OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Publishing Office, is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see www.federalregister.gov.

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at www.govinfo.gov, a service of the U.S. Government Publishing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 1, 1 (March 14, 1936) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, gpocusthelp.com.

The annual subscription price for the **Federal Register** paper edition is \$860 plus postage, or \$929, for a combined **Federal Register**, **Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is \$330, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Publishing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see bookstore.gpo.gov.

There are no restrictions on the republication of material appearing in the **Federal Register**.

How To Cite This Publication: Use the volume number and the page number. Example: 90 FR 12345.

Postmaster: Send address changes to the Superintendent of Documents, Federal Register, U.S. Government Publishing Office, Washington, DC 20402, along with the entire mailing label from the last issue received.

[Docket No. 250312–0037; RTID 0648–XF145]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Vessels Using Pot Gear in the Central Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by vessels using pot gear in the Central Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 2025 total allowable catch (TAC) of Pacific cod by vessels using pot gear in the Central Regulatory Area of the GOA.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), October 6, 2025, through 2400 hours, A.l.t., December 31, 2025.

FOR FURTHER INFORMATION CONTACT: Abby Jahn, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the

GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared and recommended by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The annual 2025 Pacific cod TAC apportioned to vessels using pot gear in the Central Regulatory Area of the GOA is 4,148 metric tons (mt) as established by the final 2025 and 2026 harvest specifications for groundfish in the GOA (90 FR 12468, March 18, 2025).

In accordance with § 679.20(d)(1)(i), the Regional Administrator has determined that the annual 2025 Pacific cod TAC apportioned to vessels using pot gear in the Central Regulatory Area of the GOA has been or will be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 4,138 mt and is setting aside the remaining 10 mt as incidental catch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been or will be reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by vessels using pot gear in the Central Regulatory Area of the GOA to prevent exceeding this sector's apportionment of Pacific cod TAC.

While this closure is effective, the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR part 679, which was issued pursuant to section 304(b) of the Magnuson-Stevens Act, and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be impracticable and contrary to the public interest, as it would prevent NMFS from responding to the most recent fisheries data on Pacific cod harvest in a timely fashion, and would delay the closure of Pacific cod by vessels using pot gear in the Central Regulatory Area of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data on Pacific cod harvest by vessels using pot gear in the Central Regulatory Area of the GOA only became available as of October 2, 2025.

The Assistant Administrator for Fisheries, NOAA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 3, 2025.

Deputy Assistant Administrator for
Regulatory Programs, National Marine
Fisheries Service.

- I. Introduction
- II. Public Proceeding(s)
- III. Summary Proceeding(s)

I. Introduction

Pursuant to 39 CFR 3041.405, the Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to Competitive negotiated service agreement(s). The request(s) may propose the addition of a negotiated service agreement from the Competitive

product list or the modification of an existing product currently appearing on the Competitive product list.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

Section II identifies the docket number(s) associated with each Postal Service request, if any, that will be reviewed in a public proceeding as defined by 39 CFR 3010.101(p), the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each such request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 and 39 CFR 3000.114 (Public Representative). The Public Representative does not represent any individual person, entity or particular point of view, and, when Commission attorneys are appointed, no attorney-client relationship is established. Section II also establishes comment deadline(s) pertaining to each such request.

The Commission invites comments on whether the Postal Service's request(s) identified in Section II, if any, are consistent with the policies of title 39. Applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3041. Comment deadline(s) for each such request, if any, appear in Section II.

Section III identifies the docket number(s) associated with each Postal Service request, if any, to add a standardized distinct product to the Competitive product list or to amend a standardized distinct product, the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. Standardized distinct products are negotiated service agreements that are variations of one or more Competitive products, and for which financial models, minimum rates, and classification criteria have undergone

Postponement of Public Hearing Concerning China's Compliance With WTO Commitments

AGENCY: Office of the United States Trade Representative (USTR).

ACTION: Notice: postponement of public hearing.

SUMMARY: The Office of the United States Trade Representative (USTR) sought public comments to assist in the preparation of its annual report to Congress on China's compliance with its obligations as a Member of the World Trade Organization (WTO). USTR is postponing the public hearing that was scheduled to take place on October 7, 2025.

