade Secrets Act; or information which would jeopardize jobs in the United States by supplying information that competitors could use to compete with companies in the United States.

Authority: Section 3(c)(10) of the Export-Import Bank Act of 1945, as amended (12 U.S.C. 635a(c)(10)).

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0710; FR ID 307453]

Information Collection Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might further reduce the information collection burden for small business concerns with fewer than 25 employees.

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before September 10, 2025.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Your comment must be submitted into www.reginfo.gov per the

above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Nicole Ongele, FCC, via email to PRA@fcc.gov and to Nicole.Ongele@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION BELOW**.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Nicole Ongele at (202) 418-2991. To view a copy of this information collection request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might further reduce the information collection burden for small business concerns with fewer than 25 employees.

OMB Control Number: 3060-0710.

Title: Policy and Rules Under Parts 1 and 51 Concerning the Implementation of the Local Competition Provisions in

the Telecommunications Act of 1996, CC Docket No. 96-98.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 462 respondents; 2,967 responses.

Estimated Time per Response: 1-500 hours.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in sections: 1-4, 201-205, 214, 224, 251, 252, and 303 (r) of the Communications Act of 1934, as amended, and Section 601 of the Telecommunications Act of 1996, 47 U.S.C. 151-154, 201-205, 224, 251, 252, 303 (r), and 601.

Frequency of Response: On occasion reporting requirement, recordkeeping requirement, and third-party disclosure requirement.

Total Annual Burden: 37,390 hours.

Total Annual Cost: No cost.

Needs and Uses: This collection will be submitted as a revision of a currently approved collection to OMB in order to obtain the full three-year clearance. The Commission adopted rules to implement the First Report and Order on Reconsideration issued in CC Docket No. 96-98. That Order implemented parts of sections 251 and 252 of the Telecommunications Act of 1996 that affect local competition. Incumbent local exchange carriers (ILECs) are required to, among other things, offer interconnection, unbundled network elements (UNEs), and wholesale rates for certain services to new entrants. ILECs must price such services and rates that are cost-based and just and reasonable.

Federal Communications Commission.

FEDERAL DEPOSIT INSURANCE CORPORATION

[OMB No. 3064-0092;-0169]

Agency Information Collection Activities: Proposed Collection Renewal; Comment Request

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Notice and request for comment.

SUMMARY: The Federal Deposit Insurance Corporation (FDIC), as part of

its obligations under the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to take this opportunity to comment on the renewal of the existing information collection described below (OMB Control No. 3064–0092 and –0169).

DATES: Comments must be submitted on or before October 10, 2025.

ADDRESSES: Interested parties are invited to submit written comments to the FDIC by any of the following methods:

- *Agency website:* <https://www.fdic.gov/resources/regulations/federal-register-publications/>.

- *Email:* comments@fdic.gov. Include the name and number of the collection in the subject line of the message.

- *Mail:* Robert Meiers, Regulatory Counsel, MB–3013, Federal Deposit Insurance Corporation, 550 17th Street NW, Washington, DC 20429.

- *Hand Delivery:* Comments may be hand-delivered to the guard station at the rear of the 17th Street NW building (located on F Street NW), on business days between 7 a.m. and 5 p.m.

All comments should refer to the relevant OMB control number. A copy of the comments may also be submitted to the OMB desk officer for the FDIC: Office of Information and Regulatory Affairs, Office of Management and

Budget, New Executive Office Building, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Robert Meiers, Regulatory Attorney, Romeiers@fdic.gov, MB–3013, Federal Deposit Insurance Corporation, 550 17th Street NW, Washington, DC 20429.

SUPPLEMENTARY INFORMATION:

Proposal to renew the following currently approved collection of information:

1. *Title:* Community Reinvestment Act.

OMB Number: 3064–0092.

Form Number: None.

Affected Public: Insured State non-member banks and State savings associations.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN
[OMB No. 3064–0092]

Information Collection (IC) (obligation to respond)	Type of burden (frequency of response) (annual)	Number of respondents	Number of responses per respondent	Average time per response (HH:MM)	Annual burden (hours)
1. Request for Designation as a Wholesale or Limited Purpose Bank (Required To Obtain or Retain Benefits).	Reporting	1	1	04:00	4
2. Strategic Plan (Voluntary)	Reporting	10	1	400:00	4,000
3. Small Business/Small Farm Loan Data (Mandatory)	Reporting	356	1	08:00	2,848
4. Community Development Loan Data (Mandatory)	Reporting	356	1	13:00	4,628
5. Home Mortgage Loans (Mandatory)	Reporting	310	1	253:00	78,430
6. Data on Affiliate Lending (Required To Obtain or Retain Benefits).	Reporting	304	1	38:00	11,552
7. Data on Lending by a Consortium or Third Party (Required To Obtain or Retain Benefits).	Reporting	115	1	17:00	1,955

12. Content and Availability of Public File (Mandatory)	Third Party Disclosure	2,854	1	10:00	28,540
Total Annual Burden (Hours)	215,207

Source: FDIC.

General Description of Collection: The Community Reinvestment Act regulation requires the FDIC to assess the record of banks and thrifts in helping meet the credit needs of their entire communities, including low- and moderate-income neighborhoods, consistent with safe and sound operations, and to take this record into account in evaluating applications for

mergers, branches, and certain other corporate activities. The total estimated annual burden is 215,207 hours which is a reduction of 16,375 hours from the 2022 submission. This reduction is due to the decrease in the number of FDIC-supervised banks and the changes in methodology for ICs 5, 8, and 11 that resulted in decreased respondent counts for each of ICs 5, 8, and 11.

2. *Title:* Qualifications for Failed Bank Acquisitions.

OMB Number: 3064–0169.

Form Number: None.

Affected Public: Insured State non-member banks and State savings associations.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN
[OMB No. 3064–0169]

Information Collection (IC) (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Average time per response (HH:MM)	Annual burden (hours)
1. Section D—Investor Reports on Affiliates (Required to Obtain Benefit).	Third-Party Disclosure (Annual)	3	12	2:00	72
2. Section E—Maintenance of Business Books and Records (Required to Obtain Benefit).	Recordkeeping (Annual)	3	4	2:00	24
3. Section I—Disclosures Regarding Investors and Entities in Ownership Chain (Required to Obtain Benefit).	Reporting (On occasion)	1	1	4:00	4
Total Annual Burden (Hours)	100

Source: FDIC.

General Description of Collection: The FDIC's policy statement on Qualifications for Failed Bank Acquisitions provides guidance to private capital investors interested in acquiring or investing in failed insured depository institutions regarding the terms and conditions for such investments or acquisitions. The information collected pursuant to the policy statement allows the FDIC to evaluate, among other things, whether such investors (and their related interests) could negatively impact the Deposit Insurance Fund, increase resolution costs, or operate in a manner that conflict with statutory safety and soundness principles and compliance requirements. There is no change in the method or substance of the collection. The estimated burden remains unchanged from the previous submission.

Request for Comment

Comments are invited on (a) whether the collections of information are necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

GULF COAST ECOSYSTEM RESTORATION COUNCIL

[Docket No.: 108062025-1111-01]

Notice of Proposed Subaward Under a Council-Selected Restoration Component Award

AGENCY: Gulf Coast Ecosystem Restoration Council.

ACTION: Notice.

SUMMARY: The Gulf Coast Ecosystem Restoration Council (Council) publishes notice of a proposed subaward from the Texas Commission on Environmental

Quality (TCEQ) to the Coastal Prairie Conservancy (CPC), a nonprofit organization, for the purpose of acquiring in fee simple 2,500 acres adjacent to the Justin Hurst Wildlife Management Area in accordance with the Texas Land Acquisition for Coastal Conservation Award as approved in the Funded Priority List.

FOR FURTHER INFORMATION CONTACT:

Please send questions by email to Bridget Zachary at bridget.zachary@restorethegulf.gov or (504) 232-3750.

SUPPLEMENTARY INFORMATION: Section 1321(t)(2)(E)(ii)(III) of the *Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies Act of 2012* (33 U.S.C. 1321(t) and *note*) (RESTORE Act) and the Department of the Treasury's implementing regulation at 31 CFR 34.401(b) set forth certain notice and publication requirements. They require that for purposes of awards made under the Comprehensive Plan Component of the RESTORE Act, a State or Federal award recipient may make a subaward to or enter into a cooperative agreement with a nongovernmental entity that equals or exceeds 10 percent of the total amount of the award only if at least 30 days before the State or Federal award recipient enters into such an agreement, the Council publishes in the **Federal Register** and delivers to specified Congressional committees the name of the recipient and subrecipient; a brief description of the activity, including its purpose; and the amount of the award. This notice accomplishes the **Federal Register** publication requirement.

Description of Proposed Action

As specified in FPL 3b, which is available on the Council's website at <https://www.restorethegulf.gov/FPL3b>, RESTORE Act funds in the amount of \$24,000,000 will support the Texas Land Acquisition for Coastal Conservation Award to the Texas Commission on Environmental Quality (TCEQ). Under the Texas Land Acquisition for Coastal Conservation Award, TCEQ will provide a subaward in the amount of \$6,000,000 to The Coastal Prairie Conservancy (CPC), a non-profit organization, to acquire in fee simple 2,500 acres adjacent to the Justin Hurst Wildlife Management Area. Immediately after the purchase, CPC will transfer the title of the property to the Texas Parks and Wildlife Department (TPWD) and TPWD will

place a conservation easement on the property that will be held by CPC.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-25-0850; Docket No. CDC-2025-0255]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies to take this opportunity to comment on a continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Laboratory Response Network. This collection will allow CDC to continue to track laboratory testing capacity, capability, and distribution to ensure all areas of the nation are protected during a public health emergency response.

DATES: CDC must receive written comments on or before October 10, 2025.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2025-0255 by either of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.
- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329; Telephone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected;

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and

(5) Assess information collection costs.

Proposed Project

Laboratory Response Network (OMB Control No. 0920-0850, Exp. 4/30/2026)—Revision—Office of Laboratory Systems and Response (OLSR), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Laboratory Response Network (LRN) was established by the Department of Health and Human Services (HHS), Centers for Disease Control and Prevention (CDC) in accordance with Presidential Decision Directive 39, which outlined national anti-terrorism policies and assigned specific missions to federal departments and agencies. The LRN's mission is to maintain an integrated national and international network of laboratories that can respond to suspected biological, chemical, or radiological threats and other public health emergencies. To ensure fulfillment of that mission, CDC collects data from the LRN member laboratories related to laboratory capability, capacity, and distribution as well as laboratory test results.

Upon volunteering to join the LRN, laboratories are required to submit qualification information to the LRN Program Office at CDC, to include first and last names, work addresses, work email addresses, work phone numbers, and alternative phone numbers of personnel trained in LRN procedures. This information is needed to contact laboratory personnel in the case of a public health emergency, to ship reagents, test kits, or supplies, and determine laboratory testing capacity. Laboratories are also required to provide additional qualification information related to testing capability and capacity including available testing equipment, safety equipment, facilities, reagents, test kits, and validated tests. This information is used by CDC to ensure that laboratory testing capability is distributed across the country and the network has adequate testing capacity to provide adequate public health emergency response. Qualification information is collected in the LRN Secure Information Hub (SIH) accessed through the CDC Secure Access Management System (SAMS). Laboratories are required to update their capability and capacity information whenever changes occur such as personnel changes, the addition of new tests, or the addition of new equipment. For laboratories that hold United States Department of Agriculture (USDA) or Select Agent permits, copies of the permits are also collected. This information is used to inform CDC of additional laboratory capability. These permits are not required for LRN membership.

LRN laboratories are also required to report certain laboratory test results to CDC as described below. The test results include details about the type and

source of samples as well as the tests performed, results obtained, and conclusions. CDC collects test results related to validation studies and proficiency testing to verify that laboratories continue to properly perform the tests they have validated. CDC collects test data related to emergency response exercises to verify laboratory performance in a simulated emergency response situation. CDC collects test results related to routine testing of known biological and chemical threat agents. These results are used to monitor emerging threat situations. CDC also collects test results for samples analyzed during a public health threat response to monitor threat levels and determine procurement, allocation, and distribution of response resources.

Laboratory test results are reported to CDC using either a CSV file upload into a cloud-based web page (DataLink) or using their laboratory information management system (LIMS) to send an electronic Health Level Seven (HL7) message. DataLink is accessed by the LRN laboratories through SAMS and can be rapidly modified for a new or emerging threat, with the burden of maintenance removed from the member laboratory.

There have been some improvements to the LRN SIH: The LRN SIH migrated to CDC Secure Access Management Services (SAMS) servers to provide a more secured login and user authentication. A new CDC template was implemented to support 508 compliance and responsive designs. Additionally, there is a decrease in the estimated burden from 422,716 to 59,024 annual hours. This decrease in burden is due to several factors. Burden has been reduced by the continued expansion of LRN laboratories implementing HL7 reporting and decreasing the need for manual entry to Results Messenger. The number of data elements collected for the LRN Data Exchange has also been reduced. Numerical test results (e.g., Ct values) or a sample conclusion are no longer collected. Burden was further reduced by reevaluating the burden calculation based upon requirements LRN places upon the member laboratories versus the requirements of the Clinical Laboratory Improvement Amendments (CLIA) regulations and other quality management programs place upon the laboratories. In the instance of proficiency tests and challenge panels, the analysis of these samples is required by CLIA and/or other quality management systems implemented locally. Therefore, the only burden the LRN is placing on the laboratory is the

time required to accession the samples and report the results to LRN. In the cases of routine and emergency response testing, these samples are part of the workflow that each LRN laboratory already has in place. The only burden LRN is placing upon the laboratories is the time to report the results to LRN. These changes in how burden hours were determined per activity are reflected in the burden table. Per CDC Notice of Funding Opportunity (NOFO) PHEP Cooperative Agreement

CDC-RFA-TU24-0137: Public Health Emergency Preparedness (PHEP) Cooperative Agreement, LRN-C laboratories are required to participate in Surge Capacity Exercises and proficiency testing to ensure laboratory readiness to support CDC laboratory capacity during a national emergency involving chemical threats.

This data collection is vital to the continued support of the national public health system in its efforts to respond to chemical and biological threats. The

state, local, and federal public health laboratories participating in this program generate the data in this collection as part of their individual emergency response duties. By merging this data into a single collection, a local perspective of an emerging threat becomes a broader national perspective with greater depth and detail for more efficient and effective decision making. There is no cost to respondents other than their time to participate.

SUPPLEMENTARY INFORMATION:

Comments

The information collection notice for Form G-325R was previously published in the **Federal Register** with the interim final rule ("IFR"), *Alien Registration*

Form and Evidence of Registration, on March 12, 2025, at 90 FR 11793, allowing for a 60-day public comment period. USCIS received comments in connection with the 60-day notice.

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at: <http://www.regulations.gov> and enter USCIS-2025-0005 in the search box. Comments must be submitted in English, or an English translation must be provided. The comments submitted to USCIS via this method are visible to the Office of Management and Budget and comply with the requirements of 5 CFR 1320.12(c). All submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection Request*: Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection*: Biographic Information (Registration).

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection*: Form G-325R; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract*: *Primary*: Aliens, Individuals or Households. Aliens who are subject to alien registration requirements of the Immigration and Nationality Act, as amended, who have not yet registered. This form is used to provide biographic information when applying for registration and fingerprinting under INA 262 (8 U.S.C. 1302).

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond*: The estimated total number of respondents for the information collection is 1,400,000 annually over a three-year period and the estimated hour burden per response is 2.5 hours. The estimated total number of respondents for the information collection of biometrics is 779,600 annually over a three-year period and the estimated hour burden per response is 1.17 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection*: The estimated total annual hour burden associated with this collection is 4,412,132 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection*: The estimated total annual cost burden (e.g., filing fees and postage) associated with this collection of information is \$0.

SUPPLEMENTARY INFORMATION: The Department of Housing and Urban Development (HUD), Office of Administration maintains the FOIA Management System (FMS2). HUD is publishing this revised notice to establish a new and modified routine use and to reflect updated information in the sections being revised. The modification of the system of records will have no undue impact on the

privacy of individuals and updates follow the records collected.

The previous SORN updates include:

1. *System Location*: Updated to bring the information current.

2. *System Manager*: Updated to reflect personnel changes.

3. *Records Source Categories*: Updated to include the individual's designated representative.

4. *Categories of Records in System*: Updated to include date of birth, place of birth, and citizenship.

5. *Routine Use of Records in System*: Updated to include the individual's designated representative as a requester of information.

SYSTEM NAME AND NUMBER:

FOIA Management System (FMS2), HUD/ADM-11.

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

OPEXUS, 1101 17th Street NW, 12th floor, Washington, DC 20036-0001 and HUD Headquarters, Office of Administration, 451 7th Street SW, Room 10139, Washington, DC 20410-0001.

SYSTEM MANAGER(S):

Ms. Bao-Anh Trinh, Director, FOIA Branch, Office of Administration, 451 7th Street SW, Room 10139, Washington, DC 20410-0001; (202) 402-7641 and Mrs. Sandra J. Wright, System Manager, Office of Administration, 451 7th Street SW, Room 10139, Washington, DC 20410-0001; (202) 402-5510.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

The collection and maintenance of accommodation records are authorized by sections 2 and 7(d) of the Department of Housing and Urban Development Act of 1965 (42 U.S.C. 3531, 3535(d)), and the Freedom of Information Act (5 U.S.C. 552).

PURPOSES OF THE SYSTEM:

FMS2 will help HUD track correspondence both internally among program offices and externally from outside entities. This system will enable HUD to track FOIA inquiries (both internal and external) submitted to HUD.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals who correspond with the Secretary, Deputy Secretary, Assistant Secretaries, HUD Program Offices, or Field Office officials.

CATEGORIES OF RECORDS IN THE SYSTEM:

Full name, home address, email address(es), telephone number (work

and home), legal documents and records, individual's attorneys or representatives' names, phone number (work and fax), address, and case identifier, date of birth, place of birth, and citizenship.

RECORD SOURCE CATEGORIES:

Records are provided by individuals or their designated representative.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING:

1. To a congressional office from the record of an individual, in response to an inquiry from the congressional office made at the request of that individual or their designated representative.

2. To the National Archives and Records Administration, Office of Government Information Services (OGIS), to the extent necessary to fulfill its responsibilities in 5 U.S.C. 552(h), to review administrative agency policies, procedures and compliance with the Freedom of Information Act (FOIA), and to facilitate OGIS' offering of mediation services to resolve disputes between persons making FOIA requests and administrative agencies.

3. To contractors, grantees, experts, consultants and their agents, or others performing or working under a contract, service, grant, cooperative agreement, or other agreement with HUD, when necessary to accomplish an agency function related to a system of records. Disclosure requirements are limited to only those data elements considered relevant to accomplishing an agency function.

4. To appropriate agencies, entities, and persons when: (1) HUD suspects or has confirmed that there has been a breach of the system of records; (2) HUD has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, HUD (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with HUD's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

5. To another Federal agency or Federal entity, when HUD determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to suspected or confirmed breach, or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the

Federal Government, or national security, resulting from a suspected or confirmed breach.

6. To appropriate Federal, State, local, tribal, or other governmental agencies or multilateral governmental organizations responsible for investigating or prosecuting the violations of, or for enforcing or implementing, a statute, rule, regulation, order, or license, where HUD determines that the information would assist in the enforcement of civil or criminal laws and when such records, either alone or in conjunction with other information, indicate a violation or potential violation of law.

7. To a court, magistrate, administrative tribunal, or arbitrator in the course of presenting evidence, including disclosures to opposing counsel or witnesses in the course of civil discovery, litigation, mediation, or settlement negotiations, or in connection with criminal law proceedings; when HUD determines that use of such records is relevant and necessary to the litigation and when any of the following is a party to the litigation or have an interest in such litigation: (1) HUD, or any component thereof; or (2) any HUD employee in his or her official capacity; or (3) any HUD employee in his or her individual capacity where HUD has agreed to represent the employee; or (4) the United States, or any agency thereof, where HUD determines that litigation is likely to affect HUD or any of its components.

8. To any component of the Department of Justice or other Federal agency conducting litigation or in proceedings before any court, adjudicative, or administrative body, when HUD determines that the use of such records is relevant and necessary to the litigation and when any of the following is a party to the litigation or have an interest in such litigation: (1) HUD, or any component thereof; or (2) any HUD employee in his or her official capacity; or (3) any HUD employee in his or her individual capacity where the Department of Justice or agency conducting the litigation has agreed to represent the employee; or (4) the United States, or any agency thereof, where HUD determines that litigation is likely to affect HUD or any of its components.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Electronic and Paper.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Name, and Requester Case Number.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Per General Record Schedule 4.2, item 040, Correspondence, Emails, Non-financial Transactions, and Reports. Temporary. Destroy 5 years after the date of the last entry or final action by agency, as appropriate, but longer retention is authorized if required for business use.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

For Electronic Records: All personal data will be maintained on a secure workstation or virtual server that is protected by a firewall and complex passwords in a directory that can only be accessed by the system administrators and the analysts actively working on the data; the system used to process or store data have Federal security controls applied to them; the data will be backed up on a regular basis to safeguard against system failures or disasters; and, unencrypted data will not be stored on a laptop or on removable media such as CDs, diskettes, or USB flash drives. Electronic Records are maintained and stored in an electronic encryption database system. These records can only be accessed based on the user's rights and privileges to the system. A multifactor identification method is required which consists of several layers of security to access the records, such as a valid common access card, access to HUD's network, and a valid User ID and password.

For Paper Records: The analysts will securely store any hard copy forms with personal identifiers until they are archived; all hard copy forms with personal identifying data will be stored securely in a locked cabinet that can only be accessed by authorized individuals working on the data.

RECORD ACCESS PROCEDURES:

Individuals requesting records of themselves should address written inquiries to the Department of Housing and Urban Development 451 7th Street SW, Washington, DC 20410-0001. For verification, individuals should provide their full name, current address, and telephone number. In addition, the requester must provide either a notarized statement or an unsworn declaration made under 24 CFR 16.4.

CONTESTING RECORD PROCEDURES:

FOR FURTHER INFORMATION CONTACT:

Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358-2503. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <https://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act (PRA, 44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again inviting the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of

public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your that your entire comment—including your personal identifying information—may be publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Section 4 of the Endangered Species Act (ESA; 16 U.S.C. 1531 *et seq.*) outlines the process by which we can list a species as a threatened species or an endangered species. When we consider whether to list a species, the ESA requires us to take into account the efforts made by any State or any political subdivision of a State to protect such species. We also take into account the efforts made by other entities. States or other entities often formalize conservation efforts in conservation agreements, conservation plans, management plans, or similar documents. The conservation efforts recommended or described in such documents could prevent some species

from becoming so imperiled that they meet the definition of a threatened species or an endangered species under the ESA.

The Policy for Evaluation of Conservation Efforts When Making Listing Decisions (PECE) (68 FR 15100, March 28, 2003) encourages the development of conservation agreements or plans and provides the standard that an individual conservation effort must meet in order for us to consider whether it is likely to make a difference in a species' status. PECE applies to formalized conservation efforts that have not been implemented or have been implemented but have not yet demonstrated if they are effective at the time of a listing decision.

Under PECE, formalized conservation efforts are defined as conservation efforts (specific actions, activities, or programs designed to eliminate or reduce threats or otherwise improve the status of a species) identified in a conservation agreement, conservation plan, management plan, or similar document. To assist us in evaluating whether a formalized conservation effort meets the standard under PECE, we collect information such as conservation

plans, monitoring results, and progress reports. The development of any agreement or plan is voluntary. The PECE is posted on our candidate conservation website at <https://www.fws.gov/library/collections/candidate-conservation-policies-regulations-and-guidance>.

DATES: The public hearing will be held on August 20, 2025, from 5:00 p.m. to 7:00 p.m. (mountain time). Written comments for the FMV and MER must be received by the BLM as provided in

the **ADDRESSES** section below, no later than August 30, 2025.

ADDRESSES: The public hearing details will be published in the ETV News prior to the hearing and on e-Planning BLM website at <https://eplanning.blm.gov/eplanning-ui/project/2015277/510>. The EIS and documents pertinent to this proposal are also available for review at the same website.

Written comments on the FMV and MER must be received by Erika Tobin at email: etobin@blm.gov or Bureau of Land Management, Attn: Erika Tobin, Skyline FMV and MER, 125 South 600 West, Price, UT 84501.

FOR FURTHER INFORMATION CONTACT: Erika Tobin, telephone (435) 636-3605; or by email etobin@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Ms. Tobin. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The lands included in the tract are located in Emery County, Utah, on lands managed by the Manti-La Sal National Forest, and the coal is managed by BLM. The tract is described as follows: Salt Lake Meridian, Utah, T. 14 S., R. 16 E., sec. 10, W1/2SE1/4 and SE1/4SE1/4.

The area described contains 120 acres, according to the official plat of the survey on file with the BLM.

Canyon Fuel Company, LLC, submitted the Little Eccles LBA to the BLM Utah State Office on July 10, 2019. The Flat Canyon lease modification application (LMA) was also submitted on June 10, 2019, and was subsequently revised on July 5, 2019. To comply with the National Environmental Policy Act, Federal Land Policy and Management Act, and regulations at 43 CFR 3425.3 and 43 CFR 3432.3(c), an EIS was completed to address both the LBA and LMA. The complete EIS is available on e-Planning at the location in the **ADDRESSES** section.

Additionally, the BLM and U.S. Department of Agriculture Forest Service, as Federal defendants in *WildEarth Guardians v. Haaland* (2:16-cv-00168), have a responsibility under the March 2023 settlement agreement that resolved the litigation to complete an EIS that at a minimum analyzes effects of climate change attributable to and air-quality effects resulting from these lease proposals when deciding whether or not to approve the Flat

Canyon LMA and to issue a new Federal coal lease in the Little Eccles LBA.

The Little Eccles LBA tract has one minable coal bed called the Lower O'Connor A seam ranging from 10.5–15.7 feet in thickness. The LBA contains approximately 2.1 million tons of high-volatile C bituminous coal in-place and an estimated 858,000 tons recoverable coal reserves. The coal quality on an “as received” basis is as follows: 12,519 BTU/lb, 5.98 percent Moisture, 7.01 percent Ash, 42.70 percent Volatile Matter, 44.31 percent Fixed Carbon, and 0.52 percent Sulfur. The BLM may revise this information based on additional information and public comments received.

Public Involvement Process

At the public hearing for the Little Eccles LBA, the BLM will make every effort to accommodate all speakers who register, although preference will be given to participants from the local area. Each commenter will have 3 minutes to provide oral testimony. Written statements and supporting information submitted during the comment period for the LBA will be considered with the same weight as oral comments and supporting information presented at the public hearing.

Proprietary data must be marked “CONFIDENTIAL” and shall be treated in accordance with the laws and regulations governing confidentiality of such information.

A copy of the FMV and MER comments, except those portions marked as “CONFIDENTIAL” by the author and meeting one of the exemptions in the Freedom of Information Act, will be available for public review upon request at the Price Field Office.

Comments on the Little Eccles LBA, FMV, and MER may include, but need not be limited to, the following topics:

1. The quality of the coal resource;
2. The mining method or methods which would achieve MER of the coal, including specifications of seams to be mined and the most desirable timing and rate of production, restriction of mining, and the inclusion of the tract in an existing or proposed mining operation;
3. Whether this tract is likely to be mined as part of an existing or a proposed mine and evaluated on a realistic incremental basis, in relation to the mine which has the greatest value;
4. Whether the tract should be evaluated as part of an existing mine or as a portion of a new potential mine;
5. Restrictions to mining that may affect coal recovery;

6. The price the mined coal would bring when sold;

7. Costs, including mining and reclamation, and the anticipated timing of production;

8. The percentage rate at which anticipated income streams should be discounted, either with inflation or in the absence of inflation, in which case the anticipated rate of inflation should be given;

9. Depreciation, depletion, amortization and other tax accounting factors;

10. Documented information on the terms and conditions of recent and similar coal land transactions in the lease sale area;

11. The value of any privately held mineral or surface estate in the lease sale area; and

12. Any potential or known competitive interest in the lease sale area.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee we will be able to do so.

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[OMB Control Number 1010-NEW; Docket ID: BOEM-2025-0007]

Agency Information Collection Activities; United States West Coast Port Infrastructure Survey

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing a new information collection request (ICR).

DATES: Comments must be received by BOEM no later than October 10, 2025.

ADDRESSES: Send written comments on this ICR by mail to the BOEM Information Collection Clearance

Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference Office of Management and Budget (OMB) control number 1010–NEW in the subject line of your comments. You may comment on the ICR and view related documents by searching for the docket number “BOEM–2025–0007” at <https://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Anna Atkinson by email at anna.atkinson@boem.gov, or by telephone at 703–787–1025. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside of the United States should use the relay services offered within their country to make international calls to the point of contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand BOEM’s information collection requirements and provide the requested data in the desired format.

BOEM is soliciting comments on the proposed ICR described below. BOEM is especially interested in public comments addressing the following issues: (1) is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure that this information is processed and used in a timely manner; (3) is the burden estimate accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments that you submit in response to this notice are a matter of public record. BOEM will include or summarize each comment in its ICR to OMB for approval of this information collection. You should be aware that your entire comment—including your address, phone number, email address, or other personally identifiable information included in your comment—may be made publicly

available at any time. Even if BOEM withholds your personally identifiable information in the context of this ICR, your comment is subject to the Freedom of Information Act (FOIA) (5 U.S.C. 552). Your information will only be withheld if a determination is made that one of the FOIA exemptions to disclosure applies. Such a determination will be made in accordance with the Department of the Interior (DOI)’s FOIA implementing regulations (43 CFR part 2) and applicable laws.

In order for BOEM to consider withholding from disclosure your personally identifiable information, you must identify, in a cover letter, any information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of information, such as embarrassment, injury, or other harm. Note that BOEM will make available for public inspection, in their entirety, all comments submitted by organizations and businesses, or by individuals identifying themselves as representatives of organizations or businesses.

BOEM protects proprietary information in accordance with FOIA, DOI’s implementing regulations (43 CFR part 2), and 30 CFR 580.70, promulgated pursuant to the Outer Continental Shelf Lands Act (43 U.S.C. 1352(c)).

Title of Collection: “United States West Coast Port Infrastructure Survey”

Abstract: BOEM proposes to gather information about the use of U.S. West Coast port infrastructure and how offshore energy activities, including decommissioning of oil and gas platforms, may affect port-based industries, especially those related to commercial and recreational fishing. The data gathered will be synthesized with other information to produce a final report as well as summary of port profiles that will inform BOEM planning and decision-making. The final report and port profiles will help ensure that future activities related to offshore energy can avoid, minimize, or offset potential space-use conflicts and enhance space-use synergies among port-based industries (especially commercial fishing) when interacting with the offshore energy industry.

BOEM seeks OMB approval for a set of standardized questions for stakeholders that will document existing port infrastructure, services, and their uses so future activities related to offshore energy, including decommissioning of oil and gas

platforms, can avoid, minimize, or offset potential conflicts and enhance beneficial opportunities among port-based industries. The insights gained from this feedback are critical for BOEM’s planning, environmental reviews, Coastal Zone Management Act determinations, local harbor planning, and inter-industry negotiations.

The survey consists of approximately 30 questions asking about topics that include availability of port infrastructure and fishery-related facilities; historical and projected facility use; economic and cultural benefits of port industries and presence; level of concern about potential impacts of offshore energy, including decommissioning of oil and gas platforms, on port users; the importance of port infrastructure to local Tribes; and further comments and suggestions. The survey would be available in an online format or in a printed format that would be distributed to potential respondents. Respondents will also have the option to respond to the survey through an onsite interview. Interviews will be for the purpose of answering and clarifying the survey questions only; no new questions will be introduced.

OMB Control Number: 1010–NEW.

Type of Review: New.

Respondents/Affected Public: Port authority staff and port commissioners; representatives of commercial and recreational fishing associations; State commissioners with responsibilities related to fish and wildlife and/or port planning and development; commercial fish processing facility managers; local business owners; Tribal representatives who use U.S. West Coast ports for fishing activities; and individuals with expertise in State consistency reviews. Respondents will be selected from the States of Washington, Oregon, and California and from 20 ports on the West Coast chosen using statistical criteria.

Total Estimated Number of Annual Responses: 432.

Estimated Completion Time per Response: 45 minutes for the online survey; 1 hour for an in-person interview.

Total Estimated Number of Annual Burden Hours: 432 hours.

Respondent’s Obligation: Voluntary.

Frequency of Collection: One time.

Total Estimated Annual Non-hour Burden Cost: None.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Agency Information Collection Activities; Open and Nondiscriminatory Access to Oil and Gas Pipelines Under the OCS Lands Act

AGENCY: Bureau of Safety and Environmental Enforcement, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Bureau of Safety and Environmental Enforcement (BSEE) proposes to renew an information collection.

DATES: Interested persons are invited to submit comments on or before October 10, 2025.

ADDRESSES: Send your comments on this information collection request (ICR) by either of the following methods listed below:

- Electronically go to <http://www.regulations.gov>. In the Search box, enter BSEE–2025–0102 then click search. Follow the instructions to submit public comments and view all related materials. We will post all comments.

- Email Kelly.Odom@bsee.gov, fax (703) 787–1775 or mail or hand-carry comments to the Department of the Interior; Bureau of Safety and Environmental Enforcement; Regulations and Standards Branch; ATTN: Kelly Odom; 45600 Woodland Road, Sterling, VA 20166. Please reference OMB Control Number 1014–0012 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT:

Kelly Odom by email at Kelly.Odom@bsee.gov or by telephone at (703) 787–1775. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services.

Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the PRA and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: This authority and responsibility are among those

delegated to BSEE. The regulations at 30 CFR part 291 concern open and nondiscriminatory access to pipelines and are the subject of this collection. This request also covers any related Notices to Lessees and Operators (NTLs) that BSEE issues to clarify, supplement, or provide additional guidance on some aspects of our regulations.

The BSEE uses the submitted information to initiate a more detailed review into the specific circumstances associated with a complainant's allegation of denial of access or discriminatory access to pipelines on the U.S. Outer Continental Shelf (OCS). The complaint information will be provided to the alleged offending party. Alternative dispute resolution may be used either before or after a complaint has been filed to informally resolve the dispute. The BSEE may request additional information upon completion of the initial review.

Title of Collection: 30 CFR part 291, “Open and Nondiscriminatory Access to Oil and Gas Pipelines Under the Outer Continental Shelf Lands Act.”

OMB Control Number: 1014–0012.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Potential respondents include Federal OCS oil, gas, and sulfur lessees and/or operators and holders of pipeline rights-of-way.

Total Estimated Number of Annual Respondents: Currently there are approximately 550 Federal OCS oil, gas, and sulfur lessees and holders of pipeline rights-of-way. Not all the potential respondents will submit information in any given year, and some may submit multiple times.

Total Estimated Number of Annual Responses: 2.

Estimated Completion Time per Response: Varies from 1 hour to 50 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 51.

Respondent's Obligation: Responses are voluntary but are required to obtain or retain benefits.

Frequency of Collection: Submissions are generally on occasion.

Total Estimated Annual Nonhour Burden Cost: \$7,500.

An agency may not conduct, or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Kenneth C. Stevens,

Principal Deputy Director, Exercising the Delegated Authorities of the Director, Bureau of Safety and Environmental Enforcement.

BILLING CODE 4310–VH–P

INTERNATIONAL TRADE COMMISSION

[Investigation. No. 337–TA–1458]

Certain Wearable Electroencephalogram Devices and Systems and Components Thereof; Notice of Institution of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on July 7, 2025, under section 337 of the Tariff Act of 1930, as amended, on behalf of Ceribell, Inc. of Sunnyvale, California. Letters supplementing the complaint were filed on July 22, 2025. The complaint, as supplemented, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain wearable electroencephalogram devices and systems and components thereof by reason of the infringement of certain claims of U.S. Patent No. 9,820,670 (“the ‘0670 patent”); U.S. Patent No. 12,150,769 (“the ‘769 patent”); U.S. Patent No. 12,324,670 (“the ‘4670 patent”); U.S. Patent No. 12,336,826 (“the ‘826 patent”); U.S. Patent No. 10,433,756 (“the ‘756 patent”); and U.S. Patent No. 11,357,434 (“the ‘434 patent”). The complaint, as supplemented, further alleges that an industry in the United States exists or is in the process of being established as required by the applicable Federal Statute.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a limited exclusion order and cease and desist orders.

ADDRESSES: The complaint, except for any confidential information contained therein, may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. Hearing impaired individuals are advised that information on this matter can be obtained by

contacting the Commission’s TDD terminal on (202) 205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at (202) 205–2000. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>.

FOR FURTHER INFORMATION CONTACT: Pathenia M. Proctor, The Office of Unfair Import Investigations, U.S. International Trade Commission, telephone (202) 205–2560.

SUPPLEMENTARY INFORMATION:

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in section 210.10 of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10 (2025).