DATES: The public hearing scheduled for October 7, 2025 is postponed.

FOR FURTHER INFORMATION CONTACT: Alex Martin, Deputy Director for China Affairs, at *Thomas.A.Martin@ustr.eop.gov* or (202) 395–9625.

SUPPLEMENTARY INFORMATION: On August 18, 2025, USTR sought public comments to assist in the preparation of its annual report to Congress on China's compliance with its obligations as a

Member of the WTO. *See* 90 FR 40136 (Aug 18, 2025). The notice included a September 24, 2025, deadline for the submission of written comments and requests to testify at a public hearing that was scheduled to take place on October 7, 2024. In response to the request for comments, USTR received 12 submissions. In light of the lapse in appropriations and to ensure full public

and interagency participation in the public hearing at a later date, USTR is postponing the hearing.

The President

Executive Order 14355—Unlocking Cures for Pediatric Cancer With Artificial Intelligence

Presidential Documents

Title 3—**Executive Order 14355 of September 30, 2025****The President****Unlocking Cures for Pediatric Cancer With Artificial Intelligence**

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered:

Section 1. *Purpose and Policy.* My Administration is committed to driving innovation to prevent and treat childhood diseases, including through the use of artificial intelligence (AI). Pediatric cancer remains the leading cause of disease-related death for children in the United States aged 1–19 years, and its incidence has increased by more than 40 percent since 1975.

As outlined in my joint address to the Congress in March, reversing this trend is one of the top priorities for the Make America Healthy Again (MAHA) Commission established in Executive Order 14212 of February 13, 2025 (Establishing the President’s Make America Healthy Again Commission). AI presents an opportunity to more quickly achieve this aim.

In 2019, my Administration created the Childhood Cancer Data Initiative (CCDI), a Federal investment in childhood cancer research of \$50 million in funding every year for 10 years to address the critical need to collect, generate, and analyze childhood cancer data. The CCDI is building a foundational data infrastructure, aggregating and generating new data, and using this data to make new discoveries.

AI can be used to build upon this data initiative to produce meaningful solutions to pediatric, adolescent, and young adulthood cancer. This application of AI has the potential to transform the Nation’s current care and research approach for pediatric cancer—as well as our healthcare and research infrastructure more broadly—through use of the rich and multimodal data, secured with appropriate individual privacy protections, to develop early and superior diagnostics, identify cures and optimize treatments, and advance medicine that will save lives.

For too long, we have watched our children and their families battle cancer and its long-term chronic effects while healthcare systems often rely on outdated technologies and can be slow to adopt certain innovations. We must prioritize investment in AI-enabled science, build world-class scientific datasets, and empower researchers and clinicians with the tools needed to translate data and AI capabilities into improved care.

Sec. 2. *Harnessing American AI Innovation.* The MAHA Commission, in coordination with the Secretary of Health and Human Services (Secretary), the Assistant to the President for Science and Technology (APST), and the Special Advisor for AI and Crypto, and in alignment with the implementation of America’s AI Action Plan, shall work to develop innovative ways to utilize advanced technologies such as AI to unlock improved diagnoses, treatments, cures, and prevention strategies for pediatric cancer. The initial focus shall be on identifying opportunities to accelerate the progress of AI-driven solutions at the CCDI, including by making data platforms and tools available as part of the CCDI Data Ecosystem and funding research projects at National Cancer Institute-Designated Cancer Centers that prioritize:

(a) improving data infrastructure by consolidating data from multiple sources for AI-ready analysis and utilizing AI to better select participants for clinical trials;

(b) enhancing data analysis of complex biologic systems with AI tools to radically improve predictive modeling of patient response, disease progression, and treatment toxicity and to turn multi-omics data and imaging data into novel diagnostic, prognostic, and therapeutic biomarkers; and

(c) improving clinical trial design, access, and outcomes for patients by incorporating multimodal data and using AI approaches to maximize utilization of the information from clinical trials and improve accessibility, recruitment, administration, conduct, and interpretation of clinical trial results.