Scope of Investigation: Having considered the complaint, the U.S. International Trade Commission, on August 6, 2025, *ordered that—*

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain products identified in paragraph (2) by reason of infringement of one or more of claims 1–7, 9–12, 16–18, 20, and 22–28 of the ‘0670 patent; claims 1–19 of the ‘769 patent; claims 1–4, 6, 7, 9–11, 14–21, 23–25, 28, and 29 of the ‘4670 patent; claims 1–4, 6, 8, 9, and 12–18 of the ‘826 patent; claims 1–5, 7, 8, 10–12, 15–18, 22, 24, and 27 of the ‘756 patent; and claims 1, 3–8, 10, 14, and 17–19 of the ‘434 patent, and whether an industry in the United States exists or is in the process of being established as required by subsection (a)(2) of section 337;

(2) Pursuant to section 210.10(b)(1) of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10(b)(1), the plain language description of the accused products or category of accused products, which defines the scope of the investigation, is “wearable Electroencephalogram (EEG) devices and systems and components thereof including, a wearable electronic headband providing EEG measurement and signal collection, a wireless amplifier that attaches to the headband, an EEG recorder which communicates wirelessly with the headband to provide EEG monitoring and recording functionalities, and an application on

the EEG recorder that provides software-based monitoring functionality”;

(3) Pursuant to Commission Rule 210.50(b)(1), 19 CFR 210.50(b)(1), the presiding Administrative Law Judge shall take evidence or other information and hear arguments from the parties or other interested persons with respect to the public interest in this investigation, as appropriate, and provide the Commission with findings of fact and a recommended determination on this issue, which shall be limited to the statutory public interest factors set forth in 19 U.S.C. 1337(d)(1), (f)(1), (g)(1);

(4) For the purpose of the investigation so instituted, the following are hereby named as parties upon which this notice of investigation shall be served:

(a) The complainant is:

Ceribell, Inc., 360 N Pastoria Ave., Sunnyvale, CA 94085

(b) The respondents are the following entities alleged to be in violation of section 337, and are the parties upon which the complaint is to be served:

Natus Medical Incorporated, 3150 Pleasant View Rd., Middleton, WI 53562

Excel-Tech Ltd. (“XLTEK”), 2568 Bristol Circle, Oakville, Ontario, L6H 5S1, Canada

Natus Neurology Incorporated, 3150 Pleasant View Rd., Middleton, WI 53562

(c) The Office of Unfair Import Investigations, U.S. International Trade Commission, 500 E Street SW, Suite 401, Washington, DC 20436; and

(5) For the investigation so instituted, the Chief Administrative Law Judge, U.S. International Trade Commission, shall designate the presiding Administrative Law Judge.

Responses to the complaint and the notice of investigation must be submitted by the named respondents in accordance with section 210.13 of the Commission’s Rules of Practice and Procedure, 19 CFR 210.13. Pursuant to 19 CFR 201.16(e) and 210.13(a), such responses will be considered by the Commission if received not later than 20 days after the date of service by the Commission of the complaint and the notice of investigation. Extensions of time for submitting responses to the complaint and the notice of investigation will not be granted unless good cause therefor is shown.

Failure of a respondent to file a timely response to each allegation in the complaint and in this notice may be deemed to constitute a waiver of the right to appear and contest the allegations of the complaint and this notice, and to authorize the

administrative law judge and the Commission, without further notice to the respondent, to find the facts to be as alleged in the complaint and this notice and to enter an initial determination and a final determination containing such findings, and may result in the issuance of an exclusion order or a cease and desist order or both directed against the respondent.

By order of the Commission.

Issued: August 6, 2025.

Lisa Barton,

Secretary to the Commission.

All submissions, including copyrighted material, are available for inspection through the OSHA Docket Office. Contact the OSHA Docket Office at (202) 693-2350 (TTY (877) 889-5627) for assistance in locating docket submissions.

Instructions: All submissions must include the agency name and OSHA docket number (OSHA-2009-0042) for the Information Collection Request (ICR). OSHA will place all comments, including any personal information, in the public docket, which may be made available online. Therefore, OSHA cautions interested parties about submitting personal information such as social security numbers and birthdates.

For further information on submitting comments, see the “Public Participation” heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Belinda Cannon, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor; telephone (202) 693-2222.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of the continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, the reporting burden (in

terms of time and costs) is minimal, collection instruments are clearly understood, and OSHA’s estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with a minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining said information (29 U.S.C. 657).

OSHA conducts peer reviews of a draft product for quality by specialists in the field who were not involved in producing the draft. The selection of participants in a peer review is based on expertise, considering their independence and any actual or potential conflicts of interest. The Office of Management and Budget published the Final Information Quality Bulletin for Peer Review on December 15, 2004. The Bulletin states “. . . the agency must address reviewers’ potential conflicts of interest (including those stemming from ties to regulated businesses and other stakeholders) and independence from the agency.” The Bulletin requires agencies to adopt or adapt the committee selection policies employed by the National Academy of Sciences (NAS) when selecting peer reviewers who are not government employees. To fulfill this requirement, OSHA has developed a Conflict of Interest (COI) and Disclosure Form, based on NAS’ Conflict of Interest Disclosure form. This form will be used to determine whether a conflict exists for a potential peer review panel member.

The following sections describe who uses the information collected under each requirement, as well as how they use it.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency’s functions to protect workers, including whether the information is useful;
- The accuracy of OSHA’s estimate of the burden (time and costs) of the information collection requirements,

including the validity of the methodology and assumptions used;

- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information, and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend the approval of the information collection requirements contained in the Conflict of Interest (COI) and Disclosure Form. The agency is requesting to maintain the burden hours estimate of 27 hours.

OSHA will summarize the comments submitted in response to this notice and will include this summary in the request to OMB to extend the approval of the information collection requirements.

Type of Review: Extension of a currently approved data collection.

Title: Conflict of Interest (COI) and Disclosure Form.

OMB Control Number: 1218-0255.

Affected Public: Individuals and Households.

Number of Respondents: 36.

Number of Responses: 36.

Frequency of Responses: On occasion.

Average Time per Response: OSHA estimates it will take thirty minutes (30/60 hour) to complete the short version of the COI form, and one (1) hour to complete the long version of the COI form.

Estimated Total Burden Hours: 27.

Estimated Cost (Operation and Maintenance): \$0.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

- (1) electronically at <https://www.regulations.gov>, which is the Federal eRulemaking Portal; or
- (2) by facsimile (fax), if your comments, including attachments, are not longer than 10 pages you may fax them to the OSHA Docket Office at 202-693-1648. All comments, attachments, and other material must identify the agency name and the OSHA docket number for the ICR (OSHA-2009-0042). You may supplement electronic submission by uploading document files electronically.

Comments and submissions are posted without change at <https://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and dates of birth. Although all submissions are listed in

the <https://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this website. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <https://www.regulations.gov> website to submit comments and access the docket is available at the website's "User Tips" link. Contact the OSHA Docket Office at (202) 693-2350, (TTY) (877) 889-5627 for information about materials not available from the website, and for assistance in using the internet to locate docket submissions.

V. Authority and Signature

Amanda Laihow, Acting Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 *et seq.*) and Secretary of Labor's Order No. 8-2020 (85 FR 58393).

Phase 2 of the LunaRecycle Challenge

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice.

SUMMARY: The National Aeronautics and Space Administration (NASA) is announcing Phase 2 of the LunaRecycle Challenge. Teams that wish to compete in this public prize competition may now register.

DATES: Phase 2 registration opens August 11, 2025, and will remain open until January 22, 2026 (4 p.m. Eastern). No further requests for registration will be accepted after this timeframe. Other important dates, including deadlines for key deliverables from the Teams, are listed on the Challenge website: <https://lunarecycle.ua.edu/>.

ADDRESSES: To register for or get additional information regarding the LunaRecycle Challenge, please visit: <https://lunarecycle.ua.edu/>. Competitors in the LunaRecycle Challenge Phase 2 will develop

solutions and submit from their own location.

FOR FURTHER INFORMATION CONTACT: Jennifer Edmunson, jennifer.e.edmunson@nasa.gov, 256-544-0721.

General questions and comments regarding the program should be addressed to the Centennial Challenges Program, NASA Marshall Space Flight Center, Huntsville, AL 35812. Email: hq-stmd-centennialchallenges@mail.nasa.gov. Phone: 256-544-1265.

SUPPLEMENTARY INFORMATION: NASA seeks to stimulate research and technology solutions to support future missions and inspire new national aerospace capabilities through public prize competitions called Centennial Challenges. The LunaRecycle Challenge is one such competition. Centennial Challenges are managed at NASA's Marshall Space Flight Center and are part of the Prizes, Challenges, and Crowdsourcing program within NASA's Space Technology Mission Directorate (STMD).

The LunaRecycle Challenge is a prize competition with a total prize purse of up to \$3,000,000 USD. In Phase 2, NASA will award up to \$2,000,000 USD in prizes for development and demonstration of hardware-based recycling systems, with optional digital twin models. All teams must submit a Prototype Solution. Teams may also submit a Digital Twin Solution as part of their entry.

NASA is providing the prize purse for U.S. Teams, and the University of Alabama will administer the challenge on behalf of NASA.

I. Prize Amounts: The total prize purse for Phase 2 is up to \$2,000,000 USD. Prize distribution is detailed in the Official Rules.

II. Eligibility To Participate and Win Prize Money: To be eligible to win a prize, competitors must register and comply with all requirements in the Official Rules. Only U.S. teams are eligible to compete in Phase 2. Interested teams should refer to the Official Challenge website for full details on eligibility and registration.

III. Official Rules: The complete rules for the LunaRecycle Challenge can be found at: <https://lunarecycle.ua.edu/>.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103650; File No. SR-CboeBZX-2025-108]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fee Schedule by Revising the Rate Associated With the Cross Asset Tier

August 6, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 1, 2025, Cboe BZX Exchange, Inc. (“Exchange” or “BZX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items II and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) proposes to amend its Fee Schedule by revising the rate associated with the Cross Asset Tier. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/equities/regulation/rule_filings/BZX/) and at the Exchange’s Office of the Secretary.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**1. Purpose**

The Exchange proposes to amend its Fee Schedule applicable to its equities trading platform (“BZX Equities”) by revising the rate associated with the Cross Asset Tier. The Exchange proposes to implement these changes effective August 1, 2025.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 16 registered equities exchanges, as well as a number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Securities Exchange Act of 1934 (the “Act”), to which market participants may direct their order flow. Based on publicly available information,³ no single registered equities exchange has more than 14% of the market share. Thus, in

such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. The Exchange in particular operates a “Maker-Taker” model whereby it pays rebates to members that add liquidity and assesses fees to those that remove liquidity. The Exchange’s Fee Schedule sets forth the standard rebates and rates applied per share for orders that provide and remove liquidity, respectively. Currently, for orders in securities priced at or above \$1.00, the Exchange provides a standard rebate of \$0.00160 per share for orders that add liquidity and assesses a fee of \$0.0030 per share for orders that remove liquidity.⁴ For orders in securities priced below \$1.00, the Exchange does not provide a rebate for orders that add liquidity and assesses a fee of 0.30% of the total dollar value for orders that remove liquidity.⁵ Additionally, in response to the competitive environment, the Exchange also offers tiered pricing which provides Members opportunities to qualify for higher rebates or reduced fees where certain volume criteria and thresholds are met. Tiered pricing provides an incremental incentive for Members to strive for higher tier levels, which provides increasingly higher benefits or discounts for satisfying increasingly more stringent criteria.

Cross Asset Tier

Under footnote 1 of the Fee Schedule, the Exchange offers various Add/Remove Volume Tiers. In particular, the Exchange offers a Cross Asset Tier that provides an enhanced rebate for orders yielding fee codes B,⁶ V⁷ and Y⁸ where a Member reaches certain add volume-based criteria on BZX equities as well as certain add volume-based criteria on its affiliate options exchange, BZX Options. Currently, the Exchange provides an enhanced rebate of \$0.0032 per share in securities priced at or above \$1.00 for orders appended with fee codes B, V, and Y that satisfy the criteria of the Cross Asset Tier. The Exchange does not offer an enhanced rebate for orders appended with fee codes B, V, and Y that satisfy the criteria of the Cross Asset Tier in securities priced below \$1.00. The Exchange now proposes to reduce the enhanced rebate from \$0.0032 per share to \$0.0027 per share in securities priced at or above \$1.00

⁶ Fee code B is appended to displayed orders that add liquidity to BZX in Tape B securities.

⁷ Fee code V is appended to displayed orders that add liquidity to BZX in Tape A securities.

⁸ Fee code Y is appended to displayed orders that add liquidity to BZX in Tape C securities.

appended with fee codes B, V, and Y that satisfy the criteria of the Cross Asset Tier. The purpose of reducing the amount of the enhanced rebate associated with the Cross Asset Tier in securities priced at or above \$1.00 is for business and competitive reasons, as the Exchange believes that lowering such rebate as proposed would decrease the Exchange's expenditures with respect to transaction pricing in a manner that is still consistent with the Exchange's overall pricing philosophy of encouraging added liquidity.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁹ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers as well as Section 6(b)(4)¹² as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities.

As described above, the Exchange operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. The Exchange believes that its proposal to reduce the enhanced rebate associated with the Cross Asset Tier reflects a competitive pricing structure designed to incentivize market participants to direct their order flow to the Exchange, which the Exchange believes would enhance market quality to the benefit of

all Members. In particular, the Exchange believes its proposal to reduce the enhanced rebate associated with the Cross Asset Tier in securities priced at or above \$1.00 is reasonable, equitable, and consistent with the Act because such change is designed to decrease the Exchange's expenditures with respect to transaction pricing in order to offset some of the costs associated with the Exchange's current pricing structure, which provides various rebates for liquidity-adding orders, and the Exchange's operations generally, in a manner that is consistent with the Exchange's overall pricing philosophy of encouraging added liquidity. The proposed reduced enhanced rebate of \$0.0027 per share is reasonable and appropriate because while it is slightly lower than the existing rebate, it remains competitive with other fees assessed by competing Exchanges offering similar Cross Asset Tiers.¹³ The Exchange further believes that the proposed reduction to the enhanced rebate associated with the Cross Asset Tier is not unfairly discriminatory because it applies to all Members equally, in that all Members will receive the lower enhanced rebate upon satisfying the criteria associated with the Cross Asset Tier in securities priced at or above \$1.00.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Rather, as discussed above, the Exchange believes that the proposed change would encourage the submission of additional order flow to a public exchange, thereby promoting market depth, execution incentives and enhanced execution opportunities, as well as price discovery and transparency for all Members. As a result, the Exchange believes that the proposed changes further the Commission's goal in adopting Regulation NMS of fostering competition among orders, which promotes "more efficient pricing of individual stocks for all types of orders, large and small."

The Exchange believes the proposed rule changes do not impose any burden

on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. Particularly, the proposed change to reduce the enhanced rebate associated with the Cross Asset Tier does not impose an unnecessary burden as all Members will receive the reduced enhanced rebate for orders that satisfy the criteria of the Cross Asset Tier in securities priced at or above \$1.00. The Exchange does not believe the proposed changes burden competition, but rather, enhances competition as it is intended to increase the competitiveness of BZX by amending existing pricing incentives in order to attract order flow and incentivize participants to increase their participation on the Exchange. Greater overall order flow, trading opportunities, and pricing transparency benefits all market participants on the Exchange by enhancing market quality and continuing to encourage Members to send orders, thereby contributing towards a robust and well-balanced market ecosystem.

Next, the Exchange believes the proposed rule changes do not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. As previously discussed, the Exchange operates in a highly competitive market. Members have numerous alternative venues that they may participate on and direct their order flow, including other equities exchanges, off-exchange venues, and alternative trading systems. Additionally, the Exchange represents a small percentage of the overall market. Based on publicly available information, no single equities exchange has more than 14% of the market share.¹⁴ Therefore, no exchange possesses significant pricing power in the execution of order flow. Indeed, participants can readily choose to send their orders to other exchange and off-exchange venues if they deem fee levels at those other venues to be more favorable. Moreover, the Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Specifically, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system "has been remarkably successful in promoting market competition in its broader forms that are most important to

investors and listed companies.”¹⁵ The fact that this market is competitive has also long been recognized by the courts. In *NetCoalition v. Securities and Exchange Commission*, the D.C. Circuit stated as follows: “[n]o one disputes that competition for order flow is ‘fierce.’ . . . As the SEC explained, ‘[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that act as their order-routing agents, have a wide range of choices of where to route orders for execution’; [and] ‘no exchange can afford to take its market share percentages for granted’ because ‘no exchange possesses a monopoly, regulatory or otherwise, in the execution of order flow from broker dealers’”¹⁶ Accordingly, the Exchange does not believe its proposed fee change imposes any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and paragraph (f) of Rule 19b-4¹⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend Equity 7, Section 115 to introduce a new feature within the Nasdaq WorkX platform that will automate the method for users to resubmit, and for the system to process, rejected trade reports ("price reject override process") and to amend the timeframe for users to submit price override requests ("POR").³ The Exchange will announce the implementation date of the new feature and the new Rule set forth in the Proposal, in an Equity Trader Alert at least 7 days prior to implementation.

Background

Currently, firms submit trade reports to the FINRA/Nasdaq Trade Reporting Facility Chicago (the "FINRA/Nasdaq TRF Chicago") and the FINRA/Nasdaq Trade Reporting Facility Carteret (the "FINRA/Nasdaq TRF Carteret") (collectively, the "FINRA/Nasdaq TRF"). The FINRA/Nasdaq TRF validates all trade reports to prevent erroneous prices from being reported in the market ("price validation"). The system will approve reports that fall within the price parameters and will reject reports that fall outside of the price parameters.⁴ Before the FINRA/Nasdaq TRF accepts a trade report, price validation occurs by comparing submitted trade prices against price parameters. If the trade price passes the initial price validation, then no further action is needed, and the FINRA/Nasdaq TRF accepts the trade report. If the trade price falls outside of the price parameters, the FINRA/Nasdaq TRF will reject the trade report.

A firm may resubmit the trade report with a price override indicator ("POI") confirming that the executing trade price is correct even though the price deviates from the current market price.

³ WorkX is a web-based application that facilitates trade reporting and clearing functions for the FINRA/Nasdaq TRF. WorkX provides FINRA/Nasdaq TRF participants with trade entry, action, and supervisory features to support their FINRA/Nasdaq TRF regulatory responsibilities.

⁴ While market participants are required to report all over-the-counter trades in NMS stocks to FINRA, they may choose which FINRA/Nasdaq TRF to use to satisfy their trade reporting obligations.

If the trade report is resubmitted with a POI, the price is checked for validation using a wider price band. If the report passes the second price validation, no further action is needed. If the resubmission with the POI fails, the user may initiate the price reject override process. The current price reject override process involves multiple steps, including contacting FINRA Operations and Nasdaq MarketWatch via phone or email to request price override approval for one or multiple securities. While a firm may submit POR(s) from 8:00 a.m. to 8:00 p.m. ET ("System Hours"), processing of the POR only occurs during non-market hours.⁵

To initiate the price reject override process, a firm must email or call FINRA Operations and Nasdaq MarketWatch for a Price Override Request ("POR") and provide supporting trade details to temporarily disable the price parameter validation for the symbol (or symbols, if there are multiple rejected trades).⁶ Once a firm makes the request, FINRA Operations reviews the request and notifies the firm and Nasdaq MarketWatch of its approval or denial. A firm may follow up with Nasdaq MarketWatch via email or phone to track POR status changes.

If the POR is approved, Nasdaq MarketWatch updates the FINRA/Nasdaq TRF system settings to temporarily disable the price validation parameters for the symbol(s) to allow the system to accept the resubmitted trade report. Nasdaq MarketWatch notifies the firm via email or phone once the system setting for price validation is disabled. Thereafter, the firm can resubmit the trade report without price validation and the system will accept and process the resubmitted trade report. As discussed in more detail below, there is no specific timeframe within non-market hours for the firm to resubmit the trade report. Once the report is submitted and is successfully processed, the firm notifies Nasdaq MarketWatch via email or phone and Nasdaq MarketWatch updates the system settings to re-enable the price validation parameters for the symbol(s).

⁵ The Exchange does not offer the price reject override process during Market Hours (as defined in footnote 15, below) to avoid erroneous prices from being reported when trading volumes are high.

⁶ This manual POR process specifically asks FINRA Operations and Nasdaq MarketWatch to temporarily disable price validation settings for a particular symbol to allow the system to accept and process the trade at the rejected price. Trade details generally include, but are not limited to, the symbol, MPID, price of the trade and the time of the trade. A firm can submit a POR for an individual symbol, or if multiple trade reports are rejected, the firm may submit a POR for multiple symbols.

Proposed New Product—WorkX Price Reject Override Monitor

The Exchange proposes to improve the POR process for market participants that submit trade reports by introducing WorkX PRO Monitor Full Version ("Full Version") and WorkX PRO Monitor Lite Version ("Lite Version" and collectively, "WorkX PRO Monitor") as an add-on feature to the WorkX platform.⁷ WorkX PRO Monitor is designed to automate and streamline the current manual POR process by enabling firms to electronically submit a POR and track the approval status in real-time. WorkX PRO Monitor will reduce the number of manual steps involved in handling a POR by eliminating the need for firms to email or call FINRA Operations or Nasdaq MarketWatch. The new product will also eliminate the requirement for firms to submit supporting trade details because such information will be available automatically to FINRA Operations through the WorkX system.⁸ Both versions of the product will have similar core features including the ability to submit POR(s) and to track POR status changes in real-time, which allows users to improve their monitoring of POR approvals.

WorkX PRO Monitor Full Version and Lite Version will provide similar core features including the ability to submit POR(s) through the WorkX platform for one or multiple rejected trade reports⁹ and to track POR status changes in real-time, which allows users to efficiently manage price reject overrides without requiring manual follow-ups. The Full Version provides users with advanced trade reporting features that are not included in the Lite Version, which offers more limited capabilities to WorkX users for free.¹⁰ The Full Version

⁷ WorkX is used by most market participants as their primary method of resubmitting rejected trade reports. During 2024, 79% of FINRA/Nasdaq TRF reporter participants utilized WorkX and will benefit from the proposed automation process. Of the 21% of reporter participants that are not WorkX subscribers, 4% (3 firms) requested price overrides in 2024. Non-WorkX subscribers can continue to call or email Nasdaq MarketWatch to submit a POR on the firm's behalf. MarketWatch will continue to submit PORs to FINRA Operations on behalf of firms that are not WorkX subscribers and FINRA will approve or deny the request.

⁸ Currently, FINRA does not have access to trade report reject details. However, the Exchange developed a feature to allow FINRA Operations to systematically approve or deny PORs and view price reject trade details in real-time through WorkX.

⁹ All market participants may resubmit an unlimited number of PORs.

¹⁰ The Exchange intends to submit a subsequent fee filing to establish the pricing fees for access to the PRO Monitor Full Version. The PRO Monitor Lite version will be offered at no additional cost to WorkX subscribers.

includes additional features, such as a table listing all rejected trade reports, a resubmit button for users to more easily resubmit rejected trade reports, real-time monitoring data that includes detailed charts and graphs related to rejected reports, and customizable notifications that allow users to receive alerts, via the WorkX interface, and emails related to PORs and resubmissions.

Proposed POR Time Limits

Currently, firms may submit POR(s) during System Hours. However, to prevent erroneous prices from being reported when trading volume is high, FINRA Operations and Nasdaq MarketWatch will only process PORs during Pre-Market Hours and Post-Market Hours.¹¹ The Exchange is proposing to limit POR submissions and price validation disablement to only occur during the same time period as the approval process—from 8:00 a.m. to 9:15 a.m. ET and 4:00 p.m. to 8:00 p.m. ET for all market participants.¹² The Exchange is proposing to shorten the Pre-Market Hours window by fifteen minutes for POR(s), approvals and resubmissions to ensure that price validation is systematically enabled for all securities at market open and to allow time for intervention in case any setting is not systematically enabled for the market open.

Additionally, when FINRA Operations approves a POR, MarketWatch manually disables the relevant price validation settings for the requested symbol(s) and subsequently re-enables the settings after a firm notifies Nasdaq MarketWatch that the process is complete. There is no time limit currently on how long the price validation parameters may remain disabled after POR approval. While the price validation parameters are disabled, the market may be susceptible to erroneous prices. Therefore, the Exchange is proposing to set a five-minute time limit of system disablement

¹¹ The term “Pre-Market Hours” means the period of time beginning at 4:00 a.m. ET and ending immediately prior to the commencement of Market Hours. The term “Market Hours” means the period of time beginning at 9:30 a.m. ET and ending at 4:00 p.m. ET (or such earlier time as may be designated by Nasdaq on a day when the Exchange closes early). The term “Post-Market Hours” means the period of time beginning immediately after the end of Market Hours and ending at 8:00 p.m. ET. If a firm misses the cutoff window for resubmitting a trade after receiving approval for its POR, the firm can contact FINRA Operations and Nasdaq MarketWatch to coordinate the resubmission during the next time window.

¹² The proposed approval windows for non-market hours when the Exchange closes early will be 8:00 a.m.–9:15 a.m. ET and 1:00 p.m.–5:00 p.m. ET.

for Lite Version users and non-WorkX users. More specifically, the Exchange is proposing that once FINRA Operations approves a POR, a Lite Version user or Nasdaq MarketWatch (on behalf of users not subscribed to WorkX) may trigger the disablement of the system which will temporarily disable the price validation system settings so that the user may resubmit the previously rejected trade report. The system will automatically re-enable the price validation settings after five minutes of being disabled. The Exchange is limiting the system disabling to five minutes is to prevent erroneous trade reports from going through without being subject to price validation.

The Exchange is also proposing that once FINRA Operations approves the POR for a Full Version user, the user can resubmit the trade report and WorkX will then automatically disable the price validation system settings temporarily, which will allow a trade report to be accepted by the FINRA/Nasdaq TRF for a specific symbol(s) outside of the price parameter. Once the report is accepted, the system will automatically re-enable the price validation settings immediately, thereby eliminating the need for a firm to notify Nasdaq MarketWatch via email or phone that the trade report has been resubmitted. The price reject override process for Full Version users will not take more than 5 minutes. Therefore, the Exchange is not proposing a time limit for Full Version users.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹³ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁴ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The Exchange’s proposal to create an additional add-on feature to its WorkX platform is reasonable and removes impediments in several respects. First, the integration of WorkX PRO Monitor into the WorkX platform will promote operational efficiency, reduce risks of trade reporting errors, and enhance the overall integrity of the FINRA/Nasdaq TRF process. Features such as real-time monitoring, resubmission action button, and customizable alerts facilitate prompt resolution of rejected trade reports, ensuring that only accurate

trade reports are disseminated to the consolidated tape thereby reducing opportunities for price manipulation or misinformation that could mislead investors. The automation of the historically manual price reject override process removes trade reporting impediments, such as time delays due to manual processing, and promotes investor protection by reducing the likelihood of erroneous trade reports, which mitigates the risk of price manipulation and investor misinformation.

Second, the integration of WorkX PRO Monitor provides market participants with additional features to help improve coordination and efficiency among FINRA Operations, and Nasdaq MarketWatch in handling trade reporting rejections. As a result, this helps market participants reduce the risk of non-compliance with FINRA and SEC requirements. By improving the accuracy of submitted trade prices and the efficiency of resubmitting price rejects, this proposal directly aligns with the SEC’s broader mission to maintain market integrity and protect investors.

Third, the enhancements provided by WorkX PRO Monitor improves regulatory compliance and operational control over price rejected trade reports, ensuring that firms can correct errors before they affect the market. This directly benefits investors by improving the accuracy of market data used to make investment decisions. As a result, investors will be further protected by ensuring that only accurate, verified trade reports are disseminated.

Also, the Exchange believes that it is reasonable and not unfairly discriminatory to limit the POR, resubmission, approval, and price validation disablement process to only occur during the same time window. The Exchange also believes that it is reasonable and not unfairly discriminatory to shorten the Pre-Market Hours window by fifteen minutes. These proposed changes will streamline the POR process, ensure that price validation is systematically enabled for all securities at market open, and will allow time for intervention in case any system setting is not enabled for the market open. The time period for the POR, resubmission, approval, and price validation disablement process, as well as the shortening of the Pre-Market Hours window will apply to all market participants.

The Exchange also believes that proposing a 5-minute timer is reasonable because it helps ensure the timely re-enablement of the price validation system settings, which

¹³ 15 U.S.C. 78f(b).

¹⁴ 15 U.S.C. 78f(b)(5).

supports market integrity and protects investors. The price validation process is a safeguard to prevent erroneous trade reports from entering the market. Allowing the settings to remain disabled for an indefinite period increases the risk that trades will be accepted at erroneous prices. Imposing a reasonable timeframe for resubmission minimizes this risk and promotes standardized restoration of price validation system settings.

The Exchange believes the implementation of the timer is not unfairly discriminatory because all Lite Version users and users not subscribed to WorkX are subject to the same 5-minute timeframe when resubmitting trades after a POR approval. While Full Version users will not be subject to the same operational impact of the timer due to the availability of the automated price validation system re-enabling feature, PRO Monitor Lite Version users and users that are not subscribed to WorkX may submit another POR after the timer lapses to request additional time to resubmit trade reports. All users have POR status transparency and may submit as many POR requests or price reject resubmissions as needed. The timer limits the duration that price validation settings is disabled in connection with a given POR approval and does not restrict the allowable number of PORs.

Additionally, the main distinction between the timer's functionality for Full Version users versus Lite Version users and users not subscribed to WorkX is the level of automation, which is consistent with other pricing tiered models across the industry. Optional enhancements that are based on a subscription model are a well-established practice that incentivizes innovation while maintaining equal opportunity for market participants among all users.

Finally, WorkX PRO Monitor add-on is an optional tool that is equally available to all participants of WorkX. Participants have the option to either choose between the Full Version or Lite Version, which is further consistent with other pricing tiered models across the industry. This ensures that small firms and large firms alike can access an appropriate level of functionality without unnecessary cost burdens if they desire to do so; therefore, creating no access violations for resubmitting price rejects.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not

necessary or appropriate in furtherance of the purposes of the Act.

As it relates to intramarket competition, the Exchange does not believe that its proposal will place any category of Exchange participant at a competitive disadvantage. All users will continue to have the ability to utilize the POR process and resubmit rejected trades, and in many cases, the price reject override process will be more efficient. While WorkX PRO Monitor users will receive access to more features than non-WorkX users, this will not place any participant at a competitive disadvantage. The Exchange notes that its members are not required to subscribe to the products if they believe that the subscription and/or its cost are not attractive. WorkX PRO Monitor is optional, meaning market participants can choose whether to sign up for the Full Version or use the Lite Version at no additional cost based on their business needs. This optional feature does not impose mandatory costs and ensures fair access by allowing all WorkX PRO Monitor users to benefit from core functionalities at no additional costs.

As it relates to intermarket competition, the two versions of WorkX PRO Monitor ensure that the Exchange can continue to provide the best products that benefit member firms. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor the FINRA/NYSE TRF if they are dissatisfied with the feature or deem the FINRA/NYSE TRF and its related front-end products to be more favorable.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁵ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-NASDAQ-2025-060 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-NASDAQ-2025-060. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the filing will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-NASDAQ-2025-060 and should be submitted on or before September 2, 2025.

The Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁷

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103645; File No. SR-PEARL-2025-38]

Self-Regulatory Organizations; MIAX PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the MIAX Pearl Equities Fee Schedule To Modify the Rebates for Executions of Orders in Securities Priced at or Above \$1.00 per Share That Add Displayed Liquidity

August 6, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 31, 2025, MIAX PEARL, LLC (“MIAX Pearl” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the fee schedule (the “Fee Schedule”) applicable to MIAX Pearl Equities, an equities trading facility of the Exchange, to: (i) amend the standard rebate for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange and update the corresponding Liquidity Indicator Codes; and (ii) amend the NBBO Setter Plus Table (described below) to amend the standard and enhanced rebates for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange.

The text of the proposed rule change is available on the Exchange’s website at <https://www.miaxglobal.com/markets/us-options/pearl-options/rule-filings> and at MIAX Pearl’s principal office.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to: (i) amend the standard rebate³ for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange (“Added Displayed Volume”) across all Tapes and update the corresponding Liquidity Indicator Codes;⁴ and (ii) amend the NBBO Setter Plus Table⁵ to amend the standard and enhanced rebates for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange. The proposed changes will apply to orders executed during the Early Trading Session,⁶ Regular Trading Session,⁷ and Late Trading Session.⁸

Proposal To Amend Standard Rebate for Added Displayed Volume

The Exchange proposes to amend Section 1(a) of the Fee Schedule to amend the standard rebate for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange across all Tapes in all trading sessions. Currently, the Exchange provides a standard rebate of (\$0.0021) per share for executions of orders in securities priced at or above \$1.00 per share that

add displayed liquidity to the Exchange across all Tapes in all trading sessions.⁹ The Liquidity Indicator Codes applicable to this rebate are as follows: AA, EA, FA, AB, EB, FB, AC, EC, FC.¹⁰

The Exchange now proposes to reduce the standard rebate from (\$0.0021) to (\$0.0018) per share for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange across all Tapes in all trading sessions. The purpose of this proposed change is for business and competitive reasons. The Exchange notes that despite the change proposed herein, the Exchange’s proposed standard rebate of (\$0.0018) per share for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange remains competitive with the standard rebate for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume that is provided by other equity exchanges.¹¹

Proposal To Make Corresponding Changes to Liquidity Indicator Codes

Next, the Exchange proposes to amend Section 1(b) of the Fee Schedule to make the corresponding changes to the Liquidity Indicator Codes that are impacted as a result of the Exchange’s proposal to amend the standard rebate for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange across all Tapes in all trading sessions. In particular, the Exchange proposes to amend the table of Liquidity Indicator Codes and Associated Fees to update the rebate from (\$0.0021) to (\$0.0018) that is associated with Liquidity Indicator Codes AA, EA, FA, AB, EB, FB, AC, EC, FC. The purpose of amending these Liquidity Indicator Codes is to provide Equity Members¹² increased clarity as to the amended rebate that will be applied to these particular executions in light of the Exchange’s proposed change the standard rebate described above.

Proposal To Amend the NBBO Setter Plus Table

The NBBO Program was implemented beginning September 1, 2023 and subsequently amended several times.¹³ In general, the NBBO Program provides enhanced rebates for Equity Members that add displayed liquidity in securities priced at or above \$1.00 per share in all Tapes based on increasing volume thresholds and increasing market quality levels (described below).¹⁴

Pursuant to the NBBO Setter Plus Table in Section 1(c) of the Fee Schedule, the NBBO Program provides six volume tiers enhanced by three market quality levels to provide increasing rebates in this segment. The six volume tiers are achievable by greater volume from the best of four alternative methods. The three market quality levels are achievable by greater NBBO participation in a minimum number of specific securities (described below).

MIAX Pearl Equities first determines the applicable NBBO Program tier based on four different volume calculation methods. The four volume-based methods to determine the Equity Member's tier for purposes of the NBBO Program are calculated in parallel in each month, and each Equity Member receives the highest tier achieved from any of the four methods each month. All four volume calculation methods are

¹³ See, e.g., Securities Exchange Act Release Nos. 98472 (September 21, 2023), 88 FR 66533 (September 27, 2023) (SR-PEARL-2023-45); 99318 (January 11, 2024), 89 FR 3488 (January 18, 2024) (SR-PEARL-2023-73); and 99695 (March 8, 2024), 89 FR 18694 (March 14, 2024) (SR-PEARL-2024-11).

¹⁴ The NBBO Program provides the following additional incentives that Equity Members may achieve: (1) an NBBO Setter Additive Rebate; and (2) an NBBO First Joiner Additive Rebate. The Exchange does not propose to amend the NBBO Setter Additive Rebate, which is an additive rebate of (\$0.0003) per share for executions of orders in securities priced at or above \$1.00 per share that set the NBB or NBO on MIAX Pearl Equities with a minimum size of a round lot. Equity Members must also execute at least 0.015% of NBBO Set Volume as a percentage of TCV during the relevant month to qualify for this additive rebate. See Fee Schedule, Section 1(c). "NBBO Set Volume" means the ADAV in all securities of an Equity Member that sets the NBB or NBO on MIAX Pearl Equities. See *id.* "TCV" means total consolidated volume calculated as the volume in shares reported by all exchanges and reporting facilities to a consolidated transaction reporting plan for the month for which the fees apply. *Id.* Likewise, the Exchange does not propose to amend the NBBO First Joiner Additive Rebate, which is an additive rebate of (\$0.0001) per share for executions of orders in securities priced at or above \$1.00 per share that bring MIAX Pearl Equities to the established NBB or NBO with a minimum size of a round lot. See Fee Schedule, Section 1(c). Equity Members must also execute at least 0.015% of NBBO Set Volume as a percentage of TCV during the relevant month to qualify for this additive rebate. See *id.*

based on an Equity Member's respective ADAV, NBBO Set Volume, or ADV, each as a percent of industry TCV as the denominator.¹⁵

Under volume calculation Method 1, the Exchange provides tiered rebates based on an Equity Member's ADAV as a percentage of TCV. An Equity Member qualifies for the base rebates in Tier 1 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADAV of at least 0.00% and less than 0.035% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 2 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADAV of at least 0.035% and less than 0.05% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 3 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADAV of at least 0.05% and less than 0.08% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 4 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADAV of at least 0.08% and less than 0.20% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 5 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADAV of at least 0.20% and less than 0.40% of TCV. Finally, an Equity Member qualifies for the enhanced rebates in Tier 6 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADAV of at least 0.40% of TCV.

Under volume calculation Method 2, the Exchange provides tiered rebates based on an Equity Member's NBBO Set Volume as a percentage of TCV. Under volume calculation Method 2, an Equity Member qualifies for the base rebates in Tier 1 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an NBBO Set Volume of at least 0.00% and less than 0.01% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 2 for executions of orders in securities priced at or above \$1.00 per

¹⁵ "ADAV" means average daily added volume calculated as the number of shares added per day and "ADV" means average daily volume calculated as the number of shares added or removed, combined, per day. ADAV and ADV are calculated on a monthly basis. See the Definitions Section of the Fee Schedule.

share for Added Displayed Volume across all Tapes by achieving an NBBO Set Volume of at least 0.01% and less than 0.015% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 3 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an NBBO Set Volume of at least 0.015% and less than 0.02% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 4 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an NBBO Set Volume of at least 0.02% and less than 0.03% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 5 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an NBBO Set Volume of at least 0.03% and less than 0.08% of TCV. Finally, an Equity Member qualifies for the enhanced rebates in Tier 6 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an NBBO Set Volume of at least 0.08% of TCV.

Under volume calculation Method 3, the Exchange provides tiered rebates based on an Equity Member's ADV as a percentage of TCV. An Equity Member qualifies for the base rebates in Tier 1 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADV of at least 0.00% and less than 0.15% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 2 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADV of at least 0.15% and less than 0.18% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 3 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADV of at least 0.18% and less than 0.20% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 4 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADV of at least 0.20% and less than 0.60% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 5 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADV of at least 0.60% and less than 1.00% of TCV. Finally, an Equity Member

qualifies for the enhanced rebates in Tier 6 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes by achieving an ADV of at least 1.00% of TCV.