Sec. 3. *Increasing Investment and Engagement in Pediatric Cancer Research and Care Infrastructure.* The MAHA Commission, in coordination with the Secretary, the Director of the Office of Management and Budget, the Director of the National Institutes of Health, and the APST, shall prioritize expanding pediatric cancer research and advancements in care by identifying and implementing strategies for:

(a) increasing investment from existing Federal funds for the CCDI and other Federal Government initiatives that address pediatric cancer; and

(b) encouraging the private sector to make use of the most advanced technologies to unlock cures for pediatric cancer, including those based on AI, to the maximum possible extent.

Sec. 4. *Improving Data Sharing and Empowering Patients.* The Secretary, in consultation with the APST, shall work to ensure that AI innovation is appropriately integrated into current work on interoperability to maximize the potential for electronic health record and claims data to inform private sector and academic research and clinical trial design, while ensuring that patients and parents control their health information. In addition, the Secretary shall work to finalize interoperability standards for patient data to be used with AI that appropriately account for structured and unstructured data and enable safe and privacy-compliant exchanges of data.

Sec. 5. *Definition.* For the purposes of this order, “artificial intelligence” or “AI” has the meaning set forth in 15 U.S.C. 9401(3).

Sec. 6. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) The costs for publication of this order shall be borne by the Department of Health and Human Services.

The President

Proclamation 10977—National Manufacturing Day, 2025

Presidential Documents

Title 3—

Proclamation 10977 of October 3, 2025

The President

National Manufacturing Day, 2025

By the President of the United States of America

A Proclamation

From the first mills and forges that built our young Republic to the cutting-edge industries of today, manufacturing has always been the foundation of our prosperity, the strength of our communities, the safeguard of our independence, and the engine of our greatness. This National Manufacturing Day, we celebrate the unmatched might of America's industrial base—and we acknowledge the enduring truth that no nation can rival the strength of the American workforce when we manufacture products at home.

To restore America's industrial power, in my first 100 days in office, I secured more than \$5 trillion in new private and foreign investments in the United States, creating more than 450,000 new jobs and setting the stage for a new era of American manufacturing dominance. These commitments prove that innovation surges, factories expand, opportunities multiply, and capital flows back into our Nation when we promote production on our shores.

By placing reciprocal tariffs on foreign nations whose trade policies threaten our economy, we are protecting American manufacturing from the unfair practices that have hollowed out our manufacturing base in past decades. My tariff policy is reminding the world that America's trade policy must serve the American people first, strengthen American industries, and ensure that no other country prospers at America's expense. Already, my Administration has brought in billions of dollars in tariff revenue—and in the years ahead, that revenue will be invested in communities from coast to coast, securing lasting benefits for the American people.

At the same time, we are eliminating burdensome regulations that stifle innovation and growth. After 4 years of decline and stagnation, we are cutting red tape, rejecting the failures of the Green New Scam agenda, and pursuing bold reforms that save taxpayers billions of dollars every year. These actions are sparking growth, unleashing innovation, creating jobs, and empowering American enterprise to build and expand. Through the passage of the historic One Big Beautiful Bill Act earlier this year, we enacted 100 percent immediate expensing for new factories and industrial improvements, making the United States the investment capital of the world and ensuring that expansion remains the hallmark of American manufacturing for decades to come. And through a whole-of-government approach to workforce development, my Administration is also harnessing artificial intelligence to accelerate productivity, revitalize manufacturing, create new industries, and ensure no American workers are left behind.

This National Manufacturing Day, we affirm that the strength of our Republic rests on the strength of our industries and the determination of our workers. Under my leadership, we are protecting domestic production, enforcing fair trade, driving new investment into our homeland, and securing lasting prosperity for our people by ensuring that America remains the world's leading industrial power.

NOW, THEREFORE, I, DONALD J. TRUMP, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim October 3, 2025,

as National Manufacturing Day. I call upon all Americans to celebrate the entrepreneurs, innovators, and workers in manufacturing who are making our communities strong.

IN WITNESS WHEREOF, I have hereunto set my hand this third day of October, in the year of our Lord two thousand twenty-five, and of the Independence of the United States of America the two hundred and fiftieth.