Under volume calculation Method 4, the Exchange provides tiered rebates based on an Equity Member's ADAV as a percentage of TCV, excluding sub-dollar volume in the calculation. An Equity Member qualifies for the base rebates in Tier 1 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume (excluding sub-dollar securities) across all Tapes by achieving an ADAV of at least 0.00% and less than 0.035% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 2 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume (excluding sub-dollar securities) across all Tapes by achieving an ADAV of at least 0.035% and less than 0.05% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 3 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume (excluding sub-dollar securities) across all Tapes by achieving an ADAV of at least 0.05% and less than 0.08% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 4 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume (excluding sub-dollar securities) across all Tapes by achieving an ADAV of at least 0.08% and less than 0.20% of TCV. An Equity Member qualifies for the enhanced rebates in Tier 5 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume (excluding sub-dollar securities) across all Tapes by achieving an ADAV of at least 0.20% and less than 0.40% of TCV. Finally, an Equity Member qualifies for the enhanced rebates in Tier 6 for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume (excluding sub-dollar securities) across all Tapes by achieving an ADAV of at least 0.40% of TCV.

After the volume calculation is performed to determine highest tier achieved by the Equity Member, the applicable rebate is calculated based on two different measurements based on the Equity Member's participation at the NBBO on the Exchange in certain securities (referenced below).

The Exchange provides one column of base rebates (referred to in the NBBO Setter Plus Table as "Level A") and two columns of enhanced rebates (referred to in the NBBO Setter Plus Table as

"Level B" and "Level C"),¹⁶ depending on the Equity Member's Percent Time at NBBO on MIAAX Pearl Equities in a certain amount of specified securities ("Market Quality Securities" or "MQ Securities").¹⁷ The NBBO Setter Plus Table specifies the percentage of time that the Equity Member must be at the NBB or NBO on MIAAX Pearl Equities in at least 200 symbols out of the full list of 1,000 MQ Securities (which symbols may vary from time to time based on market conditions). The list of MQ Securities is generally based on the top multi-listed 1,000 symbols by ADV across all U.S. securities exchanges. The list of MQ Securities is updated monthly by the Exchange and published on the Exchange's website.¹⁸

The base rebates ("Level A") are as follows: (\$0.00210) per share in Tier 1; (\$0.00280) per share in Tier 2; (\$0.00290) per share in Tier 3; (\$0.00300) per share in Tier 4; (\$0.00325) per share in Tier 5; and (\$0.00330) per share in Tier 6. Under Level B, the Exchange provides enhanced rebates for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes if the Equity Member's Percent Time at NBBO is at least 25% and less than 50% in at least 200 MQ Securities per trading day during the month. The Level B rebates are as follows: (\$0.00215) per share in Tier 1; (\$0.00285) per share in Tier 2; (\$0.00295) per share in Tier 3; (\$0.00305) per share in Tier 4; (\$0.00330) per share in Tier 5; and (\$0.00335) per share in Tier 6. Under Level C, the Exchange provides enhanced rebates for executions of orders in securities priced at or above \$1.00 per share for Added Displayed

Volume across all Tapes if the Equity Member's Percent Time at NBBO is at least 50% in at least 200 MQ Securities per trading day during the month. The Level C rebates are as follows: (\$0.00220) per share in Tier 1; (\$0.00290) per share in Tier 2; (\$0.00300) per share in Tier 3; (\$0.00310) per share in Tier 4; (\$0.00335) per share in Tier 5;¹⁹ and (\$0.00340) per share in Tier 6.

The Exchange proposes to amend the NBBO Setter Plus Table in Section 1(c) of the Fee Schedule to decrease the rebates for all tiers for all rebate levels of the NBBO Program. With the proposed changes, the Level A rebates will be as follows: (\$0.00180) per share in Tier 1; (\$0.00275) per share in Tier 2; (\$0.00285) per share in Tier 3; (\$0.00295) per share in Tier 4; (\$0.00320) per share in Tier 5; and (\$0.00325) per share in Tier 6. The Level B rebates will be as follows: (\$0.00210) per share in Tier 1; (\$0.00280) per share in Tier 2; (\$0.00290) per share in Tier 3; (\$0.00300) per share in Tier 4; (\$0.00325) per share in Tier 5; and (\$0.00330) per share in Tier 6. The Level C rebates will be as follows: (\$0.00215) per share in Tier 1; (\$0.00285) per share in Tier 2; (\$0.00295) per share in Tier 3; (\$0.00305) per share in Tier 4; (\$0.00330) per share in Tier 5; and (\$0.00335) per share in Tier 6.

The Exchange does not propose to amend any of volume calculation methods used to determine the Equity Member's tier for purposes of the NBBO Program, which will continue to be calculated in parallel in each month, and each Equity Member will continue to receive the highest tier achieved from any of the four methods each month.²⁰ The Exchange also does not propose to amend the different measurements to calculate an Equity Member's participation at the NBBO on the Exchange in Market Quality Securities under the NBBO Program.

The purpose of reducing the standard and enhanced rebates for executions of Added Displayed Volume for all tiers and market quality levels of the NBBO Program is for business and competitive

¹⁶ For the purpose of determining qualification for the rebates described in all Levels of the Market Quality Tier columns in the NBBO Setter Plus Table, the Exchange will exclude from its calculation: (1) any trading day that the Exchange's system experiences a disruption that lasts for more than 60 minutes during regular trading hours; (2) any day with a scheduled early market close; (3) the "Russell Reconstitution Day" (typically the last Friday in June); (4) any day that the MSCI Equities Indexes are rebalanced (*i.e.*, on a quarterly basis); and (5) any day that the S&P 400, S&P 500, and S&P 600 Indexes are rebalanced (*i.e.*, on a quarterly basis). See the General Notes section of the Fee Schedule.

¹⁷ "Market Quality Securities" or "MQ Securities" shall mean a list of securities designated as such, that are used for the purposes of qualifying for the rebates described in Level B and Level C of the Market Quality Tier columns in the NBBO Setter Plus Program. The universe of these securities will be determined by the Exchange and published on the Exchange's website. See *id.*

¹⁸ See *e.g.* MIAAX Pearl Equities Exchange—Market Quality Securities (MQ Securities) List, available at <https://www.miaaxglobal.com/markets/us-equities/pearl-equities/fees> (last visited July 28, 2025).

¹⁹ The Exchange provides an alternative method for Equity Members to qualify for the enhanced rebate of Tier 5, Level C by satisfying the following three requirements in the relevant month: (1) Midpoint ADAV of at least 2,500,000 shares; (2) displayed ADAV of at least 10,000,000 shares; and (3) Percent Time at the NBBO of at least 50% in 200 or more symbols from the list of MQ Securities. See Fee Schedule, Section 1(c), note 3. The Exchange does not propose to amend these alternative requirements pursuant to this proposal.

²⁰ The Exchange does not propose to amend the alternative volume calculation method for Equity Members to qualify for the Tier 5, Level C enhanced rebate, as proposed to be reduced.

reasons. The Exchange notes that even with the proposed decrease in the NBBO Program rebates, the base and enhanced rebates of the NBBO Program remain competitive with, or higher than, the rebates provided by other exchanges for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to those exchanges.²¹

Implementation

The proposed changes are effective beginning August 1, 2025.

2. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act²² in general, and furthers the objectives of Section 6(b)(4) of the Act²³ in particular, in that it is an equitable allocation of reasonable fees and other charges among its Equity Members and issuers and other persons using its facilities. The Exchange also believes that the proposal is consistent with the objectives of Section 6(b)(5)²⁴ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, and to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, and, particularly, is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange operates in a highly fragmented and competitive market in which market participants can readily direct their order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of seventeen registered equities exchanges, and there are a number of alternative trading systems and other off-exchange venues, to which market participants

may direct their order flow. For the month of June 2025, based on publicly available information, no single registered equities exchange had more than approximately 13.39% of the total market share of executed volume of equities trading.²⁵ Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. For the month of June 2025, the Exchange represented 1.04% of the total market share of executed volume of equities trading.²⁶ The Commission and the courts have repeatedly expressed their preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and also recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”²⁷

The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can shift order flow or discontinue to reduce use of certain categories of products, in response to new or different pricing structures being introduced into the market. Accordingly, competitive forces constrain the Exchange’s transaction fees and rebates, and market participants can readily trade on competing venues if they deem pricing levels at those other venues to be more favorable. The Exchange believes the proposal reflects a reasonable and competitive pricing structure designed to continue to incentivize market participants to direct their order flow to the Exchange, which the Exchange believes would continue to enhance liquidity and market quality to the benefit of all Equity Members and market participants.

Proposal To Amend the Standard Rebate for Adding Displayed Liquidity

The proposal to reduce the rebate for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange is reasonable, equitably allocated, and not unfairly discriminatory because, even

with the proposed decrease, the Exchange believes the proposed rebate of (\$0.0018) per share will not discourage order flow. The Exchange notes that despite the change proposed herein, the Exchange’s proposed standard rebate of (\$0.0018) per share for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange remains competitive with the standard rebate for similar executions that is provided by other equity exchanges.²⁸ The Exchange believes that even with the proposed decrease, the Exchange’s standard rebate will continue to encourage Equity Members to maintain their order flow directed to the Exchange. In turn, this should continue to contribute to a deep and liquid market to the benefit of all market participants and allow the Exchange to maintain its attractiveness as a trading venue. The Exchange further believes the proposed reduced standard rebate for executions of orders that add displayed liquidity is fair, equitable and not unfairly discriminatory because the standard rebate will apply to all Equity Members that add displayed liquidity in securities priced at or above \$1.00 per share across all Tapes and trading sessions.

Proposal To Make Corresponding Changes to Liquidity Indicator Codes

The Exchange believes its proposal to amend the table of Liquidity Indicator Codes and Associated Fees to update the rebate from (\$0.0021) to (\$0.0018) that is associated with Liquidity Indicator Codes AA, EA, FA, AB, EB, FB, AC, EC, FC is reasonable, equitably allocated and not unfairly discriminatory. This is because the proposed changes will provide clarity and consistency in the Fee Schedule as to the amended rebate that will be applied to these executions in light of the Exchange’s proposed change to reduce the standard rebate for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange across all Tapes and trading sessions. It is in the public interest for the Fee Schedule to be clear and concise.

Proposal To Amend the NBBO Program Rebates

The Exchange believes its proposal to reduce the standard and enhanced rebates for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume across all Tapes under the NBBO Program is reasonable because the

Exchange's standard rebate and enhanced rebates will remain competitive with, or higher than, the rebates provided by other exchanges for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to those exchanges.²⁹ The Exchange believes that the enhanced rebates under the NBBO Program, as modified by this proposal, continue to be equitable and not unfairly discriminatory because the NBBO Program is open to all Equity Members on an equal basis and provides enhanced rebates that are reasonably related to the value of the Exchange's market quality associated with greater order flow by Equity Members that set the NBB or NBO, and the introduction of higher volumes of orders into the price and volume discovery process. The Exchange believes the proposal is equitable and not unfairly discriminatory because the Exchange's pricing structure, as modified by this proposal, continues to be designed to incentivize the entry of aggressively priced displayed liquidity that may create tighter spreads, thereby promoting price discovery and market quality on the Exchange to the benefit of all Equity Members and public investors.

For the reasons discussed above, the Exchange submits that the proposal satisfies the requirements of Sections 6(b)(4) and 6(b)(5) of the Act in that it provides for the equitable allocation of reasonable dues, fees and other charges among its Equity Members and other persons using its facilities and is not designed to unfairly discriminate between customers, issuers, brokers, or dealers.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed changes will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

Intramarket Competition

The Exchange does not believe that the proposal will impose any burden on intra-market competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that its proposal to reduce the standard and enhanced rebates provided for in the NBBO Program that apply to executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume will not impose any burden on intramarket competition that is not necessary or appropriate in

furtherance of the purposes of the Act because these changes are for business and competitive reasons. The Exchange notes that despite the modest reduction proposed herein to the standard and enhanced rebates for executions of orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange, the Exchange's rebates remain competitive with, or higher than, the standard and enhanced rebates provided by other exchanges for executions of orders in securities priced at or above \$1.00 per share for Added Displayed Volume on those exchanges.³⁰

The Exchange believes that even with the proposed decrease to the standard and enhanced Added Displayed Volume rebates, the Exchange's rebate structure for such orders will continue to incentivize market participants to direct order flow to the Exchange, thereby contributing to a deeper and more liquid market to the benefit of all market participants and enhancing the attractiveness of the Exchange as a trading venue. The Exchange believes that this, in turn, will continue to encourage market participants to direct additional orders in securities priced at or above \$1.00 per share to the Exchange. Greater liquidity benefits all Equity Members by providing more trading opportunities and encourages Equity Members to send orders to the Exchange, thereby contributing to robust levels of liquidity, which benefits all market participants.

The Exchange does not believe its proposal to update the rebates associated with Liquidity Indicator Codes AA, EA, FA, AB, EB, FB, AC, EC, and FC due to the proposed change to reduce the standard rebate for executions of orders in securities that are priced at or above \$1.00 per share for Added Displayed Volume will impose any burden on intramarket competition. The changes to these Liquidity Indicator Codes is to provide consistency throughout the Fee Schedule. Additionally, the proposed changes will provide specificity to the Fee Schedule so that Equity Members may connect an execution to the applicable rebate.

Intermarket Competition

The Exchange believes its proposal will benefit competition as the Exchange operates in a highly competitive market. Equity Members have numerous alternative venues they may participate on and direct their order flow to, including seventeen other equities exchanges and numerous

alternative trading systems and other off-exchange venues. As noted above, no single registered equities exchange currently has more than approximately 13.39% of the total market share of executed equities volume. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. Moreover, the Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can shift order flow in response to new or different pricing structures being introduced to the market. Accordingly, competitive forces constrain the Exchange's transaction fees and rebates generally, including with respect to executions of all orders in securities priced at or above \$1.00 per share that add displayed liquidity to the Exchange. Market participants can readily choose to send their orders to other exchanges and off-exchange venues if they deem fee levels at those other venues to be more favorable.

Additionally, the Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Specifically, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system "has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies."³¹ The fact that this market is competitive has also long been recognized by the courts. In *NetCoalition v. Securities and Exchange Commission*, the DC circuit stated: "[n]o one disputes that competition for order flow is 'fierce.' . . . As the SEC explained, '[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that act as their routing agents, have a wide range of choices of where to route orders for execution'; [and] 'no exchange can afford to take its market share percentages for granted' because 'no exchange possess a monopoly, regulatory or otherwise, in the execution of order flow from broker dealers' . . ."³² Accordingly, the

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,³³ and Rule 19b-4(f)(2)³⁴ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-PEARL-2025-38 on the subject line.

Paper Comments

SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235-0564]

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension: Rule 17a-6

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collections of information summarized below. The Commission plans to submit these existing collections of information to the Office of Management and Budget ("OMB") for extension and approval.

Section 17(a) of the Investment Company Act of 1940 (the "Act") generally prohibits affiliated persons of a registered investment company ("fund") from borrowing money or other property from, or selling or buying securities or other property to or from, the fund or any company that the fund controls. Rule 17a-6 (17 CFR 270.17a-6) permits a fund, or a company controlled by the fund, and a "portfolio affiliate" of the fund (a company that is an affiliated person of the fund because the fund controls the company, or holds five percent or more of the company's outstanding voting securities) to engage in principal transactions that would otherwise be prohibited under section

17(a) of the Act under certain conditions. A fund may not rely on the exemption in the rule to enter into a principal transaction with a portfolio affiliate if certain prohibited participants (e.g., directors, officers, employees, or investment advisers of the fund) have a financial interest in a party to the transaction. Rule 17a-6 specifies certain interests that are not "financial interests," including any interest that the fund's board of directors (including a majority of the directors who are not interested persons of the fund) finds to be not material. A board making this finding is required to record the basis for the finding in its meeting minutes. This recordkeeping requirement is a collection of information under the Paperwork Reduction Act of 1995 ("PRA").

The rule is designed to permit transactions between funds and their portfolio affiliates in circumstances in which it is unlikely that the affiliate would be in a position to take advantage of the fund. In determining whether a financial interest is "material," the board of the fund should consider whether the nature and extent of the interest in the transaction is sufficiently small that a reasonable person would not believe that the interest affected the determination of whether to enter into the transaction or arrangement or the terms of the transaction or arrangement. The information collection requirements in rule 17a-6 are intended to ensure that Commission staff can review, in the course of its compliance and examination functions, the basis for a board of director's finding that the financial interest of an otherwise prohibited participant in a party to a transaction with a portfolio affiliate is not material.

Based on public filings made with the Commission, we estimate that annually 326 funds and their series (collectively, "funds") may rely on rule 17a-6 to engage in otherwise prohibited transactions under section 17(a) of the 1940 Act. This estimate is based on publicly available Form N-CEN filings. For the purposes of this PRA extension, we assume that each of these funds has engaged in one transaction per reporting period and that in thirty percent of those transactions a prohibited participant will have a financial interest in a party to the transaction that the board of directors of the affected investment company will consider for purposes of determining whether that financial interest is material. We therefore estimate that annually 98 funds made a board determination that resulted in a paperwork burden pursuant to rule 17a-6.

³³ 15 U.S.C. 78s(b)(3)(A)(ii).

³⁴ 17 CFR 240.19b-4(f)(2).

³⁵ 17 CFR 200.30-3(a)(12).

We estimate that compliance with the recordkeeping requirement for rule 17a-6 will impose a burden of .2 hours (12 minutes) in clerical and computer operator costs for each transaction for which there is a paperwork burden. Additionally, we are now estimating that rule 17a-6 will impose a burden of .5 hours for the board of directors to determine and document the basis of the materiality of a financial interest. Therefore, we estimate 69 burden hours to be associated with rule 17a-6 requirements annually, with an associated internal cost of \$282,681.

The estimate of burden hours and burden costs is made solely for the purposes of the PRA. The estimate is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules. Complying with this collection of information requirement is necessary to obtain the benefit of relying on rule 17a-6.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the SEC, including whether the information will have practical utility; (b) the accuracy of the SEC's estimate of the burden imposed by the proposed collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated, electronic collection techniques or other forms of information technology.

Please direct your written comments on this 60-Day Collection Notice to Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Ruttenberg via email to PaperworkReductionAct@sec.gov by October 10, 2025. There will be a second opportunity to comment on this SEC request following the **Federal Register** publishing a 30-Day Submission Notice.

Dated: August 6, 2025.

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103647; File No. SR-CboeEDGX-2025-059]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Fees for Cboe Timestamping Service Reports To Allow Sponsored Participants To Purchase These Reports Directly

August 6, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 25, 2025, Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) proposes to amend fees for Cboe Timestamping Service reports to allow Sponsored Participants to purchase these reports directly.

The text of the proposed rule change is available on the Exchange's website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/) and at the Exchange's Office of the Secretary.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend fees for Cboe Timestamping Service reports, effective July 25, 2025. The Exchange previously adopted a data product known as the Cboe Timestamping Service³ and subsequently adopted fees for the Cboe Timestamping Service.⁴ The Cboe Timestamping Service provides timestamp information for orders and cancels for market participants. More specifically, the Cboe Timestamping Service reports provide various timestamps relating to the message lifecycle throughout the exchange system. The first report—the Missed Liquidity Report—covers order messages of the subscribing firm only and the second report—Cancels Report—covers cancel messages of the subscribing firm only. The reports are optional products that a participant may opt to choose both reports, one report, or neither report.

The Cancels Report provides response time details for orders that rest on the book where the subscribing firm attempted to cancel that resting order or any other resting order but was unable to do so as the resting order was executed before the system processed the cancel message. The Cancels Report assists the subscribing firm in determining by how much time that order missed being canceled instead of executing.

The Missed Liquidity Report provides time details for executions of orders that rest on the book where the subscribing firm attempted to execute against that resting order within an Exchange-determined amount of time (not to exceed 1 millisecond) after receipt of the first attempt to execute against the resting order and within an Exchange-determined amount of time (not to exceed 100 microseconds) before receipt of the first attempt to execute against the resting order.

The Exchange notes that the data included in the reports are based only on the data of the market participant that opts to subscribe to the reports (“Recipient Firm”) and do not include information related to any firm other than the Recipient Firm. Additionally, neither report includes real-time market data. Rather, the reports contain

⁴ See Securities Exchange Act Release No. 101583 (November 18, 2024), 89 FR 90800 (November 12, 2024) (SR-CboeEDGX-2024-075).

historical data from the prior trading day and are available after the end of the trading day, generally on a T+1 basis.

Currently, the Exchange assesses the following monthly fees for Members that purchase the Cancels Report and/or the Missed Liquidity Report. The Exchange assesses a monthly flat fee of \$1,000 for the Cancels Report for a subscribing Member. The Exchange also proposes a progressive monthly fee structure for the Missed Liquidity Report based on the Member's subscribing logical (FIX or BOE) order entry ports (the "Ports")⁵ with the following tiers: \$1,500 for 1–10 Ports, \$2,000 for 11–20 Ports and \$2,500 for 21 and more Ports.⁶ For a mid-month subscription, the monthly fee(s) shall be prorated based on the initial date of the subscription.⁷

Currently, a Member who has Sponsored Participants may choose to purchase one or both of these reports and can provide this data to its Sponsored Participants. A Sponsoring Member may then provide this information to Sponsored Participants, but the Sponsoring Member must first filter the larger data report to provide only the Sponsored Participant's activity from its report and must do this for each individual Sponsored Participant. This may take more time and lead to Sponsored Participants waiting longer to receive their data. In response, the Exchange has received feedback from both Members and Sponsored Participants requesting that Sponsored Participants may be able to directly subscribe and pay for this data.

The Exchange now proposes to amend its Fees Schedule to allow a Member's Sponsored Participants to subscribe and be charged directly for this report. This will permit a Sponsored Participant to request and have access to their

⁵ Based on a firm's unique needs, firms may choose which Ports (if any) it would like to subscribe to the Missed Liquidity Report. For example, a firm that has 20 Ports, but is only interested in receiving data on 10 of their Ports would then be charged the \$1,500 tier fee for its subscribing Ports.

⁶ The Exchange makes clear in the Fees Schedule that the fees are not progressive (*i.e.*, if a firm requests the Missed Liquidity Report for 20 Ports, it will be assessed \$2,000 per month).

⁷ Fees will be assessed on a look-back basis based on the maximum number of subscribing Ports a firm had in the prior calendar month. For example, if a firm had 10 Ports that were subscribed to the Missed Liquidity Report from September 1st–September 26th and the Member added an additional Port to the Missed Liquidity Report on September 27th (for a total of 11 subscribing Ports), the firm would then be assessed a fee of \$2,000 for the month of September for the Missed Liquidity Report. Additionally, the Exchange proposes to make clear in its fee schedule that new subscribers will be charged a prorated fee for a mid-month subscription based on the initial date of the subscription.

information directly. The same fees that are currently in place shall apply to a Sponsored Participant.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁸ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,¹¹ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Members and other persons using its facilities.

In adopting Regulation NMS, the Commission granted self-regulatory organizations ("SROs") and broker-dealers increased authority and flexibility to offer new and unique market data to consumers of such data. It was believed that this authority would expand the amount of data available to users and consumers of such data and also spur innovation and competition for the provision of market data. The Exchange believes that the proposed reports are the sort of market data product that the Commission envisioned when it adopted Regulation NMS.

The Commission concluded that Regulation NMS—by deregulating the market in proprietary data—would itself further the Act's goals of facilitating efficiency and competition: "[E]fficiency is promoted when broker-

dealers who do not need the data beyond the prices, sizes, market center identifications of the NBBO and consolidated last sale information are not required to receive (and pay for) such data. The Commission also believes that efficiency is promoted when broker-dealers may choose to receive (and pay for) additional market data based on their own internal analysis of the need for such data."¹²

By removing "unnecessary regulatory restrictions" on the ability of exchanges to sell their own data, Regulation NMS advanced the goals of the Act and the principles reflected in its legislative history. The Cboe Timestamping Service (*i.e.*, the Missed Liquidity and Cancels Reports) provides investors with new options for receiving market data, which was a primary goal of the market data amendments adopted by Regulation NMS.¹³

The reports are designed for firms that are interested in gaining insight into latency in connection with their respective (1) orders that failed to execute against an order resting on the Exchange order book and/or (2) cancel messages that failed to cancel resting orders. The Exchange believes that providing this optional data to be purchased directly by Sponsored Participants if they desire to receive this is consistent with facilitating transactions in securities, removing impediments to and perfecting the mechanism of a free and open market and a national market system, and, in general, protecting investors and the public interest because it provides Sponsored Participants with an opportunity to receive additional information and insight into their trading activity on the Exchange, that they may not otherwise receive from their Sponsoring Members.

The Exchange previously only allowed Members to subscribe and be billed for this as during the initial launch, it did not yet have the capabilities to pull activities on a per Sponsored Participant basis. Due to requests from Sponsored Participants and Members alike to permit Sponsored Participants to subscribe directly, the Exchange proposes to amend its Fees Schedule to allow a Sponsored Participant to subscribe and be billed directly for this.

The Exchange believes the fee proposals for both the Missed Liquidity Report and Cancels Report are

reasonable as the Exchange is offering any Sponsored Participant or Member access to subscribe to one or both report(s) in the firm's sole discretion based on their unique business needs. The Exchange notes that these existing fees have previously been established¹⁴ and the Exchange now only proposes to expand this to be offered and billed directly to a Sponsored Participant. The reports are optional for a firm to subscribe to if they believe it to be helpful and are not required for firms to purchase in order to access the Exchange. Additionally, firms may cancel their usage of this report at any time.

The proposal would also not permit unfair discrimination as both the Cancels Report and Missed Liquidity Report will be available to all Sponsored Participants, in addition to Members, who may opt to subscribe to one, both, or neither, and will help to protect a free and open market by continuing to provide additional non-core data (offered on an optional basis for a fee) to the marketplace and by providing investors with greater choices.¹⁵ As such, the Exchange believes that the proposed fees are reasonable and set at a level to compete with other exchanges that may choose to offer similar reports. Moreover, if a market participant views another exchange's potential report as more attractive, then such market participant can merely choose not to purchase the Exchange's reports and instead purchase another exchange's similar data product(s), which may offer similar data points, albeit based on that other market's trading activity.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes expanding the scope of who may directly subscribe to the reports will contribute to robust competition among national securities exchanges. The Missed Liquidity Report and Cancels Report further enhances competition between exchanges by

allowing the Exchange to provide these reports directly to a broader group similar to reports that are currently offered by other exchanges.¹⁶

The Exchange also does not believe the proposed fees would cause any unnecessary or inappropriate burden on intermarket competition as other exchanges are free to introduce their own comparable reports with lower prices to better compete with the Exchange's offerings and this fee does not change based on if a subscribing firm is a Member or Sponsored Participant. The Exchange operates in a highly competitive environment, and its ability to price the reports is constrained by competition among exchanges who choose to adopt similar products. The Exchange must consider this in its pricing discipline in order to compete for subscribers of the Exchange's market data via the reports. For example, proposing fees that are excessively higher than fees for potentially similar data products would simply serve to reduce demand for the Exchange's reports, which as discussed, firms are under no obligation to utilize. In this competitive environment, potential purchasers are free to choose which, if any, similar product to purchase to satisfy their need for market information. As a result, the Exchange believes this proposed rule change permits fair competition among national securities exchanges.

The Exchange does not believe the proposed rule change would cause any unnecessary or inappropriate burden on intramarket competition. Particularly, the proposed fees apply uniformly to any purchaser in that the Exchange does not differentiate between the different subscribing firms that may purchase the reports directly from the Exchange. The proposed fees are set at a modest level that would allow any interested Member or Sponsored Participant to purchase such data based on their business needs.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and paragraph (f) of Rule

19b-4¹⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-CboeEDGX-2025-059 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-CboeEDGX-2025-059. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the filing will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-CboeEDGX-2025-059 and should be submitted on or before September 2, 2025.

SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235–0769]

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Extension: Rule 139b

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that the Securities and Exchange Commission (the “Commission”), in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. 3501 *et seq.*) (“PRA”), has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information, “Rule 139b Disclosure of Standardized Performance,” in connection with the Rule 139b (17 CFR 230.139b) under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) (“Securities Act”) that was adopted by the Commission on November 30, 2018, as discussed below.¹

As directed by the Fair Access to Investment Research Act of 2017 (Pub. L. 115–66, 131 Stat. 1196 (2017) (the “FAIR Act”), the Commission adopted rule 139b under the Securities Act to extend the safe harbor under rule 139 to a “covered investment fund research report.” Specifically, rule 139b provides a safe harbor to a broker-dealer who publishes or distributes, in the regular course of its business, research reports concerning one or more “covered investment fund(s)” while participating in the distribution of a covered investment fund’s securities.

In the Adopting Release, the Commission adopted the provision that rule 139b include a standardized performance requirement. The Commission believes that standardized performance presentation is an

¹ See Release No. 33–10580 (Nov. 30, 2018) [83 FR 64180 (Dec. 13, 2018)] (“Adopting Release”). Rule 139b became effective on January 14, 2019.

¹⁹ 17 CFR 200.30–3(a)(12).

appropriate requirement because investors tend to consider fund performance a significant factor in evaluating or comparing investment companies, and the requirement addresses potential investor confusion if a communication were not easily recognizable as research as opposed to an advertising prospectus or supplemental sales literature. Rule 139b requires that research reports about open-end funds that include performance information must present it in accordance with paragraphs (d), (e), and (g) of rule 482. Rule 139b also requires that research reports about closed-end funds that include performance information must present it in accordance with instructions to item 4.1(g) of Form N-2. Performance measures calculated by broker-dealers are not required to be kept confidential and there is no mandatory retention period. The Commission anticipates that compliance with these performance measures for each fund discussed in a research report, and for which the performance measures apply, would increase compliance costs for broker-dealers seeking to publish or distribute a covered investment fund research report.

It is difficult to provide estimates of the burdens and costs for those broker-dealers that will include performance information in a rule 139b research report. As discussed in the Adopting Release, this is difficult to estimate because current data collected does not reflect the affiliate exclusion, does not include the entire universe of covered investment funds, and it is uncertain what percentage of communications currently filed as rule 482 advertising prospectuses (or rule 34b-1 supplemental sales materials) will instead be published in reliance of rule 139b, as covered investment fund research reports.² For purposes of the PRA, we estimate that 10% of the rule 482 and rule 34b-1 communications currently filed by broker-dealers with FINRA (approximately 50,909) could be considered as rule 139b covered investment fund research reports. We estimate that broker-dealers will publish annually 5,091 (10% of 50,909) covered investment fund research reports. Moreover, we assume for purposes of the PRA that all estimated rule 139b research reports will include fund performance information. We further estimate that 1,030 broker-dealers would likely be respondents to the collection of information with a

frequency of 4.9 responses per year.³ Additionally, we estimate that each research report will require 3 hours of ongoing internal burden hours by a broker-dealers' personnel to comply with the rule 139b collection of information requirements, which for each broker-dealer is estimated to be 14.7 internal burden hours.⁴ In sum, we estimate that rule 139b's requirements will impose a total annual internal hour burden of 15,141 hours on broker-dealers.⁵ We do not think there is an external cost burden associated with this collection of information.

This collection of information requirement would not be mandatory for broker-dealers seeking to rely upon rule 139b, but would be necessary for those broker-dealers that would like to provide performance information in their covered investment fund research reports. Responses to the information collections will not be kept confidential.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Written comments are invited on: (a) whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202505-3235-010 or send an email comment to MBX.OMB.OIRA.SEC_desk_officer@omb.eop.gov within 30 days of the day after publication of this notice by September 11, 2025.

³ Based on information provided by FINRA, for the period January 1, 2024 through December 31, 2024, there were an aggregate of 50,909 filings that were coded as either Rule 482 or Rule 34b-1 filings (40,984 Rule 484 filings and 9,925 Rule 34b-1 filings); furthermore, the Commission estimates that for the period January 1, 2024 through December 31, 2024, there were 5,091 covered investment fund research reports/1,030 broker-dealers = 4.9 annual responses per broker-dealer.

⁴ 4.9 annual responses per broker-dealer × 3 internal burden hours = 14.7 annual internal burden hours per broker-dealer.

⁵ 14.7 annual burden hours * 1,030 broker-dealers.

SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235-0747]

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Extension: Rule 607

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Regulation E (17 CFR 230.601-230.610a) exempts from registration under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) ("Securities Act") securities issued by a small business investment company ("SBIC") which is registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act") or a closed-end investment company that has elected to be regulated as a business development company ("BDC") under the Investment Company Act, so long as the aggregate offering price of all securities of the issuer that may be sold within a 12-month period does not exceed \$5,000,000 and certain other conditions are met. Rule 607 under Regulation E (17 CFR 230.607) entitled, "Sales material to be filed," requires sales material used in connection with securities offerings under Regulation E to be filed with the Commission at least five days (excluding weekends and holidays) prior to its use.¹ Commission staff reviews sales material filed under rule 607 for materially misleading statements and omissions. The requirements of rule 607 are designed to protect investors from the use of false or

¹ Sales material includes advertisements, articles or other communications to be published in newspapers, magazines, or other periodicals; radio and television scripts; and letters, circulars or other written communications proposed to be sent given or otherwise communicated to more than ten persons.

² See Adopting Release, *supra* note 1, n. 413 and accompanying paragraph.

misleading sales material in connection with Regulation E offerings.

Respondents to this collection of information include SBICs and BDCs making an offering of securities pursuant to Regulation E. No filings were submitted to the Commission under rule 607 in 2022, 2023 or 2024. Accordingly, we estimate no annual responses. Each respondent's reporting burden under rule 607 relates to the internal burden associated with filing its sales material electronically, which is negligible. For administrative purposes, we estimate an annual burden of one hour.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Written comments are invited on: (a) whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202505-3235-007 or send an email comment to MBX.OMB.OIRA.SEC_desk_officer@omb.eop.gov within 30 days of the day after publication of this notice by September 11, 2025.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103648; File No. SR-CboeEDGA-2025-022]

Self-Regulatory Organizations; Cboe EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Fees for Cboe Timestamping Service Reports To Allow Sponsored Participants To Purchase These Reports Directly

August 6, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 25, 2025, Cboe EDGA Exchange, Inc. (the "Exchange" or "EDGA") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGA Exchange, Inc. (the "Exchange" or "EDGA") proposes to amend fees for Cboe Timestamping Service reports to allow Sponsored Participants to purchase these reports directly.

The text of the proposed rule change is available on the Exchange's website (http://markets.cboe.com/us/equities/regulation/rule_filings/edga/) and at the Exchange's Office of the Secretary.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend fees for Cboe Timestamping Service reports, effective July 25, 2025. The Exchange previously adopted a data product known as the Cboe Timestamping Service³ and subsequently adopted fees for the Cboe Timestamping Service.⁴ The Cboe Timestamping Service provides timestamp information for orders and cancels for market participants. More specifically, the Cboe Timestamping Service reports provide various timestamps relating to the message lifecycle throughout the exchange system. The first report—the Missed Liquidity Report—covers order messages of the subscribing firm only and the second report—Cancels Report—covers cancel messages of the subscribing firm only. The reports are optional products that a participant may opt to choose both reports, one report, or neither report.

The Cancels Report provides response time details for orders that rest on the book where the subscribing firm attempted to cancel that resting order or any other resting order but was unable to do so as the resting order was executed before the system processed the cancel message. The Cancels Report assists the subscribing firm in determining by how much time that order missed being canceled instead of executing.

The Missed Liquidity Report provides time details for executions of orders that rest on the book where the subscribing firm attempted to execute against that resting order within an Exchange-determined amount of time (not to exceed 1 millisecond) after receipt of the first attempt to execute against the resting order and within an Exchange-determined amount of time (not to exceed 100 microseconds) before receipt of the first attempt to execute against the resting order.

The Exchange notes that the data included in the reports are based only on the data of the market participant that opts to subscribe to the reports ("Recipient Firm") and do not include information related to any firm other than the Recipient Firm. Additionally, neither report includes real-time market data. Rather, the reports contain

³ See Securities Exchange Act Release No. 100803 (August 28, 2024), 89 FR 68948 (August 22, 2024) (SR-CboeEDGA-2024-034).

⁴ See Securities Exchange Act Release No. 101581 (November 18, 2024), 89 FR 90807 (November 12, 2024) (SR-CboeEDGA-2024-046).

historical data from the prior trading day and are available after the end of the trading day, generally on a T + 1 basis.

Currently, the Exchange assesses the following monthly fees for Members that purchase the Cancels Report and/or the Missed Liquidity Report. The Exchange assesses a monthly flat fee of \$1,000 for the Cancels Report for a subscribing Member. The Exchange also proposes a progressive monthly fee structure for the Missed Liquidity Report based on the Member's subscribing logical (FIX or BOE) order entry ports (the "Ports")⁵ with the following tiers: \$1,500 for 1–10 Ports, \$2,000 for 11–20 Ports and \$2,500 for 21 and more Ports.⁶ For a mid-month subscription, the monthly fee(s) shall be prorated based on the initial date of the subscription.⁷

Currently, a Member who has Sponsored Participants may choose to purchase one or both of these reports and can provide this data to its Sponsored Participants. A Sponsoring Member may then provide this information to Sponsored Participants, but the Sponsoring Member must first filter the larger data report to provide only the Sponsored Participant's activity from its report and must do this for each individual Sponsored Participant. This may take more time and lead to Sponsored Participants waiting longer to receive their data. In response, the Exchange has received feedback from both Members and Sponsored Participants requesting that Sponsored Participants may be able to directly subscribe and pay for this data.

The Exchange now proposes to amend its Fees Schedule to allow a Member's Sponsored Participants to subscribe and be charged directly for this report. This will permit a Sponsored Participant to request and have access to their

information directly. The same fees that are currently in place shall apply to a Sponsored Participant.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁸ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,¹¹ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Members and other persons using its facilities.

In adopting Regulation NMS, the Commission granted self-regulatory organizations ("SROs") and broker-dealers increased authority and flexibility to offer new and unique market data to consumers of such data. It was believed that this authority would expand the amount of data available to users and consumers of such data and also spur innovation and competition for the provision of market data. The Exchange believes that the proposed reports are the sort of market data product that the Commission envisioned when it adopted Regulation NMS.

The Commission concluded that Regulation NMS—by deregulating the market in proprietary data—would itself further the Act's goals of facilitating efficiency and competition: "[E]fficiency is promoted when broker-

dealers who do not need the data beyond the prices, sizes, market center identifications of the NBBO and consolidated last sale information are not required to receive (and pay for) such data. The Commission also believes that efficiency is promoted when broker-dealers may choose to receive (and pay for) additional market data based on their own internal analysis of the need for such data."¹²

By removing "unnecessary regulatory restrictions" on the ability of exchanges to sell their own data, Regulation NMS advanced the goals of the Act and the principles reflected in its legislative history. The Cboe Timestamping Service (*i.e.*, the Missed Liquidity and Cancels Reports) provides investors with new options for receiving market data, which was a primary goal of the market data amendments adopted by Regulation NMS.¹³

The reports are designed for firms that are interested in gaining insight into latency in connection with their respective (1) orders that failed to execute against an order resting on the Exchange order book and/or (2) cancel messages that failed to cancel resting orders. The Exchange believes that providing this optional data to be purchased directly by Sponsored Participants if they desire to receive this is consistent with facilitating transactions in securities, removing impediments to and perfecting the mechanism of a free and open market and a national market system, and, in general, protecting investors and the public interest because it provides Sponsored Participants with an opportunity to receive additional information and insight into their trading activity on the Exchange, that they may not otherwise receive from their Sponsoring Members.

The Exchange previously only allowed Members to subscribe and be billed for this as during the initial launch, it did not yet have the capabilities to pull activities on a per Sponsored Participant basis. Due to requests from Sponsored Participants and Members alike to permit Sponsored Participants to subscribe directly, the Exchange proposes to amend its Fees Schedule to allow a Sponsored Participant to subscribe and be billed directly for this.

The Exchange believes the fee proposals for both the Missed Liquidity Report and Cancels Report are

⁵ Based on a firm's unique needs, firms may choose which Ports (if any) it would like to subscribe to the Missed Liquidity Report. For example, a firm that has 20 Ports, but is only interested in receiving data on 10 of their Ports would then be charged the \$1,500 tier fee for its subscribing Ports.

⁶ The Exchange makes clear in the Fees Schedule that the fees are not progressive (*i.e.*, if a firm requests the Missed Liquidity Report for 20 Ports, it will be assessed \$2,000 per month).

⁷ Fees will be assessed on a look-back basis based on the maximum number of subscribing Ports a firm had in the prior calendar month. For example, if a firm had 10 Ports that were subscribed to the Missed Liquidity Report from September 1st–September 26th and the Member added an additional Port to the Missed Liquidity Report on September 27th (for a total of 11 subscribing Ports), the firm would then be assessed a fee of \$2,000 for the month of September for the Missed Liquidity Report. Additionally, the Exchange proposes to make clear in its fee schedule that new subscribers will be charged a prorated fee for a mid-month subscription based on the initial date of the subscription.

reasonable as the Exchange is offering any Sponsored Participant or Member access to subscribe to one or both report(s) in the firm's sole discretion based on their unique business needs. The Exchange notes that these existing fees have previously been established¹⁴ and the Exchange now only proposes to expand this to be offered and billed directly to a Sponsored Participant. The reports are optional for a firm to subscribe to if they believe it to be helpful and are not required for firms to purchase in order to access the Exchange. Additionally, firms may cancel their usage of this report at any time.

The proposal would also not permit unfair discrimination as both the Cancels Report and Missed Liquidity Report will be available to all Sponsored Participants, in addition to Members, who may opt to subscribe to one, both, or neither, and will help to protect a free and open market by continuing to provide additional non-core data (offered on an optional basis for a fee) to the marketplace and by providing investors with greater choices.¹⁵ As such, the Exchange believes that the proposed fees are reasonable and set at a level to compete with other exchanges that may choose to offer similar reports. Moreover, if a market participant views another exchange's potential report as more attractive, then such market participant can merely choose not to purchase the Exchange's reports and instead purchase another exchange's similar data product(s), which may offer similar data points, albeit based on that other market's trading activity.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes expanding the scope of who may directly subscribe to the reports will contribute to robust competition among national securities exchanges. The Missed Liquidity Report and Cancels Report further enhances competition between exchanges by allowing the Exchange to provide these

reports directly to a broader group similar to reports that are currently offered by other exchanges.¹⁶

The Exchange also does not believe the proposed fees would cause any unnecessary or inappropriate burden on intermarket competition as other exchanges are free to introduce their own comparable reports with lower prices to better compete with the Exchange's offerings and this fee does not change based on if a subscribing firm is a Member or Sponsored Participant. The Exchange operates in a highly competitive environment, and its ability to price the reports is constrained by competition among exchanges who choose to adopt similar products. The Exchange must consider this in its pricing discipline in order to compete for subscribers of the Exchange's market data via the reports. For example, proposing fees that are excessively higher than fees for potentially similar data products would simply serve to reduce demand for the Exchange's reports, which as discussed, firms are under no obligation to utilize. In this competitive environment, potential purchasers are free to choose which, if any, similar product to purchase to satisfy their need for market information. As a result, the Exchange believes this proposed rule change permits fair competition among national securities exchanges.

The Exchange does not believe the proposed rule change would cause any unnecessary or inappropriate burden on intramarket competition. Particularly, the proposed fees apply uniformly to any purchaser in that the Exchange does not differentiate between the different subscribing firms that may purchase the reports directly from the Exchange. The proposed fees are set at a modest level that would allow any interested Member or Sponsored Participant to purchase such data based on their business needs.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and paragraph (f) of Rule 19b-4¹⁸ thereunder. At any time within

60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-CboeEDGA-2025-022 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.
- All submissions should refer to file number SR-CboeEDGA-2025-022. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the filing will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-CboeEDGA-2025-022 and should be submitted on or before September 2, 2025.

SMALL BUSINESS ADMINISTRATION**Data Collection Available for Public Comments**

ACTION: 60-day notice and request for comments.

SUMMARY: The Small Business Administration (SBA) intends to request approval from the Office of Management and Budget (OMB) for the collection of information described below. The Paperwork Reduction Act (PRA) requires federal agencies to publish a notice in the **Federal Register** concerning each proposed collection of information before submission to OMB, and to allow 60 days for public comment in response to the notice. This notice complies with that requirement.

DATES: Submit comments on or before October 10, 2025.

ADDRESSES: Send all comments to, Yolanda Billingsley, Office of the National Ombudsman, U.S. Small Business Administration at yolanda.billingsley@sba.gov or 409 3rd Street, Washington, DC 20416.

FOR FURTHER INFORMATION CONTACT: Office of the National Ombudsman, Yolanda Billingsley, yolanda.billingsley@sba.gov, 202–205–6532 or Shauniece Carter, Interim Agency Clearance Office, shauniece.carter@sba.gov, 202–205–6536.

SUPPLEMENTARY INFORMATION: The Small Business Regulatory Enforcement Fairness Act of 1966, 15 U.S.C. 657(b)(2)(B), requires the SBA National Ombudsman to establish a means for SBA to receive comments on regulatory and compliance actions from small entities regarding their disagreements with a Federal Agency action. The Ombudsman uses it to obtain the agency's response, encourages a fresh look by the agency at a high level, and build a smaller business-friendly regulatory environment. The form will be updated to include several key enhancements aimed at improving clarity and user protection. Instructions will be modified to guide small business entities through the completion process and ease of use. A non-retaliation policy will be incorporated to reinforce SBREFA protections for small business entities who choose to submit a comment and emphasize the Office of the National Ombudsman's commitment to a safe and supportive environment. Additionally, the confidentiality clause will be revised to provide clear language and reflect the appropriate statutes governing confidentiality.

Solicitation of Public Comments

SBA is requesting comments on (a) whether the collection of information is necessary for the agency to properly perform its functions; (b) whether the burden estimates are accurate; (c) whether there are ways to minimize the burden, including through the use of automated techniques or other forms of information technology; and (d) whether there are ways to enhance the quality, utility, and clarity of the information.

SOCIAL SECURITY ADMINISTRATION

[Docket No. SSA–2025–0004]

Privacy Act of 1974; Matching Program

AGENCY: Social Security Administration (SSA).

ACTION: Notice of a new matching program.

SUMMARY: In accordance with the provisions of the Privacy Act, as amended, this notice announces a new matching program with the United States Department of the Treasury, Internal Revenue Service (IRS). Under this matching program, the IRS will disclose to SSA certain tax return information for the purpose of establishing the correct amount of Medicare Part B premium subsidy adjustments and Medicare Part D premium increases provided under the Social Security Act (Act), the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (Medicare Modernization Act), and the Affordable Care Act of 2010 (ACA).

DATES: The deadline to submit comments on the proposed matching program is on or before September 10, 2025.

The matching program will be applicable on October 1, 2025, or once a minimum of 30 days after publication of this notice has elapsed, whichever is later. The matching program will be in effect for a period of 18 months.

ADDRESSES: You may submit comments by any one of three methods—internet, fax, or mail. Do not submit the same comments multiple times or by more than one method. Regardless of which method you choose, please state that your comments refer to Docket No. SSA–2025–0004 so that we may associate your comments with the correct regulation.

Caution: You should be careful to include in your comments only information that you wish to make publicly available. We strongly urge you not to include in your comments any personal information, such as Social Security numbers or medical information.

1. *Internet:* We strongly recommend that you submit your comments via the internet. Please visit the Federal eRulemaking portal at <https://www.regulations.gov>. Use the *Search* function to find docket number SSA–2025–0004 and then submit your comments. The system will issue you a tracking number to confirm your submission. You will not be able to view your comment immediately because we must post each submission manually. It may take up to a week for your comments to be viewable.

2. *Fax:* Fax comments to (833) 410–1631.

3. *Mail:* Matthew Ramsey, Executive Director, Office of Privacy and Disclosure, Law and Policy, Social Security Administration, 6401 Security Boulevard, Baltimore, MD 21235–6401, or by emailing Matthew.Ramsey@ssa.gov. Comments are also available for public viewing on the Federal eRulemaking portal at <https://www.regulations.gov> or in person, during regular business hours, by arranging with the contact person identified below.

FOR FURTHER INFORMATION CONTACT: Interested parties may submit general questions about the matching program to Andrea Huseth, Division Director, Office of Privacy and Disclosure, Law and Policy, Social Security Administration, 6401 Security Boulevard, Baltimore, MD 21235–6401, at telephone: (410) 608–9675, or send an email to Andrea.Huseth@ssa.gov.

SUPPLEMENTARY INFORMATION: None.

SSA and IRS.

Authority for Conducting the Matching Program

This matching agreement between IRS and SSA is executed pursuant to section 6103(l)(20) of the Internal Revenue Code (IRC). Section 6103(l)(20) authorizes IRS to disclose specified return information to SSA with respect to taxpayers whose Part B and/or prescription drug coverage insurance premium(s) may (according to IRS records) be subject to premium subsidy adjustment pursuant to section 1839(i) or premium increase pursuant to section 1860D–13(a)(7) of the Act.¹ The purpose of such disclosure is for establishing the amount of any such adjustment or increase or for resolving taxpayer appeals with respect to such adjustment or increase.

Purpose(s)

This computer matching agreement (agreement) sets forth the terms, conditions, and safeguards under which the IRS will disclose to SSA certain tax return information for the purpose of establishing the correct amount of Medicare Part B premium subsidy adjustments and Medicare Part D premium increases provided under the Act.

Categories of Individuals

SSA will disclose to IRS the name and Social Security number (SSN) of beneficiaries who are either enrolled in, or have become entitled to, Medicare Part B and Part D. IRS will extract and transmit MAGI data for such beneficiaries pertaining to the tax year beginning in the second calendar year preceding the year for which the premium adjustment is being calculated.

Categories of Records

When individuals enroll for the Medicare Part B or Medicare prescription drug coverage, or both, they are entitled to both under 1839(i) and 1860D–13(a)(7) section of the Act. On a weekly basis, SSA will provide IRS with this information with respect to Medicare Part B and Part D beneficiaries.

When there is a match of enrollee identifier, and the MAGI data shows income above the applicable threshold established pursuant to section 1839(i) of the Act, IRS will disclose to SSA

¹ Sections 1839(i) and 1860D–13(a)(7) of the Act (42 U.S.C. 1395r(i) and 1395w–113(a)(7)) require the Commissioner of SSA to determine the amount of a beneficiary's premium subsidy adjustment, or premium increase, if the modified adjusted gross income (MAGI) is above the applicable threshold as established in section 1839(i) of the Act (42 U.S.C. 1395r(i)).

information about the Part B and Part D enrollees who:

- (a.) are enrolled in Medicare under the rules in section 1837 of the Act (42 U.S.C. 1395p) and have not disenrolled from Medicare Part B;
- (b.) have filed applications specifically for Medicare Part B;
- (c.) have been determined to have retroactive Medicare Part B entitlement; or
- (d.) have been provided to SSA as enrolled in Medicare Part D by the Centers for Medicare and Medicaid Services.

Hereinafter, the beneficiaries described above will be referred to as "enrollees."

As part of the weekly transmission, SSA will include the name, SSN, premium year, and income threshold amounts for new enrollees. Once each year, on a date in October agreed to at the time between IRS and SSA, SSA will provide the name, SSN, premium year, and income threshold amounts for all enrollees. SSA will use information obtained in this annual request to determine Part B and Part D adjustments for the coming premium year. At the time of the agreed-upon annual exchange, SSA will include the name, SSN, premium year, income threshold amounts, and requested tax year with respect to all enrollees who asked SSA to use a more recent tax year or for enrollees for whom IRS provided three-year-old return information on the initial request. SSA will use the information obtained to correct Part B and Part D adjustment amounts for the requested premium year.

System(s) of Records

SSA's Systems of Records are the Master Beneficiary Record, No. 60–0090, last fully published at 71 **Federal Register** (FR) 1826 (January 11, 2006), and amended at 72 FR 69723 (December 10, 2007), at 78 FR 40542 (July 5, 2013), at 83 FR 31250 and 83 FR 31251 (July 3, 2018), at 83 FR 54969 (November 1, 2018), at 89 FR 825 (January 5, 2024), and 89 FR 14554 (February 27, 2024) and the Medicare Database File, No. 60–0321, last fully published at 71 FR 42159 (July 25, 2006), and amended at 72 FR 69723 (December 10, 2007) and 83 FR 54969 (November 1, 2018).

IRS will match SSA's information with its Return Transaction File, which is part of the Customer Account Data Engine Individual Master File, Treasury/IRS No. 24.030, last published at 80 FR 54063 (September 8, 2015).

DEPARTMENT OF STATE

[Public Notice: 12780]

Privacy Act of 1974; System of Records

AGENCY: Department of State.

ACTION: Rescindment of a system of records notice.

SUMMARY: Information Access Programs Records, State-35, which is being rescinded, captures information that helps the Department in the administration of its statutory responsibility for processing requests for access; amendments; appeals; special projects for Congress, the Government Accountability Office, and the Department of Justice in support of court orders and subpoenas; discovery, litigation support, and litigation pursuant to the Freedom of Information Act, the Privacy Act of 1974, Executive Order 13526 or a successor order on national security information, and Touhy regulations; and stores them in a secure repository that allows for search, retrieval, and view when necessary.

Additionally, the Department of State, by separate **Federal Register** notice, will also be rescinding the Final Rule associated with State-35.

DATES: The Department of State decommissioned the system maintaining Information Access Programs Records, State-35 on December 31, 2022.

ADDRESSES: Questions can be submitted by mail, email, or by calling Timothy Kootz, the Senior Agency Official for Privacy on (202) 485–2051. If by mail, please write to: Timothy Kootz, Senior Agency Official for Privacy; U.S. Department of State; Shared Knowledge Services (A/SKS); Room 4534, 2201 C St. NW, Washington, DC 20520. If by email, please address the email to the Senior Agency Official for Privacy, Timothy Kootz, at Privacy@state.gov. Please write "Information Access Programs Records, State-35" on the envelope or the subject line of your email.

FOR FURTHER INFORMATION CONTACT: Timothy Kootz, Senior Agency Official for Privacy; U.S. Department of State; Shared Knowledge Services (A/SKS); Room 4534, 2201 C St. NW, Washington, DC 20520 or by calling on (202) 485–2051.

SUPPLEMENTARY INFORMATION: Information Access Programs Records, State-35 must be rescinded because the characteristics of the system as it exists and is used in practice do not render the Information Access Programs Records system a system of records as that term

is defined in 5 U.S.C. 552a(a)(5). The request letters and Department responses, copies of responsive records (if applicable) and any other correspondence, memoranda, interrogatories, and declarations related to the processing of information access requests from the initial receipt stage through to completion, amendment, appeal, and litigation are not “records” as defined by § 552a(a)(4), as they are not “about” the individuals incidentally mentioned in the files. The system in which the records are now maintained is also not a “system of records” as defined by § 552a(a)(5) because it (1) does not index files by personal identifier and (2) is not used to retrieve information by a personal identifier. Information about individuals that is incidentally collected in these records is included in other Department of State “systems of records.”

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration**

[Docket No. FAA–2025–0805]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request approval from the Office of Management and Budget (OMB) to renew an information collection. The collection involves manufacturers of small unmanned aircraft providing a safety statement to owners of the UAS they produce. This is a statutory requirement. To minimize the burden on small businesses, the FAA has developed an example safety statement that can be used to satisfy the requirement.

DATES: Written comments should be submitted by September 4, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Jose Skinner by email at: Jose.Skinner@faa.gov; phone: 817–222–5283

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120–0809.

Title: Safety Statement Requirement for Manufacturers of Small Unmanned Aircraft.

Form Numbers: N/A.

Type of Review: This is a renewal of an information collection.

Background: Section 2203 of the FAA Extension, Safety, and Security Act of 2016 (Pub. L. 114–90) requires manufacturers of small unmanned aircraft to make available to the owner at the time of delivery of the small unmanned aircraft a safety statement that satisfies requirements detailed in that section. The safety statement must include: 1. Information about, and sources of, laws and regulations applicable to small unmanned aircraft; 2. Recommendations for using small unmanned aircraft in a manner that promotes the safety of person and property; 3. The date that the safety statement was created or last modified; and 4. Language approved by the Administrator regarding the following: (i) A person may operate the small unmanned aircraft as a model aircraft (as defined in section 336 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note)) or otherwise in accordance with Federal Aviation Administration authorization or regulation, including requirements for the completion of any applicable airman test. (ii) The definition of a model aircraft under section 336 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note). (iii) The requirements regarding the operation of

a model aircraft under section 336 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note). (iv) The Administrator may pursue enforcement action against a person operating model aircraft who endangers the safety of the national airspace system. The FAA has developed an example safety statement that UAS manufacturers may use to satisfy the statutory requirements of section 2203.

Respondents: Manufacturers of small UAS sold in the U.S. (Association for Unmanned Vehicle Systems International (AUVSI) reports there are 471 active manufacturers in February 2019.)

Frequency: On occasion.

Estimated Average Burden per Response: 40 hours.

Estimated Total Annual Burden: 18,840.

Issued in Washington, DC.

DEPARTMENT OF TRANSPORTATION**National Highway Traffic Safety Administration**

[Docket No. NHTSA–2025–0018]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Request for Comment; National Driver Register

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Notice and request for comments on an extension of a previously approved information collection.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (PRA), this notice announces that the Information Collection Request (ICR) summarized below will be submitted to the Office of Management and Budget (OMB) for review and approval. The ICR describes the nature of the information collection and its expected burden. This document describes a currently approved collection of information on NHTSA’s National Driver Register for which NHTSA intends to seek approval from OMB for extension. A **Federal Register** Notice with a 60-day comment period soliciting comments on the following information collection was published on March 28, 2025. No comments were received.

DATES: Comments must be submitted on or before September 10, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection, including suggestions for reducing burden, should be submitted to the Office of Management and Budget at www.reginfo.gov/public/do/PRAMain. To find this information collection, select “Currently under Review—Open for Public Comment” or use the search function.

FOR FURTHER INFORMATION CONTACT: For additional information or access to background documents, contact Miriam Chege, Office of Traffic Records and Analysis, NSA–200, (202) 366–4800, National Highway Traffic Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501 *et seq.*), a federal agency must receive approval from the Office of Management and Budget (OMB) before it collects certain information from the public and a person is not required to respond to a collection of information by a federal agency unless the collection displays a valid OMB control number. In compliance with these requirements, this notice announces that the following information collection request will be submitted OMB.

Title: National Driver Register (NDR).
OMB Control Number: 2127–0001.

Form Number: This collection of information is electronically submitted to NHTSA. There are no standard forms.

Type of Request: Extension of a currently approved information collection.

Type of Review Requested: Regular.

Length of Approval Requested: Three years from date of approval.

Summary of the Collection of Information: The National Driver Register Act of 1982, Title 49 U.S.C., Subtitle VI, Part A, Chapter 303 (as amended) requires the Secretary of Transportation (NHTSA by delegation) to maintain a National Driver Register (NDR) to assist the State chief driver licensing officials in the exchange of information about the motor vehicle driving records of individuals. The chief driver licensing official of a participating State must report to the NDR identification information regarding any individual who is denied a motor vehicle operator’s license for cause, whose motor vehicle operator’s license is withdrawn for cause, or who

is convicted of certain serious motor vehicle related offenses (specified at 49 U.S.C. 30304) or comparable offenses. (23 U.S.C. 30304(a); 23 CFR 1327, Appendix A). Participating States are required to submit an inquiry to the NDR for all driver’s license applicants before issuing or renewing a license. In addition, other authorized users (*e.g.*, the Federal Aviation Administration) have access to system information for specified statutory purposes and submit inquiries to participating States or if they are a Federal agency may submit the inquiries directly to the NDR. All 50 States and the District of Columbia participate in the NDR.

The NDR maintains the computerized database known as the Problem Driver Pointer System (PDPS) which contains information on individuals whose privilege to operate a motor vehicle has been revoked, suspended, canceled, or denied or who have been convicted of serious traffic-related offenses. The records maintained at the NDR consist of identification information including name, date of birth, sex, driver license number, and reporting State which is collected daily.

States use interactive communication for their routine transactions with the NDR, which allows them to submit the required information automatically at the same time the individual’s information is entered into the State’s system. Specifically, when an individual applies for a driver’s license, an inquiry is automatically transmitted to the NDR when the driver’s application is entered into the State’s system. Likewise, when a state records license actions that have been taken against an individual that require reporting to the NDR, a transaction submitting the individual’s identification information is automatically generated and transmitted to the NDR.

Description of the Need for the Information and Proposed Use of the Information: The purpose of the information collection is to ensure that States have access to critical safety information for purposes of driver licensing, driver improvement, and transportation safety. The NDR was established to serve as the central repository of information on problem drivers to promote information sharing among States, eliminating the need for States to contact each of the other 50 jurisdictions, and the District of Columbia individually. The information collected is used by State driver licensing agencies to identify problem drivers prior to issuing a driver’s license, to develop and implement driver improvement programs, and to

enhance transportation safety generally. The following individuals and groups are also authorized to receive information upon inquiry to a State driver licensing agency for transportation safety purposes:

- a. National Transportation Safety Board and Federal Highway Administration in connection with accident investigations;
- b. Employers or prospective employers of motor vehicle operators;
- c. Federal Aviation Administration regarding applications for or holders of airman’s certificates;
- d. Employers or prospective employers of locomotive operators;
- e. U.S. Coast Guard regarding applicants for or holders of licenses, certificates of registry, or merchant mariner’s documents, and for Coast Guard crew members;
- f. Federal departments or agencies that issue motor vehicle operator’s licenses regarding motor vehicle operator license applications;
- g. Employers of pilots (prospective employers may request through approved organizations)
- h. Individuals who have or are seeking access to national security information for purposes under E.O. 12968 or who are being investigated for Federal employment under E.O. 10450;
- i. Individuals requesting information about themselves;
- j. Federal departments and agencies authorized to received information regarding an individual; and
- k. Federal Motor Carrier Safety Administration regarding safety investigations within its jurisdiction.

60-Day Notice: A **Federal Register** notice with a 60-day comment period soliciting public comments on the following information collection was published on March 28, 2025 (90 FR 14181). No comments were received.

Affected Public: Participating States.
Type of Request: Extension of Clearance.

Estimated Number of Respondents: The number of respondents is 51—all 50 States and the District of Columbia.

Frequency: Daily.

Estimated Total Annual Burden Hours: 13,763.

States use routine electronic interactive communication for transactions with the NDR, which allows the States to submit the required information automatically at the same time the information is entered into a state’s own system. Although States are required to report and check for a problem driver when issuing a driver’s license, no burden hours are incurred for these queries for this information collection because the State’s computer

systems automatically transmit the information that is entered as a part of normal business practice. Therefore, the estimated hour burden is based on the States' PDPS IT infrastructure maintenance and States' participation in the optional Clean File process.

To estimate the annual maintenance and infrastructure burden to report and check for problem drivers, NDR asked a small sample of States for information about their annual burden. NDR received formatted estimates from two States which included the maintenance and infrastructure labor hours and cost used to send and maintain information to PDPS. Together, the burden from these two States was 530 hours and the associated labor cost was \$17,400. Using these estimates, NHTSA calculates an average of 265 hours per State, with an

annual labor cost of \$8,700. There are 51 respondents per year (the 50 States and the District of Columbia). Therefore, total annual burden hours for maintenance and infrastructure is estimated to be 13,515 hours (51 respondents × 265 hours). The total annual maintenance and infrastructure labor cost per year is estimated to be \$443,700 (\$8,700 × 51).

To ensure that the information contained in the NDR is accurate, States sometimes submit a "clean file", which is a confirmation of the drivers that have been identified on the system by the State of Record. NHTSA estimates that an average of 31 clean files will be submitted annually by States. States use Secure File Transfer Protocol (SFTP) to submit this information, and NHTSA estimates it takes an IT specialist 8

hours to prepare and run the data. NHTSA estimates the cost for IT personnel burden hours using the Bureau of Labor Statistics' mean wage estimate for Software and Web Developers, Programmers, and Testers (Standard Occupational Classification #15-1250, May 2024) of \$59.02.¹ The Bureau of Labor Statistics estimates that for State and local government workers, wages represent 61.9% of total compensation.² Therefore, the total hourly cost associated with the IT burden hours is estimated to be \$95.35 (\$59.02 ÷ 61.9%) per hour. The total annual burden hours to prepare and submit clean files is 248 hours (8 × 31). The total annual clean file labor cost per year is estimated to be \$23,647 (\$95.35 × 248).

Submission type	Annual responses	Annual respondents	Estimated burden per respondent	Average hourly labor cost	Labor cost per respondent	Total burden hours	Total labor costs
Adding, Updating, or Deleting Records	9,369,197	51	265	N/A	\$8,700	13,515	\$443,700
Clean Files	N/A	31	248	95.35	762.80	248	23,647
Total			513			13,763	467,347

Estimated Total Annual Burden Cost: There are no annual costs.

Public Comments Invited: You are asked to comment on any aspects of this information collection, including (a) whether the proposed collection of information is necessary for the proper performance of the functions of NHTSA, including whether the information will have practical utility; (b) the accuracy of NHTSA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501 *et seq.*), Federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The OCC asks the OMB to extend its approval of the collection in this notice.

Title: Guidance Regarding Unauthorized Access to Customer Information.

OMB Control No.: 1557-0227.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: Section 501(b) of the Gramm-Leach-Bliley Act (15 U.S.C. 6801(b)) requires the OCC to establish appropriate standards for national banks, Federal savings associations, Federal branches and Federal agencies of foreign banks, and any subsidiaries of such entities (except brokers, dealers, persons providing insurance, investment companies, and investment advisers) relating to administrative, technical, and physical safeguards: (1) to insure the security and confidentiality of customer records and information; (2) to protect against any anticipated threats or hazards to the security or integrity of such records; and (3) to protect against unauthorized access to, or use of, such records or

information that could result in substantial harm or inconvenience to any customer.

The Interagency Guidelines Establishing Information Security Standards, 12 CFR part 30, appendix B (Security Guidelines), which implement section 501(b), require each entity supervised by the OCC (supervised institution) to consider and adopt a response program, as appropriate, that specifies actions to be taken when the supervised institution suspects or detects that unauthorized individuals have gained access to customer information systems.

The Interagency Guidance on Response Programs for Unauthorized Access to Customer Information and Customer Notice (Breach Notice Guidance),¹ which interprets the Security Guidelines, states that, at a minimum, a supervised institution's response program should contain procedures for:

(1) Assessing the nature and scope of an incident, and identifying what customer information systems and types of customer information have been accessed or misused;

(2) Notifying its primary Federal regulator as soon as possible when the supervised institution becomes aware of an incident involving unauthorized access to, or use of, sensitive customer information;

(3) Notifying appropriate law enforcement authorities, in addition to filing a timely Suspicious Activity Report in situations involving Federal criminal violations requiring immediate attention, such as when a reportable violation is ongoing, consistent with the OCC's Suspicious Activity Report regulations;

(4) Taking appropriate steps to contain and control the incident in an effort to prevent further unauthorized access to, or use of, customer information, for example, by monitoring, freezing, or closing affected accounts, while preserving records and other evidence; and

(5) Notifying customers when warranted.

The Breach Notice Guidance states that, when a financial institution becomes aware of an incident of unauthorized access to sensitive customer information, the institution should conduct a reasonable investigation to promptly determine the likelihood that the information has been or will be misused. If the institution determines that the misuse of its information about a customer has occurred or is reasonably possible, it should notify the affected customer as soon as possible.

Estimated Burden

Estimated Frequency of Response: On occasion.

Estimated Number of Respondents: 30.

Total Estimated Burden Hours: 1,080.

Comments: On June 3, 2025, the OCC published a 60-day notice for this information collection (90 FR 23606). No comments were received.

Comments continue to be invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC's estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Part II

The President

Executive Order 14329—Addressing Threats to the United States by the Government of the Russian Federation

Presidential Documents

Title 3—

Executive Order 14329 of August 6, 2025

The President

Addressing Threats to the United States by the Government of the Russian Federation

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) (IEEPA), the National Emergencies Act (50 U.S.C. 1601 *et seq.*), section 604 of the Trade Act of 1974, as amended (19 U.S.C. 2483), and section 301 of title 3, United States Code, I hereby determine and order:

Section 1. *Background.* Executive Order 14066 of March 8, 2022 (Prohibiting Certain Imports and New Investments With Respect to Continued Russian Federation Efforts To Undermine the Sovereignty and Territorial Integrity of Ukraine), expanded the scope of the national emergency declared in Executive Order 14024 of April 15, 2021 (Blocking Property With Respect To Specified Harmful Foreign Activities of the Government of the Russian Federation), to include the actions taken against Ukraine by the Government of the Russian Federation. To address that unusual and extraordinary threat to the national security and foreign policy of the United States, Executive Order 14066 prohibited, among other things, the importation into the United States of certain products of Russian Federation origin, including crude oil; petroleum; and petroleum fuels, oils, and products of their distillation.

I have received additional information from various senior officials on, among other things, the actions of the Government of the Russian Federation with respect to the situation in Ukraine. After considering this additional information, among other things, I find that the national emergency described in Executive Order 14066 continues and that the actions and policies of the Government of the Russian Federation continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States.

To deal with the national emergency described in Executive Order 14066, I determine that it is necessary and appropriate to impose an additional *ad valorem* duty on imports of articles of India, which is directly or indirectly importing Russian Federation oil. In my judgment, imposing tariffs, as described below, in addition to maintaining the other measures taken to address the national emergency described in Executive Order 14066, will more effectively deal with the national emergency described in Executive Order 14066.

Sec. 2. *Imposition of Tariffs.* (a) I find that the Government of India is currently directly or indirectly importing Russian Federation oil.

(b) Accordingly, and as consistent with applicable law, articles of India imported into the customs territory of the United States shall be subject to an additional *ad valorem* rate of duty of 25 percent. Subject to section 3 of this order, this rate of duty shall be effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern daylight time 21 days after the date of this order, except for goods that (1) were loaded onto a vessel at the port of loading and in transit on the final mode of transit prior to entry into the United States before 12:01 a.m. eastern daylight time 21 days after the date of this order; and (2) are entered for consumption, or withdrawn from warehouse for consumption, before 12:01 a.m. eastern daylight time on September 17, 2025.

Sec. 3. Scope of Duties and Stacking. (a) The *ad valorem* duty imposed in section 2 of this order shall be in addition to any other duties, fees, taxes, exactions, and charges applicable to such imports, unless subject to existing or future actions under section 232 of the Trade Expansion Act of 1962, in which case the *ad valorem* duty imposed in this order shall not apply.

(b) The *ad valorem* duty imposed in section 2 of this order shall not apply to articles that are excepted by 50 U.S.C. 1702(b).

(c) The *ad valorem* duty imposed in section 2 of this order shall not apply to articles that are set forth in Annex II to Executive Order 14257 of April 2, 2025 (Regulating Imports With a Reciprocal Tariff To Rectify Trade Practices That Contribute to Large and Persistent Annual United States Goods Trade Deficits), as amended.

(d) The *ad valorem* duty imposed in Executive Order 14257 of April 2, 2025, as amended, shall apply in addition to the *ad valorem* duty imposed in section 2 of this order, when applicable pursuant to the terms of Executive Order 14257.

(e) Except for those articles that are eligible for admission under “domestic status” as defined in 19 CFR 146.43, articles that are subject to the duty imposed in section 2 of this order and are admitted into a foreign trade zone on or after 12:01 a.m. eastern daylight time 21 days after the date of this order must be admitted as “privileged foreign status” as defined in 19 CFR 146.41.

Sec. 4. Modification Authority. (a) To ensure that the emergency described in section 1 of this order is dealt with, I may modify this order, including in light of additional information, recommendations from senior officials, or changed circumstances.

(b) Should a foreign country retaliate against the United States in response to this action, I may modify this order to ensure the efficacy of the actions herein ordered.

(c) Should the Government of the Russian Federation or a foreign country impacted by this order take significant steps to address the national emergency described in section 1 of this order and align sufficiently with the United States on national security, foreign policy, and economic matters, I may further modify this order.

Sec. 5. Monitoring and Recommendations. (a) The Secretary of Commerce, in coordination with the Secretary of State, the Secretary of the Treasury, and any other senior official the Secretary of Commerce deems appropriate, shall determine whether any other country is directly or indirectly importing Russian Federation oil. If the Secretary of Commerce finds that a country is directly or indirectly importing Russian Federation oil, the Secretary of State, in consultation with the Secretary of the Treasury, the Secretary of Commerce, the Secretary of Homeland Security, the United States Trade Representative, the Assistant to the President for National Security Affairs, the Assistant to the President for Economic Policy, and the Assistant to the President and Senior Counselor for Trade and Manufacturing, shall recommend whether and to what extent I should take action as to that country, including whether I should impose an additional *ad valorem* rate of duty of 25 percent on imports of articles of that country.

(b) The Secretary of State shall monitor and regularly consult with any senior official the Secretary of State deems appropriate on the emergency described in section 1 of this order.

(c) The Secretary of State, in consultation with the Secretary of the Treasury, the Secretary of Commerce, the Secretary of Homeland Security, the United States Trade Representative, the Assistant to the President for National Security Affairs, the Assistant to the President for Economic Policy, and the Assistant to the President and Senior Counselor for Trade and Manufacturing, shall recommend to me additional action, if necessary, if the actions in this order are not effective in resolving the emergency described in

section 1 of this order or should the Government of the Russian Federation or another foreign country retaliate against the United States in response to the actions taken in this order or any subsequent order issued to address the emergency described in section 1 of this order.

Sec. 6. Delegation. (a) The Secretary of State, in consultation with the Secretary of the Treasury, the Secretary of Commerce, the Secretary of Homeland Security, the United States Trade Representative, the Assistant to the President for National Security Affairs, the Assistant to the President for Economic Policy, and the Assistant to the President and Senior Counselor for Trade and Manufacturing, is hereby authorized to take such actions, including adopting rules and regulations, and to employ all powers granted to the President by IEEPA as may be necessary to implement this order. The Secretary of State may, consistent with applicable law, redelegate any of these functions within the Department of State. Each executive department and agency shall take all appropriate measures within its authority to carry out this order.

(b) The Secretary of Homeland Security, in consultation with the United States International Trade Commission, shall determine whether modifications to the Harmonized Tariff Schedule of the United States are necessary to effectuate this order and may make such modifications through notice in the *Federal Register*.

(c) U.S. Customs and Border Protection may take any necessary or appropriate measure to administer a duty imposed by this order or any action taken pursuant to this order.

Sec. 7. Definitions. For the purposes of this order:

(a) The term “Russian Federation oil” means crude oil or petroleum products extracted, refined, or exported from the Russian Federation, regardless of the nationality of the entity involved in the production or sale of such crude oil or petroleum products.

(b) The term “indirectly importing” includes purchasing Russian Federation oil through intermediaries or third countries where the origin of the oil can reasonably be traced to Russia, as determined by the Secretary of Commerce in consultation with the Secretary of State and the Secretary of the Treasury.

Sec. 8. Severability. If any provision of this order or the application of any provision of this order to any individual or circumstance is held to be invalid, the remainder of this order and the application of its provisions to any other individuals or circumstances shall not be affected.

Sec. 9. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

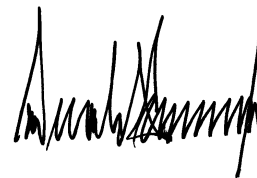

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) The costs for publication of this order shall be borne by the Department of State.

LIST OF PUBLIC LAWS

Note: No public bills which have become law were received by the Office of the Federal Register for inclusion

in today's **List of Public Laws**.

Last List August 5, 2025

Public Laws Electronic Notification Service (PENS)

PENS is a free email notification service of newly

enacted public laws. To subscribe, go to https://portalguard.gsa.gov/__layouts/PG/register.aspx.

Note: This service is strictly for email notification of new laws. The text of laws is not available through this service. **PENS** cannot respond to specific inquiries sent to this address.
